- (2) Subsection (1) does not apply to a rail safety worker, not being a rail transport operator, carrying out rail safety work for or on behalf of a rail transport operator who—

  - (b) is exempt under this Act from compliance with this section,
- in relation to that rail safety work.

### **33—Purpose for which accreditation may be granted**

- (1) An accreditation may be granted to a rail transport operator for any 1 or more of the following purposes:

**36—Regulator may direct applicants to coordinate and cooperate in applications**

- (1) If the Regulator—
  - (a) receives applications from 2 or more rail transport operators for accreditation; and
  - (b) believes that coordinated preparation of the applications is necessary to ensure that the railway operations of the applicants are carried out safely,the Regulator may give a direction in writing to the rail transport operators to coordinate their applications.
- (2) A direction under this section may require each rail transport operator who is the subject of the direction to provide to each other rail transport operator who is the subject of the direction information concerning any circumstances in relation to the carrying out of railway operations by the first-mentioned rail transport operator that could constitute a risk to safety in relation to the carrying out of rail operations by another rail transport operator that is the subject of the direction.
