MINING ACT, 1971

This Act is reprinted pursuant to the Acts Republication Act, 1967, and incorporates all amendments in force as at 31 July 1986.

The Commissioner of Statute Revision is authorized by the Acts Republication Act, 1967, to make textual alterations of various kinds to an Act in preparing it for reprint. These alterations do not affect the substantive law; they are designed to bring the form and language of the Act into conformity with contemporary standards of good drafting (so far as that object can be achieved without risk of semantic change).

A report has been prepared containing a comprehensive list of the textual alterations made under the Acts Republication Act, 1967, in the preparation of this reprint. Copies of the report are available, on request, from the office of the Commissioner of Statute Revision, 11th Floor, S.G.I.C. Building, Victoria Square, Adelaide.

(2) An authorization to carry out mining operations for the recovery of a radioactive mineral may be granted upon such conditions as the Minister thinks fit and may be revoked upon breach of any condition.
(3) This section does not prevent the recovery of any radioactive mineral in the course of mining operations carried out for the recovery of other minerals provided that the radioactive mineral—

(a) is stockpiled in accordance with conditions stipulated by the Minister;

or

(b) is of such low concentration that it may, in the opinion of the Minister, be safely discarded as waste and is in fact discarded as waste.

(4) Notwithstanding any other provision of this Act, the property in any radioactive mineral—

(a) stockpiled in pursuance of conditions imposed by the Minister under subsection (2);

or

(b) stockpiled in pursuance of subsection (3) (a), does not pass from the Crown unless and until the Minister, by instrument in writing, authorizes the person by whom the radioactive mineral was mined to sell and dispose of the mineral.

PART II
ADMINISTRATION

11. The Minister and the Director of Mines shall each be a corporation sole.

12. (1) Subject to subsection (2), the Minister may delegate to the Director of Mines any of his powers and functions (except this power of delegation) under this Act.

(2) A power or function shall not be delegated under subsection (1) unless it is a power or function declared by regulation to be subject to delegation under this section.

(3) Any delegated powers and functions shall be exercised in accordance with the instrument of delegation.

(4) The delegation of any powers and functions under this section shall not prevent the Minister from acting personally in any matter.

13. (1) For the purposes of the administration of this Act, officers and employees—

(a) may be appointed to the Public Service subject to, and in accordance with, the Government Management and Employment Act, 1985;

or

(b) may be appointed on some other basis determined by the Governor or the Minister.
(2) A person who is appointed pursuant to subsection (1)(b) is not a member of the Public Service.

14. Any person employed in the administration of this Act or in the Department of Mines who uses any information derived by him in the course of, or by reason of, his employment for the purpose of personal gain shall be guilty of an offence and liable to a penalty not exceeding $2,000 or imprisonment for 2 years.

15. (1) For the purpose of making any geological, geophysical or geochemical investigation or survey, the Minister or the Director of Mines, or any person authorized in writing by the Minister or the Director, may—

(2) Any person may, upon payment of the prescribed fee, inspect the register.

PART III

RESERVATION OF MINERALS AND ROYALTY

16. (1) Notwithstanding the provisions of any other Act or law, or of any land grant or other instrument, the property in all minerals is vested in the Crown.

(2) This section applies in respect of all mineral land and in respect of all other land (including reserved land) in the State.
17. (1) Subject to this section, royalty shall be payable to the Minister on all minerals recovered from mineral land and—

(a) sold or intended for sale;

or

(b) utilized, or to be utilized, for any commercial or industrial purpose.

(2) The amount of the royalty shall be 2.5 per cent or, in the case of extractive minerals, 5 per cent, of the value of the minerals as assessed for the determination of royalty.

(3) The Minister shall assess the value of minerals for the determination of royalty.

(4) The assessed value shall be such as, in the opinion of the Minister, fairly represents the amount that could reasonably be expected to be realized upon sale of the minerals, assuming that any processing that would normally be carried out by the mining operator were in fact carried out by him, or at his expense, and the minerals were delivered to a purchaser, at the expense of the mining operator, at the nearest port within the State.

(5) The Minister shall cause a copy of his assessment of the value of any minerals to be served—

(a) upon the holder of the lease in respect of the mine from which the minerals were recovered;

or

(b) in the case of a private mine, upon the proprietor of the private mine.

(6) The person upon whom a copy of an assessment is served under subsection (5) may, within 60 days after the date of service, appeal against the assessment to the Land and Valuation Court.

(7) Upon the hearing of any such appeal, the Land and Valuation Court may vary the assessment of the Minister to such extent as it thinks fit.

(8) The Minister may, with the concurrence of the person liable to pay royalty, determine that royalty shall be payable according to the weight or volume of minerals recovered, and royalty shall thereupon be payable by that person in accordance with that determination.

(9) Royalty may be recovered by the Minister as a debt due to him in any court of competent jurisdiction.

(10) Royalty is not payable on precious stones.

(11) The Minister may, upon the application of a person liable to pay royalty, having regard to the effect that payment of royalty as required by this section would be likely to have on the viability or profitability of mining operations, or related processing operations, carried on by that person, waive payment of royalty, or reduce the rate at which royalty is payable, on minerals recovered in the course of those operations.

18. The property in minerals shall pass to the person by whom the minerals are lawfully mined upon, and in consideration of, payment of royalty or, if royalty is not payable in respect of the minerals, upon recovery of the minerals.
19. (1) Where—

(a) a person is divested of his property in any minerals under this Act;

(b) mining operations have been commenced before or after the commencement of this Act for the recovery of any of those minerals or for the purpose of ascertaining whether any of them may be profitably exploited;

and

(c) an application is made in writing to the Minister within 3 years after the commencement of this Act for a declaration under this section, and the application is supported by such plans and information as the Minister may require,

an area determined in accordance with this section shall, subject to this section, be declared, by proclamation, to be a private mine and, where such a declaration is made, the mine shall, subject to this section, be exempt from the provisions of this Act.

(2) The Minister may reject an application under subsection (1) where no mining operations have been conducted on the land subject to the application within a period in excess of 12 months before the date of the application, but otherwise no application shall be rejected on the ground of the discontinuance of mining operations.

(3) The Minister may reject an application under subsection (1)—

(a) where, in his opinion, the mining operations in the area to which the application relates have been insignificant or have not been genuinely conducted for the recovery of minerals or for the purpose of ascertaining whether a deposit of minerals that may be profitably exploited exists;

or

(b) where the area, or any portion of the area to which the application relates was, at the commencement of this Act and at the date of the application, subject to a mining tenement.

(4) The area to be declared a private mine under this section shall be the whole of the area comprised in the application in which the prospective proprietor of the mine held property in minerals immediately before the commencement of this Act and which is reasonably required for exploitation of minerals.

(5) In the event of any difference between the Minister and the applicant for the declaration as to the area to be declared a private mine under this section, the applicant, or the Minister, may apply to the Land and Valuation Court for a determination of the difference.

(6) The Land and Valuation Court shall, upon the hearing of an application under subsection (5), determine the area to be declared a private mine in such manner as it considers just and reasonable.

(7) The Governor may, by proclamation, vary or revoke a declaration under subsection (1) if he is of the opinion that the whole or any part of the private mine is not being effectively operated.

(8) A declaration under this section shall not be varied or revoked unless the Warden’s Court has determined that proper ground exists for the proposed variation or revocation of the declaration under subsection (7).
Royalty is, subject to and in accordance with the provisions of this Act, payable upon extractive minerals recovered from a private mine, but is not payable upon any other minerals so recovered.

The proprietor of a private mine who is liable to pay royalty upon extractive minerals may apply to the Land and Valuation Court for an order that any other person named in the application should indemnify him wholly or partly for the payment of that royalty.

The Court may, upon an application under subsection (10), make such order for indemnity as it considers just and equitable having regard to the relative proportions in which the proprietor and the other person, or persons, named in the application derive profit from the operation of the mine.

While a mine continues as a private mine under this Act, the property in any minerals recovered from the mine shall—

(a) in the case of all minerals except extractive minerals, pass to the proprietor of the mine upon recovery of the minerals;

or

(b) in the case of extractive minerals, pass to the proprietor of the mine upon, and in consideration of, payment of royalty,

and any contract, agreement, assignment, mortgage, charge or other instrument in operation immediately before the commencement of this Act and relating to proprietary rights in the minerals shall, subject to its terms, apply to the minerals so recovered upon the passing of property in those minerals in accordance with this subsection.

Any interested party may, by application to the Land and Valuation Court, seek the determination of any question or dispute as to the effect or enforcement of a contract, agreement, assignment, mortgage, charge or other instrument affected by the provisions of subsection (12).

The Court may, upon the hearing of an application under subsection (13), make such orders as it considers necessary or expedient to give effect, consistently with the provisions of this Act, to the intendment of the contract, agreement, assignment, mortgage, charge or other instrument or to achieve a just settlement of any matters of dispute.

Land comprised within a private mine shall not be subject to a mining tenement under this Act.

An application for the declaration of a private mine may be made under subsection (1) by the person divested of his property in the minerals in respect of which the declaration is sought or a person who, immediately before the commencement of this Act, held any interest in those minerals in pursuance of any contract, agreement, assignment, mortgage, charge or other instrument.

Where—

(a) a person is divested of his property in any minerals under this Act;

(b) a mine is established at any time before or after the commencement of this Act for the recovery of the minerals; and
(c) an application is made, by the person so divested of his property in the minerals or a person lawfully claiming under him, to the Minister for the payment of royalty under this section, the Minister shall pay all royalty collected upon such of those minerals as are recovered after the date of the application to the person so divested of his property in the minerals or the person or persons claiming under him.

(18) An application shall not be made under subsection (17) in respect of extractive minerals.

(19) The Minister may, subject to the rules of the Supreme Court, refer an application under subsection (17) to the Land and Valuation Court.

(20) Where an application is so referred to the Land and Valuation Court, the Court shall determine whether the application is valid and, if so, to whom, and in what proportions, the royalty should be paid.

(21) Where the property in the minerals in any land was, immediately before the commencement of this Act, vested in a person who was then the proprietor of an estate in fee simple in the land, that person, if he remains the proprietor of an estate in fee simple in the land or, if not, the person who is, for the time being, the successor in title to that person, shall, subject to subsection (22), be the sole legitimate claimant to royalty under subsection (17).

(22) A person may, by instrument in writing lodged with the Director of Mines, divest himself of any actual or potential right to claim royalty under subsection (17) in favour of any other person named in the instrument, and thereupon that person, or a person claiming under him, shall be the sole legitimate claimant to royalty under subsection (17).

(23) A right to claim royalty under subsection (17) shall not be transferred otherwise than in accordance with this section.

(24) The Director of Mines shall maintain a register of the instruments lodged with him under subsection (22).

(25) The register and any such instrument shall, upon payment of the prescribed fee, be available for inspection by any member of the public.

(26) Where a person, upon application to the Land and Valuation Court, proves to the satisfaction of the Court that he was, immediately before the commencement of this Act, in adverse possession of minerals and that, on the balance of probabilities, he would, if this Act had not been enacted, have acquired an indefeasible title to the minerals, the Court may order that the provisions of this section shall apply to that person in all respects as if he had been divested of property in those minerals by this Act, and thereupon the provisions of this section shall apply accordingly.

(27) The Court may, in the course of proceedings under subsection (26), make such orders as it thinks just to ensure, as far as reasonably practicable, that adequate notice of the application is received by persons who may have had, immediately before the commencement of this Act, a better enforceable right to the minerals than the applicant, and to ensure that the interests of any such persons are adequately protected.

PART IV

PROSPECTING FOR MINERALS

20. (1) A mining registrar may, upon receipt of an application in the prescribed form containing the prescribed particulars, issue to any person a miner's right.

(2) An application for a miner's right must be accompanied by the prescribed fee.

Penalty: $1 000.

(6) A miner’s right may, subject to this Act and in accordance with the regulations, be surrendered.

21. (1) A miner’s right shall, subject to this Act, remain in operation for a period of 3 years from the date of issue.

(2) A mining registrar may, upon receipt of an application in the prescribed form lodged with him within 1 month before the date on which a miner’s right is due to expire and accompanied by the prescribed fee, renew the miner’s right for a further period of 3 years.

22. (1) A miner’s right shall, subject to this Act, authorize the holder to prospect for minerals (except precious stones) and to peg out a mineral claim in accordance with the regulations.

(1a) Subject to subsection (1b), where mineral land is divided into strata, a mineral claim may be pegged out, in accordance with the regulations, in respect of land within either the surface stratum or a subsurface stratum.

(1b) A mineral claim shall not be pegged out in respect of land within a subsurface stratum except by a person who holds an exploration licence in respect of that land.

(2) A miner’s right does not authorize the conduct of mining operations that involve disturbance of land by machinery or explosives.

(3) A miner’s right does not authorize the pegging out of a mineral claim in respect of land within a precious stones field but, where a precious stones field consists of the surface stratum of land that is divided into strata, this subsection does not prevent the pegging out on the precious stones field of a claim in respect of land within a subsurface stratum.

(4) Any number of claims may be pegged out by virtue of a single miner’s right.

23. (1) The area of a mineral claim must not exceed the maximum permissible area stipulated by the regulations.

(2) The maximum permissible area of a mineral claim may vary according to the nature of the minerals in respect of which the claim is pegged out.

24. (1) Application for registration of a mineral claim must be lodged at the office of the Mining Registrar within 30 days after the day on which the claim is pegged out.
(3) A mining registrar shall, subject to this Act and any order of the Warden's Court, register a mineral claim upon receipt of due application for registration of the claim in the prescribed form and accompanied by the prescribed particulars.

(4) Subject to subsection (4a), a mining registrar may refuse to register a mineral claim if he is satisfied that, before the claim was pegged out, an application had been made and lodged with the Director of Mines under Part V for a licence under that Part in respect of an area comprising the claim, or any portion of the claim, and that the application has not been refused.

(4a) A mining registrar shall not exercise his power under subsection (4) to refuse to register a claim if the claim relates solely to extractive minerals.

(5) If application for registration of a mineral claim is not made as required by this section, or if the mining registrar lawfully refuses to register the claim, the claim shall lapse.

25. (1) A mineral claim confers on the owner of the claim an exclusive right, subject to the provisions of this Act—

(a) to prospect for minerals in the land comprised in the claim;

(b) to carry out such other exploratory operations on, or in respect of, the land comprised in the claim as are approved in writing by the Director of Mines;

and

(c) to apply for a mining lease or a retention lease in respect of the whole or part of the land comprised in the claim.

(2) A person shall not remove from the area of a mineral claim minerals, or soil and minerals, exceeding a mass of 1 tonne unless authorized to do so by the Director of Mines.

Penalty: $500.

(3) The ownership of a mineral claim does not confer any right—

(a) to sell or dispose of any minerals recovered in the course of mining operations;

or

(b) to utilize any such minerals for any commercial or industrial purpose.

(4) A mineral claim has no force or effect in relation to precious stones.

26. (1) A mineral claim is not transferable.

(2) Where an application has not been made for a mining lease or a retention lease in respect of land comprised in a mineral claim within 12 months after registration of the claim, the claim shall lapse.

(3) Where an application is made for a mining lease or a retention lease in respect of land comprised in a mineral claim, and the application is refused, the claim shall lapse.
(4) A mineral claim may, subject to this Act and in accordance with the regulations, be surrendered.

27. Where a mineral claim lapses or is surrendered or forfeited, no claim covering any of the area of that previous claim shall, without the authority of the Warden's Court, be pegged out by, or on behalf of, the person who held the previous claim within 2 years of its lapse, surrender or forfeiture.

PART V

EXPLORATION LICENCE

28. (1) Subject to this Act, the Minister may grant an exploration licence to any person.

(2) An exploration licence authorizes the licensee to carry out exploratory operations of a kind described in the licence in respect of land described, or referred to, in the licence.

(3) An exploration licence shall not be granted in respect of precious stones or extractive minerals.

(4) The area of the land in respect of which an exploration licence is granted shall not exceed 2500 square kilometres unless, in the opinion of the Minister, circumstances exist that justify the grant of a licence in respect of a greater area.

(5) The Minister shall, at least 28 days before he grants an exploration licence, cause notice to be published in the Gazette describing the land in respect of which he proposes to grant the licence and, where the licence is to be granted in respect of a particular stratum, specifying that stratum.

(6) An exploration licence may be granted to the Director of Mines and, in obtaining and holding such a licence, the Director shall be exempt from the provisions of sections 29, 31 and 32.

29. (1) An application for an exploration licence must be in writing and must be lodged with the Director of Mines.

(2) The applicant shall forward with an application for an exploration licence—

(a) the prescribed application fee;

(b) a map on which are delineated the boundaries of the land in respect of which the licence is sought;

(c) a statement outlining the exploratory operations that the applicant proposes to carry out in pursuance of the licence, showing the estimated expenditure to be incurred in carrying out those operations;

(d) a statement of the technical and financial resources available to the applicant;
(e) a statement of the nature of the minerals for which the applicant proposes to explore.

(3) An applicant shall, at the request of the Minister, furnish such further information in relation to his application, or such evidence in support of his application, as the Minister may require.

30. (1) An exploration licence shall—

(a) describe or delineate the lands in respect of which it is granted; and

(b) be subject to such conditions as may be prescribed and to such additional conditions as the Minister thinks fit and specifies in the licence.

(2) The Minister shall, in determining the conditions subject to which a licence is to be granted under this Part, give proper consideration to the protection of—

(a) the natural beauty of any locality or place that may be affected by the conduct of operations in pursuance of the licence;

(b) flora and fauna that may be endangered or disturbed by those operations;

(c) buildings of architectural or historical interest, and objects and features of scientific or historical interest, that may be affected by those operations,

and may take into consideration such other factors as he considers appropriate in the particular case.

(3) It shall be a condition of an exploration licence that the Minister may, at any time, require the holder of the licence to pay to any person an amount of compensation, stipulated by the Minister, to which that person is, in the opinion of the Minister, entitled in consequence of loss or damage suffered by him as a result of operations conducted in pursuance of the licence.

30a. (1) An exploration licence shall be granted for an initial term not exceeding 2 years, and that term may be extended at the discretion of the Minister from time to time but not so that the licence would remain in force for a total period exceeding 5 years.

(2) The Minister may, upon extending the term of an exploration licence or, with the consent of the licensee, at any other time, alter an exploration licence in either or both of the following ways:

(a) by adding to, varying or revoking the conditions of the licence, or any of those conditions;

(b) by reducing the area of the land in respect of which the licence operates.

31. (1) The holder of an exploration licence shall pay to the Minister, annually and in advance, such fee as may be prescribed.
(2) The Minister may reduce, remit or refund a fee under this section if, in his opinion, it is necessary or expedient so to do.

32. (1) The holder of an exploration licence shall keep complete and detailed records of the surveys and other operations conducted in pursuance of the licence and shall, at the request of the Director of Mines, produce the records for the inspection of the Director or an inspector.

Penalty: $200.

(2) The holder of an exploration licence shall furnish the Director of Mines with such information relating to the surveys and other operations conducted by him in pursuance of the licence, and such geological samples obtained by him in the course of those operations, as the Director may require.

Penalty: $200.

33. (1) Where the holder of an exploration licence has contravened, or failed to comply with, any provision of this Act or any condition of the licence, the Minister may suspend the licence (in which case the licence shall, during the period of suspension, be of no force or effect) or cancel the licence.

(2) Where a licence is cancelled or suspended under subsection (1), the licensee may, within 28 days after the cancellation or suspension, appeal to the Land and Valuation Court and the Court may, if it is satisfied that there is no proper ground for the cancellation or suspension, declare that cancellation or suspension void.

(4) Where, in the opinion of the Minister, any land comprised in an exploration licence is required for a public purpose, the Minister may, by notice published in the Gazette, excise that land from the total area comprised in the licence, and the licence shall then cease to apply to that land.

(5) Where the Minister exercises his powers under subsection (4), the holder of the licence may apply to the Land and Valuation Court for an order that the Minister compensate him for the money expended by him in prospecting for minerals in the area excised from the total area comprised in the licence, and the Land and Valuation Court, upon the hearing of any such application, may determine what amount would fairly compensate the holder of the licence for such expenditure and order that the amount so determined be paid by the Minister to the holder of the licence.

(6) The Minister shall pay any amount that he is ordered to pay under subsection (5) out of money provided by Parliament.

(7) The holder of an exploration licence may, with the consent of the Minister, surrender any land comprised in the licence, and the licence shall then cease to apply to that land.

(iii) such other information as is prescribed;

and

(b) the prescribed fee.

35a. (1) The Minister shall, within 14 days after receiving an application for a mining lease, send a copy of the application to the owner of the land to which the application relates and invite him to submit written representations on the application to the Minister within a time fixed in the invitation.

39. A mining lease—

(a) confers an exclusive right upon the holder of the lease to conduct
mining operations subject to the provisions of this Act and the
terms and conditions of the lease for the recovery of minerals
from the land comprised in the lease;

and

of a registered mineral claim a retention lease of the whole or part of the
land comprised in the claim.

(1a) Where the registered mineral claim relates to a particular stratum,
the lease shall, if granted, relate to the same stratum.

(2) A retention lease may, subject to subsection (3), be granted in any

not yet been carried out to enable him to determine the terms
and conditions upon which a mining lease should be granted;

or

operations for the recovery of a radioactive mineral and the
Minister thinks it desirable to defer the granting of a mining
lease endorsed with such an authorization.

Act, for the recovery of precious stones from the land com-

prised in the claim;

and
(b) to sell, or dispose of, precious stones recovered in the course of such operations or to utilize any such precious stones for any commercial or industrial purpose.

explore or mine for minerals under this Act shall be entitled to enter upon
any mineral land (except exempt land) for the purpose of exercising the
rights conferred on him under this Act.

58. (1) A mining operator must, at least 21 days before first entering
upon any land to which this section applies for the purposes of prospecting,
exploring or mining, serve personally or by post on the owner of the land,
written notice in the prescribed form of his intention to enter upon the
land, describing the operations that he proposes to carry out upon the land.

(2) The form in which notice is given under subsection (1) must contain
a statement of the owner's rights of objection and compensation under this
Act.

(3) The owner may, at any time within 3 months
after the service of a
notice under subsection (1), by notice in writing lodged with the Warden's
Court, object—

(a) to entry upon his land by the mining operator;

or

(b) to the use, or the unconditional use, of his land, or any portion
of that land, for the purpose of mining operations.

(4) The court shall cause a copy of a notice of objection under sub-
section (3) to be sent to the mining operator.

(5) Subject to subsection (6), the Warden's Court may, upon the hearing
of an objection under this section—

(a) determine that the land to which the objection relates, or any part
of that land, should not be entered or used by the mining
operator for the purpose of mining operations;

or

(b) determine upon what conditions the land may be entered and
operations effectively conducted by the mining operator with
least detriment to the interests of the owner and least injury
to the land.

(6) In any proceedings under this section, the objector must establish
that the conduct of mining operations upon the land would be likely to
result in substantial hardship.

(7) If a mining operator contravenes, or fails to comply with, a deter-
mination, or any condition contained in a determination, under this section,
he shall be guilty of an offence and liable to a penalty not exceeding $1 000.
(8) The land to which this section applies is—

(a) freehold land;

and

(b) land held of the Crown pursuant to a perpetual lease or an agreement to purchase.

(9) Where a mining operator enters land and purports to peg a claim without having given notice as required by this section, the claim is invalid.

58a. (1) A mining operator must, at least 21 days before first entering upon any land to which this section applies for the purpose of prospecting, exploring or mining, serve personally or by post on the owner of the land, written notice, in the prescribed form, of his intention to enter the land, describing the operations that he proposes to carry out on the land.

(2) Where a mining operator enters land and purports to peg a claim without having given notice as required by this section, the claim is invalid.

(3) This section applies to all land except—

(a) freehold land;

(b) land held of the Crown pursuant to a perpetual lease or an agreement to purchase;

(c) land comprised in a precious stones field.

59. (1) Subject to this section, a mining operator shall not use declared equipment in the course of mining operations except—

(a) upon land subject to a lease or licence granted under this Act;

(b) upon land comprised in a registered precious stones claim or registered access claim within a precious stones field;

or

(c) in pursuance of an authorization granted by the Director of Mines under subsection (1a).

Penalty: $1 000.

(1a) The Director of Mines may, upon the application of the holder of a claim, authorize him, subject to the provisions of this section and the conditions (if any) specified in the authorization, to use declared equipment upon land comprised in the claim.

(1b) A mining operator shall not use declared equipment in the course of mining operations upon land comprised in a registered precious stones claim or registered access claim within a precious stones field unless he has first served on the Director of Mines—

(a) notice, in the prescribed form, of his intention to use that equipment;

and

(b) prescribed particulars of the equipment and where it will be used.

Penalty: $1 000.

(2) A mining operator shall, at least 21 days before he uses declared equipment upon land (not being land comprised in a mining lease), serve personally or by post on the owner of the land, written notice, in the
prescribed form, of his intention to use declared equipment in the course of mining operations on the land.

(3) The owner may, at any time within 3 months after the service of a notice under subsection (2), by notice in writing lodged with the Warden's Court, object to the use, or the unconditional use, of declared equipment upon his land.

(4) A copy of a notice of objection under subsection (3) must, within 7 days after lodgment with the Warden's Court, be served on the mining operator.

(5) Subject to subsection (6), the Warden's Court may, upon the hearing of an objection under this section—

(a) determine that declared equipment should not be used in the course of mining operations upon the land to which the objection relates or any part of that land;

or

(b) determine upon what conditions declared equipment may be used upon the land with least detriment to the interests of the owner and least injury to the land.

(6) In any proceedings under this section, the objector must establish that the use of declared equipment upon the land would be likely to result in severe or unjustified hardship.

(7) If a mining operator—

(a) uses declared equipment upon land without prior service of a notice as required by subsection (2); or

(b) fails to comply with a determination, or any condition contained in a determination, under this section,

he shall be guilty of an offence and liable to a penalty not exceeding $1,000.

(8) Subsections (2) to (7) (inclusive) shall not apply in respect of a precious stones field.

60. (1) Subject to the terms and conditions of any relevant lease, licence or authorization granted under this Act, where a mining operator uses declared equipment in the course of mining operations, an inspector or an authorized person may direct him, in writing, to restore the ground disturbed by those operations to a condition that is, in the opinion of the inspector or the authorized person, satisfactory.

(2) A mining operator shall comply with a direction under subsection (1).

Penalty: $500.

(3) The Warden's Court may order that no further claim shall be pegged out by a person named in the order until he has complied with a direction under subsection (1).

(4) Where an order has been made under subsection (3), the person named in the order shall not be entitled to peg out any claim until he has complied with the direction or the order has been revoked.
61. (1) The owner of any land upon which mining operations are carried out in pursuance of this Act shall be entitled to receive compensation for any financial loss, hardship and inconvenience suffered by him in consequence of mining operations.

(2) In determining the compensation payable under this section, the following matters shall be considered:

(a) any damage caused to the land by the mining operator;

(b) any loss of productivity or profits as a result of the mining operations;

and

(c) any other relevant matters.

(3) The amount of the compensation shall be an amount determined by agreement between the owner and the mining operator or, in default of agreement, an amount determined, upon application by an interested party, by the Land and Valuation Court.

(4) The Land and Valuation Court, in determining compensation under this section, shall take into consideration any work that the mining operator has carried out, or undertakes to carry out, to rehabilitate the land.

(5) Upon the hearing of an application for compensation under this section, the Land and Valuation Court may order a mining operator to carry out such work to rehabilitate the land as the Court thinks fit.

62. (1) The Minister may, by notice in writing served on the holder of a mining tenement, require him to enter into a bond in such sum and subject to such terms and conditions as ensure, in the opinion of the Minister, that—

(a) any civil or statutory liability likely to be incurred by that person in the course of carrying out mining operations;

and

(b) the present and future obligations of that person in relation to the rehabilitation of land disturbed by mining operations,

will be satisfied.

(2) The Minister may require the holder of the mining tenement to give such security for the satisfaction of the bond as the Minister thinks fit.

(3) If the holder of a mining tenement fails to comply with a requirement under this section within 3 months of the making of the requirement, the Minister may, by notice in writing—

(a) prohibit mining operations in the area of the mining tenement;

or

(b) cancel the mining tenement.

(4) If a person conducts mining operations in contravention of a prohibition under subsection (3), he shall be guilty of an offence and liable to a penalty not exceeding $1 000.

(5) Where the Minister holds, or is entitled to, any money under a bond entered into by a mining operator, the Minister may, in his discretion,
expend any portion of that money in compensating any person who has suffered, or is likely to suffer, financial loss as a result of mining operations carried out by that mining operator or in rehabilitating any land disturbed by any such operations.

(6) No action shall lie against the Minister in respect of the expenditure of money under this section.

63. (1) The Minister shall establish a fund entitled the “Extractive Areas Rehabilitation Fund”.

(2) The Minister shall pay into the fund all amounts received or recovered by him by way of royalty upon extractive minerals.

(3) The Minister may expend any portion of the fund for any of the following purposes:

(a) the rehabilitation of land disturbed by mining operations for the recovery of extractive minerals;

(b) the implementation of measures designed to prevent, or limit, damage to or impairment of, any aspect of the environment by mining operations for the recovery of extractive minerals;

and

(c) the promotion of research into methods of mining engineering and practice by which environmental damage or impairment resulting from mining operations for the recovery of extractive minerals may be reduced.

PART IXA
ACCESS TO SUBSURFACE STRATA

63a. (1) A person who holds a mining tenement in respect of a subsurface stratum may peg out an access claim, in accordance with the regulations, on land above the land comprised in the tenement.

(2) The dimensions of an access claim must conform with the requirements of the regulations.

(3) No more than 4 access claims may be held at the same time in respect of the same mining tenement.

63b. (1) Subject to subsection (2), a person is not entitled to peg out an access claim on or above land held under a mining tenement by some other person unless that other person has consented to the pegging out of the claim or the Warden’s Court has, in pursuance of subsection (2), authorized the pegging out of the claim.

(2) Where a person desiring to peg out an access claim satisfies the Warden’s Court that there is proper cause for the Court to authorize the pegging out of the claim, notwithstanding absence of the consent of the holder of a mining tenement, the Court may, on such conditions as it thinks just, authorize the pegging out of the access claim.

63c. (1) Application for registration of an access claim—

(a) must be in the prescribed form;
(b) must be lodged at the office of the Mining Registrar within 14 days after the day on which the claim is pegged out;

and

(c) must be accompanied by the prescribed particulars.

(2) A Mining Registrar shall, upon receipt of due application for registration of an access claim that has been lawfully pegged out, register the claim.

(3) If application for registration of an access claim is not made as required by this section, or if the Mining Registrar lawfully refuses to register the claim, the claim shall lapse.

63d. (1) An access claim confers on the owner of the claim an exclusive right, subject to the provisions of this Act, to conduct mining operations of the kind authorized by the mining tenement to which the claim relates on the land comprised in the claim.

(2) The rights conferred by an access claim are exclusive of the rights of any other person to conduct mining operations on, or in respect of, the land comprised in the claim.

63e. (1) Subject to this section, an access claim shall remain in force for an initial term of 12 months and may, upon application being made to a mining registrar in accordance with the regulations, be renewed from time to time for a further term of 12 months.

(2) An access claim shall lapse if, for any reason, the mining tenement to which it relates ceases to be in force.

(3) The holder of an access claim may, subject to this Act, surrender the claim at any time.

PART X
WARDEN'S COURT AND FORFEITURE OF MINING TENEMENTS

64. (1) There shall be a court entitled the “Warden’s Court”.

(2) The jurisdiction of the Warden’s Court shall be exercisable by any warden.

(3) The Warden’s Court may sit at such times and places as may be determined by a warden exercising the jurisdiction of the court and the jurisdiction of the Warden’s Court may be exercised by a warden notwithstanding that another warden is simultaneously exercising the jurisdiction of the court in some other matter.

(a) by summons signed by a warden, require the attendance before the Court of any person whom the warden thinks fit to call before the Court;

(b) by summons signed by a warden, require the production of any books, papers or documents;

(c) misbehaves himself before the Court, wilfully insults the Court or a warden or interrupts the proceedings of the Court;

or

(d) refuses to be sworn or to affirm, or to answer any relevant question, when required to do so by the Court,

he shall be guilty of a contempt of the Warden's Court.

(1b) A person shall not be obliged to answer a question if the answer to that question would tend to incriminate him, or to produce any books, papers or documents if their contents would tend to incriminate him.

(1c) In addition to the powers and authorities conferred on the Warden's Court by this Act, the Court shall have such of the powers and authorities of a justice, or a court of summary jurisdiction, under the Justices Act, 1921, as may be conferred on the Court by regulation.

(2) The Warden's Court shall have power to issue injunctions.

(3) An appeal shall lie against a judgment or order of the Warden's Court to the Land and Valuation Court.

(3a) The Director or the Mining Registrar may appeal against a judgment or order of the Warden's Court, whether or not he was a party to the proceedings in which the judgment or order was given or made.

(3b) An appeal against a judgment or order of the Warden's Court must be instituted within 1 month after publication of the judgment or order, but the Land and Valuation Court may, for proper cause, extend the period for instituting an appeal.

(4) Subject to any rules of the Supreme Court, the practice and procedure relating to an appeal from a judgment or order of the Warden's Court shall conform as nearly as practicable to the practice and procedure applicable to an appeal under the Justices Act, 1921.

66. (1) The Governor may make rules respecting the practice and procedure of the Warden's Court.
(1a) The rules may prescribe, and provide for, the payment of fees in respect of the lodging of documents in the Court or the issuing of documents by the Court.

(2) The rules may provide for the enforcement of judgments and orders, and the punishment of contempt of the Warden’s Court and, in particular, may provide that appropriate provisions of the Justices Act, 1921, and of the Local and District Criminal Courts Act, 1926, shall apply, with such modifications as may be necessary or desirable and specified in the rules, in respect of judgments and orders of the Warden’s Court.

67. (1) The Warden’s Court shall have jurisdiction to determine, in such manner as may be just, all suits concerning any right claimed in, under, or in relation to, any mining tenement, or purported mining tenement, or any miner’s right or precious stones prospecting permit.

(2) The Warden’s Court shall have jurisdiction in any matter in which it is invested with jurisdiction by regulation.

(3) The Director of Mines is entitled to appear in any proceedings before the Warden’s Court.

68. (1) The Warden’s Court may, upon the application of the Director of Mines, make either or both of the following orders:

(a) an order cancelling a miner’s right or a precious stones prospecting permit;

(b) an order prohibiting a person from holding or obtaining a miner’s right or a precious stones prospecting permit for a period specified in the order or until further order of the Warden’s Court.

(2) An order shall not be made under subsection (1) unless the Warden’s Court is satisfied that the person against whom the order is made has contravened, or failed to comply with, the provisions of this Act or of any other Act or regulations regulating mining operations, and the matter is of sufficient gravity to justify the making of the order.

69. (1) The Warden’s Court may, upon application by any interested person, make an order for the forfeiture of any mineral claim or precious stones claim.

(2) An order shall not be made under subsection (1) unless the Court is satisfied that the requirements of this Act in relation to the claim have not been complied with in a material respect and that the matter is of sufficient gravity to justify the forfeiture of the claim.

(3) Where an order for the forfeiture of a claim is made (otherwise than upon the application of the Director) under this section, the person upon whose application the order was made shall have, for a period of 14 days after the date of the order, a preferential right to peg out a claim of the same class as the forfeited claim upon the land comprised in the forfeited claim.

(3a) After an application has been made under this section, the mineral claim or precious stones claim to which the application relates shall not be surrendered until the application has been determined.
(4) For the purposes of this section—
“interested person” means—

(a) the Director of Mines;
or
(b) where the forfeiture of a mineral claim is sought, the holder of a miner’s right or, where the forfeiture of a precious stones claim is sought, the holder of a precious stones prospecting permit.

70. (1) The Warden's Court may, upon application by any interested person, adjudge that a lease under this Act is liable to forfeiture, and recommend to the Minister that the lease be forfeited.

(2) A recommendation shall not be made under subsection (1) unless the Court is satisfied that the requirements of this Act in relation to the lease have not been complied with in a material particular and that the matter is of sufficient gravity to justify the forfeiture of the lease.

(3) Where the Warden's Court has recommended the forfeiture of a lease under this section, the Minister may, by notice published in the Gazette, forfeit the lease, and thereupon the person upon whose application the Warden's Court recommended forfeiture of the lease shall, upon compliance with such of the requirements appropriate to an applicant for such a lease as the Minister thinks fit to impose, be entitled to a lease over the land in respect of which the forfeited lease was granted.

(4) A right to a lease arising upon forfeiture under subsection (3) shall lapse unless the person upon whose application the Warden's Court recommended forfeiture of the lease makes due application for the lease within 14 days of the forfeiture.

(4a) After an application has been made under this section, the lease to which the application relates shall not be transferred or surrendered until the application has been determined.

(5) For the purposes of this section—
“interested person” means the holder of a miner’s right.

PART XI

ASSISTANCE TO MINING

71. (1) The Minister may assist in the conduct of mining operations by the loan of mining equipment or of money to be expended in advancing mining operations.

(b) notice of the lodging of the caveat shall be sent, by registered post or certified mail, to the holder of the mining tenement affected by the caveat.

(4) Successive caveats shall not be lodged in respect of the same subject matter except by leave of the Warden's Court.

73b. (1) Except as provided in this section, a caveat shall lapse upon—

(a) the order of the Warden's Court for the removal of the caveat;

(b) the withdrawal of the caveat by the caveator;

(c) the expiration of 14 days after notification that application has been made for the registration of a transfer or other instrument affecting the subject matter of the caveat has been sent by, or on behalf of, a mining registrar, by registered post or certified mail, to the caveator at the address for service given in the caveat, unless, within that period, the Warden's Court otherwise orders.

(2) When a caveat lapses, a memorial of that fact shall be entered in the register.
(3) Where the holder of a mining tenement has entered into an agreement with any person relating to the sale of an interest in the tenement, then, if the agreement so provides, either party to the agreement may lodge a caveat in accordance with this Part, together with a copy of the agreement, and the caveat shall remain in force for such period as may be specified in the agreement, unless sooner withdrawn by consent of the parties to the agreement or removed by order of the Warden’s Court or some other court that is competent to adjudicate upon the rights protected by the caveat.

(4) A transfer or other instrument that would operate in derogation of rights protected by a caveat shall not be registered by a mining registrar, and its operation shall be suspended, while the caveat remains in force, unless the Warden’s Court, or some other court that is competent to adjudicate upon the rights protected by the caveat, otherwise orders.

(5) Any person interested in the subject matter of a caveat may apply to the Warden’s Court for an order under this section.

PART XII

74. (1) A person who—

(a) mines;

or

(b) sells, or disposes of, minerals recovered by him in the course of mining operations, or utilizes any such minerals for a commercial or industrial purpose,

(7) Proceedings for an offence against this section shall be instituted
and disposed of in accordance with the procedure prescribed for minor
indictable offences under the Justices Act, 1921.

75. (1) No claim or lease shall be pegged out or granted in respect of

or, where mineral rights in the land were, immediately before
the commencement of this Act, separately vested in some other
person, that person;

(b) by or to a person who held rights in respect of the land under the
repealed Act immediately before the commencement of this
Act, and whose rights are preserved (with or without modifi-
cation) pursuant to the provisions of this Act;

or

(c) in the case of a lease, to a person who held a claim in respect of
such minerals under the repealed Act immediately before the
commencement of this Act.

(2) The owner of land does not require a mining tenement under this
Act for the recovery of extractive minerals from that land for his own
personal use.

76. (1) The holder of a mining tenement must furnish the Director of
Mines, in the months of January and July in each year, with a return in the
prescribed form containing the prescribed information in relation to the
conduct of mining operations and the minerals recovered in the course of
those operations during the period of 6 months last preceding the com-
 mencement of the month in which the return must be furnished.

(2) A person who fails to comply with this section or who furnishes a
return that is false or misleading in any material particular shall be guilty
of an offence and liable to a penalty not exceeding $500.

(3) The Director of Mines, upon application by the holder of a mining

Penalty: $500.

(3) The holder of a mining tenement shall, at the request of the Director of Mines or any person acting under his written authority, permit a person nominated in the request to make tests, and take samples of minerals, from the land comprised in the mining tenement.

Penalty: $500.

(4) The Director of Mines may, with the consent of the Minister, publish the results of—

(a) any tests made in pursuance of this section;

or

(b) the analysis of any samples taken in pursuance of this section.

78. (1) No person under the age of 16 years is competent to hold a miner’s right, precious stones prospecting permit or mining tenement.

(2) The obligations imposed by or under this Act are binding on a minor of or above the age of 16 years who holds a miner’s right, precious stones prospecting permit or mining tenement.

79. (1) Where the Minister is satisfied that circumstances exist that justify him in so doing, he may—

or

(b) exempt the holder of a mining tenement from the obligation to comply with a provision of this Act.

(2) An exemption under this section—

(a) may be granted absolutely or on conditions;

and
(b) shall remain in force for a period determined by the Minister.

80. (1) Subject to this section, land shall not be simultaneously subject to more than one mining tenement under this Act.

(1a) Land may be simultaneously subject to an access claim and a mining tenement of some other kind but, in such a case, the rights conferred by the claim are, while the claim remains in force, exclusive of the rights conferred by the other mining tenement in respect of lands comprised in the claim.

(2) Where land is subject to a mining tenement, a further claim or lease may, with the consent of the holder of that mining tenement or the approval of the Warden's Court, be pegged out, or granted, in respect of any portion of the land comprised in the prior tenement, and the rights conferred by the respective tenements shall then be modified according to the agreement of the parties or the order of the Warden's Court, as the case may require.

(3) The Warden's Court shall not approve the pegging of a claim or the granting of a lease under subsection (2) unless it is satisfied that the rights of the holder of the prior tenement would not be materially diminished by the granting of such an approval.

81. This Act does not derogate from any provision of the Pastoral Act, 1936, or the Local Government Act, 1934, relating to the conduct of mining operations.

82. The Minister may, upon receipt of an application in the prescribed form by the holder of a lease or licence under this Act, consent to the surrender of the lease or licence.

83. (1) Subject to subsection (2), a lease or licence, or an interest in a lease or licence, under this Act shall not be assigned, transferred, sublet, or made the subject of any trust or other dealing, whether directly or indirectly, without the consent in writing of the Minister, and any such transaction entered into without that consent shall be void.

(4) An application for the consent of the Minister under this section shall be accompanied by the prescribed fee.

84. Where the Minister is satisfied, upon application by the holder of a lease or licence under this Act, that the copy of the lease or licence to the possession of which that person is entitled has been lost or destroyed, he may issue, at the expense of the applicant, a duplicate copy of the lease or licence.
85. A lease or licence shall be liable to forfeiture if any sum payable to the Minister by the holder of the lease or licence is not paid within 3 months after the day on which it fell due.

86. (1) The owner of any machinery or other goods upon the area of a mining tenement that has been transferred, surrendered or forfeited, or has lapsed, may, at any time within the period of 3 months after the date of the transfer, surrender, forfeiture or lapse, enter and remove the machinery or other goods from that area.
