 - (a) to establish an emergency management framework for the State that—
 - (i) promotes prompt and effective decision-making associated with emergencies; and

 - (b) to promote community resilience and reduce community vulnerability in the event of an emergency.
- (2) The objects of this Act are to be achieved through—
 - (a) establishing the State Emergency Management Committee; and

- (3) The guiding principles under this Act are that emergency management arrangements must—
 - (a) be based on an all hazards approach in addressing emergency prevention, preparedness, response and recovery (*PPRR*); and
 - (b) reflect the collective responsibility of all sectors of the community, including both State and local government, the business and non-government sectors, and individuals; and

Part 1A—State Emergency Management Plan

5A—State Emergency Management Plan

- (1) SEMC must prepare, keep under review and maintain the State Emergency Management Plan (*SEMP*) which must detail strategies for dealing with emergencies in the State, including strategies—
 - (a) for the prevention of emergencies; and
 - (b) relating to preparedness for emergencies; and
 - (c) for the containment of emergencies; and
 - (d) for the co-ordination of response and recovery operations; and

- (3) Without limiting the generality of subsection (1), the *SEMP* may make provision for—
 - (a) the establishment of a committee to provide a forum to plan for and address emergency management (PPRR) training and other requirements for organisations; and

- (b) the appointment of a specified agency to take the lead in planning emergency management activities for inclusion in the SEMP relating to the prevention of, preparedness for, response to and recovery from a particular hazard; and
- (c) the division of the State into zones (*Emergency Management Zones*) (which may be comprised of 1 or more, or a part of 1 or more, areas of a council and any other area of the State); and

Note—

See also section 7(d) of the *Local Government Act 1999* which provides that 1 of the functions of a council is to take measures to protect its area from natural and other hazards and to mitigate the effects of such hazards.

- (e) the appointment of a co-ordinator for each Emergency Management Zone; and
- (f) the designation of specified locations for the purposes of the SEMP; and
- (g) any other matter consistent with the objects and guiding principles of this Act that should, in the opinion of SEMC, be included in the SEMP.

Part 2—State Emergency Management Committee

6—Establishment of State Emergency Management Committee

- (1) The State Emergency Management Committee (SEMC) is established.
- (2) The Minister must prepare guidelines (the *SEMC membership guidelines*) setting out—

7—Application of Public Sector (Honesty and Accountability) Act

The *Public Sector (Honesty and Accountability) Act 1995* applies to the members of SEMC as if the committee were an advisory body and the Minister responsible for the administration of this Act were the relevant Minister.

8—Vacancies or defects in appointment of members

- (1) An act or proceeding of SEMC is not invalid by reason only of a vacancy in its membership or a defect in the appointment of a member.

Division 1—Co-ordinating agency

19—Co-ordinating agency

 - (c) to advise the State Co-ordinator, in accordance with any requirements of the State Co-ordinator, in relation to the emergency; and
 - (d) to exercise any other functions assigned to the co-ordinating agency under this Act or the SEMP.

Division 2—Control agency

20—Control agency

- (1) Subject to subsection (2), the control agency in relation to an emergency will be determined as follows:

 - (b) if, under an Act or law or the SEMP—
 - (i) 2 or more persons or agencies are assigned the function of exercising control of persons and agencies involved in response operations relating to such an emergency; or
 - (ii) it is unclear which person or agency is assigned that function in relation to such an emergency; or
 - (iii) no person or agency is assigned that function in relation to such an emergency,then the control agency for that emergency will be a person or agency determined by the co-ordinating agency.
- (2) Despite any other Act or law, where the senior police officer involved in response operations in relation to an emergency forms a reasonable suspicion that the emergency has resulted from, or is related to, a terrorist act, South Australia Police will be the control agency in relation to the emergency.
- (3) Except as otherwise provided by this Act, all other persons and agencies involved in response operations in relation to an emergency are, in carrying out those operations, subject to the control of the control agency.
- (4) In this section—
- terrorist act** has the same meaning as in the *Terrorism (Commonwealth Powers) Act 2002*.

Division 3—Declaration of emergencies

21—Publication of guidelines

SEMC may publish guidelines setting out circumstances in which an emergency should be declared, under this Division, to be an identified major incident, a major emergency or a disaster.

22—Identified major incidents

- (1) If it appears to the State Co-ordinator that the nature or scale of an emergency that has occurred, is occurring or is about to occur is such that it should be declared to be an identified major incident, the State Co-ordinator may declare the emergency to be an identified major incident.
- (2) A declaration under this section—
 - (a) may be made orally (but if made orally must, as soon as is reasonably practicable, be reduced to writing and a copy provided to the Minister); and
 - (b) subject to this section, remains in force while response operations are being carried out in relation to the emergency (but not for a period exceeding 12 hours).
- (3) The State Co-ordinator may, at any time, revoke a declaration under this section.

23—Major emergencies

- (1) If it appears to the State Co-ordinator that a major emergency has occurred, is occurring or is about to occur, the State Co-ordinator may declare the emergency to be a major emergency (whether or not the emergency has previously been declared to be an identified major incident under section 22).
- (2) A declaration under this section—
 - (a) must be in writing and published in a manner and form determined by the Minister; and
 - (b) remains in force for the period specified in the declaration (which must not exceed 14 days) and for such further periods (which may be of any length) as may be approved by the Governor.
- (3) The State Co-ordinator may, at any time, revoke a declaration under this section.

24—Disasters

- (1) If it appears to the Governor that a major emergency has occurred, is occurring or is about to occur and the Governor is satisfied that the nature or scale of the emergency is, or is likely to be, such that it should be declared to be a disaster under this section, the Governor may (whether or not the emergency has previously been declared to be an identified major incident under section 22 or a major emergency under section 23) declare the emergency to be a disaster.
- (2) A declaration under this section—
 - (a) must be made in writing and published in a manner and form determined by the Minister; and

- (4) The Governor may, at any time, revoke a declaration under this section.

24A—Public health incidents and emergencies

Division 4—Powers that may be exercised in relation to declared emergencies

25—Powers of State Co-ordinator and authorised officers

- (1) On the declaration of an identified major incident, a major emergency or a disaster under Division 3, and while that declaration remains in force, the State Co-ordinator must take any necessary action to implement the SEMP and cause such response and recovery operations to be carried out as he or she thinks appropriate.
- (2) Without limiting or derogating from the operation of subsection (1), but subject to the regulations, the State Co-ordinator or an authorised officer may, if of the opinion that it is necessary to do so, do or cause to be done all or any of the following things:
