 - (c) consumer advocacy projects for the benefit of consumers of natural gas; and
 - (d) research projects for the benefit of consumers of natural gas; and
 - (e) projects in research or consumer advocacy for the joint benefit of consumers of electricity and consumers of natural gas.
- (6) The Panel must, in preparing a budget under subsection (1)—
 - (a) seek to maximise the amount of funding available for the allocation of grants by keeping administrative costs associated with the work of the Panel to a minimum; and
 - (b) ensure that money that is proposed to be made available for research projects initiated by the Panel does not exceed 25% of the Panel's total budget prepared under subsection (1)(b); and
 - (c) clearly distinguish between—
 - (i) money that is proposed to be made available for research projects initiated by the Panel; and
 - (ii) money that is proposed to be made available for research projects put forward by other persons or bodies.
- (7) The Panel must, in preparing a budget, undertake consultations in accordance with the regulations.
- (8) The MCE may approve any budget with or without amendment.

42—Funding for administrative costs associated with Panel

The AEMC and AEMO are to be responsible for meeting all administrative costs associated with the work of the Panel, as set out in the approved budget, on the basis that—

- (a) the AEMC will be responsible for such costs relating to the performance of functions relevant to consumers of natural gas; and
- (b) AEMO will be responsible for such costs relating to the performance of functions relevant to consumers of electricity; and
- (c) both bodies will be jointly responsible for such costs relating to the performance of functions relevant to both consumers of electricity and consumers of natural gas (on the basis that the budget will specify the division of costs between the 2 bodies).

43—Grant funding

The AEMC and AEMO are to be responsible for meeting the grant funding requirements of the Panel, as set out in the approved budget, on the basis that—

- (a) the AEMC will be responsible for grant funding of consumer advocacy and research projects for the benefit of consumers of natural gas; and
- (b) AEMO will be responsible for grant funding of consumer advocacy and research projects for the benefit of consumers of electricity; and
- (c) both bodies will be jointly responsible for such costs relating to grant funding of projects in research or consumer advocacy for the joint benefit of consumers of electricity and consumers of natural gas (on the basis that the budget will specify the division of costs between the 2 bodies).

44—Provision of funding

- (1) The funding requirements placed on the AEMC and AEMO under sections 42 and 43 are subject to the following additional provisions:
 - (a) the AEMC may allocate some or all of its costs under those sections to AEMO after taking into account the extent to which AEMO's functions relate to the provision of gas services within each of the various Australian jurisdictions (and AEMO must accept responsibility for those costs as allocated by the AEMC);
 - (b) the amounts to be provided by the AEMC and AEMO (after taking into account the operation of paragraph (a)) are to be made available under a scheme agreed between the AEMC, AEMO and the Panel or, in default of an agreement, on a quarterly basis.
- (2) Any money provided under subsection (1)—
 - (a) must be held by the AEMC in a separate account; and
 - (b) may be paid by the AEMC to meet the administrative costs associated with the work of the Panel, and for the making of grants, in accordance with the provisions of this Part.

45—Criteria and guidelines for grant allocation

- (1) The criteria for grant allocation are to be determined by the MCE and promulgated in the form of regulations under this Act.
- (2) The Panel is responsible for developing, in consultation with the AEMC and other interested stakeholders, guidelines for grant allocation that are consistent with the MCE's criteria.
- (3) The guidelines are to be submitted for the approval of the MCE.
- (4) The MCE may approve the guidelines with or without amendment.
- (5) The criteria and approved guidelines for grant allocation are to be published on the Panel's website.

46—Implementation of determinations of Panel

- (1) The AEMC must, as directed by the Panel, make grants towards consumer advocacy projects and research projects for the benefit of consumers of electricity or natural gas (or both).
- (2) A direction under this section must be consistent with—
 - (a) the approved budget; and
 - (b) the MCE's criteria for grant allocation; and
 - (c) the approved guidelines (if any) for grant allocation.
- (3) The Panel must, in providing a direction under this section, certify compliance with subsection (2).
- (4) The terms and conditions on which a grant is to be made are to be as determined by the Panel (after taking into account any relevant criteria for grant allocation).
- (5) The conditions may include, for example—
 - (a) that the person to whom the grant is made must ensure that the application of the funds is audited by an independent person;
 - (b) that the person to whom the grant is made must provide a report or reports on the activities undertaken or outcomes achieved on account of work undertaken pursuant to the grant.
- (6) The Panel may, in operating under its budget during the course of a financial year, make adjustments between allocations under section 41(5), but not so as to breach the limit on projects initiated by the Panel under section 41(6)(b) or to alter responsibility for funding between the AEMC and AEMO under section 42.

47—Annual report

- (1) The Panel must, within 14 days after the end of each financial year, submit to the AEMC a draft report—
 - (a) on the grants made for projects for consumer advocacy or research during the financial year, distinguishing between—
 - (i) each form of project identified under section 41(5); and
 - (ii) the 2 categories of projects under section 41(6)(c); and

- (b) on the activities undertaken or the outcomes achieved during the financial year by projects for consumer advocacy or research supported by grants made during the financial year or earlier; and
 - (c) generally on the work of the Panel during the financial year.
- (2) The draft report must conform with any requirements imposed by regulation.
- (3) The Panel must—
 - (a) consider any comments made by the AEMC on the draft report within 28 days after submission of the draft report; and
 - (b) make any revisions of the draft report the Panel considers appropriate in the light of those comments; and
 - (c) submit a final report to the AEMC within 2 months after the end of the financial year to which the report relates.
- (4) The Panel's final report is to be included as part of the AEMC's report for the relevant financial year.
- (5) The Panel's final report for each financial year is to be published on the Panel's website within a reasonable time after the AEMC's report is laid before both Houses of Parliament under section 27.

Transitional etc provisions associated with Act or amendments

Australian Energy Market Commission Establishment (Consumer Advocacy Panel) Amendment Act 2007, Sch 1—Transitional provisions

1—Interpretation

(1) Terms used in this Schedule that are defined in the *Australian Energy Market Commission Establishment Act 2004* have the same respective meanings as in that Act.

(2) In this Schedule—

Advocacy Panel means the Advocacy Panel under clause 8.10 of the National Electricity Rules, as in force immediately before the commencement of this clause.

2—Membership of Consumer Advocacy Panel

- (1) Subject to subclause (3), the person who was Chairperson of the Advocacy Panel immediately before the commencement of this subclause will be taken to have been appointed as the Chairperson of the Panel on the same terms and conditions as to remuneration and other matters as were specified in the instrument of the person's appointment as Chairperson of the Advocacy Panel.
- (2) Subject to subclause (3), a person who was a member (other than the Chairperson) of the Advocacy Panel immediately before the commencement of this subclause will be taken to have been appointed as a member of the Panel on the same terms and conditions as to remuneration and other matters as were specified in the instrument of the person's appointment as a member of the Advocacy Panel.
- (3) An appointment under this clause will be for an interim term that expires in accordance with a determination of the Minister responsible for the administration of the *Australian Energy Market Commission Establishment Act 2004* (and the procedures to appoint Panel members under the *Australian Energy Market Commission Establishment Act 2004* may be commenced at any time after the commencement of this Act in accordance with a timetable determined by the MCE).

3—Panel to decide certain funding applications

- (1) This clause applies to an application for funding lodged with the Advocacy Panel under the National Electricity Rules and not determined by the Advocacy Panel immediately before the commencement of this clause.
- (2) The Panel must determine an application to which this clause applies and may, where appropriate, give a direction for the making of a grant by the AEMC to the applicant as if the applicant were a successful applicant for a grant under Part 4 of the *Australian Energy Market Commission Establishment Act 2004* (as enacted by this Act).
- (3) The Panel must, in acting under subclause (2), apply any criteria or guidelines applying in relation to the application at the time the application was made.

4—Payment of funding balance to AEMC

- (1) This clause applies to any amount being held for the purposes of the Advocacy Panel immediately before the commencement of this clause from the money provided to the Advocacy Panel for the approved Advocacy Panel funding requirements.
- (2) The amount to which this clause applies must be paid to the AEMC and placed by the AEMC in a separate account in accordance with Part 4 of the *Australian Energy Market Commission Establishment Act 2004* (as enacted by this Act).

5—Contracts etc

- (1) All rights and liabilities held by or on behalf of the Advocacy Panel are transferred to the AEMC.
- (2) The transfer of rights and liabilities under this clause operates by force of this clause and despite the provisions of any other law.
- (3) All references to the Advocacy Panel in an instrument or agreement that gives rise to or evidences a right or liability under subclause (1) will have effect as if it were a reference to the AEMC.

6—Initial Panel budget

- (1) The Panel may adopt a budget that has been prepared by the Advocacy Panel and approved under the National Electricity Rules as its first budget under the *Australian Energy Market Commission Establishment Act 2004* (subject to making any amendments under subclause (2)).
- (2) The Panel may, within 3 months after adopting its first budget under subclause (1), submit an amended budget for the balance of the financial year to the MCE for its approval.
- (3) A budget adopted by the Panel under subclause (1) or approved by the MCE under subclause (2) will be taken to be an approved budget under Part 4 of the *Australian Energy Market Commission Establishment Act 2004* (as enacted by this Act).
- (4) In addition, the MCE may approve a budget under this subclause that may be taken to be an approved budget under Part 4 of the *Australian Energy Market Commission Establishment Act 2004* (as enacted by this Act) for the financial year next following the financial year for which the first budget under subclauses (1) and (2) applies.

7—Final reporting requirements associated with Advocacy Panel

- (1) The Panel must include in its first annual report under Part 4 of the *Australian Energy Market Commission Establishment Act 2004* (as enacted by this Act) the information (including audited financial statements of the Advocacy Panel) that the Advocacy Panel would have been required to include in an annual report under clause 8.10.7 of the National Electricity Rules (as in force immediately before the commencement of this clause) had the Advocacy Panel not been dissolved on account of the commencement of this Act (and despite the fact that the reporting periods for the 2 entities are different).
- (2) An audit of the last financial statements of the Advocacy Panel must be undertaken in accordance with any requirements of the AEMC.
- (3) The persons who, immediately before the commencement of this clause, are the members of the Advocacy Panel must ensure that all information in the possession of the Advocacy Panel that is necessary or convenient to the operation of subclauses (1) and (2) is kept available for the purposes of those subclauses.

8—Criteria and guidelines

Any criteria or guidelines for grant allocations made by the Advocacy Panel applying immediately before the commencement of this clause will continue to apply for the purposes of Part 4 of the *Australian Energy Market Commission Establishment Act 2004* (as enacted by this Act) until criteria and guidelines are established under that Part.
