Part 2—Division of land by strata plan

Division 1—The strata plan

5—Nature of strata plan and requirements with which it must conform

- (1) A strata plan is a plan dividing land into—
- (a) units (of which there must be at least two); and
 - (b) common property.
- (2) A strata plan must comprise the whole of one or more allotments.
- (3) A strata plan—
- (a) must define the units to be created by the plan in a manner that allows the boundaries of each unit to be ascertained; and
 - (b) must assign to each unit a distinguishing number; and
 - (c) must have annexed to it a schedule of unit entitlements in relation to the units; and
 - (d) must delineate the boundaries of the land comprised in the plan; and
 - (e) must delineate in relation to those boundaries the external lateral boundaries of all buildings on the land; and
 - (f) must comply with any other requirements stipulated by the Registrar-General.
- (4) A unit—
- (a) must consist of, or include, the whole or a part of a building;
 - (b) need not be wholly within one or more buildings;
 - (c) may be below, on or above the surface of land;
 - (d) may be wholly on one storey or level or partly on one storey or level and partly on another or others;
 - (e) may include an area (a *unit subsidiary*)—

- (i) for the separate use of the occupier of the unit; and
 - (ii) appurtenant to the portion of the unit designed for separate occupation.
- (5) Subject to any explicit statement to the contrary in a strata plan, the following principles apply to the definition of a unit by strata plan—
 - (a) where a boundary is defined by reference to a wall or fence—the boundary is the inner surface of the wall or fence;
 - (b) where a boundary is defined by reference to a floor—the boundary is the upper surface of the floor;
 - (c) where a boundary is defined by reference to a ceiling or roof—the boundary is the under surface of the ceiling or roof.
- (6) The common property comprises—
 - (a) any land or space that is not within a unit;
 - (b) any pipe, cable, wire, duct or drain that is not for the exclusive use of a unit;
 - (c) any structure that is not for the exclusive use of a unit installed before the deposit of the strata plan;
 - (d) any structure installed by a strata corporation as part of the common property;
 - (e) any other structure on the site committed to the care of a strata corporation as part of the common property.
- (7) Subject to any explicit statement to the contrary in the strata plan, a wall or fence between a building that forms part of a unit and a unit subsidiary to that unit is part of the common property.
- (8) The plan must conform with any requirements of the regulations as to the design of the strata scheme.

6—Unit entitlement

- (1) The unit entitlement of a unit is a number assigned to the unit that bears in relation to the aggregate unit entitlements of all of the units defined on the relevant strata plan (within a tolerance of ± 10 per cent) the same proportion that the capital value of the unit bears to the aggregate capital value of all of the units.
- (2) The unit entitlement of a unit must be expressed as a whole number.
- (3) The aggregate unit entitlements of all units defined on a strata plan must, if the regulations so provide, be a number fixed in the regulations.

Division 3—Proprietary incidents arising from deposit of strata plan

9—Easements

The following easements exist, to the extent required by the nature of the strata scheme, between the units and between the units and common property:

- (a) easements of support and shelter;
- (b) easements allowing for the establishment and maintenance of pipes, ducts, cables and other equipment so that—

- (i) a unit may be supplied with water, gas, electricity, heating oil, or air-conditioned air;
- (ii) a unit may be connected to the telephone or to a radio or television antenna;
- (iii) a unit may be connected to sewerage, garbage, drainage or other similar services.

10—Common property

- (1) The common property is held by the strata corporation in trust for the unit holders.
- (2) An equitable share in the common property attaches to each unit and cannot be alienated or dealt with separately from the unit.
- (3) The extent of the share is proportioned to the unit entitlement of the unit.

11—Vesting of public land in the council

- (1) Any land shown on a deposited strata plan as a road, street, thoroughfare, reserve or similar open space (except any such land shown on the plan as an easement or excluded by regulation from the application of this section) is vested in the council in fee simple free of any encumbrance.
- (2) Any road, street or thoroughfare that vests in a council under subsection (1) will be regarded, for all purposes, as a public road, street or thoroughfare.

Division 4—Amendment of deposited strata plan

12—Application for amendment

- (1) An application for the amendment of a deposited strata plan may be made only by the strata corporation.
- (2) The applicant must provide evidence to the satisfaction of the Registrar-General—
 - (a) that the application is made in pursuance of a unanimous resolution duly passed at a properly convened meeting of the strata corporation;
 - (b) that any person with an encumbrance registered in relation to units or common property affected by the proposed amendment consents to the amendment;
 - (c) if units or common property affected by the proposed amendment are subject to a statutory encumbrance—that the holder of the statutory encumbrance consents to the amendment.
- (2a) Where the amendment of a deposited strata plan would result in the extinguishment of an easement in respect of part of the dominant land, the consent of a person who has, or claims, an estate or interest in the servient land is not required in relation to that extinguishment if rights under the easement continue in existence in respect of some other part of the dominant land.
- (3) The application must be accompanied by—
 - (c) if the amendment affects the delineation of units, common property or any buildings on the site—
 - (i) a plan indicating the changes to be effected by the amendment;

- (ii) a certificate from a licensed surveyor in the prescribed form (which may be endorsed on the plan) certifying that the plan correctly delineates the units, the common property and the buildings on the site;
 - (iii) a certificate from a licensed valuer certifying the amount (if any) by which the value of any unit or the common property would be varied by the amendment; and
 - (d) if the amendment—
 - (i) consists of a variation of the unit entitlements of the units; or
 - (ii) affects the relative value of the units,
a fresh schedule of unit entitlements certified correct by a licensed valuer; and
 - (e) an instrument providing for the discharge of any registered encumbrance shown on the certificate or certificates of title of the units that should, in the opinion of the Registrar-General, be discharged; and
 - (f) such other documentary material as the Registrar-General may require.
- (3a) Where—
- (a) the erection or alteration of a building on the site causes an encroachment on land not included in the site; and
 - (b) the application for amendment relates (wholly or in part) to the erection or alteration of that building,
- the application can only be accepted if—
- (c) no part of a unit would, if the amendment were made, form part of the encroachment; and
 - (d) —
 - (i) the encroachment is over public land and the council within whose area the land is situated consents to the encroachment; or
 - (ii) the encroachment consists of the protrusion of footings, or footings and associated structures of a prescribed nature, by not more than the prescribed distance beyond the boundaries of the site, and the owner of the land over which the encroachment occurs consents to the encroachment; or
 - (iii) it is established to the Registrar-General's satisfaction that the encroachment is otherwise authorised by law.
- (3b) If the amendment affects the delineation of units or common property, the Registrar-General must not deal with the application unless satisfied that the certificate from the Development Assessment Commission required by section 51 of the *Development Act 1993* has been given, and is in force, in relation to the amendment.
- (3c) The certificate from the Development Assessment Commission under section 51 of the *Development Act 1993* expires at the expiration of 1 year after the application for amendment was lodged with the Registrar-General unless the Registrar-General extends the life of the certificate.

- (4) Where due application is made for the amendment of a strata plan, the Registrar-General will, so far as the nature of this amendment requires—
- (a) amend the plan in accordance with the application, or substitute a fresh strata plan;
 - (b) amend or endorse any certificate of title affected by the amendment, or cancel any such certificate and issue a new certificate or new certificates;
 - (c) substitute a fresh schedule of unit entitlements.
- (4a) Where an application affected by an encroachment is accepted by the Registrar-General—
- (a) unless the encroachment is over public land, the Registrar-General will, on the amendment of the plan, enter the encroachment on any relevant certificate of title; and
 - (b) any consent given in relation to the encroachment is binding on present and subsequent owners and occupiers of the land.
- (5) Where part of a unit is, on the amendment of the strata plan by the Registrar-General, transferred to another unit or to common property, then—
- (a) the part is discharged from any encumbrance (other than an easement or statutory encumbrance) registered over the unit from which it is transferred; and
 - (b) if the part is being transferred to another unit—the part will be held subject to any encumbrance registered over the whole of that unit.
- (5a) Where part of the common property is, on the amendment of the strata plan by the Registrar-General, transferred to a unit, then—
- (a) the part is discharged from any encumbrance (other than an easement or statutory encumbrance) registered over the common property; and
 - (b) the part will be held subject to any encumbrance registered over the whole of the unit.
- (6) Where an amendment provides for—
- (a) the division of a unit into two or more units; or
 - (b) the consolidation of two or more units into one unit,
- any unit created by the amendment will be held subject to any registered encumbrance shown on the certificate or certificates of title (unless an instrument providing for the discharge of the encumbrance is lodged with the Registrar-General).
- (7) An application for the amendment of a deposited strata plan that effects the transfer of an interest in land is a conveyance.
- (8) If, on amendment of a deposited strata plan, part, but not the whole, of an allotment within the meaning of Part 19AB of the *Real Property Act 1886* is to be included in the site or land is to be removed from the site, the application under this section will be taken to be an application for division under Part 19AB of the *Real Property Act 1886* as well as being an application under this section and accordingly—
- (a) both this section and Part 19AB apply to and in relation to the application; and

- (b) if part of an allotment is to be included from outside the site, the application must be made jointly by the strata corporation and the registered proprietor of the allotment to be divided; and
- (c) the Registrar-General may direct that a combined plan or two separate plans be lodged with the application.

12A—Application may deal with statutory encumbrances

Despite any other statutory provision to the contrary, the Registrar-General may treat an application for amendment of a deposited strata plan under this Division as if it included an application for the variation or termination of a statutory encumbrance if—

- (a) the application specifies that variation or termination of a statutory encumbrance is to be registered or noted; and
- (b) the application is accompanied by—
 - (i) a certificate signed by or on behalf of the holder of the statutory encumbrance certifying that the requirements of the Act under which the encumbrance was entered into, or is in force, as to the variation or termination of the statutory encumbrance (if any) have been complied with; and
 - (ii) such other documentary material in relation to the statutory encumbrance as the Registrar-General may require.

13—Amendment by order of ERD Court

- (1) The ERD Court may, on application under this section, order the amendment of a strata plan.
- (2) An application may be made under this section by—
 - (a) the strata corporation; or
 - (b) a unit holder; or
 - (c) any other person who has a registered interest in a unit; or
 - (d) an insurer of a unit or any of the common property.
- (3) Such an application may only be made—
 - (a) for the purpose of correcting an error in the plan;
 - (b) for the purpose of varying the unit entitlements of the units;
 - (c) for the purpose of achieving amendments that have become desirable in view of damage to buildings within the strata scheme;
 - (d) for the purpose of achieving any other amendments that are desirable in the circumstances of the particular case.
- (3a) If it appears to the ERD Court that the proposed amendment of the strata plan could adversely affect a person who is not a party to the proceedings, the ERD Court should not order the amendment unless the ERD Court is satisfied that the person has been notified of the possibility that such an order could be made and has been given a reasonable opportunity to make submissions to the Court in relation to the matter.

- (3b) In determining an application under this section the ERD Court must have regard to the matters (if any) prescribed by regulation.
- (4) The ERD Court may, on an application under this section, make—
 - (a) an order for amendment of the strata plan;
 - (b) any further orders that may be necessary to achieve justice between those affected by the amendment;
 - (c) incidental or ancillary orders.
- (5) Where an order for the amendment of a strata plan is made, the Registrar-General will, on lodgement of the order and any other documentary material the Registrar-General requires, amend the plan in accordance with the order.

Division 6—Amalgamation

16—Amalgamation of adjacent sites

- (1) Where the sites comprised in two or more deposited strata plans are adjacent to each other, the strata plans may be amalgamated to form a single strata plan.
- (2) An application for amalgamation—
 - (a) must be under the common seals of the strata corporations affected by the proposed amalgamation; and
 - (b) must be endorsed with a statement to the effect that the application is made in pursuance of unanimous resolutions duly passed at properly convened meetings of the strata corporations; and
 - (c) must be endorsed with the consent of all persons (other than unit holders) with registered interests in the units; and
 - (d) must be accompanied by—
 - (i) a fresh strata plan prepared in accordance with this Act covering the proposed new site; and
 - (ia) a certificate from a licensed valuer certifying that the schedule of unit entitlements annexed to the fresh strata plan is correct; and
 - (iii) the articles proposed for the corporation to be created by the proposed amalgamation (unless the articles are to be in accordance with Schedule 3); and
 - (iv) such other documentary material as the Registrar-General may require.
- (3) If the Registrar-General deposits the fresh strata plan in pursuance of an application under this section—
 - (a) the existing deposited strata plans will be cancelled and the fresh plan deposited in substitution for them;
 - (b) a new number will be assigned to the fresh plan;
 - (c) appropriate amendments will be made to the certificates for the units, or new certificates issued;

 - (c) any other person who has a registered interest in a unit.
- (4a) If it appears to the ERD Court that the proposed cancellation of the strata plan could adversely affect a person who is not a party to the proceedings, the ERD Court should not order the cancellation unless the ERD Court is satisfied that the person has been notified of the possibility that such an order could be made and has been given a reasonable opportunity to make submissions to the Court in relation to the matter.
- (4b) In determining an application under this section the ERD Court must have regard to the matters (if any) prescribed by regulation.
- (5) If the ERD Court makes an order for the cancellation of a strata plan, the strata corporation must lodge with the Registrar-General a copy of the order together with an application to note the order.
- (6) The Registrar-General must, if satisfied that all terms of the order that are to be complied with before the cancellation of the plan (if any) have been complied with, cancel the strata plan by making an endorsement to that effect on the strata plan and making a note of the cancellation in the Register Book on every certificate affected by the cancellation.

- (7) On cancellation of a strata plan—

- (8) For the purposes of subsection (7), the former registered proprietor of a unit is the person who was the registered proprietor of the unit immediately before the cancellation of the plan.
- (9) On cancellation of a deposited strata plan, the site becomes an allotment for the purposes of Part 19AB of the *Real Property Act 1886* but if that land had been comprised of two or more allotments before division under this Act those allotments are not revived.

 - (b) subject to the making of an application under paragraph (e), the penalty is payable by the person on the date specified for payment in a notice served by the corporation on the person;
 - (c) the notice must—
 - (i) be in writing in the form prescribed by regulation; and
 - (ii) specify the amount of the penalty payable and a date for payment (being not less than 60 days after the notice is served);

 - (e) the person may, within 60 days after service of the notice, apply to the Magistrates Court for revocation of the notice and the Court must grant the application if either—

 - (b) the person could not, in all the circumstances, reasonably have averted committing the contravention or failure; or
