Schedule 1AA—Prescribed oral advice

(Section 47E(4)(ab))

Road Traffic Act 1961

Oral advice on refusal or failure to comply with alcotest or breath analysis direction: section 47E(4)(ab)

It is a criminal offence to refuse or fail to provide a breath sample without good cause. You could be fined and lose your licence for 12 months or more.

It is a defence if you have some physical or medical condition that prevents you from providing a breath sample, but only if you ask for a sample of your blood to be taken instead or can show that your condition also prevents the taking of blood.

If you want a blood sample taken because of your condition, you should ask for that and the police will help you to have the sample taken at Government expense.

Schedule 1A—Prescribed oral advice

(Section 47EAA(10)(b))

Road Traffic Act 1961

Oral advice on refusal or failure to comply with drug screening test, oral fluid analysis or blood test direction: section 47EAA(10)(b)

It is a criminal offence to refuse or fail to provide a sample of oral fluid or blood without good cause. You could be fined and lose your licence for 12 months or more.

It is a defence if you have some physical or medical condition that prevents you from providing a sample of oral fluid or blood [whichever is applicable], but only if you ask for a sample of your blood or oral fluid [whichever is applicable] to be taken instead.

If you want a sample of blood or oral fluid [whichever is applicable] taken because of your condition, you should ask for that and the police will help you to have the sample taken at Government expense.

Schedule 1—Prescribed oral advice and written notice

(Section 47K(2a)(a))

Part A—Oral advice for the purposes of section 47K(2a)(a) of *Road Traffic Act 1961*

The breathalyser reading just taken shows that you had a prohibited level of alcohol in your blood.

Therefore, it appears that you have committed an offence against section 47B of the Road Traffic Act.

In any court proceedings for that offence, or for an offence against section 47 of the Road Traffic Act (driving under the influence of liquor), it will be presumed that the breathalyser accurately indicated your blood alcohol level at the time of the reading and for the preceding two hours. However, the Road Traffic Act allows for contrary evidence based on the results of a blood test.

If you want to have such a blood test you will have to make your own arrangements and follow certain procedures, using a special blood test kit. This blood test kit will be supplied to you on your signing a written request.

If you obtain a blood test kit and want to have your blood tested, you should take the kit promptly to a hospital or medical practitioner in order to have a sample of your blood taken.

[*Alternatively, you may have the sample taken by a registered nurse.]

You must not consume any more alcohol before having a sample of your blood taken and must not open the blood test kit before delivering it to a medical practitioner [*or registered nurse].

Under the blood test procedure, the sample of blood is divided and sealed in two containers. You will have to sign a form that will be given to you by the medical practitioner [*or registered nurse].

One of the sealed containers will be given to you and you may make your own arrangements to have the blood in that container analysed.

In any event, the blood in the other container will be analysed by Forensic Science SA and you will be given written notice of the results of the analysis.

Further information as to these matters is contained in the written notice which will be delivered to you shortly.

* Advice as to the alternative of a registered nurse is to be given only if the breath analysis was conducted outside Metropolitan Adelaide.

Part B—Written notice for the purposes of section 47K(2a)(a) of *Road Traffic Act 1961*

Operation of Road Traffic Act in relation to results of breath analysis

1 Offence

A person commits an offence against section 47B(1) of the *Road Traffic Act 1961* if the person—

- (a) drives a motor vehicle; or
- (b) attempts to put a motor vehicle in motion,

while there is present in his or her blood the prescribed concentration of alcohol (as defined in section 47A of the Act).

2 Breath analysis

Your breath has just been analysed by means of a breath analysing instrument which indicated that the prescribed concentration of alcohol was present in your blood.

Accordingly, it appears that you have committed the offence described above.

3 Legal effect of breath analysis result

In proceedings for the offence described above or an offence against section 47(1) of the *Road Traffic Act 1961* (driving under the influence of liquor), the result of the breath analysis will be presumed to accurately record the concentration of alcohol in your blood at the time of the analysis and throughout the preceding 2 hours (section 47K(1),(1ab)).

In any proceedings against you for such an offence, you will be able to challenge the accuracy of the breath analysis reading—

- if you have a sample of your blood taken and analysed as described below AND
- if the result of analysis of the blood sample shows that the breath analysing instrument gave an exaggerated reading of the concentration of alcohol present in your blood (section 47K(1a)).

Procedures for optional blood test

- 1 You may have a sample of your blood taken and analysed if you wish.
 - 2 For that purpose, you must request the breath analysis operator to supply you with an approved blood test kit (you must sign a written request form for the kit and should retain a copy of the signed request form).
 - 3 You should then proceed promptly to a hospital or a medical practitioner [*or registered nurse] of your choice and request that a sample of your blood be taken (using the blood test kit).
 - 4 Do not consume any further alcohol before the sample is taken.
 - 5 Do not open the blood test kit.
 - 6 The medical practitioner [*or registered nurse] taking the sample of your blood will divide it and place it into two containers and seal the containers. One container will be delivered to you—do not break the seal on this container.
 - 7 Sign the form presented to you by the medical practitioner [*or registered nurse]—the original of the form will be given to you which you should retain.
 - 8 You may, if you wish, have the blood sample (in the container delivered to you) analysed at a laboratory to determine the concentration of alcohol present in the blood.
 - 9 The other blood sample container will, in any event, be sent to Forensic Science SA where the blood will be analysed. The results of this analysis will be sent to you at your address (as indicated on the form presented to you by the medical practitioner [*or registered nurse] who took the blood sample).
- * The alternative of a registered nurse applies only if the breath analysis was conducted outside Metropolitan Adelaide.

Schedule 4—Notice

(Section 79B(5) and (6))

ROAD TRAFFIC ACT 1961 NOTICE FOR THE PURPOSES OF SECTION 79B(5) AND (6)

Photographic detection devices - Your questions answered

- Q1.** There is more than one vehicle in the photograph. How do you know it is my vehicle that was speeding?
- A1.** There will often be more than one vehicle travelling in the same direction in the photograph. However, this does not mean that your vehicle cannot be accurately identified as being involved in an alleged offence.
- If the photograph was taken by a mobile speed camera, a template is used to mark the detection zone of the camera so that the infringing vehicle can be pinpointed and identified.
- If the photograph was taken by a fixed speed camera, the infringing vehicle is identified by its position on the road and its lane of travel. A detection area, or "loop", has been installed in each traffic lane and a photograph is taken as the vehicle crosses that loop.
- Q2.** What if I was overtaking at the time?
- A2.** You cannot exceed the speed limit under any circumstances. This includes overtaking another vehicle.
- Q3.** I have never been booked before. Can you show some leniency because of this?
- A3.** No. Speeding, disobeying a red traffic light or entering a level crossing when warning lights are operating are considered to be offences that endanger life.
- Q4.** Can I be issued with an expiation notice if I am speeding through a green or yellow (amber) traffic light, or only through a red traffic light?
- A4.** At intersections, junctions or crossings where the operation of combined red light and speed cameras has been approved, you can be detected speeding through all phases of the traffic lights (green, yellow or red). If you are speeding through a red light, a single expiation notice listing both the speeding and red light offences will be issued to you.
- Q5.** If I pay the expiation fee, will I also incur demerit points?
- A5.** Yes. Demerit points will be incurred for speeding, red light or level crossing offences detected by a camera. If you hold an unrestricted licence and you accumulate 12 or more demerit points, you will face a period of disqualification from driving. Provisional licence holders will face a period of disqualification if they breach their licence conditions or accumulate 4 or more demerit points. If a provisional licence holder incurs one or more demerit points before reaching the age of 19, the period for which their provisional conditions apply may be extended.
- Q6.** If the offence is minor or there are extenuating circumstances, can demerit points be reduced or not imposed?
- A6.** Only a court can reduce the number of demerit points. You are advised to seek independent legal advice to consider your options.
- Q7.** What if I did not see the speed limit sign?
- A7.** It is your responsibility as a driver to be aware of and obey the speed limit at all times. Failure to be aware of the speed limit is not a ground for the withdrawal of an expiation notice or summons.
- Q8.** If I want to see the photographic evidence, what do I need to do?
- A8.** You are entitled to see the photographic evidence. A copy of the photographic evidence on which the allegation is based:
- (a) will, if you complete the Request for Photographic Evidence form at the foot of this page and forward it by post to **Commissioner of Police Expiation Notice Branch GPO Box 2029 Adelaide SA 5001** (or by fax to **(08) 8463 4361**), be sent by post to you at the address nominated by you on the form (or in the absence of a nominated address, to your last known address); and
- (b) may be viewed by appointment with the Expiation Notice Branch by telephoning **(08) 8463 4388**.

Defences available to registered owners

- Q9. What if I was not driving the vehicle at the time?**
- A9.** If the vehicle is registered in your name, an expiation notice or summons will automatically be sent to you. If you were not driving the vehicle at the time of the alleged offence, you can nominate the driver by completing a Statutory Declaration (as the registered owner of the vehicle) and forwarding it to the Commissioner of Police. The Statutory Declaration must state that you were not driving the vehicle and provide the name and address of the person who was driving.
- Depending on the information you have provided, the expiation notice or summons may be withdrawn and an expiation notice or summons issued to the driver you have named.
- Q10. What if I don't know who was driving my vehicle at the time?**
- A10.** If you do not know who the driver was at the time of the alleged offence and can show that you have tried to find out his or her identity "by the exercise of reasonable diligence", you can send a Statutory Declaration to the Commissioner of Police, stating the reasons why the driver's identity is unknown to you and what inquiries (if any) you have made to find out who was driving the vehicle.
- The Commissioner may ask you for further evidence in support of your claim and, in relation to the question of withdrawal of the expiation notice or summons, will give due consideration to the evidence you have provided.
- However, owners who lend their vehicle or allow it to be taken for a test drive should record the driver's details. Failure to identify the driver in these circumstances will not be considered as grounds for withdrawal of an expiation notice or summons.
- Q11. What if I have sold the vehicle to someone else and I receive an expiation notice or summons?**
- A11.** You can send a completed Statutory Declaration to the Commissioner of Police, stating the name and address of the person or company to whom you sold the vehicle.
- Q12. What if the vehicle is registered to a company?**
- A12.** If an expiation notice or summons is issued to a company, the expiation fee or the fine that may be imposed is higher than that payable by a natural person.
- Where the registered owner of the vehicle is a company, an officer of the company acting with the authority of the company must forward a Statutory Declaration to the Commissioner of Police stating the name and address of the person who was driving the vehicle at the time of the alleged speeding or red light offence.
- If the vehicle was not being driven at the time by any officer or employee of the company acting in the ordinary course of his or duties as such, and the company does not know and could not, "by the exercise of reasonable diligence", have known who was driving the vehicle at the time, the officer of the company must forward a Statutory Declaration stating the reasons why the identity of the driver is not known to the company and what inquiries (if any) the company has made to find out who was driving the vehicle.
- The Commissioner may ask for further evidence in support of the claim and, in relation to the question of withdrawal of the expiation notice or summons, will give due consideration to the evidence you have provided.
- However, a company is expected to keep records of people who use company vehicles. Failure to nominate the driver in this circumstance will not be considered as grounds for withdrawal of an expiation notice or summons.
- Q13. If I will be sending a Statutory Declaration should I also pay the expiation notice?**
- A13.** No. If you nominate another person as the driver of the vehicle at the time of the alleged offence, *do not* forward any payment on behalf of that person.
- An expiation notice or summons will be sent to the nominated person.
- If you are unable to send a completed Statutory Declaration, you must pay the expiation fee unless you choose to defend the allegation in court.
- Q14. What if my vehicle appears to have been involved in the alleged speeding, red light or level crossing offence, but no such offence was in fact committed?**
- A14.** You will have a defence if you can prove that your vehicle was not used in the commission of the alleged offence.

How to complete a Statutory Declaration

If you believe you have a defence to the offence alleged in the enclosed expiation notice, expiation reminder notice or summons, you must complete a Statutory Declaration and forward it to the Commissioner of Police by post to Commissioner of Police Expiation Notice Branch GPO Box 2029 Adelaide SA 5001 or by fax to (08) 8463 4361.

You must provide the following information:

- your full name and address;
- expiation notice number;
- motor vehicle registration number; and,
- the full name and address of the person or company you wish to nominate or the reasons why the driver's identity is not known and what inquiries you have made to ascertain the driver's identity; or,
- information about the defence you have to the allegation; or,
- the full name and address of the person or company to whom you sold the vehicle.

The Statutory Declaration must be witnessed by one of the following:

- Justice of the Peace (including ID No.)
- Proclaimed Manager
- Proclaimed Police Officer
- Commissioner for taking affidavits

The Statutory Declaration must be received by the Commissioner of Police *before the due date for payment specified in the enclosed expiation notice or expiation reminder notice* or, if the enclosed document is a summons, *within 21 days after the date of issue of the summons*.

Depending on the information you have provided, the Commissioner may withdraw the notice or summons.

NOTE: It is an offence to make a Statutory Declaration that you know to be untrue in a material particular. The maximum penalty is 4 years imprisonment.
