(19) For the purposes of this Act, a terminal condition is a work injury that—

(a) is incurable; and

(b) will, in the opinion of a medical practitioner, cause death.

(20) The regulations may provide that a medical practitioner is not able to act under subsection (19)(b) unless the medical practitioner—

(a) complies with any requirements prescribed by the regulations; or

(b) holds qualifications prescribed by the regulations; or

(c) satisfies any other criteria prescribed by the regulations.

4—Amendment of section 5—Average weekly earnings

(1) Section 5(2)—after "subsection (1)" insert:

, other than where subsection (2a) applies

(2) Section 5—after subsection (2) insert:

(2a) This subsection applies if—

(a) the work injury that results in incapacity for work is a prescribed dust/fibre disease; and

(b) the injured worker elects to have this subsection apply rather than subsection (2).

(2b) For the purposes of subsection (1), if subsection (2a) applies, relevant employment is constituted by—

(a) employment with the worker's employer at the time that the prescribed dust/fibre disease is diagnosed by a medical practitioner; and

(b) if the worker is, at the time of that diagnosis, in the employment of 2 or more employers, employment with each such employer.

(2c) An election under subsection (2a)(b)—

(a) must be made in a manner and form approved by the Corporation; and

(b) cannot be withdrawn by the worker.

(3) Section 5(16)(a)—delete paragraph (a) and substitute:

(a) a reference to the relevant date is a reference to—

(i) unless subparagraph (ii) applies—the date on which the relevant injury occurs; or

(ii) if the worker has made an election under subsection (2a)(b)—the date on which the prescribed dust/fibre disease to which the election relates is diagnosed by a medical practitioner; and

(4) Section 5—after subsection (16) insert:

(17) The Minister must not make a recommendation to prescribe a disease as a prescribed dust/fibre disease unless—

(a) the Minister has consulted with—

(i) 1 or more professional associations representing medical practitioners, including the Australian Medical Association (South Australia) Incorporated; and

(ii) the Corporation; and

(iii) the Advisory Committee; and

(b) the Minister is satisfied that it will be reasonable for the disease to be prescribed.

(18) In this section—

prescribed dust/fibre disease means a disease, attributable to exposure to a form of dust or to fibres, prescribed for the purposes of this definition by regulation made on the recommendation of the Minister (see subsection (17)).

5—Amendment of section 18—Employer's duty to provide work

(1) Section 18(1)—after "previous employment)," insert:

, including if the worker has ceased to be incapacitated for work in consequence of the work injury

(2) Section 18(2)—after paragraph (c) insert:

(ca) the worker's employment with the pre-injury employer has been properly terminated on the ground of serious and wilful misconduct (and the onus of establishing that lies on the employer); or

(3) Section 18(2)(d)—delete "between the worker, the employer and the Corporation under section 25(10)" and substitute:

to by the worker under section 25(10a)

(4) Section 18(3) and (4)—delete subsections (3) and (4) and substitute:

(3) A worker who has been incapacitated for work in consequence of a work injury who seeks employment with the pre-injury employer in accordance with this section must, for the purpose of seeking the employment—

(a) give written notice to the employer (a ***subsection (3) notice***)—

(i) confirming that they are ready, willing and able to return to work with the employer; and

(ii) providing information about the type of employment that the worker considers that they are capable of performing; and

(iii) if the worker was a labour hire worker at the time of the work injury, the injury arose from employment while the worker was supplied to a host employer and the worker seeks the host employer to cooperate with the pre-injury employer in the provision of suitable employment to the worker—containing a statement to that effect; and

(b) comply with any other requirements prescribed by the regulations.

(4) A subsection (3) notice must be supported by evidence of the worker's capacity for work.

(4a) A worker who gives a subsection (3) notice to their pre-injury employer must, if relevant, give the host employer a copy of the subsection (3) notice and the supporting evidence under subsection (4) as soon as is reasonably practicable after giving the notice to the pre-injury employer.

(4b) The pre-injury employer must, within 1 month of receiving a subsection (3) notice from a worker, notify the worker in writing whether they will provide the worker—

(a) with suitable employment of the type the worker considers that they are capable of performing (as set out in the subsection (3) notice); or

(b) with other suitable employment (being other suitable employment that the pre-injury employer is willing to provide).

(4c) If the pre-injury employer—

(a) refuses to provide the worker with suitable employment, the pre-injury employer must set out in the notice under subsection (4b) the grounds on which the refusal is made; or

(b) notifies the worker that they will provide other suitable employment under subsection (4b)(b), the pre-injury employer must set out in the notice the reasons why —

(i) employment of a kind referred to in subsection (4b)(a) is not being provided; and

(ii) the pre-injury employer considers the other suitable employment to be suitable.

(4d) If the pre-injury employer refuses or otherwise fails to provide suitable employment under this section, or the worker considers that any employment offered by the pre-injury employer under subsection (4b)(b) is not suitable, the worker may apply to the Tribunal for an order under subsection (5)—

(a) within 1 month after the date on which the pre-injury employer provided written notice under subsection (4b); or

(b) if the pre-injury employer failed to provide written notice under subsection (4b)—within 1 month after the end of the 1 month period in which the employer was required to give the notice under that subsection.

5 (4e) Subsections (1) to (4d) operate subject to the qualification that the worker cannot apply to the Tribunal for an order under subsection (5) if, at the time of giving a subsection (3) notice to the employer, the worker had ceased to be incapacitated for work in consequence of the work injury and did not give that notice within 6 months of
10 ceasing to be incapacitated.

(5) Section 18(5)—delete "subsection (3)" and substitute:

subsection (4d)

(6) Section 18—after subsection (5) insert:

(5a) In making an order under subsection (5), the Tribunal may—

15 (a) specify any 1 or more of the following:

(i) the nature and range of duties to be provided in the suitable employment;

(ii) the nature of any adjustments the employer must make to enable the worker to perform those duties;

20 (iii) the number of hours each day or week that the worker is to be provided with suitable employment; and

(b) as part of the order, order that any of the specified matters set out in paragraph (a) be implemented in stages, in
25 accordance with a recovery/return to work plan or on some other reasonable basis.

(5b) The Tribunal may also, in making an order under subsection (5) in a case involving a worker who included a statement of a kind referred to in subsection (3)(a)(iii) in their subsection (3) notice, make any
30 order it considers appropriate requiring the host employer to comply with subsection (16a) (and a host employer has the right to be heard in any proceedings in which such an order is sought).

(5c) Subject to subsection (5d), the Tribunal may, in the case of an employer that is—

35 (a) a member of a group of self-insured employers comprised of related bodies corporate; or

(b) the Crown or an agency or instrumentality of the Crown,

make an order under subsection (5) that the employment be provided by—

40 (c) if paragraph (a) applies, the pre-injury employer or another member of the group (as specified in the order); or

(d) if paragraph (b) applies, the Crown or an agency or instrumentality of the Crown.

(5d) In a case where subsection (5c)(a) applies and the Tribunal determines to make an order under subsection (5), the order should require that the employment be provided by the pre-injury employer unless there are good reasons for it to be provided by another member of a self-insured group.

(5e) If the Tribunal makes an order in favour of a worker under subsection (5), the Tribunal must make an order that the employer pay an amount (the ***prescribed amount***) to the worker to reflect the wages or salary the worker would have been expected to receive in the suitable employment if it were provided during the period from the day on which the worker provided the subsection (3) notice to the employer until the making of the order (the ***relevant period***).

(5f) In determining the prescribed amount, the Tribunal must—

(a) apply the principle that the purpose of ordering the payment of the prescribed amount is to put the worker in the financial position that they would have been in, in terms of relevant remuneration during the relevant period, if the suitable employment had been provided during the relevant period; and

(b) adopt the worker's notional weekly earnings during the relevant period for the purposes of the determination, unless the Tribunal is satisfied that there is good reason to adopt a different amount to represent the worker's weekly earnings during the relevant period (or part of the period); and

(c) in relation to any part of the relevant period where the worker was entitled to weekly payments under Part 4 Division 4, order payment of an amount that represents the difference between—

(i) the relevant remuneration the worker would have been entitled to receive if the suitable employment had been provided during the period; and

(ii) the weekly payments the worker received during the period; and

(d) in relation to any part of the relevant period where the worker was not entitled to weekly payments under Part 4 Division 4, take into account any remuneration earned by the worker from employment or other work during the period.

(5g) For the purposes of subsection (5f), ***relevant remuneration*** during the relevant period means the sum of—

(a) the wages or salary the worker would have been expected to receive from suitable employment during that period (determined in accordance with subsection (5f)(b)); and

(b) any weekly payments the worker would have been entitled to receive under Part 4 Division 4 during that period if the worker had received the wages or salary referred to in paragraph (a).

(5h) Despite subsection (5e) or (5f), the Tribunal may reduce the prescribed amount in a particular case having regard to the circumstances of the case.

(7) Section 18(6) and (7)—delete subsections (6) and (7) and substitute:

(6) A party (other than the relevant compensating authority) to proceedings before the Tribunal under this section is entitled, subject to subsections (8) and (9) and any limits prescribed by regulation, to an award against the relevant compensating authority for the party's reasonable costs of the proceedings before the Tribunal.

(7) An award of legal costs cannot exceed 85% of the amount that would be allowable under the relevant Supreme Court scale if the proceedings were in the Supreme Court.

(7a) On receiving an application to the Tribunal under this section, the Registrar must immediately send copies of the application to the other parties to the proceeding and to the relevant compensating authority.

(7b) Within 21 days of receiving a copy of an application under subsection (7a), the compensating authority must provide to the Tribunal any document or thing in the relevant compensating authority's possession or control relevant to the application.

(7c) The Tribunal may, in acting under this section—

(a) hear and determine an application concurrently with another proceeding under this Act; and

(b) determine whether the worker has been incapacitated for work in consequence of a work injury if that question has not been previously determined (and in those circumstances the relevant compensating authority has the right to be heard on that question).

(7d) The Tribunal, in making an order under subsection (5), is not limited to considering only employment of the type the worker nominated in the subsection (3) notice and may take into account any change in capacity for work after the making of the application to the Tribunal or any other evidence before the Tribunal.
