## **PART 1—PRELIMINARY**

### **Short Title**

1.01 These regulations may be cited as the *Explosives Regulations, 1975*.

### **Division of Regulations**

1.03 These regulations shall be divided into the following Parts.

Part 1—Preliminary.

Part 2—Classification of Explosives.

Part 3—Licensing of Factories and Manufacture of Explosives.

Part 4—Mixing and Using of Ammonium Nitrate Mixtures.

Part 5—Filling for Sale of Cartridges for Small Arms with any Explosive.

Part 6—Packing and Labelling of Explosives.

Part 7—Carriage of Explosives.

Part 8—Explosives in Ships and Boats.

Part 9—Storage of Blasting Explosives otherwise than in Licensed Premises or Magazines.

Part 10—Licensing of Premises for Storage and Storage in those Premises.

Part 11—Licensing of Magazines and Storage therein.

Part 12—Management of Government Magazines.

Part 13—Importation of Explosives.

Part 14—Sale of Explosives.

Division 1—General.

Division 2—Special Provisions relating to the Keeping and Sale of Display Fireworks and Distress Signals.

Division 3—Special Provisions relating to the Keeping and Sale of Shop Goods Fireworks.

Part 15—Miscellaneous.

Part 16—Schedules.

### **Revocation**

1.04 (1) All regulations previously in force made or expressed to be made under and pursuant to the *Explosives Act, 1936-1974*, are hereby revoked.

(2) The regulations made under the *Fees Regulation Act, 1927*, on the 16th April, 1959, and published in the *Government Gazette* on the same day at page 814 and on the 3rd March, 1960, and published in the *Government Gazette* on the same day at page 680 are hereby revoked.

### **Interpretation**

1.05 In these regulations, unless a contrary intention appears—

"the Act" means the *Explosives Act, 1936-1974*, and any Act amending that Act or substituted therefor.

"the Chief Inspector" means the Director under the Act.

"classify" means classify pursuant to section 6(1) of the Act and derivatives of the word

"classify" (whether in the form of words or in the form of phrases) shall be construed accordingly.

"define" means define pursuant to section 6(1) of the Act and derivatives of the word "define" (whether in the form of words or in the form of phrases) shall be construed accordingly.

"prescribed" means prescribed by these regulations.

"schedule" means schedule to these regulations.

*Note: For definition of divisional penalties (and divisional expiation fees) see Appendix 2.*

### **Duties and Responsibilities**

1.06 (1) The duties and responsibilities created and defined by the regulations, subregulations and other provisions thereof set forth in column 1 of the Schedule to this regulation shall be performed and discharged according to their tenor by the persons prescribed by this regulation.

(2) The persons whose respective titles or descriptions appear in column 2 of the Schedule shall perform and discharge, or (as the case may require) ensure the performance and discharge of, all duties and responsibilities created and defined by those regulations, subregulations or other provisions thereof opposite which the titles or descriptions respectively appear, in all respects according to their tenor.

(3) Where the titles or descriptions of two or more persons appear opposite any regulation, subregulation or other provision thereof in column 1 of the Schedule, subregulation (2) of this regulation shall apply to those persons jointly and severally.

(4) Where the performance or discharge, or (as the case may require) the ensuring of the performance or discharge, of a duty or responsibility created and defined by these regulations is, in any particular case, delegated by a person or the persons specified in column 2 of the Schedule, such delegation shall not in any respect excuse non-compliance with the provisions of these regulations.

(5) Where there has been a contravention of, or a failure to observe, perform or comply with, any regulation, subregulation or other provision thereof set forth in column 1 of the Schedule, the person or persons required to perform or discharge, or to ensure the performance or discharge of the duty or responsibility created and defined by the regulation, subregulation or other provision thereof, shall be guilty, or (as the case may be) jointly and severally guilty, of an offence.

(6) Where an act or default committed by some person other than a person described in the Schedule constitutes a contravention of, or failure to observe, perform or comply with any provision of any regulation, the firstmentioned person shall be guilty of an offence against that regulation, whether or not a person described in the Schedule is also guilty of an offence against the same regulation.

(7) Nothing in these regulations shall take away or restrict any liability of any person whether under the *Justices Act, 1921*, as amended, or at common law, for aiding, abetting, counselling, procuring or otherwise being a party to the commission or attempted commission of an offence.

(8) The words appearing in the text of these regulations in brackets after the regulations or parts of such regulations are placed there for the purpose of convenient reference only and do not form part of these regulations.

SCHEDULE TO REGULATION 1.06

Number of Regulation, Subregulation or other Provision	Title or description of Person or Persons
3.07—3.11 (inclusive) . . . . .	Occupier
3.12(2) . . . . .	Occupier
3.13—3.15 (inclusive) . . . . .	Occupier
3.16(1) (2) . . . . .	Occupier
3.17—3.19 . . . . .	Occupier
3.20(1) (2) . . . . .	Occupier
3.21 . . . . .	Occupier
3.22(1) (2) . . . . .	Occupier
3.23—3.28 (inclusive) . . . . .	Occupier
3.29(1) (2) . . . . .	Occupier
3.30 . . . . .	Occupier
4.02 . . . . .	Person mixing or using, occupier of the place
4.03(3) . . . . .	Licensee, applicant for licence
4.07—4.12 (inclusive) . . . . .	Licensee, person in charge
4.13—4.14 (inclusive) . . . . .	Licensee
4.15 . . . . .	Licensee, person in charge
4.17—4.18 (inclusive) . . . . .	Licensee
4.19—4.26 (inclusive) . . . . .	Licensee, person in charge
4.27 . . . . .	Licensee
5.03—5.06 (inclusive) . . . . .	Licensee, person in charge
5.07 . . . . .	Licensee
6.02—6.03 (inclusive) . . . . .	Owner, manufacturer
6.04(1) (3) . . . . .	Owner, manufacturer
6.05(1) (2) . . . . .	Owner
6.06—6.09 . . . . .	Owner, manufacturer
6.10(1) (2) (3) . . . . .	Owner, manufacturer
7.02(1) . . . . .	Owner, driver
7.05 . . . . .	Licensee, applicant for licence
7.06—7.09 (inclusive) . . . . .	Licensee, person in charge of vehicle or boat (as case requires)
7.10(1) (2) (3) . . . . .	Licensee, person in charge of vehicle or boat (as case requires)
7.11 . . . . .	Licensee, person in charge of vehicle
7.12(2) (3) . . . . .	Licensee, person in charge of vehicle or boat
7.13(1) . . . . .	Licensee, person in charge of vehicle
7.13(2) . . . . .	Person in charge of boat
7.13(3) (4) (5) . . . . .	Licensee, person in charge of vehicle or boat (as case requires)
7.13(6) . . . . .	Person in charge of boat
7.13(7) (8) (9)(a) . . . . .	Licensee, person in charge of vehicle or boat
7.13(9)(b)(c) . . . . .	Licensee, person in charge of vehicle
7.13(10)(a) . . . . .	Person in charge of vehicle or boat
7.13(10)(b) . . . . .	Licensee, person in charge of vehicle or boat
7.13(11) . . . . .	Licensee, person in charge of vehicle
7.13(12) (13) (14) (15) (16) (17) . . . . .	Licensee, person in charge of vehicle or boat
7.13(18) . . . . .	Person in charge of vehicle or boat
7.13(19) . . . . .	Licensee, person in charge of vehicle or boat
7.13(20)(a) . . . . .	Licensee, person in charge of vehicle
7.13(20)(b) . . . . .	Licensee, person in charge of boat
7.13(21) (22) (23) . . . . .	Licensee, person in charge of vehicle or boat
7.14 . . . . .	Licensee, person in charge of vehicle
7.15(1) . . . . .	Consignor

5.

7.15(2) . . . . .	Consignee
7.16 . . . . .	Person in charge of vehicle or boat
7.17 . . . . .	Licensee, person in charge of vehicle or boat
7.18 . . . . .	Manager of a tramway or railway
7.19 . . . . .	Consignor, person in charge of vehicle
7.21 . . . . .	Licensee, master, person in charge
7.22 . . . . .	Licensee, master, person in charge of vehicle or boat
8.03 . . . . .	Master, person in charge, owner, agent
8.04 . . . . .	Master, owner, agent, stevedore
8.05 . . . . .	Master
8.06 . . . . .	Owner, person in charge of boat
8.07 . . . . .	Master, owner, agent
8.08(1) (2) . . . . .	Master
8.08(3) (4) (5) . . . . .	Master, stevedore
8.08(6) (7) . . . . .	Stevedore
8.08(8) . . . . .	Master, person in charge
8.08(9) (10) . . . . .	Master, stevedore
8.09—8.11 (inclusive) . . . . .	Master, person in charge
8.12—8.13 (inclusive) . . . . .	Master, person in charge, stevedore
8.14(a) . . . . .	Master, person in charge
8.14(b)(c) . . . . .	Master, person in charge, stevedore
8.14(d) . . . . .	Master, person in charge
8.15 . . . . .	Master
8.16 . . . . .	Master, owner
8.17 . . . . .	Master, person in charge
8.18 . . . . .	Master, person in charge, owner, agent
9.02—9.03 (inclusive) . . . . .	Owner of explosives
10.07 . . . . .	Licensee, applicant for licence
10.08—10.09 (inclusive) . . . . .	Licensee
10.12(1) . . . . .	Licensee
10.13—10.17 (inclusive) . . . . .	Licensee
10.18(1) (2) (3) . . . . .	Licensee
10.19 . . . . .	Licensee
10.21(1) (2) (3) . . . . .	Licensee
10.22 . . . . .	Licensee
10.23 . . . . .	Licensee, person in charge
10.24 . . . . .	Licensee
11.06 . . . . .	Licensee
11.08 . . . . .	Licensee, applicant for licence
11.09—11.20 (inclusive) . . . . .	Licensee
11.21(1) (2) (3) . . . . .	Licensee
11.22 . . . . .	Licensee
11.23(1) (2) (3) . . . . .	Licensee
11.24—11.26 (inclusive) . . . . .	Licensee
13.02—13.04 (inclusive) . . . . .	Owner, consignee, consignor, carrier
13.11 . . . . .	Owner, consignee, consignor, carrier
14.09 . . . . .	Vendor
14.11(1) (2) (3) (4) . . . . .	Vendor
14.11A . . . . .	Vendor
14.12 . . . . .	Vendor
14.14(1) (2) (3) . . . . .	Licensee
14.15—14.16 (inclusive) . . . . .	Licensee
14.17(1) (2) . . . . .	Licensee
14.18 . . . . .	Licensee
14.19 . . . . .	Manufacturer, owner
14.26—14.27 (inclusive) . . . . .	Licensee
14.28(1) (2) (3) (4) . . . . .	Licensee
14.29—14.34 (inclusive) . . . . .	Licensee

---

## PART 2—CLASSIFICATION OF EXPLOSIVES

2.01 For the purposes of these regulations, explosives shall be either classified or unclassified. An explosive that is not a classified explosive is deemed to be an unclassified explosive.

2.02 (1) A person shall not have in his possession or custody keep or store in any place, transport or carry by land, sea or air, or use in any way, an unclassified explosive unless he does so in accordance with a written authorisation from and signed by the Chief Inspector. A written authorisation under this subregulation may include such reasonable conditions with respect to the safety of the public or any part or member of the public as the Chief Inspector thinks necessary or expedient and are in accordance with the objects of the Act and these regulations.

(2) Subject to the proviso to subsection (1) of section 12 of the Act, a person shall not prepare an unclassified explosive or, with intent to prepare an unclassified explosive, have in his custody or possession some of or all the ingredients necessary for that purpose, unless he does so in accordance with a written authorisation from and signed by the Chief Inspector. A written authorisation under this subregulation may include conditions of the kind referred to in subregulation (1) of this regulation.

2.03 For the purposes of these regulations, an explosive is and shall be referred to as a classified explosive by virtue of its having pursuant to Section 6(1) of the Act, been placed by the Chief Inspector in one of the divisions of Class 1 Dangerous Goods and one of the compatibility groups of the International Maritime Dangerous Goods Code of the Inter-governmental Maritime Consultative Organisation adopted by him and named in the tables at the foot of this regulation.

The figures representing the Class and division together with the letter representing the compatibility group shall together form the Classification Code of an explosive. An explosive may be referred to by the Classification Code assigned to it.

TABLE I  
DIVISIONS OF CLASS 1 DANGEROUS GOODS ADOPTED BY THE CHIEF INSPECTOR

Description of Explosives to be Classified	Class and Division
Substances and articles which have a mass explosion hazard . . . . .	1.1
Substances and articles which have a projection hazard but not a mass explosion hazard . . . . .	1.2
Substances and articles which have a fire hazard and either a minor blast hazard or a minor projection hazard or both, but not a mass explosion hazard . . . . .	1.3
Substances and articles which present no significant hazard . . . . .	1.4
Very insensitive substances . . . . .	1.5

TABLE II  
COMPATIBILITY GROUPS ADOPTED BY THE CHIEF INSPECTOR

Description of Substance or Article to be Classified	Compatibility Group
Primary explosive substance . . . . .	A
Article containing a primary explosive substance . . . . .	B
Propellant explosive or other secondary deflagrating explosive substance or article containing such explosive substance . . . . .	C
Secondary detonating explosive substance or black powder or article containing a secondary detonating explosive substance in each instance without means of initiation and without a propelling charge . . . . .	D
Article containing a secondary detonating explosive substance, without means of initiation, with a propelling charge . . . . .	E
Article containing a secondary detonating explosive substance, with means of initiation, with or without a propelling charge . . . . .	F
Pyrotechnic substance or article containing a pyrotechnic substance or article containing both an explosive and illuminating, incendiary, lachrymatory or smoke-producing substance (other than a water-activated article or one containing white phosphorus phosphide or flammable liquid or gel) . . . . .	G
Article containing both an explosive substance and white phosphorus . . . . .	H
Article containing both an explosive substance and a flammable liquid or gel . . . . .	J
Article containing both an explosive substance and a toxic chemical agent . . . . .	K
Article containing an explosive substance and presenting a special risk needing isolation of each type . . . . .	L
Substance or article so packed or designed that any hazardous effects arising from accidental functioning are confined within the package unless the package has been degraded by fire, in which event all blast or projection effects are limited to the extent that they do not significantly hinder fire fighting or other emergency response efforts . . . . .	S

2.04 For the purpose of these regulations an explosive shall have been assigned to a category or categories of explosive by virtue of its having, pursuant to section 6(1) of the Act, been placed by the Chief Inspector in one or more of the categories of explosives created by him and named in the category table at the foot of this regulation. An explosive may be referred to by the category in which it has been placed and a reference to a category of explosive followed by the letter or letters X, Y, Z, ZZ or V, and cognates of the word "category" shall be construed accordingly.

*Table—Categories*

Category X—Explosives classified by the Chief Inspector as having fire or slight explosion risk or both, with only local effect.

Category Y—Explosives classified by the Chief Inspector as having mass fire risk or moderate explosion risk but not mass explosion risk.

Category Z—Explosives classified by the Chief Inspector as having a mass explosion risk with serious missile effect.

Category V—Explosives classified by the Chief Inspector as having slight fire or explosion risk but producing toxic gases.

Category ZZ—Explosives classified by the Chief Inspector as having mass explosion risk with minor missile effect.

2.05 A list of the explosives classified by the Chief Inspector by virtue of section 6 of the Act shall be published in the *Government Gazette* at least once in each period of 12 months.

**PART 3—LICENSING OF FACTORIES AND THE MANUFACTURE OF EXPLOSIVES**

3.01 Application for a licence of a factory for the manufacture of explosives shall be made to the Chief Inspector in the form set out in Schedule H and shall be accompanied by the prescribed fee. The application may be made—

- (a) where the factory is about to be built or is being built but is not completed, by the person on whose behalf the factory is being built; or
- (b) where the factory has been completed, by the occupier of the factory to be licensed.

3.02 There shall be furnished in and with the application, with reasonable particularity, all the information, plans and documents required by the form in Schedule H to be furnished for the purpose of the application.

3.03 The Chief Inspector shall after examination of the application, submit a report for the Minister.

3.04 The Minister may, after considering the application and the report, refuse the application, or may, by instrument in writing, inform the applicant that, subject to regulation 3.05, he is prepared to grant a licence in such form and upon such conditions as are specified in the instrument.

3.05 On receipt of an instrument pursuant to regulation 3.04 the applicant may construct, alter or add to the factory, and, if he does so to the satisfaction of the Chief Inspector and in accordance with the conditions referred to in that instrument, the Minister shall authorise the Chief Inspector to grant a licence.

3.06 A licence granted under this Part shall—

- (a) be granted to the occupier of the factory and shall be valid only for that occupier and only in respect of the site specified in the licence;
- (b) be in the form of Schedule I;
- (c) not be transferable;
- (d) be subject to these regulations (compliance with which shall be a condition of the licence) and any further conditions of the kind referred to in regulation 3.04 and stated in the licence; and
- (e) remain in force for a period of 12 months commencing on the first day of the month in which it is issued, but may be renewed by payment of the prescribed fee before the expiration of the period of 12 months.

3.07 A licensed factory shall not be used for a purpose or in a manner not in accordance with the conditions of the licence granted pursuant to this Part. (Occupier)

3.08 A licensed factory shall be kept and maintained in all respects in accordance with the requirements of the licence, and no material alteration shall be made to any part of the factory without the prior written approval of the Chief Inspector. For the purposes of this regulation every alteration that is other than trifling is a material alteration. (Occupier)

3.09 The quantity of an explosive, or of the ingredients of an explosive, that may be placed or stored at any one time in a factory or in a specified part of a factory which part is referred to in the licence shall not exceed the quantity specified in the licence. (Occupier)

3.10 The magazine of a factory shall not be used except for the purpose of keeping explosives in it, or the ingredients of explosives, or the tools or implements used for work connected with that keeping, as and in the manner specified in the licence. (Occupier)

3.11 A person shall not manufacture or keep, or perform any process or work connected with the manufacture or keeping of, an explosive or the ingredient of an explosive except under conditions approved by and in accordance with the written directions of an inspector. (Occupier)

3.12 (1) Every building that is part of a factory in which—

(a) an explosive, or

(b) Any ingredient of an explosive, that by itself has explosive properties or, when mixed with any other ingredient or article also present in that building is capable of forming an explosive mixture or an explosive compound,

is kept or is present, or in the course of manufacture may be kept or may be present, shall, unless specially exempted by the terms of a licence issued under this Part or by the written order of an inspector (which may be revoked by further written order), for the purposes of this Part be, and be referred to as, a "danger building".

(2) The interior of every danger building and the fittings and equipment in it shall be so constructed or assembled as to avoid unnecessary risks and shall, so far as is reasonably practicable, be kept clean and free from grit. (Occupier)

3.13 Subject to the operation of section 15 of the Act, before any repairs are effected to any part of a danger building that part and the immediate vicinity of that part shall, as far as is reasonably practicable, be cleaned by removing all explosives and all ingredients of explosives and by washing that part or by any other adequate process; and that part of the building and the immediate vicinity of that part, after being so cleaned, shall cease to be a danger building within the meaning of these regulations until an explosive or an ingredient of an explosive is again brought into it. (Occupier)

3.14 There shall be kept constantly affixed to every danger building, in a prominent position and in such a form as to be easily read, a statement showing the maximum number of persons and the maximum quantities of explosives or the ingredients of explosives permitted by these regulations or by the licence to be in the building at any one time, the distinguishing number of the building as shown in the licence and a copy of such conditions and regulations applicable to the building as may be required by an inspector to be included in the statement. (Occupier)

11.

3.15 There shall be maintained on or about the factory efficient lightning conductors, in places and for periods which an inspector may, by an instrument in writing served on the occupier, require. (Occupier)

3.16 (1) All tools and other implements used in a danger building shall be made only of wood, copper, brass or some soft metal or material, or shall be wholly covered with material rendering them safe for use in that building. (Occupier)

(2) A tool or implement shall not be placed or left in any room in a danger building if it is not required for actual working in that room. (Occupier)

3.17 The outer clothing of all persons working in a danger building shall, unless special provision is made in the licence, be of woollen or other flame resistant material and that clothing and shoes of those persons shall be so made or constructed that they do not create the possibility of explosion or fire in that building. (Occupier)

3.18 Wherever in a factory or in a danger building danger may arise from the possibility of foreign matter being present with an explosive or any ingredient of an explosive, all ingredients to be made or mixed into explosives shall, before being made or mixed, be carefully examined, sifted and otherwise treated and, as far as is practicable, all dangerous foreign matter shall be removed or excluded from the explosive or ingredient. (Occupier)

3.19 A person shall not smoke in any part of a factory except in such part as may be allowed by the special rules made pursuant to section 11 of the Act. (Occupier)

3.20 (1) All persons, before entering a factory, shall examine their clothes for the purpose of ensuring, and shall ensure, that they have no matches or other potentially dangerous articles in their pockets or about their persons, and all persons employed in the factory shall be regularly searched in order to ensure as far as is practicable that the precaution laid down by this subregulation is observed. (Occupier)

(2) Iron, steel, grit or other articles that may cause an explosion or fire shall not be introduced into a danger building. (Occupier)

3.21 A person under the age of 16 years shall not be employed in, or enter, a danger building except in the presence, or under the supervision, of a person approved by the occupier as a responsible person. (Occupier)

3.22 (1) A vehicle, boat or other receptacle for carrying or conveying of any explosive or any explosive ingredient from one part of a factory to any other part of that factory or to a place outside that factory shall, unless specially exempted by the terms of the licence of that factory issued under this Part or by the written order of an inspector (which may be revoked by further written order) be constructed and maintained without any exposed iron or steel in the interior of the vehicle, boat or receptacle and shall, while the carrying or conveying is in progress, be closed or otherwise thoroughly covered over. (Occupier)

(2) A person shall, while carrying or conveying any explosive or explosive ingredient in a vehicle, boat or other receptacle from one part of a factory to any other part of that factory or to a place outside that factory, use all due diligence and exercise all practicable precautions for the purpose of guarding against fire or explosion. (Occupier)

(3) In subregulations (1) and (2) of this regulation, "explosive ingredient" means an ingredient of an explosive that, by itself, is possessed of explosive properties or that, when mixed with any other ingredient, article or substance also present in the vehicle, boat or receptacle is capable of forming an explosive mixture or an explosive compound.

(4) The provisions of subregulation (1) of this regulation shall not have effect where the only explosives or explosive ingredients being carried or conveyed are Safety Ammunition.

3.23 Where in a building that is part of a factory an ingredient is in the course of being manufactured into explosive and that ingredient by itself has explosive properties or, when mixed with any other ingredient, article or substance also present in that building is capable of forming an explosive mixture or an explosive compound, that ingredient shall be removed as soon as the process of manufacture connected with it is completed, and all explosives that have been manufactured by that process shall, with all practicable expedition, be removed either to a magazine or from the factory. (Occupier)

3.24 All explosives intended or ready for conveyance from a factory shall, before being removed from a factory, be packed and marked in accordance with the provisions of Part 6 of these regulations. (Occupier)

3.25 There shall not be in a magazine that is part of a factory any broken or defective case, box or other receptacle containing explosives. (Occupier)

3.26 The doors of every magazine that is part of a factory shall be kept securely locked, except at such times as explosives are being placed into or removed from the magazine. (Occupier)

3.27 The keys of all danger buildings shall remain in charge of a responsible person duly authorised in writing by the occupier and shall at all times be available to an inspector if required by him. (Occupier)

3.28 On the approach of a thunderstorm to a factory, all magazines and danger buildings shall be immediately closed and every person in or near those magazines and buildings shall withdraw to a place of safety. (Occupier)

3.29 (1) All persons working, engaged or employed in a factory shall take all precautions reasonably practicable for the purpose of preventing—

- (a) accidents from fire or explosion in or about the factory; and
- (b) unauthorised persons from having access to any part of the factory or any explosives, ingredients or other things in the factory. (Occupier)

13.

(2) All persons shall abstain from doing anything that—

(a) tends to cause fire or explosion, and

(b) is not reasonably necessary for the purpose of the work in the factory. (Occupier)

3.30 All theft or loss of, or apparently unauthorised interference with, any explosive or any ingredient of an explosive at a factory shall immediately be reported to a member of the Police Force and to the Chief Inspector. (Occupier)

3.31 The Chief Inspector may, at any time, by notice in writing served on the licensee, revoke a licence if he is satisfied that the holder has failed to comply with these regulations or with a condition of his licence. Upon revocation, the holder shall immediately surrender his licence to the Chief Inspector or to a person nominated in writing by him.

3.32 The penalty for any contravention of or any failure to observe any provision of any regulation contained in this Part shall be a fine not exceeding five hundred dollars.

**PART 4—THE MIXING AND USING OF AMMONIUM NITRATE MIXTURES  
OF CLASSIFICATION CODE 1.1D**

4.01 In this Part—

"Ammonium Nitrate mixture" means an explosive of Classification Code 1.1D consisting of—

- (a) Ammonium Nitrate; or
- (b) A non-explosive mixture of Ammonium Nitrate with other substances,

and any other materials none of which is itself an explosive:

"licensee" means a person to whom a licence has been granted under this Part:

"mineral oil" means liquid derivatives of petroleum, shale or coal with a flash point of not less than 61°C. For the purposes of this definition "flash point" shall be determined by the closed cup method:

"person in charge" means a person appointed by the licensee and authorised to mix and use an Ammonium Nitrate mixture or to be in immediate charge of the mixing or using of an Ammonium Nitrate mixture.

4.02 A person shall not in any place, mix for use at that place or assist in mixing for use at that place an Ammonium Nitrate mixture unless—

- (a) the mixing and using is authorised by a licence under this Part, and
- (b) all conditions of the licence have been complied with.

An occupier of a place shall not be guilty of an offence against this regulation if he proves that the mixing and/or using took place contrary to his directions or orders or notwithstanding the exercise by him of reasonable diligence.

(Person Mixing or Using) (Occupier of the Place).

4.03 (1) Application for a licence to mix and use an Ammonium Nitrate mixture shall be made to the Chief Inspector, in the form of Schedule J by the person intending to mix that mixture and shall be accompanied by the prescribed fee.

(2) There shall be furnished in and with the application, with reasonable particularity, all the information that is shown by the form in Schedule J to be required to be furnished for the purposes of the application.

(3) A person who, in or in connection with an application under this Part, furnishes information that is false in a material particular shall be guilty of an offence and may be refused a licence.

(Licensee, applicant for licence)

4.04 The Chief Inspector may refuse a licence or may grant a licence subject to this Part and to such reasonable conditions (if any) as he includes in the licence. The Chief Inspector, upon consideration of an application, shall, in addition to taking into account all matters that the scope and object of the Act and these regulations indicate to be relevant, consider whether the applicant is a fit and proper person to be granted a licence and whether the licence should contain any conditions.

4.05 A licence granted under this Part shall—

- (a) be in the form of Schedule K;
- (b) be valid only for the person to whom it is issued;
- (c) not be transferable;
- (d) be subject to this Part (compliance with which by all concerned shall be a condition of the licence);
- (e) be valid for the place or places and for the particular Ammonium Nitrate mixture specified in the licence;
- (f) have effect subject to such conditions as the Chief Inspector includes; and
- (g) continue in force, according to its tenor, (unless previously cancelled) for a period of twelve months commencing on the first day of the month in which it is granted, but may be renewed by payment of the prescribed fee before the expiration of that period.

4.06 Regulations 4.07 to 4.27 inclusive shall apply where a person is acting, or purports to be acting, in pursuance of a licence granted under this Part.

4.07 A person shall not mix an Ammonium Nitrate mixture at any point other than the point where the explosive is to be used, unless the mixing is effected in accordance in all respects with regulations 4.17 to 4.27 inclusive, of this Part. Regulations 4.17 to 4.27 inclusive shall not apply to the mixing of an Ammonium Nitrate mixture at the point where it is to be used.

(Licensee, person in charge)

4.08 A person other than the licensee shall not mix an Ammonium Nitrate mixture unless he is a person in charge or is under the immediate supervision of a person in charge who is competent and thoroughly conversant with this Part.

(Licensee, person in charge)

4.09 A person shall not mix a greater quantity of Ammonium Nitrate mixture at any one time than the quantity required for immediate use, unless the mixing takes place in accordance with regulations 4.17 to 4.27 inclusive, of this Part.

(Licensee, person in charge)

4.10 A person shall not store overnight any Ammonium Nitrate mixture unless the storing is done in all respects in accordance with regulations 4.24 and 4.25 of this Part.

(Licensee, person in charge)

4.11 Any person using Ammonium Nitrate mixture shall keep all detonators, priming cartridges and detonating fuses in strong and secure receptacles and, until they are used, no closer than 7 metres from the mixture. (Licensee, person in charge)

4.12 A person shall not smoke when mixing, carrying, handling or using Ammonium Nitrate mixture, or at any time when he is within 7 metres of a person engaged in that work. (Licensee, person in charge)

4.13 A mixing appliance shall not be used for the mixing of an Ammonium Nitrate mixture unless:

- (a) it is hand operated only and does not include in its construction any copper, copper alloy, zinc, or galvanised iron that is likely to come into contact with ammonium nitrate in its mixed or unmixed form; or
- (b) if it is mechanically operated, it has been approved in writing by the Chief Inspector; and
- (c) it is maintained in a clean condition. (Licensee)

4.14 A mixing appliance shall not be mounted on or attached to any vehicle unless approval in writing has been received from the Chief Inspector. (Licensee)

4.15 While a person is mixing, charging or handling Ammonium Nitrate mixture a naked flame shall not be brought within 7 metres of the explosive or of the hole being charged. (Licensee, person in charge)

4.16 Regulations 4.17 to 4.27 inclusive of this Part shall apply where the mixing of an Ammonium Nitrate mixture is carried out at a point that is not the actual point where the mixture is to be used.

4.17 Ammonium Nitrate mixture shall be prepared on or near the central part of a concrete floor (hereinafter in this Part referred to as a "site") of at least 5 square metres in area and approximately square in shape. A site shall be so situated that every part of it is not less than—

- (a) 45 metres from any protected work of Class I as defined in Part 10 (other than the store for the ammonium nitrate used in the mixing or a licensed magazine or licensed store used for the storage of mixed Ammonium Nitrate mixture); and
- (b) 180 metres from any protected work of Class II as defined in Part 10. (Licensee)

4.18 Any structure in which Ammonium Nitrate mixture is mixed shall—

- (a) be open on at least one side;
- (b) have in its construction the least practicable quantity of timber or other combustible material; and
- (c) have walls the lower edges of which are at least 15 centimetres above floor level. (Licensee)

4.19 A quantity of mineral oil in excess of 25 litres shall not any time be within 7 metres of any part of a site when Ammonium Nitrate mixture is being prepared.

(Licensee, person in charge)

4.20 A quantity of mineral oil in excess of 250 litres shall not at any time be within 45 metres of a site when Ammonium Nitrate mixture is being prepared.

(Licensee, person in charge)

4.21 Any spillage of ammonium nitrate or Ammonium Nitrate mixture shall be immediately swept up and disposed of in such a way as to avoid the risk of fire.

(Licensee, person in charge)

4.22 Subject to regulation 4.23, combustible material (other than that essential for the preparation of Ammonium Nitrate mixture) shall not be within 15 metres of a site, but standing timber shall not be within 30 metres of a site.

(Licensee, person in charge)

4.23 A site shall not be unattended while Ammonium Nitrate mixture, other than that stored in a nearby locked magazine, is present.

(Licensee, person in charge)

4.24 Ammonium Nitrate mixture shall not be stored at night other than in a store or magazine properly licensed under Part 10 or 11.

(Licensee, person in charge)

4.25 Ammonium Nitrate mixture shall be stored or kept, and conveyed, in closed containers of plastics, black iron, black steel or other safe material approved in writing by the Chief Inspector, and those containers shall be clearly labelled so as to indicate their contents.

(Licensee, person in charge)

4.26 Two fire buckets constructed of plastics each of at least 10 litres capacity and kept full of water, and at least 180 litres of water kept in an open or loosely lidded container, shall be readily available within 15 metres of a site.

(Licensee, person in charge)

4.27 In addition to the requirements set out in regulation 4.26, where the quantity of Ammonium Nitrate mixture accumulating at a site during mixing exceeds 1 000 kilograms, a reticulated water service of not less than 75 millimetres internal diameter shall be available, fitted with at least two hydrants with wheel-valves and hoses of at least 25 millimetres internal diameter sufficient to reach the furthest risk and maintained in efficient working order; if not connected to service mains this reticulated service shall be served by a static water supply of not less than 22 kilolitres.

(Licensee)

4.28 The Chief Inspector may, if he is satisfied that—

- (a) any provisions of the Act or any regulation made under the Act or any condition of a licence has not been observed;
- (b) the licensee is no longer a fit and proper person to hold a licence; or
- (c) in or in connection with the application for the licence, the applicant furnished information that was false or misleading in a material particular,

revoke a licence at any time by notice in writing given to or served by post on the licensee.

18.

4.29 The penalty for any contravention of or any failure to observe any provision of any regulation contained in this Part shall be a fine not exceeding five hundred dollars.

**PART 5—FILLING FOR SALE OF CARTRIDGES FOR SMALL ARMS  
WITH ANY EXPLOSIVE**

5.01 In this Part—

"filling room" means a room used for the filling of cartridges for small arms with an explosive:

"licensee" means a person to whom a licence has been issued under Part II or Part IV of the Act.

5.02 A person shall not fill or cause to be filled cartridges for small arms with an explosive unless he holds a licence under Part II of the Act, or he holds a licence to store explosives issued by the Chief Inspector under Part IV of the Act or by a municipal council or unless he is, pursuant to section 8 of the Act, filling safety cartridges for private use only.

5.03 Small arms cartridges shall not be filled with an explosive except—

- (a) in a filling room so designed and constructed that, to the reasonable satisfaction of an inspector (whose satisfaction shall be certified in writing), all practicable precautions have been taken in its design, materials and construction against explosion and the consequences of explosion; and
- (b) in accordance with the following conditions:—
  - (i) not more than 3 kilograms of propellant shall be in any one filling room at any one time unless contained in safety cartridges;
  - (ii) in a filling room, exposed iron or steel shall not be near any explosive, or on any bench or table at or near which the filling of cartridges is or is about to be carried out;
  - (iii) the floor, shelves and fittings of a filling room shall be kept clean and free from grit, and, immediately before the filling of cartridges is begun, the bench or table at which the filling is to be carried out shall be carefully swept. (Licensee, person in charge)

5.04 While filling of cartridges is in progress in a filling room—

- (a) work unconnected with the filling shall not be carried out;
- (b) a fire or artificial light (other than a light of such construction, position and character as not to create any risk of fire or explosion) shall not be in the filling room;
- (c) matches or any substance or article which may cause any fire or explosion shall not be in the filling room;

- (d) every person engaged in filling cartridges with an explosive shall wear outer clothing, without pockets, of woollen or other flame resistant material. The wearing of ordinary outer clothes of woollen or other flame resistant material, with all pockets removed or sewn up, shall be compliance with this paragraph;
- (e) shoes, in which there are no iron nails, shall be worn by every person in the filling room;
- (f) any process carried out in the course of filling cartridges with an explosive shall be conducted with great care and in a manner which avoids jerking or concussion;
- (g) filled cartridges or unfilled cartridges beyond the quantity at hand in the immediate course of preparation shall not be allowed to remain on or close to any bench, table or other place. (Licensee, person in charge)

5.05 A person under the age of 16 years shall not be in the filling room unless he is in the presence of and under the supervision of some responsible person.

(Licensee, person in charge)

5.06 Articles of a highly flammable nature, or which may cause fire or explosion, shall not be stored close to a filling room. (Licensee, person in charge)

5.07 An inspector, at any time that he reasonably considers it in the interests of public safety for him to do so may, by notice, in writing, given to or served by post on the licensee—

- (a) prohibit the filling of small arms cartridges in any place or places specified in the notice; or
- (b) direct that the process of filling small arms cartridges that is carried out in any place or places specified in the notice be varied in such manner as is specified in the notice.

If a notice pursuant to this regulation has been given to or served by post on a licensee, the filling of small arms cartridges in the place or places specified in that notice shall thereupon cease or, as the case may be, be varied to accord with the requirements of the notice. A notice so given or served shall be obeyed until the inspector, by a further notice, in writing, given to or served by post on that licensee, withdraws the firstmentioned notice. (Licensee)

5.08 The penalty for any contravention of or any failure to observe any provision of any regulation contained in this Part shall be a fine not exceeding five hundred dollars.

## **PART 6—PACKING AND LABELLING OF EXPLOSIVES**

6.01 In this Part—

"authorised explosive" means an explosive defined and classified under section 6 of the Act:

"inner package" means a substantial case, bag, canister or other receptacle whatsoever that is inside an outer package and is made and closed so as to prevent any explosive within that case, bag, canister or receptacle from escaping in the ordinary course of its being stored conveyed or carried:

"manufacturer" in relation to manufactured explosives that are being packed in a factory includes the occupier of that factory:

"outer package" means a box, barrel, case or cylinder of wood or metal or other material approved in writing by the Chief Inspector of such strength, construction and character that it cannot be broken or become accidentally opened or become defective or insecure in the ordinary course of being stored, carried or conveyed and, when closed and secured, will not allow any explosive within the box, barrel, case or cylinder to escape:

"owner" in relation to any specific quantity of explosive includes the possessor or possessors, for the time being, of that explosive:

"propellant" means an authorised explosive other than gunpowder or black powder adapted and intended exclusively for use as a propelling charge in cannon or small arms:

"Special authority" means a written authority given by an inspector and may contain any condition which, in the opinion of the inspector, is necessary in the interests of safety and such written authority may be an authority to do or forbear from doing something that would, if that authority were not given, constitute an offence against this Part.

6.02 A person packing an explosive shall keep any package of that explosive free of grit or other foreign matter. (Owner, manufacturer)

6.03 Subject to regulation 6.05 of this Part, iron or steel shall not be used in the construction of any package holding or containing, or intended to hold or contain, an explosive, unless that package is covered with material that effectively prevents the exposure of the iron or steel. (Owner, manufacturer)

6.04 (1) Subject to subregulations (2) and (3) of this regulation, if a package has been used for the packing of an explosive, that package shall not thereafter be used for the packing of any other explosive or of any other article or substance. (Owner, manufacturer)

(2) Inner packages containing a propellant may be packed in an outer package together with other inner packages containing other propellants or gunpowder.

(3) An article that is not of a flammable nature or liable to cause fire or explosion may be packed in the same package as an explosive of Classification Code 1.4S. (Owner, manufacturer)

6.05 (1) Explosives shall be packed as prescribed by the International Maritime Dangerous Goods Code or as otherwise approved in writing by the Chief Inspector. (Owner)

(2) The maximum quantities of explosives permitted to be packed in inner and in outer packages shall be as specified in the Table at the foot of this regulation, unless otherwise approved in writing by the Chief Inspector. (Owner)

TABLE:

MAXIMUM QUANTITIES OF EXPLOSIVES OF VARIOUS CLASSIFICATION CODES  
PERMITTED TO BE PACKED IN INNER AND OUTER PACKAGES

Classification Code	Maximum Quantity in an Inner Package	Maximum Quantity in an Outer Package
1.1A .....	12.5kg	100kg
1.1B .....		
Detonators, non-electric not exceeding 1 000 .....	100 in number	1 000 in number
Detonators, non-electric exceeding 1 000 .....	100 in number	10 000 in number
Electric detonators .....	100 in number	5 000 in number
		providing gross weight shall not exceed 50 kg
1.1C .....	25 kg	25 kg
1.1D .....	25 kg	25 kg
1.1E .....	25 kg	25 kg
1.1F .....	25 kg	25 kg
1.1G .....	25 kg	25 kg
1.1L .....	25 kg	25 kg
1.2B .....	25 kg	25 kg
1.2C .....	25 kg	25 kg
1.2D .....	25 kg	25 kg
1.2E .....	25 kg	25 kg
1.2F .....	25 kg	25 kg
1.2G .....	50 kg	50 kg
1.2L .....	25 kg	25 kg
1.3C .....	25 kg	25 kg
1.3G .....	50 kg	50 kg
1.3L .....	25 kg	25 kg
1.4D .....	25 kg	25 kg
1.4F .....	50 kg	50 kg
1.4G .....	50 kg	50 kg
1.4S .....	unlimited	unlimited

6.06 Nothing in these regulations shall be construed as prohibiting the use of an additional package, whether inner or outer, unless that additional package is one or one of a type the use of which has been prohibited, in writing, by an inspector. (Owner, manufacturer)

6.07 A person shall not pack an explosive that is not a classified explosive, nor mark a package which contains an explosive that is not a classified explosive, unless that packing or that marking as the case may be is in accordance with a special authority referring to that explosive. (Owner, manufacturer)

6.08 Except for detonators or blasting caps which have been brought into South Australia before the thirty-first day of December, 1971, or the importation of which into South Australia has been approved in writing by the Chief Inspector, no person shall pack or cause or permit to be packed any detonator or blasting cap whether plain or electric or otherwise adapted unless the outside of the capsule or case of the detonator or blasting cap is clearly and durably marked with the words "DETONATOR EXPLOSIVE DANGER" or the words "BLASTING CAP EXPLOSIVE DANGER" in capital letters not less than three millimetres high. (Owner, manufacturer)

6.09 Unless approval shall have been given in writing by the Chief Inspector, a person shall not pack or cause or permit to be packed any detonating relay unless the outside of the capsule or case of the detonating relay is clearly and durably marked with the words "EXPLOSIVE DANGER" in capital letters not less than three millimetres high. (Owner, manufacturer)

6.10 (1) A person who packs an explosive shall mark the outside of the outer package or cause it to be marked with the word "EXPLOSIVE" in the label prescribed by the International Maritime Dangerous Goods Code, the name of the explosives, the Classification Code of the explosive and the name of the manufacturer or consignor of the explosive; this information may be imprinted on the outer package or may appear on a label securely attached or affixed to the package or by some other permanent mark. (Owner, manufacturer)

(2) A person who packs an explosive shall, in addition to complying with the requirements of subregulation (1) of this regulation, comply with the requirements (if any) of the *Packages Act, 1967*, as amended, and with the following requirements wherever applicable—

- (a) opposite ends of the outside of an outer package containing an explosive of Classification Code 1.1C or 1.1D shall be marked in conspicuous characters not less than 18 millimetres high, with—
  - (i) the name of the explosive;
  - (ii) the date of manufacture or issue from the factory; and
  - (iii) the batch number of the particular batch or mix of the explosive or such sign or signs indicating that date and that batch or mix as may be approved in writing by the Chief Inspector;
- (b) where the package contains an explosive in cartridges or charges for cannon, shells, mines, blasting or other like purposes which do not contain their own means of ignition, the marking shall be as for the explosive when not so made up;
- (c) the words "Reloaded Ammunition" shall appear on each outer package and on each inner package which contains reloaded ammunition;
- (d) on the outside of a package containing Pin Fire Cartridges there shall appear in conspicuous characters not less than 18 millimetres high the words "Pin Fire Cartridges";
- (e) the word "EXPLOSIVE" and the name of the explosive, each in capital letters, shall appear conspicuously on individual packages, bags, cartridges and canisters containing blasting explosives;

(f) on ships' rockets, distress flares and similar explosives there shall appear conspicuously the month and year of manufacture in such a manner and place as not to be obscured by tape or any other portion of the article or by any envelope in which it is packed. (Owner, manufacturer)

(3) If an outer package contains more than one explosive, the marking required by this regulation for each explosive shall be imprinted on or affixed to that outer package. (Owner, manufacturer)

6.11 Where reasonable cause exists an exemption from the whole or any provision of this Part may be granted by special authority.

6.12 The penalty for any contravention of or any failure to observe any provision of any regulation contained in this Part shall be a fine not exceeding five hundred dollars.

Expiation fee: Division 9 fee.

**PART 7—CARRIAGE OF EXPLOSIVES**

7.01 In this Part—

"licensee" means—

- (a) the owner of a vehicle to whom a licence has been granted for the carriage of explosives in that vehicle; or
- (b) a person to whom the Chief Inspector has, pursuant to section 39 of the Act, given his approval for the carriage of explosives in a boat.

"manager of a railway or tramway" includes the State Transport Authority;

"owner" in relation to a vehicle includes—

- (a) the person in possession of a vehicle pursuant to a valid and subsisting consumer contract or hire purchase agreement or the assignee of the right to that possession;
- (b) the person recorded in the register of motor vehicles pursuant to the *Motor Vehicles Act, 1959*, as amended as the owner of a vehicle; and
- (c) the person in possession of a motor vehicle which is subject to a valid and subsisting Bill of Sale.

7.02 (1) Subject to this regulation a person shall not carry in or on a vehicle, by land, a quantity of gunpowder exceeding 15 kilograms, or a quantity of any other explosive exceeding 3 kilograms, unless the owner of the vehicle in which the explosives are conveyed holds a licence, issued to him by the Chief Inspector pursuant to the provisions of this Part, in respect of the carriage of that explosive in that vehicle. (Owner, driver)

(2) For the purposes of this Part the equivalent mass of any detonators being carried shall be determined in accordance with Schedule L and the mass of explosives such as detonating cord, shaped charges, boosters and primers shall be calculated as the mass of the contained explosive compositions.

(3) A licence shall not be required for the carriage in a vehicle by land of any quantity of explosives of Classification Code 1.3G, 1.4G or 1.4S.

(4) The Chief Inspector may exempt a person from the requirement to hold a licence under this Part in respect of conveying explosives in the circumstances, and subject to the conditions, specified in the instrument of exemption.

7.03 An application for a licence for the carriage of explosives in a vehicle shall be—

- (a) made in writing to the Chief Inspector by the owner of that vehicle;
- (b) in the form prescribed in Schedule M to these regulations; and
- (c) accompanied by the prescribed fee.

7.04 (1) The Chief Inspector may refuse a licence for the carriage of explosives or may require the applicant to fulfil conditions specified by the Chief Inspector prior to the grant of a licence or may grant the licence subject to conditions inserted therein by the Chief Inspector. Those inserted conditions shall be complied with in all respects by the licensee.

(2) A licence may be granted only to the owner of the vehicle in which explosives are to be carried, and shall be valid only for the owner to whom it is issued, for the vehicle specified and for the quantity of explosive stated. A licence shall not be transferable and shall be subject to these regulations, the due performance of which by all concerned shall be deemed a condition upon which the licence is issued.

(3) A licence shall be in the form prescribed by Schedule N.

(4) The Chief Inspector may include in a licence any condition that he deems necessary or desirable in the interests or for the purpose of the safety of the community.

(5) A licence shall continue in force for a period of twelve months commencing on the first day of the month in which the licence is issued but may be renewed for a period of twelve months by payment of the prescribed fee whilst the licence is current.

(6) The Chief Inspector may, at any time by notice in writing served on the licensee, revoke the licence if he is satisfied that the holder has failed to comply with these regulations or with a condition inserted in the licence or that in, or in connection with, an application for a licence, a statement was made that was false or misleading in a material particular. Upon revocation of the licence the holder shall immediately surrender his licence to the Chief Inspector or to a person nominated in writing by the Chief Inspector.

7.05 A person shall not in, or in connection with, an application for a licence, make a statement that is false or misleading in a material particular. (Licensee, applicant for a licence)

7.06 A person shall not, without the approval of an inspector, carry an explosive, other than an explosive of Classification Code 1.4G or 1.4S in a vehicle or boat whilst that vehicle or boat is carrying or plying for passengers. (Licensee, person in charge of vehicle or boat)

7.07 A person shall not carry an explosive in a vehicle or boat unless that vehicle or boat is sound and roadworthy or (as the case may be) seaworthy and all mechanical and electrical components and accessories are in good order. (Licensee, person in charge of vehicle or boat)

7.08 A person shall not drive a motor vehicle in which explosives are being carried unless he is in possession of a current Class 1, Class 2 or Class 3 licence to drive a motor vehicle issued pursuant to the *Motor Vehicles Act, 1959*, as amended, nor unless the classification of his licence is appropriate to the type of vehicle that he is driving. (Licensee, person in charge of vehicle)

7.09 A person shall not, without the approval of an inspector, carry in a vehicle or boat any explosive that is not packed and branded, labelled or marked in accordance with these regulations. (Licensee, person in charge of vehicle or boat)

7.10 (1) A person shall not carry any explosives of different Compatibility Groups in a vehicle or boat unless the explosives are separated, one Compatibility Group from another, by sufficient means or distance to prevent explosion or fire in an explosive of one Compatibility Group being communicated to an explosive of another Compatibility Group.

(Licensee, person in charge of vehicle or boat)

(2) Detonators shall not be carried in a vehicle that is carrying more than 260 kilograms of other explosives unless approved by an inspector.

(Licensee, person in charge of vehicle)

(3) Up to 500 detonators may be carried in a vehicle at the same time as a quantity of other explosives not exceeding 260 kilograms under such conditions as are approved by an inspector.

(Licensee, person in charge of vehicle)

7.11 A person shall not after sunset on one day and before sunrise on the succeeding day carry an explosive in a vehicle on land, except with the approval in writing of an inspector and subject to such conditions as are contained in that approval. (Licensee, person in charge of vehicle)

7.12 (1) The provisions of regulation 7.13 of this Part shall not apply to the carriage in a vehicle or boat of explosives of Classification Codes 1.3G, 1.4G or 1.4S.

(2) If an explosive of Classification Code 1.3G and/or an explosive of Classification Code 1.4G and/or an explosive of Classification Code 1.4S is or are carried in a vehicle or boat all reasonable and practicable precautions shall be taken against fire, explosion or other accident.

(Licensee, person in charge of vehicle or boat)

(3) Notwithstanding subregulation (1) of this regulation, a vehicle or boat in which manufactured fireworks of Classification Codes 1.3G and/or 1.4G and/or 1.4S, in a total quantity greater than 25 kilograms are being carried, shall be equipped with an efficient fire extinguisher, readily available for immediate use.

(Licensee, person in charge of vehicle or boat)

7.13 A person shall not, without the approval of an inspector, carry an explosive in a vehicle or boat unless such of the following provisions as are applicable are strictly complied with—

(1) (a) A vehicle in which explosives are being carried on land shall bear in conspicuous places at the front and rear notice boards on which the word "EXPLOSIVES" is printed in red capital Roman letters, not less than 125 millimetres high on a white background; alternatively, one such notice board may be mounted above the cabin of the vehicle displaying the word "EXPLOSIVES" so that the word is clearly visible from both the front and the rear of the vehicle. If the quantity of explosives being carried exceeds 60 kilograms the vehicle shall, in addition, bear similar notices on each side.

(b) Notices in conformity with this paragraph, or notices bearing a general similarity to those notices, shall not be exhibited on any vehicle unless explosives are being carried in that vehicle.

(Licensee, person in charge of a vehicle)

(2) A boat in which explosives are being carried shall fly in a conspicuous position a red flag at least one metre square.

(Person in charge of a boat)

(3) A quantity of explosives not exceeding 60 kilograms may be carried in a vehicle or boat if the explosives are carried in one or more securely closed boxes constructed in accordance with the principles stated in Schedule U or are completely covered with painted cloth, tarpaulin or other similar material and are effectively protected against dampness, undue movement and rapid communication of fire.

(Licensee, person in charge of a vehicle or boat)

(4) A quantity of explosives not exceeding 265 kilograms may be carried in a vehicle if—

- (a) the vehicle is fitted with two exterior rear vision mirrors, one on each side, giving a clear view to the rear from the driver's and the front passenger's seat respectively;
- (b) the explosives are carried in one or more securely closed boxes constructed in accordance with the principles stated in Schedule U and used exclusively for the conveyance of explosives; and
- (c) the receptacles are firmly secured in the vehicle.

(Licensee, person in charge of vehicle)

(5) A quantity of explosives not exceeding 1 000 kilograms may be carried in a vehicle specially constructed for the carriage of such a quantity of explosives or suitably adapted and equipped with one or more closed boxes as described in Schedule U. When explosives are being carried, no other article or substance shall be conveyed as merchandise in or on the vehicle except with the approval of an inspector. Unless otherwise approved in writing by the Chief Inspector such a vehicle shall be so constructed or adapted that:—

- (a) It has two exterior rear vision mirrors, one on each side, so as to give effective view to the rear to both the driver and the other person in attendance on the vehicle;
- (b) The whole of the under side of the tray is covered with a substantial sheet metal fire screen which shall also extend vertically the full width of the vehicle between the tray and the cab to the height of the cab (a suitable all-steel tray may be regarded as complying with this requirement) and at least to the level of the bottom of the fuel tanks, and which shall be separated from the cab by an air space of at least seventy-five millimetres;
- (c) The exhaust and muffler system is free from leaks, with the exhaust pipe discharging to the front or to one side of the vehicle and in front of the fire screen and below the level of the tray;
- (d) The batteries and fuel tanks are located in front of the fire screen, provided that if the fuel used has a Flash Point (closed cup) not lower than 61°C, the fuel tanks may be located elsewhere if protected in a manner approved by an inspector;
- (e) It has a quick-action cut-off fitted to the fuel line in an accessible position near the fuel tank.

(Licensee, person in charge of vehicle)

(6) A quantity of explosives not exceeding 1 000 kilograms may be carried in a suitable boat which if not the property of the Minister of Marine has been approved for carriage of explosives by the Chief Inspector; and

- (a) is specially constructed for the carriage of explosives; or
- (b) has firmly attached in it one or more securely closed boxes constructed as described in Schedule U; or
- (c) is otherwise equipped in a manner approved by an inspector,

provided that when a quantity of explosives greater than 265 kilograms is being carried in a boat, no other article or substance shall be carried as merchandise except with the approval of an inspector. (Person in charge of boat)

(7) A quantity of explosives exceeding 1 000 kilograms shall not be carried in a vehicle or boat without the written authority of an inspector and in accordance with any conditions contained in that authority. (Licensee, person in charge of vehicle or boat)

(8) Any iron or steel in the interior of the portion of the vehicle or boat where explosive is placed for carriage or conveyance shall be effectively covered with leather, wood, cloth or other material. (Licensee, person in charge of vehicle or boat)

(9) (a) A vehicle or boat in which an explosive is being carried shall be in the exclusive charge of, and constantly attended by, some competent person who is thoroughly acquainted with this Part of these regulations, and that person shall not have in his charge at any one time more than one vehicle or boat. (Licensee, person in charge of vehicle or boat)

(b) Where the quantity of explosives being carried in a vehicle does not exceed 60 kilograms, a second person may accompany the driver in order to assist, and where the quantity of explosives being carried in a vehicle exceeds 60 kilograms a second person shall be carried in the vehicle in order to assist the person in charge. (Licensee, person in charge of vehicle)

(c) No person (except the person in charge of or accompanying a vehicle being used in conformity with this subregulation), may travel in the vehicle. (Licensee, person in charge of vehicle)

(d) If the vehicle in which an explosive is being carried forms part of a continuous train on a railway or tramway this subregulation is sufficiently complied with, if, and so long as, that train is in charge of, and constantly attended by, some competent person.

(10) (a) A person in charge of a vehicle or boat in which explosives are being carried shall not drive or manage the vehicle or boat negligently or in a reckless or dangerous manner. (Person in charge of vehicle or boat)

(b) A person who is under the influence of intoxicating liquor or a drug shall not be in charge of any vehicle or boat in which explosives are being carried. (Licensee, person in charge of a vehicle or boat)

(11) The driver of a vehicle in on or by which explosives are being transported shall observe all relevant speed limits and shall not, except when such vehicle is on a railway, exceed a speed of 60 kilometres per hour in a municipality, town or township or a speed of 80 kilometres per hour elsewhere. (Licensee, person in charge of vehicle)

(12) An efficient fire extinguisher, capable of dealing with any petroleum spirit or diesel fuel or lubricating oil fire that may break out in that vehicle or boat, shall be carried in a readily accessible position in a vehicle or boat in which explosives are being carried. (Licensee, person in charge of vehicle or boat)

(13) A person shall not refuel a vehicle or boat in which explosives are being carried except in case of emergency or necessity, in which case the refuelling shall be carried out in as isolated a place as is reasonably practicable with the engine of the vehicle or boat switched off and the engine of any vehicle or boat in attendance with the fuel supplies switched off. (Licensee, person in charge of vehicle or boat)

(14) A person shall not smoke whilst he is on, in, near or attending, any vehicle or boat carrying or containing any explosive. (Licensee, person in charge of vehicle or boat)

(15) A person shall not carry an explosive in a vehicle or boat that contains any article or substance (other than flammable liquid contained in the fuel tank of the vehicle or boat) that may cause fire or explosion or communicate fire. (Licensee, person in charge of vehicle or boat)

(16) (a) A substance or article that may cause fire or explosion shall not be introduced into a vehicle or boat in which explosives are being carried. (Licensee, person in charge of vehicle or boat)

(b) Iron, steel or grit shall not be permitted to come into contact with packages of explosives being carried in a vehicle or boat. (Licensee, person in charge of vehicle or boat)

(c) All practicable steps shall be taken to prevent water from coming into contact with packages of explosives being carried in a vehicle or boat. (Licensee, person in charge of vehicle or boat)

(17) A radio transmitter shall not knowingly be operated in, near to, or in the vicinity of—

(a) a vehicle or boat in which electric detonators are being carried; or

(b) any place where electric detonators are kept. (Licensee, person in charge of vehicle or boat)

(18) Where two or more vehicles or boats carrying explosives are travelling together, a distance of at least 50 metres shall be kept between each vehicle or boat, and every other such vehicle or boat, unless circumstances render it impracticable. (Person in charge of vehicle or boat)

(19) Explosives being carried in a vehicle or boat shall be carried with all due diligence, and without unnecessary delay, to their proper destination. (Licensee, person in charge of vehicle or boat)

(20) (a) Explosives shall not be loaded into, or unloaded from, any vehicle that is in, or upon, any public highway, street, road, thoroughfare or public place, except with the written consent of an inspector, and in accordance with any conditions contained in that consent. (Licensee, person in charge of vehicle)

(b) Explosives shall not be loaded or unloaded into or from any boat at any public wharf or landing place, except with the written consent of the Minister of Marine and in accordance with any conditions contained in that consent. (Licensee, person in charge of boat)

(21) The loading or unloading of explosives into, or from, a vehicle or boat shall be carried out with the engine of that vehicle or boat switched off, and when once begun shall be continued with all practicable speed until completed. (Licensee, person in charge of vehicle or boat)

(22) While the loading, unloading or carriage of explosives is in progress, all persons engaged in the loading, unloading or carriage shall—

(a) take all necessary precautions for the prevention of fire or explosion, and for preventing unauthorised persons from having access to the explosives being loaded, unloaded or carried; and

(b) abstain from any act whatever that may cause fire or explosion and that is not reasonably necessary for the purpose of the loading, unloading or carriage of the explosive or of any other article lawfully carried with the explosive and as far as reasonably practicable prevent any other person from committing such act. (Licensee, person in charge of vehicle or boat)

(23) All persons engaged in the loading, unloading or carriage of explosives shall be thoroughly acquainted with the regulations which are applicable to that loading, unloading or carriage. (Licensee, person in charge of a vehicle or boat)

7.14 Notwithstanding the provisions of subregulations (4) and (5) of regulation 7.13, explosives may be carried within an area to which the *Mines and Works Inspection Act, 1920*, as amended, applies without the use of carrying boxes or a specially constructed body provided that:—

(a) Explosives packed as prescribed in Part 6 of these regulations are protected from any exposed iron or steel in the vehicle by clean tarpaulins or wooden separators which contain no exposed iron or steel, and

(b) Such tarpaulins or wooden separators shall not come into contact with ammonium nitrate, Ammonium Nitrate mixture or containers in which Ammonium Nitrate mixtures of Classification Code 1.1D are conveyed in accordance with regulation 4.25. (Licensee, person in charge of vehicle)

7.15 (1) A person shall not forward a consignment of explosives unless he has given notice to the consignee, and has received from the consignee a statement of the time at which the consignee will be ready to receive the consignment. (Consignor)

(2) A consignee shall not give an intimation of his readiness to receive a consignment of explosives, or receive such a consignment, unless he is ready, upon receipt, forthwith either to use or to dispatch the consignment, or to deposit the consignment in conformity with the requirements of section 23 of the Act. (Consignee)

7.16 A person shall not—

- (a) have or carry an explosive in a vehicle or boat appropriated or used for the removal of refuse, or
- (b) hand or forward an explosive to any person employed in the removal of refuse while he is carrying out his duties in that employment.

(Person in charge of a vehicle or boat)

7.17 The fuel of a diesel engine propelling a vehicle or boat in which explosives are carried shall not have a Flash Point (closed cup) less than 61°C.

(Licensee, person in charge of vehicle or boat)

7.18 Without derogating from or affecting the operation of regulation 7.13 of this Part, the following provisions shall apply to the carriage of explosives on a railway or tramway—

- (a) Explosives, with the exception of Classification Code 1.1A, if packed in outer packages which fulfil all of the requirements of these regulations and are of a pattern approved by the State Transport Authority or the manager of a railway or tramway, may be carried with ordinary goods in a vehicle or vehicles not containing any article or substance liable to cause or communicate fire or explosion, provided that—
  - (i) No explosive of Classification Code 1.4S other than safety fuse, or of Classification Code 1.1B shall be carried in a truck with any explosive of any other Classification Code;
  - (ii) Not more than 1 000 kilograms of explosives other than detonators, and not a greater number than 60 000 detonators, are so carried in one goods train;
  - (iii) Not more than 500 kilograms of explosives (other than detonators) and not a greater number than 30 000 detonators are so carried in any one mixed (passenger and goods) train;
  - (iv) Except as provided in regulation 7.06 of this Part, explosives must not be conveyed on passenger trains, but explosives may, except where special instructions are given to the contrary, be carried on mixed trains, but then only to a point of supervision where the vehicles containing the explosives can be placed at intervals which are in conformity with these regulations on a conveniently scheduled goods train for which the estimated time of departure will not result in undue delay.
- (b) A quantity of explosives exceeding 1 000 kilograms, or if the explosives are detonators, exceeding 60 000 in number, shall be carried only in vehicles suitably constructed and exclusively used for the carriage of explosives and in a train not carrying passengers, provided that—

- (i) not more than 10 000 kilograms of explosives shall be carried in any one such vehicle; and
  - (ii) no other explosives shall be carried in a vehicle in which detonators are being carried.
- (c) The number of vehicles (not containing explosives or flammable material) which shall intervene between the engine or a passenger vehicle or brake van and each vehicle containing explosives shall be as follows—
- (i) when a vehicle is carrying not more than 150 kilograms of explosives (other than detonators) or not more than 10 000 detonators—one or more;
  - (ii) when a vehicle is carrying more than 150 kilograms of explosives (other than detonators) or more than 10 000 detonators—not less than three vehicles of the four wheel type or such other number of vehicles as will give an equivalent separating distance between the two closest points of vehicles carrying explosives.
- (d) (i) Not more than 90 000 kilograms of explosives shall be carried simultaneously in a train;
- (ii) Not less than three vehicles of the four wheel type or the number of other vehicles necessary to give at least an equivalent separating distance shall intervene between each 10 000 kilograms of explosives;
- (iii) Vehicles separating parcels of explosives shall not contain flammable materials. (Manager of a tramway or railway)

7.19 A person shall not carry any explosive for storage in a Government magazine unless he has given to the Magazine Keeper reasonable prior notice of such carriage.

(Consignor, person in charge of vehicle)

7.20 Every person desiring to remove an explosive from a Government magazine shall—

- (a) give to the Magazine Keeper at least one working day notice of his intention to do so accompanied, if required by the Magazine Keeper, by a housing certificate containing particulars of the explosive, the quantity of it required, the name of the consignee, the place to which the explosives are to be consigned and the method of their proposed carriage; and
- (b) shall depute a trustworthy and sober person, who shall be subject to and shall obey the orders of the Magazine Keeper, to assist in the delivery of and give the necessary receipt for the explosives removed. That person shall also produce the necessary waybills, bills of lading, consignment note or other similar document relating to the explosives to be removed from the magazine. If those documents are not produced the explosives may be returned to the magazine and their return treated as a new deposit and be subject to the prescribed charge for a new deposit of those explosives.

7.21 A person shall not load, unload, remove or stow any explosives except—

- (a) by passing each package carefully by hand, or
- (b) by using handling equipment which has been approved in writing by an inspector for use with that explosive and which is used in accordance with any conditions contained in that approval. (Licensee, master, person in charge).

7.22 All theft or loss of, or apparently unauthorised interference with, an explosive from or at a vehicle, boat or ship shall immediately be reported to a member of the Police Force and to the Chief Inspector. (Licensee, master, person in charge of vehicle or boat)

7.23 Subject to the Act the penalty for any contravention of or any failure to observe any provision of any regulation contained in this Part shall be a fine not exceeding two hundred dollars.

**PART 8—EXPLOSIVES IN SHIPS AND BOATS**

8.01 In this Part:—

"agent" in relation to any ship or boat means any person, firm or corporation who or which performs for or on behalf of the owner of the ship or boat any function or duty under or for the purposes of the *Harbors Act, 1936*, as amended, the *Marine Act, 1936*, as amended, or the Act, and includes any person, firm or corporation who or which, within the State, on behalf of the owner of the ship or boat undertakes or performs the functions of ships' husbandry or makes any arrangements for or in connection with the berthing of any ship or boat or the carriage, loading or unloading of cargo thereon or therefrom.

"Harbormaster" includes the person for the time being in charge of the administration of the port concerned.

"owner" in relation to any ship or boat includes any person who is owner jointly or in common with any other person; and also includes a corporate body; and when used in relation to goods includes any consignor, consignee, shipper or agent for the sale or custody, importing or exporting, loading or unloading of goods.

"stevedore" means a stevedore who is for the time being in charge of loading or unloading of any cargo which contains explosives into or from ships or boats.

8.02 (1) The provisions of this Part shall not apply to explosives carried on a ship or boat as part of the lifesaving or signalling equipment of that ship or boat.

(2) The provisions of—

- (a) regulations 8.03, 8.04 and 8.05;
- (b) subregulations (1), (8) and (11) of regulation 8.08; and
- (c) regulation 8.14 of this Part,

shall not apply to any ship or boat having on board not more than 15 kilograms of gunpowder or three kilograms of other explosives or a combined quantity of gunpowder and other explosives not exceeding 15 kilograms when 1 kilogram of other explosives is calculated as equivalent to 5 kilograms of gunpowder and detonators are calculated as set out in Schedule L.

(3) The provisions of—

- (a) regulation 8.05;
- (b) subregulations (1), (3)(a), (4), (5), (8) and (11) of regulation 8.08; and
- (c) regulations 8.12 and 8.14 of this Part;

shall not apply to explosives of Classification Code 1.2G, 1.3G, 1.4G or 1.4S.

8.03 A ship or boat with explosive on board shall not be within a prohibited area unless the master, person in charge, owner or agent of that ship or boat has given at least two clear working days' notice in writing to the Minister of Marine in the form prescribed in Schedule O to these regulations and unless such master, person in charge, owner or agent shall have received from the Minister of Marine permission for the ship or boat to be within such prohibited area. The person signing the notice shall furnish such information regarding the explosive as the Minister of Marine may, from time to time, require.

Upon the granting of permission the Harbormaster may allot a berth at which the explosive may be landed, shipped or transhipped. Immediately upon completion of the landing, shipping or transhipping of the explosive the ship or boat if it still has any explosive on board shall, unless permission in writing to remain therein has been obtained from the Minister of Marine, depart from the prohibited area. (Master, person in charge, owner, agent)

8.04 A person shall not have on board, land, ship or tranship on or from any ship or boat, within any port any explosive unless two clear working days' notice has been given to the Chief Inspector and a permit has been received from the Chief Inspector for the retaining on board, landing, shipping or transhipping of the explosive specified in that permit. The request for a permit to retain on board, land, ship or tranship shall be in the form prescribed in Schedule O to these regulations. The permit granted to any person shall, when required or demanded, be produced by that person to an inspector, Magazine Keeper, Harbormaster, Pilot, or a master, owner, or agent of any ship in which the explosive mentioned in that permit is conveyed or is being or is about to be conveyed from or to South Australia. (Master, owner, agent, stevedore)

8.05 Except with the express permission, in writing, of the Minister of Marine a person shall not bring or navigate a ship to, or take up, a berth for the purpose of landing, shipping or transhipping any explosive unless and until that ship is ready to commence loading or unloading that explosive and unless effective arrangements have been made to commence loading or unloading that explosive immediately the ship is berthed. (Master)

8.06 There shall be a competent person in charge of a boat at all times when there is any explosive on board. (Owner, person in charge of boat)

8.07 As long as there is any explosive on or in a ship there shall be on duty a responsible deck officer and an engineer officer and sufficient crew immediately available, to operate the fire pumps, fire extinguishing appliances, machinery and other equipment and appliances in an emergency involving the risk of fire or likely to involve an explosion. (Master, owner, agent)

8.08 An explosive (other than an explosive specially exempted, in writing, by the Chief Inspector from the operation of this regulation) shall not be landed, shipped or transhipped from any ship or boat unless all of the following provisions which are applicable to the circumstances of the landing, shipment or transshipment are strictly complied with during that landing, shipment or transshipment as the case may be.

(1) Unless special exemption, in writing, is granted by the Chief Inspector, the landing, shipment or transshipment of an explosive shall take place, and the door of a hatch or ship magazine shall be opened, only in the presence of and under the supervision of an inspector or Magazine Keeper. (Master)

(2) The master or another competent officer of the ship shall be constantly and exclusively in charge of the ship and its equipment and crew during landing, shipment, stowage or transshipment of explosives and one or other shall assist the inspector or Magazine Keeper when either the inspector or Magazine Keeper are present in enforcing the observance of these regulations. (Master)

(3) (a) Before any hatch of a ship or boat or any door of a ship or boat magazine is opened, and during any operation, for landing, shipping or transshipping an explosive, all fires and lights in the ship shall be completely put out (except such fires or lights as are approved by the inspector or Magazine Keeper).

(b) A person shall not smoke on board a ship or boat, a hatch or magazine of which has been opened for landing, shipping or transshipping an explosive, or on board a ship or boat alongside or attached to any such ship or boat. (Master, stevedore)

(4) Any person working in the magazine of a ship or boat shall not have in or on his apparel or about his person any matches, fusees, knives, iron or steel, nor shall he wear boots, shoes or other footwear with any iron, steel or grit on or in them. (Master, stevedore)

(5) All exposed iron or steel in or near the place where any explosive is being passed or handled shall be completely and effectively covered over by a material which efficiently insulates any iron or steel from the risk of creating sparks by percussion with any other material. (Master, stevedore)

(6) All explosives shall be passed or handed from man to man and shall not be moved by being pitched, rolled, thrown, slid or by any method during the course of which they may be jarred, but they may with the prior approval of an inspector given by instrument in writing and in conformity with any conditions specified in that instrument, be moved by cargo net slings, cargo parachutes or pallets with nets provided that such instrument shall not be required for explosives of Classification Codes 1.2G, 1.3G, 1.4G or 1.4S. (Stevedore)

(7) Any person engaged in the operation of landing, shipping or transshipping explosives shall be a fit and proper person for the purpose and shall be perfectly sober throughout the operation. (Stevedore)

(8) If at any time the landing, shipping, transshipping or handling of any explosive ceases for any reason whatever, the hatches shall be immediately recovered with their regular coverings and the doors of the ship or boat magazine shall be securely closed, and while the cessation continues no person shall be in a magazine or hold which contains or is about to contain an explosive. (Master, person in charge)

(9) Special care shall be exercised by the master, officers of the ship, members of the crew or other persons engaged in the operation of lifting or replacing hatches, fore-and-afters, and hatch beams from or on any hatch, hold or magazine containing any explosive. (Master, stevedore)

(10) All practicable precautions shall be taken by the master, officers of the ship, its crew and all persons assisting in the operation to ensure that during the landing, shipping, transshipping or handling of any explosive, the explosive is handled with care and any act or omission tending to cause fire or explosion is avoided. (Master, stevedore)

(11) Where any ship or boat passes near a ship or boat where an explosive is being landed, shipped, transhipped or handled, the first mentioned ship or boat shall not pass within 30 metres of the second mentioned ship or boat and shall not exceed a speed of four nautical miles per hour when so passing. (Masters of ships or persons in charge of boats navigating in vicinity)

8.09 A person shall not convey or carry any explosive, except ships' signal rockets, in any ship or boat that is carrying or contains as cargo any substance, liquid or article that may cause or communicate fire or explosion unless that substance, liquid or article is—

- (a) securely packed and stowed;
- (b) stowed as far away as reasonably possible from the explosive; and
- (c) stowed in such a position, and at such distance, from the explosive as not to endanger the explosive by communication of fire or otherwise.

Without affecting the generality of the foregoing, the substances, liquids or articles of the kind above described include petroleum, naphtha, benzine, bisulphide of carbon, methylated spirit, mineral acids, ethers, compressed gases and matches. (Master, person in charge)

8.10 A person shall not work aloft on any part of a ship or boat over or near any place where an explosive is being landed, shipped, transhipped or handled. (Master, person in charge)

8.11 A person shall not use an iron or steel hammer, or any other instrument capable, in the circumstances, of causing a spark, for the purpose of opening or closing any hatch or magazine on a ship or boat carrying an explosive. Chipping, scraping and hammering of iron or steel while any explosive is on board shall not be permitted without the prior written approval of and in conformity with any conditions specified by the Harbormaster. (Master, person in charge)

8.12 While an explosive is being landed, shipped, transhipped or handled into, on or from any ship or boat, a person shall not land, ship, tranship or handle any cargo, bunkers or oil fuel into, on or from that ship or boat. (Master, stevedore, person in charge)

8.13 A person shall not in, on or near a ship or boat use any mechanical plant or any gear for hoisting or lowering an explosive unless that mechanical plant or gear has, immediately prior to its use for that purpose, been thoroughly examined and tested by a competent officer of the ship. (Master, stevedore, person in charge)

8.14 Subject to the provisions of Section 31 of the Act a person shall not within a prohibited area at any time between sunset of one day and sunrise of the following day—

- (a) navigate a ship or boat with any explosive on board, (Master, person in charge)
- (b) open any magazine, hold or other compartment of a ship or boat containing any explosive, (Master, person in charge, stevedore)

(c) land, ship, tranship or handle any explosive,  
(Master, person in charge, stevedore)

(d) navigate, sail, tow, any ship or boat containing any explosive,  
(Master, person in charge)

except with the approval in writing of the Minister of Marine and subject to such conditions as he specifies in that approval.

8.15 The master of any ship during the time the ship is within any port and any explosives exceeding 15 kilograms of gunpowder or 3 kilograms of any other explosives or a combined quantity of gunpowder and other explosives exceeding 15 kilograms when one kilogram of other explosives is calculated as equivalent to five kilograms of gunpowder and detonators are calculated as set out in Schedule L are:

(a) on board the ship; or

(b) on board any boat alongside the ship,

shall exhibit from the mast head or some other conspicuous position on the ship, by day, flag B of the international code, and by night, a red light.

Penalty: Forty dollars. (Master)

8.16 If any ship carrying passengers carries any explosives the carriage of such explosives shall be governed by any regulations relating to the safety of passengers for the time being in force under section 14 of the *Marine Act, 1936*, as amended. (Master, owner)

8.17 The master, or where that person is not the master, the person in charge of any ship or boat containing any explosive shall at any time obey any reasonable order or instruction issued or given by a Harbormaster or an officer under the direction and on behalf of the Harbormaster.

(Master, person in charge)

8.18 While any explosive is being landed, shipped, transhipped or handled in, on or from any boat or ship, notwithstanding any other provision in this Part, all practicable precautions shall be taken for the prevention of any fire or explosion, and no act shall be done by any person which may cause fire, explosion or danger unless that act is reasonably necessary for that landing, shipping or transhipping. (Master, person in charge, owner or agent)

8.19 Except with the written permission of the Minister, a person shall not enter or remain upon the Explosives Reserve at Broad Creek, hundred of Port Adelaide shown in the plan in the Schedule to the Act.

8.20 Subject to the Act the penalty for any contravention of or any failure to observe any provision of any regulation contained in this Part shall be a fine not exceeding five hundred dollars.

**PART 9—STORAGE OF EXPLOSIVES OTHERWISE THAN IN LICENSED PREMISES OR MAGAZINES**

9.01 In this regulation—

"owner of explosives" includes a person having the possession, custody or control of explosives.

9.02 A person who keeps explosives for his own use in quantities not exceeding those prescribed by section 23(2) of the Act shall keep them in accordance with the following provisions—

- (a) Gunpowder (blasting powder) and nitro-compound explosives including propellants shall be stored in a container or containers inside which there is no exposed iron or steel, securely locked, conspicuously marked with the word "EXPLOSIVES" and placed out of reach of children in a building (other than a dwelling or an office) which is locked in the absence of a responsible adult. Fuse lighters shall not be stored in the same container as other explosives.
- (b) Detonators shall be stored in a container or containers inside which there is no exposed iron or steel, securely locked, conspicuously marked with the words "EXPLOSIVES" and "DETONATORS", exclusively used for the storage of detonators and firmly fixed or secured, away from other explosives and out of reach of children and in a building (other than a dwelling or an office) which is locked in the absence of a responsible adult.
- (c) Articles or commodities which constitute a fire risk shall be kept at a safe distance from the explosives.
- (d) A person who is under the influence of intoxicating liquor or a drug shall not place explosives in or remove explosives from a container. (Owner of explosives)

9.03 All theft or loss of, or apparently unauthorised interference with, an explosive shall immediately be reported to a member of the police force and to the Chief Inspector. (Owner of explosives)

9.04 The penalty for any contravention of or any failure to observe any provision of any regulation contained in this Part shall be a fine not exceeding five hundred dollars.

**PART 10—THE LICENSING OF PREMISES FOR STORAGE AND STORAGE  
IN THOSE PREMISES**

10.01 In this Part, unless the contrary intention appears—

"licensee" means

- (a) a person to whom a licence has been granted under section 22 of the Act, or
- (b) a person who has been granted by a municipal council a certificate for the storing or keeping of explosives:

"premises" means any house, storehouse, warehouse, shop, cellar, yard, building, or fenced or enclosed land or space occupied by any one person, firm, partnership, association or company; and all houses, storehouses, warehouses, shops, cellars, yards, buildings, lands and spaces adjoining each other and occupied together shall be deemed to be the same premises:

"protected work of Class I" means any shop, room, workshop, railway, magazine or store or receptacle for explosives, depot for flammable liquids, furnace, kiln or fire, occupied by or used by the occupier of licensed premises, or if the occupier or user thereof gives his consent in writing to the same being considered as included in the protected works of Class I; or any highway, street, public road, public thoroughfare, or open place of resort for the public or for persons carrying on any trade or business or any canal, navigable water, dock, wharf, pier, jetty or reservoir:

"protected work of Class II" means any dwelling, shop, room, workshop, railway, magazine or store or receptacle for explosives, depot for flammable liquids, furnace, kiln or fire, which is not included in protected works of Class I or any factory, church, chapel, university, college, school, hospital, public institution, town hall, court of justice, theatre, covered market, or building wherein persons are accustomed to assemble or public building:

"protection distance" means the distance that shall separate a protected work from a store or a receptacle for explosives. (In computing the least distance which can be regarded as a "protection distance" in connection with any store or receptacle for explosives, one metre in length shall be allowed for each kilogram of explosives permitted by the licence to be kept in such store or receptacle, and, except for propellant powders, safety ammunition and distress signals, a minimum distance of 15 metres shall be required. Provided that as regards a protected work of Class I, the distance may be reduced to half: and provided further that where a hill, mound, wall, or other obstacle efficient in the opinion of the Chief Inspector intervenes between such store or receptacle and the protected work, the distance may be half that which would otherwise be required):

"receptacle" means a receptacle that is—

- (a) exclusively appropriated for the keeping of explosives;
- (b) substantially constructed of wood or other approved material and has no exposed iron or steel inside;
- (c) provided with strong handles;

- (d) provided with a closely fitting lid secured by a lock, the hinges and fastenings being constructed of copper, brass or other approved material;
- (e) housed so as to prevent unauthorised persons having access to the receptacle and so as to provide protection from damage from fire and other causes; and
- (f) situated at protection distances from—
  - (i) dwellings or shops or other places frequented by the public on the same premises as the receptacle, and
  - (ii) protected works which are not on the same premises as the receptacle:

"store" means a store which is—

- (a) exclusively used for keeping explosives;
- (b) substantially built of brick, stone, iron, concrete or other approved material or excavated in solid rock, earth or mine refuse not liable to ignition;
- (c) so made, closed and locked as to prevent unauthorised persons from having access to the store and to secure it from danger from without; and
- (d) situated at protection distances from protected works.

10.02 A person may apply to the Chief Inspector for a licence under section 22 of the Act to store explosives upon any premises.

10.03 Every application for a licence shall be made by the occupier of the premises in respect of which the licence is sought. An application shall be in the form prescribed in Schedule P and shall be accompanied by the prescribed licence fee.

10.04 The Chief Inspector may refuse a licence or may grant a licence subject to such conditions, if any, as he includes in the licence. For the purpose of determining whether to grant or refuse a licence the Chief Inspector shall have regard to all relevant matters but principally to the situation, construction and use of the premises and the nature of the explosives intended to be stored.

10.05 A licence under this Part shall be in the form prescribed in Schedule Q to these regulations.

10.06 The following provisions shall apply to a licence granted under this Part—

- (a) The licence shall be issued to the occupier of the premises therein mentioned and shall be valid only for the person to whom and the premises in respect of which it is issued. It shall not be transferable.
- (b) The licence shall when issued be subject to these regulations. Due compliance with these regulations by the licensee is a condition upon which the licence is issued.

- (c) The licence shall continue in force for a period of twelve months commencing on the first day of the month in which the licence is issued but may be renewed before the expiration of the period of twelve months next ensuing by payment of the prescribed fee.
- (d) The licence may be revoked at any time by the Chief Inspector if the holder has failed to comply with the conditions of the licence or if in or in connection with an application for a licence a statement was made or information was furnished that was false or misleading in a material particular.

10.07 A person shall not in, or in connection with, an application for a licence under this Part make a statement or furnish information that is false or misleading in a material particular.  
(Licensee, applicant for licence)

10.08 A person shall not keep explosives on licensed premises except in a store or receptacle. (Licensee)

10.09 A person shall not keep or cause or permit to be kept on any premises an amount of explosives exceeding the amount specified in the table below or any lesser amount specified in the licence issued in respect of those premises.

On premises qualified to belong to Division I . . . . .	60 kg.
On premises qualified to belong to Division II . . . . .	30 kg.

In calculating the amount of explosives which may be stored—

- (a) Two kilograms of gunpowder or of propellant powder, or of display fireworks (except those of Division 1.1) or of distress signals or similar fireworks (except those of Division 1.1) shall be regarded as equivalent to one kilogram of explosives;
- (b) Shop Goods Fireworks, display fireworks and distress signals may be stored in shop buildings in accordance with the provisions of Part 14;
- (c) Shop Goods Fireworks, in outer packages as defined in Part 6 may be stored on premises licensed under this Part in quantities not exceeding 2 500 kilograms under such conditions as may be approved by an inspector;
- (d) The quantities of explosives such as ammunition, shaped charges, detonating cord, boosters and similar contrivances which may be stored on licensed premises shall be determined by the Chief Inspector on the quantity and nature of the explosive compositions contained therein;
- (e) 1 000 detonators shall be taken as equivalent to the quantity of explosives shown in Schedule L of these regulations, and the equivalents of other numbers of detonators shall be calculated in the same proportion. (Licensee)

10.10 Premises belong to Division I where they comprise or contain a store or stores, whether or not that store is or these stores are situated within or attached to another building (other than a dwelling).

10.11 Premises belong to Division II where they comprise or contain any building (other than a dwelling) which is not itself qualified to belong to Division I but in which is placed a receptacle.

10.12 (1) A person shall not use a store or receptacle for the storage of explosives unless—

- (a) the interior, the shelves and the fittings are so constructed or so lined and covered as to prevent the exposure of any iron or steel or the detaching of any grit, iron, steel, or similar substance;
- (b) the interior, the shelves and the fittings are kept free from grit and otherwise clean; and
- (c) all practicable precautions are taken to ensure that dampness is excluded from the store or receptacle. (Licensee)

(2) Where explosives are kept in a receptacle or receptacles placed in a store, then the interior of the store need not be lined and covered as required by subregulation (1) of this regulation.

10.13 A person shall not have or bring or cause or permit any person to have or to bring any fire, naked light or any substance liable to cause fire or explosion within seven metres of a store or receptacle for explosives. (Licensee)

10.14 A person shall not, while under the influence of intoxicating liquor or a drug, place explosives in or remove explosives from any store or receptacle. (Licensee)

10.15 A person shall not open or cause or permit any person to open any package containing any explosive while such explosive is in any store or receptacle, but the package shall be removed to a safe distance from the store or receptacle before it is opened or any attempt to open it is made. (Licensee)

10.16 A person shall not use or cause or permit any person to use any tool or implement in opening any package containing explosive unless that tool or implement is made only of wood, copper, brass or some soft metal or material or unless that tool or implement is covered with a safe and suitable material. (Licensee)

10.17 A person shall not repair any part of any store or receptacle unless all explosives have been removed. (Licensee)

10.18 (1) There shall not be in any store or receptacle for explosives any damaged or defective package containing explosives; upon damage becoming apparent such packages shall be repaired or other undamaged packages obtained and the explosive repacked. (Licensee)

(2) There shall not be in any store or receptacle for explosives any explosive that is not packed in accordance with these regulations. (Licensee)

(3) Any explosive which is spilt in a store or receptacle shall at once be carefully collected and destroyed. (Licensee)

10.19 A person in charge of, attendant upon or occupying a store or having possession or custody of a receptacle containing explosives shall keep every door of that store, or the lid or cover of that receptacle securely locked at all times except during inspection or while any explosive is being brought into or removed from the store or receptacle. (Licensee)

10.20 Notwithstanding anything contained in this Part, where an inspector finds in or in connection with any store or receptacle for explosives any thing or practice which, in his opinion, tends to endanger the public safety or the safety of any person or property, that inspector may, by direction in writing, or if that is not practicable in the circumstances, by oral direction, require the licensee, occupier, attendant or person in charge to remedy the need or matter with all practicable expedition; if that person fails or neglects to comply with that direction he shall be guilty of an offence and in addition to any other penalty the licence for the premises may be forthwith revoked by the Chief Inspector pursuant to Section 22(3)(b) of the Act.

10.21 (1) Subject to subregulations (2) and (3) of this regulation a person shall not keep explosives of different compatibility groups in any one store or receptacle at any one time. (Licensee)

(2) Blasting accessories which contain no exposed iron or steel and are not explosives of Compatibility Group B may be kept with blasting explosives of Classification Code 1.1D. (Licensee)

(3) Detonators shall be kept in a separate store or receptacle or other place approved in writing by an inspector and exclusively appropriated for that purpose and situated at a safe distance from any other explosive. (Licensee)

10.22 There shall be kept constantly affixed—

- (a) on either the outside or the inside of every store or receptacle for explosives in a legible form, the current licence or a statement of the quantities of explosives permitted to be in that store or receptacle, by or pursuant to these regulations together with a copy of these regulations;
- (b) on the outside of every receptacle for explosives and on the outside of or within one metre of the door of every store for explosives in conspicuous letters the word "EXPLOSIVES" or where detonators are kept in the receptacle or store the words "EXPLOSIVES" and "DETONATORS"; and
- (c) at each entrance to any building in which a store or receptacle is situated the word "EXPLOSIVES" so as to appear conspicuously to every person approaching that entrance from the outside. (Licensee)

10.23 Where there is any explosive in any premises or place all persons shall at all times take all practicable precautions whether specified by these regulations or not—

- (a) for the prevention of accidents by fire or explosion;
- (b) for preventing persons from smoking near any such explosive;
- (c) for preventing unauthorised persons from having access to those premises or any explosive in those premises; and

46.

(d) for preventing any act whatever which may cause fire or explosion and is not reasonably necessary for the purpose of handling or keeping the explosive.

(Licensee, person in charge)

10.24 All theft or loss of or apparently unauthorised interference with any explosive from or in any store or receptacle for explosives shall immediately be reported to a member of the Police Force and to the Chief Inspector.

(Licensee)

10.25 Where a licensee commits a breach of these regulations the Chief Inspector may forthwith revoke the licence.

10.26 Nothing in these regulations shall compel or be held to compel the holding of a licence issued by the Chief Inspector when a licence for the same purpose and covering the same period has already been issued by a municipal council.

**PART 11—LICENSING MAGAZINES AND STORAGE THEREIN**

11.01 In this Part unless the contrary intention appears—"protected works" shall include the places, structures, buildings and works listed in the headings of the columns appearing in Schedule T of these regulations.

11.02 An application for a licence for a magazine for storage of explosives shall be made in the form prescribed in Schedules R and R1 by the owner or the person having charge for the time being of the magazine, and be directed to the Chief Inspector and be accompanied by the prescribed fee.

11.03 The applicant shall furnish—

- (a) an application in the forms prescribed in Schedules R and R1;
- (b) all information indicated by those forms as being required.

11.04 (1) The Chief Inspector may refuse an application, or defer granting a licence until the applicant complies with all conditions specified by the Chief Inspector in writing.

(2) A licence, if granted, shall be in the form prescribed in Schedule S.

(3) A licence granted under this Part shall be issued to the applicant and shall not be transferable.

(4) Subject to the provisions of regulation 11.06 of this Part a licence granted under this Part shall be valid only in respect of the location and for the nature and quantity of explosives specified in the licence.

(5) A licence shall be subject to these regulations, due compliance with which by the licensee shall be deemed to be a condition upon which the licence is issued.

(6) The Chief Inspector may include in a licence any condition which he may think fit to add.

(7) A licence shall continue in force for a period of twelve months commencing on the first day of the month in which the licence was issued, and may be renewed by payment of the prescribed fee before the expiration of the period of twelve months.

(8) The Chief Inspector may revoke the licence at any time if the holder has failed to comply with a condition of the licence or if in or in connection with the application for the licence a statement was made or information was furnished that was false or misleading in a material particular.

11.05 A licence shall not be issued where the distance between the magazine the subject of the application and any protected works is less than the appropriate distance indicated by Schedule T, unless in the opinion of the Chief Inspector special circumstances exist by virtue of which any given distance should be increased or reduced, in which case the distance determined by the Chief Inspector shall apply in place of the distance indicated as appropriate by Schedule T.

11.06 The Chief Inspector may grant a licence for a portable magazine for the storage of explosives used or to be used in connection with seismic exploration, prospecting, well boring, fencing or similar activities. The licence may confine the use of the magazine to specified locations and shall have effect subject to the following conditions:—

- (a) The magazine when used for storing explosives shall be fixed in a position which is in accordance with the safety distances set out in Schedule T of these regulations.
- (b) Each location of the magazine shall be advised in writing to the Chief Inspector within a period of seven days commencing immediately after the establishment of the location.
- (c) The annual licence fee for a magazine licensed pursuant to this regulation and in which the quantity of explosives to be kept exceeds 60 kilograms shall be twice that which would be applicable to a fixed magazine licensed for a similar quantity of explosives. (Licensee)

11.07 In determining the minimum distances required under regulation 11.05 or regulation 11.06 of these regulations for a magazine for the storage of detonators or for an annexe to a magazine, 1 000 detonators shall be taken as equivalent to the quantity of explosive shown in Schedule L of these regulations.

11.08 A person shall not in, or in connection with, an application for a licence under this Part make a statement that is false or misleading in a material particular.

(Licensee, applicant for licence)

11.09 A person shall not use a magazine or any annexe to a magazine unless it is well and substantially built to afford protection from dampness and to afford reasonable security against unlawful entry and (except in the case of a magazine to be used exclusively for the storage of Ammonium Nitrate mixture or explosive packed in cans) is close lined throughout with wood or other suitable material, has a close joined wooden floor or a floor of other material approved by an inspector and is free of exposed iron or steel in the interior. A substantial close fitting door opening outwards and having hinges as far as may be practicable inaccessible from outside shall be securely fixed to each magazine or annexe thereto. The door shall be faced with iron on the outside and be provided with a substantial lock or locks. The word "EXPLOSIVES" or the words "EXPLOSIVES" and "DETONATORS" or the words "EXPLOSIVES" and "FIREWORKS" as the case may require shall be painted or marked conspicuously either on the outside of the door or within one metre of the door of any magazine and of any annexe. (Licensee)

11.10 There shall be kept constantly affixed either on the outside or on the inside of a licensed magazine, in such a form as to be easily read, the current licence or a copy thereof or a statement of the quantities of explosives permitted to be stored in the magazine together with a copy of these regulations. (Licensee)

11.11 A licensed magazine shall not be used for the storage of any explosive unless either it is protected by an efficient lightning conductor or the Chief Inspector considers that a lightning conductor is unnecessary. (Licensee)

11.12 Every part of a licensed magazine shall be at all times maintained and used in accordance with the licence and the conditions of that licence, and no material alteration whatsoever shall be made to the magazine or any part of the magazine without the prior written approval of an inspector and subject to the conditions contained in that approval. (Licensee)

11.13 A licensed magazine shall not be used for the storage of any explosive unless the interior of the magazine, any annexe to that magazine and the shelves and fittings of the magazine and annexe are kept clean and free from grit. (Licensee)

11.14 A person shall not repair any part of any magazine or annexe, or any article in any magazine or annexe, unless all explosives shall have been removed. (Licensee)

11.15 A person shall not use a licensed magazine or an annexe to a licensed magazine for any purpose but the keeping of explosives and tools or implements approved for the work in connection with the keeping of the explosives. (Licensee)

11.16 A person shall not open or cause or permit any person to open any package containing any explosive while such explosive is in any magazine, but the package shall be removed to a safe distance from the magazine before it is opened or any attempt to open it is made. (Licensee)

11.17 A person shall not use or cause or permit any person to use any tool or implement in opening any package containing explosive unless that tool or implement is made only of wood, copper, brass or some soft metal or material, or unless that tool or implement is covered with a safe and suitable material. (Licensee)

11.18 A person shall not smoke in any part of a magazine or in any annexe to a magazine or in the vicinity of either. (Licensee)

11.19 Fire, matches or any substance or article that is burning or likely to cause fire or explosion shall not at any time be introduced into or kept in a magazine or any annexe to a magazine or in the vicinity thereof. (Licensee)

11.20 A person while under the influence of intoxicating liquor or a drug shall not enter into or remain within a magazine, the annexe to a magazine or the vicinity of either. No intoxicating liquor or drug shall be in a magazine, an annexe to a magazine or the vicinity of either. (Licensee)

11.21 (1) There shall not be in any magazine or annexe to a magazine any damaged or defective package containing explosives; upon damage becoming apparent such packages shall be repaired or other undamaged packages obtained and the explosive repacked. (Licensee)

(2) There shall not be in any magazine or annexe to a magazine any explosive that is not packed in accordance with these regulations. (Licensee)

(3) All practicable precautions shall be taken in a magazine or an annexe to a magazine to prevent the spilling of explosives, and any explosive which is spilt shall at once be carefully collected and destroyed. (Licensee)

11.22 There shall not be received into a magazine or the annexe to a magazine any explosive on the outer package or covering of which do not appear the words or characters required by these regulations to be legible thereon. (Licensee)

11.23 (1) A person shall not keep explosives of different Compatibility Groups in a magazine at any one time except that blasting accessories that contain no exposed iron or steel and are not explosives of Compatibility Group B may be kept with blasting explosives of Classification Code 1.1D. (Licensee)

(2) Ammonium Nitrate Mixtures of Classification Code 1.1D, if kept otherwise than in accordance with Part 4 of these regulations, shall be packed as required by Part 6. (Licensee)

(3) Detonators shall be kept in a separate magazine annexe, store or receptacle exclusively appropriated for the purpose, and situated at a safe distance from any other explosive. A structure of a kind that is in accordance with the definition of a "store" in regulation 10.01 of Part 10 used exclusively for the keeping of detonators not exceeding in number 20 000 and situated at a site approved by an inspector and within 30 metres of a magazine may be considered as an annexe to that magazine. (Licensee)

11.24 A person under the age of 16 years shall not enter any magazine or the annexe to a magazine unless in the presence of and under the supervision of some responsible person(Licensee)

11.25 All persons employed in and about any magazine or the annexe to a magazine shall at all times take all practicable precautions whether specified by these regulations or not—

- (a) for the prevention of accidents by fire or explosion;
- (b) for preventing persons from smoking near or in the vicinity of the magazine or annexe;
- (c) for preventing unauthorised persons from having access to the magazine or the annexe to the magazine or to any explosive in that magazine or annexe; and
- (d) for preventing any act whatever which may tend to cause fire or explosion and is not reasonably necessary for the performance of the work in the magazine or annexe. (Licensee)

11.26 All theft or loss of, or apparently unauthorised interference with, an explosive in a magazine or the annexe to a magazine shall immediately be reported to a member of the Police Force and to the Chief Inspector. (Licensee)

11.27 Nothing in these regulations shall compel or be held to compel the holding of a licence issued by the Chief Inspector when a licence for the same purpose and covering the same period has already been issued by a municipal council.

**PART 12—MANAGEMENT OF GOVERNMENT MAGAZINES**

12.01 The following general rules shall be observed in the management of Government magazines:—

- (a) In any Government magazine, every building, cabin or hold in which any explosive is kept or liable to be kept shall be deemed to be a danger-building.
- (b) Every danger-building shall be used only for—
  - (i) the keeping of explosives in a manner sanctioned by these regulations; and
  - (ii) the keeping of receptacles for tools and implements for work connected with keeping of explosives.
- (c) The interior of every danger-building, and the benches, shelves, and fittings in a danger-building shall be so constructed, or so lined or covered, as to prevent—
  - (i) the exposure of any iron or steel; and
  - (ii) the detaching of any grit, iron, steel or similar substance which may come into contact with the explosive in a danger-building; and the interior, benches, shelves, and fittings in every danger-building shall, so far as is reasonably practicable be kept clean and free from grit.
- (d) Every magazine shall have attached thereto a sufficient lightning conductor, unless by reason of the situation of such magazine or for any other reason the Chief Inspector considers a conductor unnecessary.
- (e) Charcoal, whether ground or otherwise, and oiled cotton, oiled rags, and oiled waste, and any article whatever liable to spontaneous ignition, shall not be taken into a magazine, except for the purpose of immediate supply for work or immediate use in a magazine, and upon the cessation of such work or use shall be removed forthwith.
- (f) Before repairs are done to any danger-building, it shall, so far as practicable, be cleaned by the removal of all explosives, and by a thorough washing out. After that cleaning that danger-building shall not be deemed a danger-building within the meaning of these rules until explosive is again taken into it.
- (g) All tools and implements used in or in any repairs to or in a danger-building, or used in the opening, securing, or removal of any packages containing explosives, whether in a danger-building or not, shall be made only of copper, bronze, brass, gunmetal, or wood, or other material approved by the Chief Inspector.
- (h) No fires, lights, matches, or any substance or article likely to cause explosion or fire shall be introduced into or be permitted to be at any time in a magazine, except in accordance with the provisions of Special Rules in that behalf set out in regulation 12.02.

(i) Provision shall be made by—

- (aa) the use of suitable working clothes, without pockets,
- (ab) suitable shoes,
- (ac) searching, and
- (ad) any other effective means

for preventing the introduction into any danger-building of any fire, matches, or any substance or article likely to cause explosion or fire, and for preventing the introduction of any iron, steel or grit into any part of a danger-building where it would be likely to come into contact with explosive; and in any magazine in which any explosive is kept which is liable to be dangerously affected by water adequate precautions shall be taken to exclude water from such magazine; but this rule shall not prevent the introduction of an artificial light of such construction, position and character as not to cause any danger of fire or explosion.

(j) No person shall smoke in any part of a magazine, or in any annexe thereto.

(k) Any vehicle, boat or other receptacle in which explosives are conveyed in, to or from a magazine or any part thereof shall, unless specially exempted by the Chief Inspector, be constructed without any exposed iron or steel in the interior thereof, and shall contain only the explosive, and shall be closed or otherwise properly covered over; and the explosive shall be unloaded, loaded and conveyed with all due diligence, and with such precautions and in such manner as will sufficiently guard against any accidental ignition or explosion.

(l) While any explosive is being received into or delivered out of a magazine, or while the hatches or doors of any danger-building or the hatches or coverings of any vehicle, ship or boat which contains any such explosive are open, no fire or unprotected light shall be allowed within 7 metres of that magazine; and when any vehicle, ship or boat having on board a fire, other than engine fires properly banked-up, or unprotected lights, is alongside a magazine containing any explosive, or in its vicinity no receipt or delivery of explosive shall be carried on, and the hatches or doors of any danger-building shall not be open.

(m) No explosive of classification code 1.1A shall be kept in any Government magazine, except in a magazine used solely for the purpose.

(n) Explosives of different Compatibility Groups shall not be in a magazine at any time except that blasting accessories which contain no exposed iron or steel and are not explosives of Compatibility Group B may be kept with blasting explosives of Classification Code 1.1D.

*Special Rules*

12.02 The following special rules shall be observed in the management of Government magazines:—

- (a) Every Government magazine shall be under the control and management of the Chief Inspector, but in immediate charge of an officer-in-charge or other person duly authorised by the Chief Inspector.
- (b) It shall be the duty of an officer-in-charge to be present when a magazine is opened; to superintend the receipt, issue and stowage of explosives, and all operations connected with the examination and overhaul of explosives; to keep a daily journal of all such transactions, and a ledger showing particulars of all explosives stored in the magazine, and the receipt and issue thereof; to see that all buildings, vessels, tools, plant under his care are kept in proper order; to remain at the magazine during working hours, and on no account to absent himself except when on duty and with the permission of the Chief Inspector; to see that all doors, windows, ports, shutters, hatches of the magazine or boats are well secured on leaving off work, and to receive into his charge all keys to locks on any opening; to exercise a diligent and careful supervision of the duties and conduct of all persons under him; to see that the provisions of the Act, and any regulations thereunder in so far as they apply, are strictly enforced; and to report generally to the Chief Inspector on all matters relating to his office and the conduct of those persons under him.
- (c) A person shall not be admitted within 20 metres of a Government magazine, except with the authority of the Chief Inspector, and when so admitted shall be attended by an Inspector of Explosives, Magazine Keeper or Assistant Magazine Keeper, who shall be responsible to ensure that all necessary precautions are adopted.
- (d) Except with the permission of the Chief Inspector, Government boats or vehicles kept for the carriage or transport of explosives shall not be used for any other purpose than work connected with the conduct of the work of the magazines or incidental thereto, and when not in use shall be well secured.
- (e) On the approach of a thunderstorm, the receipt, delivery, examination, loading or unloading of explosive shall cease at once and all magazines, danger-buildings and boats shall be immediately closed and made secure.
- (f) Should any extraordinary or unusual circumstance come under the notice of any person employed in or in connection with a magazine he shall at once bring the same under the notice of the officer-in-charge.
- (g) No dry undergrowth or dry grass shall be allowed to accumulate within the precincts of any magazine.
- (h) Lightning conductors shall always be kept in proper repair, and shall be tested annually. When lightning conductors are supplied with wells, such shall be kept constantly full of water.

- (i) If a magazine be supplied with a hydrant service, fire-engine or other appliance, that appliance shall be kept in thorough working order, and shall be so placed as to be always ready and fit for immediate use.
- (j) Magazines shall be regularly aired, but with due regard to the weather and the state of the atmosphere. Generally speaking, the conditions are favourable for ventilating a magazine when the temperature of the inside is higher than that of the outside air; but when the latter is very dry, a magazine may be ventilated with advantage when its temperature is below that of the outside air. Magazines must not be aired or kept open longer than absolutely necessary in very wet or damp weather.
- (k) The floors or decks of every building or vessel forming part of a Government magazine shall be frequently swept. In the case of a floating magazine, the upper deck shall be scrubbed down, and the vessel pumped out at least once a week and oftener if necessary.
- (l) The keys of every Government magazine shall remain in the care of the officer-in-charge, and in his absence shall be transferred to the care of a deputy.
- (m) All gates, hatches, windows, and doors of a magazine shall be kept securely locked except during inspection, or except when explosives are being received into or issued therefrom, or except when a magazine is open for some other necessary purpose in connection with the management thereof.
- (n) No fires, smoking or unprotected lights shall be permitted within the magazine precincts, or in or near any magazine, danger-building or landing place.
- (o) A person under the influence of intoxicating liquor or a drug shall not be permitted to enter or remain within a magazine or its precincts, and no intoxicating liquor shall be taken into a magazine or any boat or vessel connected with or in the vicinity thereof.
- (p) A person shall not enter a magazine or danger-building whilst carrying or having about his person any fire, lights, matches, grit, iron, steel or other article liable to cause explosion or fire. A person about to enter a magazine shall either himself examine his clothing or, if required, shall submit himself to examination to ensure the strict observance of this rule.
- (q) A person shall not enter a magazine or danger-building unless he is wearing the special magazine shoes provided for the purpose.
- (r) A sufficient supply of magazine shoes without any iron or steel about them, and over-shoes or galoshes, shall be provided at every Government magazine.
- (s) The officer-in-charge shall take special precautions to ensure the observance of the three last preceding rules, and shall, himself, occasionally search employees, or cause them to be searched, with a view to preventing the introduction into any danger-building or magazine of any article or substance liable to cause explosion or fire.
- (t) All explosives kept in a Government magazine shall be packed in the manner directed by these regulations for the packing of explosives.

- (u) Every broken or defective package containing any explosive received at a Government magazine shall be repaired as soon as possible, and no insecure or defectively-constructed package shall be issued therefrom.
- (v) All explosives conveyed to or from a Government magazine shall be conveyed in accordance with the regulations relating to conveyance.
- (w) No package of explosive shall be opened or remain open in any magazine or danger-building where explosives are stored therein. When any package of explosive has to be opened or closed, or its contents overhauled, it shall be taken to a special building or boat, or on to the upper deck of a floating magazine, the floor or deck of which shall be covered with canvas or other suitable material.
- (x) Except in cases of extreme urgency which will not admit of the observance of the conditions prescribed by paragraphs (f) and (g) of regulation 12.01, no tool or implement of any description shall be taken into a magazine or danger-building for any purpose whatever, unless that tool or implement is made of copper, bronze, brass, gunmetal or wood.
- (y) Every package of explosives shall be carried or passed from man to man unless otherwise conveyed; on no account shall any package be pitched, thrown, slung, slid or rolled.
- (z) When stacking packages of explosives in a magazine, space shall be left between packages and between the packages and the wall to allow free circulation of air.
- (aa) No delivery of explosives from a Government magazine shall be made without a written order from the officer-in-charge or his deputy, duly signed by either of them, and such delivery shall be made only in the presence of the officer-in-charge or his deputy.
- (ab) The officer-in-charge and every person employed in and about a magazine shall take all due precautions for the prevention of accidents by fire or explosion in the same, and for preventing unauthorised persons having access to the magazine, or any part thereof, or to the explosives therein, and shall abstain from any act whatever which may tend to cause fire or explosion, and is not reasonably necessary for the purpose of the work in such magazine.

12.03 The penalty for any contravention of or any failure to observe any provision of any regulation contained in this Part shall be a fine not exceeding five hundred dollars.

**PART 13—IMPORTATION OF EXPLOSIVES**

13.01 In this Part—

"owner", "consignee" and "consignor" include persons acting as agents for an owner, consignee and consignor, respectively.

13.02 No lot, parcel or consignment of explosive exceeding 15 kilograms of gunpowder or 3 kilograms of any other explosive shall be brought into the State of South Australia unless the owner, consignee, consignor or carrier—

- (a) holds a licence to import explosives, and
- (b) has first given at least two clear working days notice in writing (in the form of Schedule A) to the Chief Inspector and, if the explosives are to be landed at a port, to the Harbormaster at Port Adelaide.

Provided that a licence shall not be required where a person imports safety cartridges not exceeding 2 000 in number for his own use and not for sale.

(Owner, Consignee, Consignor, Carrier)

13.03 Every lot, parcel or consignment of explosive exceeding the limits specified in regulation 13.02 of this Part shall, as soon as practicable after entering South Australia be deposited in a Government magazine or such other place as may be directed by the Chief Inspector for the purposes of inspection, examination and analysis as may be required by the Chief Inspector and shall not be removed therefrom without the authority of the Chief Inspector. All costs of storage, inspection, examination and analysis shall be borne by the owner or the consignee of the explosives.

(Owner, Consignee, Consignor, Carrier)

13.04 A person shall not import or cause or permit any person to import any explosive into the State of South Australia unless that explosive has been classified and defined by the Chief Inspector, with the consent of the Governor pursuant to section 6 of the Act, except in such quantity and under such conditions as may be permitted by the Chief Inspector.

(Owner, Consignee, Consignor, Carrier)

13.05 Application for a licence to import explosives shall be made to the Chief Inspector either by the owner, consignee, consignor or carrier of the explosive or by an agent for the owner, consignee, consignor or carrier resident in South Australia. The application shall be in the form prescribed in Schedule B and shall be accompanied by the prescribed fee.

13.06 The Chief Inspector may refuse a licence, or may grant a licence subject to such reasonable conditions as he includes in the licence.

13.07 A person shall not, without the approval of the Chief Inspector in writing, carry or bring or cause or permit any person to carry or bring into the State of South Australia any detonator, blasting cap or detonating relay which is not marked in accordance with the provisions of Part 6.

13.08 A licence issued under this Part shall be in the form prescribed in Schedule C.

13.09 The following provisions shall apply to a licence granted under this Part—

- (a) the licence shall be issued to the owner, consignee, consignor or carrier and shall not be transferable;
- (b) the licence shall be subject to these regulations, the due performance of which by all concerned shall be a condition upon which a licence has been issued;
- (c) the licence shall continue in force for a period of twelve months commencing on the first day of the month in which the licence was issued but may be renewed before the expiration of a period of twelve months by payment of the prescribed fee;
- (d) a licence may be revoked by the Chief Inspector at any time if the holder has failed to comply with the conditions of the licence.

13.10 A person shall not in or in connection with an application for a licence under this Part make a statement that is false or misleading in a material particular.

13.11 A person shall not carry or bring into the State of South Australia any explosive which is not packed and labelled in accordance with the provisions of Part 6.

(Owner, Consignee, Consignor, Carrier)

13.12 The penalty for any contravention of or any failure to observe any provision of any regulation contained in this Part shall be a fine not exceeding five hundred dollars.

**PART 14—SALE OF EXPLOSIVES**

**DIVISION 1—GENERAL**

14.01 Subject to this Part a person shall not—

- (a) sell, give, exchange or supply explosives to a person who is not the holder of a current permit to purchase explosives; or
- (b) receive into his custody, possession or control any explosives unless he is the holder of a current permit to purchase explosives:

Provided that this regulation shall not apply to a person who receives explosives only for the purpose of transporting them for delivery to a person to whom has been issued a current permit to purchase explosives.

14.02 (1) A permit shall be issued by an Inspector of Explosives, or, except for permits for the purchase of explosives required for an organised fireworks display or for other entertainment purposes, by an Inspector of Mines or by a member of the Police Force stationed at a police station near either the place of residence or the place of business of the applicant.

(2) A permit shall not be issued pursuant to subregulation (1) of this regulation where the Inspector of Explosives, the Inspector of Mines or the member of the Police Force, as the case may be, to whom an application for a permit is made, is satisfied upon reasonable grounds that such permit should not be issued to the applicant.

(3) A permit for the purchase of fireworks or other explosives required for an organised fireworks display or for entertainment purposes shall not be issued without the approval of the Chief Inspector.

14.03 An application for a permit to purchase explosives shall be in the form set out in Schedule D. A person shall not in or in connection with an application for a permit under this regulation make a statement that is false or misleading in a material particular.

14.04 A person to whom a permit has been granted shall comply with the terms of the permit and with these regulations.

14.05 (1) A permit to purchase explosives shall continue in force for a period of twelve months from the date of issue or for such shorter period as is stated in the permit.

(2) A permit may be revoked by the Chief Inspector at any time if the holder has failed to comply with the terms of the permit or with these regulations.

14.06 A natural person is not entitled to the grant of a permit unless he or she is a fit and proper person to hold the permit and has attained the age of 18 years.

14.07 A permit to purchase explosives shall be in the form set out in Schedule E.

14.08 A person shall not at any one time receive a quantity of explosives in excess of the licensed storage available to him unless the excess explosive is used immediately and not stored and the record of the sale is endorsed by the purchaser with a statement to that effect. In this regulation the term "licensed storage" includes any underground storage approved under the *Mines and Works Inspection Act, 1920*, as amended.

14.09 Every sale of explosives shall be recorded by the seller and the records shall, for a period of at least two years commencing on the day of the sale, be available for inspection by any Inspector of Explosives, Inspector of Mines or member of the Police Force. The records shall show with reasonable particularity, the name of the vendor, the name and address of the purchaser, the serial number of the permit under which the explosives are purchased, and the date and the quantity and description of the explosives sold and the signature of the purchaser. (Vendor)

14.09A (1) A permit to purchase model rocket engines (as defined by the Director under section 6 of the Act) issued under this Division to an association incorporated under the *Associations Incorporation Act 1985* is subject to the following terms:

- (a) the association is not authorised to receive model rocket engines except through a member of the association who—
  - (i) has attained at least 15 years of age; and
  - (ii) is authorised in writing by the association to receive model rocket engines under the permit; and
  - (iii) complies with any conditions to which the authorisation is subject; and
- (b) the association must record (and make the record available for inspection and copying at the request of an inspector)—
  - (i) the name and address of each member authorised to receive model rocket engines; and
  - (ii) a description of the kind and quantity of model rocket engines the member is authorised to receive; and
  - (iii) any conditions to which the authorisation is subject; and
- (c) any other terms specified in the permit.<sup>1</sup>

(2) Nothing in this Division requires a member of an incorporated association that holds a current permit under the Division to himself or herself hold a permit in relation to model rocket engines received by the member in accordance with an authorisation given to the member by the association under the terms of its permit.

(3) For the purposes of this Division a sale of model rocket engines to a member of an incorporated association that holds a current permit under this Division in accordance with an authorisation given to the member by the association under the terms of its permit will be taken to be a sale made under the association's permit.

<sup>1</sup> The permit will specify the kind and quantity of explosives that may be received under the permit.

14.09B (1) A permit to purchase model rocket engines (as defined by the Director under section 6 of the Act) issued under this Division in connection with an educational program specified in the permit is subject to the following terms:

- (a) model rocket engines may only be received and used for the purposes of the specified program; and
- (b) the permit holder may only sell or otherwise supply model rocket engines received under the permit to participants in the specified program who have attained 15 years of age; and
- (c) the permit holder must record (and make the records available for inspection and copying at the request of an inspector)—
  - (i) the name and address of each person to whom the model rocket engines are sold or otherwise supplied; and
  - (ii) the quantity and description of the model rocket engines supplied; and
  - (iii) the date of supply; and
- (d) any other terms specified in the permit.<sup>1</sup>

(2) Nothing in this Division requires the participants in an educational program in connection with which a permit has been issued under this Division to themselves hold a permit under this Division in relation to model rocket engines received from the holder of the permit for use in the program.

<sup>1</sup> The permit will specify the kind and quantity of explosives that may be received under the permit.

14.10 None of the foregoing regulations of this Part shall apply to the following:—

- (a) Propellant powders and black powder other than blasting powder in quantities not greater than three kilograms.
- (b) Safety ammunition, safety fuse, railway fog signals and percussion caps.
- (c) Very signal cartridges.
- (d) Rockets or other distress or signalling devices *bona fide* required for equipping any boat, vessel or aircraft.

(e) The following small fireworks:—

Aluminium Torches  
Amorces  
Indoor Table Bombs  
Magnesium Torches  
Snaps for Bonbon Crackers  
Sparklers  
Starting Pistol Caps  
Streamer Bombs  
Toy Pistol Caps

14.11 (1) Subject to subregulations (2), (3) and (4) of this regulation, an explosive shall not be exposed for sale or displayed in any shop or shop window, or hawked or exposed for sale on or in any highway, street, road, public thoroughfare or public place. (Vendor)

(2) A quantity of propellant powder of 0.5 kilogram or less packed as required by Part 6 may be displayed in a shop in a position not ordinarily accessible to the public. (Vendor)

(3) Safety ammunition may be displayed in a shop in a position not ordinarily accessible to the public. (Vendor)

(4) Shop Goods Fireworks may be displayed as provided in regulation 14.27 of this Part. (Vendor)

14.11A A person shall not sell safety ammunition, percussion caps, gunpowder, smokeless powder or other propellant powder to any person under the age of fifteen years. (Vendor)

14.12 Except where regulation 14.34 of this Part applies, all explosives when sold shall be in a substantial case, bag, canister or other package in accordance with the requirements of Part 6 made and closed so as to prevent the explosives from escaping and labelled in accordance with the requirements of Part 6. (Vendor)

**DIVISION 2—SPECIAL PROVISIONS RELATING TO THE KEEPING AND SALE  
OF DISPLAY FIREWORKS AND DISTRESS SIGNALS**

14.13 In regulations 14.14 to 14.18 inclusive of this Part the term "licensee" means—

- (a) a person who has been granted a licence to store explosives under section 21 or 22 of the Act, and
- (b) a person to whom a certificate has been granted by a municipal council for the storing or keeping of explosives.

14.14 (1) Subject to subregulations (2) and (3) of this regulation Display Fireworks and/or Distress Signals shall be kept only in a magazine or on premises licensed for the purpose pursuant to these regulations. (Licensee)

(2) Fireworks may be kept in a shop building provided there shall not be at any one time a total quantity of Display Fireworks and Distress Signals in excess of 100 kilograms. (Licensee)

(3) Where Display Fireworks and/or Distress Signals are kept in a shop building, that building shall not be attached to a dwelling. (Licensee)

14.15 Where Display Fireworks and/or Distress Signals are kept in a shop building they shall be kept in a storeroom that—

- (a) is not ordinarily accessible to the public;
- (b) is strongly constructed of brick, stone, iron or concrete;
- (c) does not contain articles of a flammable nature within 3 metres of the fireworks; and
- (d) has conspicuously marked or displayed at all entrances the words "EXPLOSIVES—FIREWORKS". (Licensee)

14.16 Display Fireworks and/or Distress Signals shall be kept in their original packages at all times except that those for immediate sale may be kept in a suitable spark-proof container such as a wooden box or a japanned, galvanised or tinned iron or steel trunk or box. The container shall be kept closed, except when fireworks are being placed in the container or removed from it. Not more than 25 kilograms of Display Fireworks and/or Distress Signals shall be kept in any one container. The word "FIREWORKS" shall appear conspicuously on each container. (Licensee)

14.17 (1) All due precautions shall be taken by all persons engaged in the storing or selling of fireworks for the prevention of accident by fire or explosion. (Licensee)

(2) A licensee who holds a licence or a certificate for more than 50 kilograms of Display Fireworks and/or Distress Signals shall notify in writing the nearest fire brigade or fire control officer as the case may be to this effect when he receives or renews his licence or certificate. (Licensee)

14.18 Display Fireworks and/or Distress Signals shall not be displayed or exposed for sale in any shop or shop window. (Licensee)

14.19 Ships' rockets, distress flares and other similar explosives shall bear on them the month and year of manufacture and when outdated be delivered to a Harbormaster of the South Australian Department of Marine and Harbors or his representative or to a Police Officer at a police station or to an Inspector of Explosives for destruction. (Manufacturer, owner)

### **DIVISION 3—SPECIAL PROVISIONS RELATING TO THE KEEPING AND SALE OF SHOP GOODS FIREWORKS**

14.20 In regulations 14.24—14.34 inclusive of this Part the term "licensee" means—

- (a) a person to whom a licence to keep and sell Shop Goods Fireworks has been granted pursuant to this Part, or
- (b) a person who has been granted a certificate by a municipal council for storing or keeping of fireworks.

14.21 Regulations 14.22, 14.27, 14.28 and 14.29 shall not apply to the keeping and sale of the following specially defined small fireworks:

Aluminium Torches  
Amorces  
Indoor Table Bombs  
Magnesium Torches  
Snaps for Bonbon Crackers  
Sparklers  
Starting Pistol Caps  
Streamer Bombs  
Toy Pistol Caps

14.22 A person shall not keep or expose for sale or sell Shop Goods Fireworks unless he is—

- (a) the holder of a licence under this Part permitting him to do so; or
- (b) the holder of a certificate from a municipal council permitting him to do so.

14.23 An application for a licence to keep and sell Shop Goods Fireworks shall be made in the form prescribed in Schedule F and shall be accompanied by the prescribed fee. The Chief Inspector may refuse a licence or may grant a licence subject to such reasonable conditions as he deems necessary or desirable and includes in the licence.

14.24 The following provisions shall apply to a licence to keep and sell Shop Goods Fireworks—

- (a) The licence shall be issued to the occupier of the premises and shall be valid only for the person to whom and for the premises in respect of which it is issued. It shall not be transferable.
- (b) A licence shall be subject to these regulations the due compliance with which by the licensee is a condition upon which the licence is granted.
- (c) A licence shall continue in force for a period of twelve months commencing on the first day of the month in which the licence is issued but may be renewed before the expiration of the period of twelve months by payment of the prescribed fee.
- (d) The Chief Inspector may revoke the licence at any time if the licensee has failed to comply with the conditions of the licence.

14.25 A licence to keep and sell Shop Goods Fireworks shall be in the form of Schedule G.

14.26 The words "LICENSED TO SELL FIREWORKS" shall be painted or fixed conspicuously above the public entrance of any premises duly licensed and at which Shop Goods Fireworks are available for sale. (Licensee)

14.27 Shop Goods Fireworks shall not be displayed or kept or exposed for sale in any shop window or in any unenclosed place or space in the shop nor on a floor other than the ground floor of a shop: Provided that dummy goods containing no explosive and conspicuously labelled or marked "DUMMY" may be used for such display purposes. (Licensee)

14.28 (1) Fireworks for display or immediate sale in a shop shall be kept at all times in a suitable sparkproof container such as a japanned, galvanised or tinned iron or steel trunk or box, a wooden box, a cupboard, an enclosed shelf or a glass showcase, and whatever the container, it shall not be accessible to the public and it shall be kept closed except when fireworks are being placed therein or removed therefrom. (Licensee)

(2) Not more than 25 kilograms of fireworks shall be in any one container. (Licensee)

(3) The word "FIREWORKS" shall appear conspicuously and legibly on the outside of each container. (Licensee)

(4) Containers in which fireworks are held shall be kept away from exits, from shop traffic and from articles of a flammable nature. (Licensee)

14.29 One or more notices bearing the words "NO SMOKING" in letters not less than 75 millimetres high shall be conspicuously and legibly displayed at each counter or other place where fireworks are available for sale. (Licensee)

14.30 There shall be no more than 50 kilograms of Shop Goods Fireworks at any one counter at any one time. (Licensee)

14.31 There shall not be on the licensed premises at any one time a quantity of fireworks greater than the quantity permitted by the licence and in any event the maximum quantity that may be kept on any premises shall not exceed 1 000 kilograms. All fireworks not at counters shall be kept in a storeroom which is not accessible to the public and at all entrances to which are conspicuously displayed the words "EXPLOSIVES—FIREWORKS". (Licensee)

14.32 Matches including Bengal matches, Magic Matches and similar articles shall be kept separate from fireworks and shall not be included in any package with fireworks. (Licensee)

14.33 Every person selling fireworks or in any way employed or engaged in or about premises on which fireworks are sold shall take all due precautions for the prevention of accidents by fire or explosion and for preventing unauthorised persons from having access to the fireworks in those premises. A licensee who holds a licence or a certificate for more than 50 kilograms of fireworks shall notify in writing the nearest fire brigade or fire control officer as the case may be to this effect when he receives or renews his licence or certificate. (Licensee)

14.34 Shop Goods Fireworks when sold or supplied shall be enclosed in a substantial box, bag, case or other receptacle closed so as to prevent the escape of fireworks and if in the receptacle there are fireworks exceeding 3 kilograms there shall be affixed in conspicuous characters by means of a securely attached label or mark, the word "FIREWORKS". (Licensee)

65.

14.35 The penalty for any contravention of or any failure to observe any provision of any regulation contained in this Part shall be a fine not exceeding five hundred dollars.

Expiation fee: Division 9 fee.

**PART 15—MISCELLANEOUS**

15.01 The owner, master or agent of any ship or boat, and the owner of any explosive being loaded on or unloaded from any road or railway vehicle, or his agent, shall pay for the attendance of any inspector or magazine employee during the loading or unloading of any explosive at the following rates relative to the weekly wages of such inspector or magazine employee at that time:

- (a) between the hours of 5.00 p.m. any weekday and 8.00 a.m. on the following day, or at any time in the forenoon of any Saturday, at the rate of time and one half;
- (b) at any time after noon on any Saturday, or at any time on any Sunday or public holiday, at the rate of double time.

15.02 All charges incurred in the holding of interstate or overseas cargoes of explosives during a vessel's stay in port shall be paid by the owner, master or agent of the ship.

15.03 The actual amount incurred for labour and other necessary expenses shall be payable for the attendance of every Inspector, Magazine Keeper or Assistant Magazine Keeper during handling of interstate or through cargo or when a vessel containing explosives is working general cargo.

\* \* \* \* \*

15.05 Subject to the Act there shall be payable the following fees or charges in respect of every examination of explosives, namely:—

- (a) Explosives defined in section 47 of the Act as being under the control of the Chief Inspector:
  - (i) The actual sum incurred for labour or other necessary expenses in procuring samples of explosives for transmission for testing purposes to such place as the Chief Inspector may require: Provided that the amount shall not, in any case, be less than fifty cents;
  - (ii) The sum of three dollars for each delivery to the Chief Inspector at Adelaide, or for each attendance of an inspector or analyst at the Government Magazines, Dry Creek, in respect of samples for examination which have been taken at the Government Magazines, Dry Creek, or the actual cost of delivery to Adelaide or to Dry Creek and the fee of three dollars for the attendance of an inspector or analyst at the Government Magazines, Dry Creek, if applicable, in the case of samples which have been taken at any other place.

When samples included in a separate examination belong to different owners, each owner shall pay his proportion of the cost.

- (b) Explosives not under the control of the Chief Inspector, as defined in Section 47 of the Act: The actual sum incurred for labour, travelling time, travelling expenses and other necessary expenses in procuring samples of explosives for testing purposes and in transmitting those samples to such place as the Chief Inspector may require.

15.06 Subject to the Act if at any time explosives are, in the opinion of an inspector, in any way damaged or defective or likely to become a source of danger during transport, storage or use, the importer, owner or agent, shall, in the presence of an inspector, and in a manner approved by him, destroy or otherwise dispose of such explosives, the fee and expenses of such inspector being paid by the owner; if the importer, owner or agent refuses or neglects to destroy or dispose of such explosive immediately in the manner approved by the inspector then the Chief Inspector may proceed to remove and destroy the said explosive at the cost and expense of the owner. The fee for the attendance of an inspector shall be twenty dollars per day or part thereof in addition to any travelling expenses incurred.

15.07 A person shall not abandon any explosive.

15.08 Explosives presented for storage in a Government magazine shall be subjected to such inspection, examination and analysis as the Chief Inspector may require, and explosives stored in a Government magazine shall be subjected to such periodical inspection, examination and analysis as the Chief Inspector may require; all fees, charges and costs shall be borne by the owner of the explosives.

15.09 Fees as shown in Schedule V shall be payable in respect of the matters set out in that Schedule, except that departments and instrumentalities of the South Australian Government shall be exempted from the payment of such fees.

15.10 A person shall not bring or carry into or manufacture, mix, sell, store or carry in the State of South Australia or cause or permit any person to bring or carry into, manufacture, mix, sell, store or carry in the State of South Australia any explosive which has not been classified and defined by the Chief Inspector with the consent of the Governor pursuant to section 6 of the Act, except in such quantity and under such conditions as may be permitted by the Chief Inspector.

15.11 During the loading of any explosive from a ship or boat into a Government lighter, or the unloading of any explosive into a ship or boat from a Government lighter, the explosive shall be received or delivered only by officers of the Department of Marine and Harbors or of the Chief Inspector at the lighter's rails.

15.12 When a reasonable cause exists, Inspectors of Explosives, Inspectors of Mines and members of the Police Force may store or carry explosives or cause or permit explosives to be stored or carried otherwise than in accordance with these regulations.

15.13 The penalty for any contravention of or any failure to observe any provision of any regulation contained in this Part shall be a fine not exceeding five hundred dollars.

Expiation fee: Division 9 fee.

**PART 16—SCHEDULES**

To appear on reverse side of Schedule D:—

*Explosives Act, 1936, as amended*  
STORAGE OF EXPLOSIVES

*Section 23*

(1) Subject to subsection (2), explosives shall be kept only—

- (a) in a Government magazine; or
- (b) in a magazine duly licensed by the chief inspector; or
- (c) on any premises duly licensed by the chief inspector as premises whereon explosives may be stored; or
- (d) in the underground workings of a mine in accordance with the provisions of the *Mines and Works Inspection Act, 1920*, and the regulations made under that Act.

(2) This section shall not apply to explosives kept by any person for his own use, the weight of which in the case of gunpowder does not exceed 15 kilograms or in the case of any other explosive, 3 kilograms, but in no case shall the exemption provided for by this subsection extend to the keeping of more than one hundred detonators.

(3) If any explosives are kept contrary to this section—

- (a) the occupier of the place in which the explosives are kept, and also the owner of the explosives, shall each be guilty of an offence against this Act and liable to a penalty of not more than two hundred dollars;
- (b) the explosives may be seized by any inspector or member of the police force, and may be declared forfeited to the Crown by any court of summary jurisdiction.

CARRIAGE OF EXPLOSIVES

*Section 16*

(1) No explosive shall be carried in or on or by means of any vehicle or any railway unless—

- (a) the quantity of the explosive does not exceed the prescribed quantity of any explosive; and
- (b) the explosive is carried in such manner and under such conditions as may be prescribed by any regulation under this Act.

(2) Any person who carries or causes to be carried any explosive contrary to the provisions of this section shall be guilty of an offence against this Act and liable to a penalty not exceeding two hundred dollars.

*Section 19*

(1) Any person other than a carrier licensed by the chief inspector who in any vehicle carries any explosive in excess of the prescribed quantity of any explosive, shall be guilty of an offence against this Act and liable to a penalty not exceeding two hundred dollars.

(2) A licence may be granted by the chief inspector to any person for the carriage of explosives by land.

*Regulations*

7.02 (1) Subject to subregulations (2) and (3) of this regulation, a person shall not carry in a vehicle, by land, a quantity of gunpowder exceeding 15 kilograms, or a quantity of any other explosive exceeding 3 kilograms, unless the owner of the vehicle in which the explosives are conveyed holds a licence, issued to him by the Chief Inspector pursuant to the provisions of this Part, in respect of the carriage of that explosive in that vehicle;

(2) For the purposes of this Part the equivalent mass of any detonators carried shall be determined in accordance with Schedule L and the mass of explosives such as detonating cord, shaped charges, boosters and primers shall be calculated as the mass of the contained explosive composition.

(3) A licence shall not be required for the carriage in a vehicle by land of any quantity of explosives of Classification Code 1.3G, 1.4G or 1.4S.

7.03 An application for a licence for the carriage of explosives in a vehicle shall be—

- (a) made in writing to the Chief Inspector by the owner of that vehicle;
- (b) in the form prescribed in Schedule M to these regulations; and
- (c) accompanied by the prescribed fee.

7.04 (1) The Chief Inspector may refuse a licence for the carriage of explosives or may require the applicant to fulfil conditions precedent to the grant of a licence or may grant the licence subject to conditions inserted therein by the Chief Inspector. Those inserted conditions shall be complied with in all respects by the licensee.

(2) A licence may be granted only to the owner of the vehicle in which explosives are to be carried, and shall be valid only for the owner to whom it is issued, for the vehicle specified and for the quantity of explosive stated. A licence shall not be transferable and shall be subject to these regulations, the due performance of which by all concerned shall be deemed a condition upon which the licence is issued.

(4) The Chief Inspector may include in a licence any condition that he deems necessary or desirable in the interests or for the purpose of the safety of the community.

(5) A licence shall continue in force for a period of twelve months commencing on the first day of the month in which the licence is issued but may be renewed for a period of twelve months by payment of the prescribed fee whilst the licence is current.

NOTE: 1 000 No. 6 Detonators are considered equivalent to 9 kilograms of explosive, 1 000 No. 8 Detonators are considered equivalent to 16 kilograms of explosive.

**SCHEDULE E**

(Regulation 14.07)  
South Australia

**DEFINITIONS**

"store" means a store which is—

- (a) exclusively used for keeping explosives;
- (b) substantially built of brick, stone, iron, concrete or other approved material or excavated in solid rock, earth or mine refuse not liable to ignition;
- (c) so made, closed and locked as to prevent unauthorised persons from having access to the store and to secure it from danger from without; and
- (d) situated at protection distances from protected works.

"receptacle" means a receptacle that is—

- (a) exclusively appropriated for the keeping of explosives;
- (b) substantially constructed of wood or other approved material and has no exposed iron or steel inside;
- (c) provided with strong handles;
- (d) provided with a closely fitting lid secured by a lock, the hinges and fastenings being constructed of copper, brass or other approved material;
- (e) housed so as to prevent unauthorised persons having access to the receptacle and so as to provide protection from damage from fire and other causes; and
- (f) situated at protection distances from—
  - (i) dwellings or shops or other places frequented by the public on the same premises as the receptacle, and
  - (ii) protected works which are not on the same premises as the receptacle.

"protected work of Class I" means any shop, room, workshop, railway, magazine or store or receptacle for explosives, depot for flammable liquids, furnace, kiln or fire, occupied by or used by the occupier of licensed premises, or if the occupier or user thereof gives his consent in writing to the same being considered as included in the protected works of Class I, and also any highway, street, public road, public thoroughfare, or open place of resort for the public or for persons carrying on any trade or business, and any canal, navigable water, dock, wharf, pier, jetty or reservoir.

"protected work of Class II" means any dwelling, shop, room, workshop, railway, magazine or store or receptacle for explosives, depot for flammable liquids, furnace, kiln or fire, which is not included in protected works of Class I and any factory, church, chapel, university, college, school, hospital, public institution, town hall, court of justice, theatre, covered market, building wherein persons are accustomed to assemble or public building.

.....  
Chief Inspector of Explosives

**SCHEDULE T**

(Regulations 11.01, 11.05, 11.06(a))  
South Australia  
*Explosives Act, 1936, as amended*

In this Schedule, the term "Inside Safety Distance" means the distance to be observed between a magazine and other magazines or buildings in the same occupancy not being protected works, and the term "Outside Safety Distance" means the distance to be observed between a magazine and a protected work.

The Safety Distance required for buildings containing explosives to achieve the necessary degree of safety depends upon the following three factors—

- (a) The type of risk appropriate to the explosive;
- (b) The weight of explosive in the building; and
- (c) Whether effective mounds or screens are provided.

In regard to (a) all authorised explosives are given a category by the Chief Inspector of Explosives which is dependent on their potential risks. The categories are—

Category X—Explosives having fire or slight explosion risk or both with only local effect.

Category Y—Explosives having mass fire risk, or moderate explosion risk, but not mass explosion risk.

Category Z—Explosives having a mass explosion risk with serious missile effect.

Category ZZ—Explosives having a mass explosion risk with minor missile effect.

In regard to (c), a protected work may be considered mounded if a mound or screen exists such that straight lines drawn from all points of the protected work to all points of the magazine will pass through the mound or screen. A natural hill may serve as a mound or screen.

TABLE OF INSIDE SAFETY DISTANCES

**SCHEDULE U**

(Regulations 7.13(3), 7.13(4)(b), 7.13(5), 7.13(6)(b))

South Australia

*Explosives Act, 1936, as amended*

**BOX FOR THE CARRIAGE OF EXPLOSIVES**

A box for the carriage of explosives in a vehicle or a boat shall be—

1. Strongly constructed of tongue and groove timber at least 20 mm thick or of wooden sheets at least 12 mm thick (see sketches below);
2. Sheathed outside with flat galvanised iron;
3. Fitted with one or more locks;
4. Marked with the word "EXPLOSIVES" painted conspicuously in red on a white background;
5. Secured firmly in the vehicle when being used for the carriage of explosives;
6. fitted with lugs or rings if ropes are to be used to secure it in the vehicle;
7. Used only for the carriage of explosives.

[Sketches appear in *Gaz.* 17 July 1975, p. 401]

Instead of using hinges, the door may be held in place by two metal pegs attached to the bottom of the door and fitting into corresponding holes in metal plates fastened to the base of the box as shown above.

## NOTES—

1. The actual size of the box will depend on the number and size of cases to be conveyed.
2. The box is to be completely covered on the outside with plain galvanised iron or approved non-ferrous metal. Hinges, catches and other fittings to be of approved non-ferrous metal.
3. The interior is to be free from exposed iron or steel. All nails, screws and other fastenings used inside are to be countersunk and puttied over.
4. Door may be a lid instead of on side, if desired.
5. Close stowage to avoid undue movement of cases within the box is essential. If necessary, suitable wooden wedges or other approved means should be used for this purpose.

**SCHEDULE V***Fees**(Section 52, regulation 15.09)*

	\$
<b>Classification of explosives (Part 2)</b>	
1. Fee for—	
(a) application for classification of explosive .....	89
(b) amendment of classification of explosive .....	50
<b>Licensing of factories (Part 3)</b>	
2. Licence fee for a factory to manufacture explosives .....	168
<b>Licence to mix and use Ammonium Nitrate mixture (Part 4)</b>	
3. Licence to mix and use Ammonium Nitrate mixture of Classification Code 1.1D—	
(a) for one place only .....	30
(b) for more than one place .....	76
<b>Licence to carry explosives (Part 7)</b>	
4. Licence fee for a carrier to carry—	
(a) up to 60 kg of explosives .....	20
(b) up to 265 kg of explosives .....	31
(c) up to 1 000 kg of explosives .....	34
(d) over 1 000 kg of explosives .....	98
<b>Licence to store on premises (Part 10)</b>	
5. Licence fee for storing explosives on premises in which the quantity of explosives to be stored—	
(a) does not exceed 30 kg .....	31
(b) exceeds 30 kg but does not exceed 60 kg .....	57
<b>Licensing of magazines (Part 11)</b>	
6. (1) Licence fee for portable magazine in which the quantity of explosive to be stored—	
(a) does not exceed 60 kg .....	69
(b) exceeds 60 kg but does not exceed 1 000 kg .....	196
(c) exceeds 1 000 kg .....	346
(2) Licence fee for any other magazine in which the quantity of explosive to be stored—	
(a) does not exceed 1 000 kg .....	98
(b) exceeds 1 000 kg .....	173

**Licence to import explosives (Part 13)****7. Licence fee to import explosives—**

- (a) of classification code 1.2G, 1.3G, 1.4G or 1.4S . . . . . 34
- (b) of another classification code . . . . . 57

**Licence to keep and sell fireworks (Part 14, Division 3)**

- 8. Licence fee to keep and sell Shop Goods Fireworks . . . . . 16**

**Inspection or testing of explosives****9. Fee for—**

- (a) examination of fuse . . . . . 18
- (b) examination of detonator . . . . . 18
- (c) physical examination of firework or firework composition . . . . . 18
- (d) liquefaction test . . . . . 18
- (e) exudation test . . . . . 18
- (f) heat test . . . . . 18

**APPENDIX 1****LEGISLATIVE HISTORY**

Legislative history since 1 July 1982 is as follows:

Regulation 1.05:	definition of "the Chief Inspector" inserted by 115, 1993, reg. 3
Regulation 6.12:	varied by 16, 1993, reg. 3
Regulation 7.02(1):	varied by 12, 1996, reg. 3(a)
Regulation 7.02(4):	inserted by 12, 1996, reg. 3(b)
Regulation 7.06:	varied by 12, 1996, reg. 3(c)
Regulation 7.09:	varied by 12, 1996, reg. 3(d)
Regulation 7.13:	varied by 12, 1996, reg. 3(e)
Regulation 14.01:	varied by 12, 1996, reg. 4(a)
Regulation 14.02(3):	varied by 49, 1987, reg. 2
Regulation 14.05(1):	varied by 12, 1996, reg. 4(b)
Regulation 14.06:	substituted by 12, 1996, reg. 4(c)
Regulation 14.09:	varied by 12, 1996, reg. 4(d)
Regulations 14.09A and 14.09B:	inserted by 12, 1996, reg. 4(e)
Regulation 14.35:	varied by 16, 1993, reg. 4
Regulation 15.13:	varied by 16, 1993, reg. 5
Schedule A:	varied by 49, 1987, reg. 3
Schedule B:	varied by 49, 1987, reg. 3; 135, 1988, reg. 3; 112, 1990, reg. 3; 98, 1991, reg. 3; 71, 1992, reg. 3; 103, 1993, reg. 3; 84, 1994, reg. 3
Schedule D:	varied by 49, 1987, regs. 3, 4
Schedule F:	varied by 49, 1987, reg. 3; 135, 1988, reg. 4; 112, 1990, reg. 4; 98, 1991, reg. 4; 84, 1994, reg. 4
Schedule H:	varied by 49, 1987, reg. 3; 135, 1988, reg. 5; 112, 1990, regs. 5, 6; 98, 1991, reg. 5; 71, 1992, reg. 4; 103, 1993, reg. 4; 84, 1994, reg. 5
Schedule J:	varied by 49, 1987, reg. 3; 135, 1988, reg. 6; 112, 1990, reg. 7; 98, 1991, reg. 6; 71, 1992, reg. 5; 103, 1993, reg. 5; 84, 1994, reg. 6
Schedule M:	varied by 49, 1987, reg. 3; 135, 1988, reg. 7; 112, 1990, reg. 8; 98, 1991, reg. 7; 71, 1992, reg. 6; 103, 1993, reg. 6; 84, 1994, reg. 7
Schedule P:	varied by 49, 1987, reg. 3; 135, 1988, reg. 8; 112, 1990, reg. 9; 98, 1991, reg. 8; 71, 1992, reg. 7; 103, 1993, reg. 7; 84, 1994, reg. 8
Schedule R:	varied by 49, 1987, reg. 3; 135, 1988, reg. 9; 112, 1990, reg. 10; 98, 1991, reg. 9; 71, 1992, reg. 8; 103, 1993, reg. 8; 84, 1994, reg. 9
Schedule R1:	varied by 49, 1987, reg. 3
Schedule V:	varied by 159, 1983, reg. 1; substituted by 108, 1986, reg. 3; 159, 1987, reg. 3; 135, 1988, reg. 10; 128, 1989, reg. 3; 112, 1990, reg. 11; 98, 1991, reg. 10; 71, 1992, reg. 9; 103, 1993, reg. 9; 84, 1994, reg. 10; 72, 1995, reg. 3; 110, 1996, reg. 3

**APPENDIX 2****DIVISIONAL PENALTIES AND EXPIATION FEES**

At the date of publication of this reprint divisional penalties and expiation fees are, as provided by section 28A of the *Acts Interpretation Act 1915*, as follows:

Division	Maximum imprisonment	Maximum fine	Expiation fee
1	15 years	\$60 000	—
2	10 years	\$40 000	—
3	7 years	\$30 000	—
4	4 years	\$15 000	—
5	2 years	\$8 000	—
6	1 year	\$4 000	\$300
7	6 months	\$2 000	\$200
8	3 months	\$1 000	\$150
9	—	\$500	\$100
10	—	\$200	\$75
11	—	\$100	\$50
12	—	\$50	\$25
