5—Act binds the Crown

- (1) This Act binds the Crown in right of this jurisdiction and, so far as the legislative power of the Parliament permits, the Crown in all its other capacities.
- (2) Nothing in this Act makes the Crown in any of its capacities liable to be prosecuted for an offence.

Part 2—Imposition of payroll tax

Division 1—Imposition of tax

6—Imposition of payroll tax

- (1) Payroll tax is imposed on all taxable wages.
- (2) Payroll tax is levied and collected for the credit of the Consolidated Account at the Treasury.

7—Who is liable for payroll tax?

The employer by whom taxable wages are paid or payable is liable to pay payroll tax on the wages.

8—Amount of payroll tax

- (1) The amount of payroll tax payable by an employer is to be ascertained in accordance with Schedule 1 and Schedule 2.
- (2) Despite subsection (1)—
 - (a) the amount of payroll tax payable by an employer during the 2018/19 financial year is to be ascertained in accordance with Schedule 1A and Schedule 2; and
 - (b) Schedule 1 Parts 1 to 3 (inclusive) do not apply in relation to the 2018/19 financial year; and
 - (c) nothing in this subsection is to be taken to affect the operation of Schedule 1 Part 4 during the 2018/19 financial year.

9—When must payroll tax be paid?

- (1) A person who is liable to pay payroll tax on taxable wages must pay the tax—
 - (a) within 7 days after the end of the month in which those wages were paid or payable, other than the month of June; and
 - (b) within 21 days after the end of the month of June in relation to taxable wages paid or payable in the month of June.
- (2) However, if the Commissioner has reason to believe that a person may leave Australia before any payroll tax becomes payable by the person, the tax is payable on the day fixed by the Commissioner by notice served on the person.

Division 2—Taxable wages

10—What are taxable wages

- (1) For the purposes of this Act, *taxable wages* are wages that are taxable in this jurisdiction.
- (2) However, exempt wages are not taxable wages.

11—Wages that are taxable in this jurisdiction

- (1) For the purposes of this Act, wages are taxable in this jurisdiction if—
- (a) the wages are paid or payable by an employer for or in relation to services performed by an employee wholly in this jurisdiction; or
 - (b) the wages are paid or payable by an employer for or in relation to services performed by an employee in 2 or more Australian jurisdictions, or partly in 1 or more Australian jurisdictions and partly outside all Australian jurisdictions, and—
 - (i) the employee is based in this jurisdiction; or
 - (ii) the employer is based in this jurisdiction (in a case where the employee is not based in an Australian jurisdiction); or
 - (iii) the wages are paid or payable in this jurisdiction (in a case where both the employee and the employer are not based in an Australian jurisdiction); or
 - (iv) the wages are paid or payable for services performed mainly in this jurisdiction (in a case where both the employee and the employer are not based in an Australian jurisdiction and the wages are not paid or payable in an Australian jurisdiction); or
 - (c) the wages are paid or payable by an employer for or in relation to services performed by an employee wholly outside all Australian jurisdictions and are paid or payable in this jurisdiction.

Note—

Section 66A provides an exemption for wages paid or payable for services performed wholly in 1 or more other countries for a continuous period of more than 6 months.

- (2) The question of whether wages are taxable in this jurisdiction is to be determined by reference only to the services performed by the employee in respect of the employer during the month in which the wages are paid or payable, subject to this section.
- (3) Any wages paid or payable by an employer in respect of an employee in a particular month are taken to be paid or payable for or in relation to the services performed by the employee in respect of the employer during that month.

Note—

For example, if wages paid in a month are paid to an employee for services performed over several months, the question of whether the wages are taxable in this jurisdiction is to be determined by reference only to services performed by the employee in the month in which the wages are paid. The services performed in previous months are disregarded. (The services performed in previous months will be relevant to the question of whether wages paid in those previous months are taxable in this jurisdiction.)

- (4) If no services are performed by an employee in respect of an employer during the month in which wages are paid or payable to or in relation to the employee—
- (a) the question of whether the wages are taxable in this jurisdiction is to be determined by reference only to the services performed by the employee in respect of the employer during the most recent prior month in which the employee performed services in respect of the employer; and

- (b) the wages are taken to be paid or payable for or in relation to the services performed by the employee in respect of the employer during that most recent prior month.
- (5) If no services were performed by an employee in respect of an employer during the month in which wages are paid or payable to or in relation to the employee or in any prior month—
 - (a) the wages are taken to be paid or payable for or in relation to services performed by the employee in the month in which the wages are paid or payable; and
 - (b) the services are taken to have been performed at a place or places where it may be reasonably expected that the services of the employee in respect of the employer will be performed.
- (6) All amounts of wages paid or payable in the same month by the same employer in respect of the same employee are to be aggregated for the purposes of determining whether they are taxable in this jurisdiction (as if they were paid or payable for all services performed by the employee in the month in which the wages are paid or payable, or the most recent prior month, as the case requires).

Note—

For example, if 1 amount of wages is paid by an employer in a particular month for services performed in this jurisdiction, and another amount of wages is paid by the same employer in the same month for services performed by the same employee in another Australian jurisdiction, the wages paid are to be aggregated (as if they were paid for all services performed by the employee in that month). Accordingly, subsection (1)(b) would be applied for the purpose of determining whether the wages are taxable in this jurisdiction.

- (7) If wages are paid in a different month from the month in which they are payable, the question of whether the wages are taxable in this jurisdiction is to be determined by reference to the earlier of the relevant months.

11A—Jurisdiction in which employee is based

- (1) For the purposes of this Act, the jurisdiction in which an employee is based is the jurisdiction in which the employee's principal place of residence is located.
- (2) The jurisdiction in which an employee is based is to be determined by reference to the state of affairs existing during the month in which the relevant wages are paid or payable.
- (3) If more than 1 jurisdiction would qualify as the jurisdiction in which an employee is based during a month, the jurisdiction in which the employee is based is to be determined by reference to the state of affairs existing on the last day of that month.
- (4) An employee who does not have a principal place of residence is taken, for the purposes of this Act, to be an employee who is not based in an Australian jurisdiction.
- (5) In the case of wages paid or payable to a corporate employee, the jurisdiction in which the employee is based is to be determined in accordance with section 11B instead of this section (as if a reference in section 11B to an employer were a reference to an employee).

- (6) In this section, a *corporate employee* is a company that is taken to be an employee under section 34 or 39 or a company to whom a payment is made that is taken to be wages payable to an employee under section 42 or 47.

11B—Jurisdiction in which employer is based

- (1) For the purposes of this Act, the jurisdiction in which an employer is based is—
- (a) the jurisdiction in which the employer's registered business address is located (if the employer has an ABN); or
 - (b) the jurisdiction in which the employer's principal place of business is located (in any other case).
- (2) If wages are paid or payable in connection with a business carried on by an employer under a trust, the employer's registered business address is the registered business address of the trust or, if the trust does not have an ABN, the registered business address of the trustee of the trust.
- (3) If an employer has registered business addresses located in different jurisdictions at the same point in time, the jurisdiction in which the employer is based at that point in time is the jurisdiction in which the employer's principal place of business is located.
- (4) The jurisdiction in which an employer is based is to be determined by reference to the state of affairs existing during the month in which the relevant wages are paid or payable.
- (5) If more than 1 jurisdiction would qualify as the jurisdiction in which an employer is based during a month, the jurisdiction in which the employer is based is to be determined by reference to the state of affairs existing on the last day of that month.
- (6) An employer who has neither a registered business address nor a principal place of business is taken, for the purposes of this Act, to be an employer who is not based in an Australian jurisdiction.

11C—Place and date of payment of wages

- (1) For the purposes of this Act, wages are taken to have been paid at a place if, for the purpose of the payment of those wages—
- (a) an instrument is sent or given or an amount is transferred by an employer to a person or a person's agent at that place; or
 - (b) an instruction is given by an employer for the crediting of an amount to the account of a person or a person's agent at that place.
- (2) The wages are taken to have been paid on the date that the instrument was sent or given, the amount was transferred or the account credited in accordance with the instruction (as the case requires).
- (3) Wages are taken to be payable at the place at which they are paid, subject to this section.
- (4) Wages that are not paid by the end of the month in which they are payable are taken to be payable at—
- (a) the place where wages were last paid by the employer to the employee; or

- (b) if wages have not previously been paid by the employer to the employee—the place where the employee last performed services in respect of the employer before the wages became payable.
- (5) If wages paid or payable in the same month by the same employer in respect of the same employee are paid or payable in more than 1 Australian jurisdiction, the wages paid or payable in that month are taken to be paid or payable in the Australian jurisdiction in which the highest proportion of the wages are paid or payable.

Note—

Section 11 requires all wages paid or payable in the same month by the same employer in respect of the same employee to be aggregated for the purpose of determining whether the wages are taxable in this jurisdiction. The above provision ensures only 1 Australian jurisdiction can be considered to be the jurisdiction in which the wages are paid or payable.

Division 3—Other

12—Liability for payroll tax not affected by subsequent amendment to Act

A liability for payroll tax arises and will be assessed in accordance with the provisions of this Act as in force at the time the liability arises and such a liability, once having arisen, is not affected by a subsequent amendment to this Act (except to the extent that the amendment operates retrospectively).

Part 3—Wages

Division 1—General concept of wages

13—What are wages?

- (1) For the purposes of this Act, wages mean wages, remuneration, salary, commission, bonuses or allowances paid or payable to an employee, including—
 - (a) an amount paid or payable by way of remuneration to a person holding an office under the Crown or in the service of the Crown; and
 - (b) an amount paid or payable under any prescribed classes of contracts to the extent to which that payment is attributable to labour; and
 - (c) an amount paid or payable by a company by way of remuneration to or in relation to a director of that company; and
 - (d) an amount paid or payable by way of commission to an insurance or time payment canvasser or collector; and
 - (e) an amount or benefit that is included as or taken to be wages by any other provision of this Act.
- (2) For the purposes of this Act, wages, remuneration, salary, commission, bonuses or allowances are wages—
 - (a) whether paid or payable at piece work rates or otherwise; and
 - (b) whether paid or payable in cash or in kind.

- (2a) This Act applies in respect of wages referred to in subsection (1)(a) to (e) that are paid or payable to or in relation to a person who is not an employee in the same way as it applies to wages paid or payable to an employee (as if a reference in this Act to an employee included a reference to any such person).
- (3) Wages do not include anything that is prescribed by the regulations not to be wages for the purposes of this Act.

Division 2—Fringe benefits

14—Wages include fringe benefits

- (1) For the purposes of this Act, wages include a fringe benefit.
- (2) Subsection (1) does not apply to benefits that are exempt benefits for the purposes of the FBTA Act (other than deposits to the Superannuation Holding Accounts Special Account within the meaning of the *Small Superannuation Accounts Act 1995* of the Commonwealth).

15—Value of wages comprising fringe benefits

- (1) For the purposes of this Act, the value of wages comprising a fringe benefit is to be determined in accordance with the formula—

$$TV \times \frac{1}{1 - FBT \text{ rate}}$$

where—

FBT rate is the rate of fringe benefits tax imposed by the FBTA Act that applies when the liability to payroll tax under this Act arises

TV is the value that would be the taxable value of the benefit as a fringe benefit for the purposes of the FBTA Act.

- (2) In this Act, a reference to taxable wages that were paid or payable by an employer during a month is, in relation to taxable wages comprising fringe benefits—
 - (a) a reference to the value of the fringe benefits paid or payable by the employer during the month; or
 - (b) if an election by the employer is in force under section 16, a reference to an amount calculated in accordance with that section.
- (3) In this Act, a reference to taxable wages that were paid or payable by an employer during a year is, in relation to taxable wages comprising fringe benefits, a reference to an amount calculated by adding together the amounts under subsection (2)(a) or (b) (or subsection (2)(a) and (b)) as the case requires, for the months of that year.

16—Employer election regarding taxable value of fringe benefits

- (1) An employer who has paid or is liable to pay fringe benefits tax imposed by the FBTA Act in respect of a period of not less than 15 months before 30 June in any year may elect to include as the value of the fringe benefits paid or payable by the employer during the month concerned—
- (a) in a return lodged in relation to each of the first 11 months occurring after 30 June in that year—1/12th of the amount determined in accordance with subsection (2) or that part of that amount as, in accordance with section 10, comprises taxable wages for the year of tax (within the meaning of the FBTA Act) ending on 31 March preceding the commencement of the current financial year; and
 - (b) in the return lodged in relation to the 12th month—the amount determined in accordance with subsection (2) or that part of that amount as, in accordance with section 10, comprises taxable wages for the year of tax (within the meaning of the FBTA Act) ending on 31 March preceding that month, less the total of the amounts of fringe benefits included in the returns for each of the preceding 11 months.

- (2) The amount determined in accordance with this subsection is to be determined in accordance with the formula—

$$AFBA \times \frac{1}{1 - FBT \text{ rate}}$$

where—

AFBA is the aggregate fringe benefits amount within the meaning of section 136 of the FBTA Act

FBT rate is the rate of fringe benefits tax imposed by the FBTA Act that applies when the liability to payroll tax under this Act arises.

- (3) An election under subsection (1) takes effect when it is notified to the Commissioner in the form approved by the Commissioner.
- (4) After an employer has made an election under subsection (1), the employer must lodge returns containing amounts calculated in accordance with the election unless the Commissioner approves, by notice in writing given to the employer, the termination of the election and allows the employer to include the value referred to in section 15(2)(a).
- (5) If an employer ceases to be liable to pay payroll tax, the value of taxable wages comprising fringe benefits to be included in the employer's final return is (irrespective of whether or not the employer has made an election under subsection (1)) the value of the fringe benefits paid or payable by the employer for the period commencing on and including the preceding 1 July until the date on which the employer ceases to be liable to payroll tax, less the value of the fringe benefits paid or payable by the employer during that period on which payroll tax has been paid.

Division 3—Superannuation contributions

17—Wages include superannuation contributions

- (1) For the purposes of this Act, **wages** include a superannuation contribution.
- (2) A **superannuation contribution** is a contribution paid or payable by an employer in respect of an employee—
 - (a) to or as a superannuation fund within the meaning of the *Superannuation Industry (Supervision) Act 1993* of the Commonwealth; or
 - (b) as a superannuation guarantee charge within the meaning of the *Superannuation Guarantee (Administration) Act 1992* of the Commonwealth; or
 - (c) to or as any other form of superannuation, provident or retirement fund or scheme including—
 - (i) the Superannuation Holding Accounts Special Account within the meaning of the *Small Superannuation Accounts Act 1995* of the Commonwealth; and
 - (ii) a retirement savings account within the meaning of the *Retirement Savings Accounts Act 1997* of the Commonwealth; or
 - (d) involving—
 - (i) the crediting of an account of an employee, or any other allocation to the benefit of an employee (other than the actual payment of a contribution), so as to increase the entitlement or contingent entitlement of the employee under any form of superannuation, provident or retirement fund or scheme; or
 - (ii) the crediting or the debiting of any other account, or any other allocation or deduction, so as to increase the entitlement or contingent entitlement of an employee under any form of superannuation, provident or retirement fund or scheme.
- (3) The Treasurer may estimate the contingent liability of an employer for contributions that will be payable to or in respect of an employee who is a member of the old or new scheme of superannuation under the *Superannuation Act 1988* or of any other unfunded or partly funded scheme of superannuation, and the Treasurer's estimate is to be treated as a contribution paid or payable by an employer in respect of an employee for the purposes of the definition of **superannuation contribution** in subsection (2).
- (4) For the purposes of this Act, wages that are comprised of the Treasurer's estimate of an employer's contingent liability for superannuation contributions will be taken to be payable as soon as the contingent liability accrues.
- (5) The Treasurer's estimate must be based on an actuary's assessment of the employer's cost of the accruing liability for the employee.

- (6) Setting aside any money or anything that is worth money as, or as part of, a superannuation fund, superannuation guarantee charge or any other form of superannuation, provident or retirement fund or scheme is taken to be paying a superannuation contribution.
- (7) Making a superannuation contribution of anything that is worth money is taken to be paying a superannuation contribution of the amount equal to its value, and its value is to be worked out in accordance with section 43 as if that section referred to the contribution instead of to wages.
- (8) For the purposes of this Act, where a superannuation contribution arises under this Act because of subsection (2)(d)—
- (a) subject to paragraphs (b) and (c), the amount of wages attributable to that superannuation contribution will be taken to be the value of the increase of the entitlement or contingent entitlement of the relevant employee;
 - (b) if that superannuation contribution can be directly attributed to a payment or setting apart of money within the ambit of paragraphs (a), (b) or (c) of subsection (2), the value of the superannuation contribution under paragraph (d) of subsection (2) (and therefore the relevant amount of wages) will only be the amount (if any) by which the value of that contribution exceeds the amount of the payment or setting apart of money (as the case may be);
 - (c) if that superannuation contribution can be directly attributed to an increase in the capital of the relevant fund or scheme or to the payment of interest, over and above any contribution that the employer is required to make, or would be required to make but for the increase in capital or the payment of interest, the value of the superannuation contribution (to the extent that it exceeds any contribution that the employer is required, or would be required, to make as mentioned above), will be taken to be nil;
 - (d) if there is a crediting or a debiting of an account, or any other allocation or deduction, and a corresponding debiting or crediting, or deduction or allocation, then liability for payroll tax will only arise with respect to 1 crediting or debiting, or allocation or deduction, so as to avoid double taxation.
- (9) In this section—

employee includes any person to whom, by virtue of a paragraph of the definition of **wages** in section 13(1), an amount paid or payable in the circumstances referred to in that paragraph constitutes wages;

partly funded scheme of superannuation means a scheme of superannuation (including a provident or retirement fund or scheme) under which the employer's liability for superannuation contributions is partly satisfied by a payment within the meaning of paragraphs (a) to (d) of the definition of **superannuation contribution**;

unfunded scheme of superannuation means a scheme of superannuation (including a provident or retirement fund or scheme) under which no payment within the meaning of paragraphs (a) to (d) of the definition of **superannuation contribution** is made by the employer in total or partial satisfaction of his, her or its liability for superannuation contributions.

Division 4—Shares and options

18—Inclusion of grant of shares and options as wages

- (1) For the purposes of this Act, **wages** include the grant of a share or an option to an employee by an employer in respect of services performed by the employee if the share or option is an ESS interest (within the meaning of section 83A–10 of the *Income Tax Assessment Act 1997* of the Commonwealth) and is granted to the employee under an employee share scheme (within the meaning of that section).

Note—

A grant of a share or an option to an employee by an employer that is not an ESS interest will be taxable as a fringe benefit under Division 2 of this Part.

- (2) Any such wages are taken, for the purpose of the imposition of payroll tax, to be paid or payable on the relevant day.
- (3) For the purposes of this Division, the **relevant day** is the day that the employer elects in accordance with this Division to treat as the day on which the wages are paid or payable.
- (4) To avoid doubt, the grant of a share or option is valuable consideration for the purposes of section 46.

19—Choice of relevant day

- (1) The employer can elect to treat as the **relevant day** either the date on which the share or option is granted to the employee or the vesting date.
- (2) A share or option is **granted** to a person if—
 - (a) another person transfers the share or option to that person (other than, in the case of a share, by issuing the share to that person); or
 - (b) in the case of a share—another person allots the share to that person; or
 - (c) in the case of an option—another person confers the option on, or otherwise creates the option in, that person; or
 - (d) the person otherwise acquires a legal interest in the share or option from another person; or
 - (e) the person acquires a beneficial interest in the share or option from another person.
- (2a) To avoid doubt, if an employee acquires a right to be granted a share or an option, or some other material benefit, at the election of the employer, the share or option is not granted until the employer elects to grant the share or option.
- (3) The **vesting date** in respect of a share is one of the following dates (whichever happens first):
 - (a) the date on which the share vests in the employee (that is, when any conditions applying to the grant of the share have been met and the employee's legal or beneficial interest in the share cannot be rescinded);
 - (b) the date at the end of the period of 7 years from the date on which the share is granted to the employee.

- (4) The **vesting date** in respect of an option is one of the following dates (whichever happens first):
- (a) the date on which the share to which the option relates is granted to the employee;
 - (b) the date on which the employee exercises a right under the option to have the share the subject of the option transferred to, allotted to or vested in him or her;
 - (c) the date at the end of the period of 7 years from the date on which the option is granted to the employee.

20—Deemed choice of relevant day in special cases

- (1) If an employer grants a share or an option to an employee and the value of the grant of the share or option is not included in the taxable wages of the employer for the financial year in which the share or option was granted, the employer is taken to have elected to treat the wages constituted by the grant of that share or option as being paid or payable on the vesting date.
- (2) If an employer grants a share or an option to an employee and the value of the grant of the share or option is nil or, if the employer were to elect to treat the date of grant as the relevant day, the wages constituted by the grant would not be liable to payroll tax, the employer is taken to have elected to treat the wages constituted by the grant of that share or option as being paid or payable on the date on which the share or option was granted.

21—Effect of rescission, cancellation of share or option

- (1) If the grant of a share or option is withdrawn, cancelled or exchanged before the vesting date for any valuable consideration (other than the grant of other shares or options), the following provisions apply:
- (a) the date of withdrawal, cancellation or exchange is taken to be the vesting date of the share or option;
 - (b) the market value of the share or option, on the vesting date, is taken to be the amount of the valuable consideration (and, accordingly, that amount is the amount paid or payable as wages on that date).
- (2) If an employer includes the value of a grant of a share or option in the taxable wages of the employer for a financial year and the grant is rescinded because the conditions attaching to the grant were not met, the taxable wages of the employer, in the financial year in which the grant is rescinded, are to be reduced by the value of the grant as previously included in the taxable wages of the employer.
- (3) Subsection (2) does not apply just because an employee fails to exercise an option or to otherwise exercise his or her rights in respect of a share or option.

22—Grant of share pursuant to exercise of option

The grant of the share by an employer does not constitute wages for the purposes of this Act if the employer is required to grant the share as a consequence of the exercise of an option by a person and—

- (a) the grant of the option to the person constitutes wages for the purposes of this Act; or

- (b) the option was granted to the person before 1 July 2008.

23—Value of shares and options

- (1) If the grant of a share or option constitutes wages under this Division, the amount paid or payable as wages is taken, for the purposes of this Act, to be the value of the share or option (expressed in Australian currency) on the relevant day, less the consideration (if any) paid or given by the employee in respect of the share or option (other than consideration in the form of services performed).
- (2) The value of a share or an option is—
 - (a) the market value; or
 - (b) the amount determined as provided for by the Commonwealth income tax provisions.
- (3) The employer may elect the method by which the value of a share or an option is determined in any return lodged under this Act.
- (4) However, the Commissioner may determine the method by which the value of a share or an option is determined if the grant of the share or option is not included as wages in a return lodged by an employer as required by this Act.
- (5) In determining the market value of a share or option, anything that would prevent or restrict conversion of the share or option to money is to be disregarded.
- (6) The Commonwealth income tax provisions apply with the following modifications, and any other necessary modifications:
 - (a) the value of an option is to be determined as if it were a right to acquire a beneficial interest in a share;
 - (b) a reference to the acquisition of a beneficial interest in a share or right is to be read as a reference to the grant of a share or an option.
- (7) In this section—

Commonwealth income tax provisions means section 83A–315 of the *Income Tax Assessment Act 1997* of the Commonwealth and the regulations made for the purposes of that section.

Note—

See Division 83A of the *Income Tax Assessment Regulations 1997* of the Commonwealth for the relevant regulations.

24—Inclusion of shares and options granted to directors as wages

- (1) For the purposes of this Act, **wages** include the grant of a share or an option by a company to a director of the company who is not an employee of the company by way of remuneration for the appointment or services of the director.
- (2) For that purpose, the other provisions of this Division apply in respect of any such grant as if a reference to the employer were a reference to the company and a reference to the employee were a reference to the director of the company.

- (3) In this section, a reference to a director of the company includes a reference to the following:

- (a) a person who, under a contract or other arrangement, is to be appointed as a director of the company;
- (b) a former director of the company.

Note—

Section 13 provides that a reference to an employee in this Act includes a reference to any person to whom any amount that is treated as wages under this Act is paid or payable. See also section 11, which deems the wages to be paid or payable for services performed.

- (4) However, if wages referred to in this section are fringe benefits, the value of the wages is to be determined in accordance with Division 2 of this Part (and not this Division).

26—Place where wages are payable

- (1) The wages constituted by the grant of the share or option are taken to be paid or payable in this jurisdiction if the share is a share in a local company or, in the case of an option, an option to acquire shares in a local company.
- (2) In any other case, the wages constituted by the grant of the share or option are taken to be paid or payable outside this jurisdiction.

Note—

The place where wages are paid or payable is sometimes relevant to determining whether the wages are liable to payroll tax under this Act. See section 11.

- (3) In this section—

local company means—

- (a) a company incorporated or taken to be incorporated under the *Corporations Act 2001* of the Commonwealth that is taken to be registered in this jurisdiction for the purposes of that Act; or
- (b) any other body corporate that is incorporated under an Act of this jurisdiction.

Division 5—Termination payments

27—Definitions

In this Division—

employment termination payment means—

- (a) an employment termination payment within the meaning of section 82—130 of the ITAA; or
- (b) a payment that would be an employment termination payment within the meaning of section 82—130 of the ITAA but for the fact that it was received later than 12 months after the termination of a person's employment; or
- (c) a transitional termination payment within the meaning of section 82—10 of the *Income Tax (Transitional Provisions) Act 1997* of the Commonwealth;

termination payment means—

- (a) a payment made in consequence of the retirement from, or termination of, any office or employment of an employee, being—
 - (i) an unused annual leave payment; or
 - (ii) an unused long service leave payment; or
 - (iii) so much of an employment termination payment paid or payable by an employer, whether or not paid to the employee or to any other person or body, that would be included in the assessable income of an employee under Part 2—40 of the ITAA if the whole of the employment termination payment had been paid to the employee; or
- (b) an amount paid or payable by a company as a consequence of the termination of the services or office of a director of the company, whether or not paid to the director or to any other person or body, that would be an employment termination payment if that amount had been paid or payable as a consequence of termination of employment; or
- (c) an amount paid or payable by a person who is an employer under a relevant contract (within the meaning of section 32) as a consequence of the termination of the supply of the services of an employee under the contract, whether or not paid to the employee or to any other person, if the amount would be an employment termination payment if that amount had been paid or payable as a consequence of termination of employment;

unused annual leave payment has the same meaning as in section 83—10 of the ITAA;

unused long service leave payment has the same meaning as in section 83—75 of the ITAA.

28—Termination payments

For the purposes of this Act, **wages** include a termination payment.

Division 6—Allowances

29—Motor vehicle allowances

- (1) For the purposes of this Act, **wages**, in respect of a financial year, do not include the exempt component of a motor vehicle allowance paid or payable in respect of that year.
- (2) Accordingly, if the total motor vehicle allowance paid or payable to an employee in respect of a financial year does not exceed the exempt component, the motor vehicle allowance is not **wages** for the purposes of this Act.
- (3) If the total motor vehicle allowance paid or payable to an employee in respect of a financial year exceeds the exempt component (if any), only that amount that exceeds the exempt component of the motor vehicle allowance is included as **wages** for the purposes of this Act.

- (4) The **exempt component** of a motor vehicle allowance paid or payable in respect of a financial year is calculated in accordance with the formula:

$$E = K \times R$$

where—

E is the exempt component

K is the number of business kilometres travelled during the financial year

R is the exempt rate.

- (5) The **number of business kilometres travelled during the financial year (K)** is to be determined in accordance with the continuous recording method, or the averaging method, whichever method is selected and used by the employer in accordance with Part 4 of Schedule 1.
- (6) The Commissioner, by order in writing, may approve the use, by an employer or class of employer, of another method of determining the number of business kilometres travelled during the financial year (including the use of an estimate). If so, the number of business kilometres travelled during the financial year is to be determined in accordance with the method approved by the Commissioner.
- (7) For the purposes of this section, the **exempt rate** for the financial year concerned is—
- (a) the rate determined by legislative instrument under section 28-25 of the ITAA for calculating a deduction for car expenses using the "cents per kilometre method" in the financial year immediately preceding the financial year in which the allowance is paid or payable; or
 - (ab) if there is more than 1 rate under the determination referred to in paragraph (a), the highest of those rates; or
 - (b) if no rate referred to in paragraph (a) is determined, the rate prescribed by the regulations under this Act.

30—Accommodation allowances

- (1) For the purposes of this Act, **wages** do not include an accommodation allowance paid or payable to an employee in respect of a night's absence from the person's usual place of residence that does not exceed the exempt rate.
- (2) If the accommodation allowance paid or payable to an employee in respect of a night's absence from the person's usual place of residence exceeds the exempt rate, **wages** include that allowance only to the extent that it exceeds the exempt rate.
- (3) For the purposes of this section, the **exempt rate** for the financial year concerned is—
- (a) the total reasonable amount for daily travel allowance expenses using the lowest capital city for the lowest salary band for the financial year determined by the Commissioner of Taxation of the Commonwealth; or
 - (b) if no determination referred to in paragraph (a) is in force, the rate prescribed by the regulations.

- (2c) Subsection (2)(c) does not apply to a contract under which work is performed in a manner other than a manner referred to in that subsection, in addition to work performed in a manner referred to in that subsection.
- (2d) Subsection (2) does not apply if the Commissioner determines that the contract under which the services are supplied was entered into with an intention either directly or indirectly of avoiding or evading the payment of tax by any person.
- (3) For the purposes of this section, an employment agency contract under which services are supplied by an employment agent, or a service provider is procured by an employment agent, is not a relevant contract.
- (4) For the purposes of this section, a relevant contract does not include a contract of service of a class excluded from the operation of this section by the regulations.

33—Persons taken to be employers

- (1) For the purposes of this Act, a person—
 - (a) who during a financial year, under a relevant contract, supplies services to another person; or

- (2) If an amount referred to in subsection (1) is included in a larger amount paid or payable by an employer under a relevant contract during a financial year, that part of the larger amount which is not attributable to the performance of work relating to the relevant contract or the re-supply of goods by an employee under the relevant contract is as determined by the Commissioner.
- (3) An amount paid or payable for or in relation to the performance of work under a relevant contract is taken to include—

Division 8—Employment agents

37—Definitions

- (1) For the purposes of this Act, an **employment agency contract** is a contract, whether formal or informal and whether express or implied, under which a person (an **employment agent**) procures the services of another person (a **service provider**) for a client of the employment agent.
- (2) However, a contract is not an employment agency contract for the purposes of this Act if it is, or results in the creation of, a contract of employment between the service provider and the client.
- (3) In this section—
contract includes agreement, arrangement and undertaking.

38—Persons taken to be employers

For the purposes of this Act, the employment agent under an employment agency contract is taken to be an employer.

39—Persons taken to be employees

For the purposes of this Act, the person who performs work for or in relation to which services are supplied to the client under an employment agency contract is taken to be an employee of the employment agent.

40—Amounts taken to be wages

- (1) For the purposes of this Act, the following are taken to be wages paid or payable by the employment agent under an employment agency contract:
 - (a) any amount paid or payable to or in relation to the service provider in respect of the provision of services in connection with the employment agency contract;
 - (b) the value of any benefit provided for or in relation to the provision of services in connection with the employment agency contract that would be a fringe benefit if provided to a person in the capacity of an employee;
 - (c) any payment made in relation to the service provider that would be a superannuation contribution if made in relation to a person in the capacity of an employee.
- (2) Subsection (1) does not apply to an employment agency contract to the extent that an amount, benefit or payment referred to in that subsection would be exempt from payroll tax under Part 4 (other than under Division 4 or Division 5 of that Part or section 50) or under Part 3 of Schedule 2 (other than clause 17) had the service provider been paid by the client as an employee, if the client has given a declaration to that effect, in the form approved by the Commissioner, to the employment agent.
- (3) If it is not reasonably practicable to determine the extent to which an amount, benefit or payment constitutes wages under subsection (1), the Commissioner may accept a return, or make an assessment, in which the amount on which payroll tax is levied is determined on the basis of estimates.

41—Liability provisions

Subject to section 42, if an employment agent under an employment agency contract—

- (a) by arrangement procures the services of a service provider for a client of the employment agent; and
- (b) pays payroll tax in respect of an amount, benefit or payment that is, under section 40, taken to be wages paid or payable by the employment agent in respect of the provision of those services in connection with that contract,

no other person (including any other person engaged to procure the services of the service provider for the employment agent's client as part of the arrangement) is liable to pay payroll tax in respect of wages paid or payable for the procurement or performance of those services by the service provider for the client.

- (b) if the regulations prescribe how the value of wages of that type is to be determined—the value determined in accordance with the regulations.

44—GST excluded from wages

- (1) If a person is liable to pay GST on the supply to which wages paid or payable to the person relate, the amount or value of those wages on which payroll tax is payable is the amount or value of the wages paid or payable to the person minus the relevant proportion of the amount of GST payable by the person on the supply to which the wages relate.
- (2) Subsection (1) does not apply in respect of the value of wages comprising a fringe benefit.
- (3) In this section—

consideration has the same meaning as in the *A New Tax System (Goods and Services Tax) Act 1999* of the Commonwealth;

relevant proportion, in relation to GST payable on a supply to which wages relate, means the proportion that the amount or value of the wages bears to the consideration for the supply to which the wages relate.

45—Wages paid by group employers

A reference in this Act to wages paid or payable by a member of a group includes wages that would be taken to be paid or payable by a member of a group if the member were the employer of the employee to whom the wages were paid.

46—Wages paid by or to third parties

- (1) If any of the following amounts of money or other valuable consideration would, if paid or given or to be paid or given directly by an employer to an employee, be or be included as wages paid or payable by the employer to the employee for the purposes of this Act, they are taken to be wages paid or payable by the employer to the employee:

68—Grouping provisions to operate independently

- (2) For the purposes of this section, an entity has a ***controlling interest*** in a corporation if the corporation has share capital and—
- (a) the entity has a direct interest in the corporation and the value of that direct interest exceeds 50%; or
 - (b) the entity has an indirect interest in the corporation and the value of that indirect interest exceeds 50%; or
 - (c) the entity has an aggregate interest in the corporation and the value of the aggregate interest exceeds 50%.

- (3) Division 3 applies for the purposes of the interpretation of this section.

Note—

Division 3 sets out the manner for determining whether an entity has a direct interest, indirect interest or aggregate interest in a corporation, and the value of such an interest.

- (4) In this section—

Note—

Section 79 (Exclusion of persons from groups) allows the Commissioner, for payroll tax purposes, to exclude persons from a group constituted under this section in certain circumstances.

Division 3—Business groups—tracing of interests in corporations

75—Application

This Division applies for the purposes of section 73 (Groups arising from tracing of interests in corporations).

76—Direct interest

- (1) An entity has a *direct interest* in a corporation if—
 - (a) in the case of an entity that is a person—the person can, directly or indirectly, exercise, control the exercise of, or substantially influence the exercise of, the voting power attached to any voting shares issued by the corporation; or
 - (b) in the case of an entity that is 2 or more persons who are associated persons—each of the associated persons can, directly or indirectly, exercise, control the exercise of, or substantially influence the exercise of, the voting power attached to any voting shares issued by the corporation.
- (2) The value of the direct interest of the entity in the corporation is the proportion (expressed as a percentage) of the voting power of all voting shares issued by the corporation that—
 - (a) in the case of an entity that is a person—the person can directly or indirectly exercise, control the exercise of, or substantially influence the exercise of, as referred to in subsection (1); or
 - (b) in the case of an entity that is 2 or more persons who are associated persons—the associated persons can, if acting together, directly or indirectly exercise, control the exercise of, or substantially influence the exercise of, as referred to in subsection (1).

77—Indirect interest

- (1) An entity has an *indirect interest* in a corporation if the corporation is linked to another corporation (the *directly controlled corporation*) in which the entity has a direct interest.
- (2) A corporation is linked to a directly controlled corporation if the corporation is part of a chain of corporations—
 - (a) that starts with the directly controlled corporation; and
 - (b) in which a link in the chain is formed if a corporation has a direct interest in the next corporation in the chain.
- (3) The following are examples of how subsections (1) and (2) work (the examples are cumulative):
 - (a) corporation A (a directly controlled corporation) has a direct interest in corporation B. Corporations A and B form part of a chain of corporations, and corporation B is linked to corporation A. Accordingly, an entity that has a direct interest in corporation A also has an indirect interest in corporation B;

- (b) corporation B also has a direct interest in corporation C. In this case, corporations A, B and C form part of a chain of corporations. Both corporations B and C are linked to corporation A. The entity that has a direct interest in corporation A has an indirect interest in both corporations B and C;
 - (c) corporation B also has a direct interest in corporation D. There are now 2 chains of corporations, 1 consisting of A, B and C, and 1 consisting of A, B and D. Corporations B, C and D are all linked to corporation A and an entity that has a direct interest in corporation A would have an indirect interest in corporations B, C and D. An entity that has a direct interest in corporation B would have an indirect interest in corporations C and D. However, an entity that has a direct interest in corporation C only would not have an indirect interest in corporation D, as corporation D is not linked to corporation C.
- (4) The value of the indirect interest of an entity in a corporation (an *indirectly controlled corporation*) that is linked to a directly controlled corporation is calculated by multiplying together the following:
- (a) the value of the direct interest of the entity in the directly controlled corporation;
 - (b) the value of each direct interest that forms a link in the chain of corporations by which the indirectly controlled corporation is linked to the directly controlled corporation.
- (5) The following are examples of how subsection (4) works (the examples are cumulative):
- (a) an entity has a direct interest (with a value of 80%) in corporation A. Corporation A has a direct interest (with a value of 70%) in corporation B. The value of the indirect interest of the entity in corporation B is $80\% \times 70\%$ (that is, 56%). Accordingly, in this example the entity has a controlling interest (within the meaning of section 73 (Groups arising from tracing of interests in corporations)) in corporation B;
 - (b) corporation B also has a direct interest (with a value of 40%) in corporation C. The value of the indirect interest of the entity in corporation C is $80\% \times 70\% \times 40\%$ (that is, 22.4%). Accordingly, in this example the entity does not have a controlling interest in corporation C.
- (6) It is possible for an entity to have more than 1 indirect interest in a corporation. This may occur if the corporation is linked to more than 1 corporation in which the entity has a direct interest, or if the corporation is linked to only 1 corporation in which the entity has a direct interest but is linked through more than 1 chain of corporations. In that case, the entity has an aggregate interest in the corporation (see section 78 (Aggregation of interests)).

78—Aggregation of interests

- (1) An entity has an *aggregate interest* in a corporation if—
- (a) the entity has a direct interest and 1 or more indirect interests in the corporation; or
 - (b) the entity has more than 1 indirect interest in the corporation.

- (2) The value of the aggregate interest of an entity in a corporation is the sum of the following:
 - (a) the value of the direct interest (if any) of the entity in the corporation;
 - (b) the value of each indirect interest of the entity in the corporation.
- (3) For example—
 - (a) an entity has a direct interest (with a value of 40%) in corporation B;
 - (b) the entity also has a direct interest (with a value of 25%) in corporation A, which in turn has a direct interest (with a value of 60%) in corporation B. Accordingly, the entity also has an indirect interest in corporation B with a value of 15% (that is, $25\% \times 60\%$);
 - (c) the value of the entity's aggregate interest in corporation B is the sum of the direct interest (40%) and the indirect interest (15%), which is 55%;
 - (d) accordingly, in this example, the entity has a controlling interest in corporation B (within the meaning of section 73 (Groups arising from tracing of interests in corporations)).

Division 4—Miscellaneous

79—Exclusion of persons from groups

- (1) The Commissioner may, by order in writing, determine that a person who would, but for the determination, be a member of a group is not a member of the group.
- (2) The Commissioner may only make such a determination if satisfied, having regard to the nature and degree of ownership and control of the businesses, the nature of the businesses and any other matters the Commissioner considers relevant, that a business carried on by the person, is carried on independently of, and is not connected with the carrying on of, a business carried on by any other member of that group.
- (3) The Commissioner cannot exclude a person from a group if the person is a body corporate that, by reason of section 50 of the *Corporations Act 2001* of the Commonwealth, is related to another body corporate that is a member of that group.
- (4) This section extends to a group constituted by reason of section 74 (Smaller groups subsumed by larger groups).
- (5) A determination can be expressed to take effect on a date that is earlier than the date of the determination.
- (6) The Commissioner may by order in writing revoke a determination that applies in respect of a person if satisfied that the circumstances in which a determination may be made do not apply to the person.
- (7) The revocation of a determination can be expressed to take effect on a date that is earlier than the date of the determination.

80—Designated group employers

- (1) The members of a group may, with the approval of the Commissioner, designate a qualified member of the group to be the designated group employer for the group for the purposes of this Act.

- (2) A member of a group is a qualified member if the member—
 - (a) has paid during the preceding financial year wages that exceeded \$600 000; or
 - (b) is likely to pay during the current financial year wages that are likely to exceed that amount.
- (3) If none of the members of a group is a qualified member the members may, with the approval of the Commissioner, designate any member of the group to be the designated group employer for the group for the purposes of this Act.
- (4) If the members of a group do not designate a member as the designated group employer within 7 days after the end of the month in which the group is established, the Commissioner may (but is not obliged to) designate any member of the group as the designated group employer.
- (5) The designated group employer of a group stops being the designated group employer from and including the earlier of the following days:
 - (a) the first day of a return period during which there is a change in the membership of the group;
 - (b) the first day of a return period during which the members of the group revoke the designation.
- (6) The designation of a designated group employer under subsection (1) or (3) must be by notice in writing.
- (7) Such a notice must—
 - (a) be executed by or on behalf of each member of the group; and
 - (b) be served on the Commissioner.

81—Joint and several liability

- (1) If a member of a group fails to pay an amount that the member is required to pay under this Act in respect of any period, every member of the group is liable jointly and severally to pay that amount to the Commissioner.
- (2) If 2 or more persons are jointly or severally liable to pay an amount under this section, the Commissioner may recover the whole of the amount from them, or any of them, or any 1 of them.
- (3) If, under this section, 2 or more persons are jointly and severally liable to pay an amount that is payable by any 1 of them, each person is also jointly and severally liable to pay—
 - (a) any amount payable to the Commissioner under this or any other Act in relation to that amount, including any interest and penalty tax; and
 - (b) any costs and expenses incurred in relation to the recovery of that amount that the Commissioner is entitled to recover from any such person.
- (4) A person who pays an amount in accordance with the liability imposed by this section has such rights of contribution or indemnity from the other person or persons as are just.

- (5) This section applies whether or not the person was an employer during the relevant period.

Part 6—Adjustments of tax

82—Determination of correct amount of payroll tax

- (1) For the purposes of this Part—
- (a) the *correct amount of payroll tax* payable by an employer in respect of the 2018/19 financial year is the amount determined in accordance with Schedule 1A in respect of that financial year; and
 - (b) the *correct amount of payroll tax* payable by an employer in respect of any other financial year is the amount determined in accordance with Schedule 1 in respect of that financial year.
- (2) This Part applies in respect of payroll tax paid or payable whether as a group employer or as an individual employer.
- (3) If an employer is liable for payroll tax both as an individual employer and as a group employer (for different periods in the same financial year) separate adjustments are to be made under this Part in respect of any period as a group employer and any period as an individual employer (and for that purpose separate determinations of the correct amount of payroll tax payable by the employer are to be made).
- (4) In this Part—
- group employer* means an employer who is a member of a group;
- individual employer* means an employer who is not a member of a group.

83—Annual adjustment of payroll tax

- (1) If the amount of payroll tax paid or payable by an employer when the employer made the returns relating to a financial year is greater than the correct amount of payroll tax payable by the employer in respect of the financial year, the Commissioner (on application by the employer) is to refund to that employer an amount equal to the difference.
- Note—**
- There is a time limit on these refund applications—see clause 20 of Schedule 2.
- (2) If the amount of payroll tax paid or payable by an employer when the employer made the returns relating to a financial year is less than the correct amount of payroll tax payable by the employer in respect of the financial year, the employer must pay to the Commissioner as payroll tax an amount equal to the difference.
- (3) Any amount payable by an employer under this section in respect of a financial year must be paid within the period during which the employer is required to lodge a return under this Act in respect of the return period that is or includes the month of June in that financial year.
- (4) The amount of any refund payable to an employer in respect of a financial year under this section is to be reduced by the amount of any other refund of payroll tax made in respect of that financial year to that employer (whether under this section or otherwise) before the time of the refund under this section.

84—Adjustment of payroll tax when employer changes circumstances

- (1) If an employer changes their circumstances during a financial year, the employer must, if the amount of payroll tax paid or payable by the employer when the employer made returns relating to the relevant period prior to the change of circumstances is less than the correct amount of payroll tax payable by the employer in respect of the financial year, pay to the Commissioner as payroll tax an amount equal to the difference.
- (2) A *change of circumstances* occurs when the employer—
 - (a) ceases to pay or be liable to pay taxable wages and interstate wages; or
 - (b) becomes a group employer (following a period as an individual employer); or
 - (c) ceases to be a group employer (and becomes an individual employer).
- (3) The *relevant period* prior to a change of circumstances is the period prior to the change (during the financial year concerned and since any prior change of circumstances) for which the employer paid or was liable to pay taxable wages or interstate wages.
- (4) In calculating for the purposes of this section the correct amount of payroll tax payable by the employer, it is to be assumed that the wages paid or payable by the employer during the relevant period are the only wages paid or payable by the employer during the financial year concerned.
- (5) Any amount payable by an employer under this section in respect of a relevant period must be paid within the period during which the employer is required to lodge a return under this Act relating to that relevant period or the last return under this Act relating to the relevant period.
- (6) Any payroll tax paid or payable by an employer under this section is to be included as payroll tax paid or payable by the employer for the purposes of the annual adjustment of payroll tax under this Part.

Note—

If an employer ceases to be a group employer during a financial year an adjustment will be made under this section. If later in that financial year the employer ceases to pay wages there will be a further adjustment under this section. The first adjustment will adjust payroll tax paid for the period as a group employer against the correct amount of tax that should have been paid (based on the assumption that the period as a group employer is the only period for which the employer paid wages throughout the year). The second adjustment will adjust payroll tax paid for the period as an individual employer against the correct amount of tax that should have been paid (based on the assumption that the period as an individual employer is the only period for which the employer paid wages throughout the year). Any amount of payroll tax paid under this section is taken into account for the purposes of the annual adjustment of payroll tax.

85—Special provision where wages fluctuate

If a person who did not pay and was not liable to pay taxable wages or interstate wages for any part of a financial year satisfies the Commissioner that, by reason of the nature of the person's trade or business, the taxable wages and interstate wages, if any, paid or payable by the person fluctuate with different periods of the financial year, the Commissioner may determine that the person is to be treated for the purposes of this Part—

- (a) if the person has conducted that trade or business in Australia during the whole of the financial year—as an employer who pays or is liable to pay taxable wages throughout the financial year; or
- (b) if the person has conducted that trade or business in Australia during part only of the financial year—as an employer who pays or is liable to pay taxable wages throughout that last-mentioned part of the financial year.

Note—

The effect of such a determination is that when the correct amount of payroll tax is calculated (for the purposes of a tax adjustment provided for by this Part) the employer may receive the benefit of the payroll tax threshold for the period for which the employer is to be treated as paying wages, and not just for the period for which the employer actually pays wages. Without such a determination, an employer may only receive the benefit of a proportion of the threshold amount that is equivalent to the proportion of the whole financial year for which the employer actually pays wages.

Part 7—Registration and returns

86—Registration

- (1) An employer who is not already registered must apply for registration as an employer under this Act if—
 - (a) during a month the employer pays or is liable to pay, anywhere, wages of more than the prescribed amount per week that are wholly or partly taxable wages; or
 - (b) the employer is a member of a group the members of which together during a month pay or are liable to pay, anywhere, wages of more than the prescribed amount per week that are wholly or partly taxable wages.
- (2) The application for registration is to be made to the Commissioner in a form and manner approved by the Commissioner within 7 days after the end of the month concerned.
- (3) The Commissioner is to register the applicant as an employer under this Act.
- (4) The Commissioner may cancel the registration of a person as an employer if satisfied that the person has ceased to pay or to have a liability to pay wages as described in subsection (1).
- (5) If the Commissioner cancels the registration of a person as an employer in any financial year and that person subsequently pays or is liable to pay taxable wages during that financial year, the person may, despite the fact that the person is not required to apply for registration, apply to the Commissioner (in a form and manner approved by the Commissioner) for registration as an employer, and the Commissioner is then to register the person as an employer under this Act.

- (6) For the purposes of subsection (1), the *prescribed amount* is—
- (a) for the period commencing on 1 July 2018 and ending on 31 December 2018—\$11 538; and
 - (b) on and after 1 January 2019—\$28 846.

87—Returns

- (1) Every employer who is registered or required to apply for registration as an employer under this Act must—
- (a) within 7 days after the end of each month except June, lodge with the Commissioner a return relating to that month; and
 - (b) within 21 days after the end of June in each year, lodge with the Commissioner a return relating to that month and to the adjustment of payroll tax paid or payable by the employer during the financial year ending on the close of that month.
- (2) The Commissioner may vary—
- (a) the time within which a specified employer is required to furnish returns;
 - (b) the period in relation to which a specified employer, or employers of a specified class, are required to furnish returns generally, or returns relating to wages of a specified kind.
- (3) A variation under subsection (2)—
- (a) may be made subject to conditions or limitations;
 - (b) may be made, varied or revoked by notice in writing to an employer or by notice in the Gazette.
- (4) The designated group employer for a group may, with the approval of the Commissioner, lodge a joint return for the purposes of this section covering specified members of the group (including the designated group employer).

$$TA \times \frac{C}{FY}$$

9—Payroll of group over threshold

- (1) If the total taxable wages and interstate wages paid or payable by a group during the financial year is more than the group threshold amount, payroll tax is payable as provided by subclauses (2) and (3).

- (2) The designated group employer for the group is liable to pay as payroll tax for the financial year the amount of dollars calculated in accordance with the following formula:

$$\left[TW - \left(\frac{GTW}{GTW + GIW} \times EA \times \frac{C}{FY} \right) \right] \times R$$

- (3) Each member of the group (other than that designated group employer) is liable to pay as payroll tax for the financial year the amount of dollars calculated in accordance with the following formula:

- (5) For the purposes of this clause, a group's ***total annualised relevant wages*** or ***TARW*** in respect of a financial year is calculated in accordance with the following formula:

$$(GTW + GIW) \times \frac{FY}{C}$$

Part 4—Motor vehicle allowances

10—Continuous recording method

If an employer selects the continuous recording method for the purposes of determining the number of business kilometres travelled during the financial year, the following details are required to be recorded by the employer:

- (a) the odometer readings at the beginning and end of each business journey undertaken by the person during a financial year by means of a motor vehicle provided or maintained by the person;
- (b) the specific purpose for which each such business journey was taken;
- (c) the distance travelled by the person during the financial year in the course of all such business journeys (which is taken to be the ***number of business kilometres travelled during the financial year***), calculated on the basis of the odometer readings referred to in paragraph (a).

11—Averaging method

- (1) If an employer selects the averaging method for the purposes of determining the number of business kilometres travelled during the financial year, the following details are required to be recorded by the employer:
- (a) the odometer readings at the beginning and end of each business journey undertaken by the person during the relevant 12-week period by means of a motor vehicle provided or maintained by the person;
- Note—
- Clause 12 defines the relevant 12-week period.
- (b) the specific purpose for which each such business journey was taken;
 - (c) the distance travelled by the person during the relevant 12-week period in the course of all such business journeys, calculated on the basis of the odometer readings referred to in paragraph (a);
 - (d) the odometer readings at the beginning and end of the relevant 12-week period for each motor vehicle provided or maintained by the person for the purpose of undertaking business journeys;
 - (e) the distance travelled by each such vehicle during the relevant 12-week period, calculated on the basis of the odometer readings referred to in paragraph (d);
 - (f) the distance travelled by the person in the course of business journeys undertaken by means of each such vehicle during the relevant 12-week period, calculated as a percentage of the distance travelled by that vehicle during that period (the ***relevant percentage***);
 - (g) the odometer readings at the beginning and end of the financial year for each vehicle provided or maintained by the person for the purpose of undertaking business journeys;
 - (h) the distance travelled by each such vehicle during the financial year, calculated on the basis of the odometer readings referred to in paragraph (g);
 - (i) the distance travelled by the person in the course of business journeys undertaken by means of each such vehicle during the financial year (which is taken to be the ***number of business kilometres travelled during the financial year***), calculated on the basis that the percentage of that distance that was travelled by the person in the course of business journeys undertaken by means of each such vehicle during the financial year is the same as the relevant percentage.
- (2) For the next succeeding 4 financial years after the first financial year in which odometer details are recorded in accordance with subclause (1), an employer is not required to calculate the relevant percentage, or record the details referred to in subclause (1)(a)—(f), for the person but is required to record the other details referred to in that subclause.

- (3) Accordingly, for the next succeeding 4 financial years after the first financial year in which odometer details are recorded in accordance with subclause (1), the number of business kilometres travelled during the financial year is to be calculated (as referred to in subclause (1)(i)) on the basis of the relevant percentage calculated for the first financial year.
- (4) Despite subclauses (2) and (3), an employer is required to calculate the relevant percentage for a financial year, and record the details referred to in subclause (1)(a)—(f), if—
 - (a) the Commissioner serves a notice on the employer before the commencement of a financial year during that period directing the employer to keep the details referred to in subclause (1)(a)—(f) for that financial year; or
 - (b) the employer wishes to use the recording method referred to in this clause for 1 or more additional motor vehicles used by the person in any financial year or for any other reason.
- (5) In a situation referred to in subclause (4), the new record for the financial year replaces the relevant percentage details previously recorded and subclauses (2) and (3) apply in relation to the new record for the financial year as if it were the first financial year in which odometer details were recorded.
- (6) An employer who has adopted and employed the method of recording referred to in subclauses (2) and (3) for a person for 4 successive financial years must, in the next succeeding financial year, make a fresh recording of all the details specified in subclause (1) if the employer intends to continue to use the same method of recording for the person. Subclauses (2) and (3) then apply in relation to the new record for the financial year as if it were the first financial year in which odometer details were recorded.
- (7) If the odometer of a motor vehicle is replaced or recalibrated during any period for which its readings are relevant for the purposes of this clause, the odometer readings immediately before and after the replacement or recalibration are to be recorded.

12—Meaning of relevant 12-week period

- (1) In clause 11, **relevant 12-week period** means a continuous period of at least 12 weeks, selected by the employer, throughout which a motor vehicle is provided or maintained by a person. If the motor vehicle is provided or maintained for less than 12 weeks, the period must be the entire period for which the motor vehicle is provided or maintained.
- (2) The period may overlap the start or end of the financial year, so long as it includes part of the year.
- (3) If the averaging method is used for 2 or more motor vehicles for the same financial year, the odometer readings for those motor vehicles must cover periods that are concurrent.

13—Replacing 1 motor vehicle with another motor vehicle

- (1) For the purposes of using the averaging method, an employer may nominate 1 motor vehicle as having replaced another motor vehicle with effect from a day specified in the nomination.

- (2) After the nomination takes effect, the replacement motor vehicle is treated as the original motor vehicle, and the original motor vehicle is treated as a different motor vehicle. An employer need not repeat for the replacement vehicle the steps already taken for the original motor vehicle.

Part 3—Transitional provisions—Employee shares and options

10—Assessment and payment of payroll tax in relation to employee shares and options

Anything done or omitted to be done by an employer in connection with the assessment and payment of payroll tax, in respect of a month occurring after June 2009 and before July 2013, that would have been validly done or omitted to be done had the amendments made to this Act by the *Payroll Tax (Miscellaneous) Amendment Act 2012* been in force, is taken to have been validly done or omitted.

Note—

This provision validates a decision by an employer to treat the grant of a share or an option to an employee that is not an ESS interest as a fringe benefit under Division 2 of Part 3 of this Act and to determine the value of those fringe benefits in accordance with those provisions, rather than by reference to Division 4 of Part 3 of this Act.

11—Determination of vesting date and value of employee shares and options

- (1) Division 4 of Part 3 of this Act continues to apply in respect of a share or an option granted before 1 July 2013 that constituted wages under old section 18, whether or not the grant of the share or option would constitute wages under new section 18, if the relevant day in relation to the grant of the share or option is not a day occurring before 1 July 2013.

Note—

For example, a share granted before 1 July 2013 that is not an ESS interest continues to be treated as wages under Division 4 of Part 3 of this Act if the vesting date for the share did not occur before 1 July 2013 and the employer did not elect to treat the date of the grant as the relevant day.

- (2) The assessment amendments apply in respect of any such share or option.
- (3) Accordingly, the vesting date and the value of the share or option are to be determined in accordance with the assessment amendments.
- (4) This clause does not apply in respect of a share or an option granted before 1 July 2013 if the liability for payroll tax in respect of the grant is determined in accordance with Division 2 of Part 3 (as permitted by clause 1).
- (5) In this clause—

assessment amendments means the amendments made by sections 6 and 7 of the *Payroll Tax (Miscellaneous) Amendment Act 2012*;

new section 18 means section 18 as amended by the *Payroll Tax (Miscellaneous) Amendment Act 2012*;

old section 18 means section 18 as in force immediately before 1 July 2013;

relevant day—see section 18(3).
