- (b) the Director must, on the commencement of each prescribed period, determine the number of kilograms of abalone meat that is to be the value of an abalone unit for a fishery, a class of abalone and the prescribed period;
- (c) the conditions of any two licences in respect of the same fishery may, on application made to the Director by the holders of those licences in a manner and form approved by the Director, be varied so as to increase the unit entitlement of one of the licences in respect of a particular class of abalone and decrease the unit entitlement of the other licence in respect of that class of abalone by a corresponding number of units;

- (b) the conduct constituting the offence involved the taking of more than 50 kilograms of abalone meat in excess of the quota,

the court must make an order requiring the Director to vary the conditions of the licence so as to reduce the abalone quota of the licence in respect of the class of abalone that was taken in excess of the quota for three prescribed periods following the conviction by one kilogram for each kilogram in excess of the quota for the prescribed period during which the offence was committed.
