- (2) An application must be in a form approved by the Council and must set out the applicant's proposals for the application of the assistance requested by the applicant.
- (3) The applicant's proposals must be based on guidelines adopted by the Council under this Part.
- (4) The Council may grant an application for assistance subject to such conditions as it thinks fit including, in the case of an application under subsection (1), the execution of an agreement varying the heritage agreement in a manner approved by the Council.
- (5) Money payable by way of financial assistance under this section must be paid from the Fund.

- (6) Where, in the opinion of the Council, a person to whom the Council has granted financial assistance under this section—
- (a) contravenes or fails to comply with a condition attached to the grant of the assistance; or
 - (b) fails, within a reasonable time, to apply the amount granted for the purpose for which it was granted,
- the Council may serve written notice on that person demanding repayment of the amount granted or such lesser amount as is specified in the notice.
- (7) An amount demanded by the Council under subsection (6) is a debt due by the person from whom it is demanded to the Council and upon recovery must be paid by the Council into the Fund.
- (8) A court that is considering a claim for payment of a debt referred to in subsection (7) may refuse to order payment of all or part of the amount claimed if, in its opinion, the person to whom the financial assistance was granted has applied it in accordance with the conditions on which it was granted or in accordance with what he or she genuinely believed to be the conditions on which it was granted.

25—Guidelines

- (1) The Council must prepare draft guidelines in relation to—
- (a) the application of financial and other assistance provided by the Council; and
 - (b) the management of native vegetation; and
 - (c) the operation of section 29(4a).
- (2) After preparation of the draft guidelines the Council must—
- (a) by public advertisement, invite members of the public to make representations to the Council (within a period of not less than two months following publication of the advertisement) as to matters that should be addressed by the guidelines; and
 - (b) submit the guidelines for comment by the soil conservation boards of the soil conservation districts (if any) to which the guidelines relate; and
 - (c) where the guidelines relate to pastoral land, submit the guidelines to the Pastoral Board for comment; and
 - (d) where the guidelines relate to land within the catchment area of a catchment water management board, submit the guidelines to the catchment water management board for comment; and
 - (e) where the guidelines relate to land within the area of a local council, submit the guidelines to the Local Government Association of South Australia for comment; and

- (3) The public advertisement referred to in subsection (2)(a) must—
- (a) specify an address at which copies of the draft guidelines may be purchased or inspected;
 - (b) specify an address to which representations in connection with the draft guidelines may be forwarded.
- (3a) Where the guidelines relate to land within the Murray-Darling Basin, the guidelines must seek to further the objects of the *River Murray Act 2003* and the *Objectives for a Healthy River Murray* under the *River Murray Act 2003* (insofar as they may be relevant).
- (4) The Council may adopt the draft guidelines with, or without, amendment but must, before adopting them, consider all representations made by members of the public and comments made pursuant to subsection (2).

- (5b) Where the Council thinks it is desirable to take the time to consult on proposed guidelines in more detail than is required by this section, it may prepare and adopt guidelines under this section as an interim measure with the intention of varying or replacing them if necessary after it has had time for further consultation.
- (5c) For the purposes of subsection (2)(b), (c), (d) and (g), draft guidelines in relation to the application of financial and other assistance will only be taken to relate to a soil conservation district, pastoral land, a catchment area or the Murray-Darling Basin if the guidelines explicitly state that they do.
- (6) In this section—
- public advertisement* means an advertisement published in the Gazette and in a newspaper circulating throughout the State.

Part 5—Clearance and enforcement

Division 1—Control of clearance

26—Offence of clearing native vegetation contrary to this Part

- (1) A person must not clear native vegetation unless the clearance is in accordance with this Part.

Maximum penalty: A sum calculated at the prescribed rate for each hectare (or part of a hectare) of the land in relation to which the offence was committed or \$100 000, whichever is greater.

Expiation fee: \$500.

- (2) A person must not contravene or fail to comply with a condition attached to a consent granted under this Part.

Maximum penalty: A sum calculated at the prescribed rate for each hectare (or part of a hectare) of the land in relation to which the offence was committed or \$100 000, whichever is greater.

Expiation fee: \$500.

- (2a) If a court convicts a person—

- (a) of an offence against subsection (1); or
- (b) of an offence against subsection (2) where the effect of the contravention of or failure to comply with the condition that constitutes the offence is that native vegetation has been cleared without the consent of the Council,

the Council must, within the prescribed period, initiate civil proceedings under Division 2 in order to require the offender to make good the breach of this Act unless such proceedings have already been commenced, or an order has already been made, under that Division in relation to the matter, or the conviction is overturned on appeal.

- (3) In this section—

land in relation to which the offence was committed means—

- (a) land on which the vegetation is or was growing or is or was situated; and
- (b) land that has been, or will be, affected in any way (including by an increase in its value) by reason of the commission of the offence;

the prescribed period, in relation to the initiation of civil proceedings against an offender, means—

- (a) 21 days after the time within which the offender may appeal against the relevant conviction; or
- (b) if an appeal is commenced—21 days after—
 - (i) the appeal is dismissed, struck out or withdrawn; or
 - (ii) any questions raised by the appeal have been finally determined;

the prescribed rate means—

- (a) the amount (if any) per hectare by which the land in relation to which the offence was committed has increased in value as a direct result of the commission of the offence; or
- (b) \$2 500,

whichever is the greater.

- (4) In determining the amount by which the value of land has increased as the result of the commission of an offence under this section, no account may be taken of the possibility that the establishment of vegetation on the cleared land may be ordered under Division 2.

27—Clearance of native vegetation

- (1) Subject to any other Act or law to the contrary—
 - (a) native vegetation may, subject to this section, be cleared with the consent of the Council given in accordance with section 29;
 - (b) native vegetation may, subject to subsection (5)(b), be cleared—
 - (i) if the vegetation is of a prescribed class; or
 - (ii) in prescribed circumstances.
- (2) Subject to subsection (3), the Council cannot give its consent to the clearance of native vegetation under subsection (1)(a) if the vegetation comprises or forms part of a stratum of native vegetation that is substantially intact (see section 3A).
- (3) The Council may, despite subsection (2) but subject to the other requirements of this Division, give its consent to the harvesting of native vegetation if, in its opinion, the harvesting will not result in any lasting damage to the plants comprising the vegetation, lead to significant soil damage or erosion, or result in any long-term loss of biodiversity.
- (4) The Council may give its consent under subsection (3) subject to such conditions (if any) as the Council thinks fit to impose.
- (5) Native vegetation that is growing or is situated on land that is subject to a heritage agreement under this Act or a heritage agreement that was entered into in compliance with a condition of consent to clear native vegetation under the repealed Act cannot be cleared—
 - (a) under subsection (1)(a) unless the Minister has also given his or her consent to the clearance;
 - (b) under subsection (1)(b) unless a regulation prescribing a class of vegetation under paragraph (b)(i) or circumstances under paragraph (b)(ii) explicitly extends its operation to vegetation on land that is subject to a heritage agreement.
- (6) If the Minister attaches conditions to his or her consent under subsection (5)(a), the Council's consent to the clearance will be taken to be subject to the same conditions, in addition to any other conditions imposed by the Council.

28—Application for consent

- (1) Subject to subsection (2), the owner of land on which native vegetation is growing or is situated, or a person acting on his or her behalf, (but no other person) may apply for consent to clear the vegetation.
- (2) Where the land is held from the Crown under a miscellaneous lease, an application for consent to clear vegetation can only be made by the Minister for Environment and Conservation.
- (3) An application for consent—
 - (a) must be in a form approved by the Council;
 - (b) must be accompanied by—

-
- (i) a native vegetation management plan prepared by the applicant in accordance with guidelines adopted by the Council under Part 4; and
 - (ii) either—
 - (A) information that establishes that the planting and maintenance of native vegetation on the land after clearance or on adjacent land in accordance with the native vegetation management plan will, after allowing for the loss of the vegetation to be cleared, result in a significant environmental benefit; or
 - (B) information that establishes that it is not possible for the applicant to provide a significant environmental benefit in the manner referred to in subparagraph (A); and
 - (iia) the prescribed number of copies of a report relating to the proposed clearance prepared in a form approved by the Council; and
 - (iib) such other information as the Council reasonably requires; and
 - (iic) the prescribed fee (including the fee prescribed for the report referred to in subparagraph (iia)).
- (4) Where an applicant provides information referred to in subsection (3)(b)(ii)(B), he or she may propose that he or she make a payment into the Fund to compensate for the fact that there will not be a significant environmental benefit associated with the proposed clearance.
 - (5) The report referred to in subsection (3)(b)(iia) must be prepared by the agency or instrumentality of the Crown or other person or body specified by the regulations.
 - (6) On receipt of the fee prescribed for the report referred to in subsection (3)(b)(iia), the Council (or a local council or other body or person acting under delegation from the Council) must pay the amount of the fee to the Minister who must apply the amount received towards the cost of administering this Act.
 - (7) The Council must ensure that a copy of the report referred to in subsection (3)(b)(iia), and of any *Assessment Report* prepared by the Minister's department in response to the making of an application under this section, is available for inspection, without fee, during ordinary office hours at the principal office of the Council, and is also available in any other manner, or at any other place, determined by the Minister.

29—Provisions relating to consent

- (1) Subject to this section, in deciding whether to consent to an application to clear native vegetation, the Council—
 - (a) must have regard to the principles of clearance of native vegetation so far as they are relevant to that decision; and
 - (b) must not make a decision that is seriously at variance with those principles.
- (2) When determining an application to clear native vegetation in order to facilitate the management of other native vegetation, the Council must, in exercising its limited discretion under subsection (1), have regard to the applicant's desire to facilitate the management of that other vegetation.

- (3) When determining an application to clear native vegetation that is growing or is situated on land that forms part of a property that is used for the business of primary production, the Council must, in exercising its limited discretion under subsection (1), have regard to the applicant's desire to operate the business as efficiently as possible.
- (4) The Council may give its consent to clearance of native vegetation that is in contravention of subsection (1)(b) if—
 - (a) the vegetation comprises one or more isolated plants; and
 - (b) the applicant is engaged in the business of primary production; and
 - (c) in the opinion of the Council, the retention of that plant, or those plants, would put the applicant to unreasonable expense in carrying on that business or would result in an unreasonable reduction of potential income from that business.
- (4a) The Council may give its consent to the clearance of native vegetation that is in contravention of subsection (1)(b) if—
 - (a) the Council has adopted guidelines under section 25 that apply in relation to the region where the native vegetation is situated (being guidelines envisaged under subsection (1)(c) of that section); and
 - (b) the Council is satisfied—
 - (i) that a significant environmental benefit, which outweighs the value of retaining the vegetation, is to be achieved through the imposition of conditions and the taking of other action by the applicant; and
 - (ii) that the particular circumstances justify the giving of consent.
- (5) Where native vegetation that is the subject of an application for the Council's consent to clear under this Division is in a soil conservation district, the Council must, before giving its consent, consult the soil conservation board for that district and have regard to the board's recommendations (if any) in relation to the application.
- (6) Where native vegetation that is the subject of an application for the Council's consent to clear under this Division is on pastoral land, the Council must, before giving its consent, consult the Pastoral Board and have regard to the Board's recommendations (if any) in relation to the application.
- (7) Where the land on which the vegetation is growing or is situated is pastoral land and is also in a soil conservation district, both the soil conservation board and the Pastoral Board must be consulted under subsections (5) and (6).
- (8) Where a soil conservation board or the Pastoral Board has been consulted by the Council under subsection (5) or (6), the board concerned may request the owner of the land to submit to it a property plan under the *Soil Conservation and Land Care Act 1989* or the *Pastoral Land Management and Conservation Act 1989* (whichever is appropriate) and, until the plan has been submitted to it, the board may recommend to the Council that it refuse consent solely on the ground that the plan has not been submitted.
- (9) Section 41(10) of the *Pastoral Land Management and Conservation Act 1989* does not apply to, or in relation to, a property plan requested by the Pastoral Board under subsection (8).

- (9a) If an application for the Council's consent relates to native vegetation within a River Murray Protection Area and is within a class of applications prescribed by the regulations for the purposes of this provision (which class may be prescribed so as to consist of applications for all such consents), the Council must, before giving its consent—
- (a) consult the Minister to whom the administration of the *River Murray Act 2003* is committed; and
 - (b) comply with the Minister's directions (if any) in relation to the application (including a direction that the application not be granted, or that if it is to be granted, then it be subject to conditions specified by the Minister).
- (10) In addition to the other requirements for consultation under this section—
- (a) the Council must allow any person who desires to do so to make representations in writing to the Council, within the period prescribed by the regulations, in relation to the granting or refusal of consent to an application to clear native vegetation; and
 - (b) the Council may, as it thinks fit, allow a person to appear personally or by representative before it to be heard on whether the Council should or should not consent to an application to clear native vegetation.
- (11) Subject to subsection (12), the Council may give its consent to clearance of native vegetation under this section if, and only if—
- (a) —
 - (i) it attaches to the consent a condition requiring the applicant to establish and manage native vegetation on land specified by the Council; and
 - (ii) the Council is satisfied that the establishment and management of vegetation in accordance with that condition will, after allowing for the loss of the vegetation to be cleared, result in a significant environmental benefit; or
 - (b) —
 - (i) it attaches to the consent a condition requiring the applicant to protect native vegetation growing or situated on land specified by the Council by erecting, improving or maintaining a fence or other barrier on the boundary of the land or on the boundary of land that includes the land to be protected to the specifications included in the condition by the Council so as to prevent livestock or other animals from entering the land; and
 - (ii) the Council is satisfied that the erection, improvement or maintenance of the fence or other barrier in accordance with that condition will, after allowing for the loss of the vegetation to be cleared, result in a significant environmental benefit; or
 - (c) —
 - (i) it attaches to the consent a condition requiring the applicant to enter into a heritage agreement under this Act with respect to specified native vegetation; and

- (ii) the Council is satisfied that the management and protection of that vegetation in accordance with the heritage agreement will, after allowing for the loss of the vegetation to be cleared, result in a significant environmental benefit; or
 - (d) in a case where section 28(4) applies, it attaches to the consent a condition requiring the applicant to make a payment into the Fund of an amount considered by the Council to be sufficient to achieve a significant environmental benefit in the manner contemplated by section 21(6).
- (12) A consent to clearance of native vegetation under this section may be unconditional if, and only if, the Council is satisfied that—
 - (a) the clearance would not result in any loss of biodiversity; and
 - (b) the attachment of a condition to the consent under subsection (11) would place an unreasonable burden on the applicant.
- (13) Consent to undertake clearance under this Division remains in force for two years or for such longer period as the Council may fix at the time of granting consent or subsequently on application by a person who has the benefit of the consent.
- (14) An applicant for consent under this Division may appear before the Council in support of the application and the Council must observe the rules of natural justice when considering and determining the application.
- (16) Where the Council refuses an application in whole or in part or attaches conditions to its consent, it must provide the applicant with a written statement of the reasons for its decision.
- (17) The provisions of this section also apply to circumstances where the Council is considering an application referred to the Council under the *Development Act 1993* as if the Council were considering an application for consent under this Act, subject to such modifications, additions or exclusions as may be necessary for the purpose.

29A—Avoidance of duplication of procedures etc

- (1) The purpose of this section is to provide for the avoidance of unnecessary duplication of procedures and compliance requirements under the Commonwealth Act and this Act where the clearance of native vegetation requires consent under this Act and approval under the Commonwealth Act.
- (2) Despite any other provision of this Act, the Council may—
 - (a) accept a Commonwealth Act document as an application for consent under section 28 if (subject to subsection (5)) it complies with the requirements of this Act; and
 - (b) accept the whole or part of a plan, report, statement, assessment or other document used, or to be used, for the purposes of the Commonwealth Act as a native vegetation management plan referred to in section 28(3)(b)(i) if (subject to subsection (5)) the document has been prepared in compliance with this Act and complies with the requirements of this Act.

-
- (3) To avoid doubt, where a controlled action under the Commonwealth Act comprises or includes the clearance of native vegetation, the Council may, when considering an application for consent to clear the native vegetation use information and other material provided to the Commonwealth Minister under the Commonwealth Act for the purpose of deciding whether to give his or her approval to the controlled action under that Act.
- (4) Where a controlled action under the Commonwealth Act comprises or includes the clearance of native vegetation, the Council—
- (a) must, if the Commonwealth Minister has given his or her approval to the controlled action, consider whether the conditions (if any) to be imposed on the consent should be consistent with the conditions (if any) attached to the Commonwealth Minister's approval under the Commonwealth Act;
 - (b) may impose a condition on the consent that requires compliance with all or some of the conditions attached to the Commonwealth Minister's approval under the Commonwealth Act.
- (5) A document accepted under subsection (2)—
- (a) may be in a form that does not comply with the requirements of this Act; and
 - (b) may include information or other material that is irrelevant for the purposes of this Act.
- (6) Once a document is accepted under subsection (2) the document will not be invalid or ineffective for the purposes of this Act because a court, tribunal or other authority has decided that it is invalid or ineffective for the purposes of the Commonwealth Act.
- (7) In this section—

assessment report means—

- (a) an assessment report as defined in the Commonwealth Act by reference to section 84(3), 95, 100 or 105 of that Act; or

- (d) guidelines prepared under section 97 or 102 of the Commonwealth Act; or
- (e) a draft report prepared under section 98 of the Commonwealth Act; or
- (f) a finalised report prepared under section 99 of the Commonwealth Act; or
- (g) a draft statement prepared under section 103 of the Commonwealth Act; or
- (h) a finalised statement prepared under section 104 of the Commonwealth Act; or

- (i) an assessment report.

30—Conditions of consent

- (1) A consent under this Division to the clearance of native vegetation is subject to such conditions (if any) as the Council thinks fit to impose.
- (2) Without limiting subsection (1), consent may be subject to one or more of the following conditions:
 - (a) a condition requiring the applicant to—
 - (i) establish vegetation consisting of a specified number of plants of a specified species on specified land; and
 - (ii) nurture, protect and maintain the plants until they are fully established or for such period as the Council specifies;
 - (b) a condition requiring the applicant to protect native vegetation growing or situated on specified land;
 - (c) a condition restricting the purposes for which land referred to in a condition under paragraph (a)(i) or (b) can be used;
 - (d) a condition requiring the applicant to destroy plants of a non endemic species specified by the Council growing on land specified by the Council;

- (5) The Registrar-General must note the conditions against the relevant instrument of title for the land or, in the case of land not under the *Real Property Act 1886*, against the land.
- (6) The Registrar-General must, on the application of the Council after the variation or revocation of a condition under this section, vary or cancel a note under subsection (5) (but must otherwise ensure that the note is not removed once made).

30A—Marking or tagging of cleared vegetation

- (1) The regulations may establish a scheme for the marking or tagging of any cleared native vegetation of a prescribed kind.
- (2) A scheme established under subsection (1) may—
 - (a) extend to persons who are in possession of native vegetation after it has been cleared;
 - (b) make provision for the marking of cleared native vegetation in a manner determined by the Council, or for the use of tags issued by the Council;
 - (c) prescribe fines (not exceeding \$10 000) for contravention of a regulation;

Division 2—Civil enforcement proceedings**31—Interpretation**

In this Division, a reference to a breach of this Act includes a reference to a contravention of, or a failure to comply with, a heritage agreement.

31A—Application to the ERD Court for enforcement

- (1) The following persons may apply to the ERD Court for an order to remedy or restrain a breach of this Act:
 - (a) the Council; or
 - (b) a person who owns or who has any other legal or equitable interest in land that has been, or will be, affected by the breach; or

- (2) Proceedings under this section may be brought in a representative capacity with the consent of all persons on whose behalf they are to be brought.
- (3) If proceedings under this section are brought by a person other than the Council—
 - (a) the applicant must serve a copy of the application on the Council within three days after filing the application with the Court; and
 - (b) the Court must, on application by the Council, join the Council as a party to the proceedings.
- (4) An application may be made in the absence of the respondent and, if the Court is satisfied on the application that the respondent has a case to answer, it may grant leave to the applicant to serve a summons requiring the respondent to appear before the Court to show cause why an order should not be made under this section.
- (5) An application under this section must, in the first instance, be referred to a conference under section 16 of the *Environment, Resources and Development Court Act 1993*.
- (6) If—
 - (a) after hearing—

- (i) the applicant and the respondent; and
- (ii) any other person who has, in the opinion of the Court, a proper interest in the subject matter of the proceedings and desires to be heard in the proceedings,

the Court is satisfied, on the balance of probabilities, that the respondent to the application has breached this Act; or

- (b) the respondent fails to appear in response to the summons or, having appeared, does not avail himself or herself of an opportunity to be heard,

the Court may, by order, exercise one or more of the following powers:

- (c) require the respondent to refrain, either temporarily or permanently, from the act, or course of action, that constitutes the breach;
- (d) require the respondent to make good the breach in a manner, and within a period, specified by the Court, or to take such other action as may appear appropriate to the Court, taking into account the nature and extent of the original vegetation;
- (e) require the respondent to pay to any person who has suffered loss or damage as a result of the breach, or incurred costs or expenses as a result of the breach, compensation for the loss or damage or an amount for, or towards, those costs or expenses;
- (f) require the respondent to pay into the Fund an amount, determined by the Court to be appropriate in the circumstances, on account of the financial benefit that the respondent has gained, or can reasonably be expected to gain, by committing the breach;
- (g) require the respondent to pay into the Fund an amount, determined by the Court, in the nature of exemplary damages (and this amount may be in addition to any amount ordered to be paid under paragraph (f));
- (h) require the respondent to take specified action to publicise—
 - (i) the breach of this Act; and
 - (ii) the environmental and other consequences flowing from the breach; and
 - (iii) the other requirements of the order made against the respondent;
- (i) require the respondent to refrain from an act or course of action, or to undertake an act or course of action, to ensure that the respondent does not gain an ongoing benefit from the breach.

(7) In assessing damages under subsection (6)(g), the Court must have regard to—

- (a) damage to the environment caused by the breach of this Act; and
- (b) the detriment to the public interest resulting from the breach; and
- (c) any benefit (including financial benefit) that the respondent sought to gain by committing the breach; and
- (d) any other matter it considers relevant.

-
- (8) The power conferred by subsection (6)(f) or (g) can only be exercised by a Judge of the Court.
 - (9) The Council, and any person with a legal or equitable interest in land to which an application under this section relates, is entitled to appear and be heard in proceedings based on the application before a final order is made.
 - (10) The Court may make such order in relation to costs of proceedings under this section as it thinks just and reasonable.
 - (11) In this section—
breach of this Act includes a threatened contravention of, or failure to comply with, this Act or a heritage agreement.

31B—Order where native vegetation has been cleared

- (1) Subject to subsection (6)(d) or (7), where the ERD Court is satisfied on the balance of probabilities that the respondent—
 - (a) has cleared native vegetation in contravention of this Act; or
 - (b) has cleared native vegetation pursuant to the Council's consent but has not complied with a condition of a kind referred to in section 30(2) attached to the consent,the Court must make an order against the respondent under section 31A(6)(d).
- (2) The order under section 31A(6)(d) must direct the respondent to—
 - (a) remove the buildings, works or vegetation (if any) that have been erected, undertaken or planted on the land since the clearance occurred; and
 - (b) establish vegetation consisting of plants of a species specified in the order in such numbers and on such parts of the cleared land as is specified in the order; and
 - (c) nurture, protect and maintain the plants until they are fully established or for such period as is specified in the order.
- (3) The order under section 31A(6)(d) may—
 - (a) where part of the original vegetation is still growing or situated on the land—direct that it be removed so that the new vegetation can be established on the land;
 - (b) include such ancillary directions or orders as the Court thinks fit.
- (4) Where the respondent is not the owner or occupier of the land, the order authorises him or her (or a person authorised by him or her) to—
 - (a) enter the land with such materials and equipment as are reasonably necessary to comply with the order; and
 - (b) to enter and cross any other land specified in the order with the materials and equipment referred to in paragraph (a) for the purpose of gaining access to the cleared land.

- (5) An owner or occupier of land or any other person who hinders or obstructs the respondent (or a person authorised by the respondent) in carrying out the directions of an order under this section or entering and crossing land under subsection (4) is guilty of an offence.

Maximum penalty: \$10 000.

- (6) If the ERD Court is satisfied on the balance of probabilities that—
- (a) the owner or occupier of the cleared land did not know and could not reasonably have been expected to know of the circumstances referred to in subsection (1) requiring the making of an order under section 31A(6)(d); and
 - (b) compliance with an order under section 31A(6)(d) will cause financial loss to that person,

the Court may—

- (c) assess the amount of the financial loss and order the respondent to pay that amount to the owner or occupier of the land; or
 - (d) refuse to make the order or make the order in a modified form.
- (7) If the Court is satisfied that compliance with any order under section 31A(6)(d) would not be reasonably practicable, it may refuse to make the order.
- (8) However, the Court cannot take into account financial grounds when making an assessment under subsection (7) unless the Court is satisfied that it would be unduly harsh not to do so.

36—Assessment of costs and expenses

For the purposes of this Act, the costs and expenses that have been or would be incurred by the Council in taking any action are to be assessed by reference to the reasonable costs and expenses that would have been or would be incurred in having the action taken by independent contractors engaged for that purpose.

38—Vicarious liability

For the purposes of this Act, an act or omission of an employee or agent will be taken to be the act or omission of the employer or principal unless it is proved that the act or omission did not occur in the course of the employment or agency.

Schedule 1

1—Principles of clearance of native vegetation

Native vegetation should not be cleared if, in the opinion of the Council—

- (a) it comprises a high level of diversity of plant species; or
- (b) it has significance as a habitat for wildlife; or
- (c) it includes plants of a rare, vulnerable or endangered species; or
- (d) the vegetation comprises the whole, or a part, of a plant community that is rare, vulnerable or endangered; or
- (e) it is significant as a remnant of vegetation in an area which has been extensively cleared; or
- (f) it is growing in, or in association with, a wetland environment; or
- (g) it contributes significantly to the amenity of the area in which it is growing or is situated; or
- (h) the clearance of the vegetation is likely to contribute to soil erosion or salinity in an area in which appreciable erosion or salinisation has already occurred or, where such erosion or salinisation has not yet occurred, the clearance of the vegetation is likely to cause appreciable soil erosion or salinity; or
- (i) the clearance of the vegetation is likely to cause deterioration in the quality of surface or underground water; or
- (j) the clearance of the vegetation is likely to cause, or exacerbate, the incidence or intensity of flooding; or
- (k) —
 - (i) after clearance the land will be used for a particular purpose; and
 - (ii) the land is the subject of assessment under section 35 of the *Soil Conservation and Land Care Act 1989*; and
 - (iii) according to that assessment the use of the land for that purpose cannot be sustained; or
- (l) the clearance of the vegetation would cause significant harm to the River Murray within the meaning of the *River Murray Act 2003*.

2—Interpretation

In this Schedule, unless the contrary intention appears—

endangered species means a species of plant for the time being appearing in Part 2 of Schedule 7 of the *National Parks and Wildlife Act 1972*;

plant community means plants of a species indigenous to South Australia growing in association with one another and forming a group that is distinct from other plant communities;

rare species means a species of plant for the time being appearing in Part 2 of Schedule 9 of the *National Parks and Wildlife Act 1972*;

vulnerable species means a species of plant for the time being appearing in Part 2 of Schedule 8 of the *National Parks and Wildlife Act 1972*;

wildlife has the same meaning as in the *National Parks and Wildlife Act 1972*.

Schedule 2—Transitional provisions

- 2 (1) Where an application made on or before 12 February 1991 to the Native Vegetation Authority under the repealed Act for consent to clear native vegetation had not been determined by the Authority before the repeal of Part 5 of the repealed Act—
- (a) the repealed Act will continue to apply to, and in relation to, that application to the exclusion of this Act; and
 - (b) where the application is refused or is granted subject to conditions, Part 5 of the repealed Act will apply for the benefit of the owner of the land but a claim for the payment of money under that Part must be made within two years of the Authority's decision on which the claim is based.
- (2) Where an application made on or after 13 February 1991 to the Native Vegetation Authority under the repealed Act for consent to clear native vegetation had not been determined by the Authority at the commencement of this Act, the repealed Act (excluding Part 5) will continue to apply to, and in relation to, that application to the exclusion of this Act.
- (3) A person who, immediately before the repeal of Part 5 of the repealed Act, had the right—
- (a) to claim the payment of money under that Part; or
 - (b) to require the Minister to enter into a heritage agreement and then claim the payment of money under that Part,
- is entitled to exercise those rights within two years of the repeal of that Part.
- (4) A condition attached to the Authority's consent granted under the repealed Act (whether before or after the commencement of this Act) may be enforced under this Act as if it were attached to consent granted under this Act.
- (5) The Native Vegetation Authority continues in existence as if the repealed Act had not been repealed for the purpose of administering the repealed Act (whether pursuant to section 16 of the *Acts Interpretation Act 1915* or to this clause) and, if necessary, new appointments may be made to it.
- 3 The party to heritage agreements made before the commencement of this Act and referred to in those agreements as "the Minister" will, after the commencement of this Act, be taken to be the Minister who is, for the time being, responsible for the administration of this Act.
