Expiry of licences

7. A licence in respect of a rock lobster fishery expires on 30 June following the date of its last renewal.

Renewal of licences

8. (1) A licence in respect of a rock lobster fishery may be renewed by the Director on application made before the expiry of the licence or before the end of the licence period following the expiry of the licence.

(2) An application to renew a licence in respect of a rock lobster fishery must—

- (b) be made in writing in a form approved by the Director and signed by the applicant.

(3) Where an application to renew a licence is made before the expiry of the licence, the renewal of the licence takes effect from the expiry of the licence.

(4) Where an application to renew a licence is made after the expiry of the licence, the renewal of the licence takes effect from the date on which the application is granted.

(4a) The Director must not renew a licence in respect of the Southern Zone Rock Lobster Fishery unless a rock lobster pot entitlement of not less than 40 is endorsed on the licence.

the amount unpaid may be recovered from the holder of the licence or the person who last held the licence as a debt due to the Crown.

Refund on surrender of licence

8A. Where a licence in respect of a rock lobster fishery is surrendered, the Director must, on application by the former licensee, refund an amount that bears to the renewal fee last paid in respect of the licence the same proportion as the number of complete months from the date of surrender to the day on which the following licence period commences bears to the number of months in the licence period during which the licence was surrendered.

(A) the boat in respect of which the application is made is not already registered by endorsement of any licence in respect of a rock lobster fishery;

and

- (B) no other boat is registered by endorsement of the applicant's licence in respect of the Southern Zone Rock Lobster Fishery.

Use of second registered boat in Northern Zone

11. (1) Where two boats are registered by endorsement of a licence in respect of the Northern Zone Rock Lobster Fishery, the holder of the licence must not use both boats, or cause, suffer or permit both boats to be used, at the same time for taking fish pursuant to the licence unless the use made of one of the boats is limited to the setting and retrieval of bait nets and mesh nets.

Penalty: Division 6 fine.

(2) Any second registered boat that is being used for the setting and retrieval of nets as referred to in subregulation (1) need not be in the charge of a registered master.

Registration as master

Revocation of registration

13. (1) The Director may, on application by the holder of a licence in respect of a rock lobster fishery, revoke a registration effected by endorsement of the licence.

(2) An application for revocation of a registration must be made in writing in a form approved by the Director and be accompanied by the licence on which the registration is endorsed.

Rock lobster pot entitlement

14. (1) The Director may impose or vary conditions on licences in respect of a rock lobster fishery fixing rock lobster pot entitlements as follows:

- (a) a rock lobster pot entitlement may be fixed by condition of a licence but must—
 - (i) in the case of a licence in respect of the Northern Zone Rock Lobster Fishery—be not more than 70 and not less than 25;
 - (ii) in the case of a licence in respect of the Southern Zone Rock Lobster Fishery—be not more than 100 and not less than 40;
- (b) the rock lobster pot entitlement fixed by any such condition of a licence must be the number endorsed on the licence as the rock lobster pot entitlement under the revoked regulations immediately before the commencement of these regulations subject to any subsequent variation made in accordance with this regulation;
- (c) the rock lobster pot entitlements fixed by licence conditions as referred to in this regulation may be increased or decreased on the same proportionate basis for all licences (provided that where in relation to any licence the result of such proportionate variation would be a fractional entitlement, that fractional entitlement is increased to the next highest whole number) if the Director is satisfied that it is appropriate to do so for the proper management of a rock lobster fishery;

- (d) subject to paragraph (e), the rock lobster pot entitlements fixed by the conditions of any two licences in respect of the same fishery may, on application made by the holders of those licences in a manner and form approved by the Director and payment of the fee specified in Schedule 2, be varied so as to increase the entitlement under one of the licences and decrease the entitlement under the other by a corresponding number;
- (e) a variation must not be made as referred to in paragraph (d) if it would result in the entitlement under one of the licences exceeding the upper limit referred to in paragraph (a);
- (ea) a variation must not be made as referred to in paragraph (d) if it would result in the entitlement under one of the licences falling below the lower limit referred to in paragraph (a) unless—
 - (i) the variation is expressed to apply only until the expiry of the licence; or
 - (ii) —
 - (A) the licence is surrendered to the Director; and
 - (B) if any boat registered by endorsement on that licence is the subject of, is registered by endorsement on, or is otherwise referred to in, a licence, permit, authority or other entitlement to take fish granted under the Commonwealth Act or the laws of another State or Territory (other than a prescribed Victorian licence)—that other licence, permit, authority or entitlement is also surrendered;
- (f) notwithstanding any other provisions of this regulation, where the rock lobster pot entitlement under a licence in respect of the Southern Zone Rock Lobster Fishery was, immediately before the commencement of these regulations, less than 40, the entitlement under that licence may, until the licence is transferred, continue to be fixed at a number less than 40;
- (g) notwithstanding any other provisions of this regulation, a variation may be made in accordance with paragraph (c) in respect of the Northern Zone Rock Lobster Fishery despite the fact that it would result in the rock lobster pot entitlement under a licence falling below 25, and, in that event, the entitlement under that licence may, until the licence is transferred, continue to be fixed at a number less than 25 but may not be decreased subsequently except to a number not less than 25.

* * * * *

(2) The Director may impose conditions on licences in respect of a rock lobster fishery limiting the number of rock lobster pots that may be carried on boats and otherwise regulating the carrying of rock lobster pots on boats used for fishing activities pursuant to the licences.

(3) Where a court convicts the holder of a licence in respect of a rock lobster fishery of an offence of contravening a condition of the licence fixing a rock lobster pot entitlement, the court must make an order requiring the Director to vary the conditions of the licence so as to reduce the rock lobster pot entitlement under the licence by one rock lobster pot for each rock lobster pot used in excess of the entitlement.

Individual catch quota system—Southern Zone

14A. (1) In this regulation—

"**the fishery**" means the Southern Zone Rock Lobster Fishery;

"**rock lobster quota**", in relation to a licence in respect of the fishery, means the maximum number of kilograms of rock lobster that may be lawfully taken by the holder of the licence during a licence period, being the product of—

(a) the unit entitlement of that licence;

and

(b) the unit value for the fishery and that licence year,

subject to any variation of the rock lobster quota of the licence applying during that licence period;

"**unit entitlement**" means the number of rock lobster units for the time being allocated to a licence;

"**unit value**" means the number of kilograms of rock lobster determined by the Director to be the value of a rock lobster unit for the fishery and a licence period.

(2) The Director may impose or vary conditions on licences in respect of the fishery fixing rock lobster quotas as follows:

(a) all licences in respect of the fishery must be allocated numbers of rock lobster units to be determined by the Director having regard to—

(i) the respective rock lobster pot entitlements under the licences;

and

(ii) the respective quantities of rock lobster taken pursuant to the licences during a specified period (as recorded on returns lodged under regulation 15 or the corresponding regulation previously in force);

(b) the numbers of rock lobster units allocated to the licences may be varied by the Director for succeeding licence periods up until (and including) the licence period expiring in 1998 so as progressively to bring the number of rock lobster units allocated to each licence into relationship only with the rock lobster pot entitlement under the licence;

(c) the Director must, on the commencement of each licence period, determine the number of kilograms of rock lobster that is to be the value of a rock lobster unit for the fishery and the licence period;

- (d) the conditions of any two licences in respect of the fishery may, on application made to the Director by the holders of those licences in a manner and form approved by the Director, be varied so as to increase the unit entitlement of one of the licences and decrease the unit entitlement of the other licence by a corresponding number of units;
- (e) the Director may, if the total rock lobster catch taken pursuant to a licence during a licence period exceeded the rock lobster quota of the licence for that licence period, vary the conditions of the licence so as to decrease the quota—
 - (i) where the catch exceeded the quota by not more than 20 kilograms of rock lobster—by one kilogram for each kilogram in excess of the quota;or
 - (ii) where the catch exceeded the quota by more than 20 kilograms but not more than 50 kilograms of rock lobster—by two kilograms for each kilogram in excess of the quota;
- (f) any variation of—
 - (i) a unit entitlement made pursuant to paragraph (d);or
 - (ii) a rock lobster quota made pursuant to paragraph (e),must be expressed to apply only for the licence period during which the variation is made;
- (g) unit entitlements and rock lobster quotas must not be varied except as provided by this regulation.

(3) Where—

- (a) a court convicts the holder of a licence in respect of the fishery of an offence of contravening a condition of the licence imposing a rock lobster quota on the licence;
- and
- (b) the conduct constituting the offence involved the taking of more than 50 kilograms of rock lobster in excess of the quota,

the court must make an order requiring the Director to vary the conditions of the licence so as to reduce the rock lobster quota of the licence for three licence periods following the conviction by one kilogram for each kilogram in excess of the quota for the licence period during which the offence was committed.

Individual giant crab catch quota system

14B. (1) In this regulation—

"**giant crab**" means giant crab (*Pseudocarcinus gigas*);

"giant crab quota"—

- (a) in relation to a licence in respect of a rock lobster fishery—means the maximum number of kilograms of giant crab that may be lawfully taken by the holder of the licence during a licence period, being the product of—
- (i) the unit entitlement of that licence; and
 - (ii) the unit value for the fishery and that licence period,
- subject to any variation of the giant crab quota of the licence applying during that licence period;
- (b) in relation to a licence in respect of the Miscellaneous Fishery—has the same meaning as in regulation 11 of the *Scheme of Management (Miscellaneous Fishery) Regulations 2000*;

"Miscellaneous Fishery" means the fishery of that name constituted by the *Scheme of Management (Miscellaneous Fishery) Regulations 2000*;

"unit entitlement"—

- (a) in relation to a licence in respect of a rock lobster fishery—means the number of giant crab units for the time being allocated to the licence;
- (b) in relation to a licence in respect of the Miscellaneous Fishery—has the same meaning as in regulation 11 of the *Scheme of Management (Miscellaneous Fishery) Regulations 2000*;

"unit value" means the number of kilograms of giant crab determined by the Director to be the value of a giant crab unit for a rock lobster fishery and a licence period.

(2) For the purposes of the formula set out in subregulation (3)(a), the following fishing periods are prescribed:

- (a) in relation to the Northern Zone Rock Lobster Fishery—
- (i) the period commencing on 1 January 1997 and ending on 31 May 1997; and
 - (ii) the period commencing on 1 November 1997 and ending on 31 May 1998; and
 - (iii) the period commencing on 1 November 1998 and ending on 31 May 1999; and
 - (iv) the period commencing on 1 November 1999 and ending on 31 May 2000;
- (b) in relation to the Southern Zone Rock Lobster Fishery—
- (i) the period commencing on 1 January 1997 and ending on 30 April 1997; and

15.

- (ii) the period commencing on 1 October 1997 and ending on 30 April 1998; and
- (iii) the period commencing on 1 October 1998 and ending on 30 April 1999; and
- (iv) the period commencing on 1 October 1999 and ending on 30 April 2000.

(3) The Director may impose or vary conditions on licences in respect of a rock lobster fishery imposing or varying giant crab quotas (and may vary conditions on licences in respect of the Miscellaneous Fishery varying giant crab quotas) as follows:

- (a) on the commencement of this regulation a licence referred to in Schedule 4 may be allocated a number of giant crab units determined in accordance with the following formula:

$$A = \frac{B \times 350}{C}$$

where—

- A is the number of giant crab units to be allocated to the licence (rounded up to two decimal points)
