Issue of licences

6. (1) Subject to this regulation, the Director may, on application, issue a licence in respect of the fishery.

 - (ii) the first instalment of the licence fee, in accordance with subregulation (5); and
 - (b) —
 - (i) the licence in respect of the Marine Scalefish Fishery held by the applicant is surrendered to the Director; and

5.

- (ii) if any boat registered by endorsement on that licence is the subject of, is registered by endorsement on, or is otherwise referred to in, a licence, permit, authority or other entitlement to take fish granted under the Commonwealth Act or the laws of another State or Territory—that other licence, permit, authority or entitlement is also surrendered.

(5) Where an application for the issue of a licence is made within three months after the commencement of a licence period commencing on 1 July in any year, the licence fee may be paid by four instalments of 25 per cent payable on or before the date of the grant of the licence and 1 October, 1 January and 1 April following the date of the grant of the licence.

- (b) an additional amount is required to be paid for late payment of an instalment of a licence fee,

the amount unpaid may be recovered from the holder of the licence as a debt due to the Crown.

(8) The Director must return any licence fee that accompanied the application if the application is not successful.

Expiry of licences

7. A licence in respect of the fishery expires on 30 June following the date of issue or its last renewal.

Renewal of licences

Refund on surrender of licence

9. Where a licence in respect of the fishery is surrendered, the Director must, on application by the former licensee, refund an amount that bears to the renewal fee last paid in respect of the licence the same proportion as the number of complete months from the date of surrender to the day on which the following licence period commences bears to the number of months in the licence period during which the licence was surrendered.

14. (1) In this regulation—

"**conversion value**" means the number determined by the Director to be the conversion value for a blue crab fishing zone and a licence period.

(2) The Director may impose or vary conditions on licences in respect of the fishery fixing or varying blue crab pot entitlements as follows:

- (a) on the issue of a licence in respect of the fishery, the licence must be endorsed with a blue crab pot entitlement calculated in accordance with the formula set out in subregulation (3);

9.

- (b) on renewal of a licence in respect of the fishery referred to in Schedule 4 for a term expiring on 30 June 2002, the licence must be endorsed with a blue crab pot entitlement calculated in accordance with the formula set out in subregulation (3);
- (c) on the commencement of each licence period, the Director must determine the conversion value for a blue crab fishing zone and the licence period;
- (d) on the variation of the unit entitlement of a licence in respect of the fishery, the conditions of the licence must be varied so that the blue crab pot entitlement of the licence, as calculated in accordance with the formula set out in subregulation (3), reflects the variation in the unit entitlement of the licence;
- (e) blue crab pot entitlements must not be varied except as provided by this subregulation.

(3) For the purposes of subregulation (2), the formula for calculating the blue crab pot entitlement of a licence is as follows:

$$A = \frac{B}{C}$$

where—

- A is the blue crab pot entitlement expressed as a whole number (a number having a fraction of half or more being rounded up to the next whole number);
- B is the unit entitlement of the licence;
- C is the conversion value for the blue crab fishing zone to which the unit entitlement of the licence relates.

(4) The Director may impose conditions on licences in respect of the fishery limiting the number of crab pots that may be carried on boats and otherwise regulating the carrying of crab pots used for fishing activities pursuant to the licences.

Individual blue crab catch quota system

15. (1) The Director may impose or vary conditions on licences in respect of the Blue Crab Fishery or a marine scalefish fishery fixing or varying blue crab quotas as follows:

- (a) on the issue of a licence in respect of the Blue Crab Fishery (a "new licence"), the licence must be allocated a number of blue crab units in respect of a blue crab fishing zone equal to the number of blue crab units in respect of that zone that was, immediately prior to the surrender of the licence in respect of a marine scalefish fishery held by the applicant for the new licence, endorsed on the licence in respect of a marine scalefish fishery;
- (b) on renewal of a licence in respect of the Blue Crab Fishery referred to in the left column of the table in Schedule 4 for a term expiring on 30 June 2002, the licence must be allocated the number of blue crab units specified opposite in the middle column in respect of the blue crab fishing zone specified opposite in the right column;

- (c) during the licence period ending on 30 June 2002, the conditions of each licence in respect of the Blue Crab Fishery referred to in Schedule 4 must be varied so as to reduce the blue crab quota of the licence for that licence period by one kilogram for each kilogram of blue crab taken pursuant to the licence during the period commencing on 1 July 2001 and ending on 16 September 2001 (as recorded on completed CDR books delivered to the Director under regulation 16);
- (d) on the commencement of each licence period, the Director must determine the number of kilograms of blue crab that is to be the value of a blue crab unit for a blue crab fishing zone and the licence period;
- (e) on application made to the Director by the holders of any two licences in respect of the Blue Crab Fishery endorsed with conditions fixing blue crab quotas on the licences in relation to the same blue crab fishing zone, the conditions of the licences may be varied so as to increase the unit entitlement of one of the licences in respect of that zone and decrease the unit entitlement of the other licence in respect of that zone by a corresponding number of units;
- (f) on application made to the Director by the holder of a licence in respect of the Blue Crab Fishery endorsed with a condition fixing a blue crab quota on the licence in relation to a particular blue crab fishing zone (the "first licence") and the holder of a licence in respect of a marine scalefish fishery licence endorsed with a condition fixing a blue crab quota on the licence in relation to the same zone (the "second licence")—
 - (i) the conditions of the first licence may be varied so as to decrease the unit entitlement under that licence in respect of that zone and the conditions of the second licence may be varied so as to increase the unit entitlement under that licence in respect of that zone by a corresponding number of units; or
 - (ii) the conditions of the first licence may be varied so as to increase the unit entitlement under that licence in respect of that zone and the conditions of the second licence may be varied so as to decrease the unit entitlement under that licence in respect of that zone by a corresponding number of units;
- (g) on application made to the Director by the holder of a licence in respect of the Blue Crab Fishery endorsed with a condition fixing a blue crab quota on the licence in relation to a particular blue crab fishing zone (the "first licence") and the holder of a licence in respect of a marine scalefish fishery not endorsed with a condition fixing a blue crab quota on the licence (the "second licence")—
 - (i) the conditions of the first licence may be varied so as to decrease the unit entitlement of that licence in respect of that zone; and
 - (ii) a corresponding number of units may be allocated to the second licence and a condition fixing a blue crab quota on that licence in relation to that zone may be imposed;

- (h) the Director may, if the total blue crab catch taken pursuant to a licence in respect of the fishery during a licence period exceeded the blue crab quota of the licence for that licence period, vary the conditions of the licence so as to decrease the quota—
 - (i) if the catch exceeded the quota by not more than 20 kilograms of blue crab—by one kilogram for each kilogram in excess of the quota; or
 - (ii) if the catch exceeded the quota by more than 20 kilograms but not more than 50 kilograms of blue crab—by two kilograms for each kilogram in excess of the quota;
- (i) any variation of a blue crab quota made under paragraph (h) must be expressed to apply only for the licence period during which the variation is made;
- (j) unit entitlements and blue crab quotas must not be varied except as provided by this regulation or the *Scheme of Management (Marine Scalefish Fisheries) Regulations 1991*.

(2) If—

- (a) a court convicts the holder of a licence in respect of the Blue Crab Fishery of an offence of contravening a condition of the licence imposing a blue crab quota on the licence; and
- (b) the conduct constituting the offence involved the taking of more than 50 kilograms of blue crab in excess of the quota,

the court must make an order requiring the Director to vary the conditions of the licence so as to reduce the blue crab quota of the licence for three licence periods following the conviction by one kilogram for each kilogram in excess of the quota for the licence period during which the offence was committed.

(3) An application under subregulation (1)(e), (f) or (g) must be made in a manner and form approved by the Director.

(4) If, as a result of a variation of the conditions of a licence in respect of the Blue Crab Fishery under subregulation (1)(e), (f) or (g), the unit entitlement of the licence in respect of a particular blue crab fishing zone falls below the lower limit prescribed by subregulation (5) in relation to that zone, the holder of the licence must not, while the unit entitlement of the licence in respect of that zone remains below that lower limit, take blue crab pursuant to the licence in that zone.

Penalty: Division 6 fine.

(5) For the purposes of subregulation (4), the lower limit is—

- (a) in relation to the Gulf St. Vincent Blue Crab Fishing Zone—700 blue crab units;
- (b) in relation to the Spencer Gulf Blue Crab Fishing Zone—750 blue crab units.

Catch and disposal records

16. (1) In this regulation—

"**CDR book**" means a book issued by the Department containing blank forms BSCF1;

"**form BSCF1**" means the document produced by the Department entitled *BSCF1 Primary Industries (S.A.) Fisheries Blue Crab Catch and Disposal Record*.

(2) The holder of a licence in respect of the fishery or registered master of a boat from which blue crab is taken pursuant to such a licence must comply with the following provisions:

- (a) immediately on landing blue crab taken pursuant to the licence he or she must weigh the crabs on accurate scales and complete Part A of form BSCF1 using a blue or black ballpoint pen; and
- (b) he or she must cause the crabs to which the completed Part A of that form relates to be transported to the registered premises of the registered fish processor specified on the form, together with the white, blue and green copies of the completed form; and
- (c) he or she must complete forms BSCF1 in consecutive ascending order and complete all forms in a CDR book before commencing to use a new CDR book; and
- (d) he or she must ensure that the yellow copies of forms BSCF1 and the CDR book are kept on board the registered boat until the CDR book is completed; and
- (e) he or she must deliver a completed CDR book to the Director of Fisheries within 14 days of its completion.

(3) If a provision of subregulation (2) is not complied with, the holder of the licence is guilty of an offence.

Penalty: Division 6 fine.

Furnishing of returns

17. (1) The holder of a licence in respect of the fishery must—

- (a) fill out a return, in a form determined by the Minister, in respect of each calendar month during the currency of the licence; and
- (b) include in the return such information as the Chief Executive Officer of SARDI, with the approval of the Minister, requires; and
- (c) date and sign the return and certify that the information contained in the return is complete and accurate, and post or deliver the return to the office of the Chief Executive Officer of SARDI within 15 days of the end of the month to which it relates.

Penalty: Division 6 fine.

13.

(2) Where the holder of a licence in respect of the fishery takes no fish during a particular calendar month, he or she is required by subregulation (1) to furnish a return in respect of that period indicating that no fish were taken.

Copies of returns must be made

18. The holder of a licence in respect of the fishery must—

- (a) make a copy of each return that he or she fills out pursuant to these regulations before the return is sent or delivered to the Chief Executive Officer of SARDI; and
