Division 3—Territorial application of Act

3A—Principles for determining territorial relationship

- (1) An instrument relates to property situated in a particular jurisdiction if it—
 - (a) creates, transfers, redeems, renounces, surrenders, cancels or extinguishes an interest in property situated in the relevant jurisdiction; or
 - (b) deals with an interest in property situated in the relevant jurisdiction in any other way; or
 - (c) acknowledges, evidences or records a transaction to which paragraph (a) or (b) refers.
- (2) A potential, contingent, expectant or other inchoate interest is to be regarded as an interest in property in a particular jurisdiction if the realisation of the potentiality, contingency or expectancy, or the occurrence of any act or event necessary to perfect the interest could result in—
 - (a) an interest in property situated in that jurisdiction; or
 - (b) an interest in the proceeds of the sale of property situated in that jurisdiction.
- (3) For the purpose of calculating duty on an instrument that relates to a potential, contingent, expectant or other inchoate interest—
 - (a) the interest is to be treated as an actual interest ie as if the potentiality, contingency or expectancy had been realised or anything necessary to perfect the interest had occurred; and
 - (b) if the interest is dependent in any way on the exercise of a discretion or any other contingency, it will be presumed that the discretion has been exercised, or the contingency has been realised, so as to give rise to the greatest possible liability to duty in this State.
- (4) An interest in property is taken to be situated in the jurisdiction in which the property to which the interest relates is situated.

3B—Territorial application of Act

- (1) This Act applies in respect of an instrument that relates to property situated, or a matter or thing to be done, in South Australia irrespective of whether—
 - (a) the instrument is within or outside South Australia; or
 - (b) the instrument was executed within or outside South Australia.
- (2) If an instrument relates to property situated in part in South Australia and in part outside South Australia, duty is to be calculated as if the instrument related only to the property situated in South Australia.

- (3) This section operates subject to any other specific provision dealing with how duty is to be calculated on an instrument that relates to property within and outside South Australia.¹

Note—

- 1 Section 81B deals with the duty payable on a mortgage over property within and outside the State.

3C—Special rules for determining location of certain forms of intangible property

- (1) This section applies to intangible property of the following kinds—
- (a) business or product goodwill;
 - (b) intellectual property (except know-how and confidential information);
 - (c) rights conferred under a franchise agreement or licence (including a statutory licence granted under the law of the Commonwealth but not a statutory licence granted under the law of the State).
- (2) If intangible property to which this section applies is a business asset, it is taken to be wholly situated in South Australia if the business is carried on wholly in South Australia and, if not, is taken to be situated in the various jurisdictions in which the business is carried on in proportion to the volume of business carried on in each.
- (3) The Commissioner is to determine proportions for the purposes of subsection (2) having regard to—
- (a) the turnover of the business; and
 - (b) the relative extent of income generated by the business in each jurisdiction in which the business is carried on; and
 - (c) the relative extent of the work carried on in each of the relevant jurisdictions; and
 - (d) any other relevant factors.
- (4) If intangible property to which this section applies is not a business asset, it is taken to be situated in the jurisdiction in which the owner—
- (a) if a company—
 - (i) in the case of a company incorporated or taken to be incorporated under the *Corporations Act 2001* of the Commonwealth—is taken, under that Act, to be registered;
 - (ii) in any other case—is incorporated; or
 - (b) if a natural person—is ordinarily resident.

- (1) Subject to any express provision to the contrary, the payment of duty on an instrument is to be denoted on the instrument by an impressed stamp.

7—Distribution of stamps, commission etc

- (2) Any such distributor may be remunerated by a commission upon the value of stamps purchased for disposal by him, or by salary, or by any other allowance, and upon the sale of stamps to any such distributor such discount may be allowed as may be authorised by regulations made under this Act.

8—Stamps to be provided

The Treasurer shall, for denoting the several duties chargeable under this Act, provide such stamps or dies as may be required for the purposes of this Act, and may do any other act which may be necessary for effectually collecting the duties.

- (1) A stamp which, by any word or words on the face of it, is appropriated to any particular description of instrument shall not be used for any instrument of another description.

13—How instruments to be stamped

- (1) Every instrument written upon stamped material shall be written in such manner, and every instrument partly or wholly written before being stamped shall be so stamped, that the stamp may appear on the face of the instrument and cannot be used for, or applied to, any other instrument written upon the same piece of material.
- (2) If more than one instrument is written upon the same piece of material, each one of those instruments shall be separately and distinctly stamped with the duty with which it is chargeable.

14—Instruments to be separately charged

- (1) Except where express provision is made to the contrary—
 - (a) any instrument containing or relating to several distinct matters shall be separately and distinctly charged with duty in respect of each of such matters as if the portion of the instrument containing or relating to each such matter were a separate instrument.
- (2) Without limiting the effect of subsection (1), an instrument relating to classes of property that are chargeable with different rates of duty, or relating to a class of property chargeable with duty and a class of property not chargeable with duty, is to be treated for the purposes of this Act as if the provisions of the instrument relating to each of the different class of property were a separate instrument and related only to that class of property.
- (3) A person liable to pay duty on an instrument of a kind referred to in subsection (2) must provide the Commissioner with evidence of the value of each of the different classes of property conveyed or transferred by the instrument.

15A—Ascertainment of value of property

- (1) If the value of property is to be ascertained by reference to an actual or notional cost of acquisition, any component of the cost of acquisition that is referable to GST payable on its sale or supply is to be regarded as a component of its value.
- (2) In ascertaining the value of property for the purpose of assessing *ad valorem* duty on an instrument, the existence of an overriding power of revocation or reconveyance in that or any other instrument may be disregarded.

16—Duty in force when instrument produced for stamping to apply

Subject to this Act, the duty chargeable upon any instrument shall be calculated according to the rates in force at the time when the instrument is produced to the Commissioner for the purpose of being stamped.

17—Duty payable in respect of instruments conditionally executed

- (2) If—
 - (a) duty is paid on or in respect of an instrument that was executed conditionally by one or more of the parties;
 - (b) the Commissioner is satisfied that, by reason of non-fulfilment of the condition, or recall of the execution, the instrument will never come into force,

the Commissioner will, on application by a party who paid the duty and production of the instrument, cancel any stamp on the instrument and refund the amount of the duty paid.

18—Duty on other instruments

Where the duty with which any instrument is chargeable depends in any manner upon the duty paid upon another instrument, the payment of the last mentioned duty may, on production of both the instruments, be denoted in such manner as the Commissioner thinks fit upon the first mentioned instrument.

19A—Certain copies dutiable

- (1) Notwithstanding any other provision of this Act, but subject to subsection (2), where an original instrument chargeable with duty under this Act has not been duly stamped or has been destroyed without being duly stamped, any copy of the instrument shall, for the purposes of this Act, be chargeable with duty as if it were the original and be deemed to have been executed by the person or persons who executed the original at the same time as the original was executed.
- (2) Where an original instrument or a copy of an instrument is duly stamped under this Act, the Commissioner shall, upon application and production of that original or copy, stamp any copy or further copy or the original, as the case may be, with a particular stamp denoting that it is duly stamped.
- (3) In this section—
copy includes—

- (1) Subject to any express provision to the contrary, if an instrument is chargeable with duty, the duty must be paid and the instrument stamped—
 - (a) in the case of an instrument executed in South Australia—within two months after its execution; or
 - (b) in the case of an instrument executed outside South Australia—within two months after its receipt in South Australia or within six months after its execution, whichever period first expires.
- (2) If duty or further duty becomes chargeable on an instrument in consequence of an event occurring after its execution, the duty must be paid and the instrument stamped within two months after that event.
- (3) The payment in relation to an instrument of any penalty tax or interest under Part 5 of the *Taxation Administration Act 1996* must be denoted on the instrument by a particular stamp.
- (4) If an instrument that is chargeable with stamp duty is not produced to the Commissioner for stamping within the period prescribed by this section, any person who executed the instrument, or on whose behalf it was executed, is guilty of an offence.

Maximum penalty: \$10 000.

- (5) Subsection (4) does not apply in relation to an instrument that has been duly stamped in some other manner authorised by this Act within the relevant period.
- (6) It is a defence to a charge against subsection (4) to prove that the defendant delivered the instrument or had it delivered into the possession of some other party, or an agent for some other party, to the instrument in the reasonable expectation that the other party would have it stamped.
- (7) The commission of an offence against subsection (4) does not affect the validity of the instrument in relation to which the offence was committed.

21—Admissibility of unstamped instruments in evidence

Upon the production of any instrument chargeable with duty as evidence in any civil proceedings in any part of South Australia, the officer whose duty it is to read the instrument shall call the attention of the presiding judge, special magistrate or justices to any omission or insufficiency of the stamp thereon.

22—Except as aforesaid no unstamped instrument to be received in evidence

No instrument chargeable with duty executed in any part of South Australia, or relating, wherever it was executed, to any property situated, or to any matter or thing done or to be done, in any part of South Australia, shall, except in criminal proceedings, be pleaded or given in evidence, or admitted to be good, useful or available at law or in equity, unless duly stamped.

23—Assessments and stamping of instruments

- (1) If the result of an assessment relating to an instrument is that the instrument is not chargeable with duty, the instrument may be stamped by the Commissioner with a particular stamp denoting that it is not chargeable with duty.
- (2) If the result of an assessment relating to an instrument is that the instrument is chargeable with duty or further duty, the instrument is, on payment of any duty or further duty payable in respect of the instrument, to be stamped or further stamped in accordance with the assessment, and, when so stamped, may also be stamped by the Commissioner with a particular stamp denoting that it is duly stamped.
- (3) If the result of an assessment relating to a stamped instrument is that duty or further duty is chargeable in respect of the instrument, the instrument is, from the date of the assessment until the duty or further duty is paid and the instrument is further stamped, to be taken to be insufficiently stamped, and this subsection applies despite the fact that the instrument has already been stamped, whether under this section or another provision of this Act, with a particular stamp denoting that it is not chargeable with duty or that it is duly stamped.
- (4) Every instrument stamped with the particular stamp denoting either that it is not chargeable with duty or that it is duly stamped shall, subject to subsection (3), be admissible in evidence and shall be available for all purposes, notwithstanding any objection relating to duty.
- (5) An instrument on which duty has been assessed by the Commissioner cannot be stamped except in accordance with that assessment unless the Commissioner reassesses duty on the instrument.

27—No instrument to be enrolled or registered unless stamped

No person whose office it is to enrol, register or enter in or upon any rolls, books or records any instrument chargeable with any duty, or the memorial of any instrument chargeable with any duty, shall enrol, register or enter any such an instrument or memorial unless the instrument is duly stamped.

31—Certain contracts to be chargeable as conveyances on sale

- (1) Any contract or agreement in writing for the sale of any estate or interest in any property (including goods, wares and merchandise not being goods, wares and merchandise agreed to be sold in the ordinary course of trade by a party whose business is or includes the sale of such goods, wares and merchandise) except—
 - (a) property which cannot vest in the purchaser except upon registration of a conveyance; or
 - (b) stock, implements and other chattels if the contract or agreement provides for the sale as a going concern of land used wholly or mainly for the business of primary production together with such stock, implements and other chattels held or used in connection with the business; or
 - (c) stock or financial products or shares in the stock, funds or capital of any corporation, company or society,

shall be charged with the same *ad valorem* duty as if it were an actual conveyance on sale of the estate or interest contracted or agreed to be sold.

- (1a) For the purpose of calculating *ad valorem* duty payable on a contract or agreement under subsection (1), the value of the estate or interest contracted or agreed to be sold is to be determined on the basis that the consideration specified as being payable for the estate or interest represents the value of the estate or interest.
- (1b) However, if it appears to the Commissioner that the consideration specified as being payable for the estate or interest may be less than the value of the estate or interest and—
 - (a) no evidence of the value of the estate or interest is furnished to the Commissioner; or
 - (b) evidence of the value of the estate or interest furnished to the Commissioner is, in the Commissioner's opinion, unsatisfactory,

the Commissioner may cause a valuation of the estate or interest to be made by a person appointed by the Commissioner and may assess the duty payable by reference to the valuation.

- (1c) The Commissioner may, having regard to the merits of the case, charge the whole or a part of the expenses of, or incidental to, the making of a valuation under subsection (1b) to the person liable to pay the duty and may recover the amount so charged from the person as a debt due to the Crown.

- (2) If duty has been duly paid on a contract or agreement in accordance with subsection (1), the following provisions apply:
- (a) any conveyance made to the purchaser under the contract or agreement is chargeable with duty only if the value of the estate or interest under the conveyance on the date of the conveyance is greater than the consideration specified in the contract or agreement or on account of an assessment under subsection (1b) (as the case requires);
 - (b) if the conveyance is chargeable with duty under paragraph (a), the amount of duty paid on the contract or agreement is to be deducted from the duty payable on the conveyance;
 - (c) if the conveyance is not chargeable with duty under paragraph (a), the Commissioner, on application and on the production of the contract or agreement duly stamped, must stamp the conveyance with a particular stamp denoting that it is duly stamped.
- (3) For the purposes of this section, a receipt for the payment, in pursuance of any contract or agreement, of any purchase money shall, in the absence of any further or other instrument being or evidencing the contract or agreement, be charged with *ad valorem* duty.
- (4) If any such contract or agreement as is mentioned in subsection (1) is afterwards rescinded or annulled, or for any other reason is not substantially performed or carried into effect so as to operate as, or to be followed by, a conveyance, the person who paid the *ad valorem* duty upon the contract or agreement shall be deemed to be possessed of stamped material rendered useless by being inadvertently spoiled, within the meaning of section 106, and the provisions of that section shall apply accordingly.
- (5) This section shall not apply to, or in respect of, any hire-purchase agreement within the meaning of this Act.

- (2) A person who carries on a rental business is not bound to inquire as to any change in the place of use of the goods or, in the case of a motor vehicle, the place of registration.

- (5) For the purposes of subsection (1)—

71EB—Direct interests

- (1) A person has a *direct interest* in a private entity if the person holds a share in the private entity.
- (2) A direct interest is to be expressed as a proportionate interest.
- (3) The *proportionate interest* is the highest of the following:
 - (a) a percentage representing the proportion of votes that the person would be entitled to exercise (or control) at a general meeting of shareholders or unitholders assuming that all shareholders or unitholders exercised their voting rights;

71EC—Related entities

- (1) Two private entities are *related entities* if—
 - (a) one has a direct interest in the other; or
 - (b) a series of such relationships can be traced between them through another or other related entities (*intermediate entities*).
- (2) If a private entity is related to another private entity by a relationship traced through an intermediate entity or intermediate entities, the private entity's proportionate interest in the other is calculated by multiplying the relevant fractions together and expressing the result as a percentage.

Example—

Entity A (a private company) holds a 75% proportionate interest in entity B (a private unit trust scheme) which in turn holds a 50% proportionate interest in entity C (a private company). In this case, the proportionate interest of entity A in entity C (insofar as it is traced through entity B) is 37.5%.

- (1) If a person has a direct interest in a private entity (entity A) which is related to another private entity (entity B), the person has an *indirect interest* in entity B.

- (3) The proportionate interest is calculated by multiplying together—
 - (a) a fraction representing the person's proportionate interest in entity A; and
 - (b) a fraction representing entity A's proportionate interest in entity B,and expressing the result as a percentage.

Example—

X holds a proportionate interest of 33⅓% in entity A (a private company) which in turn holds a 75% proportionate interest in entity B (a private unit trust scheme) which in turn holds a 50% proportionate interest in entity C (a private company). In this case X's indirect interest in entity C is to be expressed as a proportionate interest of 12.5%

71EE—Notional interests

- (1) If a private entity owns a gaming machine business or an interest in a gaming machine business, a person who holds a direct or indirect interest in the private entity is taken to have a notional interest in the gaming machine business.
- (2) The value of the notional interest is calculated as follows:

$$V = p \times v_i$$

where—

p is a fraction representing the person's proportionate interest in the private entity;

v_i is the value of the gaming machine business or the interest in the gaming machine business (as the case requires).

71EF—Application of this Division

- (1) This Division applies to the following transactions—
 - (a) the transfer of an interest in a gaming machine business; or
 - (b) the transfer of a notional interest in a gaming machine business.
- (2) A transfer includes any transaction as a result of which the amount or value of the interest or notional interest of a person (the transferor) in a gaming machine business is diminished or extinguished and another person (the transferee) gains an interest or notional interest in the gaming machine business or the transferee's interest or notional interest increases in amount or value.

Example—

Suppose that a gaming machine business is operated by a private entity. The shares of a particular person in the private entity are redeemed or cancelled. This transaction is to be regarded as a transfer of the shareholder's notional interest to the remaining shareholders because their respective notional interests are increased by the value of the notional interest that has been extinguished by the redemption or cancellation.

- (3) However, a transfer does not include—
 - (a) a transaction by way of mortgage; or
 - (b) a transaction between members of the same family group by way of gift; or
 - (c) a transaction between members of the same family group for which there is no consideration of a commercial nature.

71EG—Imposition of surcharge

- (1) A gaming machine surcharge is imposed on a transaction to which this Division applies.
- (2) The surcharge is in addition to any other duty payable under this Act in respect of the transaction.
- (3) The surcharge is calculated as follows:

$$A = p \times 0.05 \times NGR$$

where—

A is the amount of the surcharge

p is —

- (a) if the whole of the gaming machine business is transferred—1;
- (b) in any other case—a fraction representing the relationship between the value of the interest or notional interest transferred and the value of the gaming machine business

Division 10—Mortgages

Note—

No liability to duty arises in relation to the following:

- a mortgage, bond, debenture, covenant or warrant of attorney executed, or that first affects property in South Australia, on or after 1 July 2009;
- a mortgage executed, or that first affects property in South Australia, before 1 July 2009 if no advance secured under the mortgage is made before that day;
- an advance or further advance on or after 1 July 2009 under a mortgage first executed, or that first affects property in South Australia, before that day.

See Part 4A Division 2.

76—Interpretation

In this Act—

liability means a present, future or contingent monetary liability;

mortgage means—

- (a) an instrument creating, acknowledging, evidencing or recording a legal or equitable interest in, or charge over, real or personal property by way of security for a liability; or
- (b) an instrument creating, acknowledging, evidencing or recording a liability in respect of which an instrument of title is or is to be pledged or deposited by way of security.

- 1 A *mortgage* includes an instrument that would, assuming the fulfilment of a condition to which the instrument is subject, fall into one of the above categories.
- 2 A *mortgage* includes an agreement that gives rise to a presumptive mortgage under section 9(3) of the *National Credit Code* in Schedule 1 to the *National Consumer Credit Protection Act 2009* of the Commonwealth.

77—Where mortgage consists of several instruments

If several instruments are necessary to make a mortgage and duty would, but for this section, be chargeable on more than one of those instruments, the duty shall be chargeable upon the principal instrument only and the other instruments shall not be liable to any duty, and the parties, with the approval of the Commissioner, may decide which is the principal instrument.

78—Security for stock, how to be charged

A security for the transfer or retransfer of any stock shall be chargeable with the same duty as a similar security for a sum of money equal in amount to the value of the stock; and a transfer or assignment of any such security shall be chargeable with the same duty as an instrument of the same description relating to a sum of money equal in amount to the value of the stock.

79—Mortgage securing future and contingent liabilities

- (1) A mortgage that extends to future or contingent liabilities is, if limited to a particular amount, chargeable with duty as if it were a security for that amount.
- (2) A mortgage that extends to future or contingent liabilities is, if not limited to a particular amount, chargeable with duty as follows:
 - (a) the mortgage is chargeable, in the first instance, with duty on the basis of an estimate of the highest amount to be secured (to be made on the assumption that all contingencies to which the mortgage or the liability is subject will actually happen); and
 - (b) if the amount of the liability secured by the mortgage subsequently exceeds the amount for which the mortgage has been previously stamped, the mortgage becomes chargeable with further duty as from the date when the liability was first exceeded and the amount of that further duty is to be calculated as follows:
 - (i) a fresh estimate is to be made in accordance with this section of the highest amount to be secured; and
 - (ii) duty is then to be calculated on the basis of that estimate and in all other respects as if the mortgage were a new and separate instrument made on the date when the liability was first exceeded; and
 - (iii) the further duty is then to be calculated by subtracting the amount of duty already paid from the amount of duty calculated under subparagraph (ii).

Exceptions—

- 1 Paragraph (b) does not apply if the liability is wholly or partly denominated in a foreign currency and the amount for which the mortgage has been previously stamped is extended solely because of fluctuations in the rate of exchange.
 - 2 If a mortgage becomes chargeable with further duty under paragraph (b), and the rate of duty payable on the mortgage has increased since it was previously stamped, then the further duty is to be calculated by subtracting from the amount of duty calculated under paragraph (b)(ii) the amount that would have been already paid if duty had then been calculated and paid at the higher rate.
 - 3 If a mortgage becomes chargeable with further duty under paragraph (b), and the rate of duty payable on the mortgage has decreased since it was previously stamped, then the further duty is to be calculated by subtracting from the amount of duty calculated under paragraph (b)(ii) the amount that would have been already paid if duty had then been calculated and paid at the lower rate.
 - 4 If—
 - (a) a further advance is made under—
 - (i) a mortgage that is, until the further advance, wholly exempt from duty; or
 - (ii) a mortgage that would, assuming it had been submitted for stamping immediately before the further advance, have been wholly exempt from duty; and
 - (b) in consequence of the further advance, the mortgage ceases to be of a type that is, or has become, wholly exempt from duty,

duty (or further duty) is calculated on the mortgage as if it secured only the further advance and, if duty was paid before the exemption took effect, as if no such payment had been made.
- (3) If a mortgage is chargeable with duty under subsection (2), the parties must, on submitting the mortgage for stamping or further stamping, make a fair estimate of the highest amount to be secured (to be made on the assumption that all contingencies to which the mortgage or the liability is subject will actually happen).
 - (4) The Commissioner may accept the parties' estimate of the highest amount to be secured or, if dissatisfied with that estimate, substitute the Commissioner's own estimate of that amount, for the purposes of determining the amount of duty or further duty with which the mortgage is chargeable.
 - (5) The Commissioner has a discretion, in the case of a mortgage securing a contingent liability, to permit the mortgage to be stamped for an amount that is less than the full amount of that liability, but, if the contingency subsequently happens, further duty becomes chargeable on the mortgage as from the date of the happening of the contingency and the amount of that further duty is to be calculated as follows:
 - (a) duty is to be calculated on the mortgage on the basis of the full amount of the liability as if the mortgage were a new and separate instrument made on the date of the happening of the contingency; and

- (b) the further duty is then to be calculated by subtracting the amount of duty already paid from the amount of duty calculated under paragraph (a).
- (8) In this section references to an amount secured or to be secured by a mortgage are, if the mortgage secures both principal and interest or principal, interest, and rates taxes or other recurrent charges in respect of land, to be read as references to the principal only.

80—Security for repayment by periodical payments, how to be charged

A security for the payment of any rentcharge, annuity or other periodical payment, by way of repayment or in satisfaction or discharge of any loan, advance or payment intended to be so repaid, satisfied or discharged, shall be chargeable with the same duty as a similar security for the payment of the sum of money so lent, advanced or paid.

81—Transfers and further charges

- (1) No transfer of a duly stamped security and no security by way of further charge for money or stock added to money or stock previously secured by a duly stamped instrument shall be chargeable with any duty by reason of containing any further or additional security for the money or stock transferred or previously secured, or the interest or dividends thereon, or any new covenant, proviso, power, stipulation or agreement in relation thereto or any further assurance of the property comprised in the transferred or previous security.
- (2) However, subsection (1) does not apply if the security is over, or relates to, land that is subject to the provisions of the *Real Property Act 1886*.

81B—Duty chargeable proportioned to value of South Australian property

- (1) A security that creates a charge on property in South Australia and property outside South Australia may, subject to this section, be stamped for less than the full amount *ad valorem* duty otherwise appropriate to the amount secured.
- (2) The amount for which the security is stamped must however be sufficient to satisfy the following formula:

$$\frac{A_1}{A_2} \geq \frac{V_1}{V_2}$$

Where

A_1 is the amount for which the security is stamped

A_2 is the amount on which *ad valorem* duty would, apart from this section, be chargeable

V_1 is the value of property situated in South Australia

V_2 is the total value of the property subject to the security.

- (3) A security stamped under this section is available as a security on property situated in South Australia for such amount only as the *ad valorem* duty denoted on the security extends to cover.
- (4) If a security does not create a charge on property in South Australia it may be stamped with a stamp indicating that no *ad valorem* duty is payable.

81C—Duty paid on one mortgage may be denoted as having been paid on another mortgage

- (1) The Commissioner may, upon the application of a party to a mortgage upon which duty has been paid, authorise the whole or a part of the duty paid upon the mortgage to be denoted as having been paid upon some other mortgage or mortgages if he is satisfied, upon the basis of such evidence as he may require—
 - (a) that the duty was paid upon the first mentioned mortgage instead of the other mortgage or mortgages as a result of an error on the part of a party to the mortgage or his agent; and
 - (b) that the parties to the first mentioned mortgage are the same as the parties to the other mortgage or mortgages; and
 - (c) that the first mentioned mortgage has not been acted upon or relied upon in any way as a security.
- (2) An application under subsection (1) must—
 - (a) be made in a form approved by the Commissioner; and
 - (b) be made not later than three months after the date on which duty was paid upon the first mentioned mortgage; and
 - (c) be accompanied by the prescribed charge.
- (3) The Commissioner may, upon an application under subsection (1), if he thinks it just to do so, waive payment of the prescribed charge.
- (4) The Commissioner may require any evidence given in support of an application under subsection (1) to be verified by statutory declaration.
- (5) Duty shall not be denoted as having been paid upon the other mortgage or mortgages in pursuance of subsection (1) unless the original and every copy of the first mentioned mortgage stamped under this Act has been produced to the Commissioner and dealt with in accordance with the regulations.
- (6) For the purposes of this section—
 - (a) mortgagees that are related corporations shall be regarded as one and the same person; and
 - (b) corporations are related if they are related for the purposes of the *Corporations Act 2001* of the Commonwealth.

82—Unregistered mortgages protected by caveats

- (1) A caveat under the *Real Property Act 1886* to protect an interest arising under an unregistered mortgage is, if the unregistered mortgage is liable to stamp duty and has not been produced for stamping, liable to stamp duty.
- (2) The amount of duty chargeable on a caveat to which subsection (1) applies is the same as would be payable on the mortgage if produced for stamping.
- (3) If—
 - (a) stamp duty is paid on a caveat in respect of a mortgage that has not been stamped; and
 - (b) the mortgage is subsequently produced for stamping,

the mortgage is not chargeable with duty to the extent to which duty in respect of the mortgage has been paid on the caveat.

82A—Repeal of Division

- (1) After 1 July 2009, the Governor may, by proclamation, fix a date for the repeal of this Division and Schedule 2 clause 11.

92—Land assets

- (1) A *land asset* is land other than—
 - (a) a mortgage, lien or charge; or
 - (b) an interest under a warrant or writ.
- (2) A *local land asset* is a land asset constituted by land in South Australia.
- (3) A relevant entity's interest in land will be taken to include an interest in anything fixed to the land, including anything—
 - (a) separately owned from the land other than where the separation of ownership occurs by virtue of or as a result of the operation of another Act or law; or
 - (b) fixed to the land but notionally severed or considered to be legally separate to the land by virtue of or as a result of the operation of another Act or law (so that a separation by another Act for the purposes of that Act will not affect the operation of this paragraph for the purposes of the imposition and calculation of duty under this Part).
- (4) In connection with the operation of subsection (3)—
 - (a) the subsection applies to all items fixed to the land whether or not they constitute fixtures at law; and
 - (b) all fixtures at law will be taken to be within the application of the subsection.
- (5) In addition—
 - (a) in connection with the operation of subsection (3)(a), if the Commissioner is satisfied that, at a relevant time, it was not part of an arrangement to avoid duty under this Part that an item was separately owned from the land, the Commissioner may determine that an entity's interest in land will not be taken to include an interest in the item; and
 - (b) in connection with the operation of subsection (3)(b), an entity's interest in land will not be taken to include an interest in an item which is owned by another entity unless—
 - (i) the relevant entity and the other entity are related entities and—
 - (A) the relevant entity holds a significant interest in the other entity or vice versa; or
 - (B) a chain of significant interest can be traced between the relevant entity and the other entity; or
 - (ii) a person or group holds a significant interest in both the relevant entity and the other entity.

93—Direct interests

- (1) A person has a *direct interest* in a relevant entity if the person holds a share or unit in the entity.

- (2) A direct interest that a person or group has in a relevant entity is to be expressed as a proportionate interest.
- (3) The *proportionate interest* is the highest of the following:
 - (a) a percentage representing the proportion of votes that the person or members of the group would be entitled to exercise (or control) at a general meeting of shareholders or unitholders assuming that all shareholders or unitholders exercised their voting rights;
 - (b) a percentage representing the extent the person or members of the group are entitled to participate in dividends or distributions of income;
 - (c) a percentage representing the extent to which the person or members of the group would be entitled to participate in the distribution of assets on a winding up of the relevant entity.
- (4) The proportionate interest of a person or group in a relevant entity is to be determined as if any power that the person has, or the members of the group or any of them have, to increase the extent of an interest (by varying the constituent documents of the relevant entity or in any other way) had been exercised so as to maximise the relevant interest in the relevant entity.

94—Related entities

- (1) Two relevant entities are *related entities* if—
 - (a) 1 has a direct interest in the other; or
 - (b) a series of such relationships can be traced between them through another or other related entities (*intermediate entities*).
- (2) If a relevant entity is related to another relevant entity by a relationship traced through an intermediate entity or intermediate entities, the relevant entity's proportionate interest in the other is calculated by multiplying the relevant fractions together and expressing the result as a percentage.

Example—

Entity A (a listed company) holds a 75% proportionate interest in entity B (a private unit trust scheme) which in turn holds a 50% proportionate interest in entity C (a private company). In this case the proportionate interest of entity A in entity C (insofar as it is traced through entity B) is 37.5%.

95—Indirect interests

- (1) If a person or group has a direct interest in a private company or a private unit trust scheme (entity A) which is related to another private company or a private unit trust scheme (entity B), the person or group has an *indirect interest* in entity B.
- (2) An indirect interest that a person or group has in an entity is to be expressed as a proportionate interest.
- (3) The proportionate interest is calculated by multiplying together—
 - (a) a fraction representing the proportionate interest of the person or group in entity A; and
 - (b) a fraction representing entity A's proportionate interest in entity B,and expressing the result as a percentage.

Example—

X holds a proportionate interest of 33⅓% in entity A which in turn holds a 75% proportionate interest in entity B which in turn holds a 50% proportionate interest in entity C. In this case the X's indirect interest in entity C is to be expressed as a proportionate interest of 12.5%.

96—Notional interest in assets of related entity

- (1) A relevant entity has a notional interest in an asset held beneficially by a private company or a private unit trust scheme if—
 - (a) the relevant entity holds a significant interest in the private company or private unit trust scheme; or
 - (b) a chain of significant interests can be traced between the relevant entity and the private company or private unit trust scheme.

Example—

Entity A holds a 75% proportionate interest in entity B which in turn holds a 60% proportionate interest in entity C which in turn holds a 40% proportionate interest in entity D. In this case entity A has a notional interest in the assets held beneficially by entity B and entity C but not in the assets held by entity D.

- (2) The value of the notional interest is calculated as follows:

$$V = V_I \times P$$

Where—

V_I is the unencumbered value of the asset

P is a fraction representing the proportionate interest of the relevant entity in the private company or private unit trust scheme.

97—Widely held trusts

- (1) For the purposes of this Part, a **widely held trust** is a unit trust scheme which has not less than 300 unitholders none of whom, individually or together with any associated person, is entitled to more than 20% of the units in the trust.
- (2) If a registered unitholder in a unit trust scheme holds units as a trustee for 2 or more trusts, the unitholder is to be treated as a separate registered unitholder in relation to each of those trusts and the units held under each trust are to be treated as a separate unit holding.
- (3) However, a trustee is not to be treated as a separate registered unitholder in relation to 2 or more trusts if, as separate unitholders in relation to those trusts, they would be associated with each other.

98—Land holding entity

A relevant entity is a **land holding entity** if the unencumbered value of the underlying local land assets of the relevant entity is \$1 000 000 or more.

99—Determination of value

- (1) In this section—
relevant asset means any underlying land assets or any South Australian goods.

- (2) The value of any relevant asset under this Part is to be determined according to the market value of the relevant asset at the time that the question of value falls to be determined.
- (3) Where no evidence of the value of a relevant asset or interest acquired or held is furnished to the Commissioner for the purposes of this Part, or the evidence so furnished is, in the Commissioner's opinion, unsatisfactory, the Commissioner may cause a valuation of the asset or interest to be made by some person appointed by the Commissioner and may apply any such valuation for the purposes of this Part.
- (4) The Commissioner may, having regard to the merits of the case, charge the whole or a part of the expenses of, or incidental to, the making of a valuation pursuant to subsection (3) to any person liable to pay duty under this Part in relation to an acquisition of the relevant asset or any interest.
- (5) A reference in this section to the acquisition of an asset or interest extends to a notional acquisition under this Part.
- (6) Any determination of market value under this Part must be based on the unencumbered value.
- (7) In addition, when determining the value of an asset or interest—
 - (a) it is to be assumed that a hypothetical purchaser would, when negotiating the price for any asset or interest, have knowledge of all existing information relating to the asset or interest; and
 - (b) no account is to be taken of any amount that a hypothetical purchaser would have to expend to reproduce, or otherwise acquire a permanent right of access to and use of, existing information relating to the asset or interest.

Division 2—Dutiable transactions

100—General principle of liability to duty

- (1) A person or group that acquires a prescribed interest, or increases a prescribed interest, in a land holding entity notionally acquires an interest in the underlying local land assets of the entity and is liable to duty in respect of the notional acquisition.
- (2) The following transactions are therefore dutiable:
 - (a) a transaction as a result of which a person or group acquires or has a prescribed interest in a land holding entity; or
 - (b) a transaction as a result of which a person or group that has a prescribed interest in a land holding entity increases its prescribed interest in the entity.
- (3) A transaction is dutiable under this Part even though the person or group that has a prescribed interest, or increases a prescribed interest, in the land holding entity as a result of the transaction—
 - (a) is not a party to the transaction; or
 - (b) has a passive role in the transaction.
- (4) For example, any of the following is capable of being a dutiable transaction:
 - (a) an allotment of shares in a company or units in a unit trust scheme; or

- (b) the variation or abrogation of rights attaching to shares in a company or units in a unit trust scheme; or
 - (c) the redemption, surrender or cancellation of shares in a company or units in a unit trust scheme; or
 - (d) the addition or retirement of a partner in a partnership with assets comprising shares in a company or units in a unit trust scheme.
- (5) However, if a relevant entity acquires a local land asset and, as a result of the acquisition, becomes a land holding entity, and conveyance duty is paid in respect of the transaction, the transaction is not dutiable under this Part.
- (6) If a person who acquires or holds an interest in a land holding entity is a trustee for 2 or more trusts, any interest in the entity acquired or held by the person for different trusts are to be treated as if they were acquired or held by separate persons.

101—Aggregation of interests

- (1) If a person or group acquires an interest in a land holding entity that, when aggregated with an interest in the entity acquired by another person as a result of an associated transaction on the same day or within the preceding 3 years, amounts to a prescribed interest in the entity, then for the purposes of this Part—
- (a) the person or group acquires that prescribed interest in the entity; and
 - (b) the person or group and any other person acquiring an interest in the entity as a result of the associated transaction are jointly and severally liable for the payment of duty in respect of the acquisition.

- (2) In this section—

associated transaction, in relation to the acquisition of an interest in a land holding entity by a person or associated person, means an acquisition of an interest in the entity by another person in circumstances in which—

- (a) those persons are acting in concert; or
- (b) the acquisitions form, evidence, give effect to or arise from substantially 1 arrangement, 1 transaction or 1 series of transactions.

102—Value of notional interest acquired as a result of dutiable transaction

- (1) If a person or group has, as a result of a dutiable transaction, a prescribed interest in a land holding entity, the value of the notional interest acquired in the entity's underlying local land assets is determined as follows:

$$NV = TV \times P$$

Where—

NV is the value to be of the notional interest acquired

TV is the total unencumbered value of all the entity's underlying local land assets

P is the fraction representing the proportionate interest of the person or group in the entity.

102A—Calculation of duty

- (1) The duty in respect of a transaction under which a person or group acquires a prescribed interest in a land holding entity is to be equivalent to—
- (a) in the case of an entity that is a private company or a private unit trust—the duty payable on a conveyance of land with an unencumbered value equivalent to—
 - (i) the value of the acquirer's notional interest in the entity's underlying local land assets; plus
 - (ii) the value of the acquirer's notional interest in the entity's underlying South Australian goods (on the assumption that this interest corresponds to the interest in the entity's underlying local land assets);
 - (b) in the case of an entity that is a listed company or a public unit trust scheme—10% of the duty payable on a conveyance of land with an unencumbered value equivalent to—
 - (i) the value of the acquirer's notional interest in the entity's underlying local land assets; plus
 - (ii) the value of the acquirer's notional interest in the entity's underlying South Australian goods (on the assumption that this interest corresponds to the interest in the entity's underlying local land assets).
- (2) Duty on a dutiable transaction under which a person or group increases its prescribed interest in a land holding entity is to be calculated as follows:

$$D = d_1 - d_2$$

Where—

D is the amount of the duty

*d*₁ is the amount that would have been payable if the person or group had acquired the whole of its interest in a single transaction at the time of the increase

*d*₂ is the amount that would have been payable if the person or group had acquired its pre-existing interest in a single transaction at the time of the increase.

- (3) To avoid doubt, duty under subsection (2) is to include duty that relates to land plus duty that relates to goods.
- (4) If—
- (a) a person or group holds an interest in a relevant entity; and
 - (b) the relevant entity then acquires land so as to become a land holding entity; and
 - (c) the acquisition under paragraph (b) was subject to *ad valorem* duty that has been duly paid; and
 - (d) the person or group acquires a prescribed interest in the entity as a land holding entity,

the duty calculated under subsection (1) is to be reduced in accordance with the following formula:

$$D = d_1 - d_2$$

Where—

D is the amount of the duty to be paid on account of this subsection

d₁ is the amount that would have been payable if the person or group had acquired the whole of its interest in a single transaction at the time of the acquisition

d₂ is the amount that would be payable on a conveyance of an interest in the relevant land corresponding to the interest held by the person or group at the time of the acquisition under paragraph (b)

relevant land is the total amount of land in South Australia that is held by the land holding entity at the time that the person or group acquires the prescribed interest under paragraph (d).

- (5) If any part of a prescribed interest in a land holding entity was acquired by the relevant person or group more than 3 years before the date of a dutiable transaction (the **earlier acquisition**), the duty calculated under subsection (1) is to be rebated by a percentage representing the extent of the earlier acquisition as a proportion of the prescribed interest as a whole.
- (6) Insofar as subsections (4) and (5) may both apply to the acquisition of a prescribed interest in a particular land holding entity by a person or group, the provision that provides the higher benefit to the person or group will apply.
- (7) If a person or group acquires or increases a prescribed interest in a land holding entity through the acquisition of financial products or units in a private unit trust scheme and duty has been paid under this Act or a corresponding law in respect of the transaction for the acquisition of the financial products or units (the **relevant transaction**), the duty calculated under this section is to be reduced by the sum of the amounts severally calculated in accordance with the following formula:

$$R = \frac{A}{B} \times C$$

Where—

R is the amount of the reduction

A is the total unencumbered value of all of the entity's underlying local land assets and underlying South Australian goods

B is the total unencumbered value of all of the entity's assets held in South Australia, a corresponding jurisdiction or any other place

C is the sum of the duty paid under this Act or a corresponding law in respect of the relevant transaction.

- (8) In subsection (7)—

corresponding jurisdiction means any jurisdiction where a corresponding law applies.

- (9) The Commissioner may, if the Commissioner considers it to be fair and reasonable to do so, in the circumstances of a particular case, exclude specified goods, or specified classes of goods, from the calculation of duty under this section.

Division 3—Payment and recovery of duty

102B—Acquisition statement

- (1) If a dutiable transaction occurs, the person or group that acquires or increases its prescribed interest in the land holding entity must, within 2 months after the date of the dutiable transaction, or, if the transaction was an exempted transaction under Part 4AA but the exemption has been revoked by the Commissioner, within 2 months after receiving notification of the revocation—
- (a) lodge a return with the Commissioner in a manner and form determined by the Commissioner; and
 - (b) pay the relevant amount of duty.

Maximum penalty: \$10 000.

- (2) The return must contain the following information:
- (a) the name and address of the person, or the name and address of each member of the group, that has the prescribed interest or has increased its prescribed interest as a result of the transaction; and
 - (b) the date of the transaction; and
 - (c) particulars of—
 - (i) the interest acquired as a result of the transaction; and
 - (ii) any other interest held and the dates and circumstances of their acquisition; and
 - (iii) the underlying land assets and the underlying local land assets of the land holding entity as at the date of the transaction; and
 - (iv) the underlying assets of the land holding entity as at the date of the transaction; and
 - (v) the underlying South Australian goods of the land holding entity; and
 - (vi) amounts of duty paid under this Act or a corresponding law in relation to the acquisition of the prescribed interest in the land holding entity; and
 - (d) other information required by the Commissioner.

102C—Recovery from entity

- (1) If a person or group fails to pay duty as required under this Part, the Commissioner may recover the duty, as a debt, from the relevant entity.
- (2) Instead of, or as well as, proceeding against the relevant entity for recovery of duty as a debt, the Commissioner may register a charge on any of its land for the amount of the unpaid duty.

- (3) The Commissioner must give written notice of the registration of a charge under this section to—
 - (a) the registered proprietor of the land; and
 - (b) the person in default, or each member of the group in default.
- (4) A charge under this section will rank as a first charge on the relevant land.
- (5) If the duty remains unpaid 6 months after the registration of the charge, the Commissioner may apply to the District Court for an order for the sale of the land.
- (6) On an application under subsection (5), the Court may make an order for sale of the land by public auction and, in that event, the proceeds of sale are to be applied as follows:
 - (a) firstly—in payment of the costs of the sale and other costs of proceeding under this section; and
 - (b) secondly—in discharging the liability to duty; and
 - (c) thirdly—in discharging other liabilities secured by registered instrument; and
 - (d) fourthly—in discharging other liabilities as directed by the Court; and
 - (e) fifthly—in payment to the registered proprietor of the land immediately before the completion of the sale.
- (7) If the Commissioner recovers duty under this section, the relevant entity may recover the amount paid to, or recovered from, the entity from the person or persons principally liable for the payment of the duty.

Division 4—Miscellaneous

102D—Valuation of interest under contract or option to purchase land

If an interest in land consists of an interest arising under a contract or option to purchase the land, the interest is to be valued, for the purposes of this Part, by subtracting from the market value of the land the amount that the purchaser under the contract or the holder of the option would be required to pay in order to complete the purchase.

102E—Separation of statutory funds held by life companies

- (1) If a person who acquires an interest in a land holding entity is a life company, any interests in the land holding entity acquired or held by the life company for different statutory funds are to be treated as if they were acquired or held independently by separate persons.
- (2) If a life company acquires or holds an interest in a land holding entity otherwise than for a statutory fund, that interest is to be treated as if it were acquired or held independently of, and by a separate person to, any interest acquired or held by the life company for a statutory fund.
- (3) For the purposes of this Part, a life company, its statutory funds, and any trustee, are not to be treated as associates except in a case where the Commissioner determines that particular dealings between them (in any combination) form substantially 1 arrangement.

(4) In this section—

life company has the same meaning as in the *Life Insurance Act 1995* of the Commonwealth;

statutory fund has the same meaning as in the *Life Insurance Act 1995* of the Commonwealth.

102F—Exempt transactions and related matters

(1) A transaction under which a person or a group acquires an interest in a land holding entity is exempt from duty under this Part if it takes place in circumstances in which a conveyance of an interest in the underlying local land assets would not attract *ad valorem* duty.

Example—

Suppose that A is entitled under the will of B to 60% of the shares in X Pty Ltd, a land holding entity, owning land in the State valued at \$2m. A's acquisition of the shares on distribution of the estate is exempt from duty because a conveyance of the land itself would, if it occurred in these circumstances (ie on distribution of the estate), be exempt from *ad valorem* duty.

(2) The following transactions are exempt from duty under this Part:

- (a) an acquisition of an interest in a land holding entity that takes place solely as a result of the making of a compromise or arrangement with the creditors of the land holding entity under Part 5.1 of the *Corporations Act 2001* of the Commonwealth;
- (b) a transaction exempted by regulation from duty under this Part.

(3) If—

- (a) a transaction provides for—
 - (i) the acquisition of all shares or units in a relevant entity from a person who holds, or from members of a group who together hold, those shares or units; or
 - (ii) the acquisition of shares or units in a relevant entity where the parties to the transaction are the members of the same group; and
- (b) the underlying land assets are used wholly or mainly for the business of primary production; and
- (c) the Commissioner is satisfied—
 - (i) in a case where paragraph (a)(i) applies—that the transaction forms part of a sale as a going concern of the undertaking carried out on the land; and
 - (ii) in a case where paragraph (a)(ii) applies—that the undertaking carried out on the land is to continue without any change, or any significant change,

then the value of any underlying South Australian goods held or used in connection with the undertaking carried out on the land that would be dutiable under this Part on account of the transaction but for this subsection will not be taken into account for the purposes of the calculation and imposition of duty under this Part.

102G—Multiple incidences of duty

- (1) If it is possible under this Part to assess the incidence of duty in different ways in respect of the same transaction, duty will be assessed so as to maximise the return to the revenue but not so as to extend the incidence of duty beyond a single person or group identified in the assessment.
- (2) If a person or a group acquires a prescribed interest in a land holding entity, and another person or group later acquires a prescribed interest in the land holding entity without diminishing the former prescribed interest, the Commissioner may, if satisfied that it is just and equitable to do so, exempt the later acquisition, wholly or partly, from duty under this Part.

Example—

Suppose the shares of X Pty Ltd, a land holding entity, are divided into Class A and Class B. The Class A shares confer rights to dividends but no rights to share in the distribution of assets on winding up of the company. The Class B shares confer no rights to dividends but do confer rights to share in the distribution of assets on the winding up of the company. Suppose that A acquires all the Class A shares and pays duty under this Part on the acquisition of a prescribed interest in the company. Suppose that B then acquires all the Class B shares. In this case, the Commissioner could, if satisfied that it would be just and equitable to do so, grant relief under the above subsection.

Part 4AA—Corporate group exemptions

102H—Interpretation

(1) In this Part—

corporate group—see section 102J;

corporation has the same meaning as in section 9 of the *Corporations Act 2001* of the Commonwealth and includes a unit trust scheme;

direct interest—see section 102I;

exempted transaction means a transaction that is exempted from duty under section 102L;

exemption application means an application to the Commissioner under section 102M;

hold—a person holds property (including a security of a corporation) if the person—

- (a) is registered as the holder; or
- (b) is beneficially entitled to the property; or
- (c) controls the exercise of rights attached to the property;

indirect interest—see section 102I;

ineligible trust means a discretionary trust that is not a unit trust;

security, of a corporation, includes—

- (a) an issued share of the corporation; and
- (b) if the corporation is a unit trust scheme—a unit issued under the scheme.

(2) For the purposes of this Part—

- (a) a reference to anything done by or held by a unit trust scheme is to be taken to refer to the thing being done by or held by a trustee or custodian of the unit trust scheme as trustee or custodian of that unit trust scheme; and
- (b) a corporation that is a unit trust scheme is taken to be a party to a transaction if the trustee or custodian of the unit trust scheme enters into the transaction as trustee or custodian of the scheme; and
- (c) subject to subsection (3), a corporation that is a partner in a partnership is to be regarded as beneficially entitled to a proportionate share in each and every item of property of the partnership; and
- (d) a transfer of the registration of a motor vehicle will be taken to be a conveyance of the vehicle from the transferor to the transferee.

(3) Subsection (2)(c) does not apply in relation to a corporation in a particular case if the Commissioner considers, having regard to the circumstances of the corporation and any relevant corporate group of which the corporation is a member, that the provision would operate unfairly in that case.

102I—Direct and indirect interests

- (1) If a corporation (A) holds securities of another corporation (B), A has a *direct interest* in B.
- (2) The direct interest that A has in B is to be expressed as a proportionate interest calculated by determining the percentage of B's total securities held by A.

Example—

Corporation A holds 75% of corporation B's securities. In this case the proportionate interest of corporation A in corporation B is 75%.

- (3) Two corporations are *related corporations* if—
 - (a) 1 has a direct interest in the other; or
 - (b) a series of such relationships can be traced between them through another or other related corporations.
- (4) If a corporation (A) has a direct interest in a corporation (B) which is related to another corporation (C), A has an *indirect interest* in C.
- (5) The indirect interest that a corporation has in another corporation is to be expressed as a proportionate interest calculated by multiplying together—
 - (a) a percentage representing the proportionate interest of A in B; and
 - (b) a percentage representing B's proportionate interest in C,and expressing the result as a percentage.

Example—

Corporation X holds a proportionate interest of 33⅓% in corporation A which in turn holds a 75% proportionate interest in corporation B which in turn holds a 50% proportionate interest in corporation C. In this case corporation X's indirect interest in corporation C is to be expressed as a proportionate interest of 12.5%.

102J—Parent corporations and corporate groups

- (1) If a corporation (A) has—
 - (a) a direct or indirect interest in another corporation (B) that is a proportionate interest of 90% or more; or
 - (b) a direct and indirect interest in another corporation (B) that, in combination, constitutes a proportionate interest of 90% or more,then, subject to subsection (2)—
 - (c) A is the *parent corporation* of B; and
 - (d) B is a *subsidiary* of A.
- (2) If, under subsection (1), corporation A is not entitled (whether directly or indirectly) to cast, or control the casting of, 90% or more of the maximum number of votes at a general meeting of corporation B, B is not a subsidiary of A.
- (3) A *corporate group* is comprised of—
 - (a) a parent corporation; and
 - (b) the subsidiaries of the parent corporation.

102K—Transactions to which this Part applies

This Part applies to—

- (a) a transaction involving a conveyance of property, or an agreement to convey property, from a member of a corporate group to another member, or to other members, of the corporate group; and
- (b) a transaction whereby, under Part 4, a member of a corporate group notionally acquires from another member of the same corporate group an interest in the underlying local land assets of a land holding entity,

if—

- (c) the corporate group's interest in the property the subject of the transaction is not diminished as a result of the transaction; and
- (d) the purpose, or 1 of the purposes, of the transaction is—
 - (i) to change the structure of the corporate group; or
 - (ii) to change the holding of property within the corporate group; and
- (e) the transaction does not result in property of the corporate group being held by a member of the corporate group as trustee of an ineligible trust; and
- (f) the transaction is not part of a tax avoidance scheme within the meaning of Part 6A of the *Taxation Administration Act 1996*.

102L—Exemption from duty

- (1) If the Commissioner is satisfied that this Part applies to a transaction, the Commissioner must exempt the transaction from duty.
- (2) If the Commissioner exempts a transaction from duty under subsection (1), the Commissioner must assess the transaction, and any instrument that gives effect to, acknowledges, evidences or records the transaction, as exempt from duty.

102M—Application for exemption

- (1) A member of a corporate group may apply to the Commissioner, in a manner and form determined by the Commissioner, for an exemption under section 102L at any time before, or within 5 years after, the completion of the transaction to which the application relates.
- (2) An application for an exemption under section 102L in relation to a proposed transaction must be accompanied by draft copies of all instruments that it is intended will give effect to, or acknowledge, evidence or record, the transaction.
- (3) The Commissioner may require a member of the corporate group applying for an exemption for a transaction under section 102L to provide such additional information or evidence as the Commissioner may require for the purpose of determining whether the transaction, or any instrument connected to the transaction, is exempt from duty under this Part.
- (4) The Commissioner may require the information or evidence to be given on oath or verified by statutory declaration.

- (5) If the Commissioner determines to exempt from duty a transaction, or a proposed transaction, in relation to which an application has been made under this section, the Commissioner must advise the applicant in writing that the transaction, and any instruments giving effect to, or acknowledging, evidencing or recording, the transaction, are exempt from duty.

102N—Conditions of exemption

An exemption granted under section 102L in relation to a proposed transaction is subject to a condition that the applicant will, within 2 months after the transaction occurs, advise the Commissioner in writing if—

- (a) the actual transaction, or any circumstances relating to it, differs materially from the proposed transaction, or any circumstances of the proposed transaction, as specified in the exemption application; or
- (b) any information relevant to the transaction, or to any circumstances relating to it, differs materially from the information specified in the exemption application.

102O—Revocation of exemption

The Commissioner may revoke an exemption granted under section 102L if—

- (a) the Commissioner ceases to be satisfied that this Part applies to the exempted transaction; or
- (b) a party to the exempted transaction fails to comply with a condition under section 102N; or
- (c) the Commissioner becomes aware that—
 - (i) any draft copies of instruments accompanying the application for the exemption differ in a material particular from the corresponding instruments submitted for assessment by the Commissioner; or
 - (ii) the applicant for the exemption provided false or misleading information, or failed to provide relevant information, in support of the application.

102P—Duty payable if transaction ceases to be exempt

If the Commissioner determines to revoke an exemption granted under section 102L in relation to a transaction, the following provisions apply:

- (a) the Commissioner must give written notice of the determination to the parties to the transaction or to the parent corporation of the corporate group to which the parties belong;
