Schedule 1—Recognised hospitals: fees for admitted patients

1—Interpretation

- (1) In this Schedule, unless the contrary intention appears—

AR-DRG means Australian Refined Diagnosis Related Group;

leave hour means an hour for which an admitted patient of a recognised hospital is on leave from the hospital without being discharged from the hospital;

maintenance care (formerly Nursing Home Type care) means treatment and care of an admitted patient in which the treatment goal is to prevent deterioration in the patient's health or ability to function and where care over an indefinite period, but not further complex assessment or stabilisation, is required;

Manual means the *Australian Refined Diagnosis Related Groups, Version 5.0, Definitions Manual*, published in 2002 by the Commonwealth Department of Health and Ageing;

non-teaching, in relation to a hospital, means a recognised hospital or a facility of a recognised hospital listed in the first column of the table in Schedule 4 whose classification in relation to the provision of services to admitted patients is specified in the fourth column of the table as Non-teaching;

rehabilitation, or **rehabilitation care**, means the treatment and care of a patient with an impairment, disability or handicap in which the treatment goal is to improve the ability of the patient to function;

rounded to the nearest hour, in relation to the determination of a number of hours, means that where a number of hours includes a fraction of an hour, the number is to be rounded up to the nearest whole hour if the fraction consists of 30 minutes or more and rounded down to the nearest whole hour (or, where necessary, to zero) if the fraction consists of less than 30 minutes;

teaching, in relation to a hospital, means a recognised hospital or a facility of a recognised hospital listed in the first column of the table in Schedule 4 whose classification in relation to the provision of services to admitted patients is specified in the fourth column of the table as Teaching.

- (2) For the purposes of this Schedule—

- (a) AR-DRG reference numbers or descriptions are as set out in the Manual; and
- (b) terms and abbreviations used in AR-DRG descriptions have the meanings given by the Manual.

- (3) A reference in this Schedule to a Table of a specified number in this Schedule is a reference to the Table of that number in clause 9.

2—Determination of applicable AR-DRG

For the purposes of this Schedule, the AR-DRG applicable to a patient must be determined in accordance with the guidelines contained in *South Australian Morbidity Coding Standards and Guidelines (Inpatients)*, effective 1 July 2006, published by the Department of Health.

3—Standard fee for admitted patients

Subject to this Schedule, the fee to be charged by a recognised hospital for a period of treatment, care and accommodation of an admitted patient to whom an AR-DRG specified in the first and second columns of Table 3 in this Schedule is applicable must be calculated as follows:

$$\text{Fee} = \text{Price} \times \text{Cost Weight}$$

where—

- (a) the **Price** is the price specified in the second column of Table 1 in this Schedule according to the hospital classification (teaching or non-teaching) specified in the first column of the Table; and
- (b) the **Cost Weight** is the cost weight specified in the third, fourth, fifth or sixth column of Table 3 in this Schedule according to the hospital classification (teaching or non-teaching) and patient classification (public or private) specified in those columns for the AR-DRG applicable to the patient.

5—Fee for rehabilitation or maintenance care

Despite clause 3, the fee to be charged by a recognised hospital for a period of treatment, care and accommodation of an admitted patient where the treatment and care consists of rehabilitation or maintenance care must be calculated as follows:

$$\text{Fee} = \text{Price} \times \text{LOS}$$

where—

- (a) the **Price** is the price specified in the third or fourth column of Table 2 in this Schedule according to the hospital classification (teaching or non-teaching) specified in those columns, the patient classification (public or private) specified in the first column and the type of treatment or care specified in the second column, of the Table; and
- (b) the **LOS** (length of stay) means the number of hours (rounded to the nearest hour) between—
 - (i) the admission of the patient to the hospital or, where the patient receives maintenance care, the commencement of maintenance care, whichever is the later; and
 - (ii) the discharge of the patient from the hospital,

excluding any leave hours (rounded to the nearest hour) for the patient during that period, expressed as a figure in days (including parts of days) and rounded up to the nearest whole day.

6—Medical or diagnostic services not included in fees for private patients

In the case of a private patient, a fee determined in accordance with this Schedule does not include a fee for the cost of medical or diagnostic services provided by a medical practitioner selected by the patient.

7—Retrieval fee (admitted patients)

Where a retrieval team provided by a recognised hospital monitors and treats a seriously ill or seriously injured admitted patient of that or any other recognised hospital during the transportation of the patient to the hospital or to another facility of the hospital, the fee to be charged by the recognised hospital providing the retrieval team is as follows:

Provision of retrieval team—\$1 749.

8—Transportation fee

- (1) Where, in addition to providing a service referred to in this Schedule, a recognised hospital transports, or arranges for the transportation of, a patient to or from (or between different facilities of) the hospital, the hospital may charge an additional fee equal to the cost to the hospital of providing, or arranging for the provision of, that transportation.
- (2) Subclause (1) does not apply to the transportation of a patient with a retrieval team provided by the hospital.
