18—Reimbursement of Commission

- (1) The Commission is entitled to be reimbursed by the Treasurer in respect of the costs of providing legal assistance for a criminal case involving 1 or more assisted persons if—
 - (a) the case is subject to a case management plan approved by the Attorney-General under the *Expensive Criminal Cases Funding Agreement*; and
 - (b) the Commission complies with the approved case management plan.

- (2) The amount the Commission is entitled to be reimbursed under subsection (1) is the amount by which the net amount of legal assistance costs for the case exceeds the relevant funding cap.
- (3) A case management plan may relate to a criminal case that is comprised of more than 1 trial if the trials are related trials and the Attorney-General is satisfied, in the circumstances of the case, that it is appropriate for the trials to be combined under a single case management plan.
- (4) Despite the requirements of subsection (3), a retrial arising out of a trial may, in any case, be included in a case management plan as part of the criminal case of the first trial.
- (5) Subject to subsection (3), if a case management plan complies with the criteria for approval fixed in the *Expensive Criminal Cases Funding Agreement*, the Attorney-General must approve the case management plan.
- (6) If the Commission, after making reasonable attempts to reach agreement with the Attorney-General on a case management plan, fails to obtain the Attorney-General's approval, the Commission may, by notice in writing to an assisted person to whom the case management plan relates, withdraw legal assistance for that person.
- (7) The Commission must, in each of its annual reports, publish the text of the *Expensive Criminal Cases Funding Agreement* as in force at the end of the year to which the report relates.
- (8) In this section—

Expensive Criminal Cases Funding Agreement means the agreement between the Commission and the Attorney-General governing the approval of case management plans for the purposes of this section and includes that agreement as amended from time to time;

funding cap means an amount fixed as the funding cap for criminal cases by the Commission for a particular financial year (which may vary according to the circumstances to which it is expressed to apply);

net amount of legal assistance costs in respect of a criminal case subject to a case management plan, means the gross amount of legal assistance costs for each assisted person to whom the case management plan relates less the amount of any payments the Commission has received or has a reasonable prospect of recovering from each assisted person (whether under this Act or the LSC Act) or a financially associated person;

related trials—trials are ***related trials*** if the charges the subject of each trial are founded on the same facts or form, or are a part of, a series of offences of the same or a similar character (whether or not relating to the same accused person).

Schedule 1—Transitional provisions etc

3—Expensive Criminal Cases Funding Agreement

The *Expensive Criminal Cases Funding Agreement* as in force under section 18 of the *Criminal Law (Legal Representation) Act 2001* immediately before the commencement of this Act continues as the *Expensive Criminal Cases Funding Agreement* in force under section 18 of the *Criminal Law (Legal Representation) Act 2001* after that commencement.
