3—Interpretation

In these regulations—

Part 2—Statements and assessment of duty

4—Statements

- (1) Pursuant to section 12(1) of the Act, an administrator must, within 14 days of the grant of administration, file with the commissioner—
 - (a) a statement containing the information specified in Form 1 of Schedule 1; and
 - (b) a statement containing the information specified in either Form 2 or Form 3 of Schedule 1, as the commissioner considers appropriate.
- (2) The commissioner may exempt an administrator from providing any information required under this regulation.
- (3) Pursuant to section 12(3) of the Act—
 - (a) the commissioner may direct a trustee, guardian, committee or person to file a statement by delivering or sending by post to the last known residential or business address or address for service of the trustee, guardian, committee or person a notice signed by the commissioner; and
 - (b) the prescribed time, within which a statement must be filed by a trustee, guardian, committee or person in accordance with a direction by the commissioner, is 21 days.

5—Filing of statements

A statement or document may be filed with the commissioner by delivering it or sending it by post to the commissioner's office.

6—Commissioner to assign reference number

- (1) When a statement of particulars of a new administration or property liable to duty under the Act is filed with the commissioner, the commissioner must assign a reference number to the statement.
- (2) A person presenting or filing a document in connection with a statement that has been assigned a reference number under this regulation must mark the document with that reference number.

7—Assessment of duty if statement not filed etc

- (1) The commissioner may assess duty under section 16 of the Act in the same way as the commissioner assesses duty where a satisfactory statement has been filed, based on any information available to the commissioner.
- (2) Following an assessment under this regulation, the commissioner must prepare a notice showing the duties assessed and the information used by the commissioner to make the assessment.
- (3) A copy of a notice prepared under subregulation (2) must be forwarded by post to the administrator or any other person required or directed to file a statement or, if no such person can be identified, to any person interested in the estate of the deceased.
- (4) The copy must be forwarded to the last known residential or business address of the administrator or other person.
- (5) If no statement is filed in relation to the estate as required by the Act and these regulations by the date specified in a notice forwarded under this regulation (being not less than 14 days from the date that the notice was forwarded by the commissioner), the commissioner's assessment of duty under this regulation will be binding and the commissioner may recover the duty as if a statement had been filed and approved in accordance with the Act and these regulations.
- (6) Nothing in this regulation affects a right of appeal under section 61 of the Act.

8—Request for separate assessments of duty

- (1) A person interested in property that is liable to duty may request the commissioner to make separate assessments of the duty payable in respect of separate parts of the property.
- (2) The commissioner must comply with all reasonable requests under subregulation (1).

Part 3—Appeals

9—Institution and determination of appeals

- (1) A person who wants to appeal under section 61 of the Act from or against an assessment of the commissioner must, within 60 days after receiving notice of the assessment, give notice in writing to the commissioner of his or her intention to appeal and the grounds of the appeal.
- (2) An appeal must be instituted not more than 14 days after the date that notice was given to the commissioner under subregulation (1).

Part 4—Valuation of property

10—Commissioner may require valuation of property

- (1) The commissioner may require evidence of the value of any property liable to duty.
- (2) If no evidence of the value of property is furnished to the commissioner, or the evidence furnished is, in the commissioner's opinion, unsatisfactory, the commissioner may appoint a person to value the property and may assess the duty payable by reference to that valuation.

- (3) The person liable to pay the duty is liable to pay to the commissioner the expenses of, or incidental to, the making of a valuation under subregulation (2).

11—Commissioner may fix net annual value

If the net annual value of any property is uncertain, or the commissioner is dissatisfied with the net annual value placed on any property by the administrator or any other person, the commissioner may direct that the net annual value of the property will be taken to be 4% of the net capital value of the property.

12—Life interests etc

- (1) For the purpose of determining the net present value of a life interest in property or other estate or interest for a limited period in property, the life interest or other estate or interest will be treated as if it were an annuity of an amount equal to the net annual value of the property and will be assessable with duty accordingly.
- (2) The fact that a life interest is liable to cease on the happening of some uncertain event will not be taken into account in determining the value of that life interest.

13—Ultimate remainders and reversions

The net present value of a remainder or reversionary interest expectant on the termination of a prior annuity or other interest in property assessed or assessable with duty as an annuity will be calculated by deducting the net present value of the annuity or other interest from the total value of the estate or interest passing to the ultimate beneficiary.

14—Increase of benefit

For the purpose of determining the net present value of an increase of benefit chargeable with duty under section 8 of the Act, the following rules apply:

- (a) if the increase has occurred because of the extinction or termination of a charge, encumbrance, estate or interest that was created by a non-testamentary disposition and was extinguished or terminated on or by reference to the death of a person, the increase will be treated as if it were an annuity of an amount equal to the net annual value of the charge, encumbrance, estate or interest and will be assessable with duty accordingly;
- (b) if the increase has occurred because of the extinction or termination of a benefit reserved or assured to the grantor or any other person until his or her death, or for a period ascertainable only by reference to the death of a person, that was created by a reservation, assurance or contract in or accompanying a non-testamentary disposition of property (not being a genuine sale made in good faith), the increase will be treated as if it were an annuity of an amount equal to the net annual value of the benefit reserved or assured and will be assessable with duty accordingly.

15—Annuities etc

- (1) The net present value of an annuity or an interest in property that is assessable with duty as an annuity will be calculated, after deduction of the value of any prior estate or interest, in accordance with the tables contained in Death Duty Tables by A.W. Norman, published by Butterworth and Co. (Australia) Ltd. (the *tables*).

- (2) The commissioner must ensure that a copy of the tables is kept available for inspection by members of the public, without charge and during normal office hours, at the commissioner's office.

Part 5—Other powers of commissioner

16—Powers of commissioner

- (1) The commissioner may, in order to determine any facts or circumstances affecting the liability of property to duty under the Act—
 - (a) by summons, require the appearance of any person or the production of any relevant records or documents including written records or documents that reproduce in a readily understandable form information kept by computer, microfilm or other process; and
 - (b) inspect any records or documents produced and retain them for any reasonable period he or she thinks fit, and make copies of them or of any of their contents; and
 - (c) require a person who has access to information that is, in the opinion of the commissioner, relevant to the liability of any property to duty under the Act, to provide that information to the commissioner in writing; and
 - (d) require a person appearing before him or her to make an oath or affirmation (which the commissioner may administer) to answer truthfully all questions relevant to the liability of any property to duty under the Act and to any records or documents that are relevant to the liability of any property to duty under the Act.
- (2) If a person—
 - (a) who has been served with a summons to appear before the commissioner fails, without reasonable excuse, to appear in obedience to the summons; or
 - (b) who has been served with a summons to produce relevant records or documents fails, without reasonable excuse, to comply with the summons; or
 - (c) who has been required to provide information to the commissioner—
 - (i) fails, without reasonable excuse, to do so in the form directed by the commissioner; or
 - (ii) provides information knowing it to be false or misleading in a material particular; or
 - (d) refuses to be sworn or to affirm, or refuses or fails to answer truthfully any relevant question, when required to do so by the commissioner; or

17—Address to be provided
