- (3) However—
- (a) a person may peg out an area for a precious stones tenement on exempt land¹, other than prescribed exempt land (see subsection (4)); and
 - (b) a precious stones tenement may be registered over exempt land (or a part of exempt land) if—

- (2) A precious stones prospecting permit does not authorise the conduct of operations that involve the disturbance of land by declared equipment or explosives, other than where explosives are used to assist in sinking a prospecting shaft.
- (3) A precious stones prospecting permit does not authorise the pegging out of an area for a precious stones tenement on land that has been granted in fee simple, or is subject to native title conferring an exclusive right to possession of the land, except with the written consent of the owner of the land.
- (4) If the holder of a precious stones prospecting permit is a corporation, the precious stones prospecting permit does not authorise the pegging out of an area for a precious stones tenement—
 - (a) on land that is within a precious stones field unless—
 - (i) the land is within a designated area; or
 - (ii) the land is not within 500 metres of a registered tenement at the time of pegging;² or
 - (iii) the corporation was lawfully prospecting on land within the precious stones field at the time the precious stones field was declared and the pegging occurs during the course of that prospecting, or within three months of a cessation of that prospecting; or
 - (b) on land that is within an exclusion zone.

- (5) A precious stones prospecting permit does not authorise the pegging out of an area for an opal development lease on land that is within a precious stones field unless—
- (a) the land is within a designated area; or
 - (b) the land is not within 500 metres of a registered tenement at the time of pegging and is not over ground that has been previously disturbed by mining operations.

- (7) A precious stones prospecting permit does not authorise the pegging out of an area for a precious stones tenement on land—
- (a) that is within an area that has been pegged out by another person (that pegging out not having lapsed or been cancelled); or
 - (b) that is within an existing precious stones tenement.⁴
- (8) If a precious stones tenement lapses or is cancelled under this Act—
- (a) if the tenement is an opal development lease—
 - (i) the holder of the lease must not peg an area for another opal development lease on land that was within the previous lease; and
 - (ii) no other person may peg an area for another opal development lease on land within the previous lease unless at least 30 days have elapsed since the previous lease came to an end; and
 - (b) if the tenement is a precious stones claim—the holder of the claim must not, without the written approval of the Mining Registrar, peg an area for another tenement on land within the previous tenement unless at least 12 months have elapsed since the previous tenement came to an end.

 - (c) more than two areas for precious stones claims.
- (11) A person must not peg out an area if to do so would be contrary to the regulations.
- 1 Detailed provisions about exempt land appear in section 6.

- 2 There is one exception to this provision, namely, the holder of an opal development lease can peg out an area for a precious stones claim within the area of the lease.
- 3 See section 8A of the Mining Act.
- 4 There is one exception to this provision, namely, the holder of an opal development lease can peg out an area for a precious stones claim within the area of the lease.
- 5 Section 23(2)(b) provides that a person can only peg out one area for a precious stones claim within the area of an opal development lease during the term of registration. However, once the registration of the lease has come to an end, a person could peg out and register another opal development lease and, subsequently, another precious stones claim.

12—Area to be pegged out etc

16—Ballot may be conducted in certain cases

- (1) If—
 - (a) it is proposed that the Governor, by proclamation, declare land to be a precious stones field; and
 - (b) the Minister considers that it is appropriate that this section apply in order to facilitate orderly prospecting and pegging of areas for precious stones tenements on the land,the Minister may, by notice published in the Gazette at the time that the Governor makes the proclamation, declare that this section applies in relation to the land.
- (2) If the Minister makes a declaration under subsection (1)—

- (a) the person is guilty of an offence and liable to a penalty not exceeding \$5 000; and
 - (b) a pegging purportedly made by the person has no effect.
- (10) The Minister may, by notice in the Gazette, fix a fee for participation in the ballot, and a person who pays the fee but is not successful in the ballot will, on application in a manner and form determined by the Minister, be refunded the fee.

If—

- (a) an application for registration of a tenement is not made in accordance with Part 3 within 14 days after the day on which an area is pegged out; or
 - (b) an application for registration of a tenement is refused under Part 3,
- the pegging ceases to have effect (and the entitlements that arise from the pegging lapse).

18—Offence to contravene this Part

If a person—

- (a) purports to peg out an area for a precious stones tenement while not being authorised to do so under a valid precious stones prospecting permit; or
- (b) while being the holder of a precious stones prospecting permit, pegs out an area in contravention of this Act or otherwise than in accordance with an authority conferred by this Act; or
- (c) having pegged out an area, carries out unauthorised mining operations within the area,

then—

- (d) the person is guilty of an offence and liable to a penalty not exceeding \$5 000; and
- (e) a pegging purportedly made by the person has no effect.

Part 3—Precious stones tenements

19—Application for registration of tenement

- (1) The holder of a precious stones prospecting permit who has pegged out an area for a precious stones tenement may apply for registration of the tenement within 14 days after the day on which the area is pegged out.
- (2) The application—
 - (a) must be made in a form determined by the Director; and
 - (b) must be made personally by the holder of the permit or, in the case of a corporation, by a person who holds an authority from the corporation to make the application; and
 - (c) must be accompanied by the prescribed application fee.
- (3) Unless otherwise determined by the Mining Registrar—
 - (a) if the area is within (or partly within) a precious stones field—the application must be made at the nearest office of the Mining Registrar to the field;
 - (b) in other cases—the application must be made at either of the two nearest offices of the Mining Registrar to the area that has been pegged out.
- (4) If the area is not wholly within a precious stones field, the applicant must serve on the owner of the land notice of the application within 14 days after making the application.
- (5) A notice under subsection (4) must be in a form determined by the Director and, if relevant, must include information about declared equipment that the mining operator proposes to use on the land.
- (6) A notice need not be given under subsection (4) if it is not required under an agreement under this Act.

20—Registration of tenement

- (1) If due application is made for the registration of a precious stones claim, the Mining Registrar must, subject to Part 7 and the other provisions of this Act, register the precious stones claim.
- (2) If the precious stones claim is wholly within a precious stones field, a registration under subsection (1) will be taken to have occurred at the time that the application was lodged at the appropriate office of the Mining Registrar.
- (3) If due application is made for the registration of an opal development lease, the Mining Registrar must refer the application to the Director for an inspection of the area and the preparation of a report on the suitability of the area for an opal development lease.
- (4) The Director must, on receipt of the report, determine whether an opal development lease should be granted or refused and then give notice of his or her decision to the Mining Registrar and to the applicant.

- (5) If the Director determines that it is appropriate for an opal development lease to be granted, the Mining Registrar must, on receipt of the notice under subsection (4), subject to this Act, grant and register an opal development lease.
- (6) The Mining Registrar may refuse to register a precious stones tenement if it appears that the applicant has contravened, or failed to comply with, a provision or requirement of this Act.¹
- (7) The Mining Registrar may refuse to register a precious stones tenement if satisfied that—
 - (a) before the area for the tenement was pegged out, an application had been lodged under the Mining Act for an exploration licence to carry out exploratory operations for precious stones (or various minerals including precious stones) in an area comprising the area that has been pegged out, or a portion of that area; and
 - (b) the application has not been refused.
- (8) The Mining Registrar cannot register a precious stones tenement if to do so would be inconsistent with a public undertaking by the Minister to the mining industry.

Note—

Except as provided by subsection (2), the registration of a tenement takes effect from the time of registration.

- ¹ For example, if the applicant did not, as the holder of a precious stones prospecting permit, give a valid notice of entry under section 32 for land outside a precious stones field.

21—Maximum number of tenements

A person must not hold at the same time—

- (a) more than one opal development lease;
- (b) more than one precious stones claim that is in a precious stones field, subject to the qualification that a person may hold two precious stones claims in such a case if one or both of the claims arise from an opal development lease¹;
- (c) more than two precious stones claims.

- ¹ Section 23(2)(b) provides that a person can only peg out one area for a precious stones claim within the area of an opal development lease during the term of registration. However, once the registration of the lease has come to an end, a person could peg out and register another opal development lease and, subsequently, another precious stones claim.

22—Term and renewal of tenement

- (1) The period of registration of a precious stones tenement will be three months.
- (2) A person may from time to time apply for the renewal of the registration of a precious stones claim.
- (3) The application—
 - (a) must be made within the period prescribed by the regulations; and
 - (b) must be made in a form determined by the Director; and

- (c) must be made personally by the holder of the tenement or, in the case of a corporation, by a person who holds an authority from the corporation to make the application; and
 - (d) must be accompanied by the prescribed application fee.
- (4) Unless otherwise determined by the Mining Registrar—
 - (a) if the tenement is within (or partly within) a precious stones field—the application must be made at the nearest office of the Mining Registrar to the tenement;
 - (b) in other cases—the application must be made at either of the two nearest offices of the Mining Registrar to the tenement.
- (5) The period of renewal for the registration of a precious stones claim is 12 months.
- (6) If the registration of a precious stones claim is not renewed as required by or under this section, the claim lapses.
- (7) However, if an application for renewal of the registration of a precious stones claim is not decided before the date on which the registration is due to expire, the registration continues until the application is decided.
- (8) The Mining Registrar may refuse to renew a registration if the applicant has failed to comply with a requirement under this Act.
- (9) The registration of an opal development lease is not renewable (and the lease lapses at the end of the period of registration).

23—Rights conferred by a tenement

- (1) The holder of a registered precious stones claim has, subject to this Act, an exclusive right to conduct mining operations for the recovery of precious stones from the land comprised in the claim during the term of registration, and to sell, use or dispose of precious stones recovered in the course of those operations.
- (2) The holder of a registered opal development lease has, subject to this Act—
 - (a) an exclusive right to conduct mining operations for the recovery of precious stones from the land comprised in the lease during the term of registration, and to sell, use or dispose of precious stones recovered in the course of those operations; and
 - (b) an exclusive right to peg out an area (and only one area) for a precious stones claim within the area of the lease during the term of registration.

24—Tenement non-transferable

A precious stones tenement is not transferable.

25—Unlawful entry on tenement

- (1) A person must not, without lawful authority or excuse, enter or remain on land comprised in a registered precious stones tenement without first obtaining the permission of the holder of the tenement.

Maximum penalty: \$2 500.

- (2) However, this section—
 - (a) does not apply—
 - (i) to a police officer acting in the course of official duties; or
 - (ii) to a person appointed under an Act acting in the course of official duties; and
 - (b) does not affect any civil liability.

26—Caveats

- (1) A person claiming an interest in a matter relevant to the registration of a tenement, or in a registered tenement, may lodge at an office of the Mining Registrar a caveat forbidding the registration of the tenement or an instrument affecting the tenement or interest.
- (2) A caveat lodged under this section must—
 - (a) be in a form determined by the Director and accompanied by the prescribed fee; and
 - (b) state the full name and address of the caveator; and
 - (c) state in detail the interest claimed by the caveator; and
 - (d) be signed by the caveator or an agent of the caveator; and
 - (e) give an address within the State for service of notices and proceedings relating to the caveat.
- (3) A mining registrar may reject a caveat—
 - (a) if the caveator fails to comply with a requirement of subsection (2); or
 - (b) if the mining registrar considers that an interest claimed by the caveator is not valid.
- (4) Unless the caveat is rejected, a mining registrar must, on the lodging of a caveat—
 - (a) enter a memorial or copy of the caveat in the Mining Register; and
 - (b) send notice of the lodging of the caveat to the holder of the relevant tenement and to any other person who, in the opinion of the mining registrar, should have notice of the caveat.
- (5) Successive caveats must not be lodged in respect of the same subject matter except by leave of the Warden's Court.
- (6) A caveat will lapse if—
 - (a) the Warden's Court orders its removal; or
 - (b) the caveat is withdrawn by the caveator; or
 - (c) a person who has an interest in the matter challenges the caveat in the manner prescribed by the regulations and the caveator does not obtain an order of the Warden's Court confirming the caveat within 14 days after notice of the challenge is served on the caveator.
- (7) The withdrawal of a caveat must be undertaken in a manner determined by the Director.

- (8) A mining registrar must enter a memorial of the withdrawal of a caveat in the Mining Register.
- (9) An instrument that would operate in derogation of rights protected by a caveat must not be registered by a mining registrar, and the operation of such an instrument will be suspended, while the caveat remains in force, unless the Warden's Court, or some other court that is competent to adjudicate on the rights protected by the caveat, otherwise orders.
- (10) A person who has an interest in the matter may apply to the Warden's Court for an order under this section.

27—Power of Mining Registrar to cancel tenement

- (1) If the Mining Registrar discovers or determines, after a tenement is registered, that the tenement should not have been registered under this Act on account of a contravention of, or failure to comply with, a provision or requirement of this Act on the part of the holder of the tenement, the Mining Registrar may, by notice in writing to the holder of the tenement, give notice of his or her intention to cancel the registration of the tenement on a day specified in the notice (which must be at least 21 days after the date of the notice).
- (2) A person who receives a notice under subsection (1) may apply to the Warden's Court to have the decision of the Mining Registrar reviewed.
- (3) An application for review must be made within 14 days of service of the notice (unless the Warden's Court allows an extension of time).
- (4) Pending the determination of an application for review, the Mining Registrar must not cancel the registration of the tenement.
- (5) At the conclusion of the review, the Warden's Court may—
 - (a) confirm the decision of the Mining Registrar; or
 - (b) cancel the notice.
- (6) Subject to a decision of the Warden's Court under this section, the Mining Registrar may, after the day specified in a notice under this section, cancel the registration of the relevant tenement.

28—Surrender of tenement, removal of posts etc

- (1) The Mining Registrar may, on receipt of an application in a manner and form determined by the Director from the holder of the tenement, cancel the registration of a precious stones tenement.
- (2) An application under subsection (1)—
 - (a) must be made in a form determined by the Director; and
 - (b) must be made personally by the holder of the tenement or, in the case of a corporation, by an officer of the corporation who is authorised to make the application.
- (3) If the land comprised in the tenement is outside (or partly outside) a precious stones field, the Mining Registrar must not cancel the registration of the tenement unless or until advised by an authorised person that the land has been rehabilitated in accordance with the requirements of this Act.

- (4) If the registration of a tenement lapses or is cancelled under this Act, the holder of the tenement must—
- (a) in the case of a tenement that is wholly within a precious stones field—immediately remove all posts, boundary indicators and markers unless exempted from the requirement to do so by a mining registrar or authorised person on the basis that it is unreasonable (for reasons of safety or otherwise) to require the posts, indicators or markers to be removed;
 - (b) in any other case—leave all posts, boundary indicators and markers in place until authorised by a mining registrar or authorised person to remove them and then, on receiving that authorisation, subject to any direction to the contrary, immediately remove them.
- (5) In this section—
- authorised person* includes a person who is authorised by the Mining Registrar to exercise the powers of an authorised person under this section.

29—Removal of machinery

- (1) If the registration of a precious stones tenement lapses or is cancelled under this Act, the owner of machinery or goods on land comprised in the tenement (not being the owner of the land) must ensure that the machinery or goods are removed from the land within 28 days after the day in which the registration lapses or is cancelled.
- Maximum penalty: \$5 000.
- (2) A person may, at any reasonable time within the period of 28 days referred to in subsection (1), enter and remain on land for the purposes of removing machinery or goods from the land under subsection (1).
- (3) If machinery or goods remain on the land after the expiration of the 28 days referred to in subsection (1), the Chief Inspector may take possession of the machinery or goods.
- (4) The Chief Inspector must, within seven days after taking possession of machinery or goods under this section—
- (a) give notice of his or her actions to any person who has, to the knowledge of the Chief Inspector, an interest in the machinery or goods and whose address is known to the Chief Inspector; and
 - (b) publish notice of the taking of possession of the machinery or goods in a newspaper circulating within the local area.
- (5) A notice must be in a form approved by the Director for the purposes of this section.
- (6) A person who is entitled to possession of the machinery or goods may reclaim them by paying to the Chief Inspector the reasonable costs associated with the Chief Inspector taking possession of the machinery or goods and storing them.
- (7) If the machinery or goods are not reclaimed under subsection (6) within 28 days after publication of the notice under subsection (4)(b), the Chief Inspector may sell or dispose of them as the Chief Inspector thinks fit.

- (8) If the machinery or goods are sold, the Chief Inspector—
- (a) may retain out of the proceeds of sale an amount equal to, and to be applied in relation to, the reasonable costs associated with taking possession, storing and selling the machinery or goods; and
 - (b) must pay the balance to the Treasurer.
- (9) The purchaser of the machinery or goods acquires a good title to the machinery or goods in defeasance of—
- (a) the previous owner's interest in the machinery or goods; and
 - (b) the interests of others unless the purchaser has actual notice of the interest before purchasing the machinery or goods.
- (10) The previous owner of machinery or goods that have been sold under this section may, within three months after the day of sale, on application to the Chief Inspector, claim some or all of the balance paid to the Treasurer under subsection (8)(b).
- (11) If the Chief Inspector is satisfied, on application under subsection (10), that it is fair and reasonable that the amount of the claim be satisfied, the Chief Inspector will request payment from the Treasurer (who must then release the appropriate amount).
- (12) If—
- (a) a claim is not made under subsection (10) within the time specified by that subsection; or
 - (b) a claim is made but rejected,
- the amount held by the Treasurer is forfeited to the Crown.

30—Maintenance of posts

The holder of a registered precious stones tenement must ensure that all posts, boundary indicators and notices are maintained in accordance with requirements prescribed by the regulations.

Part 4—Entry on land and declared equipment

Division 1—Entry on land

31—Entry on land

Subject to this Act, a person authorised under this Act to conduct prospecting or other mining operations on land may enter land for the purposes of those operations—

- (a) if the person has an agreement¹ with the owner of the land authorising the person to enter the land to carry out mining operations on the land; or
- (b) if the person is authorised by a native title mining determination to enter the land to carry out mining operations on the land; or
- (c) if—
 - (i) the person has given the prescribed notice of entry; and
 - (ii) the operations will not affect native title in the land; and
 - (iii) the person complies with any determination made on objection to entry on the land, or the use or unconditional use of the land, or portion of the land, for mining operations;² or
- (d) if the land to be entered is in a precious stones field and the operations will not affect native title in the land; or
- (e) if the person enters the land to continue operations that had been lawfully commenced on the land before the commencement of this Act.

1 If the land is native title, the agreement is to be negotiated under Part 7. In any other case, see Part 6.

2 See section 32(6).

32—Notice of entry

- (1) A mining operator must, at least 21 days before first entering land to carry out mining operations, serve on the owner of the land notice of intention to enter the land (the ***prescribed notice of entry***) describing the nature of the operations to be carried out on the land.
- (2) The notice—
 - (a) must be in a form determined by the Director; and
 - (b) must contain a statement of the owner's right of objection and compensation under this Act; and
 - (c) must have been validated by an authorised person.
- (3) The notice must be served—
 - (a) in the case of native title land—as prescribed by the *Native Title (South Australia) Act 1994*; or
 - (b) in other cases—personally or by post.

- (4) If the land is held under a form of title (other than a pastoral lease) that confers a right to exclusive possession of the land, the owner may, within three months after service of the notice, lodge a notice of objection with the appropriate court objecting—
- (a) to entry on the land by the mining operator; or
 - (b) to the use, or the unconditional use, of the land, or a portion of the land, for mining operations.
- (5) The court must send a copy of a notice of objection to the mining operator and to the Mining Registrar.
- (6) If the court is satisfied on the hearing of an objection that the conduct of the mining operations on the land would be likely to result in substantial hardship or substantial damage to the land, the court may—
- (a) determine that the land, or a particular part of the land, should not be used by the mining operator for the purpose of mining operations; or
 - (b) determine conditions on which operations may be carried out on the land by the mining operator with least detriment to the interests of the owner and least damage to the land.
- (7) A mining operator who—
- (a) contravenes or fails to comply with a requirement under subsections (1)—(4); or
 - (b) contravenes or fails to comply with a determination under subsection (6),
- is guilty of an offence.
- Maximum penalty: \$5 000.
- (8) The prescribed notice of entry is not required if—
- (a) the land to be entered is in a precious stones field; or
 - (b) the mining operator is authorised to enter the land by or under an agreement with the owner of the land and, under that agreement, notice is not required; or
 - (c) the mining operator is authorised to enter the land under a native title mining determination; or
 - (d) the mining operator enters the land to continue mining operations that had been lawfully commenced on the land before the commencement of this Act.

33—Duration of notice of entry

- (1) A notice of entry remains in force—
- (a) for six months from the date of validation (see section 32(2)); and
 - (b) for the duration of a tenement (including any renewal) that is pegged out on the land to which the notice relates within six months from the date of validation.
- (2) A mining operator who desires to enter land after a notice of entry has lapsed must serve a new, validated notice of entry, subject to the qualification that if the new notice is served within 28 days after the previous notice lapsed, the mining operator does not need to give at least 21 days notice before re-entering the land.

Division 2—Declared equipment

34—Use of declared equipment

- (1) A mining operator must not use declared equipment in the course of mining operations under this Act except—
 - (a) on land comprised in a registered tenement within a precious stones field; or
 - (b) with the written authorisation of the Director (for land outside a precious stones field).

Maximum penalty:

- (a) In the case of a breach of paragraph (a)—\$5 000;
 - (b) In the case of a breach of paragraph (b)—\$10 000.
- (2) An application for an authorisation of the Director to use declared equipment outside a precious stones field must be made in a manner and form determined by the Director and accompanied by the prescribed application fee.
- (3) An authorisation may be given subject to conditions.
- (4) The Director may, by notice in writing to the mining operator, add, substitute or delete one or more conditions to an authorisation.
- (5) A mining operator must not contravene or fail to comply with a condition.

Maximum penalty: \$5 000.

- (6) A mining operator must, at least 21 days before first using declared equipment on land, serve on the owner of the land notice of the intention to use the declared equipment in the course of mining operations carried out on the land.
- (7) The notice must be in a form determined by the Director.
- (8) The owner may, within three months after service of a notice, lodge a notice of objection with the Warden's Court objecting to the use, or the unconditional use, of declared equipment on the land.
- (9) The court must send a copy of a notice of objection to the mining operator and to the Mining Registrar.
- (10) If the court is satisfied on the hearing of an objection that the use of declared equipment on the land would be likely to result in severe or unjustifiable hardship or substantial damage to the land, the court may—
 - (a) determine that declared equipment should not be used in the course of mining operations on the land or a part of the land; or
 - (b) determine the conditions under which declared equipment may be used on the land with least detriment to the interests of the owner and least damage to the land.
- (11) A mining operator who—
 - (a) uses declared equipment on land without prior service of a notice under subsection (6); or
 - (b) fails to comply with a determination or condition under subsection (10),

is guilty of an offence.

Maximum penalty: \$10 000.

- (12) Subsections (6)—(11) do not apply to the use of declared equipment on land if—
- (a) the land is within a precious stones field; or
 - (b) the Warden's Court or the ERD Court has determined conditions on which declared equipment may be used on the land and the mining operator complies with the terms of the determination.
- (13) This section does not apply to the use of declared equipment on land if there is an agreement with the owner of the land about the use of declared equipment and the mining operator complies with the terms of the agreement.

Part 5—Rehabilitation and compensation

35—Rehabilitation of land

- (1) An authorised person may, by notice in writing to the holder of a precious stones tenement that is outside (or partly outside) a precious stones field, direct the holder of the tenement to rehabilitate land within the tenement that has been disturbed by mining operations to a condition that is, in the opinion of an authorised person, satisfactory.
- (2) A notice under subsection (1)—
 - (a) may specify the action to be taken by the person, and specify the period within which it must be taken; and
 - (b) may relate or extend to mining operations carried out on the land before the tenement was pegged out or registered; and
 - (c) may relate or extend to mining operations carried out by another person on the land; and
 - (d) may be given before or after the tenement has come to an end.
- (3) A person to whom a notice is issued under this section must comply with the notice.
Maximum penalty: \$5 000.
- (4) The Minister may order that no other area may be pegged out for a tenement by a person named in a notice until the person has complied with the notice.
- (5) A person must not contravene an order under subsection (4).
Maximum penalty: \$5 000.
- (6) If the requirements of a notice are not carried out, an authorised person may cause the requirements to be carried out.
- (7) The Director may recover the costs and expenses reasonably incurred in taking action under subsection (6) from the person who failed to comply with the notice, as a debt.
- (8) A person may, at any reasonable time, enter and remain on land for the purposes of rehabilitating the land under this section, and may take appropriate action on the land in order to comply with an order under this section.
- (9) An authorised person may, with the approval of the Director, vary a notice previously given under this section.
- (10) An obligation on the holder of a tenement to rehabilitate land is not affected by the tenement lapsing or being cancelled.
- (11) In this section—

holder of a mining tenement includes a former holder of a tenement;

precious stones tenement includes a tenement the registration of which has lapsed or been cancelled.

36—Bonds

- (1) The Minister may, by notice in writing to an applicant for the registration of, or the holder of, a precious stones tenement that is outside (or partly outside) a precious stones field, require the person to enter into a bond under this section.
- (2) The Minister may determine the amount, form and terms of the bond taking into account—
 - (a) liabilities that the relevant person may incur in the course of mining operations; and
 - (b) the present or future obligations that the relevant person may incur for the rehabilitation of land.
- (3) The Minister may require security for the satisfaction of the bond in accordance with a determination of the Minister.
- (4) The Minister may, by notice in writing to the holder of a tenement, require that the amount, form or terms of a bond, or the security for a bond, be varied.
- (5) A variation under subsection (4) may include the addition or substitution of terms.
- (6) A person to whom a notice is issued under this section must comply with the notice within 30 days after service of the notice.
- (7) A bond must be lodged with the Mining Registrar.
- (8) The prescribed fee is payable when the bond is lodged.
- (9) The Mining Registrar may delay the registration of a tenement until a bond is lodged.
- (10) A person who has been required to enter into a bond must not carry out mining operations on the relevant land, or must cease mining operations on the relevant land, until the bond is lodged with the Mining Registrar.
Maximum penalty: \$5 000.
- (11) The Minister or an authorised person may prohibit mining operations on land until a person complies with a requirement under this section.
- (12) A person must not contravene a prohibition under subsection (11).
Maximum penalty: \$5 000.

37—Application of bonds

- (1) If a person fails to fulfil an obligation under a tenement, fails to rehabilitate land within a tenement (or former tenement), or acts (or omits to act) so as to breach a term of a bond, the Minister may determine that an amount under a bond entered into by the person is forfeited under this section.
- (2) The amount is forfeited to the Crown (to be held by the Minister).
- (3) The forfeited amount may, at the discretion of the Minister, be applied—
 - (a) towards the rehabilitation of land in the relevant tenement;
 - (b) in respect of liabilities incurred on account of mining operations on the land.

- (4) If—
- (a) a tenement in respect of which a bond has been lodged lapses or is cancelled; and
 - (b) the Mining Registrar is satisfied that it is appropriate to do so,
- the Mining Registrar may return the bond to the holder of the tenement.

38—Compensation

- (1) The owner of land on which mining operations are carried out is entitled to receive compensation for economic loss, hardship or inconvenience suffered on account of the mining operations.
- (2) The compensation will be payable by—
 - (a) if the land is subject to a tenement at the time of the mining operations—the holder of the tenement (even if the holder of the tenement did not carry out the mining operations); and
 - (b) in all cases—the person who carries out the mining operations.
- (3) The holder of a tenement who is required to pay compensation on account of mining operations carried out by another person is entitled, subject to an agreement between the parties, to recover from the other person an amount equal to the amount of the compensation.
- (4) In determining the compensation payable under this section, the following matters must be considered:
 - (a) damage caused to the land by the mining operations; and
 - (b) loss of productivity or profits as a result of the mining operations; and
 - (c) other relevant matters.
- (5) The amount of the compensation will be an amount determined by agreement between the owner and the person by whom the compensation is payable or, in default of agreement, an amount determined, on application by an interested party, by the appropriate court.
- (6) The appropriate court, in determining compensation under this section, must take into consideration any work that a mining operator has carried out, or undertakes to carry out, to rehabilitate the land.
- (7) On the hearing of an application for compensation under this section, the appropriate court may order a mining operator to carry out specified work to rehabilitate the land.

Part 6—Opal mining co-operation agreements

39—Interpretation

In this Part—

mining operator includes a person who seeks to carry out mining operations on land;
registered agreement means an opal mining co-operation agreement registered under this Part.

40—Nature of agreement

- (1) An opal mining co-operation agreement may be made about mining operations carried out under this Act on land.
- (2) However, an opal mining co-operation agreement cannot relate to—
 - (a) native title land; or
 - (b) land within a precious stones field.

41—Parties to an agreement

An opal mining co-operation agreement may be made between—

- (a) the owner of land; and
- (b) —
 - (i) a mining operator; or
 - (ii) an approved association.

42—Content of an agreement

- (1) An opal mining co-operation agreement may—
 - (a) provide that land that would otherwise be exempt land will not be taken to be exempt land under this Act for the purposes of mining operations authorised by the agreement;
 - (b) prohibit or restrict the pegging out of an area for a precious stones tenement by a person bound by the agreement;
 - (c) provide—
 - (i) that the owner of the land will not object to a notice of entry to the land; or
 - (ii) that a notice of entry to the land does not need to be given (or does not need to be given in specified circumstances, or only needs to be given in specified circumstances);
 - (d) restrict or regulate the circumstances or conditions under which a person covered by the agreement may enter, or remain on, the land;
 - (e) permit, prohibit, restrict or regulate the use of declared equipment on the land, or provide that notice of the use of declared equipment need not be given;

- (f) provide for any other permission that the owner of the land may give under this Act;
 - (g) provide for the care, management or rehabilitation of land;
 - (h) provide for the payment of compensation to the owner of the land on account of mining operations on the land;
 - (i) make other provisions about carrying out of mining operations on the land;
 - (j) identify camp sites or temporary residences on the land;
 - (k) provide for other matters agreed between the parties to the agreement.
- (2) An agreement may provide for payments to the owner of the land that are based on profits or income derived from mining operations on the land or the quantity of precious stones produced.
- (3) An agreement must comply with requirements prescribed by the regulations.

43—Registration of agreement

- (1) The parties to an opal mining co-operation agreement must submit the agreement to the Mining Registrar for registration within 21 days after the agreement is signed by or on behalf of the parties to the agreement.
- (2) The prescribed fee is payable when the agreement is submitted for registration.
- (3) The Mining Registrar must register the agreement unless—
- (a) the agreement relates to land that is within a precious stones field or is native title land; or
 - (b) the Mining Registrar believes—
 - (i) that the agreement has not been negotiated in good faith; or
 - (ii) that the agreement is inconsistent with the objects of this Act or is not in the best interests of opal mining in the State; or
 - (iii) that there is some other good reason why the agreement should not be registered.
- (4) The Mining Registrar must make a decision on the registration of an agreement within one month after the agreement is submitted for registration.
- (5) However, despite subsections (2) and (3), the Mining Registrar must not register an agreement over pastoral land within the meaning of the *Pastoral Land Management and Conservation Act 1989* unless or until the Mining Registrar has consulted with the Pastoral Board about proposals for the rehabilitation of land under the agreement (and the Minister may, on the basis of the time that is required to complete that consultation process, grant an extension of time under subsection (4)).
- (6) An agreement has no force or effect under this Act until it is registered.

44—Agreement may be varied or revoked

- (1) The parties to a registered opal mining co-operation agreement may, by agreement, vary or revoke the agreement.

- (2) A variation to a registered agreement must be submitted by the parties to the agreement to the Mining Registrar for registration within 21 days after the variation is made and the Mining Registrar must register the variation unless the Mining Registrar believes—
 - (a) that the variation is inconsistent with the objects of this Act or is not in the best interests of opal mining in the State; or
 - (b) that there is some other good reason why the variation should not be registered.
- (3) A party to a registered agreement may, by notice in writing to the other parties to the agreement, withdraw from the agreement.
- (4) However, a notice under subsection (3)—
 - (a) cannot be given without the approval of the Mining Registrar; and
 - (b) must be given at least 60 days before the withdrawal is to take effect.
- (5) If an approved association is withdrawing from an agreement, the association must give notice of the withdrawal to each member who is covered by the agreement in accordance with any requirements specified by the Mining Registrar.

45—Appeal to Warden's Court

A party to an opal mining co-operation agreement may appeal to the Warden's Court against a decision of the Mining Registrar under this Part and the court may, on appeal, confirm or reverse the Mining Registrar's decision.

46—Persons bound by agreement

A registered agreement is binding on, and enforceable by or against, the original parties to the agreement and—

- (a) the successors in title to the owner of the land; and
- (b) a person who carries out mining operations on the land on behalf of a party to the agreement; and
- (c) if an approved association is a party to the agreement—the members of the association who are covered by the agreement; and
- (d) the holders from time to time of mining tenements covered by the agreement.

47—Enforcement of agreement

A person who is entitled to enforce a registered agreement who believes that another person bound by the agreement has contravened, or failed to comply with, a term of the agreement may apply to the appropriate court and the court may, if satisfied that the other person is in default—

- (a) order the other person to take specified action to comply with the agreement or to rectify a situation caused by the other person;
- (b) order the other person to pay compensation for loss or damage caused by a breach or a failure to comply with the agreement;
- (c) vary or revoke a term of the agreement;
- (d) revoke the agreement;

- (e) make other orders that the court considers to be appropriate in the circumstances.

48—Restriction on mining operations by third parties

- (1) If an approved association is a party to a registered agreement, a person who is not a member of that association must not conduct mining operations on land that is subject to the agreement unless—
 - (a) the person is a party to another agreement with the owner of the land registered before the agreement with the association; or
 - (b) the person has entered into a separate opal mining co-operation agreement with the owner of the land and an agreement of that kind is not specifically excluded under the terms of the agreement with the association; or
 - (c) the person pegged out an area for a tenement before the agreement with the association was entered into and the mining operations are carried out in that area in accordance with this Act; or
 - (d) the person is acting under the authority of a mining tenement under the Mining Act; or
 - (e) the person is acting under an authority granted by the Warden's Court.
- (2) For the purposes of subsection (1)(e), a person who desires to carry out mining operations on land that is subject to a registered agreement with an approved association (and who is not authorised to carry out mining operations under the agreement) may apply to the Warden's Court for an authority to conduct mining operations on the land (including to peg out an area for a tenement) despite the agreement and the court may, on the application—
 - (a) if it considers that it would be reasonable to allow the person to carry out mining operations on the land and that to do so would not unfairly disadvantage the parties to the registered agreement—grant the application, on conditions (if any) determined by the court; or
 - (b) reject the application.

Part 7—Native title land

Division 1—Prospecting

49—Qualification of rights conferred by permit

- (1) A precious stones prospecting permit confers no right to carry out mining operations on native title land unless—
 - (a) the mining operations do not affect native title (ie they are not wholly or partly inconsistent with the continued existence, enjoyment or exercise of rights deriving from native title¹); or
 - (b) a declaration is made under the law of the State or the Commonwealth to the effect that the land is not subject to native title.²
- (2) However, a person who holds a precious stones prospecting permit that would, if land were not native title land, authorise various operations on the land may acquire the right to carry out those operations on the land (that affect native title) from an agreement or determination authorising the operations under this Part.
- (3) An agreement or determination under this Part need not be related to a particular precious stones prospecting permit.
- (4) However, a mining operator's right to carry on mining operations under this Act that affect native title is contingent on the existence of a permit that would, if the land were not native title land, authorise the mining operator to carry out the mining operations on the land.

1 Cf. *Native Title Act 1993* (Cwth), s. 227.

2 A declaration to this effect may be made under Part 4 of the *Native Title (South Australia) Act 1994* or the *Native Title Act 1993* (Cwth). The effect of such a declaration is that the land ceases to be native title land.

Division 2—Production

50—Limits on grant of tenement

A precious stones tenement may not be registered over native title land unless—

- (a) the mining operations to be carried out under the tenement are authorised by a pre-existing agreement or determination registered under this Part; or
- (b) a declaration is made under the law of the State or the Commonwealth to the effect that the land is not subject to native title.¹

1 A declaration to this effect may be made under Part 4 of the *Native Title (South Australia) Act 1994* or the *Native Title Act 1993* (Cwth). The effect of the declaration is that the land ceases to be native title land.

51—Applications for tenements

- (1) The Minister may agree with an applicant for a precious stones tenement over native title land that the tenement will be registered contingent on the registration of an agreement or determination under this Part.

- (2) The Mining Registrar may refuse an application for a precious stones tenement over native title land if it appears to the Mining Registrar that the applicant is not proceeding with reasonable diligence to obtain the agreement or determination necessary to the registration of the tenement to which the application relates (and if the application is refused, the applicant's claim lapses).

Division 3—Application for declaration

52—Application for declaration

A person who seeks to carry out mining operations under this Act on native title land may apply to the ERD Court for a declaration that the land is not subject to native title.¹

¹ The application is to be made under the *Native Title (South Australia) Act 1994*.

Division 4—Negotiating procedure

53—Types of agreement authorising mining operations on native title land

- (1) An agreement authorising mining operations on native title land (a *native title mining agreement*) may—
- (a) authorise mining operations by a particular mining operator; or
 - (b) authorise mining operations of a specified class within a defined area by mining operators of a specified class who comply with the terms of the agreement.

Note—

If the authorisation relates to a particular mining operator it is referred to as an *individual authorisation*. Such an authorisation is not necessarily limited to mining operations under a particular permit or tenement but may extend also to future permits or tenements. If the authorisation does extend to future permits or tenements it is referred to as a *conjunctive authorisation*. An authorisation that extends to a specified class of mining operators is referred to as an *umbrella authorisation*.

- (2) If a native title mining agreement is negotiated between a mining operator who does not hold, and is not an applicant for, a tenement for the relevant land, and native title parties who are claimants to (rather than registered holders of) native title land, the agreement cannot extend to mining operations conducted on the land under a future tenement.
- (3) An umbrella authorisation can only relate to prospecting or mining for precious stones over an area of 200 square kilometres or less.
- (4) If the native title parties with whom a native title mining agreement conferring an umbrella authorisation is negotiated are claimants to (rather than registered holders of) native title land, the term of the agreement cannot exceed 10 years.
- (5) The existence of an umbrella authorisation does not preclude a native title mining agreement between a mining operator and the relevant native title parties relating to the same land, and if an individual agreement is negotiated, the agreement regulates mining operations by a mining operator who is bound by the agreement to the exclusion of the umbrella authorisation.

54—Negotiation of agreements

- (1) A person (the *proponent*) who seeks a native title mining agreement may negotiate the agreement with the native title parties.

Note—

The *native title parties* are the persons who are, at the end of the period of two months from when notice is given under section 55, registered under the law of the State or the Commonwealth as holders of, or claimants to, native title in the land. A person who negotiates with the registered representative of those persons will be taken to have negotiated with the native title parties. Negotiations with other persons are not precluded but any agreement reached must be signed by the registered representative on behalf of the native title parties.

- (2) The proponent must be—
 - (a) if an agreement conferring an individual authorisation¹ is sought—the mining operator who seeks the authorisation;
 - (b) if an agreement conferring an umbrella authorisation¹ is sought—the Minister or an association representing the interests of mining operators approved by regulation for the purposes of this section.

¹ See the note to section 53(1).

55—Notification of parties affected

- (1) The proponent initiates negotiations by giving notice under this section.
- (2) The notice must—
 - (a) identify the land on which the proposed mining operations are to be carried out; and
 - (b) describe the general nature of the proposed mining operations that are to be carried out on the land.
- (3) The notice must be given to—
 - (a) the relevant native title parties; and
 - (b) the ERD Court; and
 - (c) the Minister.
- (4) Notice is given to the relevant native title parties as follows:
 - (a) if a native title declaration establishes who are the holders of native title in the land—the notice must be given to the registered representative of the native title holders and the relevant representative Aboriginal body for the land;
 - (b) if there is no native title declaration establishing who are the holders of native title in the land—the notice must be given to all who hold or may hold native title in the land in accordance with the method prescribed by Part 5 of the *Native Title (South Australia) Act 1994*.

56—What happens when there are no registered native title parties with whom to negotiate

- (1) If, two months after the notice is given to all who hold or may hold native title in the land, there are no native title parties in relation to the land to which the notice relates, the proponent may apply *ex parte* to the ERD Court for a summary determination.
- (2) On an application under subsection (1), the ERD Court must make a determination authorising entry to the land for the purpose of carrying out mining operations on the land, and the conduct of mining operations on the land.
- (3) The determination may be made on conditions the Court considers appropriate and specifies in the determination.
- (4) The determination cannot confer a conjunctive or umbrella authorisation.¹

¹ See the note to section 53(1).

57—Expedited procedure where impact of operations is minimal

- (1) This section applies to mining operations that—
 - (a) will not directly interfere with the community life of the holders of native title in the land on which the operations are to be carried out; and
 - (b) will not interfere with areas or sites of particular significance, in accordance with their traditions, to the holders of native title in the land on which the operations are to be carried out; and
 - (c) will not involve major disturbance to the land on which the operations are to be carried out.
- (2) If the proponent states in the notice given under this Division that the mining operations to which the notice relates are operations to which this section applies and that the proponent proposes to rely on this section, the proponent may apply *ex parte* to the ERD Court for a summary determination authorising mining operations in accordance with the proposals made in the notice.
- (3) On an application under subsection (2), the ERD Court may make a summary determination authorising mining operations in accordance with the proposals contained in the notice.
- (4) However, if within two months after notice is given, a written objection to the proponent's reliance on this section is given by the Minister, or a person who holds, or claims to hold, native title in the land, the Court must not make a summary determination under this section unless the Court is satisfied after giving the objectors an opportunity to be heard that the operations are in fact operations to which this section applies.

58—Negotiating procedure

- (1) The proponent and native title parties must negotiate in good faith and accordingly explore the possibility of reaching an agreement.
- (2) However, the obligation to negotiate does not arise if the case is one where a summary determination may be made.
- (3) If any of the negotiating parties requests the ERD Court to do so, the Court must mediate among the parties to assist in obtaining their agreement.

- (4) The Minister may (personally or by representative) intervene in negotiations under this Division.

59—Agreement

- (1) An agreement negotiated under this Division may provide for payment to the native title parties based on profits or income derived from mining operations on the land or the quantity of precious stones produced.
- (2) The basis of the payment may be fixed in the agreement or left to be decided by the ERD Court or some other nominated arbitrator.
- (3) An agreement must deal with—
 - (a) notices to be given or other conditions to be met before the land is entered for the purposes of carrying out mining operations; and
 - (b) principles governing the rehabilitation of the land on completion of the mining operations.
- (4) If agreement is reached between the proponent and the native title parties authorising mining operations on the native title land, the proponent must lodge a copy of the agreement with the Mining Registrar and the Mining Registrar will, subject to this section, register the agreement.
- (5) If the Minister is of the opinion that there is reason to believe that the agreement may not have been negotiated in good faith, the Minister may, within two months after the copy of the agreement is lodged for registration with the Mining Registrar, make an order prohibiting registration of the agreement.
- (6) A party to an agreement may appeal against an order under subsection (5) to the ERD Court and the Court may, on appeal—
 - (a) confirm or revoke the Minister's order; and
 - (b) if the Court considers it appropriate, make a determination authorising entry on the land to carry out mining operations, and the conduct of mining operations on the land, on conditions determined by the Court.

60—Effect of registered agreement

- (1) A registered agreement negotiated under this Division is (subject to its terms) binding on, and enforceable by or against the original parties to the agreement and—
 - (a) the holders from time to time of native title in the land to which the agreement relates; and
 - (b) the holders from time to time of any permit or tenement under which mining operations to which the agreement relates are carried out.
- (2) If a native title declaration establishes that the native title parties with whom an agreement was negotiated are not the holders of native title in the land or are not the only holders of native title in the land, the agreement continues in operation (subject to its terms) until a fresh agreement is negotiated under this Part with the holders of native title in the land, or for two years after the date of the declaration (whichever is the lesser).
- (3) Either the holders of native title in the land or the mining operator may initiate negotiations for a fresh agreement by giving notice to the other.

- (4) A registered agreement that authorises mining operations to be conducted under a future mining tenement is contingent on the tenement being granted or registered.

61—Application for determination

- (1) If agreement between the proponent and the native title parties is not reached within the relevant period, any party to the negotiations or the Minister may apply to the ERD Court for a determination.

[In this subsection, the *relevant period* is—

- (a) if the mining operations to which the negotiations relate are merely of an exploratory nature—four months from when the negotiations were initiated; or
- (b) in any other case—six months from when the negotiations were initiated.]
- (2) On an application under this section, the ERD Court may determine—
- (a) that mining operations may not be conducted on the native title land; or
- (b) that mining operations may be conducted on the native title land subject to conditions determined by the Court.
- (3) If the ERD Court determines that mining operations may be conducted on native title land, the determination—
- (a) must deal with the notices to be given or other conditions to be met before the land is entered for the purposes of mining operations; but
- (b) cannot provide for payment to the native title parties based on profits or income derived from mining operations on the land or the quantity of precious stones produced.
- (4) The ERD Court must make its determination on an application under this section within the relevant period unless there are special reasons why it cannot do so.

[In this subsection, the *relevant period* is—

- (a) if a determination is sought only for exploring—four months from when the application is made; or
- (b) in any other case—six months from when the application is made.]
- (5) The representative Aboriginal body for the area in which the land is situated is entitled to be heard in proceedings under this section.

62—Criteria for making determination

- (1) In making its determination, the ERD Court must take into account the following:
- (a) the effect of the proposed mining operations on—
- (i) native title in the land; and
- (ii) the way of life, culture and traditions of any of the native title parties; and
- (iii) the development of the social, cultural and economic structures of any of those parties; and

- (iv) the freedom of access by any of those parties to the land concerned and their freedom to carry out rites, ceremonies or other activities of cultural significance on the land in accordance with their traditions; and
 - (v) any area or site, on the land concerned, of particular significance to the native title parties in accordance with their traditions; and
 - (vi) the natural environment of the land concerned;
- (b) any assessment of the effect of the proposed mining operations on the natural environment of the land concerned—
- (i) made by a court or tribunal; or
 - (ii) made, or commissioned, by the Crown in any capacity or by a statutory authority;
- (c) the interests, proposals, opinions or wishes of the native title parties in relation to the management, use or control of the land concerned;
- (d) the economic or other significance of the proposed mining operations to Australia and to the State;
- (e) any public interest in the mining operations proceeding;
- (f) any other matter the ERD Court considers relevant.
- (2) This section does not affect the operation of another law of the State or the Commonwealth for the preservation or protection of areas or sites of particular significance to Aboriginal people.

63—Limitation on powers of Court

- (1) The ERD Court cannot make a determination conferring a conjunctive or umbrella authorisation¹ unless the native title parties² are represented in the proceedings and agree to the authorisation.
- (2) A conjunctive authorisation¹ conferred by determination cannot authorise mining operations under both a permit and a tenement unless the native title parties¹ are the registered holders of (rather than claimants to) native title land.³
- (3) An umbrella authorisation¹ conferred by determination—
- (a) can only relate to prospecting or mining for precious stones over an area of 200 square kilometres or less; and
 - (b) cannot authorise mining operations for a period exceeding 10 years unless the native title parties² are registered holders of (rather than claimants to) native title land.⁴

1 See note to section 53(1).

2 See note to section 54(1).

3 Section 53(2) is of similar effect in relation to native title mining agreements.

4 Section 53(3) and (4) are of similar effect in relation to native title mining agreements.

64—Effect of determination

- (1) A determination under this Division—
 - (a) must be lodged with the Mining Registrar; and
 - (b) must be registered two months after it was lodged for registration unless it has in the meantime been overruled by the Minister;¹ and
 - (c) takes effect on registration.
- (2) A determination registered under this Division has effect as if it were a contract between the proponent and the native title parties.
- (3) A registered determination is (subject to its terms) binding on, and enforceable by or against the original parties to the proceedings in which the determination was made and—
 - (a) the holders from time to time of native title in the land to which the determination relates; and
 - (b) the holders from time to time of any permit or tenement under which mining operations to which the determination relates are carried out.
- (4) If a native title declaration establishes that the native title parties to whom the determination relates are not the holders of native title in the land or are not the only holders of native title in the land, the determination continues in operation (subject to its terms) until a fresh determination is made, or for two years after the date of the declaration (whichever is the lesser).
- (5) A determination under this Part that authorises mining operations to be conducted under a future mining tenement is contingent on the tenement being granted or registered.

¹ See section 65.

65—Ministerial power to overrule determinations

- (1) If the Minister considers it to be in the interests of the State to overrule a determination of the ERD Court under this Part, the Minister may, by notice in writing given to the ERD Court and the parties to the proceedings before the Court, overrule the determination and substitute another determination that might have been made by the Court.
- (2) However—
 - (a) the Minister cannot overrule a determination—
 - (i) if more than two months have elapsed since the date of the determination; or
 - (ii) if the Minister was the proponent of the negotiations leading to the determination; and
 - (b) the substituted determination cannot create a conjunctive or umbrella authorisation¹ if there was no such authorisation in the original determination nor can the substituted determination extend the scope of a conjunctive or umbrella authorisation.

Note—

The scope of an authorisation is extended if the period of its operation is lengthened, the area to which it applies is increased, or the class of mining operations to which it applies is expanded in any way.

- 1 See the note to section 53(1).

66—No re-opening of issues

If an issue is decided by determination under this Part, the parties to the proceedings in which the determination was made cannot make an agreement that is inconsistent with the terms of the determination unless the ERD Court authorises the agreement.

Division 5—Miscellaneous**67—Non-application of this Part to Pitjantjatjara and Maralinga lands**

Nothing in this Part affects the operation of—

- (a) the *Pitjantjatjara Land Rights Act 1981*; or
- (b) the *Maralinga Tjarutja Land Rights Act 1984*.

68—Compensation to be held on trust in certain cases

- (1) If a determination under this Part authorises mining operations on conditions requiring payment of compensation—
 - (a) the ERD Court must decide the amount of the compensation; and
 - (b) the compensation must be paid into the ERD Court to be held on trust and applied as required by this section.
- (2) Compensation paid into the ERD Court under this section—
 - (a) must, on application by the registered representative of the native title holders, be paid out to the registered representative; or
 - (b) if the Court, on application by an interested person, is satisfied that it is just and equitable to pay the compensation in some other way—must be paid out as directed by the Court.
- (3) However, if compensation is held on trust by the ERD Court under this section and—
 - (a) a native title declaration is made to the effect that no part of the land is subject to native title; or
 - (b) the proponent abandons the proposal to carry out mining operations on the land before exercising the right to do so and, by notice to the Minister, relinquishes the right to do so,

the compensation must be repaid to the person who paid it.

69—Non-monetary compensation

- (1) Compensation under this Part is to be given in the form of monetary compensation.

- (2) However—
- (a) if, during negotiations under this Part, a person who may be entitled to compensation requests that the whole or part of the compensation be in a form other than money,¹ the other person who may be liable to pay compensation—
 - (i) must consider the request; and
 - (ii) must negotiate in good faith on the subject; and
 - (b) the ERD Court may, at the request of a person entitled to compensation, order non-monetary compensation.¹

Example—

- 1 The non-monetary compensation might take the form of a transfer of property or the provision of goods or services.

70—Review of compensation

- (1) If—
- (a) mining operations are authorised by determination under this Part on conditions requiring the payment of compensation; and
 - (b) a native title declaration is later made establishing who are the holders of native title in the land,
- the ERD Court may, on application by the registered representative of the holders of native title in the land, or on the application of a person who is liable to pay compensation under the determination, review the provisions of the determination providing for the payment of compensation.
- (2) The application must be made within three months after the date of the native title declaration.
- (3) The Court may, on an application under this section—
- (a) increase or reduce the amount of the compensation payable under the determination (as from the date of application or a later date fixed by the Court); and
 - (b) change the provisions of the determination for payment of compensation in some other way.
- (4) In deciding whether to vary a determination and, if so, how, the Court must have regard to—
- (a) the assumptions about the existence or nature of native title on which the determination was made and the extent to which the native title declaration has confirmed or invalidated those assumptions; and
 - (b) the need to ensure that the determination provides just compensation for, and only for, persons whose native title in land is affected by the mining operations; and
 - (c) the interests of mining operators and investors who have relied in good faith on the assumptions on which the determination was made.

70A—Opal Mining Native Title Register

- (1) The Mining Registrar must establish a distinct part of that part of the Mining Register established under section 76 (which may be referred to as the *Opal Mining Native Title Register*) for the registration of agreements and determinations under this Part.
- (2) The Mining Registrar must, in respect of each agreement or determination registered under this Part, include in the *Opal Mining Native Title Register* details concerning—
 - (a) the land to which the agreement or determination relates; and
 - (b) if relevant—the permit or tenement to which the agreement or determination relates; and
 - (c) the parties who are bound by the agreement or determination; and
 - (d) other information prescribed by the regulations.
- (3) The Mining Registrar may also note in any other part of the Mining Register any agreement or determination registered under this Part (as the Mining Registrar thinks fit).
- (4) An agreement or determination registered under this Part is not available for inspection under this Act if—
 - (a) in the case of an agreement, the parties to the agreement specify in the agreement, or in some other manner determined by the Mining Registrar, that the contents of the agreement should be kept confidential under this section;
 - (b) in the case of a determination, the ERD Court specifies in the determination that the contents of the determination should be kept confidential under this section.
- (5) However, subsection (4) does not prevent the inspection of an agreement or determination registered under this Part by—
 - (a) a person engaged in the administration of this Act acting in the course of official duties; or
 - (b) the Minister, or a person appointed to the Public Service acting in the course of official duties on behalf of, or with the authority of, the Minister; or
 - (c) a person who is bound by the agreement or determination; or
 - (d) a person who is acting under the joint authority of all persons who are bound by the agreement or determination (and such an authority must be given in a manner and form approved by the Mining Registrar); or
 - (e) a person who is acting under the authority of an order or determination of the ERD Court or the Supreme Court (for the purposes of this or another Act or law).
- (6) An authority under subsection (5) may be given on conditions.
- (7) A person who contravenes or fails to comply with a condition is guilty of an offence.
Maximum penalty: \$10 000.

Part 8—Special powers of Warden's Court

72—Jurisdiction relating to tenements and monetary claims

- (1) The Warden's Court has jurisdiction to determine, in the manner it thinks just, all suits concerning a right claimed in, under, or in relation to, a tenement, or a purported tenement, or a precious stones prospecting permit, or otherwise arising under this Act.
- (2) The Warden's Court may make a declaration as to the validity (or invalidity) of a permit or tenement under this Act.
- (2a) The Warden's Court will have jurisdiction to determine a monetary claim for not more than \$40 000 arising in relation to any contract, partnership or joint venture arrangement related to, or otherwise associated with—
 - (a) the acquisition or holding of any tenement, or purported tenement, or a precious stones prospecting permit; or
 - (b) the performance of any mining operations under this Act; or
 - (c) the recovery of any precious stones under this Act.
- (3) The Warden's Court will also have jurisdiction in any matter in which it is vested with jurisdiction by regulation.
- (4) If proceedings relating to a matter under this Act are commenced in the Warden's Court—
 - (a) the Warden's Court must give written notice of the proceedings to the Mining Registrar; and
 - (b) the Mining Registrar must make a note of the proceedings in the Mining Register.
- (5) The Director is entitled to appear in any proceedings before the Warden's Court under this Act.
- (6) Sections 65 to 66A of the Mining Act apply to the jurisdiction and proceedings of the Warden's Court under this Act.

73—Cancellation of permit

- (1) The Warden's Court may, on the application of the Director, make one or both of the following orders:
 - (a) an order cancelling a precious stones prospecting permit;
 - (b) an order prohibiting a person from holding or obtaining a precious stones prospecting permit for a period specified in the order or until further order of the Warden's Court.
- (2) An order must not be made under subsection (1) unless the Warden's Court is satisfied that the person against whom the order is made has contravened, or failed to comply with, a provision of this or another Act or regulations regulating mining operations (including mining operations that do not involve precious stones), and that the matter is of sufficient gravity to justify the making of the order.

74—Cancellation of pegging

- (1) The Warden's Court may, on the application of an interested person, make an order cancelling a pegging under Part 2.
- (2) An order must not be made under subsection (1) unless the Warden's Court is satisfied that a requirement of this Act has not been complied with in a material respect, and that the matter is of sufficient gravity to justify the cancellation of the pegging.
- (3) If an order for cancellation is made (otherwise than on the application of the Director), the person on whose application the order was made has, for a period of 14 days immediately following the date of the order, an exclusive right to peg out an area for a precious stones tenement of the same kind on the land.
