ADVICE TO NOTICE RECIPIENT

CATEGORY 2 OR 3 OFFENCE OR REFUSE/FAIL TO COMPLY (Alcohol or Drug) – Section 47IAA of the Road Traffic Act 1961

Review of Licence Suspension / Disqualification - Road Traffic Act 1961, Section 47IAB

- (1) A person who has been given a notice of immediate licence disqualification or suspension under section 47IAA or who has been sent particulars of such a notice by the Registrar of Motor Vehicles may apply to the Magistrates Court for an order—
 - (a) that the person is not disqualified, or the person's driver's licence is not suspended, by the notice; or
 - (b) reducing the period of disqualification or suspension applicable under the notice.
- (2) The Magistrates Court may, on an application under subsection (1), make an order—
 - (a) that the person is not disqualified, or the person's driver's licence is not suspended, by the notice if—
 - (i) the Court is satisfied, on the basis of oral evidence given on oath by the applicant that there is a reasonable prospect that the applicant would, in proceedings for the offence to which the notice relates, be acquitted of the offence and the evidence before the Court does not suggest that the applicant may be guilty of another offence to which section 47IAA applies; or
 - (ii) the Court is satisfied that the person has not been charged with any offence to which section 47IAA applies and that the prosecution authorities have had a reasonable time, in the circumstances, within which to make a determination as to the laying of charges against the person; or
 - (b) reducing the period of disqualification or suspension applicable under the notice if—
 - (i) the offence to which the notice relates is a category 2 or category 3 offence that is a first offence and the Court is satisfied, on the basis of oral evidence given on oath by the applicant, that there is a reasonable prospect that the applicant might, in proceedings for the offence to which the notice relates, successfully argue that the offence was trifling (in which case the Court must order that the period of disqualification or suspension be reduced to a period of 1 month); or
 - (ii) the offence to which the notice relates is a category 3 offence and the Court is satisfied, on the basis of oral evidence given on oath by the applicant, that there is a reasonable prospect that the applicant would, in proceedings for the offence to which the notice relates, be acquitted of the offence but the evidence before the Court suggests that the applicant may be guilty of a category 2 offence (in which case the Court must order that the period be reduced to a period of 6 months).
- (3) The application must be commenced by lodging written application with the Magistrates Court, in the form prescribed by rules of the Court, setting out the grounds on which the application is made and particulars of the evidence that will be relied on by the applicant.
- (4) The Commissioner of Police—
 - (a) must be served, by an applicant for an order under this section, with a copy of the application as soon as practicable after the application is made; and
 - (b) is a party to the application; and
 - (c) may (but is not required to) appear at the hearing represented by legal counsel or a police officer.

Form 2—Prescribed oral advice

(Section 47E(4)(ab) of Act)

Road Traffic Act 1961

Oral advice on refusal or failure to comply with alcotest or breath analysis direction: section 47E(4)(ab)

It is a criminal offence to refuse or fail to provide a breath sample without good cause. You could be fined and lose your licence for 12 months or more.

It is a defence if you have some physical or medical condition that prevents you from providing a breath sample, but only if you ask for a sample of your blood to be taken instead or can show that your condition also prevents the taking of blood.

If you want a blood sample taken because of your condition, you should ask for that and the police will help you to have the sample taken at Government expense.

Form 3—Prescribed oral advice

(Section 47EAA(10)(b) of Act)

Road Traffic Act 1961

Oral advice on refusal or failure to comply with drug screening test, oral fluid analysis or blood test direction: section 47EAA(10)(b)

It is a criminal offence to refuse or fail to provide a sample of oral fluid or blood without good cause. You could be fined and lose your licence for 6 months or more.

It is a defence if you have some physical or medical condition that prevents you from providing a sample of oral fluid or blood [whichever is applicable], but only if you ask for a sample of your blood or oral fluid [whichever is applicable] to be taken instead.

If you want a sample of blood or oral fluid [whichever is applicable] taken because of your condition, you should ask for that and the police will help you to have the sample taken at Government expense.

Form 4—Prescribed oral advice and written notice
(Section 47K(2a)(a) of Act)

Part A—Oral advice for the purposes of section 47K(2a)(a) of Road Traffic Act 1961

The breathalyser reading just taken shows that you had a prohibited level of alcohol in your blood.

Therefore, it appears that you have committed an offence against section 47B of the Road Traffic Act.

In any court proceedings for that offence, or for an offence against section 47 of the Road Traffic Act (driving under the influence of liquor), it will be presumed that the breathalyser accurately indicated your blood alcohol level at the time of the reading and for the preceding two hours. However, the Road Traffic Act allows for contrary evidence based on the results of a blood test.

If you want to have such a blood test you will have to make your own arrangements and follow certain procedures, using a special blood test kit. This blood test kit will be supplied to you on your signing a written request.

If you obtain a blood test kit and want to have your blood tested, you should take the kit promptly to a hospital or medical practitioner in order to have a sample of your blood taken.

[*Alternatively, you may have the sample taken by a registered nurse.]

You must not consume any more alcohol before having a sample of your blood taken and must not open the blood test kit before delivering it to a medical practitioner [*or registered nurse].

Under the blood test procedure, the sample of blood is divided and sealed in two containers. You will have to sign a form that will be given to you by the medical practitioner [*or registered nurse].

One of the sealed containers will be given to you and you may make your own arrangements to have the blood in that container analysed.

In any event, the blood in the other container will be analysed by Forensic Science SA and you will be given written notice of the results of the analysis.

Further information as to these matters is contained in the written notice which will be delivered to you shortly.

* Advice as to the alternative of a registered nurse is to be given only if the breath analysis was conducted outside Metropolitan Adelaide.

Part B—Written notice for the purposes of section 47K(2a)(a) of *Road Traffic Act 1961*

Operation of Road Traffic Act in relation to results of breath analysis

1 Offence

A person commits an offence against section 47B(1) of the *Road Traffic Act 1961* if the person—

- (a) drives a motor vehicle; or
- (b) attempts to put a motor vehicle in motion,

while there is present in his or her blood the prescribed concentration of alcohol (as defined in section 47A of the Act).

2 Breath analysis

Your breath has just been analysed by means of a breath analysing instrument which indicated that the prescribed concentration of alcohol was present in your blood.

Accordingly, it appears that you have committed the offence described above.

3 Legal effect of breath analysis result

In proceedings for the offence described above or an offence against section 47(1) of the *Road Traffic Act 1961* (driving under the influence of liquor), the result of the breath analysis will be presumed to accurately record the concentration of alcohol in your blood at the time of the analysis and throughout the preceding 2 hours (section 47K(1),(1ab)).

In any proceedings against you for such an offence, you will be able to challenge the accuracy of the breath analysis reading—

- if you have a sample of your blood taken and analysed as described below AND
- if the result of analysis of the blood sample shows that the breath analysing instrument gave an exaggerated reading of the concentration of alcohol present in your blood (section 47K(1a)).

Procedures for optional blood test

- 1 You may have a sample of your blood taken and analysed if you wish.
 - 2 For that purpose, you must request the breath analysis operator to supply you with an approved blood test kit (you must sign a written request form for the kit and should retain a copy of the signed request form).
 - 3 You should then proceed promptly to a hospital or a medical practitioner [*or registered nurse] of your choice and request that a sample of your blood be taken (using the blood test kit).
 - 4 Do not consume any further alcohol before the sample is taken.
 - 5 Do not open the blood test kit.
 - 6 The medical practitioner [*or registered nurse] taking the sample of your blood will divide it and place it into two containers and seal the containers. One container will be delivered to you—do not break the seal on this container.
 - 7 Sign the form presented to you by the medical practitioner [*or registered nurse]—the original of the form will be given to you which you should retain.
 - 8 You may, if you wish, have the blood sample (in the container delivered to you) analysed at a laboratory to determine the concentration of alcohol present in the blood.
 - 9 The other blood sample container will, in any event, be sent to Forensic Science SA where the blood will be analysed. The results of this analysis will be sent to you at your address (as indicated on the form presented to you by the medical practitioner [*or registered nurse] who took the blood sample).
- * The alternative of a registered nurse applies only if the breath analysis was conducted outside Metropolitan Adelaide.

Entitlement to view photographic evidence

You are entitled to see the photographic evidence.

A copy of the photographic evidence on which the allegation is based:

- will, on written application to the Commissioner of Police, be sent by post to you at the address nominated by you in the written application or, in the absence of such a nomination, to your last known address; and
- may be viewed by telephoning the Expiation Notice Branch and making an appointment.

Statutory Declarations

The Commissioner of Police will, in relation to the question of withdrawal of the expiation notice, reminder notice or complaint, give due consideration to any exculpatory evidence (ie evidence indicating that you have a defence under the relevant legislation or are otherwise not liable for the offence) that is verified by statutory declaration. A statutory declaration must be furnished to the Commissioner before the due date for payment specified in the enclosed expiation notice or expiation reminder notice or, if the enclosed document is a summons, within 21 days after the date of issue of the summons.

You must provide the following information in the statutory declaration:

- your full name and address; and
- expiation notice number (where relevant); and
- motor vehicle registration number; and
- details of the defence or other exculpatory circumstances (in keeping with the requirements of the relevant legislation).

Examples—

Similarly, in relation to an offence against section 79B of the *Road Traffic Act 1961*, if you are nominating another person as the driver of the vehicle at the relevant time you would need to provide that person's name and address or if you do not know the identity of the driver you would need to specify that fact and outline why the driver's identity is not known and what enquiries you have made to ascertain the driver's identity. If the allegation of an offence against section 79B, or an allegation of a speeding or reckless or dangerous driving offence, is based on evidence of the average speed of the vehicle between 2 locations you would need to provide this information in relation to each person who drove the vehicle during that time (if there was more than 1) and in the case of an offence against section 79B state whether or not you were 1 of those persons.

If, in relation to an offence against section 9(3) or 102(2) of the *Motor Vehicles Act 1959*, you are claiming the defence set out in section 9(4a) or 102(3aa), you would need to specify that the vehicle was not driven or left standing on the road by you at the time of the alleged offence and you would need to provide details of the steps you took to ensure that people who might use the vehicle would have been aware that it was unregistered or uninsured.

The statutory declaration must be witnessed by one of the following:

- Justice of the Peace (including ID No.)
- Proclaimed Police Officer
- Commissioner for taking affidavits.

NOTE: It is an offence to make a statutory declaration that you know to be untrue in a material particular. The maximum penalty is 4 years imprisonment.
