Part 2—Proposal to acquire land

10—Notice of intention to acquire land

- (1) If the Authority proposes to acquire land (other than native title), the Authority must give a notice of intention to acquire the land to each person whose interest in the land is subject to acquisition, or such of those persons as, after diligent inquiry, become known to the Authority.
- (2) If the Authority proposes to acquire native title in land, the Authority must—
 - (a) if there is a native title declaration for the land—give notice of intention to acquire the land to the registered representative of the native title holders and the relevant representative Aboriginal body;
 - (b) if there is no native title declaration for the land—
 - (i) give a notice of intention to acquire the land to all persons who hold, or may hold, native title in the land;¹ and
 - (ii) in a case to which Part 4 Division 1 applies—

-
- (A) give a copy of the notice of intention to acquire the land to the Registrar of the ERD Court and the Commonwealth Registrar; and
- (B) as soon as practicable after completing all requirements for service of the notice, give the Registrar of the ERD Court, the Commonwealth Registrar, the relevant representative Aboriginal body and any other prescribed persons a statutory declaration—
- specifying the steps that have been taken to effect service, the date of each step, and when the requirements for service were completed; and
 - exhibiting any supporting materials required under the regulations.
- (3) The notice of intention to acquire the land must comply with the following requirements:
- (a) it must define the subject land with reasonable particularity; and
- (b) if Part 4 Division 1 applies to the proposed acquisition—it must include a statement that Aboriginal groups who are not registered, and have not applied for registration, under the law of the State or the Commonwealth as holders of or claimants to native title in the land but want to participate in the negotiations must take the necessary steps under that law to become native title parties in relation to the relevant land within three months after service of the notice; and
- (c) if—
- (i) the Authority is the Crown or an instrumentality of the Crown; and
- (ii) the Authority proposes to acquire native title; and
- (iii) the Authority does not propose to acquire the land for the purpose of conferring rights or interests on someone other than the Crown or an instrumentality of the Crown,
- it must state that the purpose of the acquisition is to confer rights or interests in relation to the land on the Crown or an instrumentality of the Crown.
- (4) If the Authority changes the boundaries of the land it proposes to acquire in any respect, the Authority must immediately serve a notice of amendment to the notice of intention to acquire the land on the same persons and in the same way as the notice of intention to acquire.
- (5) However, a notice of amendment need not be given to a person who was given notice of intention to acquire the land if—
- (a) the notice of intention to acquire was given because the person held an interest in the land and the person no longer holds that interest; or
- (b) the notice of intention to acquire was given because the person claimed to hold an interest in the land and—
- (i) the claim has been abandoned; or

- (ii) a court has determined the claim and found that the claimant has no interest in the land.
- (6) A notice of intention to acquire land does not bind the Authority to acquire the subject land.

Note—

- 1 For method of service see Part 5 *Native Title (South Australia) Act 1994*.

11—Explanation of acquisition scheme may be required

- (1) A person who has an interest in the subject land may, within 30 days after notice of intention to acquire the land is given, require the Authority, by written notice—
- (a) to give an explanation of the reasons for acquisition of the land; and
 - (b) to provide reasonable details of any statutory scheme in accordance with which the land is to be acquired.
- (2) For the purposes of this section—
- (a) the registered representative of claimants to, or holders of, native title in land is taken to have an interest in that land; and
 - (b) the relevant representative Aboriginal body is taken to have an interest in the land if—
 - (i) the land is native title land; and
 - (ii) there is no native title declaration for the land; and
 - (iii) —
 - (A) there are no registered representatives of claimants to native title in the land; or
 - (B) an Aboriginal group that claims to hold native title in the land and for which there is no registered representative has, in accordance with the regulations, authorised the representative Aboriginal body to act on its behalf.
- (3) The Authority may furnish the explanation and details by letter, or by making available models, plans, specifications or other relevant materials relating to the statutory land acquisition scheme.

12—Right to object

- (1) A person who has an interest in the subject land may within 30 days after notice of intention to acquire the land is given or, if an explanation of the reasons for the acquisition is required, within 30 days after the explanation was provided, by written notice—
- (a) request the Authority not to proceed with the acquisition of the subject land; or
 - (b) request an alteration in the boundaries of the subject land; or
 - (c) request that a particular part of the subject land be not acquired, or that further land be acquired.

-
- (2) For the purposes of this section—
- (a) the registered representative of claimants to, or holders of, native title in land is taken to have an interest in that land; and
 - (b) the relevant representative Aboriginal body is taken to have an interest in the land if—
 - (i) the land is native title land; and
 - (ii) there is no native title declaration for the land; and
 - (iii) —
 - (A) there are no registered representatives of claimants to native title in the land; or
 - (B) an Aboriginal group that claims to hold native title in the land and for which there is no registered representative has, in accordance with the regulations, authorised the representative Aboriginal body to act on its behalf.
- (3) A request may be made under subsection (1)—
- (aa) on the ground that acquisition of the land or a particular part of the land is not necessary for the purposes of carrying out the undertaking to which the acquisition relates; or
 - (a) on the ground that acquisition of the land or carrying out the purposes for which the acquisition is proposed would—
 - (i) seriously impair an area of scenic beauty; or
 - (ii) destroy, damage or interfere with an Aboriginal site within the meaning of the *Aboriginal Heritage Act 1988*; or
 - (iii) destroy or impair a site of architectural, historic or scientific interest; or
 - (iv) prejudice the conservation of flora or fauna that should be conserved in the public interest; or
 - (v) prejudice some other public interest; or
 - (b) on some other ground stated in the request.
- (4) The Authority must consider any request made to it under this section and must, within 14 days after receipt of the request, serve notice in writing on the person by whom the request was made, indicating whether it accedes to, or refuses, the request.

12A—Right of review

- (1) A person who makes a request under section 12 in relation to a proposed acquisition may, within 7 days of being served with a notice indicating that the Authority has refused the request, or within such longer period as the Minister may in his or her absolute discretion allow in any particular case, apply in writing to the Minister for a review of the decision.
- (2) An application for review must be made in a manner and form determined by the Minister.

- (3) On receiving an application under this section the Minister will conduct the review or will appoint a suitable person to conduct the review on the Minister's behalf.
- (4) The merits or otherwise of the undertaking to which the proposed acquisition relates cannot be called into question in a review under this section.
- (5) The person conducting a review under this section may conduct the review in such manner as he or she thinks fit, including the holding of public hearings if he or she thinks appropriate.
- (6) If the Minister conducts the review, it must be completed within 14 days of the Minister's receipt of the application.
- (7) If the review is conducted by a person on the Minister's behalf, the review must be completed, and the reviewer's report furnished to the Minister, within 14 days of his or her appointment.
- (8) On completion of a review, the Minister may confirm, vary or reverse the decision the subject of the review.
- (9) A decision made on a review, or the manner in which a review is conducted, is not itself subject to review by a court or tribunal.
- (10) In this section—

Minister means the Minister responsible for the administration of the Act under which the Authority in question is empowered to make the proposed acquisition.

12B—Additional right to object to prescribed private acquisition

- (1) Native title parties may, by written notice to the Minister, object to a prescribed private acquisition so far as it affects their registered native title rights.
- (2) An objection under subsection (1) must be made within two months after notice of intention to acquire the land is given or, if an explanation of the reasons for the acquisition is required, within two months after the explanation is provided.
- (3) The Minister must consult any native title parties who object under subsection (1) about ways of minimising the impact of the acquisition project on registered native title rights and, if relevant, access to the land.
- (4) The Attorney-General must, at the request of a native title party who has made an objection under this section, appoint an independent person or body to hear the objection.

Example—

The Attorney-General might appoint a Judge of the ERD Court or a native title commissioner to hear the objection.

- (5) Before making such an appointment, the Attorney-General must consult the Minister and the native title party.
- (6) If the independent person or body hearing an objection under this section makes a determination upholding the objection, or that contains conditions about the acquisition that relate to registered native title rights, the determination must be complied with unless—
 - (a) the Minister responsible for indigenous affairs is consulted; and
 - (b) the consultation is taken into account; and

-
- (c) it is in the interests of the State not to comply with the recommendation.
- (7) For the purposes of this section—
- determination* includes recommendation;
- in the interests of the State* includes—
- (a) for the social or economic benefit of the State (including Aboriginal peoples); and
 - (b) in the interests of the relevant region or locality in the State;

Minister means the Minister responsible for the administration of the Act under which the Authority in question is empowered to make the proposed acquisition.

Note—

Compare section 24MD(6B) of the *Native Title Act 1993* (Cwth).

13—Notice that land is subject to acquisition

- (1) This section applies only in respect of land that—
 - (a) has not been brought under the provisions of the *Real Property Act 1886*; and
 - (b) is not native title land.
- (2) Where a notice of intention to acquire land has been served upon any person, that person shall not enter into any transaction in respect of the subject land without first disclosing the fact that the notice of intention to acquire the land has been served upon him.
- (3) If any contract or agreement in relation to the land is entered into without disclosure as required by subsection (2) of this section, the contract or agreement shall be voidable at the option of the person to whom disclosure should have been made.
- (4) The Authority may lodge a copy of a notice of intention to acquire land at the General Registry Office and may, by instrument in writing served upon any person, require him to deliver up to the Registrar any instrument evidencing his interest in the subject land.
- (5) If a person upon whom a notice has been served under subsection (4) of this section, fails, without reasonable excuse, to deliver up within the time specified in the notice, any instrument that he is required by the notice to deliver up to the Registrar, he shall be guilty of an offence and liable to a penalty, not exceeding one hundred dollars, and whether or not he is convicted of an offence under this subsection, he shall not be entitled to receive any compensation until the instrument has been delivered up to the Registrar.

14—Notice where land is under the Real Property Act

- (1) This section applies only in respect of land that has been brought under the provisions of the *Real Property Act 1886*.
- (2) The Authority shall cause a copy of each notice of intention to acquire land to be served upon the Registrar who shall thereupon enter a caveat upon the title to the subject land forbidding all dealings with the land without the consent in writing of the Authority.

- (3) The Authority shall, where it has determined not to proceed with the acquisition of land, or is presumed so to have determined under the provisions of this Act, forthwith make written application to the Registrar for withdrawal of a caveat entered pursuant to this section and the Registrar shall withdraw the caveat accordingly.

Part 3—Acquisition of land

15—Acquisition by agreement etc

- (1) The Authority may, at any time after the service of a notice of intention to acquire land, and before the publication of a notice of acquisition in respect of the land, acquire the subject land by agreement.¹
- (2) Notwithstanding the fact that a notice of intention to acquire land has been served upon any person, the Authority may decline to proceed with the acquisition of the subject land.
- (3) If the Authority decides not to proceed with the acquisition of land, it must give notice of the decision to the same persons and in the same way as the notice of intention to acquire the land but notice need not be given to a person who was given notice of intention to acquire the land if—
- (a) the notice was given because the person held an interest in the land and the person no longer holds that interest; or
 - (b) the notice was given because the person claimed to hold an interest in the land and—
 - (i) the claim has been abandoned; or
 - (ii) a court has determined the claim and found that the claimant has no interest in the land.
- (4) If the Authority does not acquire land within 18 months or a longer period fixed under subsection (4a), it will be presumed that the Authority has decided not to proceed with the acquisition and the land cannot then be acquired by the Authority unless a further notice of intention to acquire the land is given.
- (4a) The period for acquisition of the land may be extended as follows:
- (a) the Authority may, by agreement with the interested parties, extend the period by agreement;
 - (b) the Court (ie the Land and Valuation Court) may, on application by the Authority or an interested party, extend the period;
 - (c) in the case of a proposed acquisition of native title—
 - (i) the ERD Court may, on application by the Authority or an interested party, extend the period;
 - (ii) the Minister may, by notice in the Gazette, extend the period if satisfied that the extension is necessary to allow adequate time for negotiation.

-
- (5) If the Authority decides, or is presumed to have decided, not to proceed with the acquisition of land, a person interested in the land may, within 6 months after notice of the decision is given, or the decision is presumed to have been made, by written notice to the Authority, claim compensation.
- (5a) A native title party registered as a claimant to native title in land has sufficient interest in the land to bring a claim for compensation under subsection (5).
- (6) If, three months after notice is given under subsection (5), the Authority and the claimant are not agreed on whether the claimant is entitled to compensation, or the amount of the compensation, either party may refer the matter to the Court for determination.
- (7) On reference of a matter under subsection (6), the Court may determine whether the claimant has an interest in the subject land and, if so, the amount of compensation that should be paid for—
- (a) disturbance to the use or enjoyment of the land resulting from the proposed acquisition; and
 - (b) costs and expenses reasonably incurred by the claimant in consequence of the proposed acquisition.

Note—

- 1 If, in a case to which Part 4 Division 1 applies, the Authority is to acquire native title in land by agreement, the agreement may include a statement to the effect that the surrender of native title under the agreement is intended to extinguish the native title. See section 24MD(2A) of the *Native Title Act 1993* (Cwth).

16—Notice of acquisition

- (1) Subject to this Act¹, the Authority may, at least three months after the last occasion on which a notice of intention to acquire was given but before the period for acquisition of the land comes to an end², publish a notice of acquisition in the Gazette.
- (2) On publication of the notice of acquisition—
- (a) the land vests in the Authority to the extent of the interest specified in the notice; and
 - (b) a mortgage, charge, encumbrance, trust or other interest affecting the land (except native title) is, to the extent it affects the land subject to the acquisition, discharged; and
 - (c) if a residual interest remains after the acquisition, the interest is modified to the extent required by the acquisition.³
- (3) The land acquired under this section may be an easement, right, power, or privilege that did not previously exist as such in, under, over, or in connection with, land.
- (4) A notice of acquisition must define the subject land as accurately as is reasonably practicable.
- (5) The Authority must have the notice of acquisition published in a newspaper circulating generally throughout the State.

- (5a) The Authority must also give notice of the acquisition to the same persons and in the same way as the notice of intention to acquire the land but notice need not be given to a person who was given notice of intention to acquire the land if—
- (a) the notice was given because the person held an interest in the land and the person no longer holds that interest; or
 - (b) the notice was given because the person claimed to hold an interest in the land and—
 - (i) the claim has been abandoned; or
 - (ii) a court has determined the claim and found that the claimant has no interest in the land.
- (6) If the acquisition may result in the extinguishment of the native title of persons who have not yet been registered under the law of the Commonwealth or the State as holders of, or claimants to, native title in land, general notice of the acquisition must be given to all persons who hold or may hold native title in the land⁴ and the notice must include a statement of the special rights of native title holders to claim compensation under this Act.

Notes—

- 1 See in particular Division 1 of Part 4 which imposes limitations on the acquisition of native title in land in certain circumstances.
- 2 The period for acquisition of the land is the period of 18 months after the notice of intention to acquire was given (see section 15(4)) or a longer period fixed under section 15(4a).
- 3 The acquisition of land under this section extinguishes native title to the extent permitted by the *Native Title Act 1993*(Cwth) (see sections 24MD(2), (2A) and (3)).
- 4 For method of service see Part 5 *Native Title (South Australia) Act 1994*.

17—Modification of instruments of title

- (1) The Authority shall forthwith after publication of a notice of acquisition cause a copy of the notice to be served on the Registrar and the Registrar shall withdraw any caveat entered pursuant to this Act and cause such alterations to, or endorsements upon, any instrument of title to the land in his possession or power (whether or not the land has been brought under the provisions of the *Real Property Act 1886*) to be made as may be required in consequence of the acquisition of the land.
- (2) If a notice of acquisition of native title in land is published, the Authority must give a copy of the notice of acquisition to any authority that maintains a register of native title under the law of the State or the Commonwealth.

Part 4—Negotiation and compensation

Division 1—Acquisition of native title in land for private purpose

18—Application of Division

- (1) This Division applies to a proposed acquisition of native title in the following circumstances:
 - (a) the acquisition is to be made by the Crown or an instrumentality of the Crown for the purpose of conferring rights or interests on a person other than the Crown or an instrumentality of the Crown; and
 - (b) the proposed acquisition is not a prescribed private acquisition.
- (2) A proposed acquisition of native title to which this Division applies may only proceed subject to this Division.

19—Negotiation about acquisition of native title in land

- (1) If native title in land is to be acquired, the Authority must, after giving notice of intention to acquire land and before publishing a notice of acquisition of the land, negotiate in good faith with the appropriate native title parties (if any) in an attempt to reach agreement about the acquisition of the native title in the land.
- (2) The obligation to negotiate does not extend to matters unrelated to the effect of the acquisition project on the registered native title rights of the native title parties.
- (3) If any of the negotiating parties requests the ERD Court to do so, the Court must mediate between the parties to assist in obtaining their agreement.
- (4) If agreement is reached, the agreement must be filed in the Court.
- (5) The parties to an agreement filed in the Court under subsection (4) may direct that the agreement or a particular part of the agreement be kept confidential and, if such a direction is given, the agreement or the relevant part of the agreement is not to be available for inspection except by permission of the Court.
- (6) If the appropriate native title parties have made or established distinct claims or entitlements to native title in relation to the land to which the proposed agreement is to relate, the agreement may consist of—
 - (a) a single agreement with all the appropriate native title parties; or
 - (b) a series of agreements with one or more of the appropriate native title parties so that they are all party to at least one of the agreements.
- (7) In this section—

appropriate native title parties are the native title parties registered as holders of, or claimants to, native title in the land on the relevant date who continue to be so registered throughout the course of the negotiations including such native title parties registered initially as claimants to native title but later registered as holders of native title during the course of the negotiations, but not including native title parties whose application for a native title declaration was made less than one month before the relevant date;

relevant date means the date falling four months after notice of intention to acquire the land is given under section 10(2).

20—Application for determination if no agreement

- (1) If agreement is not reached between the Authority and the native title parties within six months after notice of intention to acquire the land is given, any party may apply to the ERD Court for a resolution of the matter.
- (2) On an application under this section, the ERD Court may determine whether the Authority may acquire the land and, if so, the conditions on which the acquisition is to proceed (but a final determination of compensation cannot be made at this stage).¹
- (3) A determination may, if the parties agree—
 - (a) reserve a question that is not reasonably capable of being determined immediately for further negotiation between the parties; or
 - (b) provide for determination of such a question by arbitration or in some other specified manner.
- (4) If a question is referred to arbitration or some other form of non-judicial dispute resolution, and procedural or other difficulties arise, the ERD Court may—
 - (a) give directions to resolve the difficulties; or
 - (b) remove the dispute into the ERD Court and resolve the question itself.
- (5) If, on an application under this section, the ERD Court is satisfied that the Authority has not negotiated in good faith, the Court must not make a determination on the application in favour of the Authority.
- (6) An application under this section does not prevent negotiations from continuing between the Authority and the native title parties and, if agreement is reached between them before the ERD Court makes its determination, the application lapses.
- (7) The ERD Court must make its determination under this section as quickly as practicable.

Note—

- 1 Compensation is determined under Division 2 of Part 4.

20A—Constitution of trust

- (1) If—
 - (a) negotiations under this Division lead to an agreement that an amount is to be paid by the Authority and held in trust under this section for those who ultimately establish a claim to native title in the subject land; or
 - (b) a determination under this Division (by the Court or the Minister) requires that an amount is to be paid by the Authority and held in trust under this section for those who ultimately establish a claim to native title in the subject land,the relevant amount is to be paid into the ERD Court.
- (2) On receipt of an amount paid into court under this section, the ERD Court is to establish, by order, a trust under which the relevant amount is to be held in trust for those who ultimately establish a claim to native title in the subject land.

- (3) Subject to any order of the ERD Court under subsection (4), the amount held on trust is to be dealt with as follows:
- (a) if native title is established and compensation is awarded or agreed that is equal to, or greater than, the amount held in trust—that amount is to be paid out, in its entirety, to the holders (or former holders) of native title in the subject land;
 - (b) if native title is established and compensation is awarded or agreed that is less than the amount held in trust—the compensation is to be paid out of the amount held on trust and the balance is to be paid to the Authority;
 - (c) if a native title declaration establishes that the land was not (before the acquisition) subject to native title—the amount is to be paid out, in its entirety, to the Authority;
 - (d) if—
 - (i) at least 6 years (or a longer period determined by the ERD Court in a particular case) have passed since the constitution of the trust; and
 - (ii) a balance remains in the trust fund to which no native title party has established an entitlement; and
 - (iii) there is no claim to native title in the subject land,the balance is to be paid to the Authority.
- (4) The ERD Court may, on its own initiative or on application by an interested person—
- (a) make orders for the disposition of money held on trust under this section; or
 - (b) resolve any question about payment of an amount held on trust under this section.

21—Criteria for making determination

- (1) In making its determination, the ERD Court must take into account the following:
- (a) the effect of the acquisition project on—
 - (i) the enjoyment by the native title parties of their registered native title rights; and
 - (ii) the way of life, culture and traditions of any of those parties; and
 - (iii) the development of the social, cultural and economic structures of any of those parties; and
 - (iv) the freedom of access by any of those parties to the land concerned and their freedom to carry out rites, ceremonies or other activities of cultural significance on the land in accordance with their traditions; and
 - (v) any area or site, on the land concerned, of particular significance to the native title parties in accordance with their traditions;
 - (b) the interests, proposals, opinions or wishes of the native title parties in relation to the management, use or control of the land in relation to which the native title parties hold or claim registered native title rights that will be affected by the acquisition project;

- (c) the economic or other significance of the acquisition project to Australia, to the State, to the area in which the land is located and to Aboriginal peoples who live in that area;
 - (d) any public interest in the acquisition project proceeding;
 - (e) any other matter the ERD Court considers relevant.
- (2) In determining the effect of the acquisition project as mentioned in subsection (1)(a), the ERD Court must take into account the nature and extent of—
- (a) existing non-native title rights and interests in the land; and
 - (b) existing use of the land by persons other than the native title parties.
- (3) This section does not affect the operation of another law of the State or the Commonwealth for the preservation or protection of areas or sites of particular significance to Aboriginal people.
- (4) Before making its determination, the ERD Court must ascertain whether there is agreement between the parties on issues relevant to the determination and, if all the parties consent, the ERD Court—
- (a) must take into account the agreement of the parties on issues relevant to the determination; and
 - (b) need not take into account the matters mentioned in subsection (1) to the extent they raise issues on which agreement has been reached.

22—Overruling of determinations

- (1) If the Minister considers it to be in the interests of the State or in the national interest to overrule a determination of the ERD Court under this Division, the Minister may, by notice in writing given to the ERD Court and the parties to the proceedings before the Court, overrule the determination and substitute another determination that might have been made by the Court.
- (2) The Minister cannot overrule a determination if more than two months have elapsed from the date of the determination.

Division 1A—Notice to be given of certain prescribed private acquisitions

22A—Notice on behalf of State for prescribed private acquisition

When an Authority that is neither the Crown nor an instrumentality of the Crown is required to give a notice under this Act in relation to a prescribed private acquisition, the Authority must, on behalf of the State, give any additional notice required under the *Native Title Act 1993* (Cwth).

Note—

See section 24MD(6B).

Division 2—Compensation

22B—Entitlement to compensation

Subject to this Act, a person is entitled to compensation for the acquisition of land under this Act if—

- (a) the person's interest in land is divested or diminished by the acquisition; or
- (b) the enjoyment of the person's interest in land is adversely affected by the acquisition.

23—Negotiation of compensation

- (1) The Authority must negotiate in good faith with interested persons about the compensation payable for the acquisition of land under this Act.
- (3) If a party to the negotiations holds or held, or claims to hold or to have held, native title in the land, and either the party or the Authority requests the ERD Court to do so, the Court must mediate between the parties to assist in obtaining their agreement on the matters at issue between them.
- (4) The Authority may offer non-monetary compensation.

Example—

The non-monetary compensation might take the form of a transfer of land, the provision of goods or services, or the carrying out of work for the re-instatement or improvement of land remaining in the claimant's ownership after the acquisition.

- (5) If a party to the negotiations who is the holder of native title in the land requests non-monetary compensation, the Authority must—
 - (a) consider the request; and
 - (b) negotiate in good faith with the party in relation to the request.
- (6) The Authority's liability to pay compensation under this Act for the acquisition of land is reduced by the value of non-monetary compensation provided at the request of, or by agreement with, the person to whom the liability is owed.

23A—Offer of compensation and payment into court

- (1) When the Authority gives notice of the acquisition of land, it must make an offer to the person or persons whom it believes to be entitled to compensation for the acquisition, stating the amount of compensation the Authority is prepared to pay.
- (2) The offer must (where appropriate) differentiate between, and quantify, the component of compensation representing the value of the acquired land and the component referable to disturbance or other compensable matters.
- (3) The Authority must, within seven days after making an offer of compensation, pay the amount offered into the Court.
- (3a) However, if the Authority has already paid an amount into the ERD Court under Division 1 in relation to the proposed acquisition, the Authority is required only to pay into the Court the amount (if any) by which the amount of the offer exceeds the amount already paid into the ERD Court.

- (4) Until compensation paid into Court under this section is applied by order of the Court, the money must be invested by the proper officer of the Court in an authorised trustee investment (bearing interest that compounds at intervals of one month or less) and the interest and other accretions accruing on the investment—
- (a) must be paid to—
 - (i) the person who would, but for the acquisition of the land, have been entitled to the rents and profits of the land; or
 - (ii) a body constituted under the law of the State or the Commonwealth as trustee for the claimants to whom the compensation is offered; or
 - (b) must be dealt with in some other manner specified by the Court.

23B—Agreement

- (1) If agreement about compensation is reached by the negotiating parties, the Authority must file a copy of the agreement in the Court.
- (2) The Court may, on application by a party to an agreement filed in the Court under this section, make orders to give effect to the agreement.

23C—Reference of matters into court

- (1) The Authority or a claimant may refer a question arising in the course of negotiations into Court.
- (2) On the reference of a matter into the Court, the Court may—
 - (a) if of the opinion that the question should be the subject of further negotiation—adjourn the matter to allow further negotiation to take place; or
 - (b) make any order necessary to resolve the question.
- (3) In particular—
 - (a) if there is a dispute about whether the claimant is interested in the subject land, or the nature of the claimant's interest—the Court may, subject to subsection (4), declare whether the claimant has an interest in the subject land and, if so, the nature of the interest; and
 - (b) the Court may make orders for compensation that the Court finds to be justified on the claim; and
 - (c) the Court may make other orders that may be just in the circumstances of the case.
- (4) If a claimant claims compensation on the basis that native title exists or existed in the subject land but the existence of the native title has not been established by a native title declaration, the Court will not itself proceed to determine the native title question but—
 - (a) if the Authority does not dispute that native title exists or exists in the subject land as claimed—determine the claim for compensation on the basis that native title exists or existed as the claimant asserts; or
 - (b) if the claim to native title in the subject land is disputed—defer consideration of the matter—

- (i) to allow the claimant a reasonable opportunity to make a native title claim under the appropriate law of the Commonwealth or the State; and
 - (ii) if a native title claim is made, to allow time for the resolution of the claim.
- (5) If a claimant fails to avail itself of an opportunity allowed under subsection (4), the Court may reject the claim for compensation (but the rejection of a claim under this subsection does not preclude a further claim for compensation if the claimant's claim to hold native title in the subject land is later established).

24—Entry into possession

- (1) Where an interest in possession in land is vested in the Authority pursuant to this Act, the Authority must diligently endeavour to obtain agreement as to the terms on which it will enter into possession of the subject land.
- (2) If at the expiration of three months after the publication in the Gazette of the notice of acquisition, the Authority has failed to obtain agreement upon entry into possession of the subject land, it may apply to the Court for—
 - (a) an order that any person be ejected from the subject land; and
 - (b) such further orders as may be just in the circumstances,and the Court may make any such order.
- (3) The period of three months referred to in subsection (2) of this section may be extended by agreement of the parties, or by order of the Court.
- (4) The Court may, on the application of the Authority, order that any person in possession of land after the expiration of three months from the day on which a notice of acquisition in relation to the land was published in the Gazette, shall pay rent to the Court at a rate fixed by the Court.
- (5) A person who remains in possession of land acquired under this Act after the expiration of three months from the day on which a notice of acquisition in relation to the land was published in the Gazette shall be deemed to be in possession in pursuance of a tenancy determinable at will by the Authority and subject to such terms and conditions as may be prescribed.

25—Principles of compensation

- (1) The compensation payable under this Act in respect of the acquisition of land shall be determined according to the following principles:
 - (a) the compensation payable to a claimant shall be such as adequately to compensate him for any loss that he has suffered by reason of the acquisition of the land; and
 - (b) in assessing the amount referred to in paragraph (a) of this section consideration may be given to—
 - (i) the actual value of the subject land; and
 - (ii) the loss occasioned by reason of severance, disturbance or injurious affection; and
 - (c) compensation shall be fixed as at the date of acquisition of the land; and

- (d) where the claimant's interest in the subject land was liable to expire or be determined, any reasonable prospect of renewal or continuation of the interest must be taken into account; and
 - (e) any special suitability or adaptability of the land for any purpose shall not be taken into account if it could be applied to that purpose in pursuance only of statute, or if the suitability or adaptability is peculiar to the purposes or requirements of a particular person or of any Governmental or local governing authority but any *bona fide* offer to acquire the land made before the passing of the special Act shall be taken into account; and
 - (f) where the value of the land is enhanced by reason of its use, or the use of any premises on the land, in a manner that may be restrained by any court, or is contrary to law, or is detrimental to the health of any persons, the amount of that enhancement shall not be taken into account; and
 - (g) no allowance shall be made on account of the fact that the acquisition is effected without the consent, or against the will, of any person; and
 - (h) no allowance shall be made for any enhancement or diminution in the value of the land in consequence of—
 - (a) the passing of the special Act; or
 - (b) the acquisition under this Act of any other land; or
 - (c) any proposed or expected development of the land after its acquisition; and
 - (i) where the land is, and but for acquisition would continue to be, devoted to a particular purpose, and there is no general demand or market for land devoted to that purpose, the compensation may, if reinstatement in some other place is *bona fide* intended, be assessed on the basis of the reasonable cost of equivalent reinstatement; and
 - (j) allowance shall be made in favour of the Authority for any enhancement in value of land adjoining the subject land in which the claimant is interested by reason of development of the land after its acquisition, but in no case shall the claimant be liable to make any payment to the Authority in respect of such enhancement in value; and
 - (k) where a notice of intention to acquire land has been served upon a person interested in the land, any sales, transactions, arrangements, licences or approvals effected or obtained with respect to the land, and any improvements to the land effected, after service of the notice, shall not be taken into account unless it is proved that they were effected or obtained *bona fide*.
- (2) The reference to **loss** in subsection (1)(a) extends, in the case of acquisition of native title, to diminution, impairment or other adverse effect on native title that results or will result from the acquisition project.¹
- (3) Subject to subsections (1) and (2), the total compensation payable for the acquisition of native title must not exceed the amount that would be payable for the acquisition of an estate in fee simple in the relevant land.

- (4) A reference in this section to a claimant is limited to a claimant who is entitled to compensation.²

Notes—

- 1 Compare section 51(1) of the *Native Title Act 1993* (Cwth).
2 See section 22B.

26—Application of compensation

The Court may by order direct that any moneys paid into Court, or compensation ordered, under this Act be applied—

- (a) in the purchase, redemption or discharge of any tax, debt, mortgage or encumbrance affecting the subject land; or
- (b) in the purchase of other land or securities to be conveyed or settled upon or towards the same uses, trusts or purposes as the subject land; or
- (c) in removing or replacing any buildings or substituting others in their stead, in such manner as the Court may direct; or
- (d) in payment to any persons absolutely entitled to the moneys, or in the case of incapacity or disability to their trustees or guardians; or
- (e) in such other manner as the Court thinks fit.

Part 5—Powers of entry and temporary occupation

27—Powers of entry

- (1) For the purposes of this Act, or the special Act, the Authority or any person authorised in writing by the Authority, may—
- (a) enter and remain upon any land with any assistants, vehicles, machinery or equipment; and
 - (b) affix or establish any trigonometrical stations, survey pegs, marks or poles and from time to time alter, remove, re-instate, or remove them; and
 - (c) dig or bore into the land.
- (2) The Authority must, at least 7 days before entering land under subsection (1), give notice to the owner and occupier of the land.¹
- (3) A person who—
- (a) wilfully and without authorisation from the Authority, interferes with any trigonometrical stations, survey pegs, marks or poles; or
 - (b) wilfully obstructs any person acting in accordance with this section,
- shall be guilty of an offence and liable to a penalty not exceeding two hundred dollars.

Note—

- 1 For the procedure for giving notice in relation to native title land see Part 5 of the *Native Title (South Australia) Act 1994*.

28—Temporary occupation

- (1) The Authority may temporarily occupy and use any land to which this section applies for purposes authorised by an Act and may—
 - (a) take therefrom any stone, gravel, earth or other material; or
 - (b) deposit any material on the land; or
 - (c) make cuttings or excavations on the land; or
 - (d) make and use roads on the land; or
 - (e) manufacture on the land any materials required for those purposes; or
 - (f) erect workshops, sheds and buildings of a temporary character on the land.
- (1a) However, the Authority is not authorised to take stone, gravel, earth or other material from land for the purpose of—
 - (a) extracting, producing or refining minerals from it; or
 - (b) processing it by non-mechanical means.¹
- (2) The Authority must, at least 7 days before entering into temporary occupation of land under subsection (1), give notice to the owner and occupier of the land.²
- (3) A person interested in the land may apply to the Court for an order that the Authority acquire his interest in the land.
- (4) The Court, if it is satisfied that it is just to do so may order the Authority to acquire the interest upon such terms and conditions as may be determined by the Court, and may make such incidental or consequential orders as the Court thinks fit.
- (5) The land to which this section applies is land that is—
 - (a) within 500 metres of the boundaries of land acquired under this Act; and
 - (b) is not a garden, orchard or plantation attached or belonging to a house, or a park, planted walk, avenue or ground ornamentally planted; and
 - (c) is not within 500 metres of a place genuinely used as a place of residence.

Notes—

- 1 The purpose is to ensure that the authorisation conferred by subsection (1)(a) does not amount to an authorisation to mine within the meaning of the *Native Title Act 1993* (Cwth). See the definition of *mine* in section 253 of that Act.
- 2 For the procedure for giving notice in relation to native title land see Part 5 of the *Native Title (South Australia) Act 1994*.

29—Compensation for entry or temporary occupation

- (1) A person interested in land that is entered or temporarily occupied pursuant to this Part may, at any time before the expiration of three months from the day on which the Authority, or any person authorised by the Authority, was last in occupation of, or upon, the land, by notice in writing served upon the Authority, claim compensation.
- (2) If after the expiration of three months from the day on which a notice was served under subsection (1) of this section, the Authority and the claimant are not agreed upon the amount of compensation that should be paid, either the Authority or the claimant may refer the matter to the Court for determination.

- (3) The Court shall, upon the reference of any such matter, determine the amount of compensation that should be paid by the Authority, and order the payment of that amount to the claimant.

Part 6—Miscellaneous

30—Powers of inspection

- (1) The Authority may, by notice in writing served upon any person, require him to deliver up for the inspection of the Authority, any specified document in his possession or power evidencing the interest of any person in land required for purposes authorised by an Act or any other specified record, account, or document in his possession or power relating to any such land.
- (2) A person who fails to comply with a notice served under subsection (1) of this section within the time specified in the notice shall be guilty of an offence and liable to a penalty not exceeding two hundred dollars.

31—Giving of notice and other documents

- (1) A notice or other document is validly given to, or served on, a person under this Act if—
- (a) served personally or by post on the person; or
 - (b) if the identity or whereabouts of the person is not known to the Authority—
 - (i) by publication of the contents of the notice or document in a newspaper circulating generally throughout the State; or
 - (ii) by affixing the notice or document in a prominent position on the land to which it relates.¹
- (3) A notice or other document may be served upon the Authority by sending it by post to the Authority at its office, or to the office of such person as the Authority may authorise to receive the notice or document on its behalf.

Note—

- 1 For method of service on persons who hold or may hold native title in land see Part 5 *Native Title (South Australia) Act 1994*.

32—Persons of limited juristic capacity

- (1) Where the juristic capacity of a claimant (not being a body corporate) is limited in any way, any amount of compensation payable in respect of land in which he was interested must be approved by the Court.
- (2) If an amount of compensation is not approved as required by subsection (1) of this section, an application may, notwithstanding any other provision of this Act, be made at any time to the Court by or on behalf of the claimant, and the Court may order the Authority to pay further compensation to the claimant.

33—Interest

Where the Authority agrees with a claimant or is ordered to pay a greater amount of compensation than the amount paid into Court in respect of the acquisition of any land, the Authority must also pay the additional sum that would have accrued (whether as interest or otherwise) had the amount agreed or ordered been paid into Court instead.

35—Authority may dispose of surplus land

The Authority may sell, lease, or otherwise deal with or dispose of any land acquired pursuant to this Act that it does not require for purposes authorised by an Act.

36—Costs

In any proceedings under this Act the Court may award such costs as it thinks proper, but, in making an order for costs, shall, where it is, in the opinion of the Court, appropriate to do so, take into consideration—

- (a) the amount of compensation awarded by the Court as compared with the amount (if any) offered by the Authority; and
- (b) the extent to which, in the opinion of the Court, the proceedings have arisen from, or been affected by—
 - (i) unreasonable conduct on the part of the claimant or the Authority; or
 - (ii) an excessive claim by the claimant or unduly depressed offer by the Authority.

36A—Recovery of compensation from Authority

Compensation payable under this Act may be recovered from the Authority as a debt.

37—Summary of procedure

Proceedings for offences against this Act shall be disposed of summarily.

38—Regulations

The Governor may make such regulations as are contemplated by this Act, or as he deems necessary or expedient for the purposes of this Act, and, without limiting the generality of the foregoing, those regulations may—

- (a) prescribe the form of any notice or document for the purposes of this Act; and
- (b) prescribe any rate of interest or rate of rental for the purposes of this Act; and
- (c) prescribe the terms and conditions of any tenancy at will under section 24 of this Act; and
- (d) provide for a penalty, not exceeding one hundred dollars, recoverable summarily, for breach of, or non-compliance with, any regulation.
