- (2) Subject to this section, on receiving an application under section 118 the NCC must deal with it in accordance with the Rules.
- (3) The NCC must decide whether to revoke a light regulation determination within—
 - (a) 4 months after receiving an application under section 118; or
 - (b) if the Rules specify a later period, that period.

- (4) A decision under this section must—
- (a) be made in accordance with this Law and the Rules; and

Note—

For example, see section 122.

- (b) contain the information required by the Rules; and
- (c) be given to the persons specified by the Rules; and
- (d) be made publicly available in accordance with the Rules.

121—Operation and effect of decision of NCC under this Division

- (1) Subject to section 124, on the making of a decision under section 119(2) or 120 revoking a light regulation determination, the service provider must comply with section 132.
- (2) However, the decision under section 119(2) or 120 revoking a light regulation determination does not take effect until an access arrangement that applies to the pipeline services provided by that service provider is approved or made under a full access arrangement decision.
- (3) The effect of a decision under section 119(2) or 120 revoking a light regulation determination is that the pipeline services to which the light regulation determination applied cease to be light regulation services.

Division 3—Principles governing light regulation determinations

122—Principles governing the making or revoking of light regulation determinations

- (1) In deciding whether to make a light regulation determination under Division 1 or to revoke a light regulation determination under Division 2, the NCC must consider—
 - (a) the likely effectiveness of the forms of regulation provided for under this Law and the Rules to regulate the provision of the pipeline services (the subject of the application) to promote access to pipeline services; and
 - (b) the effect of the forms of regulation provided for under this Law and the Rules on—
 - (i) the likely costs that may be incurred by an efficient service provider; and
 - (ii) the likely costs that may be incurred by efficient users and efficient prospective users; and
 - (iii) the likely costs of end users.

Note—

The forms of regulation provided for under this Law and the Rules to regulate the provision of the pipeline services by means of a covered pipeline are—

- (a) making a light regulation determination so that those services become light regulation services;

- (b) not making a light regulation determination so that those services are regulated under a full access arrangement decision that approves or makes the applicable access arrangement that applies to those services.
- (2) In doing so, the NCC—
- (a) must have regard to the national gas objective; and
 - (b) must have regard to the form of regulation factors; and
 - (c) may have regard to any other matters it considers relevant.

Division 4—Revocation if coverage determination not made

123—Light regulation determination revoked if coverage determination not made

- (1) This section applies if—
- (a) a light regulation determination has been made in respect of pipeline services; but
 - (b) the pipeline by means of which those services will be provided does not become a covered pipeline because the relevant Minister, contrary to a coverage recommendation recommending coverage, makes a decision not to make a coverage determination.
- (2) The light regulation determination is, by force of this section, revoked on the same day as the relevant Minister's decision not to make a coverage determination takes effect.

Division 5—Effect of pipeline ceasing to be covered pipeline

124—Light regulation services cease to be such services on cessation of coverage of pipeline

If a pipeline by means of which light regulation services are provided ceases to be a covered pipeline because of a coverage revocation determination—

- (a) the light regulation determination applying to the light regulation services provided by means of that pipeline is, by force of this section, revoked on the same day the coverage revocation determination takes effect; and
- (b) to avoid doubt, the light regulation services to which that determination applied cease to be light regulation services on the same day.

Division 6—AER reviews into designated pipelines

125—AER reviews

- (1) The MCE may request the AER to conduct a review into, and report to it as to, whether a pipeline should continue to be a designated pipeline.

- (2) A service provider that provides pipeline services by means of a designated pipeline may request the AER to conduct a review into, and report to the MCE as to, whether that pipeline should continue to be a designated pipeline.
- (3) A request under subsection (1) or (2) must be in writing.
- (4) On receiving a request under this section, the AER must conduct a review as to whether the pipeline the subject of the request should continue to be a designated pipeline.
- (5) In conducting a review under this section, the AER must—
 - (a) have regard to—
 - (i) the national gas objective; and
 - (ii) whether there has been a material change in competition in a market served by the designated pipeline; and
 - (b) consult, in accordance with the Rules, with the public.
- (6) On the completion of a review under this section, the AER must prepare a report and—
 - (a) give the report to the MCE; and
 - (b) publish the report on its website.
- (7) The AER must also give a copy of the report to the service provider that has requested the review.

Part 3—Coverage of pipelines the subject of tender process

126—Tender approval pipelines deemed to be covered pipelines

- (1) A pipeline to which a tender approval decision relates is deemed to be a covered pipeline on and from the date the tender approval decision becomes irrevocable by operation of the Rules.
- (2) The pipeline ceases to be a covered pipeline—
 - (a) if there is an applicable access arrangement that applies to the pipeline services provided, or that are to be provided by means of that pipeline—when that arrangement expires; or
 - (b) when a coverage revocation determination made in respect of that pipeline takes effect.

Note—

Under the Rules, the NCC will—

- (a) classify the pipeline to be constructed and operated in accordance with an approved tender process as a cross boundary transmission pipeline, cross boundary distribution pipeline, transmission pipeline or distribution pipeline; and
- (b) determine the relevant Minister for the purposes of that pipeline.

Part 4—Coverage following approval of voluntary access arrangement

127—Certain pipelines become covered pipelines on approval of voluntary access arrangement

- (1) This section applies if—
 - (a) a service provider voluntarily submits to the AER for approval by the AER, under the Rules, a full access arrangement that will apply to the pipeline services provided, or that are to be provided, by means of a pipeline; and
 - (b) that pipeline is not a covered pipeline.
- (2) The pipeline is deemed to be a covered pipeline on the day the voluntarily submitted full access arrangement takes effect as an applicable access arrangement.
- (3) The pipeline ceases to be a covered pipeline—
 - (a) when the applicable access arrangement that applies to the pipeline services provided, or that are to be provided, expires; or
 - (b) when a coverage revocation determination is made in respect of that pipeline takes effect.

Note—

Under the Rules, the NCC will—

- (a) classify the pipeline (by means of which the pipeline services to which the arrangement relates are provided) as a cross boundary transmission pipeline, cross boundary distribution pipeline, transmission pipeline or distribution pipeline; and
- (b) determine the relevant Minister for the purposes of that pipeline.

Part 5—Reclassification of pipelines

128—Service provider may apply for reclassification of pipeline

- (1) A service provider may, in respect of a pipeline by means of which the service provider provides pipeline services, apply to the NCC for the pipeline to be reclassified as—
 - (a) if the pipeline is a transmission pipeline—a distribution pipeline; or
 - (b) if the pipeline is a distribution pipeline—a transmission pipeline.
- (2) The application must be accompanied by the fee prescribed by the Regulations (if any).

129—Reclassification decision

- (1) The NCC must make a decision (a *reclassification decision*) within—
 - (a) 4 months after receiving an application under section 128; or
 - (b) if the Rules specify a later period, that period.

- (2) A reclassification decision must—
 - (a) be made in accordance with this Law and the Rules; and
 - (b) contain the information required by the Rules; and
 - (c) be given to the persons specified by the Rules; and
 - (d) be made publicly available in accordance with the Rules.
- (3) In making a reclassification decision, the NCC must have regard to—
 - (a) the national gas objective; and
 - (b) the pipeline classification criterion.
- (4) The NCC must also as part of the reclassification decision—
 - (a) if it reclassifies the pipeline the subject of the application as a transmission pipeline—determine whether the transmission pipeline is also a cross boundary transmission pipeline;
 - (b) if it reclassifies the pipeline the subject of the application as a distribution pipeline—determine whether the distribution pipeline is also a cross boundary distribution pipeline.
- (5) If, under subsection (4), the NCC determines that a pipeline reclassified as a distribution pipeline is also a cross boundary distribution pipeline, the NCC must determine the participating jurisdiction with which the cross boundary distribution pipeline is most closely connected. In doing so, the NCC must have regard to the jurisdictional determination criteria.

130—Effect of reclassification decision

On the making of a reclassification decision—

- (a) the pipeline is, in accordance with the decision, reclassified as either a transmission pipeline or distribution pipeline; and
- (b) the relevant Minister in respect of the pipeline is the relevant Minister as provided under this Law.

Chapter 4—General requirements for provision of covered pipeline services

Part 1—General duties for provision of pipeline services by covered pipelines

131—Service provider must be legal entity of a specified kind to provide pipeline services by covered pipeline

A covered pipeline service provider must not provide a pipeline service by means of a covered pipeline unless the service provider is—

- (a) a legal entity registered under the *Corporations Act 2001* of the Commonwealth; or
- (b) a foreign company; or

- (c) a corporation established by or under a law of this jurisdiction or another participating jurisdiction, whether or not that corporation has been established for a public purpose; or
- (d) the Crown in right of this jurisdiction or another participating jurisdiction; or
- (e) a person referred to in paragraph (a) to (d) and that person provides a pipeline service by means of a covered pipeline together with another person referred to in paragraph (a) to (d).

132—Submission of full access arrangement or revisions to applicable full access arrangements

- (1) A covered pipeline service provider must submit to the AER, for approval by the AER under the Rules, a full access arrangement or revisions to an applicable access arrangement that is a full access arrangement, in respect of the pipeline services the provider provides or intends to provide—
 - (a) in the circumstances specified by the Rules; and
 - (b) within the period of time specified by the Rules.
- (2) Subsection (1) does not apply—
 - (a) if the pipeline services that are, or are intended to be, provided by the service provider light regulation services; or
 - (b) to the extent the Rules provide subsection (1) is not to apply.

Note—

A service provider who provides or intends to provide pipeline services by means of an international pipeline to which a price regulation applies must submit a limited access arrangement to the AER for approval: see section 168.

133—Preventing or hindering access

- (1) A person who is—
 - (a) a covered pipeline service provider; or
 - (b) a person who—
 - (i) is a party to an agreement with a service provider relating to a pipeline service provided by means of a covered pipeline; or
 - (ii) as a result of an access determination is entitled to a pipeline service provided by means of a covered pipeline; or
 - (c) an associate of a service provider or a person referred to in paragraph (b),

must not engage in conduct for the purpose of preventing or hindering the access of another person to a pipeline service provided by means of the covered pipeline.

- (2) For the purposes of subsection (1), a person is deemed to engage in conduct for a particular purpose if—
 - (a) the conduct is or was engaged in for that purpose or for a purpose that includes, or included, that purpose; and
 - (b) that purpose is or was a substantial purpose.
- (3) A person may be taken to have engaged in conduct for the purpose referred to in subsection (1) even though, after all the evidence has been considered, the existence of that purpose is ascertainable only by inference from the conduct of the person or of any other person or from other relevant circumstances.
- (4) Subsection (3) does not limit the manner in which the purpose of a person may be established for the purpose of subsection (1).
- (5) In this section—
 - (a) a reference to engaging in conduct is a reference to doing or refusing to do any act, including refusing to supply a pipeline service or, without reasonable grounds, limiting or disrupting a pipeline service, or making, or giving effect to, a provision of, a contract or arrangement, arriving at, or giving effect to, a provision of, an understanding or requiring the giving of, or giving, a covenant;
 - (b) a reference to refusing to do an act includes a reference to—
 - (i) refraining (otherwise than inadvertently) from doing that act; or
 - (ii) making it known that that act will not be done.
- (6) Subsection (1) does not apply to conduct engaged in in accordance with an agreement, if the agreement was in force on 30 March 1995.

Example—

An example of conduct which may be prohibited if the requisite purpose is established is refusing to supply, or limiting or disrupting the supply of, a pipeline service to a user or prospective user for technical or safety reasons without reasonable grounds.

134—Supply and haulage of natural gas

- (1) If a producer states terms and conditions (whether or not including the price) (*the first terms*) on which the producer offers to supply natural gas through a covered pipeline that is in operation at the time of the offer to a person at a place other than the exit flange of the producer's processing plant, the producer must, on request by the person, state terms and conditions (including the price, if the price was included in the first terms) (*the second terms*) on which the producer will supply natural gas to the person at the exit flange.
- (2) If there is a difference in the price stated in the first terms and the second terms, the producer must include in the second terms a statement of the reasons for the difference.
- (3) If the producer offers to supply natural gas to a person at a place other than the exit flange of the producer's processing plant, the producer must, on request, offer to supply the gas at the exit flange on the terms and conditions (including price) stated in accordance with this section.

135—Covered pipeline service provider must comply with queuing requirements

A covered pipeline service provider must comply with the queuing requirements of an applicable access arrangement.

136—Covered pipeline service provider providing light regulation services must not price discriminate

- (1) A covered pipeline service provider must not engage in price discrimination when providing light regulation services.
- (2) Subsection (1) does not apply if the covered pipeline service provider engages in price discrimination that is conducive to efficient service provision.

Part 2—Structural and operational separation requirements (ring fencing)

Division 1—Interpretation

137—Definitions

In this Part—

additional ring fencing requirement has the meaning given by section 143(1);

compliance date means the date that is 6 months after the date a pipeline becomes a covered pipeline;

marketing staff has the meaning given by section 138;

related business means the business of producing, purchasing or selling natural gas or processable gas, but does not include purchasing or selling of natural gas or processable gas to the extent necessary—

- (a) for the safe and reliable operation of a covered pipeline; or
- (b) to enable a service provider to provide balancing services in connection with a covered pipeline.

138—Meaning of marketing staff

- (1) A person is marketing staff of—
 - (a) a covered pipeline service provider, if the person—
 - (i) is an officer, employee, consultant or independent contractor or agent of the covered pipeline service provider; and
 - (ii) is directly involved in the sale, marketing or advertising of pipeline services (whether or not the person is also involved in other activities);
 - (b) an associate of a covered pipeline service provider, if the person—
 - (i) is an officer, employee, consultant or independent contractor or agent of the associate; and

- (ii) is directly involved in the sale, marketing or advertising of pipeline services (whether or not the person is also involved in other activities).
- (2) A person is not marketing staff of a covered pipeline service provider, or an associate of a covered pipeline service provider, if—
 - (a) the person's function or role (as an officer, employee, consultant or independent contractor or agent of a covered pipeline service provider, or an associate of a covered pipeline service provider) is only to provide technical, administrative, legal and accounting services to that provider or associate; or
 - (b) the sale, marketing or advertising of pipeline services is only an incidental part of the person's function or role (as an officer, employee, consultant or independent contractor or agent of a covered pipeline service provider, or an associate of a covered pipeline service provider).

Example—

A person in the position of general manager of marketing of a covered pipeline service provider or an associate of a covered pipeline service provider would be marketing staff whereas a person in the position of chief executive officer, or chief financial officer, of a covered pipeline service provider or an associate of a covered pipeline service provider would not be marketing staff.

Division 2—Minimum ring fencing requirements

139—Carrying on of related businesses prohibited

On and after the compliance date, a covered pipeline service provider must not carry on a related business.

140—Marketing staff and the taking part in related businesses

- (1) On and after the compliance date, a covered pipeline service provider must ensure that none of its marketing staff are officers, employees, consultants, independent contractors or agents of an associate of the covered pipeline service provider that takes part in a related business.
- (2) On and after the compliance date, a covered pipeline service provider must ensure that none of its officers, employees, consultants, independent contractors or agents are marketing staff of an associate of the covered pipeline service provider that takes part in a related business.

141—Accounts that must be prepared, maintained and kept

On and after the compliance date, a covered pipeline service provider must prepare, maintain and keep—

- (a) separate accounts in respect of pipeline services provided by means of every covered pipeline owned, operated or controlled by the covered pipeline service provider; and
- (b) a consolidated set of accounts in respect of the whole of the business of the covered pipeline service provider.

Division 3—Additional ring fencing requirements

142—Division does not limit operation of Division 2

This Division does not limit Division 2.

143—AER ring fencing determinations

- (1) Subject to this Division and subject to and in accordance with the Rules, the AER may make a determination requiring a covered pipeline service provider or associate of a covered pipeline service provider named in the determination to do, or refrain from doing, a thing specified in the determination (an *additional ring fencing requirement*).
- (2) In specifying an additional ring fencing requirement the AER must have regard to the following principles:
 - (a) in the case where 1 part of the business of a covered pipeline service provider (*business unit A*) is providing pipeline services to another part of the business of the covered pipeline service provider (*business unit B*), the covered pipeline service provider must ensure that business unit A provides the pipeline services to business unit B as if business unit B were a separate unrelated entity;
 - (b) in the case where a covered pipeline service provider is providing pipeline services to an associate of the service provider, the covered pipeline service provider must ensure that those services are provided as if the associate of the covered pipeline service provider were a separate unrelated entity;
 - (c) users and prospective users should have sufficient information in order to understand whether a covered pipeline service provider is complying with paragraph (a) or (b).
- (3) The AER must—
 - (a) notify, in writing, the covered pipeline service provider or associate named in the AER ring fencing determination of the making of that determination; and
 - (b) give the covered pipeline service provider or associate a copy of the AER ring fencing determination.
- (4) An AER ring fencing determination must specify the date on and after which the covered pipeline service provider or associate of a covered pipeline service provider must do, or refrain from doing, a thing specified in the determination (a *notified compliance date*).
- (5) A notified compliance date must not be a date that is earlier than 10 business days after the date the covered pipeline service provider or associate of a covered pipeline service provider is given a copy of the AER ring fencing determination.
- (6) A covered pipeline service provider or associate of a covered pipeline service provider must comply with every additional ring fencing requirement specified in an AER ring fencing determination on and after the notified compliance date.

144—AER to have regard to likely compliance costs of additional ring fencing requirements

In making an AER ring fencing determination the AER must have regard to the likely costs that may be incurred by, as the case requires—

- (a) an efficient covered pipeline service provider; or
- (b) an efficient associate of a covered pipeline service provider,

in complying with an additional ring fencing requirement specified in the determination.

145—Types of ring fencing requirements that may be specified in an AER ring fencing determination

Without limiting what may be specified as an additional ring fencing requirement, the AER, in an AER ring fencing determination, may require a covered pipeline service provider to—

- (a) ensure that its business and business activities are conducted, structured and arranged in the particular manner specified;

Example 1—

An AER ring fencing determination may require the covered pipeline service provider to ensure that persons employed or engaged by the covered pipeline service provider in relation to the provision of pipeline services are not also associates, or employed by associates, of the covered pipeline service provider that take part in a related business and how this must be effected.

Example 2—

An AER ring fencing determination may require the covered pipeline service provider to put in place electronic, physical and procedural security measures in respect of the offices and computer systems of the covered pipeline service provider, and of the offices and computer systems of its associates, so that certain specified employees or persons engaged by the covered pipeline service provider do not have access to certain specified information.

- (b) in a specified manner, disclose, to the AER and to the public, specified information in a specified manner about its business operations, structure and arrangements, and its business activities.

Division 4—AER ring fencing exemptions

146—Exemptions from minimum ring fencing requirements

- (1) A covered pipeline service provider may, in accordance with the Rules, apply to the AER for an exemption from—
 - (a) the requirement under section 139; or
 - (b) a requirement under section 140; or
 - (c) the requirement under section 141.

- (2) On receiving an application under subsection (1), the AER, subject to and in accordance with the Rules, may exempt a covered pipeline service provider from—
- (a) the requirement under section 139; or
 - (b) a requirement under section 140; or
 - (c) the requirement under section 141.

Division 5—Associate contracts

147—Service provider must not enter into or give effect to associate contracts that have anti-competitive effect

A covered pipeline service provider must not—

- (a) enter into an associate contract that has; or
- (b) vary an associate contract so that contract, as varied, has; or
- (c) give effect to a provision of an associate contract that has, the purpose, or would have or be likely to have the effect, of substantially lessening competition in a market for natural gas services unless—
 - (d) that associate contract is an approved associate contract; or
 - (e) that provision is contained in an approved associate contract.

148—Service provider must not enter into or give effect to associate contracts inconsistent with competitive parity rule

- (1) A covered pipeline service provider must not—
- (a) enter into an associate contract that is; or
 - (b) vary an associate contract so that contract, as varied, is; or
 - (c) give effect to a provision of an associate contract that is, inconsistent with the competitive parity rule unless—
 - (d) that associate contract is an approved associated contract; or
 - (e) that provision is contained in an approved associate contract.
- (2) For the purposes of subsection (1), and any Rules made for the purposes of that subsection, the competitive parity rule is the rule that a covered pipeline service provider must ensure that any pipeline services that the covered pipeline service provider provides to an associate of the covered pipeline service provider are provided to that associate as if that associate were a separate unrelated entity.

Chapter 5—Greenfields pipeline incentives

Part 1—Interpretation

149—Definitions

In this Chapter—

excluded infrastructure, in relation to a pipeline, means tanks, reservoirs, machinery, equipment or other infrastructure that forms part of the pipeline but is classified by the Rules as excluded infrastructure for the purposes of this Law;

greenfields pipeline project means a project for the construction of—

- (a) a pipeline that is to be structurally separate from any existing pipeline (whether or not it is to traverse a route different from the route of an existing pipeline); or
- (b) a major extension to an existing pipeline that is not a covered pipeline; or
- (c) a major extension to a covered pipeline by means of which light regulation services are provided if that extension is exempted by the AER under section 19.

150—International pipeline to be a transmission pipeline for purposes of Chapter

An international pipeline is, for the purposes of this Chapter, a transmission pipeline.

Part 2—15-year no-coverage determinations

151—Application for 15-year no-coverage determination for proposed pipeline

- (1) If a greenfields pipeline project is proposed, or has commenced, the service provider may, before the pipeline is commissioned, apply for a determination (a *15-year no-coverage determination*) exempting the pipeline from being a covered pipeline.
- (2) If a price regulation exemption has been granted for an international pipeline, an application for a 15-year no-coverage determination for the pipeline may be made by the service provider—
 - (a) before the pipeline is commissioned; or
 - (b) after the pipeline is commissioned but before the term of the price regulation exemption comes to an end.
- (3) An application for a 15-year no-coverage determination—
 - (a) is to be made to the NCC; and
 - (b) must include a description of the pipeline that meets the requirements specified by the Rules; and
 - (c) must contain the information required by the Rules; and

- (d) need not describe, or include details of, excluded infrastructure; and
 - (e) must be accompanied by the fee prescribed by the Regulations (if any).
- (4) In this section—
service provider includes a person that intends to be a service provider.

152—Application to be dealt with in accordance with the Rules

On receiving an application under section 151, the NCC must deal with it in accordance with the Rules.

153—No-coverage recommendation

- (1) The NCC must make a recommendation recommending to the relevant Minister that the pipeline the subject of the application—
- (a) be exempted from being a covered pipeline for a period of 15 years; or
 - (b) not be exempted from being a covered pipeline for a period of 15 years.
- (2) A recommendation under this section must—
- (a) be made in accordance with this Law and the Rules; and
 - (b) be made within the time specified by the Rules; and
 - (c) contain the information required by the Rules; and
 - (d) be given to the persons specified by the Rules; and
 - (e) be made publicly available in accordance with the Rules.
- (3) A recommendation under this section may recommend an outcome different to the outcome sought in the application under section 151.

Example—

An applicant may apply for a 15-year no-coverage determination in relation to the whole pipeline. The NCC may recommend that only a part of the pipeline the subject of the application be subject to a 15-year no-coverage determination.

- (4) A recommendation under this section must be delivered to the relevant Minister without delay.

154—Principles governing the making of a no-coverage recommendation

- (1) In making a no-coverage recommendation, the NCC—
- (a) must give effect to the pipeline coverage criteria; and
 - (b) in deciding whether or not the pipeline coverage criteria are satisfied must have regard to the national gas objective.

- (2) The NCC gives effect to the pipeline coverage criteria as follows:
 - (a) if the NCC is satisfied that all the pipeline coverage criteria are satisfied in relation to the pipeline the recommendation must be against making a 15-year no-coverage determination;
 - (b) if the NCC is not satisfied that all the pipeline coverage criteria are satisfied in relation to the pipeline the recommendation must be in favour of making a 15-year no coverage determination.

155—Initial classification decision to be made as part of recommendation

- (1) If the pipeline the subject of an application under section 151 is not an international pipeline, the NCC must, as part of a no-coverage recommendation, classify the pipeline as a transmission pipeline or a distribution pipeline (an *initial classification decision*). In doing so, the NCC must apply the pipeline classification criterion.
- (2) The NCC must as part of an initial classification decision—
 - (a) if it classifies the pipeline the subject of the application as a transmission pipeline—determine whether the transmission pipeline is also a cross boundary transmission pipeline; or
 - (b) if it classifies the pipeline the subject of the application as a distribution pipeline—determine whether the distribution pipeline is also a cross boundary distribution pipeline.
- (3) The NCC must also determine, as part of an initial classification decision, the participating jurisdiction with which the pipeline the subject of the application under section 151 is most closely connected if the NCC determines the pipeline is also a cross boundary distribution pipeline. In doing so, the NCC must have regard to the jurisdictional determination criteria.

156—Relevant Minister's determination on application

- (1) On receiving a no-coverage recommendation the relevant Minister must decide whether or not to make a 15-year no-coverage determination in respect of the pipeline to which the recommendation relates.
- (2) The relevant Minister must use his or her best endeavours to make the decision within 30 business days after receiving the coverage recommendation.
- (3) If the relevant Minister is unable to make the decision within the period specified under subsection (2), he or she must make the decision as soon as reasonably practicable after the end of the specified period.
- (4) The relevant Minister, for the purpose of making the decision, may request submissions or comments in relation to an application under section 151.
- (5) A 15-year no-coverage determination or a decision not to make a 15-year no-coverage determination must—
 - (a) be made in accordance with this Law and the Rules; and

- (b) contain the information required by the Rules; and
 - (c) be given to the persons specified by the Rules; and
 - (d) be made publicly available in accordance with the Rules.
- (6) A 15-year no-coverage determination may have an outcome different to the outcome—
- (a) sought in the application under section 151; or
 - (b) of the no-coverage recommendation.

Example—

An applicant may apply for a 15-year no-coverage determination in relation to the whole pipeline. The NCC may recommend that only a part of the pipeline the subject of the application be subject to a 15-year no-coverage determination. The relevant Minister may make a 15-year no-coverage determination that applies to different parts of the pipeline to those recommended by the NCC be subject to the determination.

157—Principles governing the making of a 15-year no-coverage determination or decision not to do so

- (1) In deciding whether to make a 15-year no-coverage determination under this Part, the relevant Minister—
- (a) must give effect to the pipeline coverage criteria; and
 - (b) in deciding whether or not the pipeline coverage criteria are satisfied in relation to the pipeline—
 - (i) must have regard to the national gas objective; and
 - (ii) must have regard to the no-coverage recommendation; and
 - (iii) must take into account any submissions or comments he or she receives on a request under section 156(4); and
 - (iv) may take into account any relevant submissions and comments made to the NCC by the public under the Rules in relation to the application.
- (2) The relevant Minister gives effect to the pipeline coverage criteria as follows:
- (a) if the Minister is satisfied that all the pipeline coverage criteria are satisfied in relation to the pipeline the Minister must not make a 15-year no-coverage determination;
 - (b) if the Minister is not satisfied that all the pipeline coverage criteria are satisfied in relation to the pipeline the Minister must make a 15-year no-coverage determination.

158—Effect of 15-year no-coverage determination

- (1) A 15-year no-coverage determination—
- (a) takes effect on and from the date specified in the determination; and
 - (b) continues in operation for a period of 15 years from the commissioning of the pipeline.

- (2) An application for coverage of a pipeline to which a 15-year no-coverage determination applies can be made before the end of the period for which the determination remains in operation only if the coverage sought in the application is to commence from, or after, the end of that period.

159—Consequences of Minister deciding against making 15-year no-coverage determination for international pipeline

- (1) If—
- (a) the Commonwealth Minister decides against making a 15-year no-coverage determination for an international pipeline; and
 - (b) the applicant asks the Commonwealth Minister to treat the application as an application for a price regulation exemption,
- the Commonwealth Minister may treat the application as an application for a price regulation exemption under Chapter 5 Part 3.
- (2) If the Commonwealth Minister decides to treat an application for a 15-year no-coverage determination as an application for a price regulation exemption, the Commonwealth Minister may—
- (a) refer the application to the NCC for a recommendation under Chapter 5 Part 3; or
 - (b) proceed to determine the application without a recommendation under Chapter 5 Part 3.

Part 3—Price regulation exemptions

Division 1—Application for price regulation exemption

160—Application for price regulation exemption

- (1) If a greenfields pipeline project for construction of an international pipeline is proposed, or has commenced, the service provider may, before the pipeline is commissioned, apply for a price regulation exemption for the pipeline.
- (2) An application for a price regulation exemption—
- (a) is to be made to the NCC; and
 - (b) must include a description of the pipeline that meets the requirements specified by the Rules; and
 - (c) must contain the information required by the Rules; and
 - (d) need not describe, or include details of, excluded infrastructure; and
 - (e) must be accompanied by the fee prescribed by the Regulations (if any).
- (3) In this section—
service provider includes a person that intends to be a service provider.

Division 2—Recommendations by NCC

161—Application to be dealt with in accordance with the Rules

On receiving an application under section 160, the NCC must deal with it in accordance with the Rules.

162—NCC's recommendation

- (1) The NCC must make a recommendation to the Commonwealth Minister as to whether the Minister should grant a price regulation exemption for the pipeline the subject of the application.
- (2) A recommendation under this section must—
 - (a) be made in accordance with this Law and the Rules; and
 - (b) be made within the time specified by the Rules; and
 - (c) contain the information required by the Rules; and
 - (d) be given to the persons specified by the Rules; and
 - (e) be made publicly available in accordance with the Rules.
- (3) A recommendation under this section must be delivered to the Commonwealth Minister without delay.

163—General principle governing NCC's recommendation

- (1) In making its recommendation on an application for a price regulation exemption, the NCC must weigh the benefits to the public of granting the exemption against the detriments to the public.
- (2) In doing so, the NCC—
 - (a) must have regard to the national gas objective with particular reference to—
 - (i) the implications of the exemption for relevant markets (including the effect on market power); and
 - (ii) other possible effects on the public interest; and
 - (b) may have regard to any other relevant matter.

Division 3—Making and effect of price regulation exemption

164—Making of price regulation exemption

- (1) On receiving the NCC's recommendation under section 162, the Commonwealth Minister must decide whether to grant a price regulation exemption.
- (2) The Commonwealth Minister must use his or her best endeavours to make the decision within 10 business days after receiving the NCC's recommendation.
- (3) If the Commonwealth Minister is unable to make the decision within the period specified under subsection (2), he or she must make the decision as soon as reasonably practicable after the end of the specified period.

- (4) A decision under this section must—
- (a) be made in accordance with this Law and the Rules; and
 - (b) contain the information required by the Rules; and
 - (c) be given to the persons specified by the Rules; and
 - (d) be made publicly available in accordance with the Rules.

165—Principles governing the making of a price regulation exemption

- (1) In deciding whether to make a decision to grant a price regulation exemption, the Commonwealth Minister must weigh the benefits to the public of granting the exemption against the detriments to the public.
- (2) In doing so, the Commonwealth Minister—
- (a) must have regard to the national gas objective with particular reference to—
 - (i) the implications of the exemption for relevant markets (including the effect on market power); and
 - (ii) other possible effects of the exemption on the public interest; and
 - (b) must have regard to the NCC's recommendation; and
 - (c) may take into account any relevant submissions and comments made to the NCC by the public under the Rules in relation to the application; and
 - (d) may have regard to any other relevant matter.

166—Conditions applying to a price regulation exemption

A price regulation exemption granted under this Part is subject to the following conditions:

- (a) the service provider must publish on its website prices for the provision of pipeline services by means of the international pipeline; and
- (b) the service provider's limited access arrangement and the register of spare capacity are to be accessible on the service provider's website; and
- (c) the service provider—
 - (i) must, as and when required by the AER or the Commonwealth Minister, provide information requested by the AER or the Commonwealth Minister (in a manner and form determined or approved by the AER or the Commonwealth Minister) on access negotiations and the result of access negotiations; and
 - (ii) must report annually to the AER and the Commonwealth Minister (in a manner and form approved by the AER or the Commonwealth Minister) on access negotiations and the result of access negotiations.

Note—

See also sections 168 and 169(3).

167—Effect of price regulation exemption

- (1) If a price regulation exemption is granted, then for a period of 15 years from the commissioning of the pipeline, the services provided by means of the pipeline are not subject to price or revenue regulation under this Law or the Rules.
- (2) A price regulation exemption is, however, ineffective unless a limited access arrangement, approved by the AER, is in force in relation to the relevant pipeline.

Note—

See also section 168.

- (3) If, while a price regulation exemption remains in force, the Commonwealth Minister makes a 15-year no-coverage determination for the pipeline, the 15-year no-coverage determination supersedes the price regulation exemption (which is then terminated) and remains in force for the balance of the period for which the exemption was granted.
- (4) An application for coverage of a pipeline to which a price regulation exemption applies can only be made before the end of the period of exemption if the coverage sought in the application is to commence from, or after, the end of that period.

Division 4—Limited access arrangements

168—Limited access arrangements for pipeline services provided by international pipeline to which a price regulation exemption applies

- (1) A service provider must, within 60 business days after the grant of a price regulation exemption, submit a limited access arrangement to the AER for approval by the AER under the Rules.
- (2) A limited access arrangement must—
 - (a) be submitted in accordance with the Rules; and
 - (b) contain the information required by the Rules.
- (3) A service provider must submit to the AER, for approval by the AER under the Rules, revisions to an applicable access arrangement that is a limited access arrangement and that applies to the pipeline service to which that arrangement applies—
 - (a) in accordance with the Rules; and
 - (b) within the period specified by the Rules.

Division 5—Other matters

169—Other obligations to which service provider is subject

- (1) The service provider for a pipeline to which a price regulation exemption applies is subject to the following provisions as if the pipeline were a covered pipeline:
 - (a) Chapter 4 Part 1 (except sections 132 and 136); and
 - (b) Chapter 4 Part 2.
- (2) The service provider for a pipeline to which a price regulation exemption applies must comply with any Rules that—
 - (a) relate to the facilitation of, and request for access to, pipeline services provided by means of that pipeline; and
 - (b) apply to the service provider or a class of person of which the service provider is a member.
- (3) A service provider must ensure compliance with conditions to which the price regulation exemption is subject.

Note—

See also section 160.

170—Service provider must not price discriminate in providing international pipeline services

- (1) A service provider must not, when providing pipeline services—
 - (a) by means of an international pipeline to which a price regulation exemption applies; and
 - (b) to which a limited access arrangement applies,engage in price discrimination.
- (2) Subsection (1) does not apply if the service provider engages in price discrimination that is conducive to efficient service provision.

Part 4—Extended or modified application of greenfields pipeline incentive

171—Requirement for conformity between pipeline description and pipeline as constructed

- (1) Subject to this Part—
 - (a) a greenfields pipeline incentive applies to the pipeline as described in the relevant pipeline description; and
 - (b) if the pipeline, as constructed, materially differs from the pipeline as described in the relevant pipeline description, the incentive does not attach to the pipeline and the service provider is not entitled to its benefit.

- (2) In determining whether a pipeline, as constructed, materially differs from the relevant pipeline description, excluded infrastructure is not to be taken into account.
- (3) In this section—
relevant pipeline description means a description of a pipeline required to be included in an application under section 151 or 160.

172—Power of relevant Minister to amend pipeline description

- (1) The relevant Minister may, on application by the service provider for a pipeline for which a greenfields pipeline incentive has been granted, amend the relevant pipeline description.
- (2) An amendment cannot, however, be made under this section after the pipeline has been commissioned.
- (3) The relevant Minister—
 - (a) may refer an application for amendment to a pipeline description to the NCC for advice; and
 - (b) if the amendment sought involves a substantial change to the pipeline description as it currently exists must refer the application to the NCC for advice.
- (4) In giving its advice to the relevant Minister, the NCC must have regard to the criteria that were relevant to the grant of the greenfields pipeline incentive.
- (5) In deciding whether to make the amendment sought, the relevant Minister—
 - (a) must have regard to the criteria that were relevant to the grant of the greenfields pipeline incentive; and
 - (b) if the application has been referred to the NCC for advice must consider the NCC's advice.

Part 5—Early termination of greenfields pipeline incentive

173—Greenfields pipeline incentive may lapse

- (1) A greenfields pipeline incentive lapses if the pipeline for which it was granted is not commissioned within 3 years after the incentive was granted.
- (2) The Regulations may, in a particular case, extend the period of 3 years referred to in subsection (1).

174—Revocation by consent

The relevant Minister may, at the request of the service provider, revoke a greenfields pipeline incentive.

175—Revocation for misrepresentation

The relevant Minister may, on application by the AER, revoke a greenfields pipeline incentive on the ground that—

- (a) the applicant misrepresented a material fact on the basis of which the application was granted; or
- (b) the applicant failed to disclose material information that the applicant was required to disclose under this Chapter.

176—Revocation for breach of condition to which a price regulation exemption is subject

The Commonwealth Minister, on application by the AER, may revoke a price regulation exemption on the ground that the service provider has breached a condition to which the price regulation exemption is subject.

177—Exhaustive provision for termination of greenfields pipeline incentive

A greenfields pipeline incentive does not terminate, and cannot be revoked, before the end of its term except as provided in this Part.

Chapter 6—Access disputes

Part 1—Interpretation and application

178—Definitions

In this Chapter—

access dispute means a dispute between a user or prospective user and a service provider about 1 or more aspects of access to a pipeline service provided by means of a scheme pipeline;

access dispute pipeline means a scheme pipeline used or that could be used to provide a pipeline service that is the subject of an access dispute;

dispute hearing means a hearing conducted by the dispute resolution body for the purpose of making an access determination;

party, in relation to an access dispute, has the meaning given by section 183.

179—Chapter does not limit how disputes about access may be raised or dealt with

This Chapter is not to be taken to limit how a dispute about access to a pipeline service may be raised or dealt with.

180—No price or revenue regulation for access disputes relating to international pipeline services

An access dispute notified under this Chapter in relation to a pipeline service provided by means of an international pipeline to which a price regulation exemption applies must not be resolved under this Chapter on terms—

- (a) regulating the price at which a service is to be provided by the service provider; or
- (b) limiting the revenue to be derived by the service provider from the provision of a service.

Part 2—Notification of access dispute

181—Notification of access dispute

- (1) Subject to this section, if a prospective user or user is unable to agree with a service provider about 1 or more aspects of access to a pipeline service provided or to be provided by means of a scheme pipeline, the prospective user, user or service provider may notify the dispute resolution body, in writing, that an access dispute exists.

Note—

A dispute about access to a light regulation service may be notified under this section because light regulation services are pipeline services provided by means of a covered pipeline (which is a scheme pipeline).

- (2) A notification must be accompanied by the fee prescribed by the Regulations (if any).
- (3) On receiving a notification under subsection (1), the dispute resolution body must notify, in writing, of the access dispute—
 - (a) the service provider, if a prospective user or user (as the case requires) notified the dispute resolution body of the access dispute under subsection (1);
 - (b) the prospective user or user (as the case requires), if the service provider notified the dispute resolution body of the access dispute under subsection (1).

182—Withdrawal of notification

- (1) The person who notified the dispute resolution body of an access dispute under section 181(1) may withdraw that notification at any time before the dispute resolution body makes an access determination in respect of that access dispute.
- (2) The notification must be withdrawn by notice in writing.
- (3) If the notification is withdrawn, it must be taken, for the purposes of this Chapter, never to have been given.

183—Parties to an access dispute

The parties to an access dispute are—

- (a) the person notifying the dispute resolution body of an access dispute under section 181(1); and

Part 3—Access determinations

184—Determination of access dispute

- (1) Unless the dispute resolution body terminates an access dispute under section 186, the dispute resolution body must make a determination on access by the prospective user or user, as the case requires.
- (2) In making an access determination the dispute resolution body must comply with this Chapter and the Rules.
- (3) An access determination must—
 - (a) be in writing; and
 - (b) include a statement of reasons for making the determination; and

- (2) A party must comply with a requirement under subsection (1).

186—Dispute resolution body may terminate access dispute in certain cases

 - (b) the subject matter of the dispute is trivial, misconceived or lacking in substance; or

- (c) the party who notified the access dispute had, but did not avail itself of, an opportunity to engage in negotiations in good faith with the other party before that notification; or
 - (d) a specified dispute termination circumstance has occurred.
- (2) Subject to section 188, the dispute resolution body may also terminate an access dispute (without making an access determination) if the dispute resolution body considers that the aspect of access about which there is a dispute is expressly or impliedly dealt with under a contract between, as the case requires—
- (a) the prospective user and service provider;
 - (b) the user and service provider.
- (3) In this section—

specified dispute termination circumstance means a circumstance specified by the Rules as being a circumstance, the occurrence of which, entitles the dispute resolution body to terminate an access dispute (without making an access determination).

187—No access determination if dispute resolution body considers there is genuine competition

Despite anything to the contrary in this Chapter, the dispute resolution body may refuse to make an access determination that requires the service provider to provide a particular pipeline service to a prospective user or user if the dispute resolution body considers that the pipeline service the subject of the access dispute could be provided on a genuinely competitive basis by a person other than the service provider or an associate of the service provider.

188—Restrictions on access determinations

- (1) The dispute resolution body must not make an access determination that would have any of the following effects:
- (a) preventing a user obtaining a sufficient amount of a pipeline service under a contract or previous access determination to be able to meet the user's reasonably anticipated requirements, measured at the time the access dispute was notified;
 - (b) preventing a prospective user or user from obtaining, by the exercise of a pre-notification right, a sufficient amount of a pipeline service to be able to meet the prospective user's or user's actual requirements;
 - (c) depriving a person of a relevant protected contractual right.
- (2) In this section—

pre-notification right means a right under a contract, or under an access determination, that was in force at the time when the access dispute was notified under section 181;

relevant exclusivity right means an express contractual right that arose on or after 30 March 1995 that—

- (a) prevents a service provider supplying pipeline services to persons who are not parties to the contract; or
- (b) limits or controls a service provider's ability to supply pipeline services to persons who are not parties to the contract,

but does not include a user's contractual right to obtain a certain amount of pipeline services;

relevant protected contractual right means a right under a contract (other than a relevant exclusivity right) that was in force immediately before the notification of an access dispute under section 181.

189—Access determination must give effect to applicable access arrangement

Subject to sections 190 and 191 and any Rules made for the purposes of this Part, the dispute resolution body must, in making an access determination, give effect to the applicable access arrangement—

- (a) applying to the pipeline services provided, or to be provided, by means of the access dispute pipeline; and
- (b) in effect at the time the determination is made,

(even though that arrangement may not have been in force when notification of the access dispute was given).

190—Access determinations and past contributions of capital to fund installations or the construction of new facilities

- (1) In making an access determination, the dispute resolution body may (where relevant) take into account past contributions of capital to fund installations or the construction of new facilities.
- (2) Without limiting section 74, the Rules may—
 - (a) specify the matters that the dispute resolution body must address in making that access determination;
 - (b) specify the content of that access determination.

191—Rules may allow determination that varies applicable access arrangement for installation of a new facility

- (1) This section applies if the dispute resolution body is proposing to make an access determination that will require—
 - (a) a service provider to install or construct a new facility to expand the capacity of the access dispute pipeline; and
 - (b) the prospective user or user who is a party to the access dispute to contribute some or all of the capital to fund the installation or construction of the new facility.

- (2) Without limiting section 74, the Rules may—
- (a) confer a function or power on the dispute resolution body to, when making the access determination, vary the applicable access arrangement; and
 - (b) specify the matters that the dispute resolution body must address in making that access determination; and
 - (c) specify the kinds of variations that may be made to the applicable access arrangement; and
 - (d) specify the content of that access determination.

192—Access determinations need not require the provision of a pipeline service

An access determination may, but need not, require a service provider to provide a pipeline service to a prospective user.

193—Content of access determinations

Subject to this Chapter, an access determination may deal with any matter relating to the provision of a pipeline service to a prospective user or user.

Example—

An access determination may require the service provider to provide a pipeline service to the prospective user or user at—

- (a) a specified tariff, rate or charge; and
- (b) on specified terms and conditions.

Part 4—Variation of access determinations

194—Variation of access determination

- (1) The dispute resolution body may vary an access determination on the application of any party to the determination. However, it cannot vary the final determination if any other party objects.

Note—

If the parties cannot agree on a variation, a new access dispute can be notified under section 181.

- (2) Section 188 applies to a variation under this section as if—

The AEMC may waive the payment of any fee prescribed by the Regulations for the purposes of section 298.

300—Consolidation of 2 or more Rule requests

- (1) If the AEMC considers it necessary or desirable that 2 or more requests for the making of a Rule should be dealt with together, the AEMC may—
 - (a) treat those requests as 1 request for the purposes of this Chapter (a *consolidated Rule request*); or
 - (b) treat any later request as a submission in relation to the earliest Rule request.
- (2) For the purposes of this Chapter, the AEMC may treat a consolidated Rule request as being received by it on the day it receives either the first or last of the Rule requests forming part of the consolidated Rule request.

301—Initial consideration of request for Rule

- (1) Subject to this Chapter, as soon as practicable after receiving a request for the making of a Rule (an *active request*), the AEMC must consider whether—
 - (a) the active request appears to—
 - (i) contain the information prescribed by the Regulations; and
 - (ii) not be misconceived or lacking in substance; and
 - (b) the subject matter of the active request appears to be for or with respect to a matter in respect of which the AEMC may make a Rule under this Law; and

Note—

Section 74 and Schedule 1 to this Law specify the subject matter for Rules.

- (c) the subject matter of the active request appears to relate to the subject matter of—
 - (i) a Rule made, or a request for the making of a Rule under section 295(1) not proceeded with, in the 12 months immediately before the date of receipt of the active request; or
 - (ii) another request for the making of a Rule under section 295(1) in respect of which the AEMC is taking action under this Part.
- (2) If the AEMC considers that, having regard to the matters set out in subsection (1), it should not take any action under this Part in respect of the active request, the AEMC must make a decision to that effect and inform the person or body, in writing, that requested the Rule of that decision.
- (3) Despite subsection (1) or (2), the AEMC may make a decision to the effect that it should not take any action under this Part in respect of the active request if the person or body that made the active request has not complied with a notice in accordance with section 302.
- (4) In making a decision under subsection (3), the AEMC must have regard to any representation it receives under section 302(4).

- (5) A decision under subsection (2) or (3) must—
 - (a) set out the reasons for the decision; and
 - (b) be given to the person or body that made the active request without delay; and
 - (c) in the case where the decision was made only because of the matters set out in subsection (1)(c)—be published.
- (6) Subject to this Chapter, if the AEMC considers that, having regard to the matters set out in subsection (1), it should take action under this Part in respect of an active request the AEMC must publish notice of that active request in accordance with section 303.

302—AEMC may request further information from Rule proponent in certain cases

- (1) This section applies if the AEMC—
 - (a) receives a request for the making of a Rule under section 295(1); and
 - (b) considers, having regard to the nature and content of the request, that further information is required from the person or body that has made the request to assist it to understand the request's purpose or content.
- (2) The AEMC may, by notice in writing, request the person or body that made the request under section 295(1) to provide the AEMC further information.
- (3) A notice under subsection (2) must specify—
 - (a) the kind of information the AEMC requires from the person or body; and
 - (b) the time within which that information must be provided to the AEMC.
- (4) A person or body given a notice under this section may make a written representation to the AEMC as to why it cannot provide the information specified in the notice within the time specified in the notice.

- (2) The AEMC must publish—
 - (a) notice of the request or intention (as the case requires); and
 - (b) a draft of the proposed Rule; and
 - (c) any other document prescribed by the Regulations.

- (3) A notice published under this section must—
 - (a) invite written submissions and comments from any person or body in relation to the proposed Rule by the date specified in the notice by the AEMC, being a date that is not less than 4 weeks from the date the notice is published; and
 - (b) contain any other information prescribed by the Regulations.
- (4) Nothing in this Part is to be taken as requiring the AEMC to publish notices under this section in the same order as it—
 - (a) considers that it should take action under this Part in respect of a request for the making of a Rule; or
 - (b) forms an intention to make an AEMC initiated Rule.

304—Publication of non-controversial or urgent final Rule determination

- (1) Subject to this section, if the AEMC considers that—
 - (a) an AEMC initiated Rule is a non-controversial Rule; or
 - (b) a request for a Rule is a request for a non-controversial Rule; or
 - (c) a request for a Rule is a request for an urgent Rule,the AEMC may make the relevant Rule in accordance with this Part (except sections 307 to 310) and as if the period of time within which the final Rule determination in respect of the relevant Rule must be published were 6 weeks from the date of publication of the notice under section 303.
- (2) Before making a Rule as set out in subsection (1), the AEMC must include in a notice under section 303 a statement to the effect that the AEMC may make the relevant Rule if the AEMC does not receive a written request, and reasons, not to do so from any person or body within 2 weeks of publication of that notice.
- (3) The AEMC must not make a Rule in accordance with this section if, following publication of a notice under section 303 containing a statement to the effect set out in subsection (2)—
 - (a) the AEMC receives a written request not to do so; and
 - (b) the reasons set out in that request are not, in its opinion, misconceived or lacking in substance.
- (4) If the AEMC is of the opinion that the reasons given by a person or body in a written request for it not to make the non-controversial Rule or urgent Rule are misconceived or lacking in substance, the AEMC must—
 - (a) make a decision to that effect; and
 - (b) give the person or body its reasons, in writing, for that decision without delay.

- (5) If the AEMC is of the opinion that the reasons given by a person or body in a written request for it not to make the non-controversial Rule or urgent Rule, are not misconceived or lacking in substance, the AEMC must publish a notice to the effect that it will make the relevant Rule in accordance with this Part (other than this section).

- (2) The AEMC may take action under this Part in respect of the request without complying with section 303(3)(a) or 307 if it is of the opinion that—
- (a) in the case where the request has been made by a gas market regulatory body in the circumstances described in subsection (1)(a)—the consultation conducted by the gas market regulatory body was adequate, having regard to—
 - (i) the nature and content of that request; and
 - (ii) the kind of consultation conducted by the gas market regulatory body;
 - (b) in the case where a request has been made by a person or the MCE in the circumstances described in subsection (1)(b)—

- (a) prevents a service provider supplying pipeline services to persons who are not parties to the contract; or

but does not include a user's contractual right to obtain a certain amount of pipeline services;

relevant protected contractual right means—

- (a) in the case of an applicable access arrangement approved under an applicable arrangement decision—a right under a contract (other than a relevant exclusivity right) in force immediately before that access arrangement was submitted for approval under this Law;
- (b) in the case of an applicable access arrangement made under an applicable arrangement decision because—
- (i) a full access arrangement was not submitted for approval as required under section 132—a right under a contract (other than a relevant exclusivity right) in force immediately before the date on which an access arrangement was required to be submitted for approval;
- (ii) an access arrangement was not approved under an applicable arrangement decision—a right under a contract (other than a relevant exclusivity right) in force immediately before the date on which that access arrangement was submitted for approval.

322—Service provider may enter into agreement for access different from applicable access arrangement

Subject to section 135, nothing in this Law is to be taken as preventing a service provider from entering into an agreement with a user or a prospective user about access to a pipeline service provided by means of a scheme pipeline that is different from an applicable access arrangement that applies to that pipeline service.

323—Applicable access arrangements continue to apply regardless of who provides pipeline service

An applicable access arrangement applies to a pipeline service provided, or to be provided, by means of a pipeline regardless of who provides that pipeline service.

Division 1—Disclosure of confidential information held by AER

328—Disclosure of information given in confidence does not identify anyone

The AER is authorised to disclose information given to it in confidence, in compliance with this Law or the Rules or voluntarily, if—

- (a) it does not disclose any elements of the information that could lead to the identification of the person to whom that information relates; or
- (b) the manner in which it discloses the information does not identify the person to whom that information relates.

Example—

Information disclosed under this section may be combined or arranged with other information provided that the manner in which that information is combined or arranged will not lead to the identification of the person to whom the information relates.

329—Disclosure of confidential information authorised if detriment does not outweigh public benefit

- (1) Despite section 327 or 328 but subject to this section, the AER is authorised to disclose information given to it in confidence after the restricted period if the AER is of the opinion—
 - (a) that the disclosure of the information would not cause detriment to the person who has given it or to the person from whom that person received it; or

- (2) Before disclosing the information, the AER must give the person who gave the information—
 - (a) a written notice (an *initial disclosure notice*) stating—
 - (i) that the AER wishes to disclose the information, specifying the nature of the intended disclosure; and
 - (ii) that the AER is of the opinion required by subsection (1); and

 - (ii) is of the opinion required by subsection (1).
- (3) If the AER is aware that the person who gave the information in turn received the information from another person and is aware of that other person's identity and address, the AER must, before disclosing the information give that other person—
 - (a) a written notice (an *initial disclosure notice*) stating—
 - (i) that the AER wishes to disclose the information, specifying the nature of the intended disclosure; and
 - (ii) that the AER is of the opinion required by subsection (1); and

 - (i) wishes to make the disclosure; and
 - (ii) is of the opinion required by subsection (1).
- (4) The AER must consider every representation made to it by a person given an initial disclosure notice under this section within the time specified in the notice.
- (5) The period of time specified in an initial disclosure notice must not be less than 5 business days after the date the initial disclosure notice is given to the person.
- (6) If after considering the representations, the AER wishes to disclose the information, the AER must give the person given the initial disclosure notice—
 - (a) a written notice (a *further disclosure notice*) stating—
 - (i) that the AER wishes to disclose the information, specifying the nature of the intended disclosure; and
 - (ii) that the AER is of the opinion required by subsection (1); and
 - (b) the AER's decision, in writing, setting out the reasons why the AER—
 - (i) wishes to make the disclosure; and
 - (ii) is of the opinion required by subsection (1).
- (7) For the purposes of this section, the disclosure of anything that is already in the public domain at the time the AER wishes to disclose it cannot cause detriment to any person referred to in subsection (2) or (3).

(8) In this section—

restricted period means a period of 5 business days after—

- (a) an initial disclosure notice has been given under this section; or
 - (b) a further disclosure notice has been given under this section,
- whichever is the later.

Division 2—Disclosure of confidential information held by relevant Ministers, NCC and AEMC

330—Definitions

In this Division—

331—Confidentiality of information received for scheme procedure purpose and for making of scheme decision

 - (a) the person who provides it claims, when providing it to the relevant decision maker, that it is confidential information; and

- (b) the relevant decision maker decides that the information is confidential information.
- (2) However, subject to this section, nothing prevents the disclosure of confidential information by the relevant decision maker (the *principal decision maker*) in a scheme decision or to another relevant decision maker or the MCE, but the principal decision maker must ensure that the information is identified as such—
 - (a) in the scheme decision; or
 - (b) when the principal decision maker discloses that information to another relevant decision maker or MCE.
- (3) In the case of where the AEMC publishes a report under Division 4 or Division 5 of Chapter 2 Part 2, nothing prevents the disclosure of confidential information in a report to the MCE or a Minister of a participating jurisdiction, but the AEMC must ensure that the information is identified as such in the report.
- (4) If the AEMC decides that information provided to it for the purposes of a MCE directed review or a review conducted by the AEMC under section 83, is confidential information, the AEMC, the MCE or a Minister of a participating jurisdiction may only publish a version of the report from which the information has been omitted.
- (5) If the NCC decides that information provided to it for the purposes of an NCC recommendation or decision is confidential information, the NCC and the relevant Minister may only publish a version of (as the case requires) an NCC recommendation or decision or Ministerial coverage decision from which the information has been omitted.
