3—Objects of Act

- (1) The object of this Act is to establish a scheme that supports workers who suffer injuries at work and that has as its primary objective to provide early intervention in respect of claims so as to ensure that action is taken to support workers—
 - (a) in realising the health benefits of work; and
 - (b) in recovering from injury; and
 - (c) in returning to work (including, if required, after retraining); and
 - (d) in being restored to the community when return to work is not possible.
- (2) In connection with subsection (1), the other objectives that apply with respect to this Act are—
 - (a) to ensure that workers who suffer injuries at work receive high-quality service, are treated with dignity, and are supported financially; and
 - (b) to ensure that employers' costs are contained within reasonable limits so that the impact of work injuries on South Australian businesses is minimised; and
 - (c) to provide a reasonable balance between the interests of workers and the interests of employers; and
 - (d) to reduce the overall social and economic cost of work injuries to the State and to the community; and
 - (e) to support activities that are aimed at reducing the incidence of work injuries; and
 - (f) to reduce disputation when workers are injured at work by improving the quality of decision-making and by reducing adversarial contests to the greatest possible extent.
- (3) A person exercising judicial, quasi-judicial or administrative powers must interpret this Act in the light of its objects and these objectives without bias towards the interests of employers on the one hand, or workers on the other.

5—Average weekly earnings

- (1) Subject to this section, the average weekly earnings of an injured worker is the average weekly amount that the worker earned during the period of 12 months preceding the relevant date in relevant employment.

- (2) For the purposes of subsection (1), other than where subsection (2a) applies, relevant employment is constituted by—
- (a) employment with the employer from whose employment the injury arose; and
 - (b) if the worker was, at the time of the occurrence of the injury, in the employment of 2 or more employers, employment with each such employer.
- (2a) This subsection applies if—
- (a) the work injury that results in incapacity for work is a prescribed dust/fibre disease; and
 - (b) the injured worker elects to have this subsection apply rather than subsection (2).
- (2b) For the purposes of subsection (1), if subsection (2a) applies, relevant employment is constituted by—
- (a) employment with the worker's employer at the time that the prescribed dust/fibre disease is diagnosed by a medical practitioner; and
 - (b) if the worker is, at the time of that diagnosis, in the employment of 2 or more employers, employment with each such employer.
- (2c) An election under subsection (2a)(b)—
- (a) must be made in a manner and form approved by the Corporation; and
 - (b) cannot be withdrawn by the worker.
- (3) For the purposes of this section, any amount paid while a worker was on annual, sick or other leave will be taken to be earnings.
- (4) If during the period of 12 months before the relevant date the worker had changed the circumstances of his or her employment from working casually or seasonally to working in permanent employment (whether on a full-time or part-time basis) and the worker was in that permanent employment on the relevant date, the worker's average weekly earnings may be determined by reference to the average weekly amount that the worker earned during the period of that permanent employment rather than during the period of 12 months preceding the relevant date, unless to do so would disadvantage the worker.
- (5) If a worker voluntarily (otherwise than by reason of an incapacity resulting from a work injury)—
- (a) reduces the normal number of hours worked; or
 - (b) alters the nature of the work performed with the result that a reduction occurs in the worker's weekly earnings,

any period before the reduction or alteration takes effect will be disregarded for the purposes of determining average weekly earnings.

-
- (6) In addition, if by reason of the shortness of time during which the worker has been in employment, the terms of the worker's employment or for any other reason, it is not possible to arrive at a fair average, the worker's average weekly earnings may be determined by reference to the average weekly amount being earned by other persons in the same employment with the same employer who perform similar work at the same grade as the worker or, if there is no person so employed, by other persons in the same class of employment who perform similar work at the same grade as the worker.
- (7) If a worker is a contractor rather than an employee, the worker's average weekly earnings will be determined by reference to the rate of pay that the worker would have received if the worker had been working as an employee and, if there is an award or industrial agreement applicable to the class and grade of work in which the worker was engaged, the worker's average weekly earnings will be determined by reference to that award or industrial agreement.
- (8) If—
- (a) an employer is a body corporate; and
 - (b) the worker is a director as well as an employee of the employer,
- the worker's average weekly earnings will be determined by reference to the remuneration (calculated on a weekly basis) last reported in a return from the employer to the Corporation under Part 9 Division 7 (unless the Corporation determines that there is good cause not to apply this subsection in the circumstances of the particular case).
- (9) If because of a work injury or the gradual onset of a work injury it appears that the level of earnings of an injured worker prior to the relevant date were affected by the injury, the average weekly earnings of the worker must be set at an amount that fairly represents the weekly amount that the worker would have been earning if the level of earnings had not been so affected.
- (10) The average weekly earnings of an injured worker who—
- (a) was not a full-time worker immediately before the relevant date; and
 - (b) immediately before the relevant date had been seeking full-time employment; and
 - (c) had been predominantly during the preceding 18 months a full-time worker,
- will be taken to be the average weekly earnings of the worker while employed in full-time employment during the period of 18 months preceding the relevant date.
- (11) If a worker who suffers a permanent incapacity (whether total or partial) is under the age of 21 years, the average weekly earnings of the worker must be determined by applying the rate of pay that would have been payable to the worker had the worker been 21 years old and if a worker who suffers a permanent incapacity (whether total or partial) is an apprentice, the average weekly earnings of the worker must be determined by applying the rate of pay that would have been payable to the worker had the worker completed the apprenticeship (and this determination may have effect (if not before) when it is determined that a worker has a permanent incapacity under a redetermination under section 31).

- (12) For the purposes of determining the average weekly earnings of a worker—
- (a) any component of the worker's earnings attributable to overtime will be disregarded if, at the relevant date, the worker had no reasonable expectation to work overtime within the foreseeable future because of a change in employment arrangements or work practices, or other relevant factors, announced, introduced or occurring on or before the relevant date, but otherwise payments attributable to overtime will be taken into account; and
 - (b) to the extent that a worker has worked overtime that is to be taken into account, the component for overtime will be an amount calculated as follows:

$$C = \frac{A}{B}$$

where

C is the amount of the component

A is the total of the amounts paid or payable to the worker for overtime during the period used to calculate the average weekly earnings of the worker under a preceding subsection (the *relevant period*)

B is the number of weeks in the relevant period during which the worker worked or was on annual, sick or other paid leave.

- (13) For the purposes of determining the average weekly earnings of a worker—
- (a) any amount otherwise payable to the worker that has been the subject of a voluntary salary sacrifice for superannuation purposes by the worker will be taken into account as earnings; and
 - (b) any non-cash benefit of a prescribed class provided to the worker by an employer—
 - (i) will be taken into account if the worker does not retain the benefit of the non-cash benefit (and valued after taking into account any principles specified by this Act or prescribed by the regulations); and
 - (ii) will not be taken into account if the worker retains the benefit of the non-cash benefit.
- (14) Despite a preceding subsection, the following will be disregarded for the purposes of determining the average weekly earnings of a worker:
- (a) any contribution paid or payable by an employer to a superannuation scheme for the benefit of the worker;
 - (b) any prescribed allowances.
- (15) Despite a preceding subsection—
- (a) if an injured worker's remuneration was, at the relevant date, covered by an award or industrial agreement, the worker's average weekly earnings will not be less than the weekly wage to which the worker was then entitled under the award or industrial agreement; and

-
- (b) if, but for this paragraph, the average weekly earnings of a worker (not being a self-employed worker) would be less than the Federal minimum wage applying in relation to the worker (adjusted, in the case of a worker who was working at the relevant date on a part-time basis, in accordance with the regulations so as to provide a pro-rata amount), the average weekly earnings will be fixed at the Federal minimum wage (or, if relevant, the Federal minimum wage as so adjusted); and
- (c) the average weekly earnings of a worker will in no case be fixed at more than twice State average weekly earnings.
- (16) For the purposes of this section—
- (a) a reference to the relevant date is a reference to—
- (i) unless subparagraph (ii) applies—the date on which the relevant injury occurs; or
- (ii) if the worker has made an election under subsection (2a)(b)—the date on which the prescribed dust/fibre disease to which the election relates is diagnosed by a medical practitioner; and
- (b) a reference to a worker who is working on a part-time basis is a reference to a worker who, after taking into account the usual work patterns of workers in employment of the kind in which the worker is working at the relevant date, is not working the number of hours per week that can be taken to constitute full-time employment.
- (17) The Minister must not make a recommendation to prescribe a disease as a prescribed dust/fibre disease unless—
- (a) the Minister has consulted with—
- (i) 1 or more professional associations representing medical practitioners, including the Australian Medical Association (South Australia) Incorporated; and
- (ii) the Corporation; and
- (iii) the Advisory Committee; and
- (b) the Minister is satisfied that it will be reasonable for the disease to be prescribed.
- (18) In this section—
- prescribed dust/fibre disease*** means a disease, attributable to exposure to a form of dust or to fibres, prescribed for the purposes of this definition by regulation made on the recommendation of the Minister (see subsection (17)).

6—Act to bind Crown

This Act binds the Crown in right of the State and also, so far as the legislative power of the State extends, in all its other capacities.

Part 2—Key principles, concepts and requirements

Division 1—Connection with employment

7—Injury must arise from employment

- (1) This Act applies to an injury if (and only if) it arises from employment.
- (2) Subject to this section, an injury arises from employment if—
 - (a) in the case of a physical injury—the injury arises out of or in the course of employment and the employment was a significant contributing cause of the injury; and
 - (b) in the case of a psychiatric injury—
 - (i) the psychiatric injury arises out of or in the course of employment and the employment was the significant contributing cause of the injury; and
 - (ii) the injury did not arise wholly or predominantly from any action or decision designated under subsection (4).
- (3) In connection with the application of subsection (2) to an injury that is, or results from, the aggravation, acceleration, exacerbation, deterioration or recurrence of a prior injury (a *prescribed event*)—
 - (a) in the case of an injury other than a psychiatric injury—employment must be a significant contributing cause of the prescribed event; and
 - (b) in the case of a psychiatric injury—
 - (i) employment must be the significant contributing cause of the prescribed event; and
 - (ii) the prescribed event must not arise wholly or predominantly from any action or decision designated under subsection (4),

and then the injury is only compensable to the extent of and for the duration of the relevant aggravation, acceleration, exacerbation, deterioration or recurrence.

- (4) The following are designated for the purposes of subsection (2)(b)(ii) and (3)(b)(ii):
 - (a) reasonable action taken in a reasonable manner by the employer to transfer, demote, discipline, counsel, retrench or dismiss the worker or a decision of the employer not to renew or extend a contract of service;
 - (b) a decision of the employer, based on reasonable grounds, not to award or provide a promotion, transfer or benefit in connection with the worker's employment;
 - (c) reasonable administrative action taken in a reasonable manner by the employer in connection with the worker's employment;
 - (d) reasonable action taken in a reasonable manner under this Act affecting the worker.

- (5) For the purposes of this Act, a worker's employment includes—
- (a) attendance at the worker's place of employment on a working day but before the day's work begins in order to prepare, or be ready, for work; and
 - (b) attendance at the worker's place of employment during an authorised break from work; and
 - (c) attendance at the worker's place of employment but after work ends for the day while the worker is preparing to leave, or in the process of leaving, the place; and
 - (d) attendance at an educational institution under the terms of an apprenticeship or other legal obligation, or at the employer's request or with the employer's approval; and
 - (e) attendance at a place to receive a medical service, to obtain a medical report or certificate (or to be examined for the purpose), to receive recovery/return to work services or for the purposes of a recovery/return to work plan, or to apply for, or receive, compensation for a work injury.
- (6) Any injury attributable to surgery or other treatment or service performed with due care and skill by a person professing to have particular skills and undertaken or provided while attending at a place referred to in subsection (5)(e) will be taken to constitute part of the original work injury.
- (7) An injury does not arise from employment if it arises out of or in the course of the worker's involvement in a social or sporting activity, except where the activity forms part of the worker's employment or is undertaken at the direction or request of the employer.
- (8) An injury that arises out of or in the course of a journey arises from employment if (and only if)—
- (a) the journey is undertaken in the course of carrying out duties of employment; or
 - (b) the journey is between—
 - (i) the worker's place of residence and place of employment; or
 - (ii) the worker's place of residence or place of employment and—
 - (A) an educational institution the worker attends under the terms of an apprenticeship or other legal obligation, or at the employer's request or with the employer's approval; or
 - (B) a place the worker attends to receive a medical service, to obtain a medical report or certificate (or to be examined for that purpose), to receive recovery/return to work services or for the purposes of a recovery/return to work plan, or to apply for, or receive, compensation for a compensable injury,
- and there is a real and substantial connection between the employment and the journey being undertaken at the time of the accident out of which the injury arises.

-
- (9) However, the fact that a worker has an accident in the course of a journey to or from work does not in itself establish a sufficient connection between the accident and the employment for the purposes of subsection (8)(b).
- (10) The journey between places mentioned in subsection (8)(b) must be a journey by a reasonably direct route but may include an interruption or deviation if it is not, in the circumstances of the case, substantial, and does not materially increase the risk of injury to the worker.
- (11) If—
- (a) a worker's injury consists of the aggravation, acceleration, exacerbation, deterioration or recurrence of a pre-existing coronary heart disease; and
 - (b) the injury arises in the course of employment,
- it will be presumed, in the absence of proof to the contrary, that the employment was a significant contributing cause of the injury.

8—Effect of misconduct etc

- (1) A worker who is acting in connection with, and for the purposes of, the employer's trade or business is presumed to be acting within his or her employment despite the fact that—
- (a) the worker is acting in contravention of a statutory or other regulation applicable to the employment; or
 - (b) the worker is acting without, or in contravention of, instructions from the employer.
- (2) However, a worker will not be entitled to receive any services or benefits under this Act in relation to an injury if—
- (a) the worker is guilty of misconduct or acts in contravention of instructions from the employer during the course of an attendance under section 7(5); or
 - (b) it is established on the balance of probabilities that the injury is wholly or predominantly attributable to—
 - (i) serious and wilful misconduct on the part of the worker; or
 - (ii) the influence of alcohol or a drug voluntarily consumed by the worker (other than a drug lawfully obtained and consumed in a reasonable quantity by the worker).
- (3) Subsection (2)(a) does not apply in a case of death or permanent total incapacity for work and subsection (2)(b) does not apply in the case of death or serious and permanent injury.

9—Evidentiary provision

- (1) Subject to this section, an injury is not compensable under this Act unless it is established on the balance of probabilities that it arises from employment.

- (2) Subsection (1) operates—
- (a) subject to the qualification that if a worker suffers an injury of a kind referred to in the first column of Schedule 2 and has been employed in work of a type referred to in the second column of Schedule 2 opposite the injury, the worker's injury is presumed, in the absence of proof to the contrary, to have arisen from employment; and
 - (b) subject to Schedule 3.
- (3) If a worker retires or is retired from employment on account of age or ill-health and the worker makes a claim for noise induced hearing loss after the expiration of 2 years from the date of the retirement, subsection (2)(a) does not apply in relation to that claim.
- (4) A regulation made on the recommendation, or with the approval, of the Corporation or the Advisory Committee may—
- (a) extend the operation of subsection (2)(a) to injuries and types of work prescribed in the regulation;
 - (b) extend the operation of Schedule 3 to an injury and corresponding qualifying period prescribed in the regulation.

Division 2—Connection with State

10—Territorial application of Act

- (1) This Act applies to a worker's employment if (and only if) that employment is connected with this State.
- (2) The fact that a worker is outside this State when an injury occurs does not prevent an entitlement to compensation arising under this Act in respect of employment that is connected with this State.
- (3) A worker's employment is connected with—
- (a) the State in which the worker usually works in that employment; or
 - (b) if no State or no one State is identified by paragraph (a), the State in which the worker is usually based for the purposes of that employment; or
 - (c) if no State or no one State is identified by paragraph (a) or (b), the State in which the employer's principal place of business in Australia is located.
- (4) In the case of a worker working on a ship, if no State or no one State is identified by subsection (3), a worker's employment is, while working on a ship, connected with the State in which the ship is registered or (if the ship is registered in more than 1 State) the State in which the ship most recently became registered.
- (5) If no State is identified by subsection (3) or (if applicable) (4), a worker's employment is connected with this State if—
- (a) a worker is in this State when the injury occurs; and
 - (b) there is no place outside Australia under the legislation of which the worker may be entitled to compensation for the same matter.

- (6) In deciding whether a worker usually works in a State—
- (a) regard must be had to the worker's work history with the employer over the preceding 12 months and the intentions of the worker and employer; but
 - (b) regard must not be had to any temporary arrangement under which the worker works in a State for a period of not longer than 6 months.
- (7) Subject to subsection (6), in determining whether a worker usually works in a State or is usually based in a State for the purposes of employment, regard must be had to any period during which a worker works in a State or is in a State for the purposes of employment whether or not under the statutory workers compensation scheme of that State the person is regarded as a worker or as working or employed in that State.
- (8) Compensation under this Act does not apply in respect of the employment of a worker on a ship if the *Seafarers Rehabilitation and Compensation Act 1992* of the Commonwealth applies to the worker's employment.
- (9) In this section—
- ship* means any kind of vessel used in navigation by water, however propelled or moved, and includes—
- (a) a barge, lighter, or other floating vessel; and
 - (b) an air-cushion vehicle, or other similar craft,
- used wholly or primarily in navigation by water;
- State* includes a Territory and, in a geographical sense, a State's or Territory's relevant adjacent area as described in Schedule 4.

11—Determination of State with which worker's employment is connected in proceedings under this Act

- (1) If the question of whether this State is connected with a worker's employment arises in proceedings in the Tribunal or a court in relation to a claim for compensation under this Act, the Tribunal or court must—
- (a) determine the State with which the worker's employment is connected in accordance with section 10; and
 - (b) cause that determination to be entered in its records.
- (2) The Tribunal must, in determining a question under subsection (1), be constituted of 1 or more presidential members and if the question arises in proceedings that are not before a presidential member (or presidential members) then the question is to be referred, on an interlocutory basis, to a presidential member of the Tribunal.
- (3) Subsection (1) does not apply if there is a determination that is to be recognised under section 12.

12—Recognition of previous determinations

- (1) If a determination of the State with which a worker's employment is connected has been made—
- (a) by the Tribunal or a court under section 11; or

- (b) by a designated court under a provision of a law that corresponds with section 11, or under another provision of a law prescribed by the regulations for the purposes of this provision; or
- (c) by a court of this State or another State in the course of proceedings that are relevant to the application of this Act or a corresponding law, or that relate to a claim for compensation or damages,

the State so determined is to be recognised for the purposes of this Act as the State with which the worker's employment is connected.

- (2) This section does not prevent any appeal relating to any such determination and if the determination is altered on appeal, the altered determination is to be recognised under subsection (1).
- (3) In this section—

designated court means—

- (a) the Supreme Court of a State in which a corresponding law is in force; or
- (b) a court, tribunal or other decision-making body of a State in which a corresponding law is in force that is declared by the regulations to be a designated court for the purposes of this section;

State includes a Territory.

Division 3—Fundamental principles, rights and obligations

13—The Corporation

- (1) The Corporation, in acting under and for the purposes of this Act, must—
 - (a) adopt a service-orientated approach that is focused on early intervention and the interests of workers and employers; and
 - (b) seek to act professionally and promptly in everything that it does; and
 - (c) be responsible and accountable in its relationships with others; and
 - (d) without limiting a preceding paragraph, take reasonable steps to comply with any request made by a worker under section 15(2).
- (2) The Corporation must, in connection with subsection (1), develop and maintain plans or strategies that are designed to establish practices and procedures under which the specific circumstances of an injured worker and his or her employer will be addressed and with the objective of—
 - (a) ensuring early and timely intervention occurs to improve recovery and return to work outcomes including after retraining (if required); and
 - (b) achieving timely, evidence based decision-making that is consistent with the requirements of this Act; and
 - (c) wherever possible, providing a face to face service where there is a need for significant assistance, support or services; and
 - (d) ensuring regular reviews are taken in relation to a worker's recovery and, where possible, return to work; and

- (e) ensuring the active management of all aspects of a worker's injury and any claim under this Act; and
 - (f) encouraging an injured worker and his or her employer to participate actively in any recovery and return to work processes; and
 - (g) minimising the risk of litigation.
- (3) The policies and principles set out in this section do not give rise to substantive rights or liabilities (compared to rights or liabilities established or prescribed under other relevant provisions of this Act).

14—Service standards

The Corporation must adopt and apply the service standards set out in Schedule 5 (but these standards do not, in themselves, give rise to substantive rights or liabilities (compared to rights or liabilities established or prescribed under other relevant provisions of this Act)).

15—Workers

- (1) A worker who has suffered a work injury is entitled to expect—
- (a) early intervention by the Corporation in providing recovery and return to work services; and
 - (b) the Corporation to actively manage the worker's injury and claim and to provide services in a manner consistent with the requirements of this Act; and
 - (c) his or her employer to participate and cooperate in assisting the worker's recovery and return to work and to reasonably support the worker in receiving any benefit available under this Act.
- (2) A worker may reasonably request the Corporation to review the provision of any service to the worker under this Act or to investigate any circumstance where it appears that the worker's employer is not complying with any requirement of this Act as to the retention, employment or re-employment of the worker.
- (3) A worker who has suffered a work injury must, in a manner consistent with the objects of this Act—
- (a) participate in all activities designed to enable the worker to recover and return to work as soon as is reasonably practicable; and
 - (b) without limiting paragraph (a)—
 - (i) participate and cooperate in the establishment of a recovery/return to work plan; and
 - (ii) comply with obligations imposed on the worker by or under a recovery/return to work plan; and
 - (c) ensure that the Corporation is provided with current medical certificates (in the designated form provided by recognised health practitioners) with respect to any incapacity for work for which weekly payments are being made to the worker under this Act so as to provide evidence to support the continuation of those payments; and
 - (d) return to suitable employment when reasonably able to do so; and

- (e) take reasonable steps to mitigate any possible loss on account of the work injury.
- (4) Subsection (3)(a), (b) and (d) will not apply in relation to a seriously injured worker (who may decide the extent to which he or she will seek to participate in any processes designed to have the worker return to work).
- (5) This section does not give rise to substantive rights or liabilities (but nothing in this section detracts from rights or liabilities established or prescribed under other relevant provisions of this Act (including section 16)).

16—Worker's duty to give notice of injury

- (1) If a worker suffers a work injury, notice of that injury must be given—
 - (a) to the employer by whom the worker is employed at the time of the occurrence of the injury; or
 - (b) if the worker is not in employment or is self-employed—to the Corporation.
- (2) Notice of an injury should be given—
 - (a) if practicable within 24 hours after the occurrence of the injury but, if that is not practicable, as soon as practicable after the occurrence of the injury;
 - (b) if the worker is not, immediately after the occurrence of the injury, aware of the injury—as soon as practicable after the worker becomes so aware;
 - (c) if the worker dies without having become so aware or before it is practicable to give such a notice—as soon as practicable after the worker's death.
- (3) Notice of an injury—
 - (a) may be given orally or in writing; and
 - (b) should specify to the best of the knowledge, information and belief of the person giving the notice—
 - (i) the day on which the injury occurred; and
 - (ii) the place at which the injury occurred; and
 - (iii) the nature of the injury; and
 - (iv) the cause of the injury.
- (4) For the purposes of this section, notice of an injury will be taken to have been given to an employer if—
 - (a) it is given to—
 - (i) the employer at any place of business of the employer; or
 - (ii) any person under whose supervision the worker was employed at the time of the injury; or
 - (iii) any person designated for the purpose by the worker's employer; or
 - (b) it is given to the employer in the manner prescribed by the regulations.
- (5) A person by whom a notice under this section is given orally must, at the request of the person to whom the notice is given, complete a written statement in a form determined by the Corporation.

- (6) Subject to subsection (8), if an employer (not being a self-insured employer) receives notice of an injury given or purportedly given under this section the employer must, within 5 business days after the receipt of the notice, send a copy of the notice to the Corporation.
Maximum penalty: \$1 500.
- (7) If it appears from a notice under this section that the worker was not, at the date of the notice, in the employment of the employer from whose employment the injury arose, the Corporation must (where it is practicable to do so) send a copy of the notice to that employer.
- (8) The Corporation may, by notice in the Gazette—
 - (a) exclude from the application of this section injuries of a class specified in the notice;
 - (b) vary, in relation to cases of a specified class, the time at which an employer is required to report to the Corporation under this section.

17—Employers

- (1) An employer of a worker who has suffered a work injury is entitled to expect—
 - (a) early intervention by the Corporation in providing recovery and return to work services to the worker; and
 - (b) the Corporation to act fairly and reasonably in a manner consistent with the requirements of this Act; and
 - (c) support in managing claims and the provision of services available to the worker under this Act.
- (2) The employer of a worker who has suffered a work injury must, in a manner consistent with the objects of this Act, so far as is reasonably practicable—
 - (a) support the worker in the worker's participation in activities designed to enable the worker to recover and return to work; and
 - (b) without limiting paragraph (a)—
 - (i) participate and cooperate in the establishment of any recovery/return to work plan that is required for the worker; and
 - (ii) comply with obligations imposed on the employer by or under a recovery/return to work plan for the worker; and
 - (c) take reasonable steps to mitigate any possible loss on account of the work injury.
- (3) This section does not give rise to substantive rights or liabilities (but nothing in this section detracts from rights or liabilities established or prescribed under other relevant provisions of this Act (including section 18)).

17A—Employer and Corporation not to be present at examination or treatment of worker without consent

- (1) Subject to this section, a worker's employer or the Corporation must not be present while a worker is—
 - (a) being physically or clinically examined, or treated, by a health practitioner; or

- (b) undergoing any diagnostic examination or test required for the purposes of the worker's treatment by a health practitioner.
- (2) A worker's employer or the Corporation may be present while the worker is at an examination, treatment or testing referred to in subsection (1)(a) or (b)—
 - (a) if the worker gives written agreement to their presence in the designated form; or
 - (b) in circumstances prescribed by the regulations.
- (3) Nothing in this section prevents a worker's employer or the Corporation from being present during a consultation involving the worker and a health practitioner for the purposes of discussing the worker's recovery and return to work.

18—Employer's duty to provide work

- (1) If a worker who has been incapacitated for work in consequence of a work injury is able to return to work (whether on a full-time or part-time basis and whether or not to his or her previous employment), including if the worker has ceased to be incapacitated for work in consequence of the work injury the employer from whose employment the injury arose (the *pre-injury employer*) must provide suitable employment for the worker (the employment being employment for which the worker is fit and, subject to that qualification and this section, so far as reasonably practicable the same as, or equivalent to, the employment in which the worker was working immediately before the incapacity).
- (2) Subsection (1) does not apply if—
 - (a) it is not reasonably practicable to provide employment in accordance with that subsection (and the onus of establishing that lies on the employer); or
 - (b) the worker left the employment of that employer before the commencement of the incapacity for work; or
 - (c) the worker terminated the employment after the commencement of the incapacity for work; or
 - (ca) the worker's employment with the pre-injury employer has been properly terminated on the ground of serious and wilful misconduct (and the onus of establishing that lies on the employer); or
 - (d) new or other employment options have been agreed to by the worker under section 25(10a); or
 - (e) the worker has otherwise returned to work with the pre-injury employer or another employer.
- (3) A worker who has been incapacitated for work in consequence of a work injury who seeks employment with the pre-injury employer in accordance with this section must, for the purpose of seeking the employment—
 - (a) give written notice to the employer (a *subsection (3) notice*)—
 - (i) confirming that they are ready, willing and able to return to work with the employer; and
 - (ii) providing information about the type of employment that the worker considers that they are capable of performing; and

- (iii) if the worker was a labour hire worker at the time of the work injury, the injury arose from employment while the worker was supplied to a host employer and the worker seeks the host employer to cooperate with the pre-injury employer in the provision of suitable employment to the worker—containing a statement to that effect; and
 - (b) comply with any other requirements prescribed by the regulations.
- (4) A subsection (3) notice must be supported by evidence of the worker's capacity for work.
- (4a) A worker who gives a subsection (3) notice to their pre-injury employer must, if relevant, give the host employer a copy of the subsection (3) notice and the supporting evidence under subsection (4) as soon as is reasonably practicable after giving the notice to the pre-injury employer.
- (4b) The pre-injury employer must, within 1 month of receiving a subsection (3) notice from a worker, notify the worker in writing whether they will provide the worker—
 - (a) with suitable employment of the type the worker considers that they are capable of performing (as set out in the subsection (3) notice); or
 - (b) with other suitable employment (being other suitable employment that the pre-injury employer is willing to provide).
- (4c) If the pre-injury employer—
 - (a) refuses to provide the worker with suitable employment, the pre-injury employer must set out in the notice under subsection (4b) the grounds on which the refusal is made; or
 - (b) notifies the worker that they will provide other suitable employment under subsection (4b)(b), the pre-injury employer must set out in the notice the reasons why—
 - (i) employment of a kind referred to in subsection (4b)(a) is not being provided; and
 - (ii) the pre-injury employer considers the other suitable employment to be suitable.
- (4d) If the pre-injury employer refuses or otherwise fails to provide suitable employment under this section, or the worker considers that any employment offered by the pre-injury employer under subsection (4b)(b) is not suitable, the worker may apply to the Tribunal for an order under subsection (5)—
 - (a) within 1 month after the date on which the pre-injury employer provided written notice under subsection (4b); or
 - (b) if the pre-injury employer failed to provide written notice under subsection (4b)—within 1 month after the end of the 1 month period in which the employer was required to give the notice under that subsection.
- (4e) Subsections (1) to (4d) operate subject to the qualification that the worker cannot apply to the Tribunal for an order under subsection (5) if, at the time of giving a subsection (3) notice to the employer, the worker had ceased to be incapacitated for work in consequence of the work injury and did not give that notice within 6 months of ceasing to be incapacitated.

- (5) If, on an application under subsection (4d), the Tribunal is satisfied that it is not unreasonable for the employer to provide employment to the worker, the Tribunal must order the employer to provide to the worker employment specified by the Tribunal unless the Tribunal, in the exercise of its adjudicative function, determines otherwise.
- (5a) In making an order under subsection (5), the Tribunal may—
- (a) specify any 1 or more of the following:
 - (i) the nature and range of duties to be provided in the suitable employment;
 - (ii) the nature of any adjustments the employer must make to enable the worker to perform those duties;
 - (iii) the number of hours each day or week that the worker is to be provided with suitable employment; and
 - (b) as part of the order, order that any of the specified matters set out in paragraph (a) be implemented in stages, in accordance with a recovery/return to work plan or on some other reasonable basis.
- (5b) The Tribunal may also, in making an order under subsection (5) in a case involving a worker who included a statement of a kind referred to in subsection (3)(a)(iii) in their subsection (3) notice, make any order it considers appropriate requiring the host employer to comply with subsection (16a) (and a host employer has the right to be heard in any proceedings in which such an order is sought).
- (5c) Subject to subsection (5d), the Tribunal may, in the case of an employer that is—
- (a) a member of a group of self-insured employers comprised of related bodies corporate; or
 - (b) the Crown or an agency or instrumentality of the Crown,
- make an order under subsection (5) that the employment be provided by—
- (c) if paragraph (a) applies, the pre-injury employer or another member of the group (as specified in the order); or
 - (d) if paragraph (b) applies, the Crown or an agency or instrumentality of the Crown.
- (5d) In a case where subsection (5c)(a) applies and the Tribunal determines to make an order under subsection (5), the order should require that the employment be provided by the pre-injury employer unless there are good reasons for it to be provided by another member of a self-insured group.
- (5e) If the Tribunal makes an order in favour of a worker under subsection (5), the Tribunal must make an order that the employer pay an amount (the ***prescribed amount***) to the worker to reflect the wages or salary the worker would have been expected to receive in the suitable employment if it were provided during the period from the day on which the worker provided the subsection (3) notice to the employer until the making of the order (the ***relevant period***).

- (5f) In determining the prescribed amount, the Tribunal must—
- (a) apply the principle that the purpose of ordering the payment of the prescribed amount is to put the worker in the financial position that they would have been in, in terms of relevant remuneration during the relevant period, if the suitable employment had been provided during the relevant period; and
 - (b) adopt the worker's notional weekly earnings during the relevant period for the purposes of the determination, unless the Tribunal is satisfied that there is good reason to adopt a different amount to represent the worker's weekly earnings during the relevant period (or part of the period); and
 - (c) in relation to any part of the relevant period where the worker was entitled to weekly payments under Part 4 Division 4, order payment of an amount that represents the difference between—
 - (i) the relevant remuneration the worker would have been entitled to receive if the suitable employment had been provided during the period; and
 - (ii) the weekly payments the worker received during the period; and
 - (d) in relation to any part of the relevant period where the worker was not entitled to weekly payments under Part 4 Division 4, take into account any remuneration earned by the worker from employment or other work during the period.
- (5g) For the purposes of subsection (5f), **relevant remuneration** during the relevant period means the sum of—
- (a) the wages or salary the worker would have been expected to receive from suitable employment during that period (determined in accordance with subsection (5f)(b)); and
 - (b) any weekly payments the worker would have been entitled to receive under Part 4 Division 4 during that period if the worker had received the wages or salary referred to in paragraph (a).
- (5h) Despite subsection (5e) or (5f), the Tribunal may reduce the prescribed amount in a particular case having regard to the circumstances of the case.
- (6) A party (other than the relevant compensating authority) to proceedings before the Tribunal under this section is entitled, subject to subsections (8) and (9) and any limits prescribed by regulation, to an award against the relevant compensating authority for the party's reasonable costs of the proceedings before the Tribunal.
- (7) An award of legal costs cannot exceed 85% of the amount that would be allowable under the relevant Supreme Court scale if the proceedings were in the Supreme Court.
- (7a) On receiving an application to the Tribunal under this section, the Registrar must immediately send copies of the application to the other parties to the proceeding and to the relevant compensating authority.
- (7b) Within 21 days of receiving a copy of an application under subsection (7a), the compensating authority must provide to the Tribunal any document or thing in the relevant compensating authority's possession or control relevant to the application.

- (7c) The Tribunal may, in acting under this section—
- (a) hear and determine an application concurrently with another proceeding under this Act; and
 - (b) determine whether the worker has been incapacitated for work in consequence of a work injury if that question has not been previously determined (and in those circumstances the relevant compensating authority has the right to be heard on that question).
- (7d) The Tribunal, in making an order under subsection (5), is not limited to considering only employment of the type the worker nominated in the subsection (3) notice and may take into account any change in capacity for work after the making of the application to the Tribunal or any other evidence before the Tribunal.
- (8) Costs may only be awarded to cover—
- (a) the cost of representation by a legal practitioner or an officer or employee of an industrial association; and
 - (b) costs of a kind authorised by the regulations that were reasonably incurred.
- (9) If the Tribunal is of the opinion that a party acted unreasonably, frivolously or vexatiously in bringing or in relation to the conduct of proceedings under subsection (5), the Tribunal may—
- (a) decline to make an award of costs in favour of the party and may (if it thinks fit) make an award of costs against the party; or
 - (b) reduce the amount of the award of costs to which the party would otherwise have been entitled.
- (10) Subject to subsection (11), an award of costs to cover professional advice or assistance may, if the Tribunal considers appropriate, be made in favour of the person who provided the professional advice or assistance.
- (11) An award of costs to cover the cost of representation by an officer or employee of an industrial association are payable to the industrial association.
- (12) If—
- (a) the Tribunal orders an employer to provide employment to a worker under subsection (5); and
 - (b) the employer fails to comply with that order; and
 - (c) the worker applies to the Corporation for financial support under subsection (13),
- the Corporation must, subject to subsection (14), provide financial support to the worker under subsection (13).
- (13) The financial support will be in the form of weekly payments that represent the weekly amounts that the worker would be expected to receive from the employer if the employer complied with the order of the Tribunal.

- (14) The Corporation is not required to make a payment under subsection (13) in respect of a failure on the part of the employer after the end of the period of 104 weeks from the date on which the incapacity for work referred to in subsection (3) first occurred (the *prescribed period*) and any liability of the Corporation to provide financial support to the worker under subsection (13) ceases at the end of the prescribed period.
- (15) The Corporation may recover any amount paid to a worker under subsection (13), together with interest at the prescribed rate, as a debt from the employer in default.
- (16) Nothing in this section—
- (a) limits any other penalty or liability that may be imposed on the employer under this or any other Act or law on account of the employer's failure to comply with an order of the Tribunal; or
 - (b) derogates from any obligation of the employer to pay wages to the worker under this or any other Act or law.
- (16a) A host employer must co-operate with a labour hire employer in respect of action taken by the labour hire employer to comply with its obligation under this section to provide suitable employment to a worker, to the extent that it is reasonably practicable to do so, by—
- (a) communicating with a labour hire employer about co-operation in the provision of any suitable employment requested by a worker under a subsection (3) notice; and
 - (b) participating in discussions with the employer and the worker about the return to work planning, including in relation to the establishment of a recovery/return to work plan; and
 - (c) providing the labour hire employer, the worker and other parties involved in the return to work process with access to the workplace, including for the performance of duties by the worker in their employment with the labour hire employer; and
 - (d) complying with any other requirements prescribed by the regulations.
- (16b) Nothing in subsection (16a) requires a host employer to enter into an employment relationship with a worker.
- (16c) The duty to provide suitable employment under subsection (1) extends—
- (a) in the case of a pre-injury employer that is a member of a group of self-insured employers comprised of related bodies corporate—to each of the related bodies corporate in the group; and
 - (b) in the case of a pre-injury employer that is an agency or instrumentality of the Crown that is taken under section 130 to be registered as a self-insured employer—to all such agencies or instrumentalities of the Crown.
- (16d) Despite subsection (3), if the pre-injury employer is a member of a group of self-insured employers comprised of related bodies corporate the subsection (3) notice may be given to the employer in the group nominated under section 129(12).

(17) In this section—

host employer, in relation to a labour hire worker, means the person who obtained, at the time of the occurrence of the relevant work injury, the services of the worker as part of labour hire services (within the meaning of section 7 of the *Labour Hire Licensing Act 2017*);

labour hire employer, in relation to a labour hire worker, means the employer who has supplied, at the time of the occurrence of the relevant work injury, the services of the worker to the host employer as part of labour hire services (within the meaning of section 7 of the *Labour Hire Licensing Act 2017*);

labour hire worker has the same meaning as in the *Labour Hire Licensing Act 2017*;

related bodies corporate—bodies corporate are **related bodies corporate** if they are related bodies corporate under section 50 of the *Corporations Act 2001* of the Commonwealth;

relevant compensating authority means the Corporation or a self-insured employer, depending on which entity has paid compensation under this Act, or is liable to pay compensation under this Act, in the particular case.

19—Payment of wages for alternative or modified duties

If a worker who has been incapacitated for work in consequence of a work injury undertakes alternative or modified duties under employment or an arrangement that falls outside the worker's contract of service for the employment from which the injury arose, the employer must pay an appropriate wage or salary in respect of those duties.

19A—Jurisdiction to determine monetary claims

- (1) The Tribunal (constituted as the South Australian Employment Court) has jurisdiction to hear and determine monetary claims for wages or salary payable under section 19.
- (2) The Tribunal may only, in the exercise of jurisdiction under this section, make an order for costs where costs may be ordered in a monetary claim under the *Fair Work Act 1994*.
- (3) In determining an amount on a claim under this section, the Tribunal must take into account any weekly payments the worker was entitled to receive over the period in relation to which the claim relates.
- (4) A claim under this section must be made within 6 years after the sum claimed became payable.
- (5) Nothing in this section limits the jurisdiction of the Tribunal under the *Fair Work Act 1994*.

20—Additional requirement with respect to termination of employment

- (1) If a worker has suffered a work injury, the employer from whose employment the injury arose must not terminate the worker's employment without first giving the Corporation and the worker at least 28 days notice of the proposed termination.
- (2) However, notice of termination is not required under this section if—
 - (a) the employment is properly terminated on the ground of serious and wilful misconduct; or

- (b) the worker is neither participating in a recovery/return to work plan, nor receiving compensation, for the work injury; or
 - (c) the worker's rights to compensation for the injury have been exhausted or the time for making a claim for compensation has expired.
- (3) The burden of establishing that an employer terminated a worker's employment on the ground of serious and wilful misconduct lies on the employer.

Division 4—Seriously injured workers

21—Seriously injured workers

- (1) This Act makes special provision in a number of places for seriously injured workers.
- (2) For the purposes of this Act, a seriously injured worker is a worker—
- (a) in the case of psychiatric injury—whose work injury or injuries have resulted in permanent impairment and the degree of whole person impairment has been assessed under Division 5 for the purposes of this Act to be 30% or more; or
 - (b) in the case of physical injury—whose work injury or injuries have resulted in permanent impairment and the degree of whole person impairment has been assessed under Division 5 for the purposes of this Act to be 35% or more.
- (3) Pending an assessment of permanent impairment, the Corporation may on its own initiative, or must on application made by the worker in accordance with the regulations, make an interim decision to the effect that the worker will be taken to be a seriously injured worker under this Act if—
- (a) it is satisfied, or it appears, that the worker's injury or injuries have resulted or will result in permanent impairment; and
 - (b) in the case of physical injury—it appears that the degree of whole person impairment is likely to be 35% or more; and
 - (c) in the case of psychiatric injury—it appears that the degree of whole person impairment is likely to be 30% or more,
- and the Corporation's decision will have effect under this Act in accordance with its terms.
- (4) An interim decision under subsection (3)—
- (a) must be made in accordance with any requirements or principles prescribed by the regulations; and
 - (b) will have effect until—
 - (i) an assessment of whole person impairment has been made and determined under Division 5; or
 - (ii) it appears that, due to a material improvement in the worker's likely degree of whole person impairment, the worker's degree of whole person impairment is no longer likely to be—
 - (A) in the case of physical injury—35% or more; or
 - (B) in the case of psychiatric injury—30% or more.

- (4a) Before bringing an interim decision to an end under subsection (4)(b)(ii), the Corporation must—
- (a) give the worker at least 3 months written notice of its intention to bring the interim decision to an end under that subsection; and
 - (b) give the worker a reasonable opportunity during that 3 month period to furnish information to satisfy the Corporation that it is appropriate for the interim decision to continue.
- (5) Unless or until a worker is assessed or determined to be a seriously injured worker as contemplated by this section, the worker will be taken not to be a seriously injured worker for the purposes of this Act.
- (6) However, if a worker is taken not to be a seriously injured worker and the worker at a later time is characterised as a seriously injured worker under subsection (2) or determined to be a seriously injured worker under subsection (3)—
- (a) the worker will be taken to have been a seriously injured worker from the date of the injury; and
 - (b) the worker is entitled to be paid the amounts that would have constituted the worker's entitlements under this Act had the worker been taken to be a seriously injured worker from the date on which an incapacity for work in consequence of the relevant work injury first occurred after taking into account any amount already paid under this Act.
- (6a) If a seriously injured worker makes an election under section 56A, subsection (6)(b) does not apply on and after the day on which the election takes effect in relation to weekly payments under section 41 to which the worker would, but for the election, be entitled.
- (7) An amount paid under subsection (6)(b) will be increased by interest at the prescribed rate.
- (8) In assessing whether the relevant threshold under subsection (2)(a) or (b) (as the case requires) has been met—
- (a) impairment resulting from physical injury is to be assessed separately from impairment resulting from psychiatric injury; and
 - (b) in assessing impairment resulting from physical injury or psychiatric injury, no regard is to be had to impairment that results from consequential mental harm; and
 - (c) in assessing the degree of whole person impairment resulting from physical injury, no regard is to be had to impairment that results from a psychiatric injury or consequential mental harm; and
 - (d) the relevant threshold under subsection (2)(a) or (b) is not met unless—
 - (i) in the case of physical injury—the degree of whole person impairment resulting from the injury is at least 35%; or
 - (ii) in the case of psychiatric injury—the degree of whole person impairment resulting from psychiatric injury is at least 30%.

- (9) The Corporation is not required to consider more than 1 application by a worker under subsection (3) unless directed to do so by the Tribunal on application made by the worker under this subsection.
- (10) Nothing in this section limits or affects the operation of Part 4 Division 6 or Division 7 or Part 5.

Division 5—Assessment of permanent impairment

22—Assessment of permanent impairment

- (1) This section sets out a scheme for assessing the degree of impairment (being whole person impairment) that applies to a work injury that results in permanent impairment.
- (2) An assessment under this section—
 - (a) must be made in accordance with the Impairment Assessment Guidelines; and
 - (b) must be made by a medical practitioner who holds a current accreditation under this section.
- (3) The Minister will publish guidelines (the *Impairment Assessment Guidelines*) for the purposes of the assessment of permanent impairment (being whole person impairment).
- (4) The guidelines under subsection (3)—
 - (a) must be published in the Gazette; and
 - (b) may adopt or incorporate the provisions of other publications, whether with or without modification or addition and whether in force at a particular time or from time to time; and
 - (c) must incorporate a methodology that arrives at an assessment of the degree of impairment of the whole person (*whole person impairment*); and
 - (d) may specify procedures to be followed in connection with an assessment; and
 - (f) may be amended or substituted by the Minister from time to time.
- (5) The Minister must, before publishing or amending the Impairment Assessment Guidelines, consult with professional associations representing the class or classes of medical practitioners who hold accreditations under this section.
- (6) An amendment or substitution in relation to the Impairment Assessment Guidelines under subsection (4)(f) will take effect from a date specified by the Minister as part of the amendment, or in the substituted guidelines, as the case may be (the *commencement date*).
- (6a) Subject to subsection (6b), if the Impairment Assessment Guidelines are amended or substituted, the amendment or substituted guidelines (as the case may be) will apply in relation to an injury regardless of whether the injury occurred before or on or after the commencement date.
- (6b) If the Impairment Assessment Guidelines are amended or substituted, the guidelines in operation immediately before the commencement date of the amendment or substitution will continue to apply in relation to the assessment of permanent impairment of a worker's injury if, before that commencement date—
 - (a) the worker's injury satisfies the requirements of subsection (7)(a); and

- (b) the worker attended an appointment with an accredited medical practitioner selected in accordance with the Impairment Assessment Guidelines for the purposes of an assessment of permanent impairment of that injury.
- (7) An assessment of the degree of impairment resulting from an injury—
 - (a) must not be made—
 - (i) until there is evidence that the injury has stabilised; or
 - (ii) unless—
 - (A) the injury is a condition prescribed for the purposes of this subparagraph by a regulation made on the recommendation of the Minister (see subsection (7a)); and
 - (B) any requirement prescribed by the regulations has been satisfied; or
 - (iii) unless the injury is a terminal condition;
 - (b) must, subject to subsection (8), be based on the worker's current impairment as at the date of assessment, including any changes in the signs and symptoms following any medical or surgical treatment undergone by the worker in respect of the injury; and
 - (c) must be made by an accredited medical practitioner selected in accordance with the Impairment Assessment Guidelines.
- (7a) The Minister must not make a recommendation to prescribe a condition for the purposes of subsection (7)(a)(ii)(A) unless—
 - (a) the Minister has consulted with—
 - (i) 1 or more professional associations representing medical practitioners, including the Australian Medical Association (South Australia) Incorporated; and
 - (ii) the Corporation; and
 - (iii) the Advisory Committee; and
 - (b) the Minister is satisfied that the condition is—
 - (i) serious and potentially life threatening if suffered by a person; and
 - (ii) extremely likely to cause an ongoing deterioration of a person's health, such that the degree of impairment resulting from the condition is unlikely to stabilise for a significant period of time.
- (8) An assessment must take into account the following principles:
 - (a) if a worker presents for assessment in relation to injuries which occurred on different dates, the impairments are to be assessed chronologically by date of injury;
 - (b) impairments from unrelated injuries or causes are to be disregarded in making an assessment;
 - (c) impairments from the same injury or cause are to be assessed together or combined to determine the degree of impairment of the worker (using any principle set out in the Impairment Assessment Guidelines);

- (d) impairment resulting from physical injury is to be assessed separately from impairment resulting from psychiatric injury;
- (e) in assessing impairment resulting from physical injury or psychiatric injury, no regard is to be had to impairment that results from consequential mental harm;
- (f) in assessing the degree of permanent impairment resulting from physical injury, no regard is to be had to impairment that results from a psychiatric injury or consequential mental harm;
- (g) any portion of an impairment that is due to a previous injury (whether or not a work injury or whether because of a pre-existing condition) that caused the worker to suffer an impairment before the relevant work injury is to be deducted for the purposes of an assessment, subject to any provision to the contrary made by the Impairment Assessment Guidelines;
- (h) assessments are to comply with any other requirements specified by the Impairment Assessment Guidelines.

Note—

The Parliament confirms that this subsection is to be interpreted and applied in accordance with the principles enunciated in the reasons of the Full Court of the Supreme Court in *Return to Work Corporation of South Australia v Summerfield* [2021] SASFC 17.

- (9) A number determined under the Impairment Assessment Guidelines with respect to a value of a person's degree of whole person impairment may be rounded up or down according to any principle set out in the Impairment Assessment Guidelines.
- (9a) For the purposes of this section, an assessment (or parts of an assessment) may be undertaken by more than 1 accredited medical practitioner and their assessments combined so as to create 1 assessment.
- (10) Subject to subsections (12) to (15) (inclusive), if—
 - (a) a worker has had a whole person impairment assessment under this section; and
 - (b) another impairment from the same injury or cause develops or manifests itself after that assessment,then that other impairment—
 - (c) will be assessed separately; and
 - (d) —
 - (i) will not be combined in any respect (whether under this section or sections 56 or 58) with the impairment or impairments that have already been assessed; but
 - (ii) may be combined with any other impairment from the same injury or cause that has also developed or manifested itself after the earlier assessment.

Example—

A worker suffers impairments arising from injuries A and B which both arise from the same cause. The worker has those impairments assessed under section 22. After the assessment of the impairments arising from injuries A and B, the worker develops further impairments from injuries C and D which arise from the same cause as injuries A and B. The worker is entitled to be assessed for the impairment arising from injuries C and D and to combine the impairments from those injuries. However, the worker cannot combine the impairments arising from injuries C and D with the impairments arising from injuries A and B under this Act.

- (12) Subsection (10) does not affect the requirement under subsection (8)(d) for impairment resulting from physical injury to be assessed separately from impairment resulting from psychiatric injury.
- (13) Subsection (10) operates subject to any assessment made under Part 8 (and the exercise of any adjudicative function by the Tribunal or a court).
- (14) An interim decision under section 21 will not be taken to constitute an assessment for the purposes of subsection (10).
- (15) Subsection (10) does not apply in any circumstances prescribed by the regulations.
- (16) For the purposes of this section, the Minister must establish an accreditation scheme after consultation with the Advisory Committee.
- (17) The accreditation scheme—
 - (a) will provide for the accreditation of medical practitioners who are determined, under the scheme, to be suitably qualified to undertake assessments for the purposes of this section; and
 - (b) will work on the basis that the Minister will issue the accreditations; and
 - (c) may provide for the suspension or cancellation of accreditation by the Minister on specified grounds; and
 - (d) may be amended or substituted by the Minister from time to time after consultation with the Advisory Committee.
- (18) An accreditation will be issued by the Minister—
 - (a) for a period specified by the Minister; and
 - (b) on conditions determined by the Minister.
- (19) Sections 10 (other than subsection (1)) and 10A of the *Legislative Instruments Act 1978* apply to the publication, amendment or substitution of the Impairment Assessment Guidelines under this section (and a reference in section 10 or 10A to a regulation will be taken to be a reference to the Impairment Assessment Guidelines, the amendment or the substitution (as the case requires)).

Part 3—Early intervention, recovery and return to work

23—Object

- (1) The object of this Part is to establish a system that seeks to ensure that a worker who suffers a work injury—
 - (a) achieves the best practicable levels of physical and mental recovery; and
 - (b) returns to the worker's pre-injury work or, if that is not reasonably practicable, is in any event restored to the workforce and the community in a timely, safe and durable way.
- (2) Without limiting subsection (1), the aim is—
 - (a) to intervene and provide services under this Part as early as is reasonably practicable after a worker suffers a work injury; and
 - (b) in connection with paragraph (a)—
 - (i) to return the worker to work in the worker's pre-injury duties; or
 - (ii) if it is not reasonably practicable to return the worker to work in the worker's pre-injury duties—to return the worker, either temporarily or permanently, to other suitable duties with the worker's pre-injury employer; or
 - (iii) if subparagraphs (i) and (ii) are not reasonably practicable—to return the worker, either temporarily or permanently, to work with another employer; or
 - (iv) if subparagraphs (i), (ii) and (iii) are not reasonably practicable—to maximise the worker's independent functioning as a member of the community; and
 - (c) to ensure that any employer, worker or other person involved in a recovery or return to work process cooperate to achieve the object referred to in subsection (1).
- (3) This Part may apply to a worker even if it has not been finally established that the worker's injury is a work injury.

24—Early intervention, recovery and return to work services

- (1) The services that may be provided under this Part (*recovery/return to work services*) may do 1 or more of the following:
 - (a) provide for the physical, mental or vocational assessment of a worker;
 - (b) provide advisory services to a worker, members of the family of a worker, an employer and others;
 - (c) assist a worker in retaining, seeking or obtaining employment;
 - (d) assist in the training or retraining of a worker;
 - (e) assist a worker to find or establish appropriate accommodation;
 - (f) provide equipment, facilities and services to assist a worker to cope with any injury at home or in the workplace;

- (g) provide assistance to a person who may be in a position to help a worker to overcome or cope with an injury;
 - (h) provide necessary and reasonable costs (including costs of travel, accommodation and child care) incurred by a worker in order to receive or participate in any services;
 - (i) provide anything else that may assist in achieving the objects of this Part.
- (2) The services provided to a worker may recognise that if a return to work is not reasonably practicable in the short term that the services may assist a worker's overall recovery by assisting the worker to be restored to the community at the beginning and to return to work in the medium or longer term (recognising that some workers may have minimal prospects of returning to work at all due to the seriousness of the injury).
- (3) Action to determine the most appropriate recovery/return to work services to be provided to an injured worker must be taken as early as possible after the worker suffers the work injury.
- (4) The Corporation must take reasonable steps to ensure that a reasonable level of recovery/return to work services are provided to an injured worker taking into account the nature and extent of the worker's injury, the circumstances of the worker, and any other relevant factor.
- (5) Recovery/return to work services will be provided by persons accredited, approved or appointed by the Corporation.

25—Recovery/return to work plans

- (1) Where it appears that a worker is (or is likely) to be incapacitated for work by a work injury for more than 4 weeks, the Corporation must ensure that a plan (a ***recovery/return to work plan***) is prepared for the worker.
- (2) In connection with subsection (1)—
- (a) a recovery/return to work plan may be prepared even if the period of incapacity may be less than 4 weeks; and
 - (b) a recovery/return to work plan may be prepared for a worker who may not be returning to work in the short or medium term so that the initial focus of the plan is on restoring the worker to the community at the beginning; and
 - (c) a recovery/return to work plan may be prepared for a worker who has no reasonable prospect of returning to work but where the preparation of a plan would still assist in restoring the worker to the community; and
 - (d) a recovery/return to work plan need not be prepared for a worker if the Corporation considers that, due to the severity of the injury, the focus should be on other forms of support and services (unless or until the worker becomes capable of participating in a plan).
- (3) Subject to taking into account the provisions of subsection (2), a recovery/return to work plan will set out the actions and responsibilities of a worker, an employer, the Corporation, and where relevant, the host employer that are to be undertaken or assumed in order to achieve the earliest possible safe return to work or, if relevant, to the community on a durable basis.

- (4) A recovery/return to work plan may impose obligations on the worker, the employer and, where relevant, the host employer (and, in the case of a dispute, will continue to bind the worker, the employer and, where relevant, the host employer subject to the outcome of any process or procedure associated with determining the dispute).
- (5) In preparing a recovery/return to work plan—
- (a) consultation must occur with the worker and, insofar as is necessary or appropriate, with the employer and, where relevant, any host employer out of whose employment the injury arose; and
 - (b) assistance may be obtained from the relevant return to work co-ordinator (if appointed) and any person who might be providing services under the plan; and
 - (c) insofar as is reasonably practicable—
 - (i) medical records relevant to the worker's condition should be reviewed; and
 - (ii) consultation should occur with any health practitioner who is treating the worker for a relevant injury; and
 - (d) consultation may occur with any other person or body as the Corporation thinks fit.
- (6) A recovery/return to work plan must comply with standards and requirements prescribed by the regulations.
- (7) The Corporation must give—
- (a) the worker and the employer and, where relevant, any host employer; and
 - (b) as far as reasonably practicable, any health practitioner who is treating the worker for a relevant work injury,
- a copy of the recovery/return to work plan.
- (8) A recovery/return to work plan may be reviewed from time to time.
- (9) In connection with the operation of subsection (8), the regulations may—
- (a) specify when a recovery/return to work plan should be reviewed; and
 - (b) prescribe procedures to be followed when a recovery/return to work plan is being reviewed.
- (10) Without limiting subsections (8) and (9), if—
- (a) a worker who has been incapacitated for work in consequence of a work injury has not, at the expiration of the period of 6 months from the date on which the incapacity for work first occurred, returned to work in employment that is the same as, or equivalent to, the employment in which the worker was employed immediately before the incapacity; and
 - (b) the worker is not working to his or her full capacity (after taking into account the nature and effect of the worker's work injury and any other relevant factor),
- new or other employment options for the worker need to be taken into account in order to assist the worker to return to work in suitable employment.

- (10a) Any proposed new or other employment options for a worker referred to in subsection (10) must be agreed to by the worker before being adopted as part of the recovery/return to work plan.
- (11) A plan under this section must not impose any obligation on a seriously injured worker to return to work (but may include processes designed to assist a seriously injured worker to return to work at the request of the worker).
- (12) If, in relation to a pre-injury employer that is a member of a group of self-insured employers comprised of related bodies corporate, the duty to provide suitable employment to a particular worker is extended in accordance with section 18 to a related body corporate in the group, a reference in this section to an employer includes a reference to the related body corporate.
- (13) If, in relation to a pre-injury employer that is an agency or instrumentality of the Crown that is taken under section 130 to be registered as a self-insured employer, the duty to provide suitable employment to a particular worker is extended in accordance with section 18 to another agency or instrumentality of the Crown, a reference in this section to an employer includes a reference to the other agency or instrumentality.
- (14) In this section—
host employer and *related bodies corporate* have the same meanings in this section as in section 18;
pre-injury employer—see section 18(1)).

26—Return to work co-ordinators

- (1) Subject to this section, an employer must appoint (and retain) a return to work co-ordinator (referred to in this section as a *co-ordinator*).
- (2) A co-ordinator must be based in South Australia.
- (3) The employer must appoint a co-ordinator—
 - (a) within 6 months after the requirement to be registered under Part 9 first arises (disregarding any exemption that may be available under that Part) or within a later period approved by the Corporation; and
 - (b) within 3 months after a vacancy occurs in the office of a co-ordinator under this section.

Maximum penalty: \$10 000.

- (4) A co-ordinator has the following functions:
 - (a) to assist workers suffering from work injuries, where prudent and practicable, to remain at or return to work as soon as possible after the occurrence of the injury;
 - (b) to assist the Corporation in the preparation and implementation of any recovery/return to work plan for an injured worker;
 - (c) to liaise with any persons involved in the provision of medical and other relevant services to workers;
 - (d) to monitor the progress of an injured worker's capacity to return to work;

- (e) to take steps to, as far as practicable, prevent the occurrence of an aggravation, acceleration, exacerbation, deterioration or recurrence of an injury when a worker returns to work.
- (5) An employer must—
- (a) provide such facilities and assistance as are reasonably necessary to enable a co-ordinator to perform his or her functions under this section; and
 - (b) ensure that a co-ordinator plays an active role in achieving a timely, safe and durable return to work for a worker who has suffered a work injury with a particular emphasis on early intervention (to the extent contemplated by this Part); and
 - (c) comply with any training or operational guidelines published by the Corporation from time to time for the purposes of this section.
- (6) The regulations may exempt an employer, or employers of a prescribed class, from a requirement under this section.

27—Standards and facilities established by Corporation

The Corporation may—

- (a) enter into arrangements with any government agency or other body under which facilities and services, including medical services, will be provided to injured workers; and
- (b) with the approval of the Minister, establish clinics and other facilities and services for the assessment, treatment and recovery of injured workers and, without limiting this section, the provision of recovery/return to work services; and
- (c) establish and maintain a register of persons and organisations that are, in the opinion of the Corporation, properly qualified and equipped to provide facilities and services in connection with the assessment, treatment and recovery of injured workers and, without limiting this section, the provision of recovery/return to work services; and
- (d) authorise the expenditure of money on behalf of the Corporation for the purposes of this Part (subject to any limits or conditions set or determined by the Corporation).

28—Rates for provision of services

- (1) The Minister may from time to time, by notice in the Gazette, on the recommendation of the Corporation, publish scales of charges that will apply in relation to the provision of recovery/return to work services.
- (2) Before the Corporation makes a recommendation to the Minister about the publishing of a scale of charges, the Corporation must consult with—
 - (a) professional associations representing the providers of services of the relevant kind; and
 - (b) associations representing employers (including the South Australian Employers Chamber of Commerce and Industry); and

- (c) associations representing employees (including the United Trades and Labor Council).
- (3) A person who provides a recovery/return to work service for an injured worker for which a scale of charges has been published under this section, knowing the worker to be receiving the services under this Act, must not charge for the service an amount exceeding the amount allowed under that scale of charges.
Maximum penalty: \$2 500.
- (4) Nothing in this section prevents the Corporation from entering into an agreement for the provision of recovery/return to work services that are not subject to a notice published under this section at rates set or determined under the agreement.

29—Related initiatives

The Corporation may, as it thinks fit—

- (a) disseminate information that relates to work related injuries with a view to—
 - (i) preventing their occurrence; or
 - (ii) assisting workers with managing such injuries and with their recovery from such injuries (insofar as may be practicable); and
- (b) conduct, participate in or subsidise research that will promote the objects of this Part; and
- (c) encourage and support the work of organisations that provide assistance to workers who have suffered work related injuries.

Part 4—Financial benefits

Division 1—Claims

30—Claims

- (1) Subject to this section, a claim under this Part—
 - (a) must be made in a manner and form approved by the Corporation; and
 - (b) must be made within the prescribed period; and
 - (c) must be supported by a certificate in the designated form by a designated person certifying—
 - (i) the nature of the injury;
 - (ii) the probable cause of the injury so far as that is ascertainable by the designated person;
 - (iii) if the claimant claims to be incapacitated for work—the claimant's current and likely future capacity;
 - (iv) any other matter specified by the Corporation with the approval of the Minister.
- (2) If a notice of an injury is required under this Act, a claim may not be made in respect of that injury unless notice of the injury has been given as required.
- (3) Despite subsections (1) and (2)—
 - (a) the absence of, or a defect in, a notice of injury is not a bar to the making of a claim if—
 - (i) the proper determination of the claim has not been substantially prejudiced; or
 - (ii) the failure to give the notice, or the defect in the notice, was occasioned by ignorance of the claimant, mistake or absence from the State, or other reasonable cause; and
 - (b) a failure to make a claim within the prescribed period is not a bar to the making of a claim if—
 - (i) the proper determination of the claim has not been substantially prejudiced; or
 - (ii) the failure to make the claim within the prescribed period was occasioned by ignorance of the claimant, mistake or absence from the State, or other reasonable cause.
- (4) A claim must be given at first instance as follows:
 - (a) where the worker is at the commencement of the incapacity in employment—the claim must be given to the employer;
 - (b) in any other case—the claim must be given to the Corporation.

- (5) Within 5 business days after receipt of a claim under this section, an employer (not being a self-insured employer) must forward to the Corporation—
- (a) a copy of the claim;
 - (b) a statement in the designated form.

Maximum penalty: \$1 500.

- (6) An employer (not being a self-insured employer) must furnish to the Corporation, in such manner and form as the Corporation may determine, such other information as the Corporation may reasonably require in order to assess or determine a claim.

Maximum penalty: \$1 500.

- (7) If it appears from a claim that the worker was not, at the time of making the claim, in the employment of the employer from whose employment the injury arose, the Corporation must (where it is practicable to do so) notify that employer of the claim.

- (8) The Corporation may dispense with a requirement under this section.

- (9) A self-insured employer may dispense with the requirement for a certificate under subsection (1)(c) if a claim only relates to Division 2.

- (10) In this section—

designated person means—

- (a) a recognised health practitioner; or
- (b) another person of a prescribed class acting in prescribed circumstances and subject to any limitations or conditions prescribed by the regulations;

prescribed period, in relation to the making of a claim under this section, means the period of 6 months commencing on the day on which the entitlement to make the claim arises.

31—Determination of claim

- (1) On receipt of a claim, the Corporation may undertake such investigations and inquiries as are necessary in order to achieve an evidence based decision with respect to the determination of the claim.
- (2) Without limiting any other provision, for the purpose of satisfying itself of the nature, extent or probable duration of an injury, the Corporation may require a worker to submit to an examination by a recognised health practitioner nominated by the Corporation.
- (3) If a claimant—
- (a) fails or refuses to furnish information reasonably required by the Corporation to assess or determine the claim; or
 - (b) fails or refuses to submit to an examination as required under subsection (2),
- the claim may be rejected.
- (4) The Corporation must determine claims for compensation as expeditiously as reasonably practicable and where the claim is for compensation by way of income support must, wherever practicable, endeavour to determine the claim within 10 business days after the date of receipt of the claim.

-
- (5) If—
- (a) the injury results from a road accident; and
 - (b) no member of the police force attends at the scene of the accident; and
 - (c) the claimant is required to report the accident to a member of the police force or at a police station under the *Road Traffic Act 1961*,
- the Corporation may refrain from determining the claim until the accident is so reported.
- (6) If an employer notifies the Corporation, before the Corporation determines a claim, that the employer disputes that the injury is compensable under this Act, the Corporation must, before determining the claim, make a reasonable investigation into the grounds on which the employer disputes the compensability of the injury.
- (7) As soon as practicable after determining a claim the Corporation must give notice in writing of the determination—
- (a) to the claimant; and
 - (b) to any employer who may be directly affected.
- (8) If any part of a claim is rejected, a notice under subsection (7) must include—
- (a) such information as the regulations may require as to the grounds on which the claim is rejected; and
 - (b) a statement of the claimant's rights to have the determination reviewed.
- (9) The Corporation may, in an appropriate case, by notice in writing to the worker, redetermine a claim.
- (10) For the purposes of subsection (9), an appropriate case is one where—
- (a) the redetermination is necessary to give effect to an agreement reached between the parties to an application for review or to reflect progress (short of an agreement) made by the parties to such an application in an attempt to resolve questions by agreement; or
 - (b) the claimant deliberately withheld information that should have been supplied to the Corporation and the original determination was, in consequence, based on inadequate information; or
 - (c) the redetermination is appropriate by reason of new information that was not available and could not reasonably have been discovered by due enquiry at the time that the original determination was made; or
 - (d) the redetermination is for the purposes of section 5(11) and is appropriate by reason of the stabilising of a work injury; or
 - (e) the original determination was made as the result of an administrative error and the redetermination is made within 2 weeks of the making of the original determination.
- (11) The redetermination of a claim does not give rise to any right on the part of the Corporation to recover from the worker money paid under a previous determination unless the previous determination was made in consequence of the worker's fraud.

32—Payment of interim benefits

- (1) The Corporation may, pending the final determination of a claim, make interim payments under this Part to a claimant.
- (2) The Corporation must offer to make interim payments under this section if it fails to determine the relevant claim within 10 business days after the date of receipt of the claim.
- (3) If on the final determination of a claim it appears that an amount to which the claimant was not entitled has been paid under this section, the Corporation may recover that amount as a debt in a court of competent jurisdiction.

Division 2—Medical expenses etc

33—Medical expenses

- (1) Subject to this section, a worker is entitled to be compensated for costs of services described in subsection (2) that are reasonably incurred by the worker in consequence of having suffered a work injury—
 - (a) in accordance with a scale published by the Minister under this section; or
 - (b) if the relevant service is not covered by a scale under this section—to the extent of a reasonable amount for the provision of the service.
- (2) The costs referred to in subsection (1) are the necessary costs of:
 - (a) medical services;
 - (b) hospitalisation and all associated medical, surgical and nursing services;
 - (c) approved recovery/return to work services;
 - (d) travelling, or being transported, to and from any place for the purpose of receiving medical services, hospitalisation or approved recovery/return to work services (but not where the worker travels in a private vehicle);
 - (e) where it is necessary for the worker to be accommodated away from home for the purpose of receiving medical services or approved recovery/return to work services—such accommodation (but not exceeding limits prescribed by regulation);
 - (f) attendance by a registered or enrolled nurse, or by some other person approved by the Corporation or of a class approved by the Corporation, where the injury is such that the worker must have nursing or personal attendance;
 - (g) the provision, maintenance, replacement or repair of therapeutic appliances;
 - (h) medicines and other material purchased on the prescription or recommendation of a health practitioner;
 - (i) other services (or classes of services) authorised by the Corporation.
- (3) Compensation in respect of costs to which this section applies may be paid—
 - (a) to the worker; or
 - (b) directly to the person to whom the worker is liable for those costs.

-
- (4) If a worker has been charged more than the amount that the worker is entitled to claim for the provision of a service in respect of which compensation is payable under this section, the Corporation may reduce the charge by the amount of the excess.
- (5) A decision of the Corporation under subsection (4) does not constitute a reviewable decision under Part 6.
- (6) If—
- (a) services of a kind to which this section applies were provided to a worker in relation to a work injury; and
 - (b) the Corporation considers that the services were, in the circumstances of the case, unnecessary or unreasonably incurred,
- the Corporation may disallow charges for the services.
- (7) If the Corporation disallows or reduces a charge under this section—
- (a) it must give to the provider of the service a notice setting out—
 - (i) the basis of the Corporation's decision to disallow or reduce the charge; and
 - (ii) where the charge has been disallowed under subsection (6) the provider's right to have the decision reviewed under this section; and
 - (b) the worker is not liable to the provider for the disallowed charge, or for more than the reduced charge, (as the case requires) and, if the worker has in fact paid an amount for which he or she is not liable, the Corporation will reimburse the worker for that amount and may recover it from the provider as a debt.
- (8) If a worker travels in a private vehicle to or from any place for the purpose of receiving medical services, hospitalisation or approved recovery/return to work services, and the travel is reasonably necessary in the circumstances of the case, the worker is entitled to a travel allowance at rates fixed by a scale published by the Minister under this section.
- (9) A reference in this section to approved recovery/return to work services is a reference to recovery/return to work services provided by a person who has an agreement with the Corporation for the provision of those services.
- (10) If a treatment protocol or framework for the provision of services has been published by the Minister under this section, costs for the provision of those services are only compensable where—
- (a) the services are provided in accordance with the protocol or framework; or
 - (b) the provider of the services establishes, to the Corporation's satisfaction, that services outside the terms of the protocol or framework are justified in the circumstances of the particular case.
- (11) The amount of compensation for a service covered by a scale of charges published by the Minister under this section must be in accordance with the scale.

- (12) The Minister may, by notice in the Gazette, on the recommendation of the Corporation, publish—
- (a) scales of charges for the purposes of this section (ensuring as far as practicable that the scales comprehensively cover the various kinds of services to which this section applies);
 - (b) treatment protocols or frameworks as contemplated by this section.
- (13) Subject to subsection (14), a scale of charges published under this section must be based on the average charge to private patients for the relevant service unless the Minister determines that it is not reasonably practicable or feasible to determine such an average charge for a relevant service (but in any event the amount fixed for the service must not exceed the amount recommended by the relevant professional association).
- (14) A scale of charges for services provided by a public hospital may be based on government charges for the relevant service.
- (15) Before the Corporation makes a recommendation to the Minister about the publishing of a scale of charges, or a treatment protocol or framework, the Corporation must consult with—
- (a) professional associations representing the providers of medical services of the relevant kind; and
 - (b) associations representing self-insured employers (including Self-Insurers of South Australia Incorporated); and
 - (c) associations representing employers other than self-insured employers (including the South Australian Employers Chamber of Commerce and Industry); and
 - (d) associations representing employees (including the United Trades and Labor Council).
- (16) A person who provides a service for an injured worker, knowing the worker to be entitled to compensation for the service under this section, must not charge for the service an amount exceeding the amount allowed under a scale of charges published under this section.
- Maximum penalty: \$2 500.
- (17) A worker is entitled, in relation to prescribed classes of services, appliances, medicines or materials referred to in subsection (2), to apply to the Corporation for approval to obtain the provision of those services or otherwise to incur costs on the basis that the Corporation will agree in advance to be liable for the relevant costs rather than the worker being required to claim compensation under this section once the costs have been incurred.
- (18) An application under subsection (17) must be made in accordance with the regulations and the Corporation must make a decision in relation to the application within the period prescribed by the regulations.
- (19) The Corporation must give the same consideration to an application under subsection (17) that would be given to an application if the worker were to incur the relevant costs and then claim compensation under subsection (1).

-
- (20) Subject to subsection (21), an entitlement to compensation under this section (including an entitlement to make an application under subsection (17)) comes to an end if the worker has not had an entitlement to receive weekly payments in relation to the work injury under Division 4 for a continuous period of 12 months (or has not had an entitlement to receive weekly payments under Division 4 and a period of 12 months has expired) (insofar as costs are incurred after the end of that period).
- (21) Subsection (20)—
- (a) does not apply in relation to a seriously injured worker; and
 - (b) does not apply—
 - (i) in relation to any therapeutic appliance required to maintain the worker's capacity; or
 - (ii) in relation to surgery, any associated medical, nursing or medical rehabilitation services (including the cost of hospitalisation), where the Corporation has determined or accepted, on application made before the end of the period referred to in subsection (20), that it is reasonable and appropriate for such surgery to be undertaken at a later time due to the impact (or likely impact) of the work injury on the worker's health and capacity (or future health and capacity); or
 - (iii) in relation to prescribed classes of injury, where the Corporation has determined or accepted, on application made before the end of the period referred to in subsection (20), that it is reasonable and appropriate for the services to be provided after the end of that period (and then, in such a case, the services will be compensable to the extent determined by the Corporation); or
 - (iv) in any other circumstances prescribed by the regulations.
- (22) The right of review referred to in subsection (7)(a)(ii) is a right to have the decision of the Corporation to disallow or reduce a charge reviewed by the Tribunal by application to the Tribunal under the *South Australian Employment Tribunal Act 2014*.

34—Transportation for initial treatment

- (1) If—
- (a) a worker is injured at the worker's place of employment during the course of employment; and
 - (b) the injury is such as to require immediate medical treatment,
- the employer must, at the employer's own expense, provide the worker with immediate transportation to a hospital or health practitioner for initial treatment.
- (2) If an employer fails to provide transportation in accordance with subsection (1), the cost may be recovered by the Corporation from the employer as a debt due to the Corporation.
- (3) An amount recovered by the Corporation under subsection (2) must, if the worker incurred costs in consequence of the employer's failure to provide transportation, be paid to the worker.

- (4) If the cost of transportation provided by an employer (other than a self-insured employer) to a worker in accordance with subsection (1) exceeds an amount prescribed by the regulations, the employer is, on application to the Corporation in a manner and form approved by the Corporation, entitled to recover the excess from the Corporation.
- (5) An amount prescribed by regulation under subsection (4) may, if the regulations so provide, be indexed so as to provide annual adjustments according to changes in the CPI.

Division 3—Property damage

35—Property damage

- (1) If a worker suffers a work injury and, in consequence of the trauma out of which the injury arose, damage occurs to any therapeutic appliances, clothes, personal effects or tools of trade of the worker, the worker is, subject to limitations prescribed by regulation, entitled to be compensated for the full amount of the damage.
- (2) An entitlement under subsection (1) does not extend to compensation for damage to a motor vehicle.
- (3) An amount prescribed by regulation under subsection (1) may, if the regulations so provide, be indexed so as to provide annual adjustments according to changes in the CPI.

Division 4—Income support

Subdivision 1—Preliminary

36—Capacity to perform work

- (1) For the purposes of this Act, the current work capacity of a worker is constituted by a present inability arising from a work injury such that the worker is not able to return to his or her employment at the time of the occurrence of the injury but is able to return to work in suitable employment.
- (2) For the purposes of this Act, a worker has no current work capacity if the worker has a present inability arising from a work injury such that the worker is not able to return to work, either in his or her employment at the time of the occurrence of the injury or in suitable employment.

37—Prescribed benefits

The following are *prescribed benefits* for the purposes of this Division:

- (a) any amount paid to the worker by the Corporation or a self-insured employer in respect of an employment program provided or arranged by the Corporation or self-insured employer for the purposes of this Act;
- (b) any of the following received by the worker from an employer:
 - (i) any payment, allowance or benefit related to annual or other leave;
 - (ii) any payment, allowance or benefit paid or conferred by the employer on the worker's retirement;

- (iii) any payment, allowance or benefit paid or conferred under a superannuation or pension scheme;
- (iv) any payment, allowance or benefit paid or conferred on the retrenchment, or in relation to the redundancy, of the worker;
- (ba) any prescribed amount ordered by the Tribunal to be paid to the worker by the employer under section 18(5e);
- (c) any other payment, allowance or benefit of a prescribed kind.

38—Prescribed allowances

In this Division, a reference to weekly earnings, or current weekly earnings, is a reference to weekly earnings exclusive of prescribed allowances.

Subdivision 2—Entitlement to weekly payments

39—Weekly payments over designated periods for workers other than seriously injured workers

- (1) Subject to this Act, if a worker, other than a seriously injured worker, suffers a work injury that results in incapacity for work, the worker is entitled to weekly payments in respect of that incapacity in accordance with the following principles:
 - (a) if any period of incapacity for work occurs within the period of 52 weeks from the date on which the incapacity for work first occurs (the *first designated period*)—
 - (i) for any period during the first designated period when the worker has no current work capacity—the worker is entitled to weekly payments equal to the worker's notional weekly earnings; and
 - (ii) for any period during the first designated period when the worker has a current work capacity—the worker is entitled to weekly payments equal to the difference between the worker's notional weekly earnings and the worker's designated weekly earnings;
 - (b) if any period of incapacity for work occurs within the period of 52 weeks beginning immediately after the end of the period that applies under paragraph (a) (the *second designated period*)—
 - (i) for any period during the second designated period when the worker has no current work capacity—the worker is entitled to weekly payments equal to 80% of the worker's notional weekly earnings; and
 - (ii) for any period during the second designated period when the worker has a current work capacity—the worker is entitled to weekly payments equal to 80% of the difference between the worker's notional weekly earnings and the worker's designated weekly earnings.
- (2) For the purposes of this section, the *designated weekly earnings* of a worker will be taken to be the current weekly earnings of the worker in employment or self-employment (if any) but not so as to include a prescribed benefit.

- (3) A worker has no entitlement to weekly payments under this section in respect of a work injury after the end of the period of 104 weeks from the date on which the incapacity for work first occurs (that is, after the end of the second designated period).

40—Supplementary income support for incapacity resulting from surgery

- (1) Subject to this section, an injured worker who has an incapacity for work as a result of surgery approved by the Corporation is entitled to weekly payments (*supplementary income support payments*) as provided by this section if the incapacity occurs after the end of the second designated period that applies under section 39(1)(b).
- (2) Supplementary income support payments are not payable under this section in respect of any period of incapacity that occurs more than 13 weeks after the surgery concerned.
- (3) Supplementary income support payments under this section are payable at the rate provided by and in accordance with section 39(1)(b) as if the period of incapacity in respect of which the payments are made occurred during the second designated period subject to any adjustments made under the regulations to take into account—
- (a) changes in the CPI; and
 - (b) any other matter prescribed by the regulations.

41—Weekly payments for seriously injured workers

- (1) Subject to this Act, if a seriously injured worker suffers a work injury that results in incapacity for work, the worker is entitled to weekly payments in respect of that incapacity in accordance with the following principles:
- (a) if any period of incapacity for work occurs within the period of 52 weeks from the date on which the incapacity for work first occurs (*the first designated period*)—
 - (i) for any period during the first designated period when the worker has no current work capacity—the worker is entitled to weekly payments equal to the worker's notional weekly earnings; and
 - (ii) for any period during the first designated period when the worker has a current work capacity—the worker is entitled to weekly payments equal to the difference between the worker's notional weekly earnings and the worker's designated weekly earnings;
 - (b) if any period of incapacity for work occurs after the end of the period that applies under paragraph (a)—
 - (i) for any period when the worker has no current work capacity—the worker is entitled to weekly payments equal to 80% of the worker's notional weekly earnings; and
 - (ii) for any period when the worker has a current work capacity—the worker is entitled to weekly payments equal to 80% of the difference between the worker's notional weekly earnings and the worker's designated weekly earnings.
- (2) For the purposes of subsection (1), the *designated weekly earnings* of a worker will be taken to be the current weekly earnings of the worker in employment or self-employment (if any) but not so as to include a prescribed benefit.

- (3) If—
- (a) a worker is paid weekly payments under subsection (1); and
 - (b) the worker is subsequently, on account of an assessment of whole person impairment under this Act, determined not to be a seriously injured worker,
- the worker will be entitled to continue to receive payments under this section as if the worker were a seriously injured worker until the expiration of 8 weeks from the date of the assessment (and then any further entitlement to weekly payments will be determined on the basis that the worker is not a seriously injured worker and weekly payments paid under this section until then will not be recoverable from the worker).

42—Federal minimum wage safety net

- (1) Despite the preceding sections in this Subdivision, if the combined amount that a worker would receive in respect of any incapacity for work in any week applying under any such section would result in the worker receiving less than the Federal minimum wage (adjusted, in the case of a worker who was working at the relevant date on a part-time basis so as to provide a pro-rata payment), the amount of compensation payable under this Subdivision will be increased so that the combined amount equals the Federal minimum wage (or, if relevant, the Federal minimum wage as so adjusted).
- (2) For the purposes of this section—
- (a) a reference to the combined amount is a reference to the combined total of the amount of compensation that would otherwise be payable under this Subdivision and the amount of the designated weekly earnings of the worker; and
 - (b) a reference to the relevant date is a reference to the date applying in relation to the worker under section 5(16)(a); and
 - (c) a reference to a worker who is working on a part-time basis will be determined after taking into account the usual work patterns of workers in employment of the kind in which the worker was working at the relevant date.
- (3) The component of the relevant amount under subsection (1) that is constituted by the Federal minimum wage will be adjusted from time to time to reflect changes to the wages applying under a national minimum wage order under Part 2-6 of the *Fair Work Act 2009* of the Commonwealth in accordance with a scheme prescribed by the regulations.

43—Return to work obligations of worker

- (1) A worker who has current work capacity must, in cooperation with the employer or Corporation, make reasonable efforts to return to work in suitable employment or pre-injury employment at the worker's place of employment or at another place of employment.

- (2) For the purposes of this section, a worker is to be treated as making a reasonable effort to return to work in suitable employment or pre-injury employment during any reasonable period in which—
- (a) the worker is waiting for the commencement of any recovery/return to work services that are required to be provided under a recovery/return to work plan for the worker; or
 - (b) the worker is waiting for a response to a request for suitable employment or pre-injury employment made by the worker and received by the employer; or
 - (c) if the employer's response is that suitable employment or pre-injury employment will be provided at some time, the worker is waiting for suitable employment or pre-injury employment to commence.

44—Termination of weekly payments on retiring age

- (1) In this section—

retiring age means—

- (a) if there is a normal retiring age for workers in employment of the kind from which the worker's injury arose—that age; or
- (b) the age at which the worker would, subject to satisfying any other qualifying requirements, be eligible to receive an age pension under the *Social Security Act 1991* of the Commonwealth,

whichever is the lesser.

- (2) Weekly payments are not payable under this Division in respect of a period of incapacity for work falling after the date on which the worker reaches his or her retiring age.
- (3) However, if a worker who is within 2 years of his or her retiring age or above his or her retiring age becomes incapacitated for work while still in employment, weekly payments are payable for any period of incapacity falling within 104 weeks after the date on which the incapacity for work first occurred (unless suspended, reduced or discontinued under another provision of this Act and subject to any other relevant provision).

Subdivision 3—Adjustment of weekly payments

45—Adjustments due to change from original arrangements

- (1) The Corporation may, on its own initiative or at the request of the worker, review the calculation of the average weekly earnings of a worker (and therefore the notional weekly earnings of a worker) for the purpose of making an adjustment due to—
- (a) a change in a component of the worker's remuneration used to determine average weekly earnings (including a component constituted by a non-cash benefit); or
 - (b) a change in the equipment or facilities provided or made available to the worker (if relevant to average weekly earnings).
- (2) A request by a worker must be made in a designated manner and a designated form.

- (3) Before the Corporation begins a review under this section, the Corporation must give the worker notice, in a designated form—
 - (a) informing the worker of the proposed review; and
 - (b) inviting the worker to make written representations to the Corporation on the subject of the review within a reasonable time specified in the notice.
- (4) If the Corporation finds on a review under this section that there has been a change that warrants an adjustment contemplated by subsection (1), the Corporation may make the relevant adjustment.
- (5) An adjustment under this section—
 - (a) will take effect as an adjustment to the worker's notional weekly earnings (and may therefore increase or reduce weekly payments under this Division); and
 - (b) operates from a date determined by the Corporation (which may be an antecedent date but not a date that is before the date of the change on which the adjustment is based and not so as to result in a retrospective reduction in weekly payments).
- (6) For the purposes of a review under this section, the Corporation may, by notice in writing to the worker to whom the review relates, require the worker to furnish any information that the Corporation determines to be relevant to the review.
- (7) If a worker fails to comply with a requirement under subsection (6) within the time allowed in the notice, the Corporation may suspend weekly payments to the worker.
- (8) On completing the review, the Corporation must give notice, in a designated form, setting out the Corporation's decision on the review, and the rights of review that exist in respect of the decision to—
 - (a) the worker; and
 - (b) the employer from whose employment the compensable injury arose.
- (9) This section does not limit the powers of the Corporation under any other section of this Act.

46—Review of weekly payments

- (1) Subject to subsection (3), the Corporation may, on its own initiative and must if requested by a worker or an employer, review the amount of the weekly payments made to a worker who has suffered a work injury.
- (2) A request by a worker or employer must be made in a designated manner and a designated form.
- (3) The Corporation is not required to comply with a request for a review under subsection (1) if the request is made within 3 months from the completion of an earlier review.
- (4) Before the Corporation begins a review under this section, the Corporation must give the worker notice, in a designated form—
 - (a) informing the worker of the proposed review; and

- (b) inviting the worker to make written representation to the Corporation on the subject of the review within a reasonable time specified in the notice.
- (5) If the Corporation finds on a review under this section that the worker's entitlement to weekly payments has ceased, or has increased or decreased, the Corporation must adjust or discontinue the weekly payments to reflect that finding.

Example—

For example, if the Corporation finds on the review that there has been a change in the extent of the worker's incapacity with a consequent change in the amount the worker is earning or could earn in suitable employment, the Corporation must adjust the weekly payments to reflect the change in entitlement.

- (6) For the purposes of a review under this section, the Corporation may, by notice in writing to a worker, who is receiving weekly payments—
 - (a) require the worker to submit to an examination by a recognised health practitioner nominated by the Corporation; or
 - (b) require the worker to furnish evidence of the worker's earnings.
- (7) If a worker fails to comply with a requirement under subsection (6) within the time allowed in the notice, the Corporation may suspend weekly payments to the worker.
- (8) On completing the review, the Corporation must give notice, in a designated form, setting out the Corporation's decision on the review, and the rights of review that exist in respect of the decision, to—
 - (a) the worker; and
 - (b) the employer from whose employment the work injury arose.
- (9) This section does not limit the powers of the Corporation under any other section of this Act.

47—Economic adjustments to weekly payments for seriously injured workers

- (1) If a seriously injured worker is incapacitated for work or appears likely to be incapacitated for work for more than 1 year, the Corporation must, during the course of each year of incapacity, review the weekly payments for the purpose of making an adjustment to the amount of those payments under this section.
- (2) Before the Corporation begins a review under this section, the Corporation must give the worker notice, in a designated form—
 - (a) informing the worker of the proposed review; and
 - (b) inviting the worker to make written representations to the Corporation on the subject of the review within a reasonable time specified in the notice.
- (3) An adjustment under this section—
 - (a) must be based on—
 - (i) changes in the rates of remuneration payable to workers generally or to workers engaged in the kind of employment from which the worker's injury arose; or

- (ii) if the worker applies, in a designated manner and a designated form, for the adjustment to be made on the basis of changes in rates of remuneration prescribed by an award or enterprise agreement payable to a group of workers of which the worker was a member at the time of the occurrence of the injury—changes in those rates of remuneration; and
- (b) operates—
 - (i) in the case of an adjustment under paragraph (a)(i)—from the end of the year of incapacity in which the review is made;
 - (ii) in the case of an adjustment under paragraph (a)(ii)—from the Corporation's decision on the application, back-dated to the date of the relevant changes in rates of remuneration.
- (4) If the Corporation makes an adjustment to weekly payments under this section, the Corporation must give notice in writing, in a designated form, to the worker—
 - (a) containing such information as the regulations may require as to the grounds on which the adjustment is being made; and
 - (b) informing the worker of the worker's rights to have the Corporation's decision reviewed.

Subdivision 4—Reduction or discontinuance of weekly payments

48—Reduction or discontinuance of weekly payments

- (1) Subject to this Act, weekly payments to a worker who has suffered a work injury must not be reduced unless—
 - (a) the worker consents to the reduction of weekly payments; or
 - (b) the Corporation is satisfied, on the basis of a certificate of a recognised health practitioner, that there has been a reduction in the extent the worker is incapacitated for work by the work injury; or
 - (c) the reduction is necessary to correct an arithmetical or clerical error; or
 - (d) if the weekly payments include a component for overtime—the Corporation is satisfied that if the worker had continued in the work in which he or she was last employed before becoming incapacitated, he or she would not have continued to work overtime or the pattern of overtime would have changed so that the amount of overtime would have diminished; or
 - (e) the worker has recommenced work as an employee or as a self-employed contractor, or the worker has had an increase in remuneration as an employee or a self-employed contractor; or
 - (f) the worker's entitlement to weekly payments reduces because of the passage of time; or

- (g) the worker's entitlement to weekly payments reduces because of the occurrence of some other event or the making of some other decision or determination that, under another provision of this Act, is expressed to result in a reduction to an entitlement to weekly payments or the reduction of weekly payments is otherwise authorised or required under another provision of this Act.
- (2) Subject to this Act, weekly payments to a worker who has suffered a work injury must not be discontinued unless—
- (a) the worker consents to the discontinuance of weekly payments; or
 - (b) the Corporation is satisfied, on the basis of a certificate of a recognised health practitioner, that the worker has ceased to be incapacitated for work by the work injury; or
 - (c) the worker has returned to work; or
 - (d) the worker has obtained work as an employee, or as a self-employed contractor, that is providing remuneration equal to or above the worker's notional weekly earnings; or
 - (e) the worker's employment has been properly terminated on the ground of serious and wilful misconduct; or
 - (f) the worker breaches the obligation of mutuality; or
 - (g) the worker is, without the Corporation's consent—
 - (i) residing outside the State; or
 - (ii) absent from the State for more than 2 months in any continuous period of 12 months; or
 - (h) the worker's entitlement to weekly payments ceases because of the passage of time; or
 - (ha) the worker—
 - (i) has been receiving weekly payments on the basis of an interim decision under section 21(3); and
 - (ii) the interim decision is brought to an end under section 21(4)(b)(ii); or
 - (i) the worker's entitlement to weekly payments ceases because of the occurrence of some other event or the making of some other decision or determination that, under another provision of this Act, brings the entitlement to weekly payments to an end or the discontinuance of weekly payments is otherwise authorised or required under another provision of this Act.
- (3) A worker breaches the *obligation of mutuality* if—
- (a) the Corporation has, by written notice to the worker, required the worker to submit to an examination by a recognised health practitioner nominated by the Corporation and the worker fails to comply with the requirement within the time allowed in the notice or obstructs the examination; or

-
- (b) the Corporation has, by written notice to the worker, required the worker to submit to the Corporation a certificate from a recognised health practitioner certifying that the work injury continues, and the worker fails to comply with the requirement within the time allowed in the notice; or
 - (c) the worker refuses or fails to submit to proper medical treatment for the worker's condition; or
 - (d) the worker refuses or fails—
 - (i) to participate or cooperate in the establishment of a recovery/return to work plan for the worker; or
 - (ii) to comply with obligations imposed on the worker by or under a recovery/return to work plan for the worker; or
 - (e) the worker refuses or fails—
 - (i) to undertake work that the worker has been offered and is capable of performing; or
 - (ii) to take reasonable steps to find or obtain suitable employment or to comply with any other return to work obligation placed on the worker under this Act,
or having obtained suitable employment, unreasonably discontinues the employment; or
 - (f) the worker refuses or fails to participate in assessments of the worker's capacity, return to work progress or future employment prospects (including by failing to attend); or
 - (g) the worker does anything else that is, apart from this subsection, recognised as a breach of the obligation of mutuality.
- (4) However, a worker does not breach the obligation of mutuality—
- (a) by reasonably refusing surgery or the administration of a drug; or
 - (b) where there is a difference of medical opinion about the appropriate treatment for the worker's condition, or the possibility of choice between a number of reasonable forms of treatment—by choosing 1 form of treatment in preference to another.
- (5) Where the Corporation decides to reduce or discontinue weekly payments under this section, the Corporation must give notice in writing to the worker—
- (a) containing such information as the regulations may require as to the reasons for the Corporation's decision; and
 - (b) informing the worker of the worker's right to have the decision reviewed.
- (6) The notice must be given at least the prescribed number of days before the decision is to take effect in any of the following cases:
- (a) where a decision to reduce weekly payments is made, without the consent of the worker, on the ground that—
 - (i) the Corporation is satisfied that there has been a reduction in the extent the worker is incapacitated for work by the work injury; or

- (ii) the Corporation is satisfied, in the case of a worker whose weekly payments include a component for overtime, that the worker would not have continued to work overtime or the pattern of overtime would have changed so that the amount of overtime would have diminished;
 - (b) where a decision to discontinue weekly payments is made, without the consent of the worker, on the ground that—
 - (i) the Corporation is satisfied that the worker has ceased to be incapacitated for work by the work injury (although the worker has not returned to work); or
 - (ii) the worker has failed to submit to an examination by a recognised health practitioner or to provide a medical certificate as required by the Corporation; or
 - (iii) the worker has been dismissed from employment for serious and wilful misconduct; or
 - (iv) the worker has breached the obligation of mutuality;
 - (c) where a decision to reduce or discontinue weekly payments is made under section 46,

and in any other case the notice must be given as soon as practicable after the decision is made (but not necessarily before it takes effect).
- (7) For the purposes of subsection (6), the prescribed number of days is—
- (a) if the worker's entitlement to weekly payments relates to a period that is within 52 weeks from the date on which incapacity for work first occurred—14 days;
 - (b) in any other case—28 days.
- (8) Subject to complying with subsection (6), a reduction or discontinuance of weekly payments under this section takes effect in accordance with the terms of the Corporation's notice under subsection (5).
- (9) Subject to subsection (10), if a worker, within 1 month after the worker receives notice of a decision by the Corporation to reduce or discontinue weekly payments under this section, makes application to the Tribunal for a review of the decision and, as part of that application, makes an election under this subsection—
- (a) the operation of the decision is suspended and—
 - (i) the weekly payments must continue or, if the decision has already taken effect, the weekly payments must be reinstated (to their previous level), until the matter first comes before a member of the Tribunal; and
 - (ii) the Corporation must make a payment to the worker for any weekly payments that have not been made between the date that the decision took effect and the date of their reinstatement; and
 - (b) the Tribunal may as it thinks fit and from time to time, and after having regard to the nature and circumstances of the case—

-
- (i) further suspend the operation of the decision (from time to time) to allow a reasonable opportunity for resolution of the dispute by conciliation or determination if such action is reasonably necessary in order to avoid undue financial hardship being suffered by the worker and subject to the principle that the Tribunal should give extra weight to taking action under this subparagraph if it appears to the Tribunal that it is reasonably open to the worker to dispute the relevant decision;
 - (ii) vary or revoke a decision under subparagraph (i), including so as to provide that weekly payments will only continue, or continue at a reduced rate, if the worker complies with conditions determined by the Tribunal;
 - (iii) make an order for the payment of an amount to represent some or all of any weekly payments that have not been made to the worker during the period of the dispute.
 - (10) Weekly payments are not payable under subsection (9) after the end of the period of 104 weeks from the date on which the relevant incapacity for work first occurs (other than in the case of a seriously injured worker and not, in any event, so as to go beyond a date where the weekly payments would come to an end in any event under another provision of this Act).
 - (10a) If the Corporation is acting under subsection (2)(ha)—
 - (a) the notice under subsection (6) must be given as soon as practicable after the decision is made (but not necessarily before it takes effect); and
 - (b) subsection (10) does not apply.
 - (11) If a dispute is resolved in favour of the worker, the worker is entitled to be paid the amount that, subject to or according to the resolution of the matter, would have constituted the worker's entitlements under this Act had the weekly payments not been reduced or discontinued (as the case may be), after taking into account any amount paid under subsection (9), or under another provision of this Act.
 - (12) An amount paid under subsection (11) will be increased by interest at the prescribed rate.
 - (13) If a dispute is ultimately resolved in favour of the Corporation and the worker has been paid an amount in excess of the amount of the worker's lawful entitlements to weekly benefits on account of the operation of subsection (9), the Corporation may, at the Corporation's discretion (but subject to the regulations)—
 - (a) recover the amount of the excess (together with any interest on that amount paid by the Corporation) from the worker as a debt; or
 - (b) set off the amount recoverable under paragraph (a) against liabilities of the Corporation to make payments to the worker under this Act.
 - (14) If the Corporation makes a weekly payment to a worker on the assumption that the worker is incapacitated for work but the worker has in fact returned to work, the Corporation may, subject to the regulations, recover the amount of the payment as a debt.

- (15) If the Corporation overpays a worker by way of weekly payments in consequence of—
- (a) an arithmetical or clerical error; or
 - (b) an assumption, subsequently found to be incorrect, that a particular pattern of overtime would have continued if the worker had continued in the work in which he or she was last employed before becoming incapacitated,
- the Corporation may, subject to and in accordance with the regulations, recover the amount overpaid as a debt.
- (16) An employer who believes that reasonable grounds exist for the reduction or discontinuance of weekly payments under this section to a worker employed by, or formerly employed by, the employer may, in a manner determined by the Corporation, request the Corporation to review the circumstances of the case and to reduce or discontinue the weekly payments.
- (17) The Corporation must carry out the review as soon as practicable after receipt of a request under subsection (16) unless the request is, in the Corporation's opinion, unreasonable.
- (18) If the Corporation declines to carry out a review as requested under subsection (16), or it appears that there has been undue delay in carrying out the review, the Tribunal may, on application by the employer, direct the Corporation to carry out the review, or give such directions as appear reasonable in the circumstances to expedite the review (as the case may require).
- (19) The Corporation must comply, or take steps to ensure compliance, with such a direction.
- (20) On completing the review, the Corporation must give the employer notice in writing—
- (a) of the Corporation's decision on the review, and the reasons for its decision; and
 - (b) of the employer's right to have the Corporation's decision reviewed.
- (21) This section does not apply in relation to the discontinuance of payments under Division 5 of this Part or Part 5 (and in such a case no notice of discontinuance need be given).
- (22) In connection with the operation of subsection (2) (and to avoid doubt), a worker is required to take reasonable steps to attend any appointment reasonably required for the purposes of this Division (and a failure to comply with such a requirement constitutes a ground for the discontinuance of payments under this section).

Subdivision 5—Related matters

49—Protection from excess payments

- (1) A worker is not entitled under this Division to receive, in respect of 2 or more injuries, weekly payments in excess of the worker's notional weekly earnings.
- (2) If a liability to make weekly payments is redeemed (whether under this Act or the repealed Act), the worker is taken, for the purposes of this Act, to be receiving the weekly payments that would have been payable if there had been no redemption.

-
- (3) If a liability to make weekly payments is discharged under a deed of release under section 66(7), the injured party (within the meaning of that section) is taken, for the purposes of this Division, to be receiving the weekly payments that would have been payable if the deed of release had not been entered into.

50—Weekly payments and leave entitlements

- (1) Subject to this section, neither the liability to make weekly payments to a worker in respect of a period of incapacity nor the amount of such weekly payments is affected by a payment, allowance or benefit for annual leave or long service leave to which the worker is entitled in respect of that period.
- (2) If a worker is absent from employment in consequence of a work injury, the period of absence must for the purposes of computing the worker's entitlement to annual leave or sick leave under any Act, award or industrial agreement, be counted as a period of service in the worker's employment.
- (3) If a worker has received weekly payments in respect of total incapacity for work over a period of 52 weeks or more, the liability of the employer to grant annual leave to the worker in respect of a year of employment that coincides with, or ends during the course of, that period will be taken to have been satisfied.
- (4) Subsection (3) does not affect the obligation of an employer to make a payment in the nature of an annual leave loading.
- (5) If—
- (a) the entitlement of a worker to annual leave, or payment in lieu of annual leave, is governed by a law of the Commonwealth or a State or Territory of the Commonwealth (not being this State); and
 - (b) the worker is absent from employment in consequence of a work injury; and
 - (c) the period of absence is not taken into account as service for the purpose of calculating the worker's entitlement to annual leave or payment in lieu of annual leave,
- the worker is entitled by way of compensation to the monetary value of the annual leave that would have accrued if the worker had not been absent from employment.
- (6) Any compensation payable under subsection (5) must be paid when the annual leave, or the payment in lieu of annual leave, would (assuming that the worker had not been absent from employment) have been granted or made.
- (7) If a worker applies for, and takes, a period of annual leave, the Corporation may suspend weekly payments that would otherwise be payable to the worker during the period while the worker is on leave.
- (8) A decision of the Corporation under subsection (7) does not constitute a reviewable decision under Part 6.

51—Absence of worker from Australia

- (1) If a worker who has suffered a work injury and who is receiving weekly payments under this Division is to be absent from Australia for a period in excess of 28 days, the worker must, at least 28 days before leaving Australia, give the Corporation prescribed details of the proposed absence.

- (2) If the Corporation is of the opinion that the absence may impair the prospects of the worker's recovery or return to work, it may, after giving the worker at least 14 days notice, in a designated form, of its intention to do so, suspend or reduce the weekly payments to the worker.
- (3) The Corporation may suspend weekly payments that are being made to a worker who is absent from Australia—
 - (a) if the Corporation cannot obtain, to its satisfaction, information relating to—
 - (i) the whereabouts of the worker; or
 - (ii) the continuance of the worker's injury or incapacity for work; or
 - (iii) the earning capacity of the worker; or
 - (b) if there is, in the opinion of the Corporation, some other proper reason justifying suspension of the weekly payments.
- (4) If an injured worker leaves Australia without giving the notice required under subsection (1), the Corporation may suspend weekly payments to the worker.

52—Reports of return to work etc

- (1) An employer (other than a self-insured employer) must notify the Corporation whenever—
 - (a) a worker who has been receiving weekly payments for total incapacity returns to work; or
 - (b) there is a change in the weekly earnings of a worker who is receiving weekly payments for partial incapacity; or
 - (c) there is a change in the type of work performed by a worker who is receiving weekly payments for partial incapacity,(but notification is not required in a case or class of cases excepted by the Corporation from the operation of this subsection).
- (2) If a worker who has been receiving weekly payments for total incapacity returns to work with an employer other than the employer from whose employment the injury arose, the worker must notify that previous employer of the return to work.
- (3) A notification under subsection (1) or (2)—
 - (a) must be given within 14 days of the occurrence of the notifiable event; and
 - (b) must include full particulars of the notifiable event.
- (4) A person who without reasonable excuse fails to comply with this section is guilty of an offence.

Maximum penalty: \$1 500.

Division 5—Redemptions

53—Redemptions—liabilities associated with weekly payments

- (1) A liability to make weekly payments under Division 4 may, by agreement between the worker and the Corporation, be redeemed by a capital payment to the worker.

- (2) An agreement for the redemption of a liability under this section cannot be made unless—
 - (a) the worker has received competent professional advice about the consequences of redemption; and
 - (b) the worker has received financial advice from a qualified financial adviser about the investment or use of money to be received on redemption; and
 - (c) the Corporation has consulted with the employer out of whose employment the injury arose and has considered any representations made by the employer; and
 - (d) a recognised health practitioner has certified that the extent of the worker's incapacity resulting from the work injury can be determined with a reasonable degree of confidence.
- (3) The amount of the redemption payment is to be fixed by the agreement.
- (4) If the Corporation notifies a worker in writing that it is prepared to enter into negotiations for the redemption of a liability by agreement under this section, the Corporation is liable to indemnify the worker for reasonable costs of obtaining the advice required under this section up to a limit prescribed by regulation.
- (5) In the case of a seriously injured worker, this section applies subject to any election made by the worker under Part 5 Division 1.
- (5a) In addition, a seriously injured worker who has made an election under section 56A cannot enter into an agreement for the redemption of a liability under this section for the injury or injuries for which the election was made.

Division 6—Permanent impairment—economic loss

55—Preliminary

- (1) In this section—

relevant date means the relevant date, as it applies in relation to a worker, under section 5.
- (2) For the purposes of this Division, the *age factor* is the percentage that applies in relation to an injured worker under Schedule 6 (subject to the operation of subsection (3)).
- (3) For the purposes of Schedule 6, the relevant age of the worker is the worker's age at the relevant date.
- (4) For the purposes of this Division, the *hours worked factor* is the number of hours per week being worked by the worker (whether full-time or part-time) at the relevant date, expressed as a percentage of full-time work.
- (5) For the purposes of subsection (4) (but subject to subsections (6) and (7)), what constitutes full-time or part-time work must be consistent with the determinations made under section 5 in relation to the worker.
- (6) If by reason of the worker's circumstances on the relevant date it is not possible to arrive at a fair determination under subsection (4), the Corporation may apply such factors as it thinks appropriate to arrive at a fair determination of the number of hours per week that will apply for the purposes of this Division.
- (7) Furthermore, if in relation to a worker who was working part-time at the relevant date there is evidence that, at the relevant date, the worker had a legally enforceable right to return to full-time work, the hours worked factor applying in relation to the worker will be based on full-time work.
- (8) For the purposes of this Division, the *prescribed sum* is the amount applying under Schedule 7 in relation to a worker's whole person impairment.

- (9) In connection with the operation of subsection (8), the amount to be applied with respect to a particular injury is the amount applying under Schedule 7 at the relevant date.

56—Lump sum payments—economic loss

- (1) Subject to this Act, if a worker, other than a prescribed seriously injured worker, suffers a work injury resulting in permanent impairment as assessed under Part 2 Division 5, the worker is entitled (in addition to any entitlement apart from this section) to compensation for loss of future earning capacity by way of a lump sum.
- (2) An entitlement does not arise under this section if the worker's degree of whole person impairment from physical injury is less than 5%.
- (3) An entitlement does not arise under this section in relation to—
- (a) a psychiatric injury or consequential mental harm; or
 - (b) noise induced hearing loss.
- (4) Subject to this section, the lump sum will be an amount determined as follows:

$$LS = PS \times AF \times HWF$$

where

LS is the lump sum

PS is the prescribed sum that applies in relation to the worker's whole person impairment, provided that the prescribed sum cannot exceed the prescribed sum applicable for 34% whole person impairment

AF is the age factor applying in relation to the injured worker

HWF is the hours worked factor applying in relation to the injured worker.

- (5) If a worker suffers 2 or more impairments arising from the same injury or cause, those impairments will be assessed together and combined to determine the degree of impairment of the worker (using any principle set out in the Impairment Assessment Guidelines).
- (6) If—
- (a) a worker suffers a work injury that gives rise to an entitlement under this section; and
 - (b) the worker subsequently suffers—
- (i) an aggravation, acceleration, exacerbation, deterioration or recurrence of the injury referred to in paragraph (a); or
 - (ii) a new work injury,

and the worker, as a result, has a second entitlement under this section,

there will be a reduction of the lump sum payable under this section in respect of the second entitlement by the amount of the payment for the earlier entitlement unless such a reduction is incorporated into the provisions of the Impairment Assessment Guidelines (and then this subsection will apply in relation to any third or subsequent entitlement in the same way in order to ensure that each lump sum previously paid is taken into account as new entitlements arise).

- (7) For the purposes of this section, any degree of impairment will be assessed in accordance with Part 2 Division 5 (and the Impairment Assessment Guidelines).
- (8) Only 1 claim may be made under this Division in respect of any impairments that have been combined as provided by section 22 and this section (and any impairment or impairments that are not combined under section 22 will not be combined under this section).

- (12) In this section—
prescribed seriously injured worker means a seriously injured worker who has not made an election under section 56A.

56A—Seriously injured worker—election to receive lump sum payment

- (1) Subject to this section, a seriously injured worker may elect to receive a lump sum payment under section 56 at any time on or after the day on which the worker is assessed and determined to be a seriously injured worker as provided by Part 2 Division 4.

- (2) An entitlement does not arise under this section in relation to—
 - (a) a psychiatric injury or consequential mental harm; or
 - (b) noise induced hearing loss.
- (3) If a seriously injured worker elects to receive a lump sum payment under section 56, the worker is not entitled (on and after the day on which the lump sum payment is made) to—

 - (a) must be made in a manner and form approved by the Corporation; and
 - (b) takes effect from—
 - (i) in the case of an election made by a 50% or more WPI worker—the day on which the election is approved by the Tribunal under subsection (10); or

- (ii) in any other case—the day on which the election is received by the Corporation,
(the *election day*).
- (5) An election under this section cannot be made by a worker who is taken to be a seriously injured worker under section 21(3) pending an assessment of permanent impairment.
- (6) If a worker makes an election under this section, the worker is entitled to continue to receive weekly payments under section 41 as a seriously injured worker until the day immediately preceding the day on which the lump sum payment under section 56 in respect of the election is paid.
- (7) There will be a reduction of the lump sum payable under section 56 to a seriously injured worker who makes an election under this section by the amount of any weekly payments made to the worker after the end of the period of 104 weeks from the date on which the incapacity for work first occurs, other than weekly payments made in accordance with subsection (6) after—
- (a) in the case of an election made by a 50% or more WPI worker—the day on which the relevant application is referred to the Tribunal under this section; or
- (b) in any other case—the day on which the election is received by the Corporation.
- (8) An election under this section cannot be made unless—
- (a) the worker has received competent professional advice about the consequences of making an election; and
- (b) the worker has received financial advice from a qualified financial adviser about the investment or use of money to be received on the election; and
- (c) the worker has received advice from a recognised health practitioner about the future progression of their injury and its likely impact on their capacity to work.
- (9) An election under this section made by a 50% or more WPI worker is referred, by force of this subsection, to the Tribunal.
- (10) The Tribunal may approve the making of an election by a 50% or more WPI worker for the purposes of subsection (4)(b)(i) if satisfied that the election is in the best interests of the worker.
- (11) Before approving the making of an election under subsection (10), the Tribunal may take into account a report by a recognised health practitioner relating to whether or not the election is contrary to the best interests of the worker.
- (12) An election by a worker under this section cannot be withdrawn on or after the election day.
- (13) A seriously injured worker may only make 1 election under this section and after the worker receives the lump sum payment under section 56 to which the election relates, they are not entitled to a payment under section 56 for any other injury (whether suffered before or after the election).

- (14) In addition, a seriously injured worker who has entered into an agreement for the redemption of a liability under section 53 cannot make an election under this section for the injury or injuries to which the redemption relates.
- (15) The Corporation is liable to indemnify the worker for reasonable costs of obtaining the advice required under this section up to a limit prescribed by regulation.
- (16) A 50% or more WPI worker is entitled, subject to any limit prescribed by the regulations, to an award against the relevant compensating authority (within the meaning of section 75(9)) for the worker's reasonable costs of proceedings before the Tribunal relating to an application for an approval under subsection (10).
- (17) In this section—

50% or more WPI worker means a seriously injured worker whose degree of whole person impairment has been assessed and determined under Part 2 Division 5 for the purposes of this Act to be 50% or more.

Division 7—Permanent impairment—non-economic loss

57—Prescribed sum

- (1) For the purposes of this Division, the *prescribed sum* is—

or
 - (b) a greater amount prescribed by regulation for the purposes of this definition.

 - (a) the amount to be applied with respect to a particular injury is the amount applying under that subsection at the time of the occurrence of that injury;
and
 - (b) an amount prescribed by regulation under paragraph (b) of that subsection must be indexed so as to provide annual adjustments according to changes in the CPI.

58—Lump sum payments—non-economic loss

- (1) Subject to this Act, if a worker suffers a work injury resulting in permanent impairment as assessed under Part 2 Division 5, the worker is entitled (in addition to any entitlement apart from this section) to compensation for non-economic loss by way of a lump sum.
- (2) An entitlement does not arise under this section if the worker's degree of whole person impairment from physical injury is less than 5%.
- (3) An entitlement does not arise under this section in relation to a psychiatric injury or consequential mental harm.
- (4) Subject to this section, the lump sum will be an amount that represents a portion of the prescribed sum calculated in accordance with the regulations.
- (5) Regulations made for the purposes of subsection (4) must provide for compensation that at least satisfies the requirements of Schedule 8 taking into account the assessment of whole person impairment undertaken for the purposes of this Division.

- (6) If a worker suffers 2 or more impairments arising from the same injury or cause—
- (a) those impairments will be assessed together and combined to determine the degree of impairment of the worker (using any principle set out in the Impairment Assessment Guidelines); and
 - (b) the worker is not entitled to receive compensation by way of lump sum under subsection (4) in respect of those impairments in excess of the prescribed sum.
- (7) If—
- (a) a work injury consists of the aggravation, acceleration, exacerbation, deterioration or recurrence of a prior work injury; and
 - (b) compensation by way of lump sum has been previously paid under this section, or a corresponding previous enactment,
- there will be a reduction of the lump sum payable under this section in respect of the injury by the amount of the previous payment unless such a reduction is incorporated into the provisions of the Impairment Assessment Guidelines.
- (8) For the purposes of this section, any degree of impairment will be assessed in accordance with Part 2 Division 5 (and the Impairment Assessment Guidelines).

Division 8—Payments on death

59—Weekly payments

- (1) Subject to this Act, if a worker dies as a result of a work injury, compensation in the form of weekly payments is payable as follows:
- (a) a dependent spouse or domestic partner is entitled to weekly payments equal to—
 - (i) in the case of total dependency—50%;
 - (ii) in the case of partial dependency—such lesser percentage as may be fixed by the Corporation having regard to the extent of the dependency,of the amount of the notional weekly earnings of the deceased worker;
 - (b) a dependent child (being an orphaned child) is entitled to weekly payments equal to—
 - (i) in the case of total dependency—25%;
 - (ii) in the case of partial dependency—such lesser percentage as may be fixed by the Corporation having regard to the extent of the dependency,

of the amount of the notional weekly earnings of the deceased worker;

- (c) a dependent child (not being an orphaned child) is entitled to weekly payments equal to—
 - (i) in the case of total dependency—12.5%;
 - (ii) in the case of partial dependency—such lesser percentage as may be fixed by the Corporation having regard to the extent of the dependency,

of the amount of the notional weekly earnings of the deceased worker;

- (d) a dependent relative (not being a spouse, domestic partner or child) is entitled to such compensation by way of weekly payments as may be determined by the Corporation having regard to—
 - (i) the extent of the relative's dependency on the deceased worker;
 - (ii) the earning capacity of the relative;
 - (iii) the relative's means;
 - (iv) the extent of any other benefits provided under this Act in respect of the worker's death.
- (2) For the purposes of subsection (1), if a worker and the worker's spouse or domestic partner jointly contributed to the support of a dependent child immediately before the occurrence of the work injury that resulted in the worker's death, any contribution to the support of the child from the worker's spouse or domestic partner will be disregarded in determining whether the child is a dependant and, if so, the extent of the child's dependency.
 - (3) If—
 - (a) a worker dies leaving a spouse or domestic partner and a dependent child; and
 - (b) the spouse or domestic partner subsequently dies,the child (if still eligible to receive weekly payments under this section) will then be entitled to receive weekly payments under subsection (1)(b) as an orphaned child.
 - (4) Compensation is payable, if the Corporation so decides, to a spouse or domestic partner or child of a deceased worker who, although not dependent on the worker at the time of the worker's death, suffers a change of circumstances that may, if the worker had survived, have resulted in the spouse or domestic partner or child becoming dependent on the worker.
 - (5) Weekly payments will not be made to a dependent child under this section unless—
 - (a) the child is under the age of 18 years; or
 - (b) the child is a full-time student at an educational institution approved by the Corporation for the purposes of this paragraph and is under the age of 26 years; or
 - (c) the child is, by reason of disability, incapable of earning a living.
 - (6) Weekly payments will not be paid under this section beyond the date at which such payments would, assuming that the worker had survived but had been a seriously injured worker, have ceased to be payable to the worker.

-
- (7) If weekly payments payable under this section would, but for this subsection, exceed in aggregate the amount of the weekly payments to which the worker would have been entitled in the event of being a seriously injured worker with no current work capacity, the weekly payments must be proportionately reduced so as not to exceed that amount.
 - (8) If a person who is entitled to a payment under this section is under the age of 18 years, the payment may, if the Corporation so determines, be made wholly or in part to a guardian or trustee for the benefit of that person.
 - (9) Subject to subsection (10), if the child of a deceased worker who is entitled to weekly payments under this section is under the age of 18 years and is in the care of a person other than a dependent spouse or domestic partner of the worker, that person will, if the Corporation so determines, be entitled to a supplementary allowance to assist in the care of the child until—
 - (a) the child attains the age of 18 years; or
 - (b) the person ceases to have the care of the child,whichever first occurs.
 - (10) If a child is by reason of a disability incapable of earning a living, the Corporation may pay a supplementary allowance under subsection (9) during the period of that incapacity even though the child has attained the age of 18 years.
 - (11) A liability to make weekly payments under this section may, on application by the person entitled to the weekly payments, be commuted to a liability to make a capital payment that is actuarially equivalent to the weekly payments.
 - (12) However, the liability may only be commuted if the actuarial equivalent of the weekly payments does not exceed the prescribed sum applying under Division 7.
 - (13) The Corporation has (subject to this section) an absolute discretion to make or not to make a commutation under this section, and the Corporation's decision to make or not to make a commutation is not reviewable (but a decision on the amount of a commutation is reviewable).
 - (14) If the Corporation decides to make a commutation and makes an offer under this section, the Corporation cannot, without the agreement of the applicant, subsequently revoke its decision to make the commutation.
 - (15) In calculating the actuarial equivalent of weekly payments, the principles (and any discount, decrement or inflation rate) prescribed by regulation must be applied.
 - (16) A commutation discharges the Corporation's liability to make weekly payments to which the commutation relates.
 - (17) In this section—

disability means any physical, mental or intellectual disability.

 - (b) if the review is an annual review conducted under subsection (3)—to reflect changes in the rates of remuneration payable to workers generally or to workers engaged in the kind of employment from which the worker's injury arose.
- (5) For the purposes of a review under this section, the Corporation may, by notice in writing to a person who is receiving weekly payments under this Division, require that person to produce evidence to the satisfaction of the Corporation of—
 - (a) income from employment;
 - (b) earning capacity;
 - (c) any other circumstances that are relevant to the payment, or the amount, of weekly benefits.
- (6) If a person fails to comply with a requirement under subsection (5) within the time allowed in the notice, the Corporation may suspend weekly payments to that person.
- (7) If the Corporation proposes the reduction of weekly payments to a person on a review under this section the Corporation must, at least 21 days before the proposal is to take effect, give notice in writing to the person—

- (9) If the worker, being under the age of 21 years at the time of the work injury, leaves no partner and no child but, immediately before the injury, was contributing to the maintenance of the home of the members of his or her family, the members of his or her family are taken to be dependent on the worker's earnings for the purposes of subsection (8).

- (2) If a work injury arises from employment by a self-insured employer, the self-insured employer is liable to make all payments of compensation to which any person becomes entitled in consequence of the occurrence of that work injury.
- (3) A self-insured employer is liable to make all outstanding payments of compensation to which a person is entitled in consequence of the occurrence of a work injury arising from employment by the employer that occurred before the employer became a self-insured employer.
- (4) In connection with the assumption of liability by a self-insured employer under subsection (3) to make outstanding payments of compensation, the Corporation must determine, in accordance with the code of conduct for self-insured employers published by the Corporation in the Gazette under Part 9, whether—
 - (a) the Corporation is required to make a payment to the self-insured employer; or
 - (b) the self-insured employer is required to make a payment to the Corporation, and the amount of any such payment.
- (5) Subject to this section, if a worker is, as a result of a work injury, totally or partially incapacitated for work and is in employment when the incapacity arises, the worker's employer is liable to pay compensation by way of income maintenance—

- (6) For the purposes of subsection (5), the excess liability period is the first 2 weeks of the period of incapacity.
- (7) If separate periods of incapacity commence during the course of the same calendar year (whether attributable to the same injury or not), an employer is not liable to pay compensation under subsection (5) for those periods of incapacity in excess of an amount equal to twice the worker's average weekly earnings.
- (8) If a worker is, at the commencement of a period of incapacity, in the employment of 2 or more employers, they are liable to pay the compensation referred to in subsection (5) in proportions determined by agreement between them or, in default of agreement, by the Corporation.

 - (b) if it appears that the worker was not entitled to that compensation—from the worker.
- (12) If the Corporation pays compensation by way of income maintenance to a worker who was not in employment when the incapacity for work arose, the Corporation may recover any amount that would, if the worker had been in employment, have been payable under subsection (5) by the employer from whose employment the worker's injury arose.
- (13) The regulations may exempt prescribed classes of employers from the operation of subsection (5) (and in that case the Corporation will undertake any liability of those employers that would otherwise have arisen under that subsection).
- (14) The Corporation will also undertake any liability of an employer under subsection (5) in respect of a particular injury if the Corporation is satisfied that the employer has complied with the employer's responsibilities under section 30(5) within 5 days after receipt of the relevant claim (and if an employer pays compensation despite the operation of this subsection, the employer may recover the amount of the payment from the Corporation up to the amount of compensation payable to the worker under this Act in respect of the relevant period).

- (a) the amount of the payment; and
 - (b) an administration fee fixed in accordance with the regulations,

Division 10—Related matters

66—Rights of action and recovery against third parties

- (1) Subject to this section, nothing in this Part affects a liability arising out of the use of a motor vehicle that gives rise to a liability for motor accident damages.
- (2) A court before which an action is brought against an employer for loss arising from a work injury (being an injury arising out of the use of a motor vehicle and gives rise to liability of a kind referred to in subsection (1)) must make due allowance for any compensation paid under this Part to the person by or on whose behalf the action is brought.
- (3) If—
- (a) a worker suffers a work injury (not being an injury that arises out of the use of a motor vehicle and gives rise to a liability of a kind referred to in subsection (1)); and
 - (b) the injury is attributable to the negligence of another worker—
 - (i) who was acting in the course of employment with the same employer; and

- (ii) whose negligence did not arise from, or in the course of, serious and wilful misconduct,

the worker has no right of action against the other worker.

(4) If—

- (a) a worker suffers a work injury (not being an injury that arises out of the use of a motor vehicle and gives rise to a liability of a kind referred to in subsection (1)); and
- (b) action is taken against a person other than the employer for damages in respect of the injury,

the other person has no right to recover a contribution from the employer.

(5) If—

- (a) compensation is paid or payable under this Act in respect of a work injury;
- (b) a right of action exists against a person other than the employer for damages in respect of the injury,

the person by whom the compensation is paid or payable is entitled to recover from that other person the amount of the compensation in accordance with subsection (7).

(6) If—

- (a) a work injury arises out of the use of a motor vehicle; and
- (b) the employer was or ought to have been insured against liability for the injury under the law of compulsory third-party motor vehicle insurance; and
- (c) compensation is paid or payable by the Corporation or a self-insured employer under this Act in respect of the injury,

the Corporation or a self-insured employer (as the case requires) is entitled to recover the amount of the compensation in accordance with subsection (7).

(7) If—

- (a) compensation is paid or payable to a person (the *injured party*) under this Act; and
- (b) the injured party has received, or is entitled to, damages from another person (the *wrongdoer*) pursuant to rights arising from the same trauma as gave rise to the rights to compensation under this Act; and
- (c) the person by whom the compensation is paid or payable under this Act (the *claimant*) is entitled to recover the amount of the compensation by virtue of subsection (5) or (6),

then the following provisions apply:

- (d) the claimant is entitled to recover the amount of compensation paid or payable under this Act from the wrongdoer or the injured party but subject to the following qualifications:
 - (i) no amount may be recovered from the wrongdoer in excess of the wrongdoer's unsatisfied liability to the injured party; and

-
- (ii) the claimant must exhaust its rights against the wrongdoer before recovering against the injured party; and
 - (iii) no amount may be recovered from the injured party in excess of the amount of the damages received by the injured party;
 - (e) the claimant must, on giving notice to a wrongdoer of an entitlement to recover compensation under this section, have a first charge, to the extent of the entitlement, on damages payable by the wrongdoer to the injured party;
 - (f) any amount recovered by the claimant against a wrongdoer under this subsection will be taken to be an amount paid in or towards satisfaction of the wrongdoer's liability to the injured party;
 - (g) an action for the recovery of compensation under this subsection—
 - (i) may be heard and determined in proceedings brought in the District Court of South Australia; and
 - (ii) must be commenced within 3 years after the date of the trauma referred to in paragraph (b);
 - (h) the injured party and the claimant may enter into an agreement (a *deed of release*) under which the parties agree that after the claimant has recovered from the injured party or the wrongdoer the full amount of compensation paid by the claimant to the injured party—
 - (i) the injured party is then entitled to retain the balance of any damages paid or payable to him or her by the wrongdoer; and
 - (ii) any liability by the claimant to the injured party under this Act in respect of the work injury (including a liability to provide recovery/return to work services or to provide compensation under Division 4) is discharged; and
 - (iii) the employer from whose employment the injury arose has no further obligation under this Act to provide suitable employment to the injured party;
 - (i) a deed of release cannot be entered into unless the injured party has received—
 - (i) competent professional advice; and
 - (ii) competent financial advice,
 about the consequences of entering into the deed of release;
 - (j) if the claimant notifies the injured party that it is willing to enter into a deed of release, the claimant is liable to indemnify the injured party for reasonable costs of obtaining the advice required under paragraph (i) up to a limit prescribed by regulation.
- (8) This section is intended to apply in relation to any action that arises out of the occurrence of a work injury—
- (a) irrespective of where the injury occurred; and
 - (b) —

- (i) irrespective of whether the action is brought before a court of this State or before a court of some other state, territory or country; and
- (ii) notwithstanding that the court before which the action is brought would not (but for this subsection) apply, or take into account, South Australian law.

(9) If—

- (a) an action is brought in respect of a work injury in a court that is not a court of the State; and
- (b) despite subsection (8), the court awards an amount against an employer that is in excess of the amount (if any) that would have been awarded in a similar action before a court of the State; and
- (c) the Corporation is liable to pay the amount awarded by virtue of insurance provided under this Act,

the Corporation is entitled to recover the excess from the person to whom the amount is awarded.

(10) In the course of proceedings under subsection (9), a court may—

- (a) receive in evidence any transcript of evidence in proceedings before the court by which the amount was awarded and draw any conclusions of fact from the evidence that it considers proper; or
- (b) adopt any of the court's findings of fact.

(11) In this section—

damages includes any form of compensation payable apart from this Act in respect of a work injury;

67—Prohibition of double recovery

- (1) Compensation under this Act is not payable in respect of an injury to the extent that compensation has been received in respect of the same injury under the laws of a place other than this State (whether within or outside Australia).
- (2) If a person receives compensation under this Act in respect of an injury and, in respect of the same injury, subsequently receives compensation under the laws of a place other than this State (whether within or outside Australia), the person from whom compensation under this Act is received may, in a court of competent jurisdiction, sue and recover (as a debt) from the person the amount described in subsection (3).

- (3) The amount that is recoverable under subsection (2) is—
- (a) the amount of compensation paid under this Act; or
 - (b) the amount of compensation received under the laws of the place other than this State,
- whichever is the lesser.
- (4) The fact that compensation or damages in respect of an injury have been recovered under a foreign law is a bar to the recovery of compensation in respect of the same injury under this Act.

68—Injuries arising from employment on ships

If a work injury arises from employment on a ship the amount of the compensation is not subject to any limitation imposed by the *Merchant Shipping Act 1894* of the United Kingdom.

69—Sporting injuries

- (1) Despite any other provision of this Act, but subject to subsection (2), if—

- (4) This Part does not apply to an award of motor accident damages (subject to any express provision about motor accident damages).
- (5) This Part applies to an award of damages in respect of an injury caused by the negligence or other tort of the worker's employer even though the damages are recovered in an action for breach of contract or in any other action based on the same act or omission of the employer that would have founded an action for negligence or on account of another tort.
- (6) Subsection (5) is enacted for the avoidance of doubt.
- (7) An employer is not liable to an award of damages in respect of—

- (3) In assessing whether the relevant threshold referred to in subsection (1) has been met—
- (a) impairment resulting from physical injury is to be assessed separately from impairment resulting from psychiatric injury; and
 - (b) in assessing impairment resulting from physical injury or psychiatric injury, no regard is to be had to impairment that results from consequential mental harm; and

Division 2—General principles

75—Effect of recovery of damages on compensation

- (1) If a person (being a worker or other person) recovers damages in respect of an injury from the employer and the relevant compensating authority is liable to pay compensation under this Act in respect of the same injury then (except to the extent that subsection (3) or (5) covers the case)—
 - (a) the person ceases to be entitled to any further compensation under this Act in respect of the injury concerned (including compensation claimed but not yet paid); and
 - (b) the amount of any compensation already paid in respect of the injury concerned is to be deducted from the damages; and
 - (c) the person ceases to be entitled to receive recovery/return to work services under this Act.
- (2) Subsection (1)—
 - (a) does not extend to an entitlement of a seriously injured worker—
 - (i) to receive any services under Part 3; or
 - (ii) to receive compensation (or any provision of services) under Part 4 Division 2; and
 - (b) does not operate so as to require a deduction under subsection (1)(b) with respect to compensation already paid to a seriously injured worker for any services under Part 4 Division 2; and

- (c) does not operate with respect to compensation under Part 4 Division 7.
- (3) If damages in respect of an injury are recovered pursuant to a cause of action that survives for the benefit of the estate of a deceased worker under the *Survival of Causes of Action Act 1940*, the amount of any weekly payments of compensation already paid in respect of the injury concerned are to be repaid out of the estate of the deceased worker to the relevant compensating authority.
- (4) If a person recovers damages as a dependant of a worker in respect of proceedings in respect of the death of the worker—
- (a) the relevant compensating authority is not liable to pay compensation, or further compensation, in respect of the death; and
 - (b) the amount of any compensation already paid to the dependant under Part 4 Division 8 in respect of the death of the worker is to be deducted from the damages.
- (5) If a person (being a worker or other person) recovers motor accident damages in respect of an injury under this Act (whether from the employer or another party)—
- (a) the person ceases to be entitled to any further compensation under this Act in respect of the injury concerned (including compensation claimed but not yet paid); and
 - (b) the amount of any compensation already paid in respect of the injury concerned is to be deducted from the damages (awarded or otherwise paid as a lump sum) and is to be paid to the relevant compensating authority.
- (6) If a person (being a worker or other person) recovers any other damages in respect of an injury under this Act from a person other than the employer—
- (a) the person ceases to be entitled to any further compensation under this Act in respect of the injury concerned (including compensation claimed but not yet paid); and
 - (b) the amount of any compensation already paid in respect of the injury concerned is to be deducted from the damages (awarded or otherwise paid as a lump sum) and is to be paid to the relevant compensating authority.
- (7) Subsection (6)(a) does not extend to an entitlement of a seriously injured worker—
- (a) to receive any services under Part 3; or
 - (b) to receive compensation (or any provision of services) under Part 4 Division 2.
- (8) Nothing in this section limits or restricts a right of recovery under section 66.
- (9) In this section—

relevant compensating authority means the Corporation or a self-insured employer, depending on which entity has paid compensation under this Act, or is liable to pay compensation under this Act, in the particular case.

76—Retirement age

In awarding damages for future economic loss due to deprivation or impairment of earning capacity or loss of expectation of financial support in a case where this Part applies, the court is to disregard any earning capacity of the worker after pension age (as defined in the *Social Security Act 1991* of the Commonwealth for persons other than veterans).

77—Mitigation of damages

- (1) In assessing damages in a case where this Part applies, the court must consider the steps that have been taken, and that could reasonably have been or be taken by the injured worker, to mitigate those damages.
- (2) In particular, the court must consider the following matters:
 - (a) whether the injured worker has undergone appropriate medical treatment;
 - (b) whether the injured worker has duly complied with any other relevant obligation under Part 3 or Part 4.
- (3) In any proceedings for damages, the person claiming damages has the onus of proving that all reasonable steps to mitigate damages have been taken by the injured worker.
- (4) However, the person claiming damages does not have the onus of establishing that the steps referred to in paragraph (b) of subsection (2) have been taken, and the court assessing damages does not have to take the matters referred to in that paragraph into account, unless it is established that before those steps could reasonably be expected to have been taken the worker was made aware by the employer or the Corporation that the worker was required to take those steps.
- (5) In any proceedings for damages, a written report by a person who provided medical or recovery/return to work services to the injured worker is admissible as evidence of any such steps taken by that worker.

78—Payment of interest—limited statutory entitlement

- (1) A plaintiff has only such right to interest on damages in a case where this Part applies as is conferred by this section.
- (2) Interest is not payable (and a court cannot order the payment of interest) on damages unless—
 - (a) information that would enable a proper assessment of the plaintiff's claim has been given to the defendant and the defendant has had a reasonable opportunity to make an offer of settlement (where it would be appropriate to do so) in respect of the plaintiff's full entitlement to all damages of any kind relevant to the operation of this Part but has not made such an offer; or
 - (b) the defendant has had a reasonable opportunity to make a revised offer of settlement (where it would be appropriate to do so) in the light of further information given by the plaintiff that would enable a proper assessment of the plaintiff's full entitlement to all damages of any kind relevant to the operation of this Part but has not made such an offer; or

-
- (c) the defendant has made an offer of settlement, the amount of all damages of any kind awarded by the court (without the addition of any interest) is more than 20% higher than the highest amount offered by the defendant and the highest amount is unreasonable having regard to the information available to the defendant when the offer was made.
- (3) The highest amount offered by the defendant is not unreasonable if, when the offer was made, the defendant was not able to make a reasonable assessment of the plaintiff's full entitlement to all damages of any kind relevant to the operation of this Part.
- (4) For the purposes of subsection (2), an offer of settlement must be in writing.
- (5) If a court is satisfied that interest is payable under subsection (2) on damages—
- (a) the amount of interest is to be calculated for the period from the date of the injury to or death of the worker until the date on which the court determines the damages; and
 - (b) the amount of interest is to be calculated in accordance with the principles ordinarily applied by the court for that purpose, subject to this section.
- (6) Nothing in this section affects the payment of interest on a debt under a judgment or order of a court.

79—Contributory negligence

The common law and enacted law as to contributory negligence apply in relation to awards of damages under this Part.

80—Defence of voluntary assumption of risk

The defence of voluntary assumption of risk (*volenti non fit injuria*) is not available in an action for the award of damages in a case where this Part applies but, where that defence would otherwise have been available, the amount of any damages is to be reduced to such extent as is just and equitable on the presumption that the injured or deceased person was negligent in failing to take sufficient care for his or her own safety.

81—Exemplary or punitive damages

A court may not award exemplary or punitive damages to a person in an award of damages to which this Part applies.

82—Court to apportion damages etc

- (2) In any such case the court is required to apportion any costs awarded.

83—Abolition of doctrine of common employment

- (1) It is not a defence to an employer who is sued in respect of any personal injury caused by the negligence of a person employed by the employer that the person so employed was, at the time the personal injury was caused, in common employment with the person injured.

- (2) This section applies to every case in which the relationship of employer and employee exists, whether the contract of employment is made before or after the commencement of this section.
- (3) In this section—

employer includes the Crown but does not include any person who, by any provision of this Act, is deemed to be an employer;

personal injury includes—

 - (a) death; and
 - (b) any disease; and
 - (c) any impairment of the physical or mental condition of a person.

84—No damages for nervous shock injury to non-workers

No damages for pure mental harm may be awarded against an employer in respect of the death of or injury to a worker in a case where this Part applies if the pure mental harm arises wholly or partly from mental or nervous shock in connection with that death or injury unless the pure mental harm is in itself a work injury under this Act.

Division 3—Procedural matters and costs

85—Compulsory mediation

- (1) Subject to this section, a court before which an action for damages to which this Part applies is brought must not proceed to a trial in the matter unless or until a pre-trial mediation has been conducted under this section.
- (2) The court is to appoint the person who will conduct the mediation (who may, but need not be, a member of the court).
- (3) Each party to the proceedings is to attend the mediation unless excused from attendance by the mediator.
- (4) The mediator is to use his or her best endeavours to bring the parties to agreement on the relevant claim.
- (5) Failing agreement, the mediator may issue a certificate certifying any final offers of settlement made by the parties in the mediation.
- (6) The amount of any offer of settlement made by a party in the course of mediation of a claim is not to be specified in any pleading, affidavit or other document filed in or in connection with court proceedings on the claim, and is not to be disclosed to or taken into account by the court, before the court's determination of the amount of damages in the proceedings.
- (7) However, an offer of settlement will be relevant to the question of costs in any proceedings that do not settle before judgment.
- (8) In addition to subsection (6), evidence of anything said or done in the course of mediation is inadmissible in proceedings before the court except by consent of all parties to the proceedings.

- (9) A matter or thing done or omitted to be done by a mediator in the exercise of the mediator's functions does not, if the matter or thing was done or omitted in good faith, subject the mediator personally to any action, liability, claim or demand.
- (10) The regulations may make provision for or with respect to the fees to be paid in connection with mediation under this section.
- (11) In particular, the regulations may specify any such fee or the method by which the fee is to be calculated, and may specify by whom and in what circumstances the fee is payable.
- (12) The rules of the court before which the relevant proceedings have been brought may make other provision in relation to mediations under this section.

86—Costs

- (1) When, in relation to an action for damages brought under this Part—
 - (a) the proceedings are settled; or
 - (b) a judgment is given; or
 - (c) the proceedings are otherwise brought to an end,a legal practitioner acting on behalf of any party must, in accordance with the regulations, declare the legal costs that the legal practitioner has charged, or intends to charge, the party.
- (2) The regulations under subsection (1) may include a requirement that the declaration be furnished to any person specified by the regulations.
- (3) This section does not extend to proceedings before the Supreme Court on an appeal.
- (4) In this section—

legal costs includes disbursements.

Division 4—Choice of law

87—The applicable substantive law for work injury claims

- (1) If there is an entitlement to compensation under the statutory workers compensation scheme of a State in respect of an injury to a worker (whether or not compensation has been paid), the substantive law of that State is the substantive law that governs—
 - (a) whether or not a claim for damages in respect of the injury can be made; and
 - (b) if it can be made, the determination of the claim.
- (2) This Division does not apply if compensation is payable in respect of the injury under the statutory workers compensation scheme of more than 1 State.
- (3) For the purposes of this section, compensation is considered to be payable under a statutory workers compensation scheme of a State in respect of an injury if compensation in respect of it—
 - (a) would have been payable but for a provision of the scheme that excludes the worker's right to compensation because the injury is attributable to any conduct or failure of the worker that is specified in that provision; or

- (b) would have been payable if a claim for that compensation had been duly made, and (where applicable) an election to claim that compensation (instead of damages) had been duly made.
- (4) A reference in this section to compensation payable in respect of an injury does not include a reference to compensation payable on the basis of the provisional acceptance of liability.
- (5) In this Division—
State includes a Territory.

88—Claims to which Division applies

- (1) This Division applies to a claim for damages or recovery of contribution brought against a worker's employer in respect of an injury that was caused by—

 - (b) a breach of contract by the worker's employer.
- (2) This Division also applies to a claim for damages or recovery of contribution brought against a person other than a worker's employer in respect of an injury if—
 - (a) the worker's employment is connected with this State; and
 - (b) the negligence or other tort or the breach of contract on which the claim is founded occurred in this State.
- (3) Subsections (1)(a) and (2) apply even if damages resulting from the negligence or other tort are claimed in an action for breach of contract or other action.
- (4) A reference in this Division to a worker's employer includes a reference to—
 - (a) a person who is vicariously liable for the acts of the employer; and
 - (b) a person for whose acts the employer is vicariously liable.

89—What constitutes injury and employment

94—Interaction with *Civil Liability Act 1936*

In the event of an inconsistency between this Act and the *Civil Liability Act 1936*, this Act will prevail to the extent of the inconsistency (but this Act will not otherwise limit the operation of any provision of that Act in respect of a cause of action for damages under this Part (as compared to workers compensation under the other parts of this Act)).

 - (b) the designated minimum premium.
- (10) The Corporation may, if it considers that there is an error in a RTWSA premium order, after consultation with the Minister, amend the RTWSA premium order by notice in the Gazette.
- (11) A notice under subsection (10) may, if the notice so provides, take effect from a date that is earlier than its date of publication (being on or after the date on which the relevant RTWSA premium order took effect).

144—Premium stages

- (1) A premium in relation to a particular period (being a period determined by the Corporation) may be constituted by—
- (a) an *initial premium* calculated on the basis of estimates and assumptions made at, or in relation to, the beginning of the period after applying any principles specified by the Corporation in the RTWSA premium provisions or in a RTWSA premium order;
 - (b) an *adjusted premium* at any time during the period based on applying any principles or requirements specified by the Corporation in the RTWSA premium provisions or in a RTWSA premium order;
 - (c) a *hindsight premium* calculated on the basis of actual amounts and information known or determined by the Corporation at the end of the period after applying any principles or requirements specified by the Corporation in the RTWSA premium provisions or in a RTWSA premium order.
- (2) Subject to this section, an initial premium will be payable by a date specified by the Corporation for the purposes of this subsection.

-
- (3) The Corporation may adjust a premium at any time during the relevant period and any amount that becomes due on account of that adjustment (the adjusted premium) will, subject to this section, be payable by a date specified by the Corporation for the purposes of this subsection.
 - (4) A hindsight premium will be payable after the end of the relevant period by a date specified by the Corporation for the purposes of this subsection (unless a hindsight premium does not need to be paid).
 - (5) If the Corporation so allows, an employer may elect to pay an initial premium or an adjusted premium by instalments, at such times and of such amounts as the Corporation may determine.
 - (6) Subject to this Act, if the initial premium, and an adjusted premium (if any), paid by an employer in relation to a particular period exceed the employer's liability to pay premium for that period, the Corporation may at the Corporation's discretion—
 - (a) refund the difference to the employer; or
 - (b) set off the difference against existing or future liabilities of the employer to make payments of premium under this Part.
 - (7) The Corporation may grant discounts or other incentives in order to encourage the payment of any premium in advance.
 - (8) The Corporation may, in prescribed circumstances, remit any premium payable by an employer under this section wholly or in part.
 - (9) This section applies subject to—
 - (a) any alternative arrangements agreed between the Corporation and an employer as part of an alternative set of principles applied under section 143(7); or
 - (b) any alternative requirements specified by the Corporation (by notice to a particular employer or by notice in the Gazette); or
 - (c) without limiting paragraph (a) or (b), any alternative arrangements agreed between the Corporation and the employer that allow the employer to pay any premium on aggregate remuneration paid during a preceding period and after taking into account any other matter or factor specified by the Corporation for the purposes of this paragraph.
 - (10) A notice under subsection (9)—
 - (a) may be varied by the Corporation from time to time by further notice; and
 - (b) will have effect according to its terms.

145—Grouping provisions

- (1) For the purposes of this section, 2 or more employers will, if the Corporation so determines, constitute a group if—
 - (a) they are capable of being treated as a member of a group under the *Payroll Tax Act 2009*; or
 - (b) they are related in some other way.

- (2) Where 2 or more employers constitute a group—
 - (a) unless the Corporation otherwise determines, each employer in the group will be liable to pay premiums in accordance with a RTWSA premium order under this Division (rather than on the basis of aggregate base premiums); and
 - (b) the Corporation may apply any claims experience, rating or other principle to all members of the group on a combined basis (rather than on an individual basis) in accordance with the provisions of a RTWSA premium order; and
 - (c) the Corporation may aggregate the employers in such manner (in any way or for such other purposes) as the Corporation thinks fit under a RTWSA premium order (including by treating 1 employer within the group as if the employer were the employer of all workers employed by the members of the group or by rating them together or according to a common factor).
- (3) Despite being grouped, each employer will be taken to be subject to the relevant RTWSA premium provisions in its own right (but with premiums being aggregated or divided according to principles specified in a RTWSA premium order).
- (4) The employers in a group are jointly and severally liable for the payment of premiums attributable to the group.
- (5) This section applies subject to any alternative arrangements agreed between the Corporation and the members of the group of employers as part of an alternative set of principles applied under section 143(7)(e).
- (6) The Corporation may, if it is satisfied that 2 or more employers who should have been grouped under this section have not been so grouped on account of false or misleading information, or insufficient or defective information, provided to the Corporation—
 - (a) make any determination or redetermination, and impose any premium, on a retrospective basis; and
 - (b) impose on each employer a fine (not exceeding an amount calculated under the regulations) fixed by the Corporation.
- (7) The Corporation may for any proper reason remit a fine imposed under subsection (6)(b) wholly or in part.

Division 5—Self-insured employers—fees

146—Self-insured employers—fees

- (1) A self-insured employer is liable to pay a fee to the Corporation under this section.
- (2) The fee payable by a self-insured employer will be a percentage of the base premium that would have been payable by the employer if the employer were not registered as a self-insured employer and liable to pay a base premium under this Part and will be fixed by the Corporation with a view to raising from self-insured employers—
 - (a) a fair contribution towards the administrative expenditure of the Corporation; and
 - (b) a fair contribution towards the cost of recovery and return to work funding; and

- (c) a fair contribution towards the costs of the system of dispute resolution established by this Act (including the costs associated with independent medical assessors); and
 - (d) a fair contribution towards the costs associated with the operation of Part 8; and
 - (e) a fair contribution towards actual and prospective liabilities of the Corporation arising from the insolvency of employers and the other liabilities of the Corporation as an insurer of last resort.
- (3) If the Corporation is satisfied that there are good reasons for differentiating between different self-insured employers or classes of self-insured employers, the percentage on which the fee for self-insured employers is based may vary from self-insured employer to self-insured employer or from class to class.
- (4) If the measures taken by a self-insured employer—
- (a) to reduce the incidence of work related traumas and injuries; and
 - (b) to provide for the recovery or return to work of workers who have suffered compensable injuries; and
 - (c) to provide for the administration of claims,
- conform to or exceed standards determined by the Corporation for the purposes of this subsection, the Corporation may grant to the self-insured employer such remission of the fee that would otherwise be payable by the self-insured employer as the Corporation thinks fit.
- (5) A fee payable under this section must be paid by a date specified by the Corporation.

Division 6—Remissions and supplementary payments

147—Remissions and supplementary payments

- (1) Subject to this section, the Corporation may, in relation to a particular employer, after having regard to 1 or more of the matters specified under subsection (2) (being a matter that the Corporation determines to be appropriate and relevant)—
- (a) grant the employer a remission of part of a premium or fee that would otherwise be payable by the employer; or
 - (b) impose a supplementary payment on the employer (to be paid in addition to the premiums or fees payable by the employer under this Part).
- (2) The following matters are specified for the purposes of subsection (1):
- (a) the adequacy or inadequacy of measures taken by the employer to reduce the incidence of work related traumas and injuries;
 - (b) the incidence or costs of claims for work injuries suffered by the employer's workers;
 - (c) the recovery and return to work facilities or services for injured workers provided by the employer;
 - (d) the absence or inadequacy of recovery and return to work facilities or services provided by the employer;

- (e) the employer's practices and procedures in connection with the appointment and work of a return to work co-ordinator under Part 3 (including with respect to compliance with any relevant guidelines published by the Corporation for the purposes of section 26);
 - (f) the fact that the employer has not been paying a worker who suffers a work injury the wage to which the worker is entitled under any law (including a law of the Commonwealth) or under any award or industrial agreement;
 - (g) the employer's practices as to the retention, employment or re-employment of injured workers (and, in particular, any failure on the employer's part to provide, in accordance with this Act, employment to a worker who has suffered a work injury in the employer's employment or any breach of this Act that is constituted by the employer terminating a worker's employment with the employer);
 - (h) any other matter (whether similar or dissimilar to those referred to above) that the Corporation determines to be appropriate and relevant.
- (3) The following provisions apply in connection with subsections (1) and (2):
- (a) a reference to an employer extends to another employer who is linked to the employer through a transfer of business;
 - (b) the matters referred to in paragraphs (a) to (g) (inclusive) of subsection (2) are not intended to establish any pattern or principle that must be applied by the Corporation under paragraph (h) of that subsection;
 - (c) if the Corporation imposes a supplementary payment, the Corporation may require the employer to observe conditions stipulated by the Corporation in a written notice to the employer and if an employer fails to comply with such a condition then the Corporation may impose on that employer a further supplementary payment;
 - (d) the Corporation may establish return to work programs for injured workers on terms under which an employer who participates in the program by providing employment for such workers and complying with other conditions of the scheme determined is entitled to a remission of premium that would otherwise be payable by the employer on a basis set out in the scheme.
- (4) The Corporation may, for any proper reason—
- (a) adjust or revoke a remission of any premium or fee granted, or a supplementary payment imposed, under this section; or
 - (b) vary or revoke a condition imposed under this section.
- (5) A remission or supplementary payment will be provided or payable in accordance with a scheme approved by the Minister for the purposes of this section.

Division 7—Administration of premiums/fees scheme

148—Interpretation

In this Division—

statutory payment means any of the following under this Part:

- (a) a premium;
- (b) a fee;
- (c) a supplementary payment.

149—Provision of information (initial calculations)

- (1) Subject to this Division, an employer must, by a date in each year specified by the Corporation (which may be specified on an individual or class basis), provide to the Corporation a return in the designated manner and form that sets out the information required by the Corporation (by notice to a particular employer or by notice in the Gazette) for the purposes of the calculation or determination of any statutory payment under this Part.
- (2) The information required under subsection (1) may include information in the form of estimates made according to principles specified by the Corporation.
- (3) The Corporation may (by notice to a particular employer or by notice in the Gazette)—
 - (a) specify an estimate or estimates that will apply instead of an estimate specified by an employer under subsection (2);
 - (b) require that any information provided under this section be verified by statutory declaration.
- (4) An estimate specified under subsection (3)(a) may apply, according to a determination of the Corporation—
 - (a) despite the provision of an estimate by the employer; or
 - (b) so as to relieve the employer from the requirement to provide an estimate under subsection (2).
- (5) If the Corporation specifies an estimate under subsection (3)(a), the amount of the estimate will be used for the purposes of the calculation of any relevant statutory payment under this Part.
- (6) The Corporation may, from time to time as the Corporation thinks fit, vary or revoke a notice under subsection (3), or make a new specification or impose a new requirement under subsection (3).

150—Provision of information (on-going requirements)

- (1) The Corporation may, from time to time, require an employer to provide to the Corporation in a designated manner and form information (including information in the form of estimates) specified by the Corporation—
 - (a) relating to a period specified by the Corporation; or
 - (b) relating to any matter specified by the Corporation; or

- (c) on the occurrence of any event specified by the Corporation.
- (2) The Corporation may require that any information provided under this section be verified by statutory declaration.
- (3) The Corporation may specify an estimate or estimates, or make any determination, that will apply instead of an estimate or any information specified by an employer under subsection (1) (and any such estimate or determination of the Corporation may apply according to its terms).
- (4) Information required under this section must be provided to the Corporation within a period determined by the Corporation.
- (5) A requirement under this section may be imposed—
 - (a) under any RTWSA premium provisions or by a RTWSA premium order; or

 - (a) review and revise an estimate or determination previously made under or for the purposes of this Division; or
 - (b) correct an error or revise an assessment previously made under or for the purposes of this Division.
- (2) In acting under subsection (1), the Corporation may have regard to any matter considered to be relevant by the Corporation.

152—Further adjustments

- (1) If the Corporation considers that a statutory payment payable by an employer should be adjusted—
 - (a) because of a change in—
 - (i) the category to which the employer belongs; or
 - (ii) the class of industry or industries in which the employer employs workers; or
 - (iii) the workplace or workplaces at which the employer employs workers; or
 - (b) because of the specification of an estimate or the making of a determination under section 149(3); or
 - (c) because of information provided under section 150; or
 - (d) because of the outcome of a review under section 151; or
 - (e) because of any other circumstance prescribed by the regulations,
- the Corporation may issue to the employer a notice of adjustment of the statutory payment.

- (2) If an additional amount is payable under a notice of adjustment under subsection (1), the additional amount is payable in accordance with a determination of the Corporation (and may be recovered as an unpaid statutory payment in a case of default).
- (3) If an excess amount has been paid by the employer on account of a notice of adjustment under subsection (1), the Corporation may at the Corporation's discretion—
 - (a) refund the excess to the employer; or
 - (b) set off the excess against existing or future liabilities of the employer for statutory payments under this Part.
- (4) An adjustment may be made under this section at any time (including in respect of any period that has been completed or expired or is still underway).
- (5) Nothing in this section affects the adjustment of a statutory payment under another provision of this Act.

153—Deferred payment

- (1) The Corporation may, on application by an employer, defer the payment of a statutory payment by the employer if satisfied that—
 - (a) the employer is in financial difficulties; but
 - (b) the employer has a reasonable prospect of overcoming the financial difficulties and the deferment would assist materially in overcoming those difficulties.
- (2) A deferment may be given under this section on conditions that the Corporation considers appropriate having regard to the objects of this Act.
- (3) The Corporation may, by written notice to the employer, cancel a deferment under this section.
- (4) If a deferment is cancelled, the employer must pay to the Corporation the amount covered by the deferment as required by the notice of cancellation.
- (5) Nothing in this section affects the ability of the Corporation to allow an employer to pay a statutory payment by instalments.

154—Recovery on default

- (1) If an employer—
 - (a) fails or neglects to furnish a return when required by or under this Act; or
 - (b) furnishes a return that the Corporation has reasonable grounds to believe to be defective in any respect,

the Corporation may make an assessment of any statutory payment payable by the employer on the basis of information that has come into the possession of the Corporation and on the basis of estimates made by the Corporation (or both).
- (2) If an employer fails to pay a statutory payment, or the full amount of a statutory payment, as required under this Act, the Corporation may make an assessment of the amount payable by the employer (including on the basis of estimates made by the Corporation).

- (3) The Corporation may, as part of an assessment under subsection (1) or (2)—
 - (a) impose on the employer a fine of an amount (not exceeding 3 times the amount assessed) fixed by the Corporation; and
 - (b) impose penalty interest at the prescribed rate (charged from the date of the original default).
- (4) The Corporation may for any proper reason—
 - (a) remit a fine or penalty interest imposed under subsection (3) wholly or in part; or
 - (b) allow a fine or penalty interest to be paid in instalments.
- (5) An employer to whom a notice of an assessment, a fine or penalty interest under this section is given must pay the amount of the assessment, fine or penalty interest within the time allowed in the notice.
Maximum penalty: \$10 000.
- (6) A fine under this section is in addition to a fine payable under section 139.

155—Penalty for late payment

- (1) If an employer fails to pay a statutory payment as and when required by or under this Act—
 - (a) the amount in arrears will, unless the Corporation determines otherwise, be increased by penalty interest at the prescribed rate; and
 - (b) the Corporation may impose on the employer a fine of an amount (not exceeding 3 times the amount assessed) fixed by the Corporation (unless a fine has been imposed under section 154(3) on account of a failure to make a statutory payment).
- (2) Subsection (1) does not apply if—
 - (a) the employer has not, within the period of 12 months immediately before the date on which the statutory payment was required to be paid, been in default for failing to pay a previous statutory payment in accordance with the requirements of this Act; and
 - (b) the employer pays the statutory payment within 14 days after the day on which the statutory payment was required to be paid under this Act.
- (3) The Corporation may for any proper reason—
 - (a) remit penalty interest or a fine imposed under subsection (1) wholly or in part; or
 - (b) allow penalty interest or a fine to be paid in instalments.
- (4) An employer to whom notice of an assessment of penalty interest or a fine under this section is given must pay the penalty interest or fine within the time allowed in the notice.
Maximum penalty: \$10 000.

156—Exercise of adjustment powers

The Corporation may exercise its powers under this Part more than once in relation to any particular period and regardless of whether or not—

- (a) any statutory payment has been fixed, demanded or paid; or
- (b) a period to which any determination or adjustment may apply has been completed or expired; or
- (c) the Corporation has already reviewed or adjusted any estimate, liability or payment under this Part; or
- (d) any circumstances have arisen that would, but for this section, stop the Corporation from conducting a review, or making a determination or adjustment.

157—Review

- (1) If an employer considers that a decision of the Corporation as to—
 - (a) the estimate of remuneration that is to be used for the calculation of a statutory payment; or
 - (b) the fixing or assessment of a statutory payment; or
 - (c) the imposition of penalty interest or a fine; or
 - (d) the imposition or variation of a condition of a kind that may lead to the remission or imposition of a supplementary payment,is unreasonable, the board must, on application by the employer, review the decision.
- (2) An application for review does not suspend a liability to pay a statutory payment, penalty interest or a fine.
- (3) The review will be conducted, in accordance with procedures determined by the board, by the board itself, or by a committee or person to whom the board has delegated its powers of review under this section, and the board has an absolute discretion as to whether it will permit the employer or a representative of the employer to be heard orally on the review.
- (4) On review, the board may—
 - (a) alter an estimate of remuneration;
 - (b) alter a statutory payment or an assessment;
 - (c) quash or reduce penalty interest or a fine;
 - (d) direct the repayment of amounts overpaid;
 - (e) quash or vary a condition imposed by the Corporation.
- (5) An application under this section for review of a decision of the Corporation—
 - (a) must, if the decision relates to a class of employers, be made within 4 months after notice of the decision was given; or
 - (b) must, if the decision relates to an individual employer, be made within 2 months after the employer was given notice of the decision,

unless the board (or its delegate) allows an extension of time for making the application.

158—Payments to be made to Corporation

Any statutory payment, penalty interest or fine (other than a fine for an offence) under this Part will be payable to the Corporation (and may be recovered by the Corporation as a debt in a court of competent jurisdiction).

159—GST

- (1) A statutory payment under this Part is subject to any GST payable under *A New Tax System (Goods and Services Tax) Act 1999* (Commonwealth) and any such GST is additionally payable by an employer.
- (2) Subsection (1) does not extend to a fine or any penalty interest imposed under this Part.

160—Transfer of business

- (1) In a case involving any transfer of business, the Corporation may, as it thinks fit, apply any claims experience (whether under this Act or at common law) or other factor applying with respect to the business before the transfer to the employer who takes over the business on account of the transfer.
- (2) For the purposes of subsection (1), a reference to a business includes a reference to any form of undertaking.
- (3) Without limiting subsections (1) and (2), a transfer of business between 2 employers will be taken to occur if there is a connection between the 2 employers under section 311 of the *Fair Work Act 2009* of the Commonwealth.

161—Reasonable mistake about application of Act

- (1) Despite any other provision of this Part, if the Corporation is satisfied that the reason for an employer failing to pay the correct amount of a statutory payment is that the employer believed on reasonable grounds that the employer would not be required to pay a statutory payment in respect of a particular worker because that worker's employment was not connected with this State by virtue of the operation of section 10, the employer is not liable to pay a fine or penalty interest on account of that particular failure.
- (2) However, if the employer's belief on reasonable grounds under subsection (1) was that under section 10 the particular worker's employment was connected with another State, subsection (1) does not apply unless at the time of the relevant failure the employer had workers compensation cover in respect of the worker under the law of that other State.
- (3) In this section—

State includes a Territory;

workers compensation cover means insurance or registration under the law of a State in respect of liability for statutory workers compensation under that law.

Division 8—Miscellaneous

162—Separate accounts

The Corporation must, in a manner and form determined by the Corporation, maintain a separate account for each employer in which the Corporation records—

- (a) the premiums, fees and supplementary payments charged to the employer; and
- (b) the amounts paid by an employer; and
- (c) the costs related to claims (whether under this Act or at common law) arising from employment by the employer, distinguishing the costs related to claims for unrepresentative injuries from the other claims; and
- (d) all other costs attributable to the employer; and
- (e) any other matter that the Corporation thinks fit.

163—Liability to keep accounts

- (1) For the purpose of completing returns in accordance with this Part, an employer must keep—
 - (a) an accurate account of all remuneration paid or payable to the workers of the employer;
 - (b) such other information as may be required by the Corporation.

Maximum penalty: \$10 000.

- (2) If an employer employs workers in more than 1 class of industry, the Corporation may require the employer to keep an account and other information under subsection (1) in respect of each separate class.
- (3) Any accounts and other information required to be kept under this section must be kept within the State and in writing in the English language or so as to be readily accessible and convertible into writing in the English language.
- (4) This section does not apply so as to require the retention of accounts or other information beyond 7 years or such lesser period as the Corporation may determine in a particular case from the end of the period to which the accounts or other information relates.

164—Person ceasing to be an employer

- (1) If a registered employer ceases to be an employer who is required to be registered under this Part, the person must, within 14 days of ceasing to be such an employer—
 - (a) give written notice in a manner and form approved by the Corporation; and
 - (b) furnish the Corporation, in a manner and form approved by the Corporation, with such information as the Corporation may require.
- (2) The Corporation may cancel the registration of an employer if it is satisfied that the person has ceased to be an employer who is required to be registered under this Part.
- (3) The cancellation of registration does not affect any liability that arose before the date of cancellation.

165—Certificate of registration

- (1) The Corporation must, on the application of an employer who is registered under this Act, issue a certificate (a *certificate of registration*) with respect to—
 - (a) the registration of the employer under this Act; and
 - (b) the employer's compliance with any requirement to pay premiums under this Part.
- (2) A certificate of registration will be in a designated form and will contain information determined by the Corporation.
- (3) An employer who is registered under this Act must, within 5 business days of a request to do so by a person authorised under this section to make the request, produce a current certificate of registration for inspection by the person.
Maximum penalty: \$1 000.
- (4) An employer does not commit an offence against subsection (3) if the employer satisfies the court that the employer took reasonable steps to obtain the relevant certificate within 5 business days of the request for production but was unsuccessful.
- (5) A person who fraudulently alters a certificate of registration issued under this section is guilty of an offence.
Maximum penalty: \$25 000.
- (6) An employer to whom a certificate of registration is issued under this section must notify the Corporation within 5 business days after it is issued if the certificate contains an error as to the information set out in the certificate in relation to the employer.
Maximum penalty: \$5 000.
- (7) A certificate of registration issued under this section is evidence of the matters that it certifies.
- (8) The following persons are authorised to request an employer to produce the employer's current certificate of registration:
 - (a) any person who has, in the course of or for the purposes of the person's trade or business, contracted with the employer for the employer to carry out the whole or part of any work associated with that trade or business, or who proposes to enter into such a contract;
 - (b) an authorised officer;
 - (c) an officer of an industrial association;
 - (d) a person authorised by the Corporation in writing for the purposes of this section.

166—Insurance of registered employers against other liabilities

- (1) An employer who is registered under this Act, and any employer who is not required to be registered because of an exemption under the regulations, is insured by the Corporation, subject to terms and conditions prescribed by regulation, against any liability that may arise apart from this Act in respect of a work injury arising from employment (being employment to which this Act applies) by the employer.

- (2) Where an employer participates in the provision of recovery/return to work services or a recovery/return to work plan under this Act, and in consequence of that participation provides work for a person who is not a worker employed by that employer, that person will be taken to be in the employment of the employer for the purposes of subsection (1).
- (3) The insurance provided by subsection (1) does not extend to a self-insured employer except in relation to persons of the class referred to in subsection (2).
- (4) The insurance provided by subsection (1) does not extend to any liability excluded by the regulations.

167—Corporation as insurer of last resort

- (1) If a self-insured employer has ceased to be registered as a self-insured employer under this Act, the Corporation may, in its discretion, undertake, in whole or part, liabilities related to work injuries arising from employment (including such injuries for which the employer is liable at common law under this Act) during the period of that registration.
- (2) The Corporation must undertake the liabilities of a former self-insured employer under subsection (1) if the employer—
 - (a) becomes insolvent; or
 - (b) ceases to carry on business in the State and fails to make provision that the Corporation considers adequate for dealing with claims, and meeting liabilities and responsibilities related to work injuries, during the period of the employer's registration as a self-insured employer.
- (3) The Corporation may recover the amount of liabilities undertaken by the Corporation under this section as a debt due to the Corporation from the employer (and, if the employer is being wound up, a claim for the relevant amount may be made in the winding up).
- (4) If a claim is made under subsection (3) for an amount representing liabilities that have not fallen due, or have not been ascertained, as at the date of the claim, the liabilities will be estimated and capitalised in accordance with principles stated, or referred to, in the regulations.

Part 10—Scheme adjustment mechanisms

168—Preliminary

- (1) In this Part—

funding level means the percentage obtained by taking the value of the total assets of the Corporation and dividing those by the value of the total liabilities of the Corporation, as determined at the end of a financial year and by applying any relevant provision of the prescribed standard and as reported in the Statement of Financial Position of the Corporation in its annual report for that financial year;

prescribed standard means the *Australian Accounting Standards Board—AASB Standard 1023*.

- (2) For the purposes of this Part, a probability of sufficiency will be determined under the prescribed standard.
- (3) For the purposes of this Part, an assessment of whether a profit or loss may arise from the insurance operations of the Corporation in respect of a financial year will be determined according to the total comprehensive result reported in the Statement of Comprehensive Income of the Corporation in its annual report, adjusted by the long term investment earnings rate and any relevant economic assumptions for investment profit and the cost of claims.

169—Scheme adjustment/review events

- (1) For the purposes of this section, a scheme adjustment/review event occurs if—
- (a) in respect of each of 2 consecutive financial years—
 - (i) the Corporation has achieved a funding level of at least 100% at a probability of sufficiency of 75%; and
 - (ii) the Corporation has achieved a profit from its insurance operations; and
 - (b) an actuary reporting on the Corporation's funding level has made a statement under subsection (2).
- (2) The statement envisaged by subsection (1)(b) is that, if a scheme bonus period were to be declared under this section in relation to a specified financial year—
- (a) that the financial position of the scheme established by this Act would not be expected to fall below a funding level of 100% at a probability of sufficiency of 75%; and
 - (b) that a funding level of at least 100% at a probability of sufficiency of 75% is considered sustainable over the short to medium term.
- (3) If the Minister is satisfied, on the basis of information contained in the Corporation's annual reports for 2 consecutive financial years and a statement provided under subsection (1)(b), that a scheme adjustment/review event has occurred—
- (a) unless paragraph (b) applies—the Minister must, by notice in the Gazette, declare a scheme bonus period in relation to the financial year that next follows the financial year immediately succeeding the second of those 2 consecutive financial years; or

- (b) if it appears to the Minister that a declaration of a scheme bonus period would result in the average premium rate falling below 1.25%—the Minister must initiate a review of the scheme under subsection (7) (and a scheme bonus period cannot be declared under this section until that review has been completed).
- (4) If a scheme bonus period is declared under subsection (3)(a), the board must, in consultation with the Minister, determine an amount that is to be made available for distribution under subsection (5) (the *prescribed distribution amount*) subject to the qualification that the prescribed distribution amount must take into account factors relevant to the financial liabilities of the Corporation and must not be an amount that would cause, in the assessment of the board—
- (a) the financial position of the scheme established by this Act to fall below a funding level of 100% at a probability of sufficiency of 75% in respect of the relevant financial year; or

The *Workers Rehabilitation and Compensation Act 1986* is repealed.

Part 10—Transitional provisions

Division 1—Interpretation

27—Interpretation

designated day means a day appointed by proclamation as the designated day for the purposes of the provision in which the term is used;

existing injury—see clause 29(1)(a);

new injury—see clause 29(1)(b);

SAET means the South Australian Employment Tribunal established under the *South Australian Employment Tribunal Act 2014*;

WCT means the *Workers Compensation Tribunal* under the repealed Act.

- (2) A reference in this Part to the Corporation in a clause prescribed by regulations made for the purposes of this subclause will be taken to include a reference to a self-insured employer.

Division 2—CPI adjustment

28—CPI adjustment

- (1) If a sum of money fixed by this Act at the time of enactment is followed by the word "(indexed)", that signifies—
- (a) that the amount is to be adjusted as at 1 January 2015 so that the adjusted sum bears to the amount fixed by Parliament the same proportion as the Consumer Price Index for the September quarter 2014 bears to the Consumer Price Index for the September quarter 2013; and
 - (b) that the amount is to be adjusted as at 1 January in each subsequent year so that the adjusted sum bears to the amount fixed by the Parliament the same proportion as the Consumer Price Index for the September quarter of the immediately preceding financial year bears to the Consumer Price Index for the September quarter 2013.

- (2) An amount determined under subclause (1) will be rounded up to the nearest dollar.
- (3) Subclauses (1) and (2) apply to a sum fixed by a provision that has not come into operation on 1 January 2015 so that when the provision comes into operation then the sum as adjusted will apply.

Division 3—Application of Act

29—General provision

- (1) Subject to the other provisions of this Part, this Act applies to and in relation to—
 - (a) an injury that is attributable to a trauma that occurred before the designated day and that is a compensable injury under the repealed Act (an *existing injury*); and
 - (b) an injury that is attributable to a trauma that occurred on or after the designated day (a *new injury*).
- (2) For the purposes of subclause (1), an injury that is partially attributable to a trauma that occurred before the designated day and partially attributable to a trauma that occurred on or after the designated day will be taken to be a new injury within the ambit of subclause (1)(b).
- (3) Subject to the other provisions of this Part—
 - (a) a reference in this Act to a work injury will be taken to include a reference to a compensable injury under the repealed Act; and
 - (b) this Act will apply to a compensable injury under the repealed Act as if this Act had been in operation before the injury occurred.
- (4) Nothing in this Part is intended to give rise to an entitlement under this Act and the repealed Act so as to give rise to double entitlements.

30—Connection with employment

- (1) The question about whether an existing injury is compensable will be determined under sections 30 and 30A of the repealed Act (as in existence immediately before the designated day).
- (2) However, section 7(3) of this Act extends to an injury (the *designated injury*) that is, or results from, the aggravation, acceleration, exacerbation, deterioration or recurrence of a prior injury where—
 - (a) the prior injury is wholly or partially attributable to a trauma that occurred before the designated day; and
 - (b) the designated injury is wholly or partially attributable to a trauma that occurred on or after the designated day.

31—Notice of injury

A notice of an injury given by a worker under section 51 of the repealed Act will be taken to be a notice given under section 16 of this Act.

32—Employer's duty to provide work

Section 18(3) of this Act extends to a worker who has been incapacitated for work before the designated day.

33—Recovery and return to work

- (1) A rehabilitation program in force under the repealed Act immediately before the designated day will continue for the purposes of this Act in connection with providing recovery/return to work services until reviewed or discontinued by the Corporation.
- (2) A rehabilitation and return to work plan in force under the repealed Act immediately before the designated day will, on the designated day, be taken to be a recovery/return to work plan under this Act.
- (3) A person who, immediately before the designated day, held an appointment as a co-ordinator under section 28D of the repealed Act will, on the designated day, be taken to be an accredited return to work co-ordinator under section 26 of this Act.
- (4) A reference in any instrument or agreement to a rehabilitation and return to work co-ordinator will, on the designated day, be taken to be a reference to a return to work co-ordinator under section 26 of this Act (unless the context otherwise requires).

34—Seriously injured workers

- (1) A person whose degree of whole person impairment has been assessed under Part 4 Division 5 of the repealed Act to be 30% or more will be taken to be a seriously injured worker under this Act.
- (2) In addition, the Corporation may determine that a worker who has an existing injury will be taken to be a seriously injured worker for the purposes of this Act.
- (3) A determination under subclause (2)—
 - (a) may be made on any basis determined by the Corporation (including in a case where the worker would not qualify to be a seriously injured worker under section 21 of this Act); and
 - (b) will have effect according to its terms.
- (4) A decision to make, or not to make, a determination under subclause (2) is not reviewable under this Act.

35—Medical expenses

- (1) In relation to the application of subsection (20) of section 33 of this Act to an existing injury, a period of 12 months referred to in that subsection must be a period of 12 months—
 - (a) that runs from the designated day; or
 - (b) that commences on or after the designated day,(and so, in the case of an existing injury, a reference in subsection (21) of section 33 of this Act to the period referred to in subsection (20) will be taken to be a reference to a period applying under paragraph (a) or (b) of this clause).
- (2) Section 33(21)(b)(ii) of this Act does not apply in relation to an existing injury.

36—Provisional liability for medical expenses

A right of set off under section 32A(8) of the repealed Act may be exercised in relation to a right to the payment of compensation under this Act (including in relation to a new injury).

37—Weekly payments for workers

- (1) In this clause—
 - (a) the *first transitional period* is the period of 52 weeks from the designated day; and
 - (b) the *second transitional period* is the period of 52 weeks beginning immediately after the end of the initial transitional period; and
 - (c) a reference to an entitlement period is a reference to an entitlement period under Part 4 Division 4 of the repealed Act; and
 - (d) a Category A worker is, in respect of an existing injury, a worker who, immediately before the designated day, was still entitled to receive a weekly payment during the first entitlement period in respect of any incapacity for work in respect of that injury; and
 - (e) a Category B worker is, in respect of an existing injury, a worker who, immediately before the designated day, was still entitled to receive a weekly payment during the second entitlement period in respect of any incapacity for work in respect of that injury; and
 - (f) a Category C worker is, in respect of an existing injury, a worker who, immediately before the designated day, was still entitled to receive a weekly payment during a period occurring after the end of the second entitlement period in respect of any incapacity for work in respect of that injury.
- (2) Subject to this Part, a worker who, in respect of an existing injury, is incapacitated for work at any time during the period beginning on the designated day and ending 104 weeks from the designated day, will be entitled to weekly payments in respect of that incapacity in accordance with the following principles:
 - (a) if any incapacity for work occurs within the first transitional period—
 - (i) in the case of a Category A worker—the worker is entitled to weekly payments under section 39(1)(a)(i) or (ii) of this Act as if references to the first designated period in section 39(1)(a) were references to the first transitional period; and
 - (ii) in the case of a Category B worker—the worker is entitled to weekly payments under section 39(1)(b)(i) or (ii) as if references to the second designated period in section 39(1)(b) were references to the first transitional period and as if references to "80%" in section 39(1)(b)(i) or (ii) were substituted with "90%"; and
 - (iii) in the case of a Category C worker—the worker is entitled to weekly payments under section 39(1)(b)(i) or (ii) of this Act as if references to the second designated period in section 39(1)(b) were references to the first transitional period;

- (b) if any incapacity for work occurs within the second transitional period—the worker is entitled to weekly payments under section 39(1)(b)(i) or (ii) of this Act as if references to the second designated period in section 39(1)(b) were references to the second transitional period.
- (3) Subject to subclauses (4) and (5), a worker has no entitlement to weekly payments under this Act or the repealed Act in respect of an existing injury after the end of the second transitional period (and this subclause will apply instead of section 39(3) of this Act in relation to existing injuries).
- (4) An entitlement under this clause has effect subject to any other provision of this Act (including any provision that applies under or subject to this Part) that provides for the suspension, reduction or discontinuance of weekly payments.
- (5) Subclause (3) does not apply in relation to a seriously injured worker.
- (6) To avoid doubt, a person who, before the designated day, has ceased to have an entitlement to weekly payments on account of a discontinuance under section 36 of the repealed Act is not entitled to weekly payments under this clause (or under the repealed Act).

38—Federal minimum wage safety net

Section 42 of this Act extends to the amount of compensation payable under Part 4 Division 4 Subdivision 2 of this Act on account of the operation of this Part.

- (1) The Corporation may, in connection with the operation of clauses 37 and 38 (and the other relevant provisions of this Part), establish a scheme to provide for the transition from making weekly payments under the repealed Act to making weekly payments in accordance with those clauses and this Act more generally.
- (2) To the extent that the Corporation, in establishing and implementing the scheme referred to in subclause (1), does not begin to make weekly payments to a worker at the rates that apply under this Act rather than the repealed Act on the designated day, the worker will, when weekly payments commence in accordance with the provisions of this Part, be entitled to—
 - (a) back payments to the extent necessary to ensure that the worker receives (in due course) his or her full entitlement (as applying from the designated day); and
 - (b) the payment of interest (at the prescribed rate) calculated and applied (from the designated day) in accordance with the regulations.

40—Retirement age

To avoid doubt, section 44 of this Act extends to weekly payments being paid to a worker under this Part.

41—Discontinuance of weekly payments

- (1) Subsection (9) of section 48 of this Act extends to and in relation to a notice of a decision of the Corporation under section 36 of the repealed Act unless the worker has lodged a notice of dispute under section 36 of the repealed Act before the designated day (but subject to the operation of subclause (2)(b)).

- (2) If a worker has lodged a notice of dispute under section 36 of the repealed Act before the designated day—
 - (a) if the worker has made an application to the WorkCover Ombudsman under subsection (15) of section 36 of the repealed Act and the WorkCover Ombudsman has made a decision in relation to the application before the designated day—subsections (15), (16) and (17) of section 36 of the repealed Act, and all other relevant provisions of the repealed Act, will continue to apply to and in relation to the matter until the dispute is finally resolved as if the repealed Act had not been repealed by this Act; and
 - (b) in any other case—any application to the WorkCover Ombudsman under subsection (15) of section 36 of the repealed Act (if made) will lapse, but the worker may make an election under subsection (9) of section 48 of this Act.
- (3) In the case of a worker within the ambit of subclause (2)(b)—
 - (a) the election must be made within 28 days after the designated day; and
 - (b) if the worker makes an election—
 - (i) if the dispute has already come before a conciliator—the Tribunal may act (if it thinks fit) under subsection (9)(b) of section 48 of this Act so as to provide for the reinstatement of weekly payments; and
 - (ii) the liability of the Corporation to make a payment for any weekly payments that have not been made will be limited to a period commencing on the date of the election.
- (4) Subclause (3) operates subject to section 48(10) of this Act.

42—Redemptions

- (1) Nothing in this Part affects the application of section 42 of the repealed Act with respect to negotiations, and any agreement, for a redemption under the repealed Act commenced or entered into in accordance with that section before the designated day.
- (2) Except as provided by subclause (1) (and to avoid doubt), section 42 of the repealed Act will not apply to or in relation to a liability under the repealed Act with respect to an existing injury.

43—Loss of future earning capacity

To avoid doubt, Part 4 Division 6 of this Act does not apply to or in relation to an existing injury.

44—Permanent impairment assessment

A person whose entitlement for non-economic loss has been determined under Part 4 Division 5 of the repealed Act in respect of an existing injury is not entitled to an assessment under Part 2 Division 5 of this Act in relation to the same injury (or any other injury arising from the same trauma).

45—Payments on death—lump sums

- (1) The Corporation may, in relation to the death of a worker occurring on or after 1 July 2008 and before the designated day, in its absolute discretion, on the application of a person who was the spouse or domestic partner of the worker at the time of death, make an *ex gratia* payment (of an amount determined by the Corporation) after taking into account the amount (or additional amount) that would have been payable under section 61 of this Act had this Act been in operation before that trauma.
- (2) The Corporation may make a payment under subclause (1) even if an amount has been paid under section 45A of the repealed Act in relation to the death of the worker (including an amount equal to the prescribed sum under that section).
- (3) The Corporation may, in relation to the death of a worker that is subject to a claim for compensation under section 45A of the repealed Act that has not been determined before the designated day (including by the resolution of any dispute by proceedings under the repealed Act), deal with the claim in all respects under section 61 of this Act.
- (4) A decision of the Corporation not to make a payment under subclause (1) (or the amount of any such payment) is not reviewable under this Act (or under the repealed Act).

46—Incidence of liability

Section 64(3) and (4) of this Act extends to outstanding payments of compensation under the repealed Act.

47—Payments by employers

- (1) The Corporation may, if it thinks fit, on the application of an employer who has paid compensation by way of income maintenance under the repealed Act, being compensation that would otherwise have been payable by the Corporation, make a payment that would have been payable under subsection (17) of section 64 of this Act had subsections (16) and (17) of that section been in operation at the time of the payment by the employer.
- (2) An application under subclause (1) must be made within 3 months after the designated day.

- (2) A right to make an application or to bring proceedings before WCT under the repealed Act in existence before the designated day and not exercised before that day will be exercised as if Part 6 of this Act were in operation before that right arose so that the relevant proceedings will be commenced before SAET rather than WCT.
- (3) Without limiting any other provision—
 - (a) the regulations may make provision for or with respect to the interaction between this Part and the repealed Act in order to ensure that SAET and WCT can operate under both sets of provisions (including, if necessary, by modifying any provision of the repealed Act or section 7 of this Act so that SAET can exercise the jurisdiction conferred by subclause (2)); and
 - (b) the President of SAET may take other steps to ensure the smoothest possible transition from 1 jurisdiction to the other in connection with the operation of this clause (including by giving directions as to any procedural matter which will then have effect according to their terms).

- (1) Section 137 of this Act does not apply in relation to the 2015/2016 or 2016/2017 financial years.
- (2) A RTWSA premium order under this Act may take into account the claims experience of any employer under the repealed Act.
- (3) A hindsight premium under the repealed Act is payable as if the relevant period applied under this Act (and will be payable by a date specified by the Corporation).
- (4) Unless otherwise determined by the Corporation, a group constituted under section 72A of the repealed Act will continue as a group under section 145 of this Act.
- (5) In acting under section 147 of this Act, the Corporation may have regard to matters that arose during the time that the repealed Act was in operation.
- (6) Any right of recovery, fine, penalty or other step that may be exercised, imposed, taken or enforced under Part 5 of the repealed Act in relation to any assessment, default or failure may, on and from the designated day, be exercised, imposed, taken or enforced under Part 9 of this Act.
- (7) Without limiting subclause (6), the Corporation may exercise any power or do any thing in relation to a matter under Part 5 of the repealed Act as if this Act had been in operation at the time that the matter under Part 5 of the repealed Act arose.

55—Scheme reviews

- (1) A reference in Part 10 of this Act to a financial year is a reference to a financial year commencing on or after the designated day.
- (2) In addition, the Minister cannot initiate a review under section 170 of this Act until after the expiration of 3 financial years from the designated day.

Division 7—Medical Panels

56—Medical Panels

- (1) If a Medical Panel is, immediately before the designated day, still considering a medical question on a reference under Part 6C of the repealed Act—
 - (a) the Medical Panel must give its opinion as quickly as is reasonably practicable after the designated day; and
 - (b) in any event the reference will, subject to subclause (2), be brought to an end, by operation of this clause, 60 days after the designated day (even if the Medical Panel has not given its opinion on the relevant medical question by then and even if a longer period would otherwise apply due to an extension of time under section 98H(1) of the repealed Act).
- (2) WCT may grant an extension of the period that applies under subclause (1)(b).
- (3) WCT may grant an extension of time under subclause (2) on such conditions as it thinks fit.
- (4) The costs of Medical Panels will be payable out of the Compensation Fund until the Medical Panels cease operations in all respects.

Division 8—WorkCover Ombudsman

57—WorkCover Ombudsman

The person holding office as the WorkCover Ombudsman immediately before the designated day will, on the designated day, cease to hold office and any contract, agreement or arrangement relating to the office is terminated by force of this clause at the same time (and no right of action will arise against the Minister or the State on account of that termination).

Division 9—1971/1986 Acts

58—Interpretation

In this Division—

appointed day means the day on which the 1971 Act was repealed by the *Workers Rehabilitation and Compensation Act 1986*;

compensating authority means the Corporation or a self-insured employer;

1971 Act means the *Workers Compensation Act 1971*.

59—Application of 1971 Act

- (1) Subject to this clause, the 1971 Act continues to apply in respect of an injury that is attributable to a trauma that occurred before the appointed day.
- (2) This Act applies in relation to an injury (referred to in this clause as a *transitional injury*) that is partially attributable to a trauma that occurred before the appointed day and partially attributable to a trauma that occurred on or after the appointed day, but does not affect rights (referred to in this clause as *antecedent rights*) that had accrued before the appointed day in respect of a transitional injury.

- (3) The following provisions apply in relation to a transitional injury:
- (a) where a compensating authority pays or is liable to pay compensation to a claimant under this Act in relation to a transitional injury, the compensating authority is subrogated, to an appropriate extent, to the antecedent rights of the claimant;
 - (b) where the claimant has received, in pursuance of antecedent rights, damages or compensation (not being weekly payments for a period of incapacity that concluded before the appointed day), there will be an appropriate reduction in the amount of compensation payable under this Act in respect of the injury;
 - (c) the extent of a subrogation under paragraph (a), or a reduction in the amount of compensation under paragraph (b), will be determined having regard to—
 - (i) the amount of the compensation payable (apart from this subclause) under this Act in respect of the transitional injury; and
 - (ii) the extent to which the transitional injury is attributable to a trauma that occurred before the appointed day; and
 - (iii) any other relevant factors.
- (4) Where a compensating authority—
- (a) pays compensation to a claimant under this Act; and
 - (b) becomes entitled to recover a proportion of the payment from an employer by virtue of subrogation to the rights of the claimant under subclause (3)(a); and
 - (c) notifies that employer in writing of the payment,
- the amount recoverable from the employer will be increased by interest at the prescribed rate as from the date of the notification.
- (5) The Corporation will, in the first instance, make a determination of—
- (a) the extent of a subrogation under subclause (3)(a) or a reduction in the amount of compensation under subclause (3)(b); and
 - (b) the amount of any consequential liability.
- (6) Before making such a determination the Corporation must allow any person whose interests may be affected by the determination a reasonable opportunity to make representations to the Corporation on the subject matter of the determination and when the determination is made the Corporation must give written notification of the terms of the determination to every person whose interests are affected by it.
- (7) Any such person may, by written notice served personally or by post on the Corporation within 1 month after receiving notice of the determination or such longer period as the Corporation may allow, dispute the determination.
- (8) Any such dispute may be referred on the application of any party affected by the determination to SAET.
- (9) Where a dispute is so referred, SAET will review the Corporation's determination and may confirm, vary or revoke it.
- (10) Subject to the regulations, a determination by the Corporation under this clause may be enforced in the same way as a decision of SAET.

- (11) A determination by the Corporation may be enforced notwithstanding that it is disputed, but if it appears from the result of a review that a compensating authority has recovered an amount in pursuance of the determination to which the compensating authority is not entitled, that amount must be repaid together with interest at the prescribed rate.

60—Mining and Quarrying Industries Fund

- (1) The scheme established under Part 9 of the 1971 Act continues in existence for the settlement of claims and other matters arising in relation to death or disablement from silicosis suffered before the appointed day except that the Corporation will be liable to satisfy any claim made under the scheme.
- (2) The money held by the Corporation in connection with the operation of subclause (1) must be held in a special account entitled the *Mining and Quarrying Industries Fund*.
- (3) The Mining and Quarrying Industries Fund is to be notionally divided into 2 parts (Part A and Part B), 1 part (Part A) to be available to the Corporation to satisfy its liabilities under subclause (1) and the balance (Part B) to be available to the Mining and Quarrying Occupational Health and Safety Committee under Schedule 2 of the *Work Health and Safety Act 2012* for the purposes referred to in that Schedule.
- (4) For the purposes of the division of the Mining and Quarrying Industries Fund into 2 parts—
- (a) the Corporation must at 3 yearly intervals arrange for an actuary to estimate the extent of the Corporation's existing and prospective liabilities under subclause (1) at that date; and
 - (b) —
 - (i) if it appears from any such estimate that the amount standing to the credit of Part A exceeds the amount required to satisfy the Corporation's liabilities under subclause (1), the amount of the excess must be transferred from Part A to Part B;
 - (ii) if it appears from any such estimate that the amount standing to the credit of Part A is less than the amount required to satisfy the Corporation's liabilities under subclause (1), the amount required to make up the deficiency must be transferred from Part B to Part A.
- (5) The Corporation must keep separate accounting records for Parts A and B.
- (6) Money standing to the credit of the Mining and Quarrying Industries Fund (and not immediately required for the purposes of the fund) may be invested as if it were part of the Compensation Fund.
- (7) Income and accretions produced by the investment of the money must be shared between Parts A and B (the amount of the shares being determined according to the extent to which money held on each account has contributed to the amount invested).
- (8) The Corporation may debit the Mining and Quarrying Industries Fund with the reasonable costs of administering the fund.

61—Statutory Reserve Fund

- (1) The Statutory Reserve Fund (referred to in section 118c of the 1971 Act) must continue to be held as a separate part of the Compensation Fund.

- (2) Division 4 of Part 10A (ie sections 118d to 118e) of the 1971 Act, and related interpretative provisions, continue in force subject to the following modifications:
- (a) references to the Commission are to be read as references to the Corporation;
 - (b) references to the fund are to be read as references to the Statutory Reserve Fund held under subclause (1);
 - (c) references to the Treasurer are to be read as references to the Corporation;
 - (d) references to the Court are to be read as references to SAET;
 - (e) section 118d(10) is modified to read as follows:
 - (10) On an appeal under this section, SAET has power to review all aspects of the Corporation's determination.;
 - (f) after section 118d(12) subsections are inserted in the following terms:
 - (13) Any amounts recovered by the Corporation in the exercise of rights to which it is subrogated under subsection (12) must be paid into the fund.
 - (14) A claim made under this section before the date of transition that had not been disposed of at the date of transition (a *pre-transition claim*), is taken to have been made against the Corporation as if this section had been in force in its modified form when the claim was made and it was then made against the Corporation.
 - (15) It follows that the Corporation assumes responsibility for administering pre-transition claims and is substituted for the Commission or the Treasurer (as the case requires) in any legal proceedings relating to such claims.
 - (16) Any rights of subrogation that existed in favour of the Treasurer immediately before the date of transition are transferred to the Corporation.
 - (17) The Corporation may recoup administrative expenses and legal costs related to claims under this section from the fund.
 - (18) The Corporation may intervene and be heard in proceedings before a court if there is a prospect that a claim before the court, or a judgment of the court, may lead to a claim under this section.
 - (19) In this section—

date of transition means the date on which the *Workers Rehabilitation and Compensation (SGIC) Amendment Act 1996* came into operation.

62—Insurance Assistance Fund

- (1) The Insurance Assistance Fund must continue to be held as a separate part of the Compensation Fund.
- (2) The Governor may, by proclamation, transfer rights and liabilities of the insurer under a section 118g policy from the Motor Accident Commission to the Corporation.

- (3) The Motor Accident Commission may delegate to the Corporation its responsibility for administering claims under section 118g policies.
- (4) The Corporation may, by an authorised contract or arrangement—
 - (a) delegate its responsibility for administering claims under section 118g policies in relation to which the rights and liabilities of the insurer have been transferred to the Corporation under subclause (2); or
 - (b) subdelegate a responsibility for administering claims under section 118g policies delegated to it under subclause (3).
- (5) The Motor Accident Commission or the Corporation (as the case requires) may recoup expenditure covering liabilities under section 118g policies and associated administrative and legal costs (other than expenditure and costs covered by a contract of reinsurance) from the Insurance Assistance Fund and, if that proves insufficient, from the Statutory Reserve Fund.
- (6) In this clause—

authorised contract or arrangement means a contract or arrangement authorised by regulation under section 14 of the *WorkCover Corporation Act 1994*;

section 118g policy means a policy of insurance issued under section 118g(3) of the 1971 Act.

63—Management of funds

- (1) The Statutory Reserve Fund and the Insurance Assistance Fund may be invested in common with the Compensation Fund as if they formed part of the Compensation Fund.
- (2) For the purposes of financial reporting and actuarial valuations, the Statutory Reserve Fund and the Insurance Assistance Fund will be taken to form part of the Compensation Fund.
- (3) If the Corporation is of the opinion that the balance of the Statutory Reserve Fund or the Insurance Assistance Fund exceeds the amount reasonably required for the purposes for which the relevant fund exists, the Corporation may, with the Minister's consent, transfer the surplus to the Compensation Fund.

64—Entitlement to documents

The Corporation is entitled to possession of all documents and other materials in the possession or power of the Motor Accident Commission relevant to claims against the Statutory Reserve Fund or to liabilities under policies of insurance transferred to the Corporation in connection with the scheme continued under this Schedule.

65—Loss of earning capacity—capital loss assessments

- (1) Division 4B of Part 4 of the repealed Act, as in existence immediately before the designated day, will be taken to continue to apply with respect to any case where the Corporation or a self-insured employer has made any assessment (including an interim assessment) under section 42A of the repealed Act before the designated day.

- (2) If a worker to whom subclause (1) applies has not, immediately before the commencement of this clause, received a final assessment of loss under the Division of the repealed Act referred to in subclause (1), any further assessment under that Division will be made on the basis that the worker is taken to be a seriously injured worker for the purposes of the assessment.

Division 10—Work health and safety administration costs

66—Work health and safety administration costs

- (1) In this clause—
WHS Act means the *Work Health and Safety Act 2012*.
- (2) The prescribed percentage of the prescribed amount under Schedule 5, clause 2(7) and (8) of the WHS Act (as amended by this Act) for the 2015/2016 financial year must be at least equal to the total of the prescribed percentage of the prescribed amount under Schedule 5, clause 2(7) and (8) of the WHS Act for the 2014/2015 financial year and the amount payable under Schedule 5, clause 3 of the WHS Act for the 2014/2015 financial year (and if a regulation is not made under Schedule 5, clause 2(7) or (8) of the WHS Act (as amended by this Act) for the 2015/2016 financial year then the total amount described in this subclause will apply under that clause).

Division 11—Renewal of authorised contracts

67—Renewal of authorised contracts

Section 14(4a)(a) of the *WorkCover Corporation Act 1994* does not apply to a regulation under section 14(4)(d) of that Act that is expressed to come into operation on 1 July 2015.

Division 12—Review of provisions relating to firefighters

68—Review

- (1) In addition to causing a review of this Act to be conducted as required under section 203, the Minister must, as soon as possible after 1 July 2018, appoint a person to carry out a review concerning the operation and impact of—
 - (a) the amendments to the *Workers Rehabilitation and Compensation Act 1986* made by the *Workers Rehabilitation and Compensation (Firefighters) Amendment Act 2013* and Part 8 of this Schedule; and
 - (b) Schedule 3 of this Act.
- (2) The person appointed by the Minister under subclause (1) must present to the Minister a report on the outcome of the review no later than 4 months following his or her appointment.
- (3) The Minister must, within 6 sitting days after receiving the report, have copies of the report laid before both Houses of Parliament.

Division 13—Regulations

69—Additional transitional provisions—regulations

- (1) The Governor may, by regulation, make provisions, or additional provisions, of a saving or transitional nature consequent on the amendment of this Act by another Act.
- (2) A provision of a regulation made under subclause (1) may, if the regulations so provide, take effect from the commencement of the amendment or from a later day.
- (3) To the extent that a provision takes effect under subclause (2) from a day earlier than the day of the regulation's publication in the Gazette, the provision does not operate to the disadvantage of a worker by decreasing a right that existed immediately before that date of publication in the Gazette.

Transitional etc provisions associated with Act or amendments

Return to Work (Scheme Sustainability) Amendment Act 2022, *Sch 1—Transitional provisions*

1—Interpretation

- (1) In this Schedule—

Category 1 seriously injured worker means a worker who, at any time during the period appointed by proclamation for the purposes of this definition (the *Category 1 designated period*), is (or becomes) an interim seriously injured worker;

Category 2 seriously injured worker means a worker who, at any time during the period appointed by proclamation for the purposes of this definition, being a period commencing immediately after the end of the Category 1 designated period, becomes an interim seriously injured worker;

compensating authority means the Corporation or a self-insured employer;

designated day means a day appointed by proclamation as the designated day for the purposes of the provision in which the term is used;

designated worker means a worker who, in relation to a physical injury, has been assessed to be a seriously injured worker under Part 2 Division 5 of the principal Act;

interim seriously injured worker means a worker who is taken to be a seriously injured worker under section 21(3) of the principal Act pending an assessment of permanent impairment under Part 2 Division 5 of the principal Act;

principal Act means the *Return to Work Act 2014*;

relevant day means a day appointed by proclamation as the relevant day for the purposes of the provision in which the term is used.

- (2) Other terms used in this Schedule have meanings consistent with the meanings they have in the principal Act.

2—Application of amendments—seriously injured workers threshold

- (1) This clause applies in relation to work injuries other than psychiatric injuries.
- (2) Subject to subclause (3), the amendments made to the principal Act by sections 5(1), 5(4), 14 and 19 of the Act apply in relation to any work injury where the final examination relating to the worker by an accredited medical practitioner for the purposes of an assessment under section 22 of the principal Act occurs on or after the designated day (even if the injury is attributable to trauma that occurred before the designated day and even if anything arising from the examination, or any assessment made by the accredited medical practitioner, is subsequently set aside or disregarded by the Tribunal or a court).
- (3) Where 2 or more accredited medical practitioners are required to undertake an examination or assessment under section 22 of the principal Act to determine the degree of impairment of a worker in relation to injuries arising from the same cause, the amendments made to the principal Act by this Act will only apply if none of the injuries are the subject of a final examination by an accredited medical practitioner for the purposes of an assessment under section 22 of the principal Act before the designated day.

-
- (4) For the purposes of this clause, the final examination relating to a worker by an accredited medical practitioner is the last attendance when the accredited medical practitioner needs to see the worker in order to enable the accredited medical practitioner to complete and issue the permanent impairment assessment report under section 22 of the principal Act (even if that report is subsequently substituted, supplemented or expanded).

Example 1—

If an accredited medical practitioner sees a worker, and then following that appointment determines that they do not need to see the worker again, then the final examination will be the date of that last attendance. This is even if the accredited medical practitioner determines they do not need to see the worker again but does require an x-ray or other test to be obtained.

Example 2—

If an accredited medical practitioner sees a worker, and then following that appointment determines they need further tests and will need to see the worker again following those tests, then the final examination will be the date of that further attendance (as long as the accredited medical practitioner does not need to see them again in order to complete and issue the permanent impairment assessment report under section 22 of the principal Act).

3—General provision and thresholds—seriously injured workers

- (1) Subject to this Schedule and the other provisions of this Act—
- (a) a worker who has been assessed to be a seriously injured worker under Part 2 Division 5 of the principal Act immediately before the designated day will continue to be regarded as a seriously injured worker; and
 - (b) a worker who is taken to be a seriously injured worker under section 21(3) of the principal Act immediately before the designated day will continue to be taken to be a seriously injured worker.
- (2) In the case of a Category 1 seriously injured worker—
- (a) in relation to an assessment of the degree of whole person impairment made before the designated day—after the assessment is made the worker will be regarded as a seriously injured worker for the purposes of the principal Act if the worker is assessed to have a degree of whole person impairment that is 30% or more under Part 2 Division 5 of the principal Act; and
 - (b) in relation to an assessment of the degree of whole person impairment made on or after the designated day—after the assessment is made the worker will be regarded as a seriously injured worker for the purposes of the principal Act if the worker is assessed to have a degree of whole person impairment that is—
 - (i) in the case of psychiatric injury—30% or more under Part 2 Division 5 of the principal Act; and
 - (ii) in the case of physical injury—35% or more under Part 2 Division 5 of the principal Act.

- (3) In the case of a Category 2 seriously injured worker, in relation to an assessment of the degree of whole person impairment made on or after the designated day, after the assessment is made the worker will be regarded as a seriously injured worker for the purposes of the principal Act if the worker is assessed to have a degree of whole person impairment that is—
- (a) in the case of psychiatric injury—30% or more under Part 2 Division 5 of the principal Act; and
