- (1) If a person or group acquires an interest in a land rich entity that, when aggregated with an interest in the entity acquired by another person as a result of an associated transaction on the same day or within the preceding 3 years, amounts to a significant interest in the entity, then for the purposes of this Part—
  - (a) the person or group acquires that significant interest in the entity; and
  - (b) the person or group and any other person acquiring an interest in the entity as a result of the associated transaction are jointly and severally liable for the payment of duty in respect of the acquisition.
- (2) In this section—

*associated transaction*, in relation to the acquisition of an interest in a land rich entity by a person or group, means an acquisition of an interest in the entity by another person in circumstances in which—

  - (a) those persons are acting in concert; or
  - (b) the acquisitions form, evidence, give effect to or arise from substantially 1 arrangement, 1 transaction or 1 series of transactions.

### 95B—Primary production entities

- (2) Duty is payable under this Part in respect of a transaction to which this section applies as if the entity had not been a primary production entity at the time at which the person or group acquired or increased the interest in the entity.
- (3) In this section—

*relevant primary production entity* means a primary production entity that is not a land rich entity under section 94(1) only because the unencumbered value of the entity's underlying land assets comprises less than 80 per cent of the unencumbered value of the entity's total underlying assets.
