 - (h) despite any other provisions of this regulation, a variation may be made in accordance with paragraph (c) in respect of the Northern Zone Rock Lobster Fishery despite the fact that it would result in the rock lobster pot entitlement under a licence falling below 20 and, in that event, the entitlement under that licence may, until the licence is transferred, continue to be fixed at a number less than 20 but may not be decreased subsequently.
- (1a) Despite any other provisions of this regulation, if the rock lobster pot entitlement under a licence in respect of the Southern Zone Rock Lobster Fishery was, immediately before the commencement of this subregulation, less than 40, the entitlement under that licence may continue to be fixed at a number less than 40 until—

- (6) If a court convicts the holder of a licence in respect of a rock lobster fishery of an offence of contravening a condition of the licence fixing a rock lobster pot entitlement, the court must make an order requiring the Minister to vary the conditions of the licence so as to reduce the rock lobster pot entitlement under the licence by 1 rock lobster pot for each rock lobster pot used in excess of the entitlement.

- (a) subject to subregulation (4), on joint application made to the Minister by the holders of any 2 licences, the conditions of the licences may be varied so as to increase the unit entitlement under 1 of the licences in respect of a particular Northern Zone Region and decrease the unit entitlement under the other licence in respect of the same Northern Zone Region by a corresponding number of units;
 - (ab) if the total catch of rock lobster taken by the holder of a licence in a particular Northern Zone Region during the quota period 2019-2020 is less than the rock lobster quota entitlement under the licence for that Region and that quota period, the Minister may vary the conditions of the licence so as to increase the quota entitlement in respect of that Region for the quota periods 2020-2021 and 2021-2022 by up to 1 kilogram of rock lobster for each kilogram by which the catch fell short of the rock lobster quota entitlement under the licence for the quota period 2019-2020;

 - (b) if the total catch of rock lobster taken by the holder of a licence in respect of the fishery subject to a condition fixing a rock lobster quota entitlement in respect of a particular Northern Zone Region during a quota period (the ***first quota period***) (being a quota period that commenced on or after 1 November 2021) is less than the rock lobster quota entitlement under the licence for that Region and that quota period, the Minister may vary the conditions of the licence so as to increase the rock lobster quota entitlement in respect of that Region for the following quota period (the ***subsequent quota period***) by 1 kilogram of rock lobster for each kilogram by which the catch fell short of the rock lobster quota entitlement for the first quota period up to—
 - (i) —
 - (A) 10% of the quota entitlement for the first quota period; or

 - (B) such other greater kilogram amount of catch,

as is determined by the Minister on or before the commencement of the subsequent quota period;

- (c) if the total catch of rock lobster taken by the holder of a licence in respect of the fishery subject to a condition fixing a rock lobster quota entitlement in respect of a particular Northern Zone Region during a quota period (the ***first quota period***) (being a quota period that commences on or after 1 November 2022) exceeded the rock lobster quota entitlement under the licence for that Region and that quota period, the conditions of the licence may be varied so as to decrease the quota entitlement in respect of that Region for the following quota period (the ***subsequent quota period***) as follows:

- (i) if the catch exceeded the quota entitlement by—

- (A) an amount not exceeding 10% of the quota entitlement for the first quota period; or
- (B) such lower percentage of the quota entitlement for the first quota period, or such other lower kilogram amount of catch, as is determined by the Minister on or before the commencement of the first quota period,

by 1 kilogram of rock lobster for each kilogram taken in excess of the quota entitlement; or

- (A) an amount greater than 10% of the quota entitlement for the first quota period; or
- (B) such lower percentage of the quota entitlement for the first quota period, or such other lower kilogram amount of catch, as is determined by the Minister on or before the commencement of the first quota period,

by 2 kilograms of rock lobster for each kilogram taken in excess of the quota entitlement.
