 the Development Assessment Commission or council may, by notice in writing served on the owner and the occupier of the land, declare that a revival of the use will be treated, for the purposes of this Act, as a change in the use of the land.

- (4) The owner or occupier may, within one month after service of a notice under subsection (3), or such extended period as may be allowed by the Court, appeal to the Court against the declaration.
- (5) On an appeal under subsection (4), the Court may confirm or revoke the declaration.

 - (A) accords with the Planning Strategy; and
 - (B) accords with other parts of the Development Plan; and
 - (C) complements the policies in the Development Plans for adjoining areas; and
 - (D) satisfies the matters prescribed in the regulations.
- (15) The Minister must, on the receipt of a report under subsection (13)(a), seek the advice of the Advisory Committee—
 - (a) if the Minister is of the opinion—
 - (i) that the proposed amendment would not be in accordance with the Planning Strategy; or
 - (ii) that there is substantial public opposition to the whole or part of the proposed amendment; or
 - (iii) that the council has recommended that substantial alterations be made to the amendment; or
 - (b) in the case of an amendment that designates a place as a place of local heritage value—if the owner of the land objects to the amendment (and, in such a case, the owner of the land must be given a reasonable opportunity to make submissions to the Advisory Committee (in such a manner as the Advisory Committee thinks fit) in relation to the matter before the Advisory Committee reports back to the Minister),and thereafter the Minister may—
 - (c) approve the amendment; or
 - (d) after consultation with the council, alter the amendment and approve the amendment as altered; or
 - (e) decline to approve the amendment (and, in such a case, the Minister must provide the council with written reasons for the Minister's decision); or
 - (f) after consultation with the council, divide the amendment into separate amendments (with or without alterations) and approve one or more of those amendments and, as to the remaining amendment or amendments, undertake consultation with the council in relation to the matter (and, in such a case, the Minister may then reconsider the amendment or amendments (with or without alterations) and exercise, in relation to the amendment or amendments, any power conferred on the Minister under this subsection to approve, alter or decline to approve the amendment or amendments).

- (16) The Minister is not required to consult with the council under subsection (15)(d) in relation to any alteration made—
- (a) in order to make a change of form (without altering the effect of an underlying policy reflected in the amendment); or
 - (b) in order to take action which, in the opinion of the Minister, is—
 - (i) addressing or removing irrelevant material or a duplication or inconsistency (without altering the effect of an underlying policy reflected in the amendment); or
 - (ii) correcting an error.
- (17) The Minister will give an approval under subsection (15) by notice in the Gazette.
- (18) A notice under subsection (17) must fix a day on which an approved amendment will come into operation (and the relevant Development Plan will then be taken, from that day, to be amended in the manner set out in the amendment).
- (19) Despite a preceding subsection (but subject to the operation of subsection (21)), the Minister may, by notice in writing to the council, determine that a Plan Amendment Report will lapse if the council has failed—
- (a) to refer the Plan Amendment Report to the Minister or a government Department or agency in accordance with the requirements of this section within the relevant period; or
 - (b) to release the Plan Amendment Report for public consultation in accordance with the requirements of this section within the relevant period; or
 - (c) to provide a report to the Minister on the matters raised during the public consultation period for the Plan Amendment Report in accordance with the requirements of this section within the relevant period,
- (and such a determination will have effect according to its terms).
- (20) A reference to the *relevant period* in paragraph (a), (b) or (c) of subsection (19) is a reference to a period specified by the relevant Statement of Intent or, if the Minister has granted the relevant council an extension of that period, a reference to that period as extended by the Minister.
- (21) The Minister must, before making a determination under subsection (19), consult with the council and give the council a reasonable opportunity to make submissions to the Minister.
- (22) The Minister may act or rely on a matter certified by the chief executive officer of a council under this section without further inquiry.

Note—

- 1 The steps set out in subsection (5)(a) and (b) are to be undertaken concurrently (subject to the operation of subsection (6)).

26—Amendments by the Minister

- (1) If the Minister is considering an amendment to a Development Plan, the Minister must first prepare a draft Plan Amendment Report based on investigations initiated by the Minister in relation to the matter and the advice of a person with prescribed qualifications appointed by the Minister.

- (2) A Plan Amendment Report must assess the extent to which the proposed amendment—
- (a) accords with the Planning Strategy;
 - (b) accords with other parts of the Development Plan;
 - (c) complements the policies in Development Plans for adjoining areas;
 - (d) satisfies the requirements prescribed by the regulations,
- and include—
- (e) an explanation of the proposed amendment and a summary of the major policy changes (if any) that are proposed; and
 - (f) a summary of the conclusions drawn from the investigations referred to above; and
 - (g) a draft of the amendment, or a draft of the relevant section of the Development Plan as amended (with the amendments shown in a distinctive manner).
- (3) The Plan Amendment Report may incorporate any material prepared by a council under section 25 in relation to an amendment which was proposed under that section.
- (4) The Minister must then—
- (a) refer the Plan Amendment Report to any council that in the opinion of the Minister has a direct interest in the matter for comment within the time determined by the Minister (being not less than the time that applies under paragraph (b)); and
 - (b) release the Plan Amendment Report for public consultation in accordance with the regulations¹.
- (6) Where a proposed amendment designates a place as a place of local heritage value, the Minister must, on or before the day on which the Plan Amendment Report is released for public consultation under subsection (4), give each owner of land constituting the place proposed as a place of local heritage value a written notice—
- (a) informing the owner of the proposed amendment; and
 - (b) inviting the owner to make submissions on the amendment within the period that applies under subsection (4)(b).
- (7) The Minister must seek the advice of the Advisory Committee—
- (a) on the matters raised as a result of public consultation under subsection (4); and
 - (b) on any submissions made under subsection (6); and
 - (c) on any proposed alterations to the amendment.
- (8) The Minister may then—
- (a) approve the amendment; or
 - (b) alter the amendment and approve the amendment as altered; or
 - (c) decline to approve the amendment; or

- (d) divide the amendment into separate amendments (with or without alterations) and approve one or more of those amendments and, as to the remaining amendment or amendments, give further consideration to any outstanding issues and then, if or when the Minister thinks fit, reconsider the amendment or amendments (with or without alterations) and exercise, in relation to the amendment or amendments, any power conferred on the Minister under this subsection to approve, or to decline to approve, the amendment or amendments.
- (9) The Minister will give an approval under subsection (8) by notice in the Gazette.
- (10) A notice under subsection (9) must fix a day on which the amendment will come into operation (and the relevant Development Plan or Plans will then be taken, from that day, to be amended in the manner set out in the amendment).
- (11) Despite a preceding subsection (but subject to the operation of subsection (12)), if—
- (a) the Minister is authorised to proceed with the consideration of an amendment because of the operation of section 24(1)(a)(iva); and
 - (b) a Plan Amendment Report has been prepared by the relevant council under section 25; and
 - (c) the Minister is of the opinion that a policy contained in the Plan Amendment Report is of substantial interest to the Government of the State and should be adopted to achieve consistency with the Planning Strategy,
- then—
- (d) the Minister may rely on a Plan Amendment Report (or part of a Plan Amendment Report) prepared under section 25 rather than under this section (with or without modifications made by the Minister); and
 - (e) unless substantial modifications have been made under paragraph (d), the Minister is not required to undertake public consultation on a Plan Amendment Report (or part of a Plan Amendment Report) on which the Minister is relying under paragraph (d) if public consultation has already been undertaken on the Plan Amendment Report by a council under section 25; and
 - (f) the Minister is not required to seek the advice of the Advisory Committee under this section to the extent that advice has already been obtained under section 25.
- (12) The Minister must refer a proposal to act under subsection (11) to the relevant council for comment within a period (of at least six weeks) determined by the Minister and if during that period the council, by notice in writing, objects to the Minister's proposed action then the Minister must seek and consider the advice of the Advisory Committee before acting.

Note—

- 1 The steps set out in subsection (4)(a) and (b) may be undertaken concurrently.

27—Parliamentary scrutiny

- (1) If the Minister approves an amendment under this subdivision, the Minister must, within 28 days, refer the amendment to the Environment, Resources and Development Committee of the Parliament (together with, in the case of an amendment approved under section 25, copies of the certificates of the chief executive officer of the relevant council required under that section).
- (3) The Environment, Resources and Development Committee must, after receipt of an amendment under subsection (1)—
 - (a) resolve that it does not object to the amendment; or
 - (b) resolve to suggest amendments to the relevant Development Plan (as amended); or
 - (c) resolve to object to the amendment.
- (4) If, at the expiration of 28 days from the day on which the amendment was referred to the Environment, Resources and Development Committee, the Committee has not made a resolution under subsection (3), it will be conclusively presumed that the Committee does not object to the amendment and does not itself propose to suggest any amendments to the Development Plan.
- (5) If an amendment is suggested under subsection (3)(b)—
 - (a) the Minister may, by notice in the Gazette, proceed to make such an amendment; or
 - (b) the Minister may report back to the Committee that the Minister is unwilling to make the amendment suggested by the Committee (and, in such a case, the Committee may resolve that it does not object to the amendment as originally made, or may resolve to object to that amendment).
- (6) If the amendment was proposed by a council, the Minister must consult with the council before making an amendment under subsection (5)(a).
- (7) If the Environment, Resources and Development Committee resolves to object to an amendment, copies of the amendment must be laid before both Houses of Parliament.
- (8) If either House of Parliament passes a resolution disallowing an amendment laid before it under subsection (7) then the amendment ceases to have effect (and the Development Plan will, from that time, apply as if it had not been amended by that amendment).
- (9) A resolution is not effective for the purposes of subsection (8) unless passed in pursuance of a notice of motion given within 14 sitting days (which need not fall within the same session of Parliament) after the day on which the amendment was laid before the House.
- (10) Where a resolution is passed under subsection (8), notice of that resolution must forthwith be published in the Gazette.

28—Interim development control

- (1) Where the Governor is of the opinion that it is necessary in the interests of the orderly and proper development of an area of the State that an amendment to a Development Plan should come into operation without delay, the Governor may, at the same time as, or at any time after, a Plan Amendment Report in relation to the amendment is released for public consultation under this subdivision, and without the need for prior consultation with any council or other authority, by notice in the Gazette, declare that the amendment will come into operation on an interim basis on a day specified in the notice.
- (2) Where a notice has been published under subsection (1), the amendment comes into operation on the day specified in the notice.
- (3) The Minister must, as soon as practicable after the publication of a notice under subsection (1), prepare a report on the matter and cause copies of that report to be laid before both Houses of Parliament.
- (4) An amendment that has come into operation under this section ceases to operate—
 - (a) if the Governor, by notice published in the Gazette, terminates the operation of the amendment; or
 - (b) if either House of Parliament passes a resolution disallowing the amendment after copies of the amendment have been laid before both Houses of Parliament under section 27(7); or
 - (c) if the amendment has not been approved by the Minister under this subdivision within 12 months from the day on which it came into operation; or
 - (d) if the amendment is superseded by another amendment that comes into operation under this subdivision.
- (5) If an amendment ceases to operate by virtue of subsection (4)(b) or (c), notice of that cessation must forthwith be published in the Gazette.
- (6) If an amendment ceases to operate by virtue of subsection (4)(a), (b), or (c), the Development Plan will, from the date of cessation, apply as if it had not been amended by that amendment.

29—Certain amendments may be made without formal procedures

- (1) The Minister may, by notice in the Gazette, amend a Development Plan in accordance with any plan, policy, standard, report, document or code which—
 - (a) is prepared, adopted or applied under any other Act; and
 - (b) falls within a class prescribed by the regulations for the purposes of this provision.
- (2) The Minister may, by notice in the Gazette, amend a Development Plan—
 - (a) in order to make a change of form (without altering the effect of an underlying policy reflected in the Development Plan); or
 - (b) in order to take action which, in the opinion of the Minister, is—

- (i) addressing or removing irrelevant material or a duplication or inconsistency (without altering the effect of an underlying policy reflected in the Development Plan); or
 - (ii) correcting an error.
- (3) The Minister may, by notice in the Gazette, amend a Development Plan—
 - (a) in order to include a State heritage place in the plan; or
 - (b) in order to remove a place that is no longer a State heritage place from the plan.
- (4) An amendment under this section takes effect as from a time stated in the notice of amendment.

Subdivision 3—Review of plans by councils

30—Review of plans by council

- (1) A council must carry out periodic reviews for the purpose of determining—
 - (a) the appropriateness of any Development Plan that applies in relation to its area (or a part of its area); and
 - (b) the consistency of any such Development Plan with the Planning Strategy.
- (2) A council must give public notice of a review to be carried out under this section and the notice must contain an invitation to interested persons to make written submissions to the council on the subject of the review within two months of the date of the notice or such longer period as may be allowed by the notice.
- (3) A council must give any person who makes written submissions in response to an invitation under subsection (2) an opportunity to appear personally or by representative before the council or a council committee and to be heard on those submissions.
- (4) The Advisory Committee may, at the request of a council, furnish advice on any matters arising in the course of a review under this section.
- (5) The council must prepare a report on the review and send a copy of the report to the Minister (and the council will not be taken to have completed the review until the report is received by the Minister).
- (5a) The council must make copies of the report prepared under subsection (5) available for inspection (without charge) by the public at the principal office of the council.
- (6) The first review to be carried out by a council under this section must be completed within four years after the commencement of this section, and each subsequent review must be completed within three years of the completion of the previous review or, if the Minister allows an extension of time on the application by the council, within five years of the completion of the previous review.
- (7) A failure of a council to comply with this section cannot be taken to affect the validity of a Development Plan that applies in relation to the area (or a part of the area) of the council.

Subdivision 4—Supplementary provision

31—Copies of plans to be made available to the public

- (1) The Minister must make appropriate provision for the publication and distribution of Development Plans under this Act.
- (2) The Minister must ensure that copies of every Development Plan, and of every authorised amendment to a Development Plan, are reasonably available for inspection (without charge) and purchase by the public at places determined by the Minister.
- (3) A council must make copies of a Development Plan published under subsection (1) that applies in relation to any part of its area available for inspection (without charge) and purchase by the public at an office of the council.
- (4) The Minister must, within a reasonable time after an amendment is made to a Development Plan, ensure that a consolidation of the Development Plan, as amended, is prepared and that copies of the consolidation are made available for inspection (without charge) and purchase by the public at places determined by the Minister.

Part 4—Development assessment

Division 1—General scheme

Subdivision 1—Approvals

32—Development must be approved under this Act

Subject to this Act, no development may be undertaken unless the development is an approved development.

33—Matters against which a development must be assessed

- (1) A development is an approved development if, and only if, a relevant authority has assessed the development against, and granted a consent in respect of, each of the following matters (insofar as they are relevant to the particular development):
 - (a) the provisions of the appropriate Development Plan (*provisional development plan consent*);
 - (b) the provisions of the Building Rules (*provisional building rules consent*);
 - (c) in relation to a proposed division of land (otherwise than by strata plan under the *Community Titles Act 1996* or the *Strata Titles Act 1988*)—the requirement that the following conditions be satisfied (or will be satisfied by the imposition of conditions under this Act):
 - (i) the allotments resulting from the division may be lawfully used for the purposes proposed by the applicant;
 - (ii) open space will be provided, or a payment will be made in accordance with the requirements imposed under this Act;
 - (iii) adequate provision is made for the creation of appropriate easements and reserves for the purposes of drainage, electricity supply, water supply and sewerage services;
 - (iv) the requirements of the South Australian Water Corporation relating to the provision of water supply and sewerage services are satisfied;
 - (iva) where land is to be vested in a council or other authority—the council or authority consents to the vesting;
 - (v) requirements set out in regulations made for the purposes of this provision are satisfied;
 - (d) in relation to a division of land by strata plan under the *Community Titles Act 1996* or the *Strata Titles Act 1988*—the requirement that the following conditions be satisfied (or will be satisfied by the imposition of conditions under this Act):
 - (i) each lot or unit that would be created or affected by the development is appropriate for separate occupation;
 - (ii) any encroachment of a lot or unit over other land has been dealt with in a satisfactory manner;

- (iii) where land is to be vested in a council or other authority—the council or authority consents to the vesting;
 - (iv) a building or item intended to establish a boundary (or part of a boundary) of a lot or lots or a unit or units is appropriate for that purpose;
 - (v) the division of the land by strata plan is, having regard to the relevant Development Plan, appropriate;
 - (vi) open space will be provided, or a payment will be made in accordance with the requirements imposed under this Act;
 - (vii) the requirements of the South Australian Water Corporation relating to the provision of water supply and sewerage services are satisfied;
 - (viii) any building situated on the land complies with the Building Rules;
 - (ix) requirements set out in the regulations made for the purposes of this provision are satisfied;
- (e) the requirement that any encroachment of a building over, under, across or on a public place (and not otherwise dealt with above) has been dealt with in a satisfactory manner;
- (f) such other matters as may be prescribed.
- (2) An application may be made for all or any of the consents required for the approval of a proposed development, or for any one or more of those consents.
- (3) A relevant authority may, in granting a provisional development plan consent, reserve its decision on a specified matter until further assessment of the relevant development under this Act.
- (4) A development will be taken to be an approved development when all relevant consents have been granted and a relevant authority has, in accordance with this Act, indicated that the development is approved.
- (5) The provisions of the Building Rules that are relevant to the operation of subparagraph (viii) of paragraph (d) of subsection (1) are the provisions of the Building Rules as in force at the time the application is made for consent in respect of the matters referred to in that paragraph.

34—Determination of relevant authority

- (1) Subject to this Act, the relevant authority, in relation to a proposed development, is ascertained as follows:
- (a) where the proposed development is to be undertaken within the area of a council, then, subject to paragraphs (ab) and (b), the council is the relevant authority (and, subject to paragraph (b)(ii), the council may act as the relevant authority even if it is to undertake some or all of the relevant development itself);
 - (ab) where—
 - (i) the proposed development is to be undertaken within an area in relation to which a regional development assessment panel has been constituted (see subsection (3)); and

(ii) the proposed development is development of a prescribed kind, then, subject to paragraph (b), the regional development assessment panel is the relevant authority;

(b) where—

- (i) the Development Assessment Commission is constituted by the regulations as the relevant authority in relation to a class of development in which the proposed development is comprised; or
- (ii) the proposed development is development of a prescribed kind to be undertaken by a council; or
- (iii) the Minister, acting at the request of a council or regional development assessment panel, declares, by notice in writing served personally or by post on the proponent, that the Minister desires the Development Assessment Commission to act as the relevant authority in relation to the proposed development in substitution for the council or regional development assessment panel (as the case may be); or
- (iv) the proposed development is to be undertaken in a part of the State that is not (wholly or in part) within the area of a council; or
- (v) the Development Assessment Commission and a council would, apart from this provision, both be constituted as relevant authorities in relation to a particular development; or
- (va) the Development Assessment Commission and a regional development assessment panel would, apart from this provision, both be constituted as relevant authorities in relation to a particular development; or
- (vi) the Minister declares, by notice in writing served personally or by post on the proponent, and sent to the relevant council or regional development assessment panel within five business days after the declaration is made, that the Minister desires the Development Assessment Commission to act as (or to become) the relevant authority for the proposed development in substitution for the council or the regional development assessment panel because—
 - (A) in the Minister's opinion the council, or a council for an area in relation to which the regional development assessment panel has been constituted (as the case may be), has demonstrated a potential conflict of interest in the assessment of the development because of a publicly stated position on the particular development; or
 - (B) in the Minister's opinion the proposed development would have significant impact beyond the boundaries of the council area in which the relevant land is situated; or
 - (C) the council or regional development assessment panel has failed to deal with an application for development authorisation for the development within the time prescribed under section 41; or

(vii) the Minister, acting at the request of the Minister for the River Murray, declares, by notice in writing served personally or by post on the proponent, that the Development Assessment Commission should act as the relevant authority in relation to the proposed development in substitution for the council or the regional development assessment panel (as the case may be) because, in the opinion of the Minister making the request, the proposed development may have a significant impact on an aspect of the River Murray within the meaning of the *River Murray Act 2003*,

then the Development Assessment Commission is, subject to subsection (2), the relevant authority.

(1a) Where the Minister has made a declaration under subsection (1)(b)(vi), the relevant council or regional development assessment panel may provide the Development Assessment Commission with a report, relating to the application for development authorisation, within the time prescribed by the regulations.

(2) Where—

(a) a proposed development involves the performance of building work; and

(b) the Development Assessment Commission or a regional development assessment panel is constituted as a relevant authority under subsection (1),

the Development Assessment Commission or regional development assessment panel (as the case may be) may—

(c) refer the assessment of the development in respect of the Building Rules to the council for the area in which the proposed development is to be undertaken; or

(d) require that the assessment of the development in respect of the Building Rules be undertaken by a private certifier, or by some other person of a class determined by the Development Assessment Commission or regional development assessment panel for the purposes of this provision,

and in that case (unless the proposed development is not to be undertaken in the area of a council) the council for the area in which the development is to be undertaken will, subject to the regulations and any condition or limitation imposed by the Development Assessment Commission or regional development assessment panel, be taken to be a relevant authority for the purposes of this Act.

(3) The Governor may, for the purposes of this section, by regulation, constitute a regional development assessment panel in relation to the areas of two or more councils (being council areas that are contiguous) and, if the regulation so provides, in relation to a contiguous area of the State not within the area of a council.

(4) The Governor may, in the regulation constituting a regional development assessment panel, or by subsequent regulation, make provision with the respect to—

(a) the membership of a regional development assessment panel, including—

(i) the number of members; and

(ii) the criteria for membership; and

-
- (iii) the procedures to be followed with respect to the appointment of members (on the basis that appointments will, according to the terms of the regulation, be made by the relevant councils or, if appropriate, the Minister); and
 - (iv) the terms of office of members; and
 - (v) conditions of appointment of members, or the method by which those conditions will be determined, and the grounds on which, and the procedures by which, a member may be removed from office; and
 - (vi) the appointment of deputy members;
- (b) the procedures of a regional development assessment panel;
 - (c) staffing and other support issues associated with the creation or operations of a regional development assessment panel;
 - (d) any special accounting or financial issues that may arise in relation to a regional development assessment panel;
 - (e) reporting by a regional development assessment panel on its operations and decisions;
 - (f) the proportions in which the councils for the areas in relation to which a regional development assessment panel is constituted will be responsible for costs and other liabilities associated with the regional development assessment panel;
 - (g) other matters considered by the Governor to be necessary or expedient for the purposes of a regional development assessment panel.
- (5) A member of a regional development assessment panel need not be a member of a council for an area in relation to which the regional development assessment panel is constituted.
- (6) Notice of the appointment of a member of a regional development assessment panel must be given in accordance with the regulations.
- (7) A member of a regional development assessment panel who has a direct or indirect personal or pecuniary interest in a matter before the regional development assessment panel (other than an indirect interest that exists in common with a substantial class of persons)—
- (a) must, as soon as he or she becomes aware of his or her interest, disclose the nature and extent of the interest to the panel; and
 - (b) must not take part in any deliberations or decision of the panel on the matter and must be absent from the room when any deliberations are taking place or decision is being made.
- (8) Without limiting the effect of subsection (7), a member of a regional development assessment panel will be taken to have an interest in a matter for the purposes of that subsection if an associate of the member has an interest in the matter.
- (9) A member of a regional development assessment panel incurs no liability for an honest act done in the performance or purported performance of functions or duties under this Act.

- (10) Any liability that would, but for subsection (9), attach to a member of a regional development assessment panel attaches instead to the councils for the areas in relation to which the regional development assessment panel is constituted.
- (11) Subject to subsection (12), a meeting of a regional development assessment panel must be conducted in a place open to the public.
- (12) A regional development assessment panel may exclude the public from attendance—
- (a) during so much of a meeting as is necessary to receive, discuss or consider on a confidential basis any of the following information or matters:
 - (i) information that would, if disclosed, confer a commercial advantage on a person with whom a council is conducting (or proposes to conduct) business, or prejudice the commercial position of a council;
 - (ii) commercial information of a confidential nature that would, if disclosed—
 - (A) prejudice the commercial position of the person who supplied it; or
 - (B) confer a commercial advantage on a third party; or
 - (C) reveal a trade secret;
 - (iii) matters affecting the security of any person or property;
 - (iv) matters that must be considered in confidence in order to ensure that the panel does not breach any law, order or direction of a court or tribunal constituted by law, any duty of confidence, or other legal obligation or duty;
 - (v) legal advice, or advice from a person who is providing specialist professional advice;
 - (vi) information provided by a public official or authority (not being an employee of a council, or a person engaged by a council) with a request or direction by that public official or authority that it be treated as confidential; or
 - (b) during so much of a meeting that consists of its discussion or determination of any application or other matter that falls to be decided by the panel.
- (13) A regional development assessment panel must ensure that accurate minutes are kept of its proceedings.
- (14) A disclosure under subsection (7)(a) must be recorded in the minutes of the regional development assessment panel.
- (15) Members of the public are entitled to reasonable access—
- (a) to agendas for meetings of a regional development assessment panel; and
 - (b) to the minutes of meetings of a regional development assessment panel.
- (16) However, a regional development assessment panel may, before it releases a copy of any minutes under subsection (15), exclude from the minutes information about any matter dealt with on a confidential basis by the panel.

- (17) Minutes must be available under subsection (15)(b) within five days after their adoption by the members of the panel.
- (18) An act of a regional development assessment panel is not invalid by reason only of a vacancy in its membership or a defect in the appointment of a member.
- (19) The Governor may, by regulation—
- (a) vary a regulation previously made under subsection (3) or (4);
 - (b) dissolve a regional development assessment panel (and make any provision necessary or expedient on account of the dissolution (including for the transfer to another authority of matters under the consideration of the panel immediately before its dissolution)).
- (20) The Minister must ensure that the councils for the areas in relation to which a regional development assessment panel is, or is to be, constituted concur before a regulation is made under subsection (1)(ab)(ii), (3), (4) or (19).
- (21) A council may, by giving the Minister at least two months notice in writing, withdraw from a regional development assessment panel.
- (22) If a council withdraws from a regional development assessment panel under subsection (21)—
- (a) the council remains liable for its share of the costs and liabilities of the regional development assessment panel incurred or accrued before the date of withdrawal; and
 - (b) the Governor may, after the Minister has consulted with the remaining councils, by regulation, vary or revoke to a regulation previously made under subsection (3) or (4) on account of the withdrawal (and in this case subsection (20) does not apply).

35—Special provisions relating to assessment against a Development Plan

- (1) If a proposed development is of a kind described as a complying development under the regulations or the relevant Development Plan, the development must be granted a provisional development plan consent (subject to such conditions or exceptions as may be prescribed by the regulations or the relevant Development Plan).
- (1a) However, a proposed development of a class prescribed for the purposes of section 37 will be taken not to be complying development (and will not be subject to the operation of subsection (1)).
- (2) Subject to subsection (1), a development that is assessed by a relevant authority as being seriously at variance with the relevant Development Plan must not be granted consent.
- (3) A development that is of a kind described as a non-complying development under the relevant Development Plan must not be granted a provisional development plan consent unless—
- (a) where the relevant authority is the Development Assessment Commission—the Minister and, if the development is to be undertaken in the area of a council, that council, concur in the granting of the consent;
 - (b) in any other case—the Development Assessment Commission concurs in the granting of the consent.

- (3a) However, the concurrence of a council is not required under subsection (3)(a) if the Development Assessment Commission is the relevant authority by virtue of the operation of section 34(1)(b)(ii), (iii) or (vi)(A).
- (4) If a development is of a kind described as a non-complying development under the relevant Development Plan, no appeal lies against—
- (a) a refusal of consent or concurrence under this section; or
 - (b) a condition attached to a consent or approval that is expressed to apply by virtue of that non-compliance under the Development Plan,
- except in relation to a proposed development that has, or will, become necessary by reason of—
- (c) a change, or a proposed change, in the law regulating an existing use of land; or
 - (d) an order under Division 5 or 6 of Part 6.

36—Special provisions relating to assessment against the Building Rules

- (1) If the regulations provide that a form of building work complies with the Building Rules, any such building work must be granted a provisional building rules consent (subject to such conditions or exceptions as may be prescribed by the regulations or the Development Plan).
- (2) Subject to subsection (3), a development that is at variance with the Building Rules must not be granted a provisional building rules consent unless—
- (a) the variance is with the performance requirements of the Building Code and the Building Rules Assessment Commission concurs in the granting of the consent; or
 - (b) the variance is with a part of the Building Rules other than the Building Code and the relevant authority determines that it is appropriate to grant the consent despite the variance on the basis that it is satisfied—
 - (i) that—
 - (A) the provisions of the Building Rules are inappropriate to the particular building or building work, or the proposed building work fails to conform with the Building Rules only in minor respects; and
 - (B) the variance is justifiable having regard to the objects of the Development Plan or the performance requirements of the Building Code and would achieve the objects of this Act as effectively, or more effectively, than if the variance were not to be allowed; or
 - (ii) in a case where the consent is being sought after the development has occurred—that the variance is justifiable in the circumstances of the particular case.
- (2a) No appeal lies against—
- (a) a refusal of concurrence by the Building Rules Assessment Commission under subsection (2)(a); or

- (b) a refusal of provisional building rules consent by a relevant authority if the Building Rules Assessment Commission has refused its concurrence under subsection (2)(a); or
 - (c) a condition attached to a consent or approval that is expressed to apply by virtue of a variance with the performance requirements of the Building Code.
- (2b) A relevant authority may, at the request or with the agreement of the applicant, refer proposed building work to the Building Rules Assessment Commission for an opinion on whether or not it complies with the performance requirements of the Building Code.
- (3) Where an inconsistency exists between the Building Rules and a Development Plan in relation to a State heritage place or a local heritage place—
 - (a) the Development Plan prevails and the Building Rules do not apply to the extent of the inconsistency; but
 - (b) the relevant authority must, in determining an application for provisional building rules consent, ensure, so far as is reasonably practicable, that standards of building soundness, occupant safety and amenity are achieved in respect of the development that are as good as can reasonably be achieved in the circumstances.
- (3a) A relevant authority must seek and consider the advice of the Building Rules Assessment Commission before imposing or agreeing to a requirement under subsection (3) that would be at variance with the performance requirements of the Building Code.
- (4) Subject to this Act, a relevant authority must accept that proposed building work complies with the Building Rules to the extent that—
 - (a) such compliance is certified by the provision of technical details, particulars, plans, drawings or specifications prepared and certified in accordance with the regulations; or
 - (b) such compliance is certified by a private certifier.
- (5) No act or omission by a relevant authority in good faith in connection with the operation of subsections (3) or (4)(a) (other than where a certificate under subsection (4)(a) is given by a private certifier¹) subjects the relevant authority to any liability.
- (6) The relevant authority may refuse to grant a consent in relation to any development if, as a result of that development, the type or standard of construction of a building of a particular classification would cease to conform with the requirements of the Building Rules for a building of that classification.
- (7) If a relevant authority decides to grant provisional building rules consent in relation to a development that is at variance with the Building Rules, the relevant authority must, subject to the regulations, in giving notice of its decision on the application for that consent, specify (in the notice or in an accompanying document)—
 - (a) the variance; and
 - (b) the grounds on which the decision is being made.

Note—

- 1 See section 89 with respect to certificates given by private certifiers.

37—Consultation with other authorities or agencies

- (1) The regulations may provide that where an application for the consent or approval of a proposed development of a prescribed class is to be assessed by a relevant authority—
- (a) the relevant authority must refer the application, together with a copy of any relevant information provided by the applicant, to a body prescribed by the regulations (including, where the relevant authority is a council, the Development Assessment Commission); and
 - (b) the relevant authority must not make its decision until it has received a response from that prescribed body in relation to the matter or matters for which the referral was made (but if a response is not received from the body within a period prescribed by the regulations, it will be presumed, unless the body notifies the relevant authority within that period that the body requires an extension of time because of subsection (3) (being an extension equal to that period of time that the applicant takes to comply with a request under subsection (2)), that the body does not desire to make a response, or concurs (as the case requires)).
- (2) A prescribed body may, before it gives a response under this section, request the applicant—
- (a) to provide such additional documents or information (including calculations and technical details) as the prescribed body may reasonably require to assess the application; and
 - (b) to comply with any other requirements or procedures of a prescribed kind.
- (3) Where a request is made under subsection (2)—
- (a) the prescribed body may specify a time within which the request must be complied with; and
 - (b) the prescribed body may, if it thinks fit, grant an extension of the time specified under paragraph (a).
- (4) The regulations may, in relation to the operation of subsection (1)—
- (a) provide that the relevant authority cannot consent to or approve the development—
 - (i) without having regard to the response of the prescribed body; or
 - (ii) without the concurrence of the prescribed body (which concurrence may be given by the prescribed body on such conditions as it thinks fit);
 - (b) empower the prescribed body to direct the relevant authority—
 - (i) to refuse the application; or
 - (ii) if the relevant authority decides to consent to or approve the development—subject to any specific limitation under another Act as to the conditions that may be imposed by the prescribed body, to impose such conditions as the prescribed body thinks fit,

(and the relevant authority must comply with any such direction).

- (5) Where a relevant authority acting by direction of a prescribed body refuses an application or imposes conditions in respect of a development authorisation—
 - (a) the relevant authority must notify the applicant that the application was refused, or the conditions imposed, by direction under this section; and
 - (b) if the regulations so provide, no appeal lies against that refusal or those conditions.
- (6) Where a refusal or condition referred to in subsection (5) is the subject of an appeal under this Act, the prescribed body will be a party to the appeal.

Subdivision 2—Consultation

38—Public notice and consultation

- (1) There will be three categories of development for the purposes of this section—
 - (a) Category 1 development; and
 - (b) Category 2 development; and
 - (c) Category 3 development.
- (2) Subject to subsection (2a), the following provisions apply in relation to the assignment of developments to those categories:
 - (a) the regulations or a Development Plan may assign a form of development to Category 1 or to Category 2 and if a particular form of development is assigned to a category by both the regulations and a Development Plan, the assignment provided by the Development Plan will, to the extent of any inconsistency, prevail within the area to which the Development Plan relates; and
 - (b) any development that is not assigned to a category under paragraph (a) will be taken to be a Category 3 development for the purposes of this section.
- (2a) The assignment of a form of development to Category 1 under subsection (2)(a) cannot extend to a particular development if that development involves, or is for the purposes of, a prescribed activity of environmental significance as defined by the *Environment Protection Act 1993*.
- (3) Where a person applies for a consent in respect of the Development Plan for a Category 1 development, the following provisions of this section do not apply.

 - (c) the public generally.
- (6) Except as otherwise provided by the regulations, the subject matter of—
 - (a) any notice required under this section; or
 - (b) any representations under this section; or
 - (c) any appeal against a decision on a Category 3 development by a person entitled to be given notice of the decision under subsection (12),must be limited to the following:
 - (d) what should be the decision of the relevant authority as to provisional development plan consent;
 - (e) in a case where a prescribed body is empowered to direct that the application be refused, or that conditions be imposed in relation to the development—what should be the decision of the prescribed body in response to the application.
- (7) Where notice of an application for consent in respect of a Category 2 or Category 3 development has been given under this section, any person who desires to do so may, in accordance with the regulations, make representations in writing to the relevant authority in relation to the granting or refusal of consent.
- (8) The relevant authority to which the application is made must forward to the applicant a copy of the representations made and allow the applicant an opportunity to respond, in writing, to those representations.
- (9) The response referred to in subsection (8) must be made within the prescribed number of days after the relevant material is forwarded to the applicant.
- (10) In addition to the requirements of subsections (7), (8) and (9)—
 - (a) in the case of a Category 2 development—the relevant authority may, in its absolute discretion, allow a person who made a representation to appear personally or by representative before it to be heard in support of the representation; and
 - (b) in the case of a Category 3 development—the relevant authority must allow a person who made a representation and who, as part of that representation, indicated an interest in appearing before the authority, a reasonable opportunity to appear personally or by representative before it to be heard in support of the representation.
- (11) If a person appears before the relevant authority under subsection (10), the relevant authority must also allow the applicant a reasonable opportunity, on request, to appear personally or by representative before it in order to respond to any relevant matter.
- (12) Where representations have been made under this section, the relevant authority must—
 - (a) give to each person who made a representation notice of its decision on the application and of the date of the decision and, in the case of a Category 3 development, of the person's appeal rights under this Act; and

- (b) in the case of a Category 3 development—give notice to the Court—
 - (i) of its decision on the application and of the date of the decision; and

 - (a) the applicant for the relevant development authorisation must be notified by the Court of the appeal and will be a party to the appeal; and
 - (b) in a case where the decision of a prescribed body in response to the application for the development authorisation could be a subject matter of such an appeal—the prescribed body will be a party to the appeal.
- (16) A decision of a relevant authority in respect of a Category 3 development in respect of which representations have been made under this section does not operate—
 - (a) until the time within which any person who made any such representation may appeal against a decision to grant the development authorisation has expired; or
 - (b) where an appeal is commenced—
 - (i) until the appeal is dismissed, struck out or withdrawn; or
 - (ii) until the questions raised by the appeal have been finally determined (other than any question as to costs).

- (3) If the Court makes an order under subsection (2), the Court should also order the relevant authority to pay the applicant's costs of the proceedings unless the Court is satisfied that the delay is not attributable to an act or omission of the relevant authority or that an order for costs should not be made for some other reason.

42—Conditions

 - (a) as a relevant authority thinks fit to impose in relation to the development; or
 - (b) as may be prescribed by the regulations or otherwise imposed under this Act.

 - (b) that provides for the management, preservation or conservation of any land or building subject to development; or
 - (c) that regulates maintenance of any land or building subject to development; or
 - (d) where the applicant is seeking approval for a temporary development—that provides that, at a future time specified in the condition—

45A—Investigation of development assessment performance

- (1) If the Minister has reason to believe that a relevant authority has—
- (a) contravened or failed to comply with a provision of this Division in a significant respect or to a significant degree; or

- (6) However, if compliance by a natural person with a requirement to answer a question or to produce a book, paper or other record might tend to incriminate the person or make the person liable to a penalty—
- (a) in the case of a person who is required to produce a book, paper or record, the book, paper or record (as distinct from the contents of the book, paper or record); or
 - (b) in any other case, the answer given in compliance with the requirement, is not admissible in evidence against the person in proceedings for an offence or for the imposition of a penalty (other than proceedings in respect of the making of a false or misleading statement).

- (13) If—
 - (a) the Minister makes a recommendation to a relevant authority under subsection (11)(a); and
 - (b) the Minister subsequently considers that the relevant authority has not, within a reasonable period, taken appropriate action in view of the recommendation,
the Minister may, after consultation with the relevant authority, give directions to it.

- (1) The Minister may, if of the opinion that a declaration under this section is appropriate or necessary for the proper assessment of development¹ or a project² of major environmental, social or economic importance, by notice in the Gazette, declare that this section applies, or applies to the extent specified in the notice, to—
 - (a) a development or project specified in the notice; or
 - (b) a kind of development or project specified in the notice (either in the State generally, or in a specified part of the State); or

- (b) the Minister may, by notice in writing to the proponent, bring the operation of an undertaking to an end if the Minister considers that the undertaking should no longer apply because there has been a significant change in circumstances.
- (4) The Minister may, by subsequent notice in the Gazette, vary or revoke a declaration under subsection (1).
- (5) If the Minister makes a declaration under subsection (1) then, subject to the regulations and the declaration—
 - (a) Division 1 does not apply to a development within the ambit of the declaration; and
 - (b) any application under Division 1 that relates to a development within the ambit of the declaration automatically lapses and any relevant documentation that has been lodged with a relevant authority under that Division must be transmitted to the Minister in accordance with the regulations; and
 - (c) any development authorisation previously given under Division 1 in relation to a development within the ambit of the declaration ceases to have effect; and
 - (d) a person must not undertake a development within the ambit of the declaration without the approval of the Governor under Subdivision 2; and
 - (e) unless section 48(2)(a) applies, a development or project within the ambit of the declaration becomes, according to a determination of the Major Developments Panel under this section, subject to the processes and procedures prescribed by this subdivision with respect to the preparation and consideration of an EIS, a PER or a DR⁴.
- (6) Subject to the regulations, a determination of the Minister under this section, or a determination of the Governor under section 48(2)(a) (in the case of a development), the proponent of a major development or project must lodge with the Minister—
 - (a) in the case of a development—an application;
 - (b) in the case of a project—a project proposal,that complies with the following requirements:

- (7) Subject to a determination of the Governor under section 48(2)(a) (in the case of a development), the Minister must refer a major development or project under this section to the Major Developments Panel—
- (a) to determine whether the major development or project will be subject to the processes and procedures prescribed by this subdivision with respect to the preparation of an EIS, a PER or a DR; and
 - (b) to formulate guidelines to apply with respect to the preparation of the EIS, PER or DR (as determined by the Major Developments Panel).

- (a) prepare a document describing the major development or proposal and identifying the significant issues relevant to the proper assessment of the major development or project; and
 - (b) by public advertisement, give notice of the availability of the document and invite interested persons to make written submissions to the Major Developments Panel within the time prescribed by the regulations on the issues identified in the document, and on any other issues of significance relevant to the proper assessment of the major development or project, to assist the Major Developments Panel in the preparation of the guidelines referred to in subsection (7).
- (9) The Major Developments Panel must, in considering the level of assessment that should apply to a major development or project (ie whether a major development or project should be subject to the processes and procedures associated with the preparation of an EIS, a PER or a DR), take into account criteria prescribed by the regulations.
- (10) If a major development or project involves, or is for the purposes of, a prescribed activity of environmental significance as defined by the *Environment Protection Act 1993*, the Major Developments Panel must, in formulating guidelines under this section, consult with the Environment Protection Authority within the time prescribed by the regulations.
- (11) The Major Developments Panel must, in formulating guidelines under this section, classify the issues identified by the Major Developments Panel as being relevant to the proper assessment of the major development or project according to categories of importance so as to indicate the levels of attention that should be given to those issues in the preparation of the relevant EIS, PER or DR, and the Assessment Report.

- (12) The Major Developments Panel must, after completing the processes referred to above, report to the Minister on—
- (a) its determination with respect to the level of assessment that should apply to the major development or project; and

- (15) The Minister or the Major Developments Panel may require a proponent to furnish specified information (additional to the information required under subsection (6)) for the purposes of the operation of this section.
- (16) The prescribed fee is payable in accordance with the regulations when a development or project comes within the ambit of a declaration under this section.

Notes—

- 1 Development has a defined meaning under this Act.
- 2 A project is an activity or circumstance that does not require approval under this Act (because it is not within the ambit of the definition of *development* under this Act), but that may require approval under another Act.
- 3 A development or project within the ambit of a declaration under subsection (1) will be known as a *major development or project* for the purposes of this section.
- 4 In the case of a development, the principal purpose for the preparation of an EIS, PER or DR is to assist the Governor in his or her assessment of the development under Subdivision 2. In the case of a project, the principal purpose for the preparation of an EIS or PER is to identify issues of significance relevant to whether the project should proceed and, if it does proceed, to identify the conditions that should apply.

46A—The Major Developments Panel

 - (b) any code or standard prescribed by the regulations for the purposes of this provision,
- specific reference to that fact must be included in the report.
- (9) If a council has, in relation to any matters referred to the council under subsection (2), expressed opposition to the proposed development in its report under subsection (5), a copy of the report must be attached to the Development Assessment Commission's report (unless the council has, since providing its report, withdrawn its opposition).
- (9a) If a prescribed body has provided a report under subsection (7a), a copy of the report must also be attached to the Development Assessment Commission's report.
- (10) The Development Assessment Commission must, unless the Minister grants an extension of time, furnish its report within the time prescribed by the regulations.

- (11) Where a request is made under subsection (4), any period between the date of request and the date of compliance is not to be included in the calculation of the period under subsection (10).
- (12) The Minister may, after receipt of the report of the Development Assessment Commission under this section (and after taking such action (if any) as the Minister thinks fit)—
- (a) approve the development; or
 - (b) refuse to approve the development.
- (13) An approval may be given—
- (a) for the whole or part of a proposed development;
 - (b) subject to such conditions as the Minister thinks fit.
- (14) An approval under this section will be taken to be given subject to the condition that, before any building work is undertaken, the building work be certified by a private certifier, or by some person determined by the Minister for the purposes of this provision, as complying with the provisions of the Building Rules to the extent that is appropriate in the circumstances.
- (14aa) A person acting under subsection (14) must—
- (a) seek and consider the advice of the Building Rules Assessment Commission before giving a certificate in respect of building work that would be at variance with the performance requirements of the Building Code; and
 - (b) take into account the criteria, and comply with any requirement, prescribed by the regulations before giving a certificate in respect of building work that would otherwise involve a variance with the Building Rules,
- and if the person gives a certificate that involves building work that is at variance with the Building Rules then the person must, subject to the regulations, specify the variance in the certificate.
- (14a) A person engaged to perform building work for a development approved under this section must—
- (a) ensure that the building work is performed in accordance with technical details, particulars, plans, drawings and specifications certified for the purposes of subsection (14); and
 - (b) comply with the Building Rules (subject to any certificate under subsection (14) that provides for a variance with the Building Rules), and any other requirements imposed under this section.
- Penalty: Division 4 fine.
- (15) If—
- (a) a council has, in a report under this section, expressed opposition to a development that is approved by the Minister (and the council has not, since providing its report, withdrawn its opposition); or
 - (b) the Minister approves a development that is, according to the report of the Development Assessment Commission, seriously at variance with a Development Plan, or a prescribed code or standard,

the Minister must, as soon as practicable, prepare a report on the matter and cause copies of that report to be laid before both Houses of Parliament.

- (16) If the Minister approves a development under this section, no other procedure or requirement relating to the assessment of the development under this Act applies and no other development authorisation (including a certificate or approval under Part 6) is required under this Act, although the Minister may, if necessary for the purposes of any other Act, issue any other development authorisation under this Act (which will then be taken, for the purposes of that other Act, to have been issued by a relevant authority under this Act).
- (16a) Despite a preceding subsection, if the Minister directs that an EIS, PER or DR be prepared with respect to a development otherwise within the ambit of this section then—
- (a) this section ceases to apply to the development; and
 - (b) the State agency must not undertake the development without the approval of the Governor under section 48; and
 - (c) unless section 48(2)(a) applies, the development becomes, according to a determination of the Major Developments Panel, subject to the processes and procedures prescribed by Division 2 with respect to the preparation and consideration of an EIS, a PER or a DR.
- (17) No appeal lies against a decision of the Minister under this section.

Division 3A—Development involving electricity infrastructure

49A—Development involving electricity infrastructure

- (1) Subject to this section, if a prescribed person proposes to undertake development for the purposes of the provision of electricity infrastructure (within the meaning of the *Electricity Act 1996*), not being development of a kind referred to in section 49(2) or (3), the person must—
- (a) lodge an application for approval containing prescribed particulars with the Development Assessment Commission for assessment by the Development Assessment Commission; and
 - (b) if the land in relation to which the development is proposed is within the area of a council—give notice containing prescribed particulars of the proposal to that council in accordance with the regulations.
- (2) This section does not apply to development for the purposes of the provision of—
- (a) electricity generating plant with a generating capacity of more than 30 MW; or
 - (b) a section of powerlines (within the meaning of the *Electricity Act 1996*) designed to convey electricity at more than 66 kV extending over a distance of more than five kilometres.
- (3) No application for approval is required (either under this section or any other provision of this Act), and no notice to a council is required under subsection (1), if the development is of a kind excluded from the provisions of this section by regulation.

- (4) The Development Assessment Commission may request the proponent to provide additional documents or information (including calculations and technical details) in relation to the application.
- (5) A council may report to the Development Assessment Commission on any matters contained in a notice under subsection (1).
- (6) Where a notice is given to a council under subsection (1), and a report from the council is not received by the Development Assessment Commission within two months of the date of the notice, it will be conclusively presumed that the council does not intend to report on the matter.
- (7) The Development Assessment Commission must assess an application lodged with it under this section.
- (7a) The regulations may provide that where an application relates to a proposed development of a prescribed class, the Development Assessment Commission must refer the application, together with a copy of any relevant information provided by the proponent, to a body prescribed by the regulations for comment and report within the time prescribed by the regulations.
- (7b) A prescribed body may, before it provides a report under subsection (7a), request the proponent—
 - (a) to provide additional documents or information (including calculations and technical details) in relation to the application; and
 - (b) to comply with any other requirements or procedures of a prescribed kind.
- (7c) If an application is referred to a prescribed body under subsection (7a) and a report from the prescribed body is not received by the Development Assessment Commission within a period determined under the regulations, it will be conclusively presumed that the prescribed body does not intend to report on the matter.
- (7d) If an application is for a development that involves construction work where the total amount to be applied to the work will, when all stages are complete, exceed \$4 000 000, other than an application for a variation to an approved development that, in the opinion of the Development Assessment Commission, is of a minor nature, the Development Assessment Commission must—
 - (a) by public advertisement, invite interested persons to make written submissions to it on the proposal within a period of at least 15 business days; and
 - (b) allow a person who has made a written submission to it within that period and who, as part of that submission, has indicated an interest in appearing before it, a reasonable opportunity to appear personally or by representative before the Development Assessment Commission to be heard in support of his or her submission; and
 - (c) give due consideration in its assessment of the application to any submissions made by interested persons as referred to in paragraph (a) or (b).
- (7e) The Development Assessment Commission will then prepare a report to the Minister on the matter.

- (8) If it appears to the Development Assessment Commission that the proposal is seriously at variance with—
- (a) the provisions of the appropriate Development Plan (so far as they are relevant); or
 - (b) any code or standard prescribed by the regulations for the purposes of this provision,
- specific reference to that fact must be included in the report.
- (9) If a council has, in relation to any matters referred to the council under subsection (1), expressed opposition to the proposed development in its report under subsection (5), a copy of the report must be attached to the Development Assessment Commission's report (unless the council has, since providing its report, withdrawn its opposition).
- (9a) If a prescribed body has provided a report under subsection (7a), a copy of the report must also be attached to the Development Assessment Commission's report.
- (10) The Development Assessment Commission must, unless the Minister grants an extension of time, furnish its report within the time prescribed by the regulations.
- (11) Where a request is made under subsection (4), any period between the date of request and the date of compliance is not to be included in the calculation of the period under subsection (10).
- (12) The Minister may, after receipt of the report of the Development Assessment Commission under this section (and after taking such action (if any) as the Minister thinks fit)—
- (a) approve the development; or
 - (b) refuse to approve the development.
- (13) An approval may be given—
- (a) for the whole or part of a proposed development;
 - (b) subject to such conditions as the Minister thinks fit.
- (14) An approval under this section will be taken to be given subject to the condition that, before any building work is undertaken, the building work be certified by a private certifier, or by some person determined by the Minister for the purposes of this provision, as complying with the provisions of the Building Rules to the extent that is appropriate in the circumstances.
- (15) A person acting under subsection (14) must—
- (a) seek and consider the advice of the Building Rules Assessment Commission before giving a certificate in respect of building work that would be at variance with the performance requirements of the Building Code; and
 - (b) take into account the criteria, and comply with any requirement, prescribed by the regulations before giving a certificate in respect of building work that would otherwise involve a variance with the Building Rules,
- and if the person gives a certificate that involves building work that is at variance with the Building Rules then the person must, subject to the regulations, specify the variance in the certificate.

- (16) A person engaged to perform building work for a development approved under this section must—
- (a) ensure that the building work is performed in accordance with technical details, particulars, plans, drawings and specifications certified for the purposes of subsection (14); and
 - (b) comply with the Building Rules (subject to any certificate under subsection (14) that provides for a variance with the Building Rules), and any other requirements imposed under this section.

Penalty: Division 4 fine.

Default penalty: \$200.

- (17) A person must not contravene, or fail to comply with, a condition of an approval under this section.

Penalty: Division 3 fine.

Additional penalty.

Default penalty: \$500.

- (18) If—

- (a) a council has, in a report under this section, expressed opposition to a development that is approved by the Minister (and the council has not, since providing its report, withdrawn its opposition); or
- (b) the Minister approves a development that is, according to the report of the Development Assessment Commission, seriously at variance with a Development Plan, or a prescribed code or standard,

the Minister must, as soon as practicable, prepare a report on the matter and cause copies of that report to be laid before both Houses of Parliament.

- (19) If the Minister approves a development under this section, no other procedure or requirement relating to the assessment of the development under this Act applies and no other development authorisation (including a certificate or approval under Part 6) is required under this Act, although the Minister may, if necessary for the purposes of any other Act, issue any other development authorisation under this Act (which will then be taken, for the purposes of that other Act, to have been issued by a relevant authority under this Act).
- (20) Despite a preceding subsection, if the Minister directs that an EIS, PER or DR be prepared with respect to a development otherwise within the ambit of this section then—
- (a) this section ceases to apply to the development; and
 - (b) the proponent must not undertake the development without the approval of the Governor under section 48; and
 - (c) unless section 48(2)(a) applies, the development becomes, according to a determination of the Major Developments Panel, subject to the processes and procedures prescribed by Division 2 with respect to the preparation and consideration of an EIS, a PER or a DR.
- (21) No appeal lies against a decision of the Minister under this section.

Division 4—Supplementary provisions

50—Open space contribution system

- (1) Where an application under this Part provides for the division of land into more than 20 allotments, and one or more allotments is less than one hectare in area—
- (a) the council in whose area the land is situated; or
 - (b) if the land is not situated within the area of a council—the Development Assessment Commission,

may require—

- (c) that up to 12.5 per cent in area of the relevant area be vested in the council or the Crown (as the case requires) to be held as open space; or
- (d) that the applicant make the prescribed contribution under this section; or
- (e) that land be vested in the council or the Crown under paragraph (c) and that the applicant make a contribution determined in accordance with subsection (7),

and, in so acting, the council or the Development Assessment Commission must have regard to any relevant provision of the Development Plan that designates any land as open space and, in the case of a council, must not take any action that is at variance with that Development Plan without the concurrence of the Development Assessment Commission.

- (2) Where an application under this Part provides for—
- (a) the division of land into 20 allotments or less, and one or more allotments is less than one hectare in area; or
 - (b) the division of land by strata plan under the *Community Titles Act 1996* or the *Strata Titles Act 1988*,

then, unless the division is of a kind excluded from the operation of this section by the regulations—

- (c) the Development Assessment Commission may require the applicant to pay to the Development Assessment Commission the prescribed contribution under this section; or
 - (d) the Development Assessment Commission may enter into an agreement with the applicant under which—
 - (i) certain land described by the relevant plan will be vested (as a separate allotment) in the council in whose area the land is situated or, where the land is not situated within the area of a council, in the Crown, to be held as open space; and
 - (ii) the applicant will make a contribution under this section.
- (3) Where land referred to in subsection (2) is in the area of a council, the council must be a party to an agreement referred to in subsection (2)(d).

- (4) The council and the Development Assessment Commission must ensure that there is consistency between—
- (a) a requirement imposed under subsection (1) or (2), or an agreement entered into under subsection (2); and
 - (b) the terms of any development authorisation given under this Act.
- (5) Subject to subsection (6), the prescribed contribution for the purposes of this section is—
- (a) where the land to which the plan applies is within Metropolitan Adelaide—\$1 100 for each new allotment or strata lot delineated on the plan that does not exceed one hectare in area; and
 - (b) where the land to which the plan applies is outside Metropolitan Adelaide—\$580 for each new allotment or strata lot delineated on the plan that does not exceed one hectare in area.
- (6) The Minister may, on the advice of the Valuer-General, by notice published in the Gazette, vary (to the nearest multiple of 5) the contributions payable under subsection (5) in proportion to the average variation in the market value of land during the financial year that ended on the thirtieth day of June last preceding the publication of the notice, but not more than one such variation may be made in any one year.
- (7) The contribution that may be required under subsection (1)(e) will be determined in accordance with the following formula:

$$P = PC \left[\frac{(12.5 - OS)}{12.5} \times NA \right]$$

where—

P = the contribution payable

PC = the rate of contribution prescribed by subsection (5)

OS = the area of land (expressed as a percentage of the relevant area) to be vested in the council or the Crown as open space

NA = the number of new allotments or strata lots delineated on the plan that do not exceed one hectare in area.

- (8) For the purposes of this section, where a plan divides a number of existing allotments or strata lots into an equal or lesser number of allotments or strata lots, the allotments or strata lots into which the land is divided will not be regarded as being new allotments or strata lots, and where a plan divides a number of existing allotments or strata lots into a greater number of allotments or strata lots, the number by which the greater number of allotments or strata lots exceeds the existing number of allotments or strata lots will be taken to be the number of new allotments or strata lots created by the plan and, for the purpose of determining the area of the new allotments or strata lots, the smallest allotment or strata lot delineated on the plan will be regarded as the first of the new allotments or strata lots, the next to smallest will be regarded as the second, and so on.
- (9) Payment by the applicant under subsection (1) must be made—
- (a) to the council in whose area the land is situated;

- (b) if the land is not situated within the area of a council—to the Development Assessment Commission.
- (10) Money received under this section—
- (a) in the case of money received by a council—must be paid into a trust fund and applied by the council for the purpose of acquiring or developing land as open space;
- (b) in the case of money received by the Development Assessment Commission—must be paid into the Fund.
- (11) Where a council or the Development Assessment Commission is satisfied that the division of land is being undertaken in stages, this section does not apply to an application for development authorisation to the extent that an earlier application in respect of the same development has addressed the requirements of this section in respect of the area of land as a whole.
- (12) This section does not apply to a development approved under Division 3 unless—
- (a) the approval provides for the division of land into five or more allotments; and
- (b) the Minister, at the time that the approval is given under that Division, by notice in writing to the relevant State agency, the Development Assessment Commission and the council in whose area the land is situated, determines that this section will apply.
- (13) In this section, unless the contrary intention appears—
- allotment** has the same meaning as in Part 19AB of the *Real Property Act 1886* and in addition includes a community lot (not being a strata lot) and a development lot within the meaning of the *Community Titles Act 1996* but does not include—
- (a) a strata lot within the meaning of the *Community Titles Act 1996* or a unit within the meaning of the *Strata Titles Act 1988* or common property within the meaning of either of those Acts; or
- (b) a road, street, thoroughfare, reserve or other similar open space delineated on the relevant plan;

strata lot means a strata lot within the meaning of the *Community Titles Act 1996* and includes a unit created by a strata plan under the *Strata Titles Act 1988*;

the relevant area means the area of land delineated on the relevant plan, excluding any allotment that exceeds one hectare in area other than a road, street, thoroughfare, reserve or similar open space delineated on the relevant plan.

50A—Carparking fund

- (1) A council may, with the approval of the Minister, establish a carparking fund for an area designated by the council (a **designated area**)¹.
- (2) The establishment of a fund will be effected by notice in the Gazette.
- (3) A designated area must be defined by reference to an area established by the relevant Development Plan.

- (4) A fund will consist of—
- (a) all amounts paid to the credit of the fund under subsection (5); and
 - (b) any income paid into the fund under subsection (7).
- (5) If—
- (a) a person is proposing to undertake development within a designated area; and
 - (b) application for provisional development plan consent is made under this Part; and
 - (c) the relevant authority determines, after taking into account the provisions of the relevant Development Plan, that the proposal does not provide for sufficient spaces for the parking of cars at the site of the development; and
 - (d) the relevant authority and the applicant agree that the applicant will make a contribution to the relevant carparking fund in lieu of providing a certain number of spaces for the parking of cars at the site of the development,
- then the applicant must make a contribution to the carparking fund of an amount calculated in accordance with a determination of the relevant council (and the development may proceed despite the situation with respect to carparking at the site of the development).
- (6) A determination of a council for the purposes of calculating amounts to be paid into a carparking fund—
- (a) has effect when published in the Gazette; and
 - (b) may be varied by the council from time to time by further notice in the Gazette.
- (7) Any money in a carparking fund that is not for the time being required for the purpose of the fund may be invested by the council and any resultant income must be paid into the fund.
- (8) The money standing to the credit of a carparking fund may be applied by the council for any of the following purposes (and for no other purpose):
- (a) to provide carparking facilities within the designated area; or
 - (b) to provide funds for (or towards) the maintenance, operation or improvement of carparking facilities within the designated area; or
 - (c) to provide funds for (or towards) the establishment, maintenance or improvement of transport facilities within the area of the council with a view to reducing the need or demand for carparking facilities within the designated area.

Note—

- 1 Money standing to the credit of a carparking fund may only be used for specific purposes—see subsection (8).

51—Certificate in respect of the division of land

- (1) Subject to any exclusion prescribed by the regulations, the following certificate is required in relation to a development that involves the division of land under this Act, namely a certificate from the Development Assessment Commission that it is satisfied that the prescribed conditions as to development have been satisfied, or that the applicant has, by virtue of an entitlement under the regulations, entered into a binding agreement, supported by adequate security and, if the regulations so require, in a form prescribed by the regulations, for the satisfaction of any such condition.
- (2) Before the Development Assessment Commission issues a certificate it may require the applicant, the council for the area in which the land is situated (if any), or any other person or body, to furnish it with appropriate information as to compliance with a particular condition, or to comply with any requirement prescribed by the regulations.
- (3) A certificate will be issued in the prescribed manner and form.
- (4) The Development Assessment Commission must, as soon as practicable after issuing a certificate under subsection (1) that relates to land within the area of a council, furnish the council with such information as the regulations may require.
- (5) The Development Assessment Commission may give a certificate under subsection (1) in relation to a particular stage of a development constituted by the division of land.
- (6) A certificate issued under this section will, unless extended by the Development Assessment Commission within the period prescribed by the regulations, lapse at the end of that prescribed period.

52—Saving provisions

- (1) A development for which development authorisation has been granted may be undertaken and completed in accordance with that authorisation notwithstanding an amendment to a Development Plan or the Building Rules that takes effect after the date on which the application for the development authorisation was made (insofar as the application relates to an assessment in respect of the Development Plan or Building Rules).
- (2) An activity that becomes a development by virtue of an amendment to this Act, but was lawfully commenced within three years before the amendment took effect, may be continued and completed, without any development authorisation, within three years after the date on which the amendment took effect.
- (3) Where—
 - (a) a consent, approval or authorisation is required under an Act or Acts (but not this Act) for a proposed activity or development; and
 - (b) an amendment is made to this Act that requires approval to be obtained for a development of that kind, or an amendment is made to the relevant Development Plan so that development of that kind becomes a non-complying development; and
 - (c) on the date on which the amendment to the Act or the Development Plan takes effect, all the required, consents, approvals and authorisations had been obtained but the activity or development had not been commenced,

the activity or development will, for the purposes of this section, be presumed to have commenced on the date of the consent, approval or authorisation or, where more than one was required, the date of the consent, approval or authorisation that was last obtained.

- (4) A relevant authority may, in order to avoid or reduce hardship, extend the limitation period referred to in subsection (2).
- (5) A reference in this section to an amendment to this Act extends to the making of a regulation declaring an activity to constitute development and the variation of such a regulation.
- (6) In this section—

activity means an act or activity.

52A—Avoidance of duplication of procedures etc

- (1) The purpose of this section is to provide for the avoidance of unnecessary duplication of procedures and compliance requirements under the Commonwealth Act and this Act where an activity requires development authorisation under this Act and approval under the Commonwealth Act.
- (2) Despite any other provision of this Act, the Governor, the Minister, the Development Assessment Commission, the Major Developments Panel, a council or other authority under this Act may—
 - (a) accept a Commonwealth Act document as an application, notice or other document for the purposes of this Act if (subject to subsection (7)) the document complies with the requirements of this Act; and
 - (b) direct that a procedure taken under the Commonwealth Act in relation to a Commonwealth Act document that has been accepted by the authority under paragraph (a) will be taken to have fulfilled the requirement for a procedure in relation to the relevant document under this Act if the requirements of this Act in relation to the procedure have been complied with; and
 - (c) instead of the authority, or some other person, preparing a plan, report, statement, assessment or other document under this Act, adopt or accept the whole or part of a document (whether a plan, report, statement, assessment or other document of the same kind or not) used, or to be used, for the purposes of the Commonwealth Act as the document required under this Act if (subject to subsection (7)) the document has been prepared in compliance with this Act and complies with the requirements of this Act.
- (3) Instead of preparing the document referred to in section 46(8)(a), the Major Developments Panel may adopt a document, or part of a document, used, or to be used, for the purposes of the Commonwealth Act if, subject to subsection (7), the document, or the relevant part of it, complies with the requirements of this Act.
- (4) When preparing an Assessment Report as required by section 46B(9), 46C(9) or 46D(8), the Minister may include in the Report the whole or part of an assessment report (as defined in subsection (9)) if, subject to subsection (7), the assessment report, or the relevant part of it, complies with the requirements of this Act.

-
- (5) To avoid doubt, where a controlled action under the Commonwealth Act is an activity or part of an activity, or includes an activity, for which a development authorisation is required under this Act, the authority may, when considering an application for a development authorisation, or for the variation of a development authorisation, for the activity, use information and other material provided to the Commonwealth Minister under the Commonwealth Act for the purpose of deciding whether to give his or her approval to the controlled action under that Act.
- (6) Where a controlled action under the Commonwealth Act is an activity or part of an activity, or includes an activity, for which a development authorisation is required under this Act, the authority—
- (a) must, if—
 - (i) the Commonwealth Minister has given his or her approval to the controlled action; and
 - (ii) the applicant for the development authorisation or the Commonwealth Minister has informed the authority of that fact, consider whether the conditions (if any) to be attached to the development authorisation should be consistent with the conditions (if any) attached to the Commonwealth Minister's approval under the Commonwealth Act;
 - (b) may attach a condition to the development authorisation that requires compliance with all or some of the conditions attached to the Commonwealth Minister's approval under the Commonwealth Act.
- (7) A document accepted or adopted under this section—
- (a) may be in a form that does not comply with the requirements of this Act; and
 - (b) may include information or other material that is irrelevant for the purposes of this Act.
- (8) Once a document is accepted or adopted under this section or a direction has been given in relation to a procedure under subsection (2)(b), the document or procedure will not be invalid or ineffective for the purposes of this Act because a court, tribunal or other authority has decided that it is invalid or ineffective for the purposes of the Commonwealth Act.
- (9) In this section—
- assessment report** means—

- (h) a finalised statement prepared under section 104 of the Commonwealth Act; or
- (i) an assessment report.

53—Law governing proceedings under this Act

- (1) Where an application is made for a development authorisation under this Act, the law to be applied in deciding the application and the law to be applied in resolving any issues arising from the decision in any proceedings (whether brought under this Act or not) is the law in force as at the time the application was made.
- (2) The provisions of a Development Plan that are relevant to the consideration of an application for a provisional development plan consent and to the resolution of issues arising in subsequent proceedings based on that application (whether brought under this Act or not) are the provisions of the relevant Development Plan as in force at the time the application was made.
- (3) The provisions of the Building Rules that are relevant to the consideration of an application for a provisional building rules consent and to the resolution of issues arising in subsequent proceedings based on that application (whether brought under this Act or not) are the provisions of the Building Rules as in force at the time the application was made.
- (4) Where a place that is the subject of an application for development authorisation under this Act becomes a State heritage place within the meaning of this Act, the place will be taken to have been a State heritage place for the purposes of this section at the time the application was made.

53A—Requirement to up-grade building in certain cases

- (1) If an application for a provisional building rules consent relates to building work in the nature of an alteration to a building constructed before 15 January 1994 and the building is, in the opinion of the relevant authority, unsafe, structurally unsound or in an unhealthy condition, the relevant authority may require, as a condition of consent, that building work that conforms with the requirements of the Building Rules be carried out to the extent reasonably necessary to ensure that the building is safe and conforms to proper structural and health standards.

(2) If—

- (a) application is made for provisional building rules consent for building work in the nature of an alteration of a kind prescribed by the regulations to a building constructed before 1 January 1980; and
- (b) the relevant authority is of the opinion that the facilities for access to or within the building for people with disabilities are inadequate,

the relevant authority may require, as a condition of consent, that building work or other measures be carried out to the extent reasonably necessary to ensure that the facilities for such access will be adequate.

54—Urgent building work

(1) Where building work must be performed as a matter of urgency—

- (a) to protect any person or building; or
- (b) to provide accommodation for students at an educational institution; or
- (c) in any other circumstance of a prescribed kind,

a person may, despite any other provision of this Part (but subject to subsection (2)), perform the building work.

(2) If building work is undertaken under subsection (1)—

- (a) the person who undertakes the work must immediately notify the relevant authority in accordance with the regulations; and
- (b) where the work affects a State heritage place or a local heritage place, the work must, so far as is reasonably practicable, be undertaken to conserve its heritage value; and

3—Interpretation

In this Act—

the relevant day means a day fixed by proclamation as the relevant day for the purposes of this Act.

Note—

The relevant day has been fixed as 15 January 1994 (*Gazette 27.10.1993 p1889*)

15—General

- (1) A reference in any Act, regulation, rule, by-law or other instrument to the *Planning Act 1982*, or to the *Real Property Act 1886* (insofar as the reference relates to Part 19AB of that Act (as repealed by this Act)), will, unless the contrary intention appears, to be taken to include a reference to the *Development Act 1993*.
- (2) The *Acts Interpretation Act 1915* will, except to the extent of any inconsistency with the provisions of this Act, apply to any repeal or amendment effected by this Act.
- (3) For the purpose of the application of the *Acts Interpretation Act 1915*, this Act and the *Development Act 1993* will be read together and construed as if the two Acts constituted a single Act.

16—Development Plans

- (1) The following are adopted and applied as Development Plans under the *Development Act 1993*:
 - (a) for each area of a council (other than the City of Adelaide)—that Council portion of the Development Plan under the *Planning Act 1982*, together with the relevant regional part of the Development Plan under that Act, in effect immediately before the relevant day;

- (b) for the City of Adelaide—the Principles established under Part 2 of the *City of Adelaide Development Control Act 1976* in effect immediately before the relevant day;
 - (c) for any part of the State outside an area of a council—the relevant "out-of-Council" part of the Development Plan under the repealed Act, together with the relevant regional part of the Development Plan under the repealed Act, in effect immediately before the relevant day.
- (2) Subject to this section, a Supplementary Development Plan which, before the relevant day, is prepared or accepted by the Minister as a basis for public submissions under section 41 of the *Planning Act 1982* will continue to be subject to the provisions of the *Planning Act 1982* (as if that Act had not been repealed) until it is approved or laid aside by the Minister under section 41(11b) of that Act, and then will be subject to the *Development Act 1993*.
- (3) A Supplementary Development Plan which before the relevant day has been approved by the Minister under section 41(11b) of the *Planning Act 1982* will continue to be subject to the provisions of the *Planning Act 1982* (as if that Act had not been repealed) until the plan is disallowed or brought into action (and, where the plan is brought into action, it will be taken that the amendments effected by the Supplementary Development Plan are amendments to the relevant Development Plan under the *Development Act 1993*).
- (4) A Supplementary Development Plan prepared or accepted by the Minister more than three years before the relevant day that has not been approved by the Minister under section 41(11b) of the *Planning Act 1982* before the relevant day has no further effect.
- (5) A Supplementary Development Plan given interim effect under section 43 of the *Planning Act 1982* before the relevant day will be considered part of the Development Plan for the purposes of subsection (1) (but will continue to be subject to the operation of sections 41 and 43 of the *Planning Act 1982* until it ceases to operate under section 43 of that Act or, if relevant, is superseded by an amendment to a Development Plan under the *Development Act 1993*).
- (6) An amendment to the Principles given notice under section 7(3) of the *City of Adelaide Development Control Act 1976* before the repeal of that Act may continue to the approval stage under section 10 of that Act (as if that Act had not been repealed), and any amendment effected under section 10 of that Act will, for the purposes of this Act, be considered to be an authorised amendment to a Development Plan under the *Development Act 1993*.
- (7) A regulation (whether under the *Planning Act 1982* or any other Act) in effect immediately before the relevant day may be made as a regulation under the *Development Act 1993* without the need to comply with Part 1 of the *Development Act 1993*.
- (8) An advertisement published before the relevant day under section 42A(5) of the *Planning Act 1982* in relation to a proposed regulation will be taken to be a notice published by the Advisory Committee under Part 1 of the *Development Act 1993*.

-
- (9) Where a regulation has been publicly exhibited under section 44(3)(a) of the *City of Adelaide Development Control Act 1976* before the relevant day, the proposed regulation (with or without modification) may, with the approval of the Minister, be incorporated into the Development Plan that applies in the area of the City of Adelaide without complying with any procedure set out in the *Development Act 1993*.
 - (10) A reference in the Development Plan under the *Planning Act 1982*, or in any Act, regulation, rule, by-law or other instrument, to development which is "permitted" or "prohibited" under section 47 of the *Planning Act 1982* will be taken respectively as a reference to complying or non-complying development under the *Development Act 1993*.
 - (11) A reference in the Development Plan under the *Planning Act 1982*, or in any Act, regulation, rule, by-law or other instrument, to development which is "permitted" subject to a certificate will be taken as a reference to a complying development under the *Development Act 1993* subject to the relevant authority under that Act being satisfied as to those matters to which the certificate relates.
 - (12) A reference to development or use of land as "prohibited" in the Principles made under Part 2 of the *City of Adelaide Development Control Act 1976* will be taken as a reference to non-complying development under the *Development Act 1993*, and development that would contravene the requirements of a diagram in the Principles made under Part 2 of the *City of Adelaide Development Control Act 1976* will also be classified as non-complying development under the *Development Act 1993*.
 - (13) The Schedule entitled the Register of City of Adelaide Heritage Items set out in the *City of Adelaide Development Control Regulations 1987* is, subject to amendment under the *Development Act 1993*, declared to be a part of the Development Plan that applies in the area of the City of Adelaide, and a reference to the Register in the Principles in that Plan will be construed accordingly.
 - (14) In the event of any inconsistency between the Principles under Part 2 of the *City of Adelaide Development Control Act 1976* and a regulation under the *Development Act 1993*, the Principles will prevail.
 - (15) If any Act, regulation, rule, by-law or other instrument in effect immediately before the relevant day sets out, provides for or otherwise affects any procedure relating to the formulation, consideration, amendment or approval of a Supplementary Development Plan, it will be taken that that Act, regulation, rule, by-law or other instrument also operates in the same manner with respect to any relevant amendment to a Development Plan under the *Development Act 1993*.
 - (16) A reference in any Act, regulation, rule, by-law or other instrument in effect immediately before the relevant day to those provisions of the *Planning Act 1982* that relate to the referral of a Supplementary Development Plan, or any report relating to a Supplementary Development Plan, to the Advisory Committee under that Act will be taken to include a reference to the referral of a Plan Amendment Report, or any other report relating to an amendment to a Development Plan, to the Advisory Committee under the *Development Act 1993*.

- (17) A reference in any Act, regulation, rule, by-law or other instrument in effect immediately before the relevant day to those provisions of the *Planning Act 1982* that relate to the public display of, or public consultation on, a Supplementary Development Plan will be taken to include a reference to the public display of, or public consultation on, a Plan Amendment Report (and the relevant Development Plan amendment) under the *Development Act 1993*.
- (18) A reference in any Act, regulation, rule, by-law or other instrument in effect immediately before the relevant day to those provisions of the *Planning Act 1982* that relate to the referral of a Supplementary Development Plan to the Environment, Resources and Development Committee under that Act will be taken to include a reference to the referral of an amendment to a Development Plan to the Environment, Resources and Development Committee under the *Development Act 1993*.
- (19) A reference in any Act, regulation, rule, by-law or other instrument—
- (a) to the Development Plan under the *Planning Act 1982*; or
 - (b) to a Supplementary Development Plan that has been approved under the *Planning Act 1982*,
- will be taken to be a reference to the relevant Development Plan under the *Development Act 1993*.

- (5) Subsection (4) is subject to the qualification that section 50 of the *Development Act 1993* will apply in relation to the proposal instead of the relevant provision of Part 19AB of the *Real Property Act 1886*.
