## Part 2—NRM levies

### Division 1—Levies in respect of land within council areas

#### 3A—Contributions by constituent councils—rateable land divided by boundaries of 2 or more councils or NRM regions

- (1) The following scheme applies for the purposes of section 92(7a) of the Act:
- (a) if a piece of rateable land within the area of a council is divided by the boundaries of 2 or more NRM regions, the whole of the land will be taken to be assigned to the NRM region in which the larger (or, in the case of more than 2 NRM regions, the largest) portion of the land is located (the *assigned NRM region*);
  - (b) if—
    - (i) a piece of rateable land is divided by the boundaries of 2 or more councils; and
    - (ii) the regional NRM levy imposed by at least 1 of those councils is based on a fixed charge under section 95(3) of the Act,the whole of the land will be taken to be assigned to the council area in which the larger (or, in the case of more than 2 council areas, the largest) portion of the land is located (the *assigned council area*);
  - (c) if, in the opinion of the Minister, the application of a preceding paragraph (or both) has, in a particular case, resulted in—
    - (i) uncertainty or disagreement as to which council area is the assigned council area or which NRM region is the assigned NRM region; or
    - (ii) an excessively disproportionate burden falling on the council for the assigned council area,the Minister may make a determination as to the assignment on such basis, and following such consultation (if any) with the Valuer-General or any other person or body, as the Minister thinks fit.
- (2) For the purposes of this regulation, a reference to a *piece of rateable land* includes a reference to 2 or more pieces of contiguous rateable land owned by the same owner and occupied by the same occupier.

#### 4—Interest payable by councils

Interest accrues under section 93(1) of the Act from the date on which the instalment was payable under that section at the prime bank rate for the relevant financial year, calculated in respect of each month (or part of a month) for which the relevant amount remains unpaid.

#### 4B—Imposition of levy by councils—section 95

- (1) Pursuant to section 95(3)(d) of the Act, the following purposes for which rateable land is used are prescribed:

- (2) Pursuant to section 95(3)(i) of the Act, the operation of section 159(9) of the *Local Government Act 1999* is modified—
- (a) so as to not require a council that grants to a person or body a rebate of general rates under section 166 of the *Local Government Act 1999* to grant a comparable rebate of a regional NRM levy to the person or body; and
  - (b) so as to allow a council to grant to a person or body a rebate of a regional NRM levy under section 166 of the *Local Government Act 1999* that is different to a rebate of general rates granted to the person or body.

- (3) In this regulation—

*Development Regulations* means the *Development Regulations 2008*.

#### 4C—Costs of councils—section 96

- (1) This regulation makes provision with respect to the operation of section 96 of the Act.

- (2) For the purposes of this regulation—
- (a) **establishment costs** are costs directly associated with—
- (i) a council being required to impose a regional NRM levy on rateable land within its area (or part of its area) in a particular financial year after not being required to impose such a levy in the immediately preceding financial year; or
  - (ii) a council being required to impose a regional NRM levy on rateable land within its area (or part of its area) in a particular financial year on a basis under section 95(3)(a) of the Act that is different to the basis that applied with respect to the immediately preceding financial year, other than where any additional costs incurred by the council on account of the change to the basis for the levy are not significant;
- (b) **ongoing costs** are annual costs directly associated with a council imposing and collecting a regional NRM levy, other than costs that a council would incur in any event on account of the imposition and collection of rates under the *Local Government Act 1999*.
- (3) Subject to this regulation, the costs that a council may recover with respect to a particular financial year will be determined according to whether the council is claiming—
- (a) establishment costs; or
  - (b) ongoing costs; or
  - (c) both establishment costs and ongoing costs.
- (4) The amount that a council may recover as establishment costs will be—
- (a) fair costs incurred by the council with respect to—
- (i) consulting with the relevant regional NRM board in relation to the basis for the regional NRM levy; and
  - (ii) establishing the ability of the council's rating system to deal with the regional NRM levy; and
  - (iii) making any amendments to the council's rating system on account of the imposition of the regional NRM levy; and
  - (iv) conducting any tests involving the council's rating system on account of the imposition of the regional NRM levy; and
  - (v) setting up and assigning codes within the council's rating system on account of the imposition of the regional NRM levy; and
  - (vi) obtaining any new assessment or valuation information on account of the imposition of the regional NRM levy; and
  - (vii) confirming the imposition of the appropriate levy with respect to rateable land in the area of the council; or
- (b) \$7 918 (indexed), plus 52 cents (indexed) for each assessment of levy against a piece of rateable land, adjusted, if necessary, under subregulation (5),
- (on the basis that the council will decide whether it recovers its costs under paragraph (a) or under paragraph (b)).

- (5) If a council is claiming establishment costs under paragraph (b) of subregulation (4) from 2 or more regional NRM boards with respect to a particular financial year, the component under that paragraph represented by \$7 918 (indexed) will be reduced, with respect to the payment to each regional NRM board, to 60% of the amount that would otherwise apply.
- (6) The amount that a council may recover as ongoing costs will be \$1 848 (indexed), plus 18 cents (indexed) for each assessment of levy against a piece of rateable land.
- (7) A council seeking to recover any costs with respect to a particular financial year should, as a preliminary step, furnish to the relevant regional NRM board a reasonable estimate of the costs that the council expects to claim—
  - (a) as establishment costs (if relevant); and
  - (b) as ongoing costs.
- (8) Any estimate under subregulation (7) should be furnished to the regional NRM board before the board finalises its draft budget for inclusion in its draft plan for the relevant financial year for the purposes of consultation under the Act.
- (9) A regional NRM board must, after taking into account any information furnished by a council under subregulation (7), include in its regional NRM plan for the relevant financial year the amounts that it considers to be appropriate for the council to receive with respect to establishment costs (if relevant) and ongoing costs.
- (10) A council must (after declaring the relevant levy) furnish to a regional NRM board from which it is seeking to recover costs an invoice that sets out the amount or amounts that the council is claiming for establishment costs (if relevant) and ongoing costs, and the calculations used by the council to determine any such amount or amounts.
- (11) A council should, except in a case involving extraordinary administrative difficulty, furnish an invoice under subregulation (10) by 31 March in the financial year with respect to which the relevant regional NRM levy is imposed.
- (12) A regional NRM board must, within 30 days after receiving an invoice from a council (treating any amount claimed as establishment costs and any amount claimed as ongoing costs separately)—
  - (a) pay the amount claimed by the council; or
  - (b) if the amount claimed by the council is based on the council's determination of fair costs and is higher than the relevant amount specified by the board in its regional NRM plan under subregulation (9), and the board considers that the amount that has been claimed should be reviewed—pay the amount specified in the plan and then immediately refer the matter to the Chief Officer so that the Chief Officer can determine whether or not the outstanding amount of the council's claim should be paid (wholly or in part).
- (13) The Chief Officer must make a determination within 60 days after a matter is referred under subregulation (12) (and a determination of the Chief Officer will have effect as a determination of the fair costs of the relevant council).

- (14) An amount specified by this regulation that is followed by the word (*indexed*) must be adjusted with respect to each financial year, beginning with the 2007/2008 financial year, by multiplying the amount by a proportion obtained by dividing the CPI for the September quarter of the immediately preceding year by the CPI for the September quarter, 2005, on the basis that the quotient used for the purposes of the adjustment will be calculated to 2 decimal places and that the amount obtained from the adjustment will be rounded—
- (a) in the case of an amount expressed in dollars—to the nearest dollar;
  - (b) in the case of an amount expressed in cents—to the nearest cent.
- (15) For the purposes of the operation of subregulation (2), a levy imposed by a council under Part 8 Division 2 of the *Water Resources Act 1997* with respect to the 2005/2006 financial year will be taken to be a regional NRM levy that has been imposed under the *Natural Resources Management Act 2004* (declared on a basis that corresponds to the basis on which the levy was declared under the *Water Resources Act 1997*).

## Division 2—Levies in respect of land outside of council areas

### 4CA—Outside council areas—section 97

For the purposes of section 97(8) of the Act, differential levies may be declared, in relation to an area of rateable land referred to in section 97(6)(d) of the Act, by multiplying the factor specified in column 2 of the following table for the area of rateable land specified in column 1 with such minimum amount payable by way of a levy as may be fixed by the Minister under section 97(9) of the Act.

Area of rateable land	Factor (with which the minimum amount is to be multiplied)
Less than 10 hectares	1

#### **4F—Remissions—single farm enterprises**

- (1) If OC-NRM levies based on the factor referred to in section 97(6)(b) of the Act are declared in respect of a single farm enterprise, the Minister must remit the levies in respect of all but 1 piece of rateable land forming part of the single farm enterprise.
- (2) Subregulation (1) only applies if the Minister is satisfied, on application to the Minister and by provision of such information or evidence as the Minister may reasonably require, that the relevant land is a single farm enterprise.
