- (1a) For the purposes of determining the amount referred to in subregulation (1)(b), the amount of the Consumer Price Index for the September quarter, 2000, and for the September quarter of each subsequent year will be reduced by the amount of the component of the weighted average of the Consumer Price Index for the eight Australian capital cities for the September quarter, 2000, that, in the opinion of the Australian Bureau of Statistics, is attributable to the impact of the GST.
- (1b) If the Australian Bureau of Statistics has not determined and published the amount of the component referred to in subregulation (1a) that is attributable to the GST by 1 January 2001, the determination under subregulation (1)(b) for that year will be delayed until the amount has been published by the Bureau.

7—Notices

Pursuant to sections 36(3), 39(3) and 45(7) of the Act, the following information must be included in a notice under any of those sections:

 - (d) in some other manner agreed between the Corporation and the worker.
- (5) Subregulation (4) operates subject to the following qualifications:

 - (b) the Corporation may, in its absolute discretion, waive (absolutely or subject to such conditions as the Corporation thinks fit) the whole or any part of an amount that it is entitled to recover if—
 - (i) the Corporation is satisfied that the worker is experiencing severe financial hardship, or it appears appropriate to do so on account of any other special circumstances peculiar to the worker; or
 - (ii) the Corporation considers that it is appropriate to do so after the Corporation has balanced the likely costs that would be associated with recovering the amount against the amount itself; and
 - (c) unless the Corporation is satisfied on reasonable grounds that the worker has provided false or misleading information to the Corporation, the Corporation must grant the following remissions if the total amount payable is repaid within the following periods:
 - (i) a 15% remission if the total amount is repaid within 1 month of the date on which the worker first receives a written notification of the amount that the worker is liable to pay;

- (ii) a 10% remission if the total amount is repaid within 6 months of the date on which the worker first receives a written notification of the amount that the worker is liable to pay.

- (2) The limits in relation to the indemnity provided by the Corporation for the costs of obtaining professional advice in the event of redemption negotiations where the advice is obtained in the 2001 calendar year or a subsequent calendar year are to be determined by adjusting the amounts prescribed by subregulation (1) in accordance with subregulation (3).
- (3) Subject to subregulation (4), an amount prescribed by subregulation (1) will be adjusted on an annual basis so that the adjusted amount will on 1 January 2001 and on 1 January of each subsequent year be an amount (calculated to the nearest multiple of \$10) that bears to the amount prescribed by subregulation (1) the same proportion, subject to subregulation (5), as the Consumer Price Index for the September quarter of the immediately preceding year bears to the Consumer Price Index for the September quarter, 1998.
- (4) In the application of subregulation (3) the maximum amount for obtaining professional advice about the consequences of redemption prescribed by subregulation (1) will be taken to be \$330 and not \$341.

Where—

X is the amount of each instalment

K equals $\frac{X}{(1+I)^{1/M} - 1}$ where—

M is the number of instalments to be paid per year or, if the instalments are to be paid less frequently than annually, M is an amount calculated as follows:

$$M = \frac{1}{\text{Number of years duration of each particular instalment}}$$

I is the prescribed discount rate (expressed as a decimal number) plus the prescribed inflation rate (expressed as a decimal number) for the period to which the assessment relates (see subregulation (3))

P is the lump sum assessment of capital loss

N is the total number of instalments to be paid over the period to which the assessment relates.

- (1a) For the purpose of determining the sum referred to in subregulation (1)(b), the amount of the Consumer Price Index for the September quarter, 2000, and for the September quarter of each subsequent year will be reduced by the amount of the component of the weighted average of the Consumer Price Index for the eight Australian capital cities for the September quarter, 2000, that, in the opinion of the Australian Bureau of Statistics, is attributable to the impact of the GST.

- (1b) If the Australian Bureau of Statistics has not determined and published the amount of the component referred to in subregulation (1a) that is attributable to the GST by 1 January 2001, the determination under subregulation (1)(b) for that year will be delayed until the amount has been published by the Bureau.

- (vi) if the worker is a man of or over the age of 56 years or a woman of or over the age of 69 years, the value in table P set out in Appendix 5 of NAL Report No 118 appropriate to the worker's age and sex must be subtracted from the binaural percentage of loss of hearing obtained in accordance with the procedure set out in subparagraph (v); and
 - (c) in addition to an audiometric test, a legally qualified medical practitioner registered in the speciality of otorhinolaryngology, or approved by the Corporation, must carry out a physical examination of the worker (and any other appropriate investigation that the medical practitioner considers necessary) to determine whether the worker's hearing loss is noise induced or is due, or partly due, to ear disease or other causes of hearing loss and must, having regard to the results of the audiometric test of hearing, determine the noise induced hearing loss of the worker as a binaural noise induced hearing loss expressed as a percentage loss of hearing.

Where—

P is the worker's percentage entitlement of the prescribed sum;

P1, P2, P3, P4 are the percentages of the prescribed sum that are payable under this principle for the various disabilities, calculated as follows:

$$P4 = \frac{100 - (P1 + P2 + P3)}{100} \times d,$$

and so on, where a, b, c, d and so on are the percentages that would be individually applicable to the disabilities if there were no question of aggregation.
