- (2) A form set out in the Schedule must—
- (a) be used for the purposes specified in the Schedule; and

6—Application for cremation permit

An application for a cremation permit—

- (a) may be made by—

- (b) must be lodged with the Registrar and be accompanied by a fee of \$34.

Note—

- 1 For example, the Registrar may issue a cremation permit to a funeral director or other person arranging the cremation.

7—Certificates as to cause of death

For the purposes of section 6(2)(a) of the Act—

- (a) in the case where 2 doctors certify that the deceased died from natural causes—
 - (i) the doctor who was responsible for the deceased's medical care immediately before death, or examined the body of the deceased after death, must issue a certificate in the form of Form 3 (a **Form 3 certificate**); and
 - (ii) the other doctor must issue a certificate in the form of Form 4;
- (b) in the case where a doctor certifies, after completing a post mortem examination of all the vital organs of the deceased, that the deceased died from natural causes—the doctor must issue a certificate in the form of Form 5.

8—Tagging of body by doctor

- (2) A person must not remove or deface, mark, alter or otherwise interfere with a tag attached to, or a mark placed on, a body under this regulation.

Maximum penalty: \$2 500.

9—Coffins

- (1) A funeral director or other person arranging for the cremation of the remains of a deceased must ensure that the coffin to be used for the cremation—
 - (a) is constructed of timber or material derived from timber that will not release organochlorines during incineration in a crematorium; and
 - (b) is constructed so that it will not distort or collapse on being subjected to the kind of handling to which a coffin is likely to be subjected during the normal course of events leading up to a cremation (including handling when damp); and
 - (c) does not have cross pieces projecting from its base; and
 - (d) subject to subregulation (2), is lined internally with impervious material that is at least 100 μm thick and of such a nature as to prevent the leakage of body fluids from the coffin; and
 - (e) subject to subregulation (3), contains only material suitable for combustion in the course of a cremation; and
 - (f) bears a name plate or inscription stating the family name and at least one other name of the deceased whose remains are to be cremated in the coffin.

Maximum penalty: \$2 500.

- (2) A coffin need not be lined with impervious material if—
 - (a) the body, when placed in the coffin, is completely enclosed in a bag made of impervious material at least 100 μm thick; and
 - (b) the bag is effectively sealed so as to prevent leakage of body fluids from the body into the coffin.
- (3) Materials that are not suitable for combustion in the course of a cremation may be used on the exterior of a coffin if they can be removed easily prior to cremation.

10—Removal and disposal of name plate etc from coffin before cremation

- (1) A crematorium authority may dispose of—
 - (a) a name plate, metal or plastic fitting or any other object removed before cremation from the exterior of a coffin containing the remains of a deceased; or
 - (b) any other thing that comes into the possession of the crematorium authority as a result of a cremation.
- (2) However, the crematorium authority must keep any removed name plate for 14 days after the cremation and give it, on request, to the person who applied for the cremation permit or a person authorised by that person.

Maximum penalty: \$2 500.

11—Identification of body

- (1) A funeral director or other person arranging for the cremation of the remains of a deceased must give to the crematorium authority—
 - (a) the cremation permit (Form 2) issued by the Registrar in respect of the deceased; and
 - (b) the appropriate identification form as follows:
 - (i) in the case where the body of the deceased has been tagged and marked under these regulations—Form 6;
 - (ii) in the case where the body has not been so tagged and marked but can be visually identified—Form 7;
 - (iii) in any other case—Form 8.

Maximum penalty: \$2 500.

- (2) A crematorium authority must not cremate the remains of a deceased unless—
 - (a) the authority has received the relevant cremation permit and identification form from the funeral director or other person arranging the cremation; and
 - (b) the details identifying the deceased contained in the permit, the identification form, and on the coffin, have been checked and found to correspond.

Maximum penalty: \$2 500.

- (3) The crematorium authority must, within 28 days after a cremation at the crematorium, give to the Registrar the identification form provided to the authority by the funeral director or other person who arranged the cremation.

Maximum penalty: \$2 500.

12—Disposal of cremated ashes

- (1) A crematorium authority must ensure that the ashes of the remains of a deceased cremated at the crematorium are not released except to the person who applied for the cremation permit or a person authorised in writing by that person.

Maximum penalty: \$2 500.
