- (3) Where the amount of the allowances has changed during the period of 12 months immediately preceding termination of the contributor's employment, the allowance will be included as a component of salary for the purpose of calculating benefits at the lowest level paid during that period.

26—Exclusion of non-monetary remuneration

Where a non-monetary component of a contributor's remuneration that is excluded from the definition of *salary* is changed—

the amount of the contributor's salary will be taken not to include that component for the purpose of determining benefits unless at least five years has elapsed since the change occurred and the value of the component has been included as a component of salary for the purpose of calculating contributions continuously since the change occurred.

- (3) If, on the commencement of regulation 24AC of the revoked regulations, the salary of a contributor whose salary is to be determined under the first definition of *salary* in section 4(1) of the Act would have been less than it would be if determined under the second definition of *salary* in the Act, the proportion of the value of the total remuneration package specified in the contributor's TEC contract is the proportion that ensures that the value of the contributor's salary under both definitions of *salary* in the Act was the same at the commencement of that regulation.

- (3) In this regulation—

TEC contract with tenure, in relation to a contributor, means a TEC contract—

- (a) that provides that the contributor will be entitled to some other specified appointment as an employee (without any requirement for selection processes to be conducted) in the event that he or she is not reappointed to the position held under the contract at the end of a term of appointment or employment or in other circumstances specified in the contract (whether or not the contract is under Part 7 of the *Public Sector Management Act 1995*); or
- (b) that is under Part 7 of the *Public Sector Management Act 1995* and does not exclude the operation of subsection (5) of section 34 of the *Public Sector Management Act 1995* (being a contract under section 34 of that Act that does not make provision for an appointment in the manner and circumstances contemplated by subsection (4) of that section);

TEC contract without tenure, in relation to a contributor, means a TEC contract that is not a TEC contract with tenure.

29B—Special provision relating to certain transferred contributors

- (1) Subregulation (2) applies to a contributor who—
 - (a) is employed by a relevant entity; and

- (b) is, while retaining his or her position with the entity (the *substantive position*), occupying an alternative position whereby he or she is working within or for an administrative unit (the *alternative position*).
- (2) Despite any other regulation (and despite any provision to the contrary in the Act), the salary of a contributor to whom this subregulation applies will, for the purpose of determining contributions and benefits, be taken to be—
- (a) if the contributor has occupied the alternative position for less than 12 months—the salary received by the contributor in respect of the substantive position immediately before beginning to occupy the alternative position; and
- (b) if—
- (i) the contributor has occupied the alternative position for 12 months or more; and
- (ii) the contributor's remuneration in respect of that position is the same as, or less than 25 per cent higher than, his or her remuneration in respect of the substantive position immediately before beginning to occupy the alternative position,
- the salary received by the contributor in respect of the alternative position; and
- (c) if—
- (i) the contributor has occupied the alternative position for 12 months or more; and
- (ii) the contributor's remuneration in respect of that position is at least 25 per cent higher than his or her remuneration in respect of the substantive position immediately before beginning to occupy the alternative position,
- salary calculated in accordance with subregulation (4).
- (3) Despite any other regulation (and despite any provision to the contrary in the Act), the salary of a contributor who transfers from employment with a relevant entity to employment with an administrative unit, and whose employment with the entity ceases on or following the transfer, will, for the purpose of determining contributions and benefits, be taken to be—
- (a) if the contributor's remuneration in respect of employment with the administrative unit is the same as, or less than 25 per cent higher than, his or her remuneration in respect of employment with the entity immediately before his or her transfer to the administrative unit—the salary received by the contributor in respect of his or her employment with the administrative unit; and
- (b) if the contributor's remuneration in respect of employment with the administrative unit is at least 25 per cent higher than his or her remuneration in respect of employment with the entity immediately before his or her transfer to the administrative unit—salary determined in accordance with subregulation (4).

- (4) Salary for the purposes of determining contributions and benefits under subregulation (2)(c) and subregulation (3)(b) is to be determined in accordance with the following formula:

$$S = S_1 + ((S_2 - S_1) \times 25\%)$$

Where—

S is the salary

S_1 is the highest level of salary received by the contributor while employed by, and undertaking duties for, the relevant entity, adjusted to reflect any movement in salaries for the same classification with that employer

S_2 is the salary received by the contributor in respect of his or her employment with the administrative unit, adjusted to reflect any movement in salaries for the same classification with that employer.

- (5) For the purposes of the definition of S_1 and S_2 in subregulation (4), if the classification level of the position occupied by a contributor no longer exists when his or her salary is to be determined under that subregulation, adjustments will then be made according to changes in the Consumer Price Index from the day on which the classification level ceased to exist.

- (6) In this regulation—

administrative unit means an administrative unit under the *Public Sector Management Act 1995*;

relevant entity means an entity that has entered into an arrangement with the Board under section 5 of the Act.

29C—Determination of salary where contributor employed by more than 1 employer

- (1) This regulation applies to a contributor who occupies more than 1 position or office by virtue of which he or she is a contributor to the Scheme.
- (2) Subject to this regulation, the salary of a contributor to whom this regulation applies will, for the purpose of determining contributions and benefits, be taken to be the aggregate of the salaries paid or payable to the contributor in respect of each position or office occupied by the contributor.
- (3) Subject to subregulations (4) and (5), if there is, by reason of an act of an employer, a reduction in the rate, or discontinuance, of the salary payable in respect of 1 or more of the positions or offices occupied by a contributor to whom this regulation applies, the contributor's salary will, for the purpose of determining contributions and benefits, be taken to be the aggregate of the salaries paid or payable to the contributor in respect of each such position or office immediately before the reduction or discontinuance occurred, adjusted from time to time to reflect changes in salary for each relevant position or office.

- (4) If a position or office by reference to which the amount taken to be salary is determined under subregulation (3) ceases to exist, or the classification of the position or office is changed, the contributor's salary in respect of that position or office will, for the purpose of determining contributions and benefits under that subregulation, be taken to be the salary payable in respect of that position or office immediately before it ceased to exist or its classification was changed, adjusted to reflect changes in the Consumer Price Index from that time.
- (5) If, following a reduction or discontinuance referred to in subregulation (3), there is an increase in the time worked by a contributor to whom this regulation applies, the following provisions apply:
 - (a) the contributor's salary in respect of the position or office in relation to which the reduction or discontinuance occurred will, for the purpose of determining contributions and benefits, be determined in accordance with subregulation (3) as if any increase in salary associated with the increase in time worked had not occurred;
 - (b) however, if the contributor elects, in a manner approved by the Board, to have the increase in his or her salary taken into account, subregulation (3) will cease to apply in relation to the contributor and, instead, the contributor's salary will, for the purpose of determining contributions and benefits, be determined in accordance with subregulation (2).

30—Election to reduce salary

- (1) A contributor's salary will not be taken under regulation 29 to be the highest level of salary achieved by the contributor if the contributor has made an election under this regulation which has not been revoked.
- (2) If—
 - (a) the highest level of salary achieved by a contributor was achieved, pursuant to a TEC contract; and
 - (b) the contributor is now receiving a reduced salary (except where the reduction is due to a reduction in hours of employment or for disciplinary reasons),the contributor may, by written notice to the Board, elect that regulation 29 will not apply to him or her.
- (3) An election under subregulation (2) that has not been revoked remains in force despite the fact that the requirements of subregulation (2)(a) or (b) are no longer satisfied.
- (4) Where an election under subregulation (2) is in force, the contributor's salary for the purposes of calculating benefits will be determined in accordance with the following formula:

$$S = S_1 \left[\frac{CM - X}{CM} \right] + \frac{S_2 \times X}{CM}$$

Where—

S is the salary

S_1 is the highest level of salary (as determined in accordance with regulation 29) achieved by the contributor before the contributor's election under subregulation (1) adjusted to reflect changes in the level of remuneration under TEC contracts since the time of that election

CM is the number of contribution months in the contributor's contribution period

X is the number of contribution months in that part of the contributor's contribution period occurring after the election

S_2 is the amount that would, but for this subregulation, have been the contributor's salary for the purpose of determining benefits.

- (5) Subject to subregulation (6), an election under subregulation (2) cannot be revoked.
- (6) An election under subregulation (2) may be revoked by the contributor by written notice to the Board if the value in relation to the contributor of S_2 in the formula in subregulation (4) exceeds the value of S_1 in the formula.

- (2) For the purposes of section 43AO(3) of the Act, the amount of an associate pension will be determined by applying the following method:

$$AP = \frac{P(Mx + m)}{Ny + n}$$

Where—

AP is the amount of the associate pension payable for the life of the non-member spouse

P is the amount of the non-member spouse's share of the pension determined under section 43AO(1) of the Act

Mx+m is the conversion factor relating to the member spouse at age *x* completed years and *m* completed months and is derived by interpolating between age *x* and *x+1*, the factors from the table in Schedule 1 for the relevant type of pension interest and gender of the member spouse
