 - (c) in the case of an entitlement under paragraph (b) of section 37(3a) of the Act—
 - (i) the employee component payable under subparagraph (i) of that paragraph will be reduced by an amount determined by applying to the balance that would, but for this subregulation, have been payable to the contributor under that subparagraph the aggregate of the proportions of the contributor's notional retirement benefit that have been paid to the contributor as 1 or more draw down benefits; and

- (ii) the employer component payable under subparagraph (ii) of that paragraph will be subject to a reduction that takes effect by reducing—

- (4) If 2 or more reductions are to be made under subregulation (2) or (3)(a) in respect of a contributor's entitlement because the Board has determined 2 or more draw down benefits for the contributor, the Board may determine to apply the reductions to the entitlement separately or in aggregate.
- (5) Pursuant to section 33A(12) of the Act, when the employment of a contributor to whom a draw down benefit has been paid under that section terminates on account of the contributor's death, an entitlement under section 38 of the Act will be adjusted in accordance with the following:
 - (a) for the purposes of subsection (4) of section 38 of the Act, in calculating the amount of a pension to which a contributor would have been entitled if circumstances specified in paragraph (b) or (c) of that subsection applied, the amount of each draw down benefit paid to the contributor as an indexed pension (if any) is to be added to the amount that would, but for this paragraph, have been determined under the relevant provision to be the amount of the pension;
 - (b) in the case of an entitlement under section 38(6)(a) or (b) of the Act—the entitlement will be reduced by an amount determined by applying to the balance that would, but for this subregulation, have been payable to the contributor under the relevant paragraph the aggregate of the proportions of the contributor's notional retirement benefit that have been paid to the contributor as 1 or more draw down benefits;
 - (c) in the case of an entitlement under subsection (7) of section 38 of the Act—
 - (i) the employee component payable under paragraph (a) of that subsection will be reduced by an amount determined by applying to the balance that would, but for this subregulation, have been payable to the contributor under that paragraph the aggregate of the proportions of the contributor's notional retirement benefit that have been paid to the contributor as 1 or more draw down benefits; and
 - (ii) the employer component payable under paragraph (b) of that subsection will be subject to a reduction that takes effect by reducing—
 - (A) the number of the contributor's contribution points; and
 - (B) the factor "M" in the formulae under paragraph (b),
to the extent necessary to take into account the aggregate of the proportions of the contributor's notional retirement benefit that have been paid to the contributor as 1 or more draw down benefits.

- (6) In this regulation—

notional retirement benefit—a contributor's notional retirement benefit is the amount that would be payable to the contributor under section 34 of the Act if the contributor had retired from employment immediately before the date on which the Board determined that he or she was entitled to a draw down benefit (expressed as an amount per fortnight).

23D—Application for benefit in respect of rollover account

- (1) Pursuant to section 33A(15) of the Act, a contributor who has a rollover account by virtue of the operation of section 47B of the Act may, in conjunction with an application under section 33A(1) of the Act, apply for a benefit with respect to the rollover account (after taking into account the operation of subregulation (2)).
- (2) The following provisions apply in relation to an application by a contributor for a benefit in respect of a rollover account:
 - (a) the Board will determine a benefit (a **rollover draw down benefit**) on the basis of the contributor's application and on the basis that the maximum rollover draw down benefit to which the contributor is entitled will be a percentage of the balance of the contributor's rollover account equal to the percentage that the draw down benefit determined by the Board in respect of the contributor's associated application under section 33A(1) of the Act bears to the total benefit that would have been payable had the contributor retired from employment;
 - (b) the Board will then, according to an election made by the contributor as part of his or her application, invest (on behalf of and in the name of the contributor) the rollover draw down benefit—
 - (i) with the Superannuation Funds Management Corporation of South Australia; or
 - (ii) with another entity that will provide a non-commutable income stream for the contributor while the contributor continues to be employed in the workforce,so that the contributor receives (and only receives) a payment in the form of a pension or an annuity (a **rollover draw down payment**) on account of the benefit;
 - (c) the investment of a rollover draw down benefit under paragraph (b)(i) will be on terms and conditions determined by the Board;
 - (d) an entitlement to a rollover draw down payment is not commutable until the contributor retires from employment or reaches the age of 65 years;
 - (e) the determination of a benefit under this regulation must take into account the operation of any provision under Part 5A of the Act.

23E—Certain provisions do not apply

Pursuant to section 59 of the Act, sections 28A, 28B, 35, 39A and 39B of the Act do not apply in respect of a contributor for whom a draw down benefit has been determined under section 26A or 33A of the Act.

- (7) Expense allowances paid to the Agent-General are a component of the Agent-General's salary for the purposes of the definition of *salary*.
- (7a) The annual overtime allowance payable under the *South Australian Government Wages Parity (Weekly Paid) Enterprise Agreement 2004* and the *Chauffeurs (Ministerial) Public Service Award* is, for the purposes of the definition of *salary*, a component of the salary paid to a person under the agreement or award.
- (8) This regulation does not exclude an allowance or payment from the definition of *salary* in the Act that was paid to an employee and treated as salary at the commencement of the Act unless the employee has elected, by notice in writing to the Board, to exclude the allowance or payment for the purpose of determining his or her salary.

25A—Inclusion of certain allowances as component of salary

- (1) This regulation applies to the following allowances:
 - (a) an Attraction and Retention Allowance payable under the *Department of Health Salaried Medical Officers Enterprise Agreement 2008* (or its successor) or otherwise payable to a person registered as a medical practitioner under the law of this State;
 - (b) Dental Services Officer Attraction and Retention Allowance;
 - (c) Dental Services Officer Clinical Leader Management/Leadership Allowance;
 - (d) Dental Services Officer Regional Director/Evaluation Director Management/Leadership Allowance;
 - (e) Dental Services Officer Registered Dental Specialists Management/Leadership Allowance;
 - (f) Dental Services Officer Policy and Program Director Management/Leadership Allowance;
 - (fa) Dental Therapist Rural Attraction and Retention Allowance;
 - (g) Child Protection Unit - Forensic Child Protection Consultant Allowance.

- (2) Despite any other regulation (and despite any provision to the contrary in the Act), but subject to subregulation (4), an allowance to which this regulation applies will be included as a component of salary for the purposes of determining benefits payable to a contributor who has received the allowance during his or her membership of the scheme in accordance with the following formula:

$$FS = S_1 \left[\frac{CM - X}{CM} \right] + \frac{S_2 \times X}{CM}$$

where—

FS is the salary

S_1 is the contributor's actual or attributed salary, excluding the allowance, immediately before the cessation of his or her employment

S_2 is the contributor's actual or attributed salary, including the allowance, immediately before the cessation of his or her employment

CM is the number of contribution months in the contributor's contribution period

X is the number of contribution months in that part of the contributor's contribution period during which the contributor was in receipt of the allowance (with any part of a contribution month being taken to be a full contribution month).

- (3) If a contributor was, immediately before the commencement of the *Department of Health Salaried Medical Officers Enterprise Agreement 2008*, in receipt of an Intensive Care Unit Consultant Allowance or a Psychiatrist Attraction and Retention Loading, the period of time during which the contributor was in receipt of that allowance or loading is to be taken into account for the purposes of determining **X** in subregulation (2).
- (4) If the amount determined to be **FS** in subregulation (2) for a contributor who is a Consultant (other than an Intensive Care Unit Consultant or a Consultant Psychiatrist) is less than the amount of the contributor's notional salary, the contributor's salary for the purposes of determining benefits will be taken to be his or her notional salary.
- (5) Pursuant to section 59(1a)(d) of the Act, if an allowance to which this regulation applies absorbs, or is paid in lieu of, some other allowance (a **prior allowance**), section 4(4) of the Act does not apply in respect of any reduction of salary resulting from the discontinuation of the prior allowance.
- (6) In this regulation—

Consultant has the same meaning as in the *South Australian Medical Officers Award* (as in force on the day on which this regulation comes into operation);

notional salary of a contributor means the contributor's actual or attributed salary immediately before the cessation of his or her employment—

- (a) excluding any allowance referred to in subregulation (1); but
- (b) incorporating any loading or allowance to which he or she was entitled under an award or enterprise agreement immediately before the commencement of the *Department of Health Salaried Medical Officers Enterprise Agreement 2008*.

26—Exclusion of non-monetary remuneration

Where a non-monetary component of a contributor's remuneration that is excluded from the definition of *salary* is changed—

- (a) to a monetary amount that is included as salary under the Act and these regulations for the purpose of determining both contributions and benefits; or
- (b) to another form of non-monetary remuneration that is included as salary under section 4(2c) of the Act for the purpose of determining both contributions and benefits,

the amount of the contributor's salary will be taken not to include that component for the purpose of determining benefits unless at least five years has elapsed since the change occurred and the value of the component has been included as a component of salary for the purpose of calculating contributions continuously since the change occurred.

Division 2—TEC salary

28—Proportion of remuneration package that is salary

- (1) Subject to this regulation and to Division 3, the proportion of the value of the total remuneration package specified in a TEC contract for the purposes of the first definition of *salary* in section 4(1) of the Act is—
 - (a) in respect of a new scheme contributor—82.5 per cent;
 - (b) in respect of an old scheme contributor—78.5 per cent.
- (2) Where a component of the total remuneration package specified in a TEC contract is—
 - (a) a higher duties allowance; or
 - (b) a bonus; or
 - (c) an allowance to compensate an employee for being denied a right of private practice or for being unable to exercise a right of private practice because of the nature of his or her employment; or
 - (d) an allowance or payment to compensate an employee in respect of money that was earned by the employee in the exercise of a right of private practice but was paid to his or her employer,

the amount of the contributor's salary for the purpose of determining both contributions and benefits will be taken to be an amount equivalent to the relevant proportion prescribed by subregulation (1) of the value of the total remuneration package excluding the value of that component.

- (3) If, on the commencement of regulation 24AC of the revoked regulations, the salary of a contributor whose salary is to be determined under the first definition of *salary* in section 4(1) of the Act would have been less than it would be if determined under the second definition of *salary* in the Act, the proportion of the value of the total remuneration package specified in the contributor's TEC contract is the proportion that ensures that the value of the contributor's salary under both definitions of *salary* in the Act was the same at the commencement of that regulation.

- (4) The proportion determined under subregulation (3) as at the commencement of regulation 24AC of the revoked regulations will continue to apply in relation to the contributor during his or her membership of the Scheme.

Division 3—Related provisions

28A—Interpretation

In this Division—

relevant entity means an entity that has entered into an arrangement with the Board under section 5 of the Act;

salary means the salary defined by the first or second definitions of *salary* in the Act as modified by the provisions of Division 1 or 2 applicable from time to time in relation to a contributor.

29—Salary in relation to fixed term appointments

- (1) This regulation applies to, and in relation to, a contributor whether he or she is employed pursuant to a TEC contract or not.
- (2) Subject to subregulations (4) and (5), where a contributor has, during his or her membership of the Scheme, been appointed to a higher position for a limited term of less than five years, the contributor's salary for the purpose of determining contributions and benefits will, during the term of the appointment, be taken to be the contributor's basic salary.
- (3) Subject to subregulation (7), where a contributor has, during his or her membership of the Scheme, been appointed to a higher position for a limited term of five years or more, the contributor's salary for the purpose of determining contributions and benefits will thereafter be taken to be the highest level of salary achieved by the contributor during his or her membership of the Scheme.
- (4) A contributor who has been appointed to a higher position for a limited term of less than five years will be taken, for the purposes of subregulations (2) and (3), to have been appointed for a term of five years or more if the term of that appointment when aggregated with the term of a previous appointment or appointments to higher positions during the contributor's membership of the scheme is five years or more.
- (5) A contributor who has been appointed to a higher position for a limited term of less than five years will, if the term is extended to five years or more, be taken, for the purposes of subregulations (2) and (3) to have been appointed for a term of five years or more on the day on which the term is extended.
- (6) The highest level of salary achieved by the contributor will be determined by comparing the salary levels for the time being of all positions held by the contributor during his or her membership of the Scheme and the following provisions will apply for the purpose of the comparison:
 - (a) where the salary applicable to the position that the contributor holds or to a position previously held by the contributor has been reduced (except for disciplinary reasons) or the position has ceased to exist, the salary of the position will be taken to be—

-
- (i) where the salary has been reduced—the salary of that position on the last day on which the contributor was employed in the position before the reduction;
 - (ii) where the position has ceased to exist and subparagraph (i) does not apply—the salary of that position on the last day on which the contributor was employed in the position,
- adjusted to reflect changes in the Consumer Price Index between that day and the day on which the comparison is made;
- (b) where the contributor holds, or held, a position pursuant to special conditions as to salary negotiated with his or her employer, the salary of the position will be taken to be the salary for the time being of the position (or the notional salary of the position determined under paragraph (a) if applicable) increased in accordance with the special conditions.
- (7) The contributor's salary for the purposes of determining contributions and benefits will be taken to be the contributor's basic salary if the contributor has, by notice in writing to the Board within two months of the commencement of the fixed term appointment referred to in subregulation (3), made an election to that effect.
 - (8) An election referred to in subregulation (7) cannot be revoked and, as well as applying in relation to the fixed term appointment in relation to which it was made, applies also in relation to all subsequent periods served by the contributor pursuant to fixed term appointments.
 - (9) An election made by an officer of the teaching service before regulation 24B of the revoked regulations came into force under the corresponding regulation in force at that time will be taken to be an election referred to in subregulation (7) of this regulation.
 - (10) A person who is employed pursuant to a fixed term appointment when he or she becomes a member of the Scheme will be taken, for the purposes of this regulation, to have been appointed to the higher position on the day on which he or she became a member of the Scheme.
 - (11) Subregulations (3) and (4) do not apply to, or in relation to, the appointment of a contributor to a higher position for a limited term of two years or less if that term commences during the limited term of an existing appointment and expires on or before the end of the longer term.
 - (11a) Any determination of salary under this regulation must, if relevant, take into account, and operate subject to, the provisions of regulation 29A.
 - (12) In this regulation, unless the contrary intention appears—
 - basic salary* in relation to a contributor on a particular day means—
 - (a) where the contributor was not employed pursuant to a fixed term appointment on that day—the contributor's salary on that day;
 - (b) where the contributor was employed pursuant to a fixed term appointment on that day—the salary for the time being payable in respect of the position (or an equivalent position) held by the contributor immediately before the commencement of the fixed term appointment or, where the contributor has held two or more consecutive fixed term appointments, immediately before the commencement of the first of those appointments;

fixed term appointment in relation to a contributor means the appointment of the contributor to a higher position for a limited term;

higher position in relation to a contributor means a position in which the salary, or the aggregate of the various components of the salary, received by the contributor exceeds the salary, or the aggregate of the various components of the salary, received by the contributor in the same or some other position held by the contributor immediately before appointment to the higher position.

29A—Special provision relating to certain TEC contracts without tenure

- (1) Despite any other regulation (and despite any provision to the contrary in the Act), but subject to subregulation (2), if a contributor employed pursuant to a TEC contract without tenure has, at any time before he or she entered into that contract, been employed pursuant to a TEC contract with tenure (including such a contract at a lower position and including such a contract entered into before the commencement of this regulation), then, during the first 12 months of employment pursuant to the TEC contract without tenure, 86.9565% of the proportion of the value of the total remuneration package specified in the contract that applies under regulation 28 will be taken to be the contributor's salary for the purpose of determining contributions and benefits with respect to the contributor's membership of the Scheme.
- (1a) If the contributor's term of appointment under the TEC contract without tenure commenced before the day on which that contract was entered into, the contributor's employment under the contract will nevertheless be taken, for the purposes of subregulation (1), to have commenced on the day on which the contract was entered into.
- (2) Subregulation (1) does not apply—
 - (a) in respect of a contributor who has been previously employed pursuant to another TEC contract without tenure, other than where the contributor, at any time after the end of that TEC contract without tenure, was employed pursuant to a TEC contract with tenure or was employed in a position with permanency; or
 - (b) for the purpose of determining benefits with respect to a contributor's membership of the Scheme in a case involving—
 - (i) the invalidity of the contributor (irrespective of the age of the contributor); or
 - (ii) the termination of the relevant contract by an act of the employer (including a retrenchment); or
 - (iia) the termination of the contributor's employment on the expiry of the relevant contract because the position occupied by the contributor under the contract has ceased to exist; or
 - (iii) the death of the contributor; or
 - (c) in respect of a contributor if—
 - (i) the contributor has, during his or her membership of the scheme, been appointed to a position with permanency, or for a limited term of 5 years or more (or is taken for the purposes of regulation 29 to have been so appointed); and

- (ii) the contributor has not, or has not been taken to have, made an election under regulation 29(7) or 30(2) (or any such election made by the contributor has been revoked); and
 - (iii) the highest level of salary received by the contributor during his or her membership of the scheme before he or she entered into the TEC contract without tenure is higher than the amount that would, but for this paragraph, be taken under subregulation (1) to be the contributor's salary for the purpose of determining contributions and benefits with respect to the contributor's membership of the Scheme.
- (3) In this regulation—

TEC contract with tenure, in relation to a contributor, means a TEC contract—

- (a) that provides that the contributor will be entitled to some other specified appointment as an employee (without any requirement for selection processes to be conducted) in the event that he or she is not reappointed to the position held under the contract at the end of a term of appointment or employment or in other circumstances specified in the contract (whether or not the contract is under Part 7 of the *Public Sector Management Act 1995*); or
- (b) that is under Part 7 of the *Public Sector Management Act 1995* and does not exclude the operation of subsection (5) of section 34 of the *Public Sector Management Act 1995* (being a contract under section 34 of that Act that does not make provision for an appointment in the manner and circumstances contemplated by subsection (4) of that section);

TEC contract without tenure, in relation to a contributor, means a TEC contract that is not a TEC contract with tenure.

29B—Special provision relating to certain transferred contributors

- (1) Subregulation (2) applies to a contributor who—
 - (a) is employed by a relevant entity; and
 - (b) is, while retaining his or her position with the entity (the **substantive position**), occupying an alternative position whereby he or she is working in the Public Service (an **alternative position**).
- (2) Despite any other regulation (and despite any provision to the contrary in the Act), the salary of a contributor to whom this subregulation applies will, for the purpose of determining contributions and benefits, be determined in accordance with the following:
 - (a) if the contributor has occupied an alternative position for less than 12 months, the contributor's salary for the purpose of determining contributions and benefits will be taken to be the salary received by the contributor in respect of the substantive position immediately before beginning to occupy an alternative position;
 - (b) if—
 - (i) the contributor has occupied an alternative position for 12 months or more; and

- (ii) the contributor's remuneration in respect of such a position is the same as, or less than 25% higher than, his or her remuneration in respect of the substantive position immediately before beginning to occupy an alternative position,

the contributor's salary for the purpose of determining contributions and benefits will be taken to be the highest level of salary received by the contributor in respect of an alternative position occupied by the contributor;

(c) if—

- (i) the contributor has occupied an alternative position for 12 months or more; and
- (ii) the contributor's occupation of such a position commenced before the relevant day; and
- (iii) the contributor's remuneration in respect of such a position is at least 25% higher than his or her remuneration in respect of the substantive position immediately before beginning to occupy an alternative position,

- (ii) the contributor's occupation of such a position commenced on or after the relevant day; and

- (v) the contributor's salary for the purpose of determining benefits will be taken to be salary determined in accordance with subregulation (4a).

- (3) Despite any other regulation (and despite any provision to the contrary in the Act), the salary of a contributor who transfers from employment with a relevant entity to employment with the Public Service, and whose employment with the entity ceases on or following the transfer, will, for the purpose of determining contributions and benefits, be determined in accordance with the following:
- (a) if the contributor's remuneration in respect of employment with the Public Service is the same as, or less than 25% higher than, his or her remuneration in respect of employment with the entity immediately before his or her transfer to the Public Service, the contributor's salary for the purpose of determining contributions and benefits will be taken to be the highest level of salary received by the contributor in respect of his or her employment with the Public Service;
 - (b) if—
 - (i) the contributor's remuneration in respect of employment with the Public Service is at least 25% higher than his or her remuneration in respect of employment with the entity immediately before his or her transfer to the Public Service; and
 - (ii) the contributor's employment with the Public Service commenced before the relevant day,
 the contributor's salary for the purpose of determining contributions and benefits will be taken to be salary determined in accordance with subregulation (4);
 - (c) if—

 - (ii) the contributor's employment with the Public Service commenced on or after the relevant day,
 the following provisions apply:
 - (iii) the contributor's salary for the purpose of determining contributions during the period of his or her employment in the Public Service will be taken to be the highest level of salary received by the contributor in respect of that employment;
 - (iv) the contributor's salary for the purpose of determining benefits will be taken to be salary determined in accordance with subregulation (4a).
- (4) Salary for the purposes of determining contributions and benefits under subregulation (2)(c) and subregulation (3)(b) is to be determined in accordance with the following formula:

$$S = S_1 + ((S_2 - S_1) \times 25\%)$$

where—

S is the salary

S_1 is the highest level of salary received by the contributor while employed by, and undertaking duties for, the relevant entity, adjusted to reflect any movement in salaries for the same classification with that employer

S_2 is the highest level of salary received by the contributor in respect of his or her employment with the Public Service, adjusted to reflect any movement in salaries for the same classification with that employer.

- (4a) Salary for the purposes of determining benefits under subregulation (2)(d)(v) and subregulation (3)(c)(iv) is to be determined in accordance with the following formula:

$$S = S_1 \left[\frac{CM - X}{CM} \right] + \frac{S_2 \times X}{CM}$$

where—

S is the salary

S_1 is the highest level of salary received by the contributor while employed by, and undertaking duties for, the relevant entity, adjusted to reflect any movement in salaries for the same classification with that employer

S_2 is the highest level of salary received by the contributor in respect of his or her employment with the Public Service, adjusted to reflect any movement in salaries for the same classification with that employer

CM is the number of contribution months in the contributor's contribution period

X is the number of contribution months in that part of the contributor's contribution period during which he or she was employed with the Public Service (with any part of a contribution month being taken to be a full contribution month).

- (5) For the purposes of the definitions of S_1 and S_2 in subregulations (4) and (4a), if the classification level of the position occupied by a contributor no longer exists when his or her salary is to be determined, adjustments will then be made according to changes in the Consumer Price Index from the day on which the classification level ceased to exist.

- (6) In this regulation—

relevant day means the day on which the *Superannuation (Salary) Variation Regulations 2008* came into operation.

29BA—Determination of salary for contributor transferred to entity outside of Public Service

- (1) This subregulation applies to a contributor who—
- is employed in the Public Service; and
 - is, while retaining a position in the Public Service (a *substantive position*), occupying a position with a host employer (the *alternative position*).

- (2) Despite any other regulation (and despite any provision to the contrary in the Act), the salary of a contributor to whom subregulation (1) applies will, for the purposes of determining contributions and benefits, be determined in accordance with the following:

(a) if—

- (i) the contributor has occupied the alternative position for 12 months or more; and
- (ii) the contributor's host employer has entered into an arrangement with the Board under which the employer agrees to pay to the Treasurer an amount sufficient to meet the cost of the employer financed share of benefits payable to the contributor that is attributable to the contributor's employment with the host employer,

the following provisions apply:

- (iii) if the contributor's remuneration in respect of the alternative position is the same as, or less than 25% higher than, his or her remuneration in respect of a substantive position occupied by the contributor immediately before beginning to occupy the alternative position, the contributor's salary for the purpose of determining contributions and benefits will be taken to be his or her salary in respect of the alternative position;
- (iv) if the contributor's remuneration in respect of the alternative position is at least 25% higher than his or her remuneration in respect of a substantive position occupied by the contributor immediately before beginning to occupy the alternative position, the contributor's salary for the purpose of determining contributions and benefits will be taken to be salary determined in accordance with the following formula:

$$S = S_1 + ((S_2 - S_1) \times 25\%)$$

where—

S is the salary

S_1 is the highest level of salary received by the contributor in his or her employment in the Public Service, adjusted to reflect any movement in salaries for the same classification with that employer

S_2 is the highest level of salary received by the contributor in respect of his or her employment in the alternative position, adjusted to reflect any movement in salaries for the same classification with that employer;

- (b) if paragraph (a) does not apply to the determination of the contributor's salary, the contributor's salary for the purpose of determining contributions and benefits will be taken to be his or her salary in respect of the substantive position occupied by the contributor immediately before beginning to occupy the alternative position.

(3) If—

- (a) subregulation (1) ceases to apply to a contributor because he or she is no longer occupying a position with a host employer and has returned to a substantive position; and
- (b) the contributor's remuneration in respect of such a substantive position is lower than his or her remuneration in respect of the alternative position immediately before he or she ceased to occupy that position,

the contributor's salary for the purpose of determining benefits is, subject to subregulation (4), to be determined in accordance with the following formula:

$$S = S_1 \left[\frac{CM - X}{CM} \right] + \frac{S_2 \times X}{CM}$$

where—

S is the salary

*S*₁ is the highest level of salary received by the contributor in his or her employment in the Public Service, adjusted to reflect any movement in salaries for the same classification with that employer

*S*₂ is the highest level of salary received by the contributor in his or her employment with the host employer, adjusted to reflect any movement in salaries for the same position with that employer

CM is the number of contribution months in the contributor's contribution period

X is the number of contribution months in that part of the contributor's contribution period during which he or she was employed by the host employer (with any part of a contribution month being taken to be a full contribution month).

- (4) If the contributor's salary for the purpose of determining benefits would, but for subregulation (3), exceed the salary determined in accordance with that subregulation, subregulation (3) does not apply.
- (5) For the purposes of the definitions of *S*₁ and *S*₂ in subregulations (2)(a)(iv) and (3), if the position, or the classification level of the position, occupied by a contributor no longer exists when his or her salary is to be determined, adjustments will then be made according to changes in the Consumer Price Index from the day on which the position or classification level ceased to exist.
- (6) In this regulation—

host employer means—

- (a) a body owned, or substantially or wholly funded, by the Government of the State; or
- (b) a body owned, or substantially or wholly funded, by the Government of the Commonwealth; or
- (c) a body owned, or substantially or wholly funded, by—
 - (i) the Government of the State; and

- (ii) the Government of the Commonwealth or the Government of another State.

29BB—Determination of salary for contributor returning to Public Service after employment with relevant entity

- (1) This regulation applies to a contributor employed in the Public Service after having occupied a position with a relevant entity if—
- (a) the contributor was employed by the entity pursuant to an arrangement under which the definition of salary in the Act was modified in its application to, or in relation to, employees to which the arrangement related; and
 - (b) a purpose of the modification was to ensure that the salary received by employees in their employment with the relevant entity was recognised for the purposes of the definition of salary only in respect of the period of the employee's service with the entity.
- (2) Despite any other regulation (and despite any provision to the contrary in the Act), if the highest level of salary received by a contributor to whom this regulation applies in his or her position with the relevant entity was higher than the salary received by the contributor in his or her employment with the Public Service, the contributor's salary will, for the purposes of determining contributions and benefits, be determined in accordance with the method for determining salary specified under the arrangement.

29C—Determination of salary where contributor employed by more than 1 employer

- (1) This regulation applies to a contributor who occupies more than 1 position or office by virtue of which he or she is a contributor to the Scheme.
- (2) Subject to this regulation, the salary of a contributor to whom this regulation applies will, for the purpose of determining contributions and benefits, be taken to be the aggregate of the salaries paid or payable to the contributor in respect of each position or office occupied by the contributor.
- (3) Subject to subregulations (4) and (5), if there is, by reason of an act of an employer, a reduction in the rate, or discontinuance, of the salary payable in respect of 1 or more of the positions or offices occupied by a contributor to whom this regulation applies, the contributor's salary will, for the purpose of determining contributions and benefits, be taken to be the aggregate of the salaries paid or payable to the contributor in respect of each such position or office immediately before the reduction or discontinuance occurred, adjusted from time to time to reflect changes in salary for each relevant position or office.
- (4) If a position or office by reference to which the amount taken to be salary is determined under subregulation (3) ceases to exist, or the classification of the position or office is changed, the contributor's salary in respect of that position or office will, for the purpose of determining contributions and benefits under that subregulation, be taken to be the salary payable in respect of that position or office immediately before it ceased to exist or its classification was changed, adjusted to reflect changes in the Consumer Price Index from that time.

- (5) If, following a reduction or discontinuance referred to in subregulation (3), there is an increase in the time worked by a contributor to whom this regulation applies, the following provisions apply:
- (a) the contributor's salary in respect of the position or office in relation to which the reduction or discontinuance occurred will, for the purpose of determining contributions and benefits, be determined in accordance with subregulation (3) as if any increase in salary associated with the increase in time worked had not occurred;
 - (b) however, if the contributor elects, in a manner approved by the Board, to have the increase in his or her salary taken into account, subregulation (3) will cease to apply in relation to the contributor and, instead, the contributor's salary will, for the purpose of determining contributions and benefits, be determined in accordance with subregulation (2).

30—Election to reduce salary

- (1) A contributor's salary will not be taken under regulation 29 to be the highest level of salary achieved by the contributor if the contributor has made an election under this regulation which has not been revoked.
- (2) If—
- (a) the highest level of salary achieved by a contributor was achieved, pursuant to a TEC contract; and
 - (b) the contributor is now receiving a reduced salary (except where the reduction is due to a reduction in hours of employment or for disciplinary reasons),
- the contributor may, by written notice to the Board, elect that regulation 29 will not apply to him or her.
- (3) An election under subregulation (2) that has not been revoked remains in force despite the fact that the requirements of subregulation (2)(a) or (b) are no longer satisfied.
- (4) Where an election under subregulation (2) is in force, the contributor's salary for the purposes of calculating benefits will be determined in accordance with the following formula:

$$S = S_1 \left[\frac{CM - X}{CM} \right] + \frac{S_2 \times X}{CM}$$

Where—

S is the salary

S_1 is the highest level of salary (as determined in accordance with regulation 29) achieved by the contributor before the contributor's election under subregulation (1) adjusted to reflect changes in the level of remuneration under TEC contracts since the time of that election

CM is the number of contribution months in the contributor's contribution period

X is the number of contribution months in that part of the contributor's contribution period occurring after the election

S_2 is the amount that would, but for this subregulation, have been the contributor's salary for the purpose of determining benefits.

- (5) Subject to subregulation (6), an election under subregulation (2) cannot be revoked.
- (6) An election under subregulation (2) may be revoked by the contributor by written notice to the Board if the value in relation to the contributor of S_2 in the formula in subregulation (4) exceeds the value of S_1 in the formula.

Part 4A—Non-member spouse entitlements

30A—Procedure for payment of lump sum

- (1) For the purposes of sections 43AJ(5) and 43AP(3) of the Act, notice given by the Board to a non-member spouse of the non-member spouse's right to make an election in respect of his or her interest must—
 - (a) be in writing; and
 - (b) advise the non-member spouse of—
 - (i) his or her option to make an election and the consequences of a failure to do so within 28 days; and
 - (ii) the value of the interest; and
 - (iii) the basis of any adjustments that have been, or will be, applied to the interest; and
 - (c) notify the non-member spouse that the interest cannot be retained in the Scheme.
- (2) If a non-member spouse interest is rolled over to the credit of the non-member spouse in the Southern State Superannuation Fund because an election has not been made, the Board must, within 14 days of the interest being rolled over—
 - (a) advise the non-member spouse that his or her interest has been rolled over to the Southern State Superannuation Fund; and
