## Part 3—Regulation of rail safety

### Division 1—Interpretation

#### 46—Management of risks

A duty imposed on a person under this Law to ensure, so far as is reasonably practicable, safety requires the person—

- (a) to eliminate risks to safety so far as is reasonably practicable; and
- (b) if it is not reasonably practicable to eliminate risks to safety, to minimise those risks so far as is reasonably practicable.

#### 47—Meaning of reasonably practicable

In this Part—

*reasonably practicable*, in relation to a duty to ensure safety, means that which is (or was at a particular time) reasonably able to be done in relation to ensuring safety, taking into account and weighing up all relevant matters, including—

- (a) the likelihood of the hazard or the risk concerned occurring; and
- (b) the degree of harm that might result from the hazard or the risk; and
- (c) what the person concerned knows, or ought reasonably to know, about—
  - (i) the hazard or the risk; and
  - (ii) ways of eliminating or minimising the risk; and
- (d) the availability and suitability of ways to eliminate or minimise the risk; and
- (e) after assessing the extent of the risk and the available ways of eliminating or minimising the risk—the cost associated with available ways of eliminating or minimising the risk (including whether the cost is grossly disproportionate to the risk).

### Division 2—Occupational health and safety and railway operations

#### 48—Relationship between this Law and OHS legislation

- (1) If a provision of the occupational health and safety legislation applies to railway operations, that provision continues to apply, and must be observed, in addition to this Law.
- (2) If a provision of this Law is inconsistent with a provision of the occupational health and safety legislation, the provision of the occupational health and safety legislation prevails to the extent of any inconsistency.

**Note—**

For example, if a provision of this Law deals with a certain matter and a provision of the occupational health and safety legislation deals with the same matter and it is impossible to comply with both provisions, a person must comply with the occupational health and safety legislation and not with this Law. If provisions of both this Law and the occupational health and safety legislation deal with the same matter but it is possible to comply with both provisions, a person must comply with both.

- (3) Compliance with this Law or with any requirement imposed under this Law is not in itself a defence in any proceedings for an offence against the occupational health and safety legislation.
- (4) Evidence of a relevant contravention of this Law is admissible in any proceedings for an offence against the occupational health and safety legislation.

#### **49—No double jeopardy**

Where an act or omission constitutes an offence—

- (a) under this Law; and
- (b) under the occupational health and safety legislation,

the offender is not liable to be punished twice in respect of the offence.

### **Division 3—Rail safety duties**

#### **Subdivision 1—Principles**

##### **50—Principles of shared responsibility, accountability, integrated risk management, etc**

- (1) Rail safety is the shared responsibility of—
  - (a) rail transport operators; and
  - (b) rail safety workers; and
  - (c) other persons who—
    - (i) design, commission, construct, manufacture, supply, install, erect, maintain, repair, modify or decommission rail infrastructure or rolling stock; or
    - (ii) supply rail infrastructure operations or rolling stock operations to rail operators; or
    - (iii) in relation to the transport of freight by railway—load or unload freight on or from rolling stock; and
  - (d) the Regulator; and
  - (e) ONRSR; and
  - (f) the public.
- (2) The level and nature of responsibility that a person referred to in subsection (1), or falling within a class of person referred to in that subsection, has for rail safety is dependent on the nature of the risk to rail safety that the person creates from the carrying out of an activity (or the making of a decision) and the capacity that person has to control, eliminate or mitigate those risks.
- (3) The persons and classes of persons referred to in subsection (1) should—
  - (a) participate in or be able to participate in; and
  - (b) be consulted on; and
  - (c) be involved in the formulation and implementation of,

measures to manage risks to safety associated with railway operations.

- (4) Managing risks associated with the carrying out of rail infrastructure operations or rolling stock operations is the responsibility of the person best able to control those risks.
- (5) If approaches to managing risks associated with any particular railway have potential impacts on any other railway or a railway network of which the railway is a part, the best practicable rail safety outcome should be sought.

## **51—Principles applying to rail safety duties**

- (1) A duty under this Law cannot be transferred to another person.
- (2) A person can have more than 1 duty under this Law by virtue of being in more than 1 class of duty holder.
- (3) More than 1 person can concurrently have the same duty under this Law and each duty holder must comply with that duty to the standard required by this Law even if another duty holder has the same duty.
- (4) If more than 1 person has a duty for the same matter, each person—
  - (a) retains responsibility for the person's duty in relation to the matter; and
  - (b) must discharge the person's duty to the extent to which the person has the capacity to influence and control the matter (or would have had that capacity but for an agreement or arrangement purporting to limit or remove that capacity).

## **Subdivision 2—Duties**

### **52—Duties of rail transport operators**

- (1) A rail transport operator must ensure, so far as is reasonably practicable, the safety of the operator's railway operations.
- (2) Without limiting subsection (1), a rail transport operator must ensure, so far as is reasonably practicable—
  - (a) that safe systems for the carrying out of the operator's railway operations are developed and implemented; and
  - (b) that each rail safety worker who is to perform rail safety work in relation to the operator's railway operations—
    - (i) is of sufficient good health and fitness to carry out that work safely; and
    - (ii) is competent to undertake that work; and
  - (c) that rail safety workers do not carry out rail safety work in relation to the operator's railway operations, and are not on duty, while impaired by alcohol or a drug; and
  - (d) that rail safety workers who perform rail safety work in relation to the operator's railway operations do not carry out rail safety work while impaired by fatigue or if they may become so impaired; and

- (e) the provision of adequate facilities for the safety of persons at any railway premises under the control or management of the operator; and
  - (f) the provision of—
    - (i) such information and instruction to, and training and supervision of, rail safety workers as is necessary to enable those workers to perform rail safety work in relation to the operator's railway operations in a way that is safe; and
    - (ii) such information to rail transport operators and other persons on railway premises under the control or management of the operator as is necessary to enable those persons to ensure their safety.
- (3) Without limiting subsection (1), a rail infrastructure manager must ensure, so far as is reasonably practicable—
- (a) the provision or maintenance of rail infrastructure that is safe; and
  - (b) that any design, construction, commissioning, use, installation, modification, maintenance, repair or decommissioning of the manager's rail infrastructure is done or carried out in a way that ensures the safety of railway operations; and
  - (c) that systems and procedures for the scheduling, control and monitoring of railway operations are established and maintained so as to ensure the safety of the manager's railway operations; and
  - (d) that communications systems and procedures are established and maintained so as to ensure the safety of the manager's railway operations.
- (4) Without limiting subsection (1), a rolling stock operator must ensure, so far as is reasonably practicable—
- (a) the provision or maintenance of rolling stock that is safe; and
  - (b) that any design, construction, commissioning, use, modification, maintenance, repair or decommissioning of the operator's rolling stock is done or carried out in a way that ensures safety; and
  - (c) compliance with the rules and procedures for the scheduling, control and monitoring of rolling stock that have been established by a rail infrastructure manager in relation to the use of the manager's rail infrastructure by the rolling stock operator; and
  - (d) that equipment, procedures and systems are established and maintained so as to minimise risks to the safety of the operator's railway operations; and
  - (e) that arrangements are made for ensuring safety in connection with the use, operation and maintenance of the operator's rolling stock; and
  - (f) that communications systems and procedures are established and maintained so as to ensure the safety of the operator's railway operations.
- (5) This section applies to a person (other than a rail transport operator) who carries out railway operations in the same way as it applies to a rail transport operator, but does not apply if the person carries out those operations as a rail safety worker or an employee.

- the reference in that subsection to the person who supplies that thing is instead taken to be a reference to the third person.
- (3) A person who decommissions any rail infrastructure or rolling stock must ensure, so far as is reasonably practicable—

#### 62—Accreditation required for railway operations

- (1) A person must not carry out any railway operations unless the person—
- (a) is a rail transport operator who—
    - (i) is accredited under this Part in respect of those operations; or
    - (ii) is exempt under this Law from compliance with this section in respect of those operations; or
  - (b) is carrying out those operations for or on behalf of—

- (b) in the case of a body corporate—\$1 500 000.

**Note—**

If a body corporate and related bodies corporate are involved, an exemption may be given so that only 1 of the bodies need be accredited (*related body corporate* meaning related by virtue of section 50 of the *Corporations Act 2001* of the Commonwealth).

- (2) Subsection (1) does not apply to a rail safety worker, not being a rail transport operator, carrying out rail safety work for or on behalf of a rail transport operator who—

- (3) If the applicant so requests, accreditation may be granted for a specified period only.

### **Subdivision 2—Procedures for granting accreditation**

#### **64—Application for accreditation**

- (1) A rail transport operator may apply to the Regulator for accreditation in respect of specified railway operations carried out, or proposed to be carried out, by or on behalf of that operator.

  - (d) must be accompanied by the application fee prescribed by the national regulations.
- (3) The Regulator may require a rail transport operator who has applied for accreditation—
  - (a) to supply further information requested by the Regulator; and
  - (b) to verify by statutory declaration any information supplied to the Regulator.

- (4) If the Regulator, on receiving an application for accreditation, is of the opinion that the scope and nature of the railway operations in respect of which accreditation is sought is such that the scale and complexity of the regulatory oversight that will be required by the Regulator in respect of the operations will be significant, the Regulator—
- (a) must notify the rail transport operator in writing—
    - (i) that, in addition to the application fee referred to in subsection (2)(d), the Regulator is considering charging the operator the application (complex operations) fee prescribed by the national regulations; and

## 66—Regulator may direct applicants to coordinate applications

- (1) If the Regulator—
- (a) receives applications from 2 or more rail transport operators for accreditation; and
  - (b) believes that coordinated preparation of the applications is necessary to ensure railway operations of the applicants are carried out safely,

the Regulator may give a direction in writing to each of the applicants to coordinate their applications (a *coordination direction*).

- (2) A coordination direction—
- (a) may be given to rail transport operators carrying out, or proposing to carry out, railway operations in different jurisdictions; and
  - (b) may require each rail transport operator subject to the direction to provide to each other rail transport operator subject to the direction information concerning any circumstances in relation to the carrying out of railway operations by the first mentioned operator that could constitute a risk to safety in relation to the carrying out of railway operations by another operator subject to the direction.
- (3) A rail transport operator to whom a coordination direction has been given under this section must comply with the direction.

Maximum penalty:

- (a) in the case of an individual—\$5 000;

- (b) a reference to the Chapter, Part, Division, Subdivision, section, subsection or other provision of this Law or the Act referred to that forms the end of the portion.

**Example—**

A reference to "sections 5 to 9" includes both section 5 and section 9. It is not necessary to refer to "sections 5 to 9 (both inclusive)" to ensure that the reference is given an inclusive interpretation.

## Part 4—Functions and powers

### 22—Exercise of statutory functions

- (1) If this Law confers a function on a person or body, the function may be exercised from time to time as occasion requires.
- (2) If this Law confers a function on a particular officer or the holder of a particular office, the function may be exercised by the person for the time being occupying or acting in the office concerned.
- (3) If this Law confers a function on a body (whether or not incorporated), the exercise of the function is not affected merely because of vacancies in the membership of the body.

### 23—Power to make instrument or decision includes power to amend or repeal

If this Law authorises or requires the making of an instrument or decision—

- (a) the power includes power to amend or repeal the instrument or decision; and
- (b) the power to amend or repeal the instrument or decision is exercisable in the same way, and subject to the same conditions, as the power to make the instrument or decision.

### 24—Matters for which statutory instruments may make provision

- (1) If this Law authorises or requires the making of a statutory instrument in relation to a matter, a statutory instrument made under this Law may make provision for the matter by applying, adopting or incorporating (with or without modification) the provisions of—
  - (a) an Act or statutory instrument; or
  - (b) another document (whether of the same or a different kind), as in force at a particular time or as in force from time to time.
- (2) If a statutory instrument applies, adopts or incorporates the provisions of a document, the statutory instrument applies, adopts or incorporates the provisions as in force from time to time, unless the statutory instrument otherwise expressly provides.
- (3) A statutory instrument may—
  - (a) apply generally throughout this jurisdiction or be limited in its application to a particular part of this jurisdiction; or
  - (b) apply generally to all persons, matters or things or be limited in its application to—
    - (i) particular persons, matters or things; or
    - (ii) particular classes of persons, matters or things; or
  - (c) otherwise apply generally or be limited in its application by reference to specified exceptions or factors.
- (4) A statutory instrument may—
  - (a) apply differently according to different specified factors; or
  - (b) otherwise make different provision in relation to—

- (i) different persons, matters or things; or
  - (ii) different classes of persons, matters or things.
- (5) A statutory instrument may authorise a matter or thing to be from time to time determined, applied or regulated by a specified person or body.
- (6) If this Law authorises or requires a matter to be regulated by statutory instrument, the power may be exercised by prohibiting by statutory instrument the matter or any aspect of the matter.
- (7) If this Law authorises or requires provision to be made with respect to a matter by statutory instrument, a statutory instrument made under this Law may make provision with respect to a particular aspect of the matter despite the fact that provision is made by this Law in relation to another aspect of the matter or in relation to another matter.
- (8) A statutory instrument may provide for the review of, or a right of appeal against, a decision made under the statutory instrument, or this Law, and may, for that purpose, confer jurisdiction on any court, tribunal, person or body.
- (9) A statutory instrument may require a form prescribed by or under the statutory instrument, or information or documents included in, attached to or given with the form, to be verified by statutory declaration.

## **25—Presumption of validity and power to make**

- (1) All conditions and preliminary steps required for the making of a statutory instrument are presumed to have been satisfied and performed in the absence of evidence to the contrary.
- (2) A statutory instrument is taken to be made under all powers under which it may be made, even though it purports to be made under this Law or a particular provision of this Law.

## **26—Appointments may be made by name or office**

- (1) If this Law authorises or requires a person or body—
  - (a) to appoint a person to an office; or
  - (b) to appoint a person or body to exercise a power; or
  - (c) to appoint a person or body to do another thing,the person or body may make the appointment by—
  - (d) appointing a person or body by name; or
  - (e) appointing a particular officer, or the holder of a particular office, by reference to the title of the office concerned.
- (2) An appointment of a particular officer, or the holder of a particular office, is taken to be the appointment of the person for the time being occupying or acting in the office concerned.

## **27—Acting appointments**

- (1) If this Law authorises a person or body to appoint a person to act in an office, the person or body may, in accordance with this Law, appoint—
  - (a) a person by name; or

- (b) a particular officer, or the holder of a particular office, by reference to the title of the office concerned,
- to act in the office.
- (2) The appointment may be expressed to have effect only in the circumstances specified in the instrument of appointment.
- (3) The appointer may—
- (a) determine the terms and conditions of the appointment, including remuneration and allowances; and
  - (b) terminate the appointment at any time.
- (4) The appointment, or the termination of the appointment, must be in, or evidenced by, writing signed by the appointer.
- (5) The appointee must not act for more than 1 year during a vacancy in the office.
- (6) If the appointee is acting in the office otherwise than because of a vacancy in the office and the office becomes vacant, then, subject to subclause (2), the appointee may continue to act until—
- (a) the appointer otherwise directs; or
  - (b) the vacancy is filled; or
  - (c) the end of a year from the day of the vacancy,
- whichever happens first.
- (7) The appointment ceases to have effect if the appointee resigns by writing signed and delivered to the appointer.
- (8) While the appointee is acting in the office—
- (a) the appointee has all the powers and functions of the holder of the office; and
  - (b) this Law and other laws apply to the appointee as if the appointee were the holder of the office.
- (9) Anything done by or in relation to a person purporting to act in the office is not invalid merely because—
- (a) the occasion for the appointment had not arisen; or
  - (b) the appointment had ceased to have effect; or
  - (c) the occasion for the person to act had not arisen or had ceased.
- (10) If this Law authorises the appointer to appoint a person to act during a vacancy in the office, an appointment to act in the office may be made by the appointer whether or not an appointment has previously been made to the office.

## **28—Powers of appointment imply certain incidental powers**

- (1) If this Law authorises or requires a person or body to appoint a person to an office—
- (a) the power may be exercised from time to time as occasion requires; and
  - (b) the power includes—

- (i) power to remove or suspend, at any time, a person appointed to the office; and
  - (ii) power to appoint another person to act in the office if a person appointed to the office is removed or suspended; and
  - (iii) power to reinstate or reappoint a person removed or suspended; and
  - (iv) power to appoint a person to act in the office if it is vacant (whether or not the office has ever been filled); and
  - (v) power to appoint a person to act in the office if the person appointed to the office is absent or is unable to discharge the functions of the office (whether because of illness or otherwise).
- (2) The power to remove or suspend a person under subclause (1)(b) may be exercised even if this Law provides that the holder of the office to which the person was appointed is to hold office for a specified period.
- (3) The power to make an appointment under subclause (1)(b) may be exercised from time to time as occasion requires.
- (4) An appointment under subclause (1)(b) may be expressed to have effect only in the circumstances specified in the instrument of appointment.

## **29—Delegation of functions**

- (1) If this Law authorises a person or body to delegate a function, the person or body may, in accordance with this Law and any other applicable law, delegate the function to—
- (a) a person or body by name; or
  - (b) a specified officer, or the holder of a specified office, by reference to the title of the office concerned.
- (2) The delegation may—
- (a) be general or limited; and
  - (b) be made from time to time; and
  - (c) be revoked, wholly or partly, by the delegator.
- (3) The delegation, or a revocation of the delegation, must be in, or evidenced by, writing signed by the delegator or, if the delegator is a body, by a person authorised by the body for the purpose.
- (4) A delegated function may be exercised only in accordance with any conditions to which the delegation is subject.
- (5) The delegate may, in the exercise of a delegated function, do anything that is incidental to the delegated function.
- (6) A delegated function that purports to have been exercised by the delegate is taken to have been properly exercised by the delegate unless the contrary is proved.
- (7) A delegated function that is properly exercised by the delegate is taken to have been exercised by the delegator.

- (8) If, when exercised by the delegator, a function is dependent on the delegator's opinion, belief or state of mind, then, when exercised by the delegate, the function is dependent on the delegate's opinion, belief or state of mind.
- (9) If—
- (a) the delegator is a specified officer or the holder of a specified office; and
  - (b) the person who was the specified officer or holder of the specified office when the delegation was made ceases to be the holder of the office,
- then—
- (c) the delegation continues in force; and
  - (d) the person for the time being occupying or acting in the office concerned is taken to be the delegator for the purposes of this clause.
- (10) If—
- (a) the delegator is a body; and
  - (b) there is a change in the membership of the body,
- then—
- (c) the delegation continues in force; and
  - (d) the body as constituted for the time being is taken to be delegator for the purposes of this clause.
- (11) If a function is delegated to a specified officer or the holder of a specified office—
- (a) the delegation does not cease to have effect merely because the person who was the specified officer or the holder of the specified office when the function was delegated ceases to be the officer or the holder of the office; and
  - (b) the function may be exercised by the person for the time being occupying or acting in the office concerned.
- (12) A function that has been delegated may, despite the delegation, be exercised by the delegator.
- (13) The delegation of a function does not relieve the delegator of the delegator's obligation to ensure that the function is properly exercised.
- (14) Subject to subclause (15), this clause applies to a subdelegation of a function in the same way as it applies to a delegation of a function.
- (15) If this Law authorises the delegation of a function, the function may be subdelegated only if this Law expressly authorises the function to be subdelegated.

### **30—Exercise of powers between enactment and commencement**

- (1) If a provision of this Law (the *empowering provision*) that does not commence on its enactment would, had it commenced, confer a power—
- (a) to make an appointment; or
  - (b) to make a statutory instrument of a legislative or administrative character; or
  - (c) to do another thing,
- then—

- (d) the power may be exercised; and
  - (e) anything may be done for the purpose of enabling the exercise of the power or of bringing the appointment, instrument or other thing into effect,before the empowering provision commences.
- (2) If a provision of a South Australian Act (the *empowering provision*) that does not commence on its enactment would, had it commenced, amend a provision of this Law so that it would confer a power—
  - (a) to make an appointment; or
  - (b) to make a statutory instrument of a legislative or administrative character; or
  - (c) to do another thing,then—
  - (d) the power may be exercised; and
  - (e) anything may be done for the purpose of enabling the exercise of the power or of bringing the appointment, instrument or other thing into effect,before the empowering provision commences.
- (3) If—
  - (a) this Law has commenced and confers a power to make a statutory instrument (the *basic instrument-making power*); and
  - (b) a provision of a South Australian Act that does not commence on its enactment would, had it commenced, amend this Law so as to confer additional power to make a statutory instrument (the *additional instrument-making power*),then—
  - (c) the basic instrument-making power and the additional instrument-making power may be exercised by making a single instrument; and
  - (d) any provision of the instrument that required an exercise of the additional instrument-making power is to be treated as made under subclause (2).
- (4) If an instrument, or a provision of an instrument, is made under subclause (1) or (2) that is necessary for the purpose of—
  - (a) enabling the exercise of a power mentioned in the subclause; or
  - (b) bringing an appointment, instrument or other thing made or done under such a power into effect,the instrument or provision takes effect—
  - (c) on the making of the instrument; or
  - (d) on such later day (if any) on which, or at such later time (if any) at which, the instrument or provision is expressed to take effect.
- (5) If—
  - (a) an appointment is made under subclause (1) or (2); or

- (b) an instrument, or a provision of an instrument, made under subclause (1) or (2) is not necessary for a purpose mentioned in subclause (4),  
the appointment, instrument or provision takes effect—
  - (c) on the commencement of the relevant empowering provision; or
  - (d) on such later day (if any) on which, or at such later time (if any) at which, the appointment, instrument or provision is expressed to take effect.
- (6) Anything done under subclause (1) or (2) does not confer a right, or impose a liability, on a person before the relevant empowering provision commences.
- (7) After the enactment of a provision mentioned in subclause (1) but before the provision's commencement, this clause applies as if the references in subclauses (2) and (5) to the commencement of the empowering provision were references to the commencement of the provision mentioned in subclause (2) as amended by the empowering provision.
- (8) In the application of this clause to a statutory instrument, a reference to the enactment of the instrument is a reference to the making of the instrument.

## **Part 5—Distance, time and age**

### **31—Matters relating to distance, time and age**

- (1) In the measurement of distance for the purposes of this Law, the distance is to be measured along the shortest road ordinarily used for travelling.
- (2) If a period beginning on a given day, act or event is provided or allowed for a purpose by this Law, the period is to be calculated by excluding the day, or the day of the act or event, and—
  - (a) if the period is expressed to be a specified number of clear days or at least a specified number of days—by excluding the day on which the purpose is to be fulfilled; and
  - (b) in any other case—by including the day on which the purpose is to be fulfilled.
- (3) If the last day of a period provided or allowed by this Law for doing anything is not a business day in the place in which the thing is to be or may be done, the thing may be done on the next business day in the place.
- (4) If the last day of a period provided or allowed by this Law for the filing or registration of a document is a day on which the office is closed where the filing or registration is to be or may be done, the document may be filed or registered at the office on the next day that the office is open.
- (5) If no time is provided or allowed for doing anything, the thing is to be done as soon as possible, and as often as the prescribed occasion happens.
- (6) If, in this Law, there is a reference to time, the reference is, in relation to the doing of anything in a jurisdiction, a reference to the legal time in the jurisdiction.
- (7) For the purposes of this Law, a person attains an age in years at the beginning of the person's birthday for the age.

## **Part 6—Effect of repeal, amendment or expiration**

### **32—Time of Law ceasing to have effect**

If a provision of this Law is expressed—

- (a) to expire on a specified day; or
- (b) to remain or continue in force, or otherwise have effect, until a specified day, this provision has effect until the last moment of the specified day.

### **33—Repealed provisions not revived**

If a provision of this Law is repealed or amended by a South Australian Act, or a provision of a South Australian Act, the provision is not revived merely because the South Australian Act or the provision of the South Australian Act—

- (a) is later repealed or amended; or
- (b) later expires.

### **34—Saving of operation of repealed Law provisions**

- (1) The repeal, amendment or expiry of a provision of this Law does not—
  - (a) revive anything not in force or existing at the time the repeal, amendment or expiry takes effect; or
  - (b) affect the previous operation of the provision or anything suffered, done or begun under the provision; or
  - (c) affect a right, privilege or liability acquired, accrued or incurred under the provision; or
  - (d) affect a penalty incurred in relation to an offence arising under the provision; or
  - (e) affect an investigation, proceeding or remedy in relation to such a right, privilege, liability or penalty.
- (2) Any such penalty may be imposed and enforced, and any such investigation, proceeding or remedy may be begun, continued or enforced, as if the provision had not been repealed or amended or had not expired.

### **35—Continuance of repealed provisions**

If a South Australian Act repeals some provisions of this Law and enacts new provisions in substitution for the repealed provisions, the repealed provisions continue in force until the new provisions commence.

### **36—Law and amending Acts to be read as one**

This Law and all South Australian Acts amending this Law are to be read as one.

## **Part 7—Instruments under Law**

### **37—Schedule applies to statutory instruments**

- (1) This Schedule applies to a statutory instrument, and to things that may be done or are required to be done under a statutory instrument, in the same way as it applies to this Law, and things that may be done or are required to be done under this Law, except so far as the context or subject matter otherwise indicates or requires.
- (2) The fact that a provision of this Schedule refers to this Law and not also to a statutory instrument does not, by itself, indicate that the provision is intended to apply only to this Law.
