- by reason of—
- (c) the nature of the work performed by the designated worker at any time material to the calculation; or

the board may, by written notice to the designated worker and the designated worker's employer (if any), inform the designated worker (or their personal representative) and the employer that the board proposes to determine the designated worker's ordinary weekly pay under this Act to be a different amount.

- (2) A notice under subsection (1) must specify a time within which the designated worker (or their representative) and the employer may make written submissions to the industry board that the designated worker's ordinary weekly pay should be an amount different to the amount proposed by the board.
- (3) In making a determination under this section an industry board must take into account any written submission received within the time specified under subsection (2) and may otherwise inform itself in such manner as it thinks fit, but except as provided by this section an industry board is not required to give to any person notice of or an opportunity to answer or to be heard in relation to any matter taken into account by the board in making the determination.

5—Application of Act

- (1) This Act applies to a person's employment if the person—
- (a) is engaged under a contract of service in the community services sector to—
- (i) perform community services; or

- (b) is engaged under a contract of service in a designated sector to—
- (i) perform services prescribed as being part of the sector; or
 - (ii) support the provision of services prescribed as being part of the sector.
- (2) The following provisions apply in connection with subsection (1)(a)(ii):
- (a) the person must work in supporting the provision of community services for a proportion of at least one-half of the time when they work for the employer during any return period for the Act to apply to their employment in respect of that return period;

- (b) an employer may decide to register a person as a designated worker, and pay a levy in respect of that person, despite the fact that paragraph (a) does not apply and then, once the person is so registered, subsection (1)(a)(ii) will apply to that employment while the person is engaged under a contract of employment described in that paragraph.
- (3) Part 3, Part 4 and Part 6 do not apply to a person's employment (and consequently the person is not a designated worker for the purposes of those Parts) if the person's employer is a body corporate and the person is a director of the body corporate.
- (4) Subsection (3) does not limit the operation of section 57.
- (5) This Act does not apply in relation to employment by—

 - (c) a prescribed employer or an employer of a prescribed class.
- (6) Subsection (5)(a) does not apply in relation to employment within the ambit of a notice under section 6.

 - (f) a designated worker's entitlement to long service leave, or a payment on account of long service leave, is determined according to the worker's effective service entitlement in the relevant designated sector.

- (4) A designated worker, or a person acting on behalf of a designated worker, may inspect an entry on a register of designated workers that relates to the designated worker, without fee, and may obtain a copy of such an entry on the register on payment of the prescribed fee.

Part 4—Long service leave entitlements

34—Effective service entitlement

- (1) Subject to this Act, a designated worker's entitlement to long service leave, or payment on account of or in lieu of long service leave, is determined according to the worker's aggregate effective service entitlement.
- (2) A person will be credited with 3 months of effective service as a designated worker if they have—
 - (a) worked as a designated worker in the relevant designated sector for 1 or more days in a return period; or

- (b) 1 or more days of allowable absence from work in the relevant designated sector in a return period.
- (3) The total of months credited under subsection (2) to a person in relation to any return period applying under that subsection is the person's aggregate effective service entitlement.
- (4) Subject to this Act, a person does not need to be credited with effective service in consecutive return periods to retain their effective service entitlement.
- (5) If—
- (a) a designated worker who has an effective service entitlement of less than 120 months is dismissed from employment as a designated worker; and
 - (b) the relevant industry board is satisfied, after affording the former designated worker and their former employer an opportunity to be heard, that the designated worker was properly dismissed on the ground of serious and wilful misconduct,
- any effective service entitlement of the worker accrued in that employment is cancelled.
- (6) If—
- (a) a designated worker has an effective service entitlement of less than 84 months; and
 - (b) the designated worker has not previously had an effective service entitlement of 120 months or more; and
 - (c) the designated worker ceases to be employed as such for a continuous period that is equal to, or longer than, the preservation period for some reason other than physical or mental disability and no right to preservation of the effective service entitlement arises under this Act,
- the effective service entitlement will be cancelled (but the subsection does not apply where the designated worker continues to be employed by the person in whose employment the entitlement accrued (either wholly or in part) or where the designated worker continues to be employed by an employer within the relevant designated sector).
- (7) If a person takes long service leave, or receives a payment on account of or in lieu of long service leave, the person's effective service entitlement is reduced accordingly.
- (8) If an industry board is satisfied that a person has been incorrectly registered as a designated worker under this Act, the board may, in accordance with a policy adopted by the board—
- (a) cancel an effective service entitlement assigned to the person; and
 - (b) take such action as the board considers appropriate.

35—Crediting effective service under this Act and the *Long Service Leave Act 1987*

- (1) This section applies if a worker changes the capacity in which they work for an employer—
- (a) from work in a designated sector to work that is not in a designated sector; or

- (b) from work that is not in a designated sector to work in a designated sector.
- (2) If a person employed as a designated worker commences work in a different capacity in the service of the same employer, the following provisions apply:
- (a) the person's continuity of service is preserved, but only in respect of the aggregate of the periods of work undertaken in each capacity in the service of that employer (and not in respect of any periods of work undertaken with any other employer);
- (b) the period of effective service credited under this Act in respect of work undertaken by the person as a designated worker in the service of that employer (but no other employer) will be credited to the person under the *Long Service Leave Act 1987* (on the basis that 1 month of effective service under this Act is equivalent to 1 month of service under that Act) (and an effective service so credited will then be cancelled under this Act).
- (3) If a person employed in a capacity other than as a designated worker commences work as a designated worker in the service of the same employer, the following provisions apply:
- (a) the person's continuity of service is preserved, but only in respect of the aggregate of the periods of work undertaken in each capacity in the service of that employer (and not in respect of any periods of work undertaken with any other employer);
- (b) the period of service in respect of work undertaken by the person other than as a designated worker in the service of that employer (but no other employer) calculated in accordance with the *Long Service Leave Act 1987* up to the point of change in the nature of employment will be credited as effective service for the purposes of this Act (on the basis that 1 month of service under the other Act is equivalent to 1 month of effective service under this Act).
- (4) If—
- (a) a person's service under the *Long Service Leave Act 1987* includes a period of effective service credited under subsection (2); and
- (b) the person becomes entitled to long service leave, or to a payment in lieu of long service leave, under that Act,

the relevant industry board must pay to the person's employer (being the employer referred to in subsection (2)) an amount calculated as follows:

$$A = \frac{OWP \times M \times 1.3}{12}$$

where—

A is the amount payable

OWP is the person's ordinary weekly pay applicable under the *Long Service Leave Act 1987*

M is the total number of months of effective service entitlement of the person as a designated worker under this Act minus the portion of effective service entitlement representing work undertaken by the person as a designated worker in the service of any employer in the relevant designated sector other than the employer referred to in subsection (2).

- (5) If—
- (a) a person's effective service entitlement under this Act includes a period of service credited under subsection (3); and
 - (b) the person becomes entitled to long service leave, or to a payment on account of long service leave, under this Act,

the relevant industry board may recover from the person's employer (being the employer referred to in subsection (3)) an amount calculated as follows:

$$A = \frac{OWP \times D \times 1.3}{365}$$

where—

A is the amount payable

OWP is the person's ordinary weekly pay applicable under this Act

D is the person's period of continuous service accrued under the *Long Service Leave Act 1987* at the time that the person commenced work as a designated worker in the relevant designated sector (expressed in days).

- (6) This section operates subject to any provision made in the regulations to take into account service for which a person has already taken long service leave or received a payment on account of long service leave.

36—Crediting effective service between different designated sectors

- (1) This section applies if a worker changes the capacity in which they work for an employer from 1 designated sector (the *first sector*) to another designated sector (the *second sector*).
- (2) If a person employed as a designated worker commences work in a different designated sector (the second sector) in the service of the same employer, the following provisions apply:
- (a) the person's continuity of service is preserved;
 - (b) the period of effective service credited in respect of work undertaken by the person as a designated worker in the first sector will be credited to the person in respect of the long service leave scheme under this Act for the second sector;
 - (c) the industry board for the first sector will make a payment to the industry board for the second sector in accordance with a scheme established by the Minister for the purposes of this section.

- (3) If the person subsequently commences work as a designated worker in another designated sector in the service of the same employer (including by working again in the first sector), this section will apply in the same way as it applied to the first change of employment from 1 designated sector to another (and may be applied from time to time to subsequent changes in employment in different designated sectors in the service of the same employer).

37—Long service leave entitlement

- (1) Subject to this Act, a designated worker who has an effective service entitlement of 120 months or more is entitled to—

 - (b) 1.3 weeks of long service leave in respect of each subsequent 12 months of effective service entitlement.
- (2) The employer in the relevant designated sector by whom a designated worker is employed when the long service leave entitlement arises must grant long service leave to the person if the person applies to the employer to take leave.
- (3) After a person's long service leave entitlement arises, a subsequent employer in the relevant designated sector by whom the person is employed must grant long service leave to the person if the person applies to the subsequent employer to take the leave.
- (4) However—
 - (a) a person is not entitled to take long service long service leave under this section in respect of work with a particular employer in the relevant designated sector within the first 3 months after commencing work with that employer; and
 - (b) an application for long service leave must be made at least 2 months before the person seeks to commence the leave; and
 - (c) the commencement of long service leave must take into account the reasonable needs of the employer; and
 - (d) the employer and the person may agree that the worker take leave in separate periods subject to the qualification that each such period must be at least 1 week in duration; and
 - (e) the employer and the person may agree that the person will receive a payment in lieu of long service leave, or a part of long service leave (with the calculation of the payment corresponding to the payment that would be made if the person took the leave).
- (5) Subsection (4)(a) and (b) operate subject to any agreement between the employer and the person entitled to the leave about when the person will take long service leave.
- (6) An agreement under subsection (4)(e) must be in writing signed by the employer and the person.
- (7) If—
 - (a) a person takes long service leave; or

- (b) a person's employment with the employer referred to in subsection (2) comes to an end before the person takes accrued long service leave and the person, in the approved form, makes an election under this provision,

the industry board for the relevant designated sector must pay to the person an amount calculated multiplying the person's ordinary weekly pay by the period of leave referred to in paragraph (a) or (b) (as the case may be).

- (8) If an agreement is entered into under subsection (4)(e), the industry board for the relevant designated sector must pay the amount payable under the agreement.
- (9) An entitlement under this section applies subject to an enterprise agreement that provides for—

- (10) If an employer in a designated sector enters into an enterprise agreement that is within the ambit of subsection (9), the employer must provide a copy of the enterprise agreement to the relevant industry board within 21 days after the end of the return period in which the enterprise agreement was entered into.
- (11) If a person dies, any entitlement of the person under this section vests in the person's personal representative.

38—Leave allowed before entitlement accrues

- (1) An employer and a designated worker may agree on the worker taking long service leave in anticipation of the entitlement accruing to the worker under this Act if an enterprise agreement expressly provides for such an agreement.
- (2) The agreement is to be based on 1.3 weeks of leave in respect of each 12 months of effective service entitlement.
- (3) An agreement to take long service leave under this section must be in writing and signed by the employer and the person.
- (4) If an agreement is entered into under this section, the industry board for the relevant designated sector must pay to the person the amount that would be payable if the leave was being taken under section 37, including, if relevant, an enterprise agreement referred to in section 37(9).
- (5) If—
 - (a) a person takes long service leave under this section and receives a payment from an industry board; and
 - (b) before the entitlement to that leave accrues, the person ceases to work as a designated worker in the relevant designated sector for a continuous period of 12 months or more,

the industry board for the relevant designated sector may recover from the person an amount determined under the regulations (subject to any exception or qualification prescribed by the regulations).

39—Cessation of employment

- (1) If, on application to the industry board for the relevant designated sector in the approved form, the industry board is satisfied that—

 - (iii) ceased to work as a designated worker in the relevant designated sector and will not be working as a designated worker in the sector for a continuous period of 12 months or more (from the time when the person ceased to work as a designated worker in the sector),

the industry board must pay the person (or the person's personal representative) an amount calculated as follows:

$$A = \frac{OWP \times M \times 1.3}{12}$$

where—

A is the amount payable

OWP is the person's ordinary weekly pay applicable under this Act as at—

- (a) if the worker has died—the day of death;
- (b) in any other case—the day on which the person ceased work as a designated worker

- (2) Subject to this section, the levy payable by an employer is the declared percentage of the total remuneration paid to each of the employer's designated workers in the designated sector during the period to which the levy relates.
- (3) The percentage fixed by an industry board under this section—
- (a) may only be varied by the board—
 - (i) in accordance with an indication to the Minister under section 46(4)(b); and

- (6) For the purposes of this section, if an employer pays a designated worker at a rate that exceeds the rate that applies to the designated worker under this Act for the purpose of determining the worker's ordinary weekly pay, the amount of the excess may be disregarded for the purpose of calculating the remuneration paid by the employer.
- (7) In this section—
- declared percentage*** means a percentage fixed by the relevant industry board and declared by notice in the Gazette.

49—Returns by employers

- (1) Every employer in a designated sector must, within 21 days after the end of each return period, furnish the relevant industry board with a return in the approved form containing such information as may be prescribed or required by the approved form.
- (2) The return must be accompanied by the levy payable by the employer in respect of the return period.

- (5) An employer must not contravene a requirement imposed under this section.
Maximum civil penalty: \$10 000.

53—Refund of overpayments

- (1) If a levy is overpaid, the industry board that received the payment must refund the amount of the overpayment within the period prescribed by the regulations.
- (2) If a levy has been paid incorrectly and the relevant industry board subsequently discovers, as a result of an error associated with the payment of the levy, it has made a payment in respect of a long service leave entitlement, or purported long service leave entitlement, for which it was not liable, the board may deduct from an amount that would otherwise be refunded under subsection (1) an amount equal to the payment made by the board as a result of the error.

Part 7—Review

54—Review by SAET

A person who is dissatisfied with a decision of an industry board under this Act may, within 30 days after the day on which the decision was made (or within such longer period as SAET may allow), apply to SAET under Part 3 Division 1 of the *South Australian Employment Tribunal Act 2014* for a review of the decision.

Part 8—Civil penalties

56—Civil penalties

- (1) If the words "Maximum criminal penalty" and "Maximum civil penalty" both appear at the end of a provision of this Act, this indicates that the industry board for the relevant designated sector may, as an alternative to criminal proceedings, bring proceedings in SAET (constituted as the South Australian Employment Court) for the imposition of a civil penalty in respect of a contravention of the provision.
- (2) If the words "Maximum civil penalty" appear at the end of a provision of this Act without the words "Maximum criminal penalty", this indicates that the industry board for the relevant designated sector may bring proceedings in SAET (constituted as the South Australian Employment Court) for the imposition of a civil penalty in respect of a contravention of the provision (and in such a case a contravention does not constitute a criminal offence).
- (3) The proceedings in SAET for the imposition of a civil penalty in respect of a contravention may be brought against any person who is involved in the contravention (and a person who is found to have been involved in a contravention of a provision is taken to have contravened the provision).
- (4) A person is *involved in a contravention* of a provision if (and only if) the person—
 - (a) has been in any way, by act or omission, directly or indirectly, knowingly concerned in or party to the contravention; or
 - (b) has induced the contravention, whether by threats or promises or otherwise; or
 - (c) has aided, abetted, counselled or procured the contravention; or
 - (d) has conspired with others to effect the contravention.
- (5) If in proceedings for the imposition of a civil penalty SAET is satisfied, on the balance of probabilities, that the person against whom the proceedings are brought has contravened the provision to which the proceedings relate, SAET may order the person to pay an amount as a civil penalty not exceeding the amount specified by this Act as the maximum civil penalty in relation to that contravention.
- (6) If conduct of a person constitutes a contravention of 2 or more provisions of this Act, a civil penalty may be imposed in relation to the contravention of any 1 or more of those provisions (provided that the person is not liable to pay more than 1 amount as a civil penalty in respect of the same conduct).
- (7) If proceedings are brought against a person for the imposition of a civil penalty under this section, criminal proceedings may not be brought against the person in respect of the same contravention (or alleged contravention).
- (8) Proceedings for the imposition of a civil penalty under this section may only be brought by an industry board.
- (9) The amount of any civil penalty is payable to the industry board that brought the proceedings.

- (10) Proceedings for the imposition of a civil penalty under this section may be commenced at any time within 6 years after the day on which the relevant contravention occurred.
- (11) SAET must apply the rules of evidence and procedure when hearing proceedings under this section.
- (12) SAET may, in any proceedings under this section, only order a party to pay costs to another party if SAET believes that the party ordered to pay the costs has acted unreasonably and, in so doing, caused the other party to incur costs or additional costs.
