NINTH SCHEDULE

FORM 1

EXPLANATORY NOTICE—POSTAL VOTING

Local Government Act 1934 — Section 106A(6)

Your local council has decided that the local government election/poll (1) to be held on (2) will be conducted entirely by the use of postal voting papers. No polling booth will be open for voting on that day.

If you wish to vote, you must use the ballot paper or papers accompanying this notice and ensure that the appropriate declarations are completed by yourself and a witness.

The voting procedure is as follows:

1. You must mark your vote according to the directions set out on the ballot paper(s).
2. You must then fold the ballot paper(s) so as to conceal your vote and in the presence of a witness (who must be of or above the age of 18), you must place the folded ballot paper(s) in the accompanying ballot paper envelope(s) and seal the envelope(s).
3. You and the witness must then complete and sign the appropriate declarations. Do not detach the declaration from the envelope; this will be done by the returning officer.
4. You must then place the sealed ballot paper envelope(s) in the reply paid envelope.

Some people are entitled to more than one vote for mayor, alderman or councillors because they own more than one property or are the nominated agents of bodies corporate or groups of ratepayers in the area of the council, as provided by section 91 of the *Local Government Act 1934*. A code has been included on the ballot paper envelope(s) issued to these people to permit the checking of the number of votes validly cast. If this applies to you, either—

1. You will have received one ballot paper envelope for ALL the votes you are entitled to cast — in which case you should ensure that the declarations are completed and that you send ALL your ballot papers back in that envelope.

OR

2. You will have received one ballot paper envelope for each capacity in which you are entitled to vote — in which case it is essential that each set of ballot papers is returned in the exact envelope that accompanies that particular set and that all declarations on each envelope are completed. If the incorrect number of ballot papers is sent back in any envelope, the ballot papers in that envelope may be rejected.

In either case, the ballot paper envelopes should be placed in the reply paid envelope.

These provisions are designed to protect the secrecy of your vote and to guard against fraud.

If a voter is illiterate or physically unable to carry out any of these procedures, the voter may be assisted by a person of his or her choice (who must be of or above the age of 18 but who is not to act as the witness).

Your votes, enclosed in the signed and witnessed envelope(s), must be posted or delivered so as to reach the returning officer for the election at the address shown not later than 6 p.m. on (3).

- (1) Strike out whichever is not applicable.
 - (2) Insert date of polling day.

(a) personally to the returning officer;
