- (5) A driver—
- (a) who uses an electronic work diary; or

Division 2—Other exemptions

58—Work/rest hours exemptions

- (1) The Authority may, on application by an employer or prime contractor of a driver, an operator or by a self-employed driver, grant an exemption (a **work/rest hours exemption**) from a specified provision or provisions of Part 3 to a specified driver or class of drivers.

-
- (2) The Authority may, of its own motion, by notice in the Gazette, grant an exemption (a ***work/rest hours exemption***) from a specified provision or provisions of Part 3 to a specified class of persons.
- (3) An exemption under this regulation may be granted on conditions specified by the Authority.
- (4) Nothing in these regulations prevents an exemption under this regulation from being granted in combination with an operator's BFM or AFM accreditation (and, if an exemption is so granted, it is a condition of the exemption that a driver who is to be working under the exemption may only do so if the driver and the operator comply with—
- (a) any requirement under that accreditation; and
 - (b) any requirement under these regulations or a corresponding fatigue law relating to such accreditation,
- (not being a requirement that sets out the work times and rest times applicable under the accreditation)).
- (5) A person who contravenes or fails to comply with a condition of a work/rest hours exemption is guilty of an offence.
Maximum penalty: \$5 000.
- (6) An exemption under this regulation must set out the work times and rest times that apply to a driver that is working under the exemption.

 - (iv) the proposed work times and rest times that are to apply to a driver or class of drivers covered by the exemption; and
 - (v) in the case of an exemption seeking proposed work times and rest times that could be accommodated within BFM or AFM hours—
 - (A) the driver fatigue management practices that would be implemented by the applicant and any driver to be covered by the exemption; and
 - (B) an explanation of how those driver fatigue management practices would safely manage the fatigue risks; and
 - (C) the reasons why BFM or AFM accreditation would be unreasonable in the circumstances; and

- (vi) in the case of an exemption seeking work times that exceed the maximum, or rest times that are less than the minimum, permitted by the AFM outer limits—
 - (A) the driver fatigue management practices that would be implemented by the applicant and any driver to be covered by the exemption; and
 - (B) an explanation of how those driver fatigue management practices would safely manage the fatigue risks; and
- (d) be accompanied by any other information reasonably required by the Authority.
- (8) The Authority must not grant an exemption under this regulation unless the Authority is satisfied that—
 - (a) compliance with the relevant provision or provisions of Part 3 would be an unreasonable restriction on operations conducted by the person or class of persons; and
 - (b) the driver fatigue management practices that are to apply to a person or class of persons under the exemption would, if implemented, safely manage the fatigue risks; and
 - (c) if the proposed work times and rest times under the exemption could be accommodated within BFM or AFM accreditation—such accreditation would be unreasonable in the circumstances.
- (9) The Authority must, if the Authority grants an exemption under subregulation (1), give to the person to whom the exemption is granted a written exemption that sets out the details of, and conditions (if any) applying to, the exemption.
- (10) A written exemption must be in a form determined by the Authority.
- (11) An exemption under subregulation (1) takes effect when the written exemption is given to the person to whom the exemption is granted (or on such later date as may be specified in the written exemption) and, subject to these regulations, remains in force for the period (not exceeding 3 years) stated in the written exemption.
- (12) An exemption under subregulation (2) takes effect on the day that the notice is published in the Gazette, or such later date as may be specified in the notice, and, subject to these regulations, remains in force for the period (not exceeding 3 years) stated in the notice.
- (13) If the Authority refuses to grant an exemption under subregulation (1), the Authority must, by notice in writing, inform the applicant of that fact.
- (14) A notice under subregulation (13) must state—
 - (a) the Authority's decision; and
 - (b) the reasons for the Authority's decision; and
 - (c) that the applicant may apply to have the decision reconsidered.
- (15) The Authority must determine an application made under subregulation (1) as soon as is reasonably practicable after the application is received.

 - (e) be accompanied by any other information reasonably required by the Authority.
- (5) The Authority must not grant an exemption under subregulation (1) unless the Authority is satisfied that—
 - (a) the driver cannot make records in his or her work diary because of inadequate English literacy; and
 - (b) the nominee will make records at least as complete and accurate as those required under Part 4 Division 1.
- (6) The Authority must determine an application made under subregulation (1) as soon as is reasonably practicable after the application is received.
- (7) The Authority must, if the Authority grants an exemption under subregulation (1), give to the driver a written exemption that sets out the details of, and conditions (if any) applying to, the exemption.

60—Variation or revocation of exemption

- (1) The Authority may—
 - (a) of its own motion; or
 - (b) on application by a person granted an exemption under this Division,
vary or revoke an exemption granted under this Division (not being an exemption under regulation 58(2)).
- (2) The Authority may, of its own motion, by subsequent notice in the Gazette, vary or revoke an exemption granted under regulation 58(2) if the Authority is satisfied the exemption is no longer necessary or appropriate.
- (3) However, the Authority may only vary or revoke an exemption under subregulation (1)(a) if the Authority is satisfied that—
 - (a) in the case of a variation of an exemption—
 - (i) the application for the exemption was false or misleading in a material particular; or
 - (ii) the person granted the exemption has contravened these regulations or a corresponding fatigue law; or
 - (iii) it is no longer appropriate that the person be covered by the exemption without variation; or
 - (iv) after the exemption was granted, a change has occurred in relation to a matter that the Authority must consider in determining whether to grant such an exemption (and the exemption, as varied by the proposed variation, would have been granted had such change occurred before the exemption was granted); or
 - (b) in the case of a revocation of an exemption—
 - (i) the application for the exemption was false or misleading in a material particular; or
 - (ii) the person granted the exemption has contravened these regulations or a corresponding fatigue law; or
 - (iii) it is no longer appropriate that the person be covered by the exemption; or

-
- (iv) after the exemption was granted, a change has occurred in relation to a matter that the Authority must consider in determining whether to grant such an exemption (and the exemption would not have been granted had such change occurred before the exemption was granted).
- (4) Before varying or revoking an exemption under subregulation (1)(a), the Authority must—

- (a) be made in a manner and form determined by the Authority; and
 - (b) be accompanied by the fee set out in Schedule 8; and
 - (c) be accompanied by the current written exemption issued to the applicant; and

- (8) The Authority must determine an application made under subregulation (1)(b) as soon as is reasonably practicable after the application is received.
- (9) If the Authority varies or revokes an exemption under subregulation (1), or refuses to vary or revoke an exemption under that subregulation, the Authority must, by notice in writing, inform the person to whom the exemption was granted of that fact.
- (10) A notice under subregulation (9) must state—

- (12) A variation or revocation under this regulation has effect—
- (a) in the case of a variation under subregulation (1)—when the revised written exemption is given to the person to whom the exemption was granted (or on such later date as may be specified in the revised written exemption); or
 - (b) in the case of a revocation under subregulation (1)—when the notice under subregulation (9) is given to the person to whom the exemption was granted (or on such later date as may be specified in the notice); or
 - (c) in the case of a variation or revocation under subregulation (2)—on the day that the notice is published in the Gazette (or on such later date as may be specified in the notice).

- (1) A person granted an exemption under this Division may apply to the Authority for a variation of any condition to which the exemption is subject and that was imposed by the Authority.

- (2) Without limiting regulation 58(3), a transitional work/rest hours class exemption is subject to the following conditions:

Despite regulation 3, the Minister may register a person as a driver participant, or as an employer participant, in TFMS if—

- (a) the application for registration was made before the commencement of that regulation but had not been determined at that time; or
- (b) following a review of a decision not to register an applicant for TFMS under regulation 136 of the revoked regulations, or an appeal in relation to such a decision under regulation 137 of the revoked regulations, the Minister decides to register the applicant for TFMS,

(and, if the Minister so registers a person, Part 7 Divisions 1 and 2 of the revoked regulations continue to apply in relation to the registration as if those regulations had not been revoked).

3—Exemptions

- (1) An exemption granted under the revoked regulations (other than an exemption under regulation 106 of those regulations) and in force immediately before the commencement of regulation 3 continues to have effect according to its terms—

 - (b) if no such expiry date is specified—for a period of 3 years after the date on which this clause comes into operation,
- whichever is the earlier.
- (2) For the purposes of these regulations and the *Road Traffic (Heavy Vehicle Driver Fatigue) Regulations 2008*—
- (a) an exemption referred to in subclause (1) will be taken to be an exemption granted under Part 5 Division 2 of the *Road Traffic (Heavy Vehicle Driver Fatigue) Regulations 2008*; and
 - (b) a written exemption issued under the revoked regulations in relation to such an exemption and in force immediately before the commencement of regulation 3 will be taken to be a written exemption (within the meaning of the *Road Traffic (Heavy Vehicle Driver Fatigue) Regulations 2008*).
- (3) Subject to subclause (4), if—
- (a) a person has made an application for an exemption in accordance with Part 8 of the revoked regulations before the commencement of regulation 3; and

-
- (c) the application is for the grant of an exemption corresponding to the kind that may be granted under Part 5 Division 2 of the *Road Traffic (Heavy Vehicle Driver Fatigue) Regulations 2008*,

the application will, for the purposes of the *Road Traffic (Heavy Vehicle Driver Fatigue) Regulations 2008*, be taken to be an application for an exemption made to the Authority in accordance with Part 5 Division 2 of those regulations.

- (4) The Authority may, by notice in writing, require an applicant under subclause (3) to provide the Authority with additional information reasonably required to determine the application.

4—Record keeping

- (1) Despite regulation 3, Part 4 Divisions 4, 5 (other than regulation 60), 6 and 7 of the revoked regulations continue to apply to a driving record required to be made or kept under those Divisions as if the provisions had not been revoked.
- (2) Despite a provision of Part 4 Divisions 4, 5 (other than regulation 60), 6 and 7 of the revoked regulations, a requirement under those Divisions that a driving record be kept by a driver or employer for a specified period will be satisfied if the driving record is kept by a driver's record keeper (within the meaning of the *Road Traffic (Heavy Vehicle Driver Fatigue) Regulations 2008*) for the specified period.

Note—

The specified period is a period of not less than 12 months for driving records for non-local area work and local area management records—see regulations 61 and 62 of the revoked regulations.
