Schedule 1—Fees

Schedule 2—Expiation fees

1—Short title

These regulations may be cited as the *Controlled Substances (Poppy Cultivation) Regulations 2016*.

2—Commencement

These regulations will come into operation on the day on which the *Controlled Substances (Poppy Cultivation) Amendment Act 2015* comes into operation.

3—Interpretation

In these regulations, unless the contrary intention appears—

Act means the *Controlled Substances Act 1984*;

approved means approved by the Chief Executive;

poppy cultivation area means an area of land within specified premises where alkaloid poppies are cultivated under a poppy cultivation licence;

poppy cultivation period means a period commencing on the day on which alkaloid poppies are sown in a poppy cultivation area and ending on the day on which the harvesting of alkaloid poppies growing in the area is completed.

4—Application for poppy cultivation licence—prescribed particulars (section 30D(3)(d) of Act)

An application for a poppy cultivation licence must be accompanied by the full name, date of birth, residential address and position of each person to be employed in carrying out activities in the business to be conducted under the licence.

5—Poppy cultivation licence—prescribed conditions (section 30G(5) of Act)

A poppy cultivation licence is subject to the following conditions:

- (a) a condition that the licensed grower must ensure that any gate providing access to a poppy cultivation area is securely locked unless the licensed grower, or an employee of the licensed grower who is authorised to undertake activities in the business conducted under the licence, is present in the poppy cultivation area;
- (b) a condition that the licensed grower must ensure that there is sufficient fencing to a poppy cultivation area to—
 - (i) prevent access to the poppy cultivation area by any livestock that are present on the specified premises or any adjacent land; and
 - (ii) restrict access to the poppy cultivation area to persons who are authorised to access the area;
- (c) a condition that the licensed grower must ensure that a legible sign of A3 size or greater that—
 - (i) includes the words "danger," "prohibited area," "keep out," "trespassers prosecuted" and "illegal use of crop may cause death"; and
 - (ii) is weather resistant,is displayed during a poppy cultivation period at every gate providing access to, and along the fence or boundary of, the poppy cultivation area (and is placed at intervals of not more than 250 metres along the fence or boundary if it is adjacent to a public road);
- (d) a condition that the licensed grower must ensure that any alkaloid poppy material remaining on the poppy cultivation area after the harvesting of alkaloid poppies is destroyed within 7 days of the harvest taking place;

- (e) a condition that a licensed grower must ensure that any alkaloid poppy that is found growing on the specified premises (other than within a poppy cultivation area) or on any land adjacent to the specified premises is destroyed before flowering occurs;
- (f) a condition that if a person ceases to be employed in carrying out activities in the business conducted under the licence, the licensed grower must give the Chief Executive notice of that fact within 14 days;
- (g) a condition that if a person becomes employed in carrying out activities in the business conducted under the licence, the licensed grower must, within 14 days after the person commences employment, give the Chief Executive notice of the full name, date of birth, residential address and position of the new employee;
- (h) a condition that if the licensed grower makes a change to the risk management plan under the licence, the licensed grower must give the Chief Executive notice of the change within 14 days after the change;
- (i) a condition that the licensed grower must ensure that any poppy plant material taken at different stages of the growing cycle for examination, testing and agronomic assessment (such as soil, nutrient, pest and disease testing) is sent in an approved manner to an approved laboratory or place;
- (j) a condition that the licensed grower must keep such documents and records as are specified in the risk management plan under the licence;
- (k) a condition that the licensed grower must ensure that, at least 1 week before the poppy cultivation area is sown with alkaloid poppy seed, the owners of properties that adjoin the poppy cultivation area, or that are separated from the poppy cultivation area only by a road, are given notice in writing—
 - (i) specifying—
 - (A) the name and contact details of the licensed grower; and
 - (B) the name of the person to whom the notice is given; and
 - (ii) containing a statement that alkaloid poppies are to be grown by the licensed grower and specifying the location of the poppy cultivation area and the date on which it is proposed to sow alkaloid poppy seed; and
 - (iii) containing a statement that livestock and unauthorised persons must be excluded from the poppy cultivation area for their safety; and
 - (iv) containing a warning that illegal use of an alkaloid poppy crop may cause death; and
 - (v) containing a warning that anyone who trespasses on the poppy cultivation area may be prosecuted.

6—Employee identification certificate issued by licensed grower—prescribed information (section 30J(2)(f) of Act)
